To the Republican Voters of North Carolina.

Pursuant to a resolution passed by the Republican State Executive Committee, at a meeting held in the city of Greensboro, N. C., on the 27th day of May, 1910, a State Convention of the Republican party of North Carolina is hereby called to meet in the city of Greensboro, N. C., at twelve o'clock noon, on Wednesday, the tenth day of August, A. D. 1910.

This Convention is called for the purpose of nominating a Chief Justice and two Associate Justices of the Supreme Court of North Carolina, to ratify the nomination of Superior Court Judges in the various districts where candidates for judge are to be nominated this year, to nominate two Corporation Commissioners, also to elect a Chairman of the Republican State Executive Committee and one Committeeman from each Congressional District, the last named to be designated by the district delegation when assembled at the State Convention and to transact such other business as may come before the convention.

The plan of organization requires that delegates and alternates to the State Convention shall be elected by duly constituted county conventions, called on at least fifteen days notice of the time and place of such conventions. Representation in county conventions shall consist of one delegate and one alternate for every twenty-five Republican votes, or fractional part thereof, cast in the precinct for the Republican candidate for Governor at the previous election, and in all other conventions one delegate and one alternate are apportioned to every one hundred votes, or fractional part thereof, cast at election for the Republican candidate for Governor. Provided, however, that each county shall be entitled to at least two votes in State, Congressional and Judicial conventions.

The county chairmen, as well as the precinct chairmen are earnestly urged to use all diligence in seeing that their respective counties and precincts are well and fully represented in the conventions, as well as to give their conventions when called the widest publicity. Let us urge upon you that the conventions in each county and township shall be conducted in such manner as to have full representation in the respective conventions, and let every voter feel that he has a voice in the affairs of the county.

SPENCER B. ADAMS,
Chairman, State Ex. Com.
T. J. HARKINS,
Secretary.

Frost-Holt.

A beautiful home wedding was solemnized this morning at the home of the bride's parents Mr. and Mrs. Jas. G. Holt when their daughter Miss Nina Fleetwood and Dr. John Samuel Frost were united in marriage. Rev. P. H. Flemings pastor of the Christian church officiating. The wedding march was played by Miss Mayme Best of Goldsboro, while Miss Byrd Daily sang a very pretty solo.

The parlor was attractively decorated with ferns and evergreens presenting a very inviting appearance to the guest.

The beautiful display of exquisite cut glass, silver and china exhibited bore evidence of the popularity of the happy couple. The bride was beautifully attired and never look prettier, carrying a bouquet of bridal roses. Miss Holt is a very attractive and accomplished young lady. Is a graduate of the Burlington Graded School winning highest honors in her class, also a student of the Greensboro Female College.

Dr. Frost was born in Davie County received his preliminary education at Oak Ridge, entered the Baltimore College of Dental Surgery receiving his professional degree in 1908. He has been located in our midst about twelve months during which time he has made many warm friends and built up a business which would be a credit to many dentists of much longer experience.

The bride and groom left on train No. 21 for their bridal tour, during which they will visit, Washington, Baltimore, Philadelphia, Atlantic City and view the historic scenery up the Hudson River. They will return from New York, to Norfolk by boat returning to Burlington about the 18th of June. They will board about six weeks and begin housekeeping about August the first in the beautiful residence formerly occupied by E. P. Davies.

We join the many friends in extending congratulations and best wishes.

City Air Dome.

Messrs. E. May and Odie Crawford the hustling managers of the "Grotto" are erecting a large Air Dome in the beautiful grove on the office lot owned by the R. R. Company. This Dome will be completed and opened for business Monday night June 13th and will enable the owners to give better attractions and accommodate larger crowds. The seating capacity of this Dome will be 750. All arranged so as to give good view of stage. To accommodate the patrons during the hot summer nights refreshments will be served inside the Dome. Remember the opening Monday night June 13.

Snow Camp Items.

Thomas C. Hodgin attended monthly meeting at Cane Creek Saturday, and preached helpful sermons Saturday night, Sunday and Sunday night and left Monday for his home in Chowan co. to return again the first Saturday in July to fill his appointment as usual.

Prof. Z. H. Dixon and family of Yadkinville, N. C. are visiting friends and relatives here this week.

Mrs. Dorcas Pike of Rocky River neighborhood is visiting her sister Mrs. Jemima Staggs this week.

Mrs. Paris McPherson, of Burlington visited relatives here last week.

W. P. Henly who has been attending the State University, came home last week to be with his father a few days.

Wonder why S. H. McPherson is looking so bad since Saturday night. Perhaps a certain girl in the neighborhood can give us some information.

John M. Stout who met with the sad accident of breaking his hip a few weeks ago, died at his home June 4th and was buried at Pleasant Hill June 5th. He lived about two months after his 100th birthday.

All animals have a weather instinct, the approach of rain is indicated by the flight of swallows, by cries of waterfowl and by the actions of cows and pigs.

ELON COLLEGE NOTES.

Special to The Dispatch.

Elon College, June 3rd, 1910.—The 20th annual commencement of Elon College is now a matter of history. The gaily, the dignity, the gallant dressing, the joys and the sorrows of it are past. The college campus is quiet, the village seems asleep as it always does following the gay commencement season. The weather this year was ideal and the audience was large, usually packing the college auditorium to its capacity with many to be turned away. The only regrettable circumstance was the illness of President Moffitt whose affliction cast a shadow over the commencement during the entire time. During the year President Moffitt has labored earnestly and zealously in an effort to raise the \$50,000 endowment and in this proposition he has made much success, at the time he was taken sick having raised \$15,000. It is hoped now that will be able, after a rest during the summer to assume the active functions of the office of president at the beginning of the coming year.

The commencement exercises began this year with a play by the Dramatic Association entitled Valley Farm, which was given on May 27th at 8 p. m. The members of the club had been thoroughly trained for this by Miss Bessie Urquhart, director of the department of expression, and acquitted themselves with credit and distinction. The characters were as follows: W. F. Warren, W. H. Fleming, C. C. Fonville, Arnold Hall, J. S. Lincoln, and D. C. Holt; and Misses Beulah Foster, Bessie McPherson, Sadie Fonville, Carrie Boyd and Macie Farmer.

The second event of commencement was the class exercises which occurred on Saturday evening, May 28th, at 8 p. m. In this exercise, those members of members of the graduating class who had not been chosen as representatives to speak for the class at the regular graduating exercises on June 1st. The program was as follows: Piano Solo, Miss Macie Farmer, Class History Miss Nannie Emma Farmer, Poem A. C. Hall, Music, Prophecy Miss Macie Farmer, Presentation Oration, A. C. Hall, Mantle Oration C. C. Fonville, Music.

