Standard Express.
John Tull and two ladies from Elsie, whose names we failed to get, came down to Sanford Tuesday over the Southern on a motor car. After starting home they met with an accident which came near proving a serious one for the party. The car ran into an open ditch just after it had passed the warehouse of Wilkins, Ricks Company and jumped the track. The car, Mr. Tull and ladies all were violently hurled against the embankment along side the track. They received a severe shaking up and strange to say they all escaped without serious injury. After some repairs were made to the car, they proceeded on their journey.

Lexington Dispatch.
Yesterday when the police frisked a colored hobo from a passing freight they found him enjoying the warmth of a fire which he had built in his box car. For 30 days he will enjoy the heat which working on the Lexington roads will furnish.

Lexington people will be able to ride to the Winston fair on the Southbound next fall. An engineer says that the cars will be running by October 1. The clearing begins in earnest May 1, and will continue thereafter without delay. The slide on the Ratts branch fill gave a lot of trouble during the week but the damage has been repaired. The material is hard to handle, and the fill is immense.

Seashore Patriot.
John A. Holbrook, a prominent attorney and citizen of Wilkesboro, died at St. Leo's hospital yesterday afternoon following a brief attack of pneumonia. He was stricken with the fatal illness at a local hotel ten days ago, his condition becoming so alarming that he was removed to the hospital. The deceased represented his county in the state legislature in 1905 and had held various positions of trust at the hands of the people. He was 32 years old and a son of Mr. and Mrs. Joe S. Holbrook, of Trap Hill, Wilkes county. They and a widow and three small children survive. The body was carried to Trap Hill today for burial.

Wadesboro Review.
Rawley Hill recently found a nest of young squirrels and carried one of them to a cat to eat. The cat had young kittens and adopted the squirrel and is nursing it and rearing it with her young. Mr. Hill is a well known farmer of the Mayfield section, and the statement is vouched for by one of his neighbors.
The store and mill owned by S. Woods at Purley, Caswell county were totally destroyed by fire early Wednesday morning. The members of the family were awakened by the cries of fire, and when they reached the scene, both the mill and store were almost totally destroyed. The origin of the fire is unknown. The loss is partially covered by insurance.

My Leader.
On last Thursday it required six freight trains, the regular coal and five extras, to carry the products of this section away. These trains were loaded with stone, furniture, lumber and tan bark and demonstrates that there is truly something doing up here.
Pigs, and very small ones, sold last Saturday, on this market for \$3.25 each. This is the highest price ever reached for an infant pig back representative in this section, but they sold readily. We older ones can hardly realize that these same animals once brought one dollar instead of five.

Wilmington Gazette.
Plans are being drawn to build a wing to the Federal building here. The Department of Justice claims to be badly cramped for room in the present building. The Government expended \$10,000 last year in renovating the building.

Solomon Shepherd, the Durham negro under sentence of thirty years for killing Engineer Holt, exhibited a razor from the prison barber and severely slashed Lewis Harris, another convict. Shepherd is an unruly prisoner, having attempted to escape the day he was moved and jumping another time from a moving train while shackled. He was gone a week when he was recaptured.

which fell here Monday, fell in the form of snow on the Blue Ridge, and, as a result, the mountains were white Tuesday. Fortunately the winds and cloudy weather have kept off damaging frosts.

While digging a foundation for Dr. R. M. Brame's new home, on the corner of 9th and F. streets, in North Wilkesboro, Friday, some workmen unearthed an almost perfectly preserved skeleton. Considerable speculation centers about whose unidentified remains were thus innocently disturbed, but no one seems to know or has any means of knowing. The physicians, who have seen the bones, express the belief that it must have been a colored man, if so the body was probably buried there during slave times, long before the Civil War.

Siler City Grit.
A barn belonging to Wiley Ellis on Hickory Mountain was destroyed by fire Sunday night, a wagon buggy, harness and a quantity of forage being consumed. His mules had a narrow escape. It is not known exactly how the fire originated.

As Marcus, the nineteen-year-old son of J. R. Blair, of Kimbloton was coming into his father's barn lot Sunday night about eleven o'clock, he discovered someone riding off with one of his father's young horses. He immediately gave the alarm and set out in pursuit catching up with the horse and rider at Hackney's Mill. Upon his refusal to stop and give up the horse, he began shooting at the thief who at once took leg bail through the woods. It is believed that the thief was hit as traces of blood was found on the side of the road next day. Several prisoners broke loose from the chain-gang in Alamance last week and the thief is supposed to be one of the escaped convicts a negro named Lawrence McAuley.

