To the Republican Voters of North Carolina.

Pursuant to a resolution passed by the Republican State Executive Committee, at a meeting held in the city of Greensboro, N. C., on the 27th day of May, 1910, a State Convention of the Republican party of North Carolina is hereby called to meet in the city of Greensboro, N. C., at twelve o'clock noon, on Wednesday, the tenth day of August, A. D., 1910.

This Convention is called for the purpose of nominating a Chief Justice and two Associate Justices of the Supreme Court of North Carolina, to ratify the nomination of Superior Court Judges in the various districts where candidates for judge are to be nominated this year, to nominate two Corporation Commissioners, also to elect a Chairman of the Republican State Executive Committee and one Committeeman from each Congressional District, the last named to be designated by the district delegation when assembled at the State Convention and to transact such other business as may come before the convention.

The plan of organization requires that delegates and alternates to the State Convention shall be elected by duly constituted county conventions, called on at least fifteen days notice of the time and place of such conventions. Representation in county conventions shall consist of one delegate and one alternate for every twenty-five Republican votes, or fractional part thereof, cast in the precinct for the Republican candidate for Governor at the previous election, and in all other conventions one delegate and one alternate are apportioned to every one hundred votes, or fractional part thereof, cast at election for the Republican candidate for Governor. Provided, however, that each county shall be entitled to at least two votes in State, Congressional Judicial conventions.

The county chairmen, as well as the precinct chairmen are earnestly urged to use all diligence in seeing that their respective counties and precincts are well and fully represented in the conventions, as well as to give their conventions when called the widest publicity. Let us urge upon you that the conventions in each county and township shall be conducted in such manner as to have full representation in the respective conventions, and let every voter feel that he has a voice in the affairs of the county.

SPENCER B. ADAMS,
Chm. Repub. State Ex. Com.
T. J. HACKINS,
Secretary.

PROCEEDING OF COUNTY COMMISSIONERS MEETING

Graham, N. C., June 6th.—The Board of County Commissioners of Alamance county met in the court house on the above date at ten o'clock a. m., in regular monthly meeting with the following members present:

A. N. Robertson,
B. S. Roberson,
W. A. Murray,
E. R. Sellars.

The chairman being absent, upon motion, A. N. Robertson was elected chairman pro tem. The board was called to order and the following business was transacted:

Ordered, that the Alamance Insurance & Real Estate Company be relieved of tax on \$15,575, as per letter from Corporation Commission, same being an overcharge on the excess of said Corporation.

A petition being filed from citizens of Morton Township and Boon Station Township asking for a road from where the old Shallow Ford road leaves the Burlington and Altamahaw road running thence West upon the old road bed of said Shallow Ford road to C. R. Kernodles home place, thence on the South side of the old road bed following a ridge across the lands of C. R. Kernodle and Jas. D. Bason to Lewis Gerringers Mill, thence across Haw River following the line Mrs. Sallie F. Sommers and Jno. T. Kernodles to the macadamized road leading from Ossapee to Burlington.

It is ordered that said petition be filed, advertised and heard at next meeting.

Ordered, that Jas. Thomas Malone be allowed to peddle medicine in Alamance county free of license tax, he being an old soldier.

Ordered, that J. M. Ross be relieved of tax on \$150.00 in Morton Township, being an error.

Ordered, that Rosa Stinson be relieved of tax on \$700.00 in Burlington Township, same being erroneously listed.

Ordered, that L. J. Rippey be refunded one poll tax, he being in feeble health and he be also permanently relieved of poll tax in the future and a certificate be issued to him relieving him of same.

Ordered, that J. F. Phillips be allowed to peddle in Alamance county free of license tax, he being infirm and diseased.

Ordered, that Jack Crisp be allowed \$1.50 for taking care of Carrie Gant while she was sick.

Ordered, that the Jailor be allowed forty cents per day for board for prisoners.

Ordered, that the county aid the citizens in Pleasant Grove Township in building a Sand Clay road from Cross Roads church to Staggs creek, they to continue to solicit subscriptions to help in constructing said road.

Ordered, that the report of J. H. Tarpley be received and filed.

Ordered, that the report of Dr. Geo. W. Long, Supt. of health be received and filed.

The outside poor list was revised and the usual orders made.

Ordered, that the matter of levying tax for the Lake Side Graded school is hereby deferred until the meeting of this board in July.

Ordered, that J. A. Moser be allowed \$2.75 per cubic yard for building piers at the McBride Holt place, stone to be furnished according to agreement.