At the closing of the program L. E. Smith, President of the class, presented the college with a handsome druggist and two rugs for the college rostrum, as a token for the appreciation of the love and loyalty of the class of 1910 for its Alma Mater. This gift was accepted on behalf of the college by Prof. W. A. Harper, acting dean.

The Baccalaureate sermon delivered to the graduating class and a large company of friends and visitors at 11:30 a. m. on the 29th of May, by Rev. A. W. Lightbourne, Ph. D. Pastor of the Peoples church (Christian) of Dover, Del. It was to all a treat, a masterpiece both in thought, in expression, and in delivery. Dr. Lightbourne said in part: "There are two forces or substances in the world, and they have been here from the beginning—matter and spirit—and that the relationship between them is a cosmic creature containing in Himself the epitome of the world and the image of the world's Creator. He then went on to show the mind of man how it brings him into vital relationship to duty and makes of him the ever-lord of the universe. He spoke of the intellectual faculty of man as the finest native gift from the Creator and said that he was glad that man was a free moral agent.

He said he would rather have the power to do wrong and to do it than not to have the power to do wrong and not to do it, for unless he had the power of free action he would be an automaton, a thing.

Coming to the denouement of the sermon, Dr. Lightbourne said that there was one passage way which this intellectual faculty, man's supreme endowment, which is unsurpassed by any other national faculty could not enter. Over this passage is written in glittering letters the word "supernatural." It is impossible for man unregenerate and unin-

spired by God to understand, to enter or appreciate the supernatural in himself and in the world about him—and so it is religion, revealed religion, the necessity of a well rounded faith in the Bible, is the confidence in the stability of the Bible, for it is in the custody of the protection of the Holy Spirit is in it and in it.

Lightbourne's closing to the graduating class emphasized character, duty, confidence and enthusiasm and complete with wholesome admonishing verbal expression. Lightbourne also preached an excellent sermon in the Auditorium Sunday evening 6 o'clock in place of the Christian Endeavor service at 8 p. m. the society representatives rendered the following program:

Orchestra. Oration, New Citizenship, Edgar T. (Philologist) N. C. Essay, Conservation of Our Natural Resources, Miss Bessie Pherson, (Psiphelian) N. C. Music—Orchestra. Oration, Finished Voyage, Jennings (Clio) Va. Oration, Marvin Walter McPherson, (Philologist) N. C. Music. Essay, The Old Days Harvest of Books for 1909, Miss Beulah Franter, (Psiphelian) N. C. Music, Dives and Lazarus, R. Walker (Clio) N. C. Music.

May 31 at 11:30 a. m. the Daniel Albright Long D. D. Graham, N. C., delivered an annual Literary Address. On occasion Dr. Long was at and captivated his audience with his eloquence and his of expression. His subject was the Literature of the Bible in connection with which he said as follows: "The Bible is our learning, not less our religion. The Bible is the basis of our civilization not less than of our religion. The Bible is our salvation. It is the of our devotion and the of our hopes. There is in the world as true a as it is as true as Emerson appears, Milton, Virgil, or Shakespeare."

The world of letters there a more important work toward than the translation of the Bible, which will soon be the classic book of every tongue and it alone is al and indigenous on every every era, beneath the sky. "The literature of the Bible has so changed the laws of the world that the fellowship of nations is already recognized. The grading of the great jurists and of all tongues impressed with the fact before the coming of Christ. Nations had certain international laws, but they were partial were never constitute science. Today Christian and nations are the common of opinion among men."

Long then took up in detail the composition of the literature of the Bible, comparing it with the literature of different nations and people, showing a grasp of the subject and a acquaintance not only the literature of the Bible, but what the world is pleased with in every land. Showing that whereas Egypt had its mummies, sphynxes and pyramids, whereas Babelon had left us heaps of ruins and Greece and Rome a mass of pagan literature and the models of beauty in art. Israel's high privilege to be the world the bible, worth to the world than the books of all the other nations of the world.

The Alumni business meeting was held at 4 p. m. May 31st the Alumni Scholarship, which is awarded to member of the Junior who in the opinion of the faculty for that purpose, most deserving, was awarded to J. S. Summerfield, N. C. Officer of the Association were as follows: President C. Wicker, Vice President E. Newman, Secretary J. A. Harper, Tres. Mrs. J. A. Harper.

OUR RALEIGH LETTER.

Special to The Dispatch.

Raleigh, June 4th.—Yesterday afternoon Governor Kitchin issued his proclamation calling the General Assembly of North Carolina to meet in extraordinary session on Tuesday, June 14th, for the purpose of considering the emergency resulting from inability of the State Treasurer to sell the \$3,430,000 4 per cent forty year bonds issued to redeem the bonds of the state falling due July 1st and of enacting legislation to secure the needed funds. The governor has written personal letters to all the banks in the State asking that a conference of bankers be held in Raleigh on June 8th, and the State Treasurer, for the third time has advertised for bids to be filed by June 10th. If this conference of bankers and the bids made June 10th result in floating the balance of the bond issue, then the call for an extra session of the legislature will be revoked.

The extra session of the Legislature will cost the tax payers of the State at least \$25,000. When the extra session meets the Governor will recommend some means of meeting the crisis. The rate of interest may be increased to 5 per cent, but it is by no means certain that the bonds can even then be floated. The country has been flooded with circulars from a New York syndicate representing the old special tax repudiated bonds and these circulars are designed to prevent banks outside of the state from bidding on the bonds and are having a serious effect. The extra session may provide that the Council of State borrow money and attempt to float the remaining part of the issue this way. The State might pledge its North Carolina Railroad stock to secure a temporary loan. If the Republican party was in power and failed to meet the bonded indebtedness of the State and had to call a special session of the Legislature there would be a howl from the Democratic press all over the State. The situation is indeed critical and the credit of North Carolina is at stake.

The Democratic politicians will strive to restrict the session to the bond question, it is believed but it is not certain that this can be done.

A. J. Maxwell who was formerly clerk in the State Senate, has been appointed clerk to the North Carolina Cooperation Commission to succeed Henry Clay Brown, who was appointed to the vacancy on the Corporation Commission.

The spring term of the Federal Court, Judge Connor presiding, ended this week. The criminal docket was not heavy. Many prominent lawyers were here engaged in the million dollar suit of the Ware-Kramer Company against the American Tobacco Company which has been hanging fire for several years. The case did not come up for final argument. The federal grand jury recommended an enlargement of the government building in this city.

