R. F. D. No. 9.

Farmers are getting busy, if you want to see them you can't find them at the house.

Parks & Jeffreys have made some changes in their brick plant and are getting ready for business. They have a lot of good brick on hand.

Bud Edwards is equipping his bottling works and will soon be ready to fill orders.

Mrs. J. W. Smith, of Durham, has been visiting her sister, Mrs. W. H. Trolinger, for the past ten days.

J. H. Trolinger had a very bad accident last week by falling from a small box and dislocating his shoulder.

Another phone line for No. 9. T. G. Nicholson, J. P. Parks, W. T. Jeffreys' residence, also the brick plant of Parks & Jeffreys will be on the line.

S. H. Stricklen is now a resident of No. 9, residing at the J. M. Hays place. He is showing things along and making things look new.

Layton Walker, who has been in St. Leo's hospital for several months, is improving fast and is expected home sometime soon.

W. H. Conklin and M. P. Roberson left last week for Roxboro where they will spend some days.

Little Bessie Durham has been having chills for several days and was quite sick Sunday, but is some better.

The old negro who is serving a three year's term for killing a negro in Chatham, stepped off the other night to Greensboro and after getting there he and one of his friends held up a man and tried to rob him. He was picked up by the police and returned with a broken arm.

Mr. G. A. Fogleman and family are at home again. We extend to them a hearty welcome.

The smallpox has subsided since it has got out of something to catch.

Mr. John Anthony's mother is quite feeble. She is 80 years old and I don't think they have much hope for her.

Ask our friend Road Supervisor how about fighting fire on that big dinner he ate.

A Ton of Gold.

Has a greater value than a ton of coal. It is therefore natural to assume that you cannot get skill experience and glasses that fit your eyes for the same amount you would pay for glasses alone.

"Our prices are reasonable for the service rendered." DR. N. ROSENSTEIN, EYE SPECIALIST, who is in Burlington at the Burlington Drug Company Tuesday April 19th, for the purpose of examining eyes and fit glasses.

Swannanoa Club Entertain.

One of the funniest entertainments that has happened in our town for sometime occurred last Thursday night, when the Swannanoa Club entertained a well filled house at the Graded School Auditorium. The club is composed of sixty-two members who joined themselves together resolving to give an entertainment full of amusement and laughter.

After a few brief remarks of greeting and explaining the organization and rapid growth of the club by Jno. M. Cook, the Old Blue Back Spelling Match, led by Attorneys Carroll and Vernon, was the next feature. About twenty-five or thirty of the best spellers were selected and John Vernon who got the first word spelled baker. Amid loud cheers and applause Summie Sharpe went down on vapor, spelling it vaper.

Well it was somewhat marvelous to see those people spell the right word at the right time with all the right letters.

Miss Jesse Sharpe and Miss Sterrett contested for the five dollars, which was to be given to the best speller, Miss Sharpe being the winner.

Miss Mildred Kauffman, of Greensboro, who has a charming voice, delighted the audience with two pretty solos.

The debate between A. M. Garwood and Geo. Smith was full of jokes and laughter. The judges Mrs. F. H. Curtiss, Rev. D. McIver and Postmaster Waller decided argument in favor of Smith, delivery, Garwood.

Parson Moses Johnson, of Rabbit Shuffie, in the form of E. S. W. Dameron delivered a sermon which would cause you to burst the buttons off your coat.

Rock Creek, R. F. D. No. 2.

Misses Roxie Murray and Oler Sullivan were visiting J. F. Murray last Sunday evening.

Alger Stuart called to see his best girl last Sunday evening, hope he had a fine time. Wilbert Shatterly also called to see his best girl too Sunday, but the girl happened not to be at home, so he did not tarry long. Mr. Shatterly you must let the girl know next time when you are coming.

Rev. W. H. Strickland filled his regular appointment at Mt. Zion church Sunday.

D. M. Sullivan and wife of Greensboro were visiting his mother and sister last Saturday and Sunday.

Mrs. J. W. Alexander spent last Friday night with Mrs. M. C. Spoon.

Messrs. Rolin Kimrey, Charley Lenens, Wilbert Foster and Jesse Swing spent a very pleasant afternoon at Tom Murrays last Sunday.

Miss Callie Spoon was visiting her father last Sunday.

Claude Smith and Lee Euliss were visiting at A. T. Spoons last Sunday.

Gernie Murray has purchased a new horse. Look out girls you may get the chance of a buggy ride some time.

Mrs. J. D. Gregg is visiting at J. R. Posters this week.

Decrease of Animals-Increase of Population.

The number of food animals in the United States has decreased five million since 1901, and the number of consumers has increased 12 millions in the same time.

This is the result of an analysis by the Bureau of Statistics of the Department of Commerce and Labor, of the Census estimates of population and the Department of Agriculture's estimates of food animals in the years 1901 and 1910.

The term "food animals" includes in this instance all cattle sheep and swine in the United States as estimated by the Department of Agriculture, and the term "consumers" includes all of the population as estimated by the Census.

Herbert Compton spent Saturday and Sunday visiting friends on Mebane No. 3.

ALAMANCE MAN CELEBRATES HIS 100TH BIRTHDAY

Snow Camp, April 11.—According to appointment on the 6th of April, which had been given out by himself more than two years ago, occurred the celebration of the 100th anniversary of John M. Stout, of South Alamance, which was a decided success despite the threatening weather, which was rather cool and rainy.

Very early in the morning people began pouring in from every direction, on foot, on horseback, in buggies, carriages, and even a good many lumber wagons were loaded to the full. And as the clouds passed away and the sun shone out brightly they kept coming until in the afternoon, all seeming to be full of interest, the older people especially in the historical and the younger in the social features of the occasion. The time passed very pleasantly with all, not excepting Mr. Stout himself, who persisted in walking around out doors shaking hands with his friends. He was delighted to see so many people, and suggested that on such an occasion we ought to have a good speaker; then mentioned the name of the late Hon. John Manning, of Chatham county, who has been dead quite a number of years, but who is still fresh in his memory. Indeed his memory is remarkable for one of his age. One distinguishing feature about it is that he speaks of very old things as being of recent date. It is very interesting to talk with him, only that he is very hard of hearing. A little of his history as told by himself:

"I was born in Rowan county. My father, who was David Stout, moved near to Snow Camp, Alamance county, when I was five years old. I married Catherine Glenn, daughter of Robert Glenn, when I was twenty-seven, lived at the Jerry Pickett place, now in Alamance county, seven years, then in 1844 moved to the place where I now live."