Ordered, that, whereas this board, at its meeting April 9th, ordered a special election to be held in certain territory in Morton Township at Isley's school house to vote upon the question of levying a special tax in said territory for school purposes, and whereas said election was held on the first day of May as directed by said order, and whereas the returns of said election show that there were 32 registered voters and that 13 voted for said special tax and 14 voted against special tax, the election is declared against special tax for school purposes.

Ordered, that whereas this board, at its meeting on April 4th, ordered a special election to be held in certain territory in

GRAHAM WILL ENTER-TAIN THE VETERANS

The following correspondence explains itself and the spirit in which it is expressed is to be commended. We trust that every Confederate veteran, and others may have a pleasant time in our sister city.

Graham, June 10, 1910.
Capt. Jas. A. Turrentine,
Commandant,
Burlington, N. C.

Dear sir:—By direction of the Committee on arrangements we most cordially invite the Confederate Veterans of Camp Ruffin No. 486, U. C. V., and all other Confederate Veterans of the adjoining counties to come to Graham, on Monday July, 4th 1910, and spend the day as the guest of our town, in honor of the 134th anniversary of our independence.

In extending this invitation we promise to use our best efforts to make the day one of pleasure for you and your comrades and take this opportunity to advise you that the Veterans need not bring dinner with them.

I have the honor to be, Your most obedient servant,
J. ADOLPH LONG,
Chairman Committee.

Burlington, June 14th 1910.—The people of Graham have extended the Confederate Veterans of Alamance an invitation to meet them in Graham on Monday July 4th as the honored guest of the town and assist in celebrating the 134 anniversary of independence take notice and notify comrades.

By order commander,

With the City Fathers.

The City Aldermen met in extra session Friday night, with seven Aldermen and the new Mayor present. The reports of the various committees were read and accepted. Mr. W. Clapp was granted the right to place a concrete sidewalk on the street in front of his store. H. K. Hall, who had been elected Cemetery keeper at the last regular meeting, tendered his resignation. Messrs. J. A. Huffines and L. P. Sheppard were applicants for the position, Mr. Sheppard receiving five votes and Mr. Huffines two.

Mr. Jno. M. Cook, representing the Aldermen, presented ex-Mayor Barrett with a beautiful gold watch chain and charm. In this presentation speech Mr. Cook by the use of a beautiful smile of the prodigal son illustrating how Mr. Barrett had served our town for five years as an untiring worker. And not because of the intrinsic value of this chain is it given, but as a token of appreciation from the Aldermen, which means a token of appreciation from the entire town.

Mr. J. A. Freeland was the next spokesman, presenting the ex-Mayor with a lemon, which Mr. Freeland declared had been handed him by the Aldermen in their failure to elect him Mayor. Mr. Freeland, by passing the lemon to the ex-Mayor, expressed to the Aldermen a feeling of harmony, letting the dead past bury the dead. Mr. Barrett, in a few words, expressed his thanks for the presents and especially for the spirit in which they were given.

Mayor Love was next called on for a speech and responded, expressing his intention to serve the people to the best of his ability, and solicited the loyal support of the Aldermen, ex-Mayor and citizens of the town.

After the speech making scene an hour or more was spent in transacting unfinished business.

A sure cure for chills is to boil and make tea of ripe cucumber-burr's and drink freely.

The love romance between Miss Mary Bartlett, dean of the Haverhill High School teaching force, and Frank Nichols, a wealthy Southern planter, which began nearly 50 years ago, when both were schoolmates, and who later became estranged, has culminated in the renewal of their love vows, with their wedding scheduled for early in July.

WASHINGTON LETTER.

Washington, D. C., June 11.—Senator Dooliver, just before the passage of the Railroad bill, said: "I regard the session of Congress, which, for three months or more, has given an uninterrupted attention to these questions, as one of the most remarkable and most instructive in the whole history of our Government."

Not a single Republican Senator voted against the bill. It was a most pronounced Administration victory. It is as yet too early to analyze the bill, for it may be changed somewhat before its final passage, but it will be a long step in advance, and the fulfillment of one of the most important Republican pledges.

It was a matter of comment, of course, that Senator Cummings who took such an active part in delaying the passage of the bill, should, on the day of its passage have been in Iowa making speeches not particularly conducive to Republican harmony. In fact, he was engaged in an effort to defeat one of the strongest and ablest Republican Members of Congress. Had he been present, he would have voted for the bill, but his absence on such an errand at such a time, is significant.