The women of North Carolina are taking an active part now in public affairs. In the Methodist Church Conference woman asked that her share be enlarged and suffrage granted. The Charlotte women are agitating a six o'clock closing of the stores during the summer months, and the Woman's Club of Raleigh ask that its members have a say-so in deciding the site for the new market house. Raleigh is now erecting its \$125,000 municipal building; plans will soon be adopted for the new market; work has been begun for repaving Fayetteville street and beautifying the parks, while the Citizen's Committee is still arguing that the railroads should build a new union station instead of repairing the present one.

The Wake County Republican Executive Committee met in Raleigh today and set the date for Republican primaries and county convention. The primaries will be held in the various precincts on July 30th, and the county convention, which will name delegates to the State,

With the City Fathers.

The city Aldermen met in regular session Monday night and transacted the regular routine of business. The minutes were read and the resignation of Mayor Barrett was accepted and then the tug of war began. Mr. Barrett acted as chairman to the board as a matter of courtesy, announcing the election of a mayor was in order, and invited anyone present who had a name to present to name it. There upon the Democrats who swear that Republicans are the only people who love pie, made a dash to get their friends and favorites to the pie counter. Mr. E. L. Graves placed in nomination Ex-Sheriff L. B. McAdams, Mr. E. O. Guthrie named E. A. Murray, H. Lee Fowler named his associate on the board J. H. Freeland, Mr. W. C. Thurston named C. R. Love.

Then the contest for pie began, ballot after ballot was taken without result. Finally none of the nominees seemed to suit Mr. J. M. Atwater, and he asked to be allowed to name a man to suit him and after some wrangling this was permitted, although the nominations had been closed an hour or more. Mr. Atwater named a Confederate soldier, in the person of Mr. John L. Davis, and then the tug was resumed. But Mr. Atwater soon learned that Confederate soldiers was not in good demand with the gentlemen who compose the board, and his man was soon lost in the shuffle. The Ex-Sheriff McAdams whose name had previously been placed in nomination, and who had been assured he could and would be elected, if he would allow the use of his name, seeing that a man who had opinions of his own, and dared to think for himself, had no show to win with the crowd doing the manipulating, withdrew and left the hall thoroughly disgusted, if not indignant.

This however is not the first experience the Sheriff has had with Democratic politicians and he should have known better, but as a rule a Democrat don't mind taking chances when an office is in sight, so the sheriff allowed himself to be fooled once more, but we venture that the taste of pie will never tempt him again. After the sheriff withdrew, the balloting continued with more or less changing and swapping until it looked as if a dead lock was on, when the acting chairman suggested that if the Aldermen would take a recess for ten minutes and confer he believed they could get together and elect some one mayor, a recess was taken for ten minutes after which the tug became more furious and the determination of each faction to win more violent. This tension was kept up until about 11:30 p. m. when upon the 84th ballot the trick was turned and C. R. Love was elected mayor, having received five of the eight votes composing the board.

Consternation, chagrin and disappointment was plainly visible upon the faces of all present, except the mayor elect who came forward smiling, and thanked the Alderman for the honor conferred and was sworn in by Squire H. F. Moore, Mayor Love then re-elected the acting chairman and after a motion or two was disposed of, the board adjourned to meet again Friday night. Every body departed for home thoroughly disgusted and wondering how it happened any way, which will become more easily understood as time wears on. As citizens and having the future welfare of the city at heart let us, forget all that has passed, and hope that the newly elected will make good trusting that no great disaster will overtake us while Love lasts.

The City Air Dome will open Monday night June 13.

Congressional and Judicial conventions and nominate the county and legislative tickets, will be held on Saturday, August 6th. The Republican party in Wake county is in splendid condition. Wake county holds the banner for the greatest Republican gains in the last election and the Republicans are preparing to take every advantage of the split in the Democratic ranks.

Continued next week.

Alamance Gleaner.
Dr. H. H. Powell of the University Medical College at Raleigh arrived here on yesterday and will spend the summer here with Dr. Walker and assist him with his practice. We are glad to welcome Dr. Powell to our town.

Col. and Mrs. J. A. Long were called to Greensboro last Thursday on account of the serious illness of their little granddaughter, Mr. and Mrs. R. Jess Mebane. The little one aged about two years, died Friday morning. The bereaved have the sympathy of a host of friends.

W. H. Wolfe, Esq., of Bryan township, went down to Chapel Hill the latter part of last week to attend the commencement at the State University and to be present at the graduation of his son, W. C. Wolfe. Mr. Wolfe's son, W. C. Wolfe spent Sunday night in town and went down on the early train Monday morning to Chapel Hill. He also goes to attend the commencement.

A petition is being circulated asking the Atlantic Coast Line R. Y. in the event they put on an early morning passenger train from Fayetteville to Wilmington to extend the run to Sanford, and start at Sanford in the early morning instead of Fayetteville. Such a schedule would be a great accommodation to the people all along the line.

Six blind children, residents of this and adjoining counties, who have been in the State school for the blind, at Raleigh, arrived this week to spend the summer at their respective homes.

W. S. Fletcher, of Purlear, who attended Whitsett Institute at Whitsett, Guilford county, the last session won a handsome gold medal in a close and spirited declamation contest with several other bright young men at the commencement exercises. This is a much coveted honor and is only given to those who proved themselves efficient.

Wester Weekly.
On last Monday the County Commissioners let the contract for the new jail to the Camden Iron Works, of Salem Va. This company put in the lowest bid of \$15,000. This is considerable a very reasonable price for a building after the plans and specifications. The contract calls for the completion of the building within six months.

W. H. Leader.
Some miscreant has been mutilating the young shade trees in W. W. Burke's front yard on Pine street, this city, and it is understood that the police are making an effort to apprehend the fellow who takes delight in the destruction of property.

Wade Hampton, of Dobson, spent Monday night in this city and left yesterday morning for Washington, D. C., where he goes to accept a position in Census Department. He will probably take a post-graduate course in law while there.

Commissioner A. L. French fainted and fell in the hallway of the court house at Wentworth Monday. We regret to hear that he sustained ugly wounds, about the head.

The building committee appointed to solicit subscriptions for the erection of a Methodist Protestant church here report pledges in hand amounting to nearly \$1,500. As soon as the committee raises \$2,000 they will begin work on the edifice when completed will cost about \$3,500.