This place being in Alamance, near the Chatham line, and in the neighborhood of Pleasant Hill church of which he has long been a member. He has lived with a second wife, Hannah Fox, for a number of years. Five children were born to them, three sons, John, William and Jacob, who live in this county, and two daughters, who married sons of the late Alfred Allen. The older (Jennie) and William Allen were married about five years ago and live in Halstead, Kan., the younger (Catherine) and John H. Allen about two years ago, and live in Friendswood, Tex. They were all present with their families except the last mentioned.

When the noon hour arrived three long tables which had been constructed previous to the occasion, were loaded from end to end with the most delicious viands that our good old State affords. Mr. and Mrs. Stout were seated at the end of a table, then came the presentation of gifts, speeches, etc. Mrs. Miles Reece stepped to the front and in very fitting language in the way of congratulations, etc., introduced Mr. T. F. McVey, of Snow Camp, who came forward and in the name of the Pleasant Hill Temperance Society, presented him with a very fine ten dollar gold headed cane saying in a beautiful way, among a great many other appropriate words, that he joined that society in the year 1834, one year after its organization, at the same time twenty-seven others joined, who have long since gone to their reward, and that in all these seventy-six years he has been loyal to the mandates of the organization, and has been honored with every office in the gift of the society.

Mr. McVey then introduced Mr. George Hinshaw, of Winston-Salem, N. C., who presented him with a very good and substantial rocking chair, on the back of which was placed a silver tablet on which was inscribed his name and birth, and in part these words: "This chair

is presented by his friends." Mr. Hinshaw proceeded to offer congratulations, first to the one who had passed his centennial, then to the people generally who were fortunate in being here to celebrate this very rare occurrence. He referred to the long years ago when Mr. Stout had been his Sunday school teacher how that he had always found him always faithful in the discharge of his Christian duties as he saw them. To Mr. Stout he said "The P. H. T. S. has given you a beautiful cane to walk with while you are young and now in behalf of your friends I beg to present to you this very comfortable chair so that when you get old you may sit down and rest."

After the people had formed into lines around the tables, Rev. Miles Reece made some remarks of congratulations, then very impressively returned thanks. Then the people proceeded to satisfy the inner man from the loaded tables, one of which was especially prepared with seats, etc., for the old people.

There was a book opened for the registration of all those present, but only about 500 registered, as a good share of the crowd did not know of it. The number was estimated 800 or upward.

Two photographers were busy taking various views of the landscape, people, tables, etc.

Among the people from a distance that have not already been mentioned were Thomas H. Stuart, of Spencer; Mr. Divinney and wife, of Julian; Geo. Clendenin, of Burlington; Joe Clendenin, of Graham and Mr. Slack, of Ramseur, who furnished dishes that were one hundred years old for Mr. Stout to eat from.

After the dinner was cleared away, some gourds that Mr. Stout had raised in his 100th year were sold which brought a nice little sum.

After another hour or two very pleasantly passed, the crowd began to disperse, all feeling that it had been a day well spent and no one enjoyed it more than Mr. Stout himself, for he said "Now I feel like starting on another hundred years."

New Telephone Line.

A new farmers' telephone line having two subscribers has just been connected with the Burlington exchange of the Southern Bell Telephone Company. The line extends two miles out the Bellefont road and furnishes service to the following well known people: Mr. Solomon Homewood, Mr. W. A. Shoffner.

The subscribers on the line are now in constant telephonic communication with each other and through the Southern Bell exchange with telephone users in Burlington. The construction of this line and its connection with the telephone exchange here is another step in the progress of telephone development which is being made by the residents in the rural sections of Alamance county. Under the plan of the Southern Bell Company farmers and other rural dwellers are enabled to secure telephone service on an economical basis.

As a result, farmers in all sections of the State are installing telephones in their homes.

Happiness Depends on the Way We Look at Things.

Are your eyes so that you can see things in their right light? If not, it shows the presence of eye strain. Let me fit you with glasses that will relieve the strain and see right. My experience and ability, together with exceptional facilities enables me to do the best work at the fairest prices. DR. N. ROSENSTEIN, EYE SPECIALIST, will be in Burlington Tuesday April 19th, at the Burlington Drug Company's store, for the purpose of examining eyes and fit glasses.

Miss Georgia Wilson and aunt Mrs. May are visiting the parents of Miss Wilson at McLeansville this week.

Haw River Items.

Now the Graded School has closed and some of the esteemed teachers have gone home, some have lingered a few days. Perhaps teacher and pupils have parted some to meet no more, on earth. There is a feeling of regret when the parting takes place. We trust that much good has been accomplished by the esteemed Professor and the able teachers have labored faithfully the part term, and the closing exercises proved that this time had been well spent.

We shall miss them through the summer in church and Sunday School. We don't think the Board made any mistake in employing such able teachers and we hope they will see proper to employ them another year.

Our esteemed J. M. Murry has accepted a position with the Electric Light Plant and has gone to work for them, we hope he will do well in his new field of work.

L. M. Cates and wife of Orange passed through Haw River on their way to Burlington last Saturday. He is one of Orange counties prosperous farmers. They spent Sunday with their son Clarence.

We learn that the Barreca class of the M. E. Sunday School will challenge the Barreca Class of the Baptist Sunday School to cross bats in the near future.

We hear it commonly reported by the farmers that there is the finest prospects for a good fruit and wheat crop there has been in years. We hope it may continue good to the end.

Mrs. S. A. Vest spent Sunday in Durham with her mother.

Miss Patsy Robertson attended the Virginia-Carolina ball game, and a dance in Greensboro Friday.

Mrs. W. H. Anderson, Miss Janie Cooper, Dr. McPherson went to Greensboro Friday to witness the ball game.

Mr. and Mrs. J. P. Jones of New York City spent Wednesday in town with Mr. and Mrs. B. S. Robertson.

Evils of the Strike in Philadelphia.