Union Republican.
Fifteen car loads of 85 pound steel rails rolled in the past week for use on the Southbound Railroad. All along the line to Wadesboro, the work of construction goes merrily on.

Rev. H. C. Byrum, of the Kernersville Circuit, buys the Christian Church at Sedge Garden, this county and the same becomes the property of the M. E. church South. The intention of the Methodists is to erect a handsome brick church on the site.

P. H. Hanes sold two large steers to the butchers of this city, Tuesday. They were five years old and together weighed 4,550 lbs. They brought some \$250 dollars. They were raised on the farm of Mr. Hanes, near this city and had done good service in hauling and plowing and under the care of Tom Cutrell were good to pull from 6,000 to 10,000 pounds at a load at any time.

Webster Weekly.
Geo. T. Williamson, of Saxapahaw, spent Sunday and Monday here with his sister, Mrs. Dora Mills. Mr. Williamson was accompanied by his charming young daughter, Miss Ethel who will remain for some time with her relatives.

Saves an Iowa Man's Life

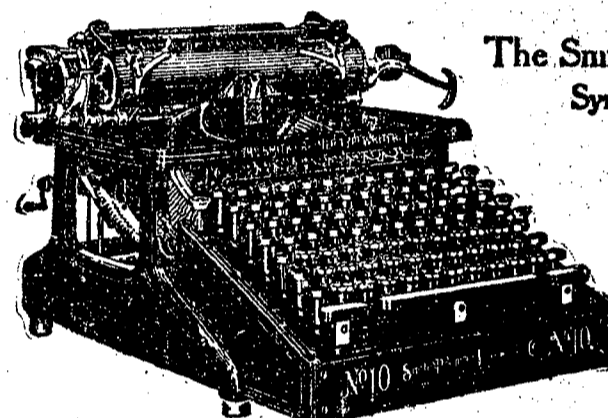

The very grave seemed to yawn before Robt. Madsen, of West Burlington Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It's positively guaranteed for Stomach, Liver or Kidney troubles and never disappoints. Only 50c. at Freeman Drug Co.

A short time ago there appeared in the columns of one of the prominent magazines an article on building brain and muscle by the proper selection of the foods you eat.

Education and Crime.

The English have indulged the complacent habit of comparing their criminal statistics with those of other and less law-abiding lands.

Various reasons are assigned. Emphasis is laid on the fact that the largest increases were in industrial districts, and the deduction is drawn that the cause is unemployment.

But the fact should be recognized that there is no necessary correspondence between an advance in public education and an advance in public morality.

Railroad Man's Prayer.

The following eloquent prayer was uttered by Rev. George B. Stuart, the evangelist, at a meeting of railroad men. It has been published in tract form, the distribution in honor of the Fred Hargrave Allen, of Wadesboro, who was very fond of reading it.

"O Lord, we meet as a body of railroad men, with our wives and daughters, to consult for our interest. We are reminded that life itself is a train and the road to heaven a railroad; God's truth the rail; God's love the fire, and His promises the signal lights."

We are grateful for the Bible, thy book of rules and instructions be merciful in our examination; and look with charity up on our failures.

Grant us passes for our wives and children and let them go with us. When the storms of temptation and trial come save us from the fatal slide and washout that have wrecked so many trains on the road of life.

As we make our last run, headed homeward, if it be thy will, order our train on time. Let the light of thy promises burn bright to the last dark tunnel of death; as we run through it to the grand Central Station of the skies may we have the approving smile of the General Manager and Superintendent, sign with joy the pay roll, receive our wages, and have an eternal lay off with God and the angels and the loved ones at home; and will praise thee forever. Amen."--Exchange.

The second annual concert of the Choral Union was presented to a fairly large audience at the Graded School auditorium last Friday night.

The Union is composed of about sixty two voices who under the direction of Prof. Wade Brown of Raleigh, gave proof of having had excellent training.

The house was filled with laughter when "O Moment that I Bless was rendered by Mr. and Mrs. Brown, the climax of this selection being reached when Mrs. Brown, looking majestically into her husband's eyes, responded with the words, "I love you."