Wilmington News.
A mad dog ran amuck last week and it is feared bit over fifty dogs before it was killed by a policeman in front of the market house. One man, a negro butcher, was badly bitten on the hand. A movement is on foot to muzzle all dogs on the streets.

Rev. L. S. Massey, of Oxford, has been elected to the editorship of the Raleigh Christian Advocate to succeed Dr. T. N. Ivey who retires to become editor of the Nashville Christian Advocate.

Sunday and will leave Friday for Memphis, where he will become pastor of the Central Baptist church. His family will remain in Greensboro until July, going from here to Blumont in the mountains of N. C., to spend the remainder of the summer.

While coming to town Saturday morning O. U. Ingold killed a monster water moccasin snake at the concrete bridge across South Buffalo, on the Alamance church road. His snakeship was three feet and ten inches long and measured six inches in circumference. Mr. Ingold believes it is one of the largest reptiles killed in that locality in a long while.

Sanford Express
From the evidence of witnesses examined in the Federal Court at Raleigh last week it developed that there is a regular association of blockaders in the Spout Spring section. The member of this association are bound together by severest sort of oaths to protect each other to the limit. They pledged that in the event one is captured he shall under no circumstances divulge the name of any other member of the association. It is thought that this organization is growing and that it is now organized in the counties of Lee, Wake and Durham.

Mrs. Martha Hughes, widow of the late John Henry Hughes, died at her home at Cedar Grove on Friday, May 27, aged 72 years. She is survived by her son and five grandchildren. The funeral services were held from the Methodist church at Cedar Grove Sunday morning and the interment was made in the cemetery at that place, Rev. Mr. Wilhelm, of the Presbyterian church, conducted the services.

Leaksville Gazette.
The killing of a colored man in Ridgeway last Sunday by special police officers who were on duty because of a negro excursion to that town was an inexcusable and much to be regretted affair. The unfortunate man was simply running from one train to another, when, for some reason, the officers imagined that he was a fleeing felon, and opened fire upon him, killing him instantly. The dead man was from Martinsville, where he was known as an inoffensive fellow, and was certainly conducting himself properly when killed by over-zealous officers.

The agony is over and Love reigns supreme.

Two factions scrapped it out, but Love won in the end.

If they had to do it over again the result might be different.

Accidents will happen in the best regulated Democratic households.

We should all be happy now, living in a city presided over by Love.

We have our own opinion about it, but since it has happened it's no use to tell.

What difference does it make how many factions we have so it all ends in Love.

What are those who don't like it going to do about it anyway, now that it has happened.

We may not be dwelling in unity and brotherly love, but we are dwelling in Burlington with Mayor Love.

Some people don't mind eating crow and swearing they love it, although it causes a deadly sickness at the stomach.

If you didn't get what you want, remember there is another day coming, try it again. But do not get fooled the same way.

Well, they say it was an accident after all, but who knows. Those that know won't tell and those that don't can't, so there you are.

How much longer will Democrats boast that they, and they alone possess all the brains and executive ability to make laws and rule municipalities, and if they should continue to make this proud boast, how much longer can they make a long suffering public believe.

It seems that the Wake county anti-ring Democrats are not only stealing planks from the Republican platform, but are taking Republicans and placing them on their tickets. Pretty hard pressed, don't you think.

The second time in three years has the legislature of North Carolina been called in extra session to remedy evils enacted by these reckless body's. It is only a question of time until the people will reject such recklessness.

We presume there is great rejoicing in the camp of the Democracy over the return of Thos. E. Watson to the fold. Has Mr. Watson really returned, or has the Democratic party gone over to him? Most likely the latter.

It occurs to us that we remember some of the big guns of the Democratic party going up and down the State a few years ago, proclaiming from the house tops that the State did not owe a dol-

lar. But how is it today? The State finds itself facing a debt of nearly \$3,500,000 and the condition of her credit such that it cannot sell the bonds to meet the debt. This is one of the results of reckless, wild cat legislation and some more Democratic good government.

We note in an exchange that a counterfeiting plant has been unearthed in the Missouri penitentiary. There is no telling what could be found in the North Carolina penitentiary, only a few months ago a convict was killed, who it is said was in a drunken condition. Where did he get the whiskey?

Mr. H. L. Fowler said in nominating Mr. Freeland for mayor that he was entitled from every right to be mayor of the city of flowers, but it seems that he was mistaken in the name, for it turned out to be the city of Love. Well the two go together very well and we will just call it the city of Love and flowers.

Did you ever hear Democratic politicians abuse the American Tobacco Company and bemean them to every abuse that tongue could utter, if so you will hear them sing a different tune now because this same robber trust is going to help the Democratic administration out of a bad dilemma to the tune of a cool million, and the worst of it is they are going to accept the money.

Josephus Daniels says that the worst Democrat in Wake county is better than the best Republican. Well, this may be true in his estimation, if this be true, then he does not care much about the company he associates with, as it is proven beyond the shadow of doubt that several of the candidates selected by him for the various county offices in Wake county are Republicans.

What surprises us most is that the Democratic administration of North Carolina has not been able to make enough money out of the penitentiary to pay off the bonded indebtedness of the State. If one is to believe their reports it would go a long way towards liquidating the debts, but they are Democratic reports, not made for their stability, but to sound loud.

All that has happened in connection with the mayoralty contest proves more convincingly that it is about time the men who have labored in season and out to make Burlington what it is should get their heads together and take steps to come into their own again. Do away with parties, cliques and factions in city affairs and select men who have had the training, experience and who possess the judgment necessary to make a live progressive city. As long as politics and factions are taken into consideration, just so long will our growth and material progress be retarded.

Political Capital Nothing.

"The bonds to be refunded are an old debt refunded. They do not add a single dollar to the State's indebtedness. This for the information of the 2x3 little Republican editors who are trying to make political capital in North Carolina out of the stringency in the money market in every part of the United States."

We all know that the bonds to be refunded are an old debt refunded, and that too after the Democratic calamity howlers had gone up and down through the State proclaiming that North Carolina did not owe a dollar, when as a matter of fact everybody knows it is heavily bonded and the end is not yet in sight if they keep up their present gait.

We are not, and shall not try to make political capital out of the State's misfortunes, but we shall do all in our power to show the Democratic blunders up to the people in such a light that they will bury the Democratic

party in North Carolina and elect a party that is competent to manage the affairs of the Commonwealth, a party that stands for principles, not offices, graft and greed.