This great strike in Philadelphia has been so wasteful and miserable an affair from many standpoints that it ought to stimulate thoughtful people in every State of the Union to make advance provision against similar failures of civilization in their own cities. The public authorities of Pennsylvania have been at fault in not making better provision for the solution of labor difficulties. They have had so much misery in that State from industrial warfare in years past that they ought to have learned peaceful ways to adjust labor disputes. Both State and city have had heavy bills to pay in their attempts to protect life and property. The street railroad company will have lost much more than it can ever gain through its failure to deal with its own men in such a way as to keep their loyalty. But trade-unionism, on the other hand, will also have lost a great deal through its reckless resort to the sympathetic strike. The attempt to punish everybody, in a great variety of different ways, as a means of bringing the street railway company to terms, is not merely reckless, but it is also stupid. It must turn many a friend of organized labor into an implacable enemy. In Philadelphia two unions were involved and the traction companies tried to play one against the other. In the negotiations for a settlement of the strike the companies' recognition of the Keystone Association of employees, whose members did not strike, was one of the chief stumbling blocks. The dominance of politics in the situation was made manifest when Senator Penrose actively inter-viewed and forced from the street car managers large concessions to the strikers; yet even these concessions were insufficient to bring about a settlement.—From "The Progress of the World," in the American Review of Reviews for April.

Ordered: That the funds arising from the sale of the Street and Sidewalk Improvement Bonds be apportioned and expended equally in each of the four wards of the city.

Ordered: That this Board recommend to and request the aforesaid Committee to expend as much as one-third (1-3) of the amount apportioned from the sale of the Bonds on the Sidewalks of the respective wards of the city.

At the regular monthly meeting of the Alamance county Medical Association held Monday at this place, a motion was made by Dr. L. A. Walker and amended by Dr. T. S. Faucette, that the President appoint a committee to investigate, organize and locate a site for the erection of a hospital, and this resolution be published in the county papers and invite the public to meet with us in our next regular meeting the second Monday in May at Graham and discuss plans with us. Drs. W. G. Stafford, chairman, J. W. McPherson, T. S. Faucette, J. W. Page, L. A. Walker H. M. Montgomery, C. A. Anderson and W. E. Walker, were appointed as a committee. The following officers were elected for the ensuing year: Dr. J. A. Pickett, Pres. J. W. Page, V. Pres. L. A. Walker Sec., S. D. McPherson, T. S. Faucette delegate to State convention, Dr. C. A. Ordinance Creating the Street and Sidewalk Committee.

Be it ordained, that for the expenditure of the money to be voted for street and sidewalk improvement, be spent for no other purpose; and that a Committee to be known as the Street and Sidewalk Committee, be and the same is hereby appointed from the citizens of said city, irrespective of political affiliations, who in conjunction with the Mayor of said city as its Chairman, shall superintend, direct, manage and control all matters necessary for the building and construction of said sidewalks and streets, including the employment of Engineers, Contractors and laborers, engaged in said work. Shall have all excavations, and work done according to their order, subject to the approval of the Board of Alderman as hereinafter set out.

That for the purpose aforesaid, said committee shall consist of one member who shall be a freeholder and a citizen of his ward, and one such committeeman from each ward, who in conjunction with the Mayor and Chairman of said committee, as aforesaid, shall have cognizance of all matters arising in the laying out, widening, macadamizing, building, erecting and completing the streets and sidewalks of said city.

This Committee shall designate what streets and sidewalks shall be first improved, and all their acts shall be final subject to the limitations hereinafter contained. That is, upon the request of any two members of said Committee, who shall dissent from the action of said Committee in any matter, the question under investigation and dissent shall forthwith be referred to the full Board of Alderman of said city for final adjustment and determination.

The Committee shall not have the power or authority to audit and order paid any bill presented to it for street or sidewalk improvement, but it shall be its duty to make contracts subject to the approval of the Board of Aldermen, and to thoroughly investigate all bills presented for work and labor done, and to make such recommendations regarding the same to the Finance Committee, for its action, as to it may seem right and proper.

The committee is hereby appointed, to-wit:

At large: A. F. BARRETT, Mayor, Ch'm Com.

First Ward, W. W. LASLEY.

Second Ward, J. G. HOLT.

Third Ward, E. H. MURRAY.

An Over-Supply.

Mexican Herald.

That the United States is flooded with poorly trained and therefore incompetent doctors and lawyers will be shown in the forthcoming report of the Carnegie Foundation for the advancement of education. The report will show there are in the State of California four times as many physicians in proportion to the population as in Germany. In small towns of 3,000 or 4,000 inhabitants one finds four or five doctors and as many lawyers struggling for a living. Henry S. Pritchett, president of the Foundation says: "The evil effects of turning out an army of poorly educated doctors, who must learn the art of the same conditions in the legal profession is less obvious, but just as serious."

Here in Mexico the same tendency to overcrowd the learned professions is noted, and the consequences are lamentable, for large numbers of young men are thrust forth into the community where they endeavor in vain to make a reasonable comfortable living. Many drop out of their profession and take up humble employments, and so years of studious effort are practically wasted.

Oakdale Notes.

It was our pleasure to attend the Patterson Township Sunday School Convention held at Mt. Zion the 4th Sunday in March. If we are any judge we would say it was the best we ever attended good speeches and good singing. Those who we think need special mention, were Dr. J. D. Greeg of Liberty, Prof. J. A. Hornaday of Friendship High School, Rev. Miles Reese and wife of Cane Creek. Mrs. Reese made one of the best talks on the primary teaching, it was our pleasure to hear. Good order prevailed through out the day. The next meeting will be held at Rock Creek M. P. church. The convention was presided over by Taylor Pike, sec Miss Alice Spoon Jasper Thompson was elected Pres. Miss Teague sec. for the next year.

In spite of the dry weather the farmers are progressing nice with their corn planting etc.

Quite a number of our farmers have ordered improved corn and cotton seed this year. There was thirteen bushels of the Simpkin Cotton ordered by F. L. Spoon and divided out among the farmers. Crops are looking fine considering the dry weather wheat Rye and Oats.

Some of the Farmers Union members ordered seed corn trying to improve their corn crops.

We nosed around so much last week and reported so much visiting that we will not try to give any this week.

Throw Out The Line.

Give Them Help and Many Burlington People Will Help.

"Throw Out The Life Line"—The kidneys need help. They're overworked—can't get the poison filtered out of the blood.

They're getting worse every minute.

Will you help them? Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair. Will cure any form of kidney trouble.