The welcome to Roosevelt at his home coming on the 18th will be most fitting. The bay of New York harbor will be crowded with boats bearing his host of friends while his greeting on land will be hearty and unprecedented. It will be a non-partisan welcome as it should be, and yet all will have in mind that it was as a Republican Governor, Vice-President and President that he gained his fame. He will continue to be a loyal Republican, and give unqualified endorsement to the present Administration.

The so-called unpopularity of President Taft seems to be confined to the muckraking magazines and those disgruntled newspapers which did not succeed in intimidating Congress to give them free print paper. The people are with the President, and are fast finding out his worth. They are learning to love him for his sincerity, his rugged honesty and his devotion to the best interests of all. Rarely in public life do we find a more unselfish, less unostentatious official.

He is doing much for his countrymen, and in return, they should resent imputations against his motives and actions, and rally to his support. They should see to it that in the coming primaries and conventions only loyal Republicans are nominated for Congress and State Legislatures, and then they should devote their best energies to the election on November 8th of those nominees. The elections this year are important in the extreme. See to it that no good Republican is defeated.

There will not be a single issue where Republicans cannot rally to the support of the policies and candidates of the party. The work of the two sessions of the present Congress will be phenomenal, and the legislation and Administration under President Taft will compare favorably with any in our history. There will be no reason for any man to sulk. There will be every reason for every man to give his heartiest and most enthusiastic support.

There is much yet to be accomplished during the next session of the Sixty-first Congress and the two sessions of the Congress following. For that reason the House of Representatives of the Sixty-second Congress should have a substantial Republican majority to work with the Senate and President in rounding out an Administration that will redeem every Republican pledge. A Democratic House means a do-nothing Congress. A Republican House means a continuation of the splendid work so well begun.

Our genial friend, Mr. J. D. Payne has our sincere thanks for a basket of the most delicious peaches that we have tasted in a long time. Such tokens of friendship and thoughtfulness are always appreciated by a newspaper man.

OUR RALEIGH LETTER.

Raleigh, N. C., June 11.—After a desperate struggle and earnest appeals Governor Kitchin's Democratic Administration has succeeded in placing the \$3,400,000 bond issue and the call for an extra session of the legislature has been withdrawn. The cup of humiliation of this Democratic regime must overflow when that detested trust, the American Tobacco Company, cursed by Governor Kitchin on every stump, had to step in and save the Administration of Gov. Kitchin by subscribing \$1,000,000 of the bonds, nearly one-third of the entire issue. The bankers of the State upon appeal came to the rescue without regard to politics in order to save North Carolina from Democratic blunders of her last legislature and it is worthy of comment that the bank of which Republican National Committeeman E. C. Duncan is president, helped rescue the State by taking \$20,000 of those bonds. So desperate was crisis that for once Democrats were forced to lay aside politics and beseech patriotic North Carolina Republicans to prevent the destruction of the State's credit due to Democratic folly. J. Elwood Cox, E. C. Duncan and many other Republicans, either personally or through the financial institutions they represent, subscribed liberally for the bonds to help the poor old North State, while it might be at least cited that neither of the two Banks in Governor Kitchin's home town, Scotland Neck, in that banner Democratic county of Halifax, with its ten thousand majority of negro population, subscribed a single dollar. Gov. Kitchin, if you and your allies boast of the rescued credit of the State, be honest and proclaim your hated trust and Republican leaders as your State's saviors.

The candidates of Josephus and J. Wm. Bailey faction of the Democratic party are now canvassing Wake county in their campaign before the Democratic primaries, June 25th. The Armistead Jones faction representing the present county officers, claims that Daniels is running Republican for office in the Democratic primary. Dr. E. W. Sykes, of Wake Forest, Daniels-Bailey candidate for Senator, spoke here Tuesday night and admitted that he voted for McKinley in 1906 and did not vote the Democratic county ticket last election. Hon. R. H. Balle, candidate for the House, stated that he did not vote for the suffrage amendment to the State Constitution because he believed it un-Constitutional and other candidates admit party irregularity. Daniels and Bailey know their only change is to get the independent vote in the Democratic primary and are resorting to this appeal to near-Republicans.

Ed. S. Abell, of Johnston, Democratic Chairman of the County Board of elections, who was the main man perhaps, according to evidence at hand, in stealing Johnston from the Republicans, is manager of the campaign of Frank Daniels for Judge of this District in Johnston county. Abell wanted the job of Solicitor, thinking his candidacy would help Daniels, but he failed to qualify in time before the Democratic Committee and cannot run in the primaries under the Democratic rule. This leaves the field free to H. W. Norris.