We may be 2x3 in Josephus' estimation, but little we care, if such is the case. No doubt he wishes the little Republican newspapers in North Carolina were such sheets, the wish is father to the thought. But Josephus sees the drift of the tide and is casting slurs at those who dare to expose Democratic rottenness.

Will not add a dollar to the States indebtedness! Do you think the people of North Carolina will believe this? When right on the front page of the same issue containing the above squib, were glaring headlines, "General Assembly called in extra session June 14th." Do these legislators go there for nothing and board themselves? Not much my dear. It will not only cost the State several dollars, but several thousand dollars and what for? To undo something they had no business doing when they were in regular session.

Spanish telephone companies make their charges according to the occupation of the patron. Social clubs labor under the highest rate.

We note that the American Tobacco Company has bid for a million dollars worth of the State bonds in order to help the State out of the hole, which the last legislature placed it. But we presume that the bid will be returned unopened, because surely the Democratic administration would not want this tainted money, coming as it does from a robber trust and arch enemy of the State of North Carolina whose sole business is robbing the farmers and ruining independent competitors, according to Democratic testimony. If all you have said about this robber trust be true Governor Kitchin return the bid by all means.

While responding to a fire alarm one day last week the chemical wagon of the fire department of Wilmington in turning a corner struck the curbing and turned turtle. Peter N. Fick, a foreman of the company, was partially caught under the wagon and received painful bruises about his legs, and it is feared that he may have been internally injured. Henry Wright, another fireman, was also painfully bruised. The wagon was badly smashed, but neither of the horses was injured.

Ends Winter's Troubles. To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins proves this. A VOICE FROM SOUTH ALAMANCE

Mr. Editor: We noticed in last week's issue of your valuable paper an article written by "A Tax Payer," asking for a Square Deal from the Town Street Committee, of Burlington, in regard to the building of the streets in said town.

We think this article all right and proper and we do not blame citizens of Burlington for demanding a square deal if they are not getting a square deal. But we, the tax payers of South Alamanace, desire right here and now to call the attention of the proper authorities of Alamanace county to the fact that we are not getting any deal at all in regard to the improvement of our roads in this part of our county.

We have not had a lick of work done on our roads since the Bond Issue was carried save perhaps a little scraping by the County road scrape on a part of our roads. Now, about that? Are we getting any deal at all? And not only that, some of us paid our road tax of \$1.65 last year, while others did not pay one cent and did not work a lick on the roads. Now what kind of a deal do you call that? I suppose those who did not pay and did not work any might be satisfied with the deal they got, but how about the other fellow who pays tax and gets square in return? Does he get a Square Deal when he pays out his money for tax for the improvement of his roads and for the maintenance of the said bonds and has to travel over roads all washed out and bridges broken in so much that they are dangerous for the traveling public? This is what he gets if he travels over the roads in this part of our county, for such is the condition of our roads. Now who is to blame for this state of affairs? Can we place the blame on either one of the political parties, when both parties had speakers out advocating to the public the issuance of said bonds for the improvement of our roads.

Understand I am in favor of good roads, but I am not willing to be taxed for a thing which is of no benefit to me or to the community in which I live. Yes, speakers were sent out by both parties advocating the bond issue and they actually made the people of South Alamanace believe that they would build a macadamized road from Burlington clean down south to the Chatham county line.

It has been said that you may fool all the people a part of the time and part of the people all the time, but you cannot fool all of the people all of the time. But you can put out smart slick tongue men and let them advocate anything and they will get a large following. Why? Because our people do not read and study as they ought to and think for themselves so that they might have a mind and opinion of their own; they should have intelligence enough not to be led by other men who wish to carry their point at the expense of others, and to do this they should keep posted as say, that is read and study and thus be able to face any issue when it comes up.

Now I truly believe that if a vote should be taken again on the bond issue that there would be lots men who voted for same that would vote against the issuance of same, and why? Because they have been fooled; they actually believed that they would get good road in their own section, but instead they find that they gave us worse roads than we had before, because as I have said before they have not had any work to any amount since the issuance of said bonds, no not even the local labor. We have no overseers except the County Supt. of roads whose salary, we learn, has been raised from \$600 per year to \$780 per year. This is where a part of our taxes go—to keep up salaried men who give no benefit to the tax payer.

We repeat: Are the present Democratic board of County Commissioners giving the tax payers of Alamanace county a Square Deal? We believe in a square deal to every man and to every section of the county. We believe in local self-government. We believe in a protective tariff. We believe in a government of the people, for the people and by the people. Therefore we believe in the principals advocated by the Republican party and shall lend our influence to the success of that party, which party we believe is getting stronger and stronger until if we can get the people to read the State Dispatch

and the grand old Union Republican and learn of them the things which make up opinions of the right kind there would not be so much buping and selling votes at the election, which has gotten to be such a menace to every township, and which should be legislated clean out by making it a crime punishable by the courts and carrying out the law. What kind of citizenship have we when men who claim to have common sense and decent intelligence go to the polls and sell their privilege and citizenship to the highest bidder? All such should be disfranchised forever eternally.

Yours for a square deal, SAMUEL J. BUCKNER.

ELON COLLEGE NOTES.

Special to The Dispatch.

Crowded out last week.

Sunday morning at 11:30 o'clock Rev. A. W. Lightbourne, Ph. D. Pastor of the People's Church, Christian, Dover Del. delivered the Baccalaureate Sermon from the text, "That which I see not, teach thou me."

Dr. Lightbourne began his professional career as a minister having graduated from the Columbia University as a Doctor of Philosophy, and then from failing health went to California where for ten years he edited the "Pacific Argonaut" which is the distinctly literary journal of the Pacific Coast. He then returned to New York City and became Editor in Chief of the "New York Mail and Express," which position he held for eight years until he returned to the ministry.

His sermon this year to the graduating class was exceptionally fine and merited the generous commendation which it received at the hands of the large and appreciative audience which heard it.

Dr. Lightbourne said in part that there were two forces or substances—matter and spirit—and the relationship between these two forces or substances is expressed by mind so that man combining the two substances and that which expresses the relation between them is a cosmic creature containing in himself the epitome of the world and the image of the world's Creator. He then went on to show how the mind of man brings him into vital relationship to duty and makes of him the overlord of the universe. He spoke of the intellectual faculty of man as the finest gift from the Creator and he was glad that man was a free agency. He said that he would rather have the power to do wrong and to do it than not to do it, for unless he had the power of free action he would be an automaton, a thing.