Mrs. Delara Stubbins, S. Main st., Burlington, N. C., says: "About three years ago I began to suffer from severe pains through the small of my back and across my limbs. My body bloated and the secretions from my kidneys were unnatural. The doctor said I had symptoms of Bright's disease. I finally went to the Freeman Drug Co., procured a box of Doan's Kidney Pills and began using them. In a short time my suffering was greatly relieved and I am now able to attend to my housework with a greater degree of comfort. I gladly advise all sufferers from kidney complaint to give Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cents. Foster-Millburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known. To the medical fraternity, Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials. Address F. J. CHENEY & CO. J. F. Ray of the Longtown section of Yadkin county was in town Thursday of last week. He has been making war on chicken tracks and incidentally on owls, blue birds and red headed woodpeckers. Being troubled with hawks, he set a small steel trap on top of a long pole with the hope of thinning them out, and up to the present time he has caught six hawks, one owl, two blue birds and one woodpecker. He says he can prove this statement by Tom Weatherman, for he says Tom ate every one of them. Tom likes poultry and he reasoned that since the hawk is fond of poultry he ought to be good, too. Mr. Ray says that he failed to catch any crows—Mr. Crow would never light on his pole.

The Home Market.

6 BRIDGE CITY JOURNAL

Congressman McKinley sowed a great deal of good tariff seed on the Kansas prairies during his recent tour of the State, and the Kansas prairies are not usually barren ground when good seed is properly sown. Mr. McKinley made strong points in his defense of the Payne bill, but he could hardly have scored more effectively with farmers than in his insistence on the fact that the farmers' market is essentially a home market. With 85 per cent of all he raises consumed within the confines of this country, one would imagine that the farmer would be the last to advocate anything which decreased the buying ability of those to whom he sells.

That the consumers must be largely wage earners goes without saying, and that wage earners must be what the name implies depends on their ability to get employment. This ability to get employment depends on the ability of wage payers to give it, and finally, this depends on industrial conditions which involve prosperity in mine and mill and factory and in all the avenues of commerce. If America imports its shoe, clothing, machinery, etc, it requires only the commonest kind of common sense to understand that the wages paid for manufacturing these things must be paid to foreign workmen, not to American labor that composes the farmer's home market.

Congressman McKinley, Speaker Cannon and other Republican leaders have shown time and again that a majority of the articles and commodities imported are not dutiable, while of those which are dutiable the great majority are luxuries. As to the necessities of the people, either they have been admitted free under the Payne bill or the duties have been largely reduced. It requires \$400,000,000 a year to pay the legitimate running expenses of the government, besides millions more for pensions, etc. A tariff bill which levies the larger share of this burden upon the wealth rather than upon the dinner pails of the country would seem to deserve the commendation of all who are not blinded by partisanship of the most stupid kind.

Wednesday, April 13, 1910.

Now is the time to pay your poll tax. Pay it now, do it today.

Pay your poll tax on or before May the first, or stand aside when voting time comes.

Juggling is rather hard upon a weak brain. We advise a rest cure. Any thing is preferable to being addled.

If you are for bonds pay your poll tax. If you are against bonds you must do the same thing if you want to be counted.

It would seem from the way that the News gets its arguments befuddled and mixed up, that it has been taking Peruna upon advertising. Guilty, or not guilty, he he.

When you want to reach the people, place an ad in a paper that the people read. Remember the Dispatch is such a paper. If you doubt it, place an ad and note the results.

A number of sample copies are sent out this week to those who are not subscribers. If you receive one its an invitation to subscribe, and you should accept the invitation without delay.

Have you paid your poll tax for the year 1910. If you pay a part of your taxes and do not pay all, see that the tax collector writes upon the face of the receipt that the payment covers the poll tax. This is an election year, do not be deceived.

The News said it would not allude to the expenditures of the Republican and Democratic county administrations again, but would leave it with the tax payers. But did he do it? The News does not mind eating crow when it has to, and swearing that it loves it.

If the Democracy of our neighbor, the Burlington News, goes hand in hand with his prohibition views, we would like for him to tell right where his religious views may be found. It will be remembered that a short time ago he condemned the ministers of the city for requesting a more stringent enforcement of the prohibition law, at the hands of our Democratic city administration.

The attempt of the Burlington News to discredit the worthy ministers of the city for their efforts to secure a more rigid enforcement of the prohibition law, shows conclusively which way the wind blows with our side-stepping brother. He holds his Democracy and his prohibition views higher than his religion, and would bring these worthy men of God into disrepute for the sake of upholding the hands of a few measly politicians of the city government.

Sour Grape, Nit!

The State Dispatch says the reason the recent land sale held in this city was a failure was because they did not advertise in its columns. Sour Grapes. The reason there were but few sales was, this Republican prosperity has hit everybody so hard they can't buy meat and bread, much less country lots at \$1,000 per acre. The advertising in the Burlington News brought inquiries from Philadelphia to Chatham county, 125 letters in all, and there was a big crowd, but you can't buy land and keep up the Republican prosperity at the same time. Try a little better argument to hit below the belt. The 40 suit of clothes appeal, for instance.

Is your memory bad dear brother, or are you so blindly partisan that you can't tell the truth when the Republicans are in power. If the latter, you have been lying a long time, and there is not much hope for you in the near future. Now let us see what the record is for land sales under this Republican prosperity. There was once not so long ago, or more definitely speaking, during November, 1908, a land sale known as the Ireland property, pulled off by The Alamance Insurance and Real Estate Company, in the city of Burlington. This Company is composed of broad minded intelligent business men, who cared not what the politics of a newspaper was, so long as it had the circulation and the confidence of the people. This Company selected the State Dispatch as one of its advertising mediums, and advertised very liberally. The people read the advertisement and wishing to invest the surplus money they had made under Republican prosperity, the day of sale came, they attended the sale and bought every lot offered at a fair price, and the sale was a decided success.

And again in the spring of 1909 and still during a Republican prosperity year. The Piedmont Trust Company, one of the oldest and most successful land companies here, composed of shrewd, but broad minded and liberal business men, put upon the market a part of the Fonville property. They too knowing a good thing when they saw it, placed an ad in the Dispatch. The day of sale came, so did the people, all anxious to invest their money in Burlington dirt, knowing full well that if the Republican party was continued in power the land values would double in price, and that the investment would be a paying one. What was the result, every lot brought a fair price, and the sale was a financial success.