The note of warning, sounded by President Taft in his speech at Jackson, Mich., on June 4th, in which he declared that Socialism, which demands a new order of distribution and the abolishing of the institution of private property, was the great problem that confronts the American people, has caused considerable talk in Raleigh. In 1908, Debs, the presidential candidate on the Social-Democratic ticket received 420,793 votes and in addition to these the presidential candidate of another wing of the Socialist Party received over 13,000 votes. A few weeks ago a Socialist was elected Mayor of Milwaukee. In this State, in the last election, J. A. Transou, the socialist candidate for Governor of North Caro-

WHO BUILDS THE DAMS?

Mr. Editor:—I notice in front of the First National Bank building a dam built upon the street and near the water table. I presume this dam was built to prevent the water from overflowing from the water table out into the street. Now as a citizen and tax payer, I would like to know who builds the dams and who pays for same? Also if the dam will have to be made permanent, in order to prevent the overflow of water, or will the street be fixed so that when the water table overflows the street will be high enough in the middle to turn the water back onto the water table. The people who are having to bear the burden of taxation want to know about this, and some one should tell them. Or is this another street that has not been accepted and will have to be fixed at the contractors expense, then again the tax payers want to know if when the work is all done and ready to be received, will the streets that have been macadamized get muddy, or the macadam get soft as it does now.

I have seen many miles of macadam streets and roads, but this is the first macadam I have ever seen that got soft and muddy when it rained the kind that I have been used to, the harder it rained the harder the macadam, but just look at this, and how can it ever get any better. I was talking with one of the city Aldermen the other day in regard to this and he said the macadam had to be cleaned or scraped off before it ceased to get soft and muddy when it rained. Why put the top dressing upon it at all, if it has to be scraped off again. All this stuff sounds funny to the tax payers, and they would like to have some one who knows to enlighten them in this particular. What does the city engineer say about it, wont he be kind enough to say over his own signature in one or both of the local papers just how this is. It would certainly relieve the anxiety. Many of us feel that we are not getting a square deal. Once again wont the street committee please have the contractor to finish up at least a small piece of street, so that we may see how it all will look when completed. This would be of some help at least, to show that after all, the street committee, contractors and engineer knew their business and that those of us who are criticizing the way the work is being done, do not know what we are talking about. Give us something definite, let us see how badly we are mistaken, show us what fools we are making of ourselves. Or by your silence admit that we are right and that our money is being wantonly and recklessly wasted.

Since writing the above, the rains of Monday night have robbed me of a part of my argument. The mud composed of the top dressing is nearly all gone, washed away and the dam too. But the consoling feature is that nothing has been accepted and the contractors must replace it at their own expense, this is good for us, but hard on the contractor. Look at the curves washed in the macadam street and then with one loud acclaim say; great is Burlington, great is our macadam streets, but greater still is the contractor, because nothing has been accepted. All must be replaced at the contractors expense.

WASHINGTON LETTER.

From our Regular Correspondent.

Crowded out last week.

Washington, D. C., June 4.—It may be said that the prospects for a Republican majority in the next House of Representatives are much improved, or rather, that the prospects for a Democratic majority are fast fading away. In fact, Democratic prospects have consisted mainly in claims and blustee which are no longer as bold as they were a few weeks ago. The present Republican majority of 44 may or may not be reduced, but it is expected that it will be 25 or 30, if not more.

The hopeless of the Democrats is apparent in their claim that they will gain from eighty to a hundred seats—such a claim of course is not sincere. The Republicans will surely gain twelve or fifteen seats, and with that gain, can lose twenty to thirty and still have a substantial majority. But it is quite likely that as many seats will be gained as lost, and the majority in the next House remain about what it is now.

The Democrats have been basing their hopes on the unpopularity of President Taft, but Taft is growing in public esteem daily. The people are learning the truth about our big, good-natured, honest President. They are learning of the ceremonies of his Administration, of his personal sincerity, of his aim to give the people an administration for the best interests of all.

Then again, the bugaboo of high prices, which was laid to the tariff, is becoming a boomerang. Every one knows now that the increased prices were not due to the tariff, but best of all, prices are rapidly falling, and in many instances are lower than a year ago, while wages are consistently being advanced. General industrial conditions are good. The revenues under the operation of the new tariff continue to increase, and no sign of calamity can be seen, and without calamity, which is always the chief Democratic asset, that party has no argument.