Coming to the denouement of the sermon, Dr. Lightbourne said that there was one passage way which this intellectual faculty, man's supreme endowment, which is unsurpassed by any other natural faculty, could not enter. Over this passage is written in glittering letters the word "Supernatural". It is impossible for man unregenerated and un-inspired by God to understand, to enter into or appreciate the supernatural in himself and in the universe about him,—and so it is that religion, revealed religion as set forth in the Bible, is the absolute necessity to a well rounded man. Dr. Lightbourne expressed his confidence in the stability of the Bible, for it is in the custody and the protection of the One whose spirit indited it.

Dr. Lightbourne's closing words to the graduating class emphasized character, duty, consecration and enthusiasm and were replete with wholesome advice in charming verbal expression.

Dr. Lightbourne also preached an excellent sermon in the College Auditorium Sunday evening at 8 o'clock in place of the regular Christian Endeavor service using as a text "And Naaman was wroth and flew into a rage."

Dr. Lightbourne left on the midnight train Sunday night for his home in Dover, Del. where he went to look after the details in dedicating his new Church there on the approaching Sunday a very remarkable church indeed which has doubled its membership within the past twelve months.

Sunday afternoon at 6:30 o'clock on the campus at the campus bandstand the College Band gave a sacred concert which was largely attended.

Last evening at 8 o'clock in the Chapel the Literary Society representatives gave their essays and orations under favorable auspices. Music for the occasion was furnished by the College Orchestra.

The Representatives for the Societies this year are, from the Psihelia Society, Misses Bessie McPherson and Beulah Foster, from the Philologist Society, Messrs E. T. Hines and M. W. McPherson and from the Clio Society, Messrs. J. S. Lincoln and R. L. Walker.

The program rendered was as follows:

MUSIC—Orchestra.
ORATION—Our New Citizenship—Edgar Thurman Hines, (Philologist) North Carolina.

ESSAY—The Conservation of our Intellectual Resources—Miss Bessie McPherson, (Psihelia), North Carolina.

MUSIC—Orchestra.
ORATION—The Unfinished Voyage—Jennings Sipe Lincoln (Clio), Virginia.

ORATION—Flowers—Marvin Walton McPherson, (Philologist) North Carolina.

To-day at 11:30 o'clock the annual Literary address will be delivered by Rev. Daniel Long, D. D., LL. D., Graham, N. C.

At 4 o'clock p. m. the Alumni Association will hold its annual business meeting in the Y. M. C. A. Hall. This will be an important meeting. It will award the Alumni Scholarship to that member of the Junior Class who has won it. This Scholarship is good for two years and entitles the holder to free and tuition. It will elect an orator for the commencement and its own officers as transact other business matters of importance.

At 8 o'clock to-night the Annual Concert will be given by the music department.

On Wednesday June 1st at 11:30 o'clock will occur the graduating exercises at which time the representatives of the Senior Class will deliver orations and present essays.

The diplomas this year in the absence of President Moffitt who is sick, will be delivered by Rev. W. W. Staley, D. D. Suffolk, Va. for eleven years president of the College.

The Bibles will be delivered to Senior Class by Dr. H. L. Elderdice, President of the Methodist Protestant Theological Seminary in the United States, of Westminster, Md.

The Long Scholarship, the Wellons General Scholarship, the Morrow Thesis, the Stanford Orators' and the Moffitt Essayist's Medals will be delivered by Prof. Z. V. Judd, Raleigh N. C.

Certificates in Music, in Art, in the Business Department and in English will also be presented by President Staley as well as diplomas for the Master of Arts degree to Prof. Henry M. Loy and Rev. William T. Walters.

At 3 p. m. the Literary Societies will hold their annual reunion in their respective Halls.

At 4 p. m. the Art Exhibit will occur in the Administration Building first floor.

At 8 p. m. the Alumni address will be delivered in the College Auditorium by Miss Jennie Herndon, Ph. B. of Greenville N. C.

At 9 p. m. in the West Dormitory Dining Hall will occur the Alumni Banquet.

There is profound regret here that President Moffitt's condition does not warrant his physicians in agreeing for him to be present at commencement and to take part in the program.

Reform Will Go On.

After all, the awakened forces of a better political life were not dependent upon keeping Mr. Roosevelt for a second term as Governor. Neither are they now dependent upon running Governor Hughes for a third term or keeping him in reserve as a possible future leader and reformer in the practical politics of New York or of the nation. He has done what he believed to be his duty with courage, and he has won even the reluctant respect of his enemies. He will give his best service to the country on the Supreme Bench at a time when his powers have reached their full development. His immediate program at Albany may suffer setbacks, but if such a program rested only upon the force and conviction of one man its equilibrium would be unstable. There are many other capable and honest men in both parties in the State of New York; and those people of reform sympathies who have been content to read the newspapers and let Governor Hughes do the work will find it good for them to be compelled to take a more active part. That sort of reform which means honest and decency in legislation and government, regardless of silly talk about party orthodoxy and loyalty, may receive slight checks now and then, but it cannot be really defeated. The details of a primary-election law admit of many honest differences, but the fundamental object of purifying our political life is more important than details.—From "The Progress of the world," in the American Review of Reviews for June.

"Mr. Roosevelt always throws sixes," says the Rev. Dr. Newall Dwight Hillis. Now, where in a bunch of Sundays, did the good doctor pick up this knowledge of the value of throwing of sixes.

BROOKLYN TABERNACLE BIBLE STUDIES.

"A CRUMB FROM THE CHILDREN'S TABLE."

Matthew 15:21-28—June 12.

"Great is thy faith; be it unto thee even as thou wilt."—V. 28.
GOD loves the faithful and delights to have them trust in him. His chiefest blessings are for such. By reason of various conditions connected with our birth, it is not alike easy to all to accept the Divine promises and to shape life according to these, trusting that the rewards and blessings of the future will more than offset the sacrifices of the present. However, while only the faithful will attain the exceeding great and precious things of God's promises in this present age, we are glad that the Creator has still in reservation an inferior blessing for those who cannot exercise faith now, but who must be dealt with during the Millennial Age more along the lines of sight. Our present study well illustrates the Lord's grace towards those who trust him.

The Canaanitish woman was a heathen woman—one not an Israelite—one with whom the Lord had not entered into covenant relationship—one of those who at that time were without God and without hope, because the Divine provision for the blessing of the Gentiles was not yet opened up to them. When our Lord sent forth his Apostles to preach the Gospel, healing all manner of diseases and casting out devils, he instructed them to pass by all who were not Jews—Gentiles and Samaritans. His words were, "Go not into the way of the Gentiles and into any city of the Samaritans enter ye not, for I am not sent save to the lost sheep of the house of Israel." With a few exceptions our Lord's miracles were confined to the Jews. They alone were God's covenanted people. For this reason Jesus ignored the petition of the Canaanitish woman, crying "Have mercy on me, O Lord, Son of David! My daughter is grievously vexed with a devil." And later on he explained, "I am not sent but to the lost sheep of the house of Israel," and "It is not meet to take the children's bread and cast it to the dogs."