Then again during the same year, and while the same Republican prosperity was in the country another land company, The Central Loan and Trust Company also composed of broad and liberal minded business men, having witnessed the success of the former land sales, and wishing to do as well or better decided to place on sale the Ingle property, for which everybody said they had paid an extravagant price. So they too selected The Dispatch as one of their advertising mediums. The day of sale came, so did the people who had been reading the Dispatch. Every lot was sold, and the sale was said to have been the greatest success of any sale ever pulled off here.

Then again, another land company having seen or heard of the wonderful success of all the other land companies, and knowing the value of Burlington real estate, decided to offer at public auction what is known as the Witherspoon property, (later named the Withersdale Heights.) The same Republican prosperity was sweeping over the country, but the land company fell into bad hands, and were made to believe that the Dispatch did not have any circulation or influence, and the land company, heeding the advice of a supposed friend, placed their ad all in one paper, other than the Dispatch. The day of sale came as the others had done, but the people who had

money to pay for land not having read the advertisement and not knowing a land sale was on, did not come and the sale was a failure. This is not a case of "Sour Grapes," but misplaced confidence. No one knows this better than the land company, but learned too late.

The News says you can't buy land and keep up this Republican prosperity at the same time, but his actions belie his words. The editor of the News was there and bought three lots. From this it would seem that a Democratic editor can buy land during Republican prosperity. Will the News kindly tell its readers if it ever heard of a land sale during Cleveland's administration, except to satisfy a mortgage or for taxes.

Again the News says that the ad in the News brought inquiries from Philadelphia to Chatham county, a hundred and twenty-five letters in all. Well, it may have brought them to Chatham county, it certainly did not bring them to Burlington. But if it did, and the News is telling the truth, then it would seem that people do want to buy land during this Republican prosperity. But we believe this statement of having received a 125 letters in regard to this land sale as a result of the ad in the News, is another one of the editors juggling feats. Therefore we make the News the following proposition: Turn these 125 letters regarding this particular land sale over to the Christian Orphanage at Elon College, or some other charitable institution, and the Dispatch will donate to the same institution on dollar for each of the 125 letters, making a total of \$125.00. Now let this deceptive expert juggler and professional side-stepper of "yaller dog" fame, put up or shut up. We have called your hand. Let us have a show down.

Some More "Yaller Dog" Rot.

"The State Dispatch last week in closing its tirade against the Burlington News in the prohibition question says: "Remember your complete fall down upon your recent juggling contest, and beware lest you fall again." If the Dispatch means that we fell down in refusing to wade into the mud to its depth, we sure backed down. If it means that we failed to continue to waste our space on a discussion that was ended when the figures proved our statements true, we backed down; but if it means that we backed down in the sense it would lead the public to think, we will leave that to our readers to decide. After all the abuse, slander, and "the hog returning to its vomit" arguments were exhausted, the Dispatch never for one moment changed the fact that the Republicans spent during 1909 nearly twice as much of the county funds as did the Democrats in 1910. The people wanted the figures, and we gave them in black and white, and left the matter with the tax payers to do the rest."

The above is a fair sample of the misrepresentation and deception practiced by our neighbor, the Burlington News. Now just listen at this "Yaller Dog Rot." The News says that the Dispatch never for one moment changed the fact that the Republicans spent during the year 1909, nearly twice as much of the county funds as the Democrats did in 1910. Why so reckless dear brother? You are worse than a blind snake in shedding time, striking in every direction at the least sound. Are you addled? Or has your recent juggling contest given you the water brain? Don't you know that the Republicans were not in power in this county during the year 1909?

You claimed some time ago to know a great deal about the county finances, therefore you ought to know that the Republicans went out of power in this county the first Monday in December, 1908. Are you so ashamed of your party's record that you are trying to make the voters believe that the Republicans were in power last year? Your party has done the spending since the first Monday in December 1908, just how much they have spent, no

one can find out.

You tried to make the tax payers believe at one time that you knew, but the trick wouldn't work. You not only do not know how much they spent, but you do not even know which party was in power at that time. If you have any doubts about this, read your own article reproduced above.

Do you believe that you can make an intelligent electorate believe that you know how much was spent in any year, when you do not know what party was in power. Not much dearly beloved, not much. But the tax payers have good reason to believe that your party spent all they could squeeze out of them, and the eleven thousand dollars which they borrowed, and the two thousand dollars paid back to them by the Christian Orphanage, at Elon College besides. If you boast of this record, make the most of it.

Yes, The "Yaller Dog" Howls.

If you doubt this statement read The Burlington News of April 6, cornered and discredited the editor of the News gets desperate and resorts to "yaller" dog methods to belittle THE DISPATCH after having his tough hide lashed and lacerated by the logic of THE DISPATCH regarding the county finances, bereft of further argument he tucks his tail like a mongrel cur and runs to cover yelling "yaller" dog. This act alone is enough to convince honest and fair minded people that his former statements were pure concoctions of a diseased and imaginative brain.

In our former articles when armed with the mighty and crushing truth we were combating his arguments and exposing his fallacies and unguarded reckless statements, he said we were pouring vials of wrath and abuse upon him, that he was above such methods, and would not resort to them. We knew then as well as you know now, that this more holy than thou attitude was feigned, and all that he needed to make him open up his storage battery of blackguardism was a little more Peruna to give him courage. My but how the mighty have fallen, he now gets down in the mire and besmirches himself in the filth of the dog kennel, from this abode he tells his readers that in his former article he did not have in mind THE DISPATCH at all, but those Republican papers of the State who had influence. THE DISPATCH may not have as much influence as The News had, but unless The News mends its ways and gets back and that speedily in the paths of rectitude, even the "yaller" dog may have more influence. If we thought about The News as The News says it thinks about us, we certainly would not waste over half of our editorial page upon a sheet wholly without influence as The News does, neither would we throw down our hat and run from such a sheet as The News has done upon several occasions. The editor of The News evidently believes in the old saw. He who fights and runs away, may live to fight another day.

What's the Use.

The esteemed State Democrat, of Raleigh, admits its feeling of lonesomeness at being "the only paper in the State which advocates local self-government straight from the shoulder." As local self government has long since gone on the hip, there is no need of even one paper following such a forlorn hope. — Eastern Reflector.