The term "dogs" was applied to the Gentiles by the Jews as signifying their inferiority. Our Lord merely made use of an expression common in his day, and still common in Palestine. But note the woman's faith: She replied, "Yea, Lord, yet the dogs eat of the crumbs which fall from the Master's table." What perseverance, what faith, was thus manifested! How evidently she believed the Lord to be the promised Messiah, the Heir of the throne of David! As Jesus intimated, she had more faith than a majority of the Jews. Her request was granted—"O woman, great is thy faith! Be it unto thee even as thou wilt." Her daughter was healed from that hour.

There are several lessons for us in this study. However degraded we may be by nature, by heredity, by environment; however outcast from God's favor, we may still know of the Divine compassion. The message is, "God is Love." If he chose first of all to manifest his favor towards Abraham's children, it did not signify that he had no love or care for the remainder of mankind; merely that the Divine purpose must flow out to mankind through Divinely-appointed channels and in God's due time. We may be sure that when we get to the standpoint of perfect knowledge in the hereafter we shall see wisdom in every feature of the Divine program. For instance, from the human standpoint it seems strange that God has permitted a reign of sin and death in the world for 6000 years, when he has the full power to speak the word and to overthrow the forces of evil and to inaugurate gracious influences of blessing for the deliverance of mankind from the power of sin and Satan, ignorance and superstition; to give light for darkness; knowledge of God for ignorance and blindness. Studying the Divine Plan of the Ages, we find the lesson to be that God will first select a Church class and subsequently use the elect Church as channels of blessing toward the world of mankind.

A little while, and the permission of sin and the trials and difficulties of the present life shall have served to chisel and polish the "very elect." A little while, and they shall be transformed to the glorious likeness of their Redeemer beyond the veil. And then a little while, and the blessings long promised to the world in general will be dispensed. The children of God will first be fed from this table, and then not merely crumbs will fall for the remainder of the race, but rich and bountiful provision, exceedingly and abundantly more than we could have asked or thought.

It is a great and important truth that many human beings are more or less completely obsessed by evil spirits—demons—not the spirits of human beings, but the "fallen angels, as the Scriptures declare. Many battle for years against these influences of demons and, because not rightly informed of the Bible teaching on the subject, they come more and more under the occult influences with danger of entirely losing their reason. It was probably some such affliction as this which affected the daughter of the Canaanitish. She seemed to realize that there was only the one quarter from which she could get help. Hence her importunity, when she recognized the Lord.

In another sense of the word all sin and sickness may be said to be afflictions of the devil, because all are either directly, or through heredity, Satan's work. Thus our Lord declared that Satan had murdered our race by his falsehood to mother, Eve—"He was a murderer from the beginning and abode not in the Truth." Through his lie our race has gone down into sickness, mental, moral and physical, and is going down rapidly to the tomb. Thank God for the great Deliverer; thank God also, for his great day of deliverance, the Millennial Age, now nigh at hand.

Romance of the Bible.

Wm. Bee.

None of the strange or romantic stories between Genesis and Revelation is to be compared with the story of the Bible itself of its translation and circulation and as dynamic force in the world of literature. It came down through a labyrinth of language, Hebrew, Arabic, Greek, Latin and Anglo-Saxon and encountered foes to its existence at every turn in history. Tynard, the father of the open Bible, was burned at the stake and his books destroyed; but the attempt to stamp out the Holy Scripture but served to stimulate its spread until today it is literally true that the Bible read from Greenland's icy mountain to India's coral strand and holds the world under a more powerful spell than any other piece of literature.

With all the societies from the distribution of the Bible, Mrs. Russell Sage has just given the American Bible Society a half million dollars for the publication contingent upon its raising a similar sum, for its further dissemination. This amount is said to be needed to meet the demand for copies of the Bible in foreign lands where it is read and preach in a countless number of tongues. Whatever may be or thought as to the divine inspiration of the Bible, it is the Book of Books, the old that is ever new.

It would be premature, if nothing more, to speak of the union of the Pennsylvania and New Haven roads; but perhaps it would not be so far wrong to say that their engagement is announced.

The new Sultan of Turkey is said to be suffering from sixteen distinct and separate diseases, seven of which are incurable. The European bomb throwers will put that in their pipes and smoke it, surely.

R. A. Coble of Burlington was a pleasant caller at W. P. Shepherds and W. W. Coble Sunday. Eli Euliss attended the commencement at Chapel Hill last week. Seems to be some attraction down that way for him. As he reported a fine time. We think that's fair enough. Several of the farmers have bought new reapers and will begin harvesting in a few days. Misses Julia and Lizzie Fogleman and Lala Greene attended the Commencement at Elon College last Wednesday. Many thanks to Misses Genie Euliss, Janie Clapp, W. B. Shepherd and J. C. Isley, for the nice peaches and apples. Gee! it is nice to be a mail carrier. Especially on No. 10. V. D. Graves and Miss Flossie Shoffner was united in marriage Saturday evening by Esq. J. A. Loy.

The new bridge across "Stinking Quarter" near Patterson's mill which has been in course of construction for several weeks under the supervision of Dady Moser was practically completed last Saturday and to say that it is a dandy and second to none in the county would not be exaggerating it any and the change in the road at some places which has been worked up by the county force, under instructions of our able Supt. Thompson is a model due. No where was a road and bridge more needed than at this place and the people of Southern Alamance appreciate it much. The people of the neighborhood planned to show their appreciations for same by arranging a picnic and inviting the County officials to take part in same. This was pulled off Saturday in great style and the magnificent dinner refreshments showed that no work had been spared to make this the best picnic that was ever pulled off in this part of the county. Miss Ford Hammer of Durham is at A. R. Spoons for two week visit. Mrs. W. L. Spoon and Marvin went to Chapel Hill Friday to visit relatives. Luck to the little girl that visited Oran Coble Saturday. Number of our young people are at home from school for vacation.

Curry Bryan and Archie Cook were callers on No. 1 Sunday. W. J. Brooks and Miss Effie Wyatt visited at Miss Elizabeth Homewood Friday evening. We are sorry to note the death of Sidney Jerrell, who died Wednesday and was buried Thursday at Graham. He was one of our oldest and kindest men of No. 1. A. R. Spoon has put him up a new 'phone line, also has Dr. Isley. We were glad to meet our friends Earn Ingle of No. 9, today who treated us to half a dozen of the nicest peaches that we have seen for years, we also have been remembered since last writing of our patrons by fruits vegetables and etc. Thanks. C. C. Shoffner and wife of Greensboro visited on the route last week. Ernest Cheek who has been clerking at Stainback for quite a while returned home last week to spend the summer. Eldermont defeated Highland boy Saturday evening in an interesting game of ball. Dr. L. G. Coble of Greensboro spent Saturday and Sunday with his parents on this route. N. D. Graves and Miss Flossie Shoffner were united in marriage Saturday night at Glenwood farm Esq. Loy officiating. Our good friend carrier No. 7, who is noted for economy tried a new way to feed his cat Sunday. He placed some "fish gravel" in a small tin can thinking the cat couldn't reach it placed it on the hearth thinking that it would last the cat indefinitely, but the cats head was smaller than he thought and was able to get to the gravel, but it was all gone, the fun began as the cat couldn't get the can off of its head so the cat began to cut all sort of shins. After No. 7 looked at the cat for a minute or so, he made for her with both hands and feet, after finding himself not able to free, the cat, he call for his wife who at once came to his aid. Then 7 laid hold on the can, while his better half grabbed the cats hind legs and began to pull, after stretching the poor cat about 3 feet the can pulled off No. 7 busted the floor as if he had been shot. They say he is in worst shape than the cat this week, but he has gone back to his old way of feeding the cat economy or no economy.

See us about it if you desire to sell that property at the price you swear it is worth this month. Bellemont's first and second ball teams played a game Saturday. The score stood 7 to 19 in favor of first. The second nine played fast ball, but stood no show against the "big nine". W. B. Garrett visited at W. L. Spoon's Sunday evening. Misses Maude and Flossie Isley visited Mrs. Suffrony Justice at Bellemont Saturday night. Jacob Sharpe visited his sister, Mrs. Lewis Coble, Saturday night and says he enjoyed that ice-cream fine, but would have liked it better if his best girl had been there to help him. Squire and Mrs. John Dixon were at Lewis Coble's Sunday when that ice-cream "got right" and you may know there was something doing with John on deck and plenty of cream around. Sidney Russell was also there, but we leave it to your imagination as to him. He failed, however, to fill his regular appointment that night and it is whispered around that some one may have tangled or broken the string he and Permella were fixing to tie into that lovers knot. J. K. Isley and family visited at Alamance factory Saturday and Sunday. W. B. Sharpe had new beans on May the 31st. Blonda McKeel is visiting at Mr. Alvis Sharpe's. Our patrons are all so busy that news items are scarce this week. Altamahaw No. 1. Items. We have been requested to rename our items and call them Shiloh Items, as Altamahaw town claims that we are taking their grounds and privileges. We will now hold up a while and give

these people a chance to send in items if they want to. Now, Altamahaw, whack away. We will not mention Buck and John Faucette's name so often, as we have been criticized for same. We would like to make mention of Mr. George Brooks. he is a good Christian man and a fine farmer. Peter Cook, the miller at Watlington mill, closes his eye when the sun shines hot. Bob Cook lives on the Brooks Watlington farm has good nice level land is doing the farming. The Sheppard boys down on the road farther are also good farmers, and make a lot of wheat, corn and tobacco, and make fine axe handles for sale. And uncle Riley Sutton is a good, Christian gentleman and a good farmer, and uncle Dan Rippy is as dry as a chip, but when you come lip he has got a plenty of it. Uncle Dan and aunt Deal Kernodle are not farmers but they can't be beat for accommodation. We will not forget Dr. and Mrs. Kernodle. they are all right, too. Curry Cobb has three boys with hookworm. Dr. Weatherly is treating them. Uncle Alex Walker had to leave church Sunday, he was taken sick. He was able to go to work next day. J. N. Reid and J. H. Gilliam has some mighty rank wheat tangled and down on the ground. Wheat crops are fine in Morton's township and we will have to start our binders in a few days. Capt. Faucette has about recovered from his fall on the stump. Mrs. Jacob Sharpe, of No. 4, died Sunday and was buried the following day at Brick church. She is survived by a husband, one son and two daughters. Mr. Perry Sharpe, Mesdames, Lacy Hoffman and Van Ingle.

Blanton-Walters.

A pretty wedding was solemnized Thursday evening at 3 o'clock at the home of Mr. and Mrs. W. M. Walters, when their daughter Mary Lou became the bride of J. A. Blanton, of Day, Fla., Rev. W. T. Walters of Winchester, Va a brother of the bride officiating. Only a few relatives and members of the family were present to witness the solemn occasion. Miss Walters is a charming young lady with a large number of friends who wish her every happiness life affords. She is a graduate of Elon College and has since been engaged in teaching. The bride was beautifully attired carrying a large bouquet of white lilies. The groom is the son of J. E. and Mrs. S. D. Blanton of Lee, Florida, and is depot agent at Day, Florida. They left Thursday evening for Washington, D. C., where they will spend their honeymoon.

Benney Spoon Painfully Injured.

Benney, the three year-old son of Mr. and Mrs. S. F. Spoon was run over by a wagon hauling stone, on the Alamance road which is being macadamized near their home last Saturday and received a badly broken thigh. He was given immediate surgical attention Drs. Bohanon and Page of this city attending him. We are advised that the little fellow is getting along nicely.

Death of Sidney Jerrell.

Mr. Sidney Jerrell died in his home near Alamance Mills June 1st, 1910, aged about 67 years, after being sick for several months. He leaves a widow and several grown children. His funeral was conducted in the Cemetery in Graham by Rev. J. D. Andrew.

COME OUT

Merchants Meeting.

The next annual meeting of the North Carolina Retail Merchants Association will convene in Salisbury, N. C. June 21, 22, and 23. Therefore I am very anxious that you give special attention to the importance of our next meeting of the Burlington Association which will be held in my office, Thursday night, June 9th at 8 o'clock p. m. Business of importance to every business man of our town will be transacted. It is my earnest desire that every member of the Association be present at this meeting and as many as possible attend the State Convention the following week. Very truly, Jno. R. Hoffman, Sec.

Mr. Edison may go ahead with his scheme for a "clerkless store" but let him begin to try to invent something to make a stenographerless office and his blood will be shen.