It is better to be right and feel lonesome than to be wrong in a big crowd. In fact the Democratic party has got to get back to the principles of our forefathers before it will ever amount to anything. But what is the use of us wasting our time advising them, they will not heed our advice, so we will just let them go on in their wild career. Stand your ground brother Caddell.

The Dispatch had a very pleasant call last Saturday morning from Editor Isaac S. London, of the Siler City Grit, who spent a short time in the city. We were indeed glad to meet this bright young newspaper man, who is making a success of the Grit. Come again brother London.

The Daughters of the Confederacy, who are making an effort to erect a monument to the Confederate soldiers of Alamance county, request every child to contribute five cents to this cause next Friday, the 15th, at the graded school. This is a worthy cause and every parent should see that each child is provided with the above amount Friday morning, that they may contribute to this worthy cause.

The Jas. Adams show is in town this week and is the center of attraction. Monday night the tent was filled to overflowing and the performance good. Although a ten cent show we have seen popular priced shows receive less applause, and furnish less laughter than is furnished by the James Adams performers. This show is no stranger in our midst having been here several times before and is generally considered one of the best for the money that passes our town, as it is a new show every time you see it.

The Great Mystery.

"That Mainwaring Affair," by Ralph Henry Borbour, is another of America's greatest mystery stories. It begins in a manner that grips the reader and holds throughout. It is thrilling and human. A 20,000 word fiction booklet will be given with Sunday's World of May 1. Be sure and get it.

There is no objection in the world to Mr. Bryan running for President as the candidate of the National Prohibitionist party; indeed, by doing so he would clear the situation for the Democracy which he has beclouded for fourteen years to its undoing.—Richmond Times-Dispatch.

Well, they have taken the ammunition out of our old Cannon, but it can still make a good deal of noise, when necessary.

Official figures show that meat prices are going up all over the world. This is true in Australia, New Zealand, Canada and other localities which are large producers of cattle, sheep and other food animals, the advance ranging from 3 to 70 per cent. Statistics are no respecters of theories, and the facts show that the American tariff has nothing to do with the increase in the cost of living throughout the globe.

Republicans Pay Your Poll Tax.

Unless you pay your poll tax on or before May 1st, of this year you will be disfranchised. See that your receipt says for the year 1909, this is important, do not be misled. Ask your neighbor if he has paid, and if he has not, urge him to do so without delay. Do not depend upon some one else to pay your taxes for you. This is a matter that you will have to attend to yourself. Pay it today, do it now.

We don't think our dearly beloved neighbor, the editor of the News should get offended, or claim we are hitting below the belt, in our little article telling about his wearing forty dollar tailor made woolen jeans, we meant no reflection, its no disgrace, but in fact speaks well for him, that he a Democratic editor is able to wear \$40 clothes in these starvation Republican times. We made mention of it merely to prove that the country was not in such a bad way as he would have you believe. Prosperity must be at a very high ebb, when any man of moderate means, much less an editor can wear such high class material.

We believe that our readers will agree with us that when a man is able to wear such good clothes, that he should not lament about hard times. What does our neighbor say about this after more mature reflection.

By All Means.

Mr. Self has had some very good advertising since his speech at Henderson; and he will repeat the performance at Salisbury at an early date. It would be a good idea to request the audience to register so that the number can be accurately ascertained.—Charity and Children.

Yes, let them register their names together with the party which they affiliate. In other words, keep an accurate record of the proceedings of the meeting. It will make interesting reading for some of our Democratic stragglers.

Church Could Take Lesson From Political Parties

Here is what find in the Methodist Discipline page 16 under articles of religion. See art 5th paragraph 7, the Holy scriptures contain all things necessary to salvation; so whatsoever is not read therein nor proved thereby is not to be required of any man that it should be believed as an article of faith.

Now I wish to ask why do they need or want a discipline to rule (the) their church, which after all as they claim is only a religious society composed of men, women and children and as those scriptures contain as the apostle says, 2 Tim 3-16, all scripture is given by inspiration of God, and is profitable for doctrine for reproof correction, for introduction in righteousness. Verse 17 that the man of God may be perfect thoroughly furnished unto all good works. Now what more do they or we need for doctrine to tell us how that a believer may become a Christian, for they have the power to become such. Jno. 1-12 of reproof &c, how to live one. Now listen again. Page 82 of necessity of union, paragraph 130 let us be deeply sensible of the evil of a division in principle (I suppose that means doctrine,) spirit or practice and the dreadful consequence to ourselves and others. Why do they practice division and thank God that there are divisions, as I have heard a number of their members do. Oh, consistency show art a jewel if we divide shall destroy ourselves, the work of God and the souls of our people.

11-131 in order to a closer union with each other. Let us be convinced of the absolute necessity of it. I believe this is true of all denominations. If it was not true how soon they would come to naught. Now why not get rid of all such divisions and unite on the apostles doctrine of one church or body that they may all be one so our Saviour prayed that the world might believe the Father sent Him and that the world thereby could not doubt Him as being the one who came to save them. Again in the shorter catechism, (Presbyterian) page 9 under heading, "The only rule" thus have ye made the commandment of God of none effect by your tradition but in vain do they worship me, teaching for doctrine the commandments of Me. Mat. 15-5, 9 verse such as once in grace always in grace, infant baptism and divisions, &c., then quoss Gal. 1-8, 9. Again, question 3, what do the scriptures principally teach. Answer. The scripture principally teach what man is to believe, concerning God and what God requires of man, in other words what God requires of man to observe and obey, and as all scripture is given of God, they are written we might or may believe that Jesus is the Christ, the son of God, and that believing ye might have life through His name. Now let us turn again to the Lord's own words, as those two denominational witnesseth haven't testified in part, and as I have no access to any other like testimony I now turn to Jno. 15-1 where the Saviour say, "I am the true vine, and my father is the husbandman" indicating there is another vine or vines, which are not the true one, of which history points out clearly as the one which boasts of being the true vine from which there have sprung many branches bearing much of the same fruit characteristic of the parent stock which is wild inferior sour fruit and does not resemble the fruit of the true vine nor take any of the characteristics of the fruit of the true vine, namely the Roman church of which there are many protestant churches partaking of and holding too many of the traditions and commandments of the romish church not taught in the new Testament scriptures. Now what would the apostles say if they were to come at the present day and find our professed Christians contending for different names, such as Methodist, Presbyterians, Baptist, Congregationalist, Episcopalian, etc., without number almost and only one or two taking the scriptural name Christian? Would he not hide them for so doing? I rather think so. If all are Christians why do we take to ourselves other names it is because we are carnal, therefore it is sin and in the great day we will be without excuse, now if we are Christ, how do we get into Him? Acts 2-38, repent and be baptised, every one of you in His name. Now a few words as to how we are baptised in His name, Rom. 6-4, buried with Him, Col. 2-12,

buried with Him in baptism. Ye are also risen with Him; 1 Cor. 6.14 washed and justified in His name. Now suppose we would undertake to obey the command of the Saviour, to teach and baptise; Mat. 28, 18, 19, 20, Mark. 16, 15, 16, and practice the way most of the churches of the present day. First, we would see John, the Baptist, standing in the Jordan dipping the tip of his fingers in the water and touching the candidate's forehead with a very little water instead of a burial. Two, we would see Peter with a bowl of water and dipping his fingers in the water and sprinkling his subjects instead of burying them as the apostle, Paul, did. Rom. 6-3, 4, Col. 2-12. This certainly ought to convince any reasonable one how and what Christ and the apostles taught and practiced, being born again, not of corruptible seed but incorruptible seed by the word of God.

Now, in conclusion, let us search the scriptures, for in them we think we have eternal life, and they are they which testify of Me says the Saviour, I repeat of the apostle, Paul, to his son, Timothy, all scripture is given by inspiration of God and is profitable production for reproof for correction, for instruction in righteousness that man of God may perfect thoroughly furnished to every or all good works, for God will call us to an account of stewardship, so let us be ready to give an answer to them that ask us of the hope that is within us. Hoping those few lines may induce us to a more serious searching of the scriptures, is my earnest prayer, and we may receive that welcome approbation of Him who said, "come unto me all ye that labor and are heavy laden, and I will give you rest, take my yoke upon you and learn of me, for I am meek and lowly in heart and you shall find rest to your souls."

Points Regarding the Census.

The census begins April 15 and must be completed in two weeks in cities and in thirty days in all other areas. The enumerators will wear a badge inscribed "United States Census, 1910." The law requires every adult person to furnish the prescribed information, but also provides that it shall be treated confidentially, so that no injury can come to any person from answering the questions. The President has issued a proclamation, calling on all citizens to cooperate with the Census and assuring them that it has nothing to do with taxation, army or jury service, compulsory school attendance, regulation of immigration, or enforcement of any law, and that no one can be injured by answering the inquiries. It is of the utmost importance that the census of population and agriculture in this state be complete and correct. Therefore every person should promptly, accurately, and completely answer the Census questions asked by the enumerators.

Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them.

Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

TAKE CARDUI

It Will Help You

Mrs. Katie Burlison, Goreville, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not stand on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my household work and am in much better health than I was before." Try it.

The Deacon's Retraction.

Senator Murphy Foster, at a dinner in Washington, said of a certain retraction: "It was a retraction without a retraction. Deacon Washington, the heat of a revival, shouted from the pulpit of the Nola Chusky chapel: "I see befo' me ten chicken thieves, includin' that thar Calhoun Clay." "Calhoun Clay at once rose and left the church. He was very angry. He brought a powerful promise to bear, and the deacon promised to apologize. "So, at the following meet, the old man said: "I desires to retract mah last night's remark, namely—I see befo' me ten chicken thieves includin' Calhoun Clay. Forced To Leave Home.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery care you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 lbs in weight. Its surely the King of all cough and lung cures." Thousands owe their lives and health to it. Its positively guaranteed for Coughs, Colds, La-Grippe, Asthma, Croup—all Throat and Lung troubles. 50c and \$1.00. Trial bottles free at Freeman Drug Co.

Dropsy— Given up by Doctor

"I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD, Wilmore, Ky.

Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness.

Dr. Miles' Heart Remedy is sold by all druggists. If the first bottle does not benefit, your druggist will return your money.

Elon College No 1.

J. P. Cables family is some better at this writing. Miss Genit Patton visited at D. J. Tickles last week. Mr. and Mrs. Bruce Gerring and children, Mrs. Lundy Williams and children, Mr. and Mrs. Daniel Low and John Gerring visited at Yancey Lows Sunday. Miss Liddie Low visited her sister Mrs. Ed Whitt the latter part of last week. Mrs. Tom Loy and daughter visited at Dillard Truitts Sunday. D. J. Tickle and two daughters were in Burlington shopping Saturday. Charley Low of No. 1, was a welcome visitor on Gibsonville, No. 1 near McLeansville Sunday. There must be some attraction up there ask him about it. Miss Daisy Gerring of No. 1 returned to Burlington Sunday where she is at work in the sewing mill. Mrs. Ava Apple and daughter Lalah visited her mother Mrs. Henry Baldwin the latter part of last week. Henry Baldwin is on the sick list.

D. W. Bulla, our saw mill man, spent a few days last week in Randolph county. Astor Coble and wife visited Mrs. Coble's mother near Liberty Saturday and Sunday. Our friend, J. S. Isley, is making the most strenuous effort of any man on No. 1 to see the comet. All the last of last week he kept a lantern burning hanging in a tree near the window of his bed room, but after all he said he failed to see its tail. Guess he ought to light another lantern.

C. C. Shoffner and family, of Greensboro, Mr. and Mrs. Wellfair, of Winston, visited relatives on No. 1 Saturday and Sunday.

R. F. D. No. 2.

Mr. and Mrs. A. G. Garrison went to Reidsville this week to attend Presbytery. Miss Annie Matlock visited Miss Rosa Sartin Tuesday. Mrs. H. H. Walker has been right sick for several days, but is now better. We are glad to note that Mr. Dixon Story is very much improved. J. Ed. Garrison goes on the war path for Uncle Sam Friday. He is census enumerator for Faucett's township. Everybody get ready to answer a thousand questions. Joe Morine and Miss Bertha Huffines visited in Burlington Sunday evening. Mr. and Mrs. G. R. Garrison announce the arrival at their

Wheat is looking well except somefields where there is not good stand. The fruit trees are overloaded with fruit and unless something happens to damage it the crop will be abundant this year. Ed Meacham killed two five months old pigs last week at one weighed 156 lbs. while the other one weighed 147 lbs. Squire John Dixon had so much company Easter Sunday that the say, Claude Moser stopped thinking the Squires Scuppings were ripe again. Old bits are hard to overcome. Mrs. Barbara A. Loy has returned home after spending the winter in West Durham with her daughter, Mrs. L. B. Cable. We are glad to learn that Mr. G. A. Loy who is in the hospital at Baltimore, is improving after one operation, but sorry to know that she will have to undergo another one before she can be entirely cured. Esq. J. A. Loy and daughter and little son from No. 1 visited his brother G. A. Loy Sunday week ago. John likes fresh fish and he hit the time exactly right to get all he could eat as G. A. was in the bunch that divided 60 lbs of suckers. Dan Holt spent Sunday with his parents. T. R. Harden spent Sunday and Monday with his family. Sidney Russel filled his appointment last Sunday night as the hail and rain prevented him from getting there the Sunday before. W. B. Sharpe and wife spent Sunday with W. A. J. Sharpe. Mrs. W. B. Sharpe and wife spent Sunday with W. A. Sharpe. Mrs. Jane Sharpe who spent a month with her daughter Mrs. J. L. Neese, has returned to spend some time with her son, W. A. J. Sharpe. L. H. Coble and family visited J. K. Isley Sunday evening. Henry Albright and his father visited on No. 7 Sunday and D. Cupid got busy with Henry soon as he reached Belmont and escorted Miss Flossie Isley home that evening. We don't know what Miss Maude thinks of it if Henry used to be one of her friends. Miss Flossie Isley spent Saturday night with her brother, W. at Belmont. J. W. H. Isley spent several days last week over on No. 1. Odist Isley and Landy Watkins were out driving Sunday evening. Paul Isley visited at Belmont Saturday night. Wonder he and Harrison Buckner for Sunday. L. H. Watkins of Graham visited on No. 7 Sunday. Quite a number of young people gathered at Zimry Forbus last Saturday night to enjoy the music. Vernon Keck of Swepsonville spent Friday night with J. W. Isley. Several of the sports were walking at Pellemont Sunday afternoon. We noticed Jacob Sh and Blanche Boone and Will Rich and Carrie Boone were among them. They visited the church lawn and all seemed to have an enjoyable time. "Dan" is doing his best of there. There was quite a fire Sunday

evening on C. F. Rauhuts and McBride Holts farms. About ten acres were burned over and it took strenuous work to keep it from spreading and doing great damage. Mr. Rauhut lost some cord wood and an evenings rest besides other damages to the pines. He desires to sincerely thank all friends and neighbors who assisted and offered to help fight the fire and feels sure Mr. Holt also appreciates their aid. The commencement exercises at Friendship High School will be held Thursday evening and Friday, May 5th and 6th. Those desiring to rent refreshment privileges can see or communicate with E. Patterson, Burlington, N. C., Route 1, who will rent the grounds to the highest bidder who must deposit the money by Wednesday April 27th. 1010. Ask F. P. Nicholson and Charley Sharpe where the frolic was Saturday night April 8th. Also see Mr. Nicholson about that moasses cake. We think he wants more. Although we are very doubtful if he got any as there is some little confusion in the camp already. Boys don't get boistrous again please for you know we all must sleep some. See G. W. Denny about that shooting scrape he got into at Belmont recently. It seems Will Isley had caught a very nice fish when Mr. Denny sees the fish jumping around in the water and commences to shoot at it. We havn't any record of the number of shoots however. Mr. Isley failed to locate any shot in the fish. We are glad to note that Carry Branson and Miss Mattie Forbis are trying to adjust their little sporting difference. Hope they will get all points straightened properly.

R. F. D. No. 8.

We had the pleasure of meeting our good friend P. M. Somers wife and daughter of Altamahaw No. 2 last Friday in the city. We are always glad to meet and talk with these good people. Wish they were on No. 8. People say that the roads on Altamahaw No. 2 are very rough and the hills very steep, it must be so, for we hear of a young man who had two young ladies in the buggy and one had to get out and walk up the hill. Ask Henry Gilliams. The Maywood School "To do" will come off Friday April 15, at 2:30 p. m. there will be good speaking by county Supt. P. H. Fleming and Hon. E. S. W. Dameron part of the exercises in the afternoon lunch from 5:30 till 6:30 then the main "To do" comes off Recitations, drills, dialogues, music and etc. Public cordially invited. There will probably be a game of base-ball. Ed W. Ross and Family spent Sunday at Jerome Isley's. We congratulate Geo. Garrison of No. 2, on the new arrival at his house, good luck to the little gal. We hear of a man near Altamahaw going crazy about a little "gal" that has come to his house to stay. But as that is not in our precinct will not tell all we have heard. C. C. Taylor and three "kids" spent Saturday night and Sunday with us that's what we get by marrying a Taylor. We have a good joke on Jim McCulloch, but as he has been so kind about furnishing the

carrier and school teachers with infidelity. There is nothing in the Word of God about them. If God had designed that His intelligent creatures should travel at the frightful speed of fifteen miles an hour by steam He would have clearly foretold it through His holy prophets. It is a device of Satan to lead immortal souls down to hell." This device of Satan now carries people over the surface of the earth at the rate of 60 miles or more an hour. Whether railways lead souls to his realm, perhaps the makers and takers of rebates, or some lobbyists and legislators, or some manipulators of stocks, could tell if they would.

Mortality of Railroads.

Washington Herald. The school board of the town of Lancaster, O., in 1828 had strange ideas about railroads. A club of young men wished to debate their value and asked for the use of the schoolhouse. This was the reply of the board: "You are welcome to the use of the schoolhouse to debate all proper questions in, but such things as railroads and telegraphs are impossibilities, and rank

Extracted by Painless METHOD!

Gums Heal Rapidly, as a result of the "antiseptic" properties of the Solution used on the gums to prevent the pain.

Weak or nervous people may have any number of badly decayed teeth or roots removed with remarkably little pain, and without bad after effects.

"It didn't hurt a bit!"

Broken down health is often caused by having a mouth full of contaminated teeth, badly decayed, with diseased roots. Your health may be almost instantly improved by having them removed, and your appearance will also be greatly benefited when you have a new set made.