Good progress is being made in legislation, and the work of the present Congress will compare favorably with any preceding one. In fact, it is more than probable that the first two sessions of the Sixty-first Congress will be numbered among the most important and effective in our history.

The appropriations to keep pace with our growing population and the increasing demands, should be larger every year, and yet it is believed that the appropriations of the present session will be but little, if any, larger than those of the last session. This result, in conjunction with the millions saved in administration, will present a record that in itself should assure an endorsement of the President and a good Republican majority in the next House.

There will be no more talk of immediate tariff revision. The present law is working so perfectly that no present change is demanded, while all agree that we should give it a fair trial. In the meanwhile the tariff board,

with an appropriation of \$250,000 will be able to gather information that will be valuable when the next revision takes place.

A \$30,000 Prize Offered.

Shortly after handing Glenn H. Curtiss a check for \$10,000 for his successful flight from Albany to New York the New York World announced a new prize for aerial navigation. The new offer is made by the New York World Post-Dispatch. This time a prize of \$30,000 will be given for a successful flight between New York and St. Louis. Conditions will be announced later.

NEIGHBORHOOD NOTES

Items of General Interest Clipped From our Exchanges.

Welfare Leader.

N. E. Wilson who deals in lumber and largely supplies the blocks for hubs for the George E. Nissen wagon works of Waughton near Winston-Salem has more than fifteen hundred of the hubs on the freight yards of Metairie.

On Saturday evening June 4th at the M. P. church a little reception with cake and ice cream was given by Mrs. Jack Smith and Miss Grace Amick. The number of children being present was about thirty. The older ones were Rev. G. W. Holmes, Mrs. George McCruey Mrs. Thad Freshwater and Mrs. Roy Thompson.

Welfare Patriot.

We learn that, during a heavy windstorm which passed over the mountains some days ago, a fifteen-year-old son of Felix Howell whose home is just across in Ashe near Idlewild, was instantly killed by a heavy limb falling upon him. Another son was seriously injured but not fatally hurt at the same time.

We learn that Prof. E. G. Sutcliffe, principal of the graded school of this place, was operated on at Dr. Long's Sanatorium at Statesville last Thursday for appendicitis. The operation was highly successful and he is getting along splendidly. His many friends here wish for him an early and complete recovery.

Greensboro Patriot

As Mrs. Albert Spoon and a party of young ladies were driving down the Tabernacle road one day last week, and just after they had passed Robt. Causey's, they drove through a swarm of bees, but fortunately the horse was very gentle and under good control, and except getting very frightened, the party passed through without an accident.

Miss Emma Phipps, one of Guilford's most estimable young women, was married in Raleigh last Thursday afternoon to George H. Lynch, of Rocky Mount. The ceremony took place at the manse of the First Presbyterian church and was performed by Rev. W. McC. White, the pastor. The bride is an accomplished young woman and is deservedly popular with a wide circle of friends. The groom is engaged in the railroad business at Rocky Mount.

Raleigh Caucasasian.

Several of the men and women who are to conduct the institutes for teachers this summer in N. C. are holding a session in Raleigh, planning for their coming work.

In the Federal Court Saturday Frank Grantham, of Wayne Co. was awarded \$14,000.00 damages against the Postal Telegraph Co. for injury received while working for that company.

A verdict for \$3,053.35 was given by a Federal court jury in the suit of Geo. H. Avant against the Deer River Lumber Company of Moore county. Avant had demanded \$10,000 damages because he had his thigh broken by a fall while at work in the lumber yards of the company. The defense was contributory negligence.

Welfare Weekly.

In the General Hospital of Danville on Saturday night, Miss Annie Jones, one of Reidsville's most popular and lovable young ladies, was operated on for appendicitis. Dr. J. S. Irvin performed the operation. Miss Jones stood it well, and is getting along nicely.

T. C. Goodwin, an elderly citizen residing on Thompsonville st. happened to a very painful accident last Friday evening. Some boys were playing ball in the street near his house, and Mr. Goodwin was struck by the ball, the blow breaking his collar bone. Dr. Balsley set the broken bone and he is getting along as well as could be expected, taking into account his years and delicate health.

Welfare Leader.

Benjamin Ziglar, a well-known Confederate veteran, died at his home in this city, last Saturday morning at the age of ninety years. He was born in Stokes county but came to Surry about fifteen years ago. His remains were buried at Antioch on Sunday afternoon.

While a cold May may have its advantages it sometimes proves a disadvantage for, never in the history of Surry county, has there been such a wheat crop as this year. It is about to be harvested. This county will

easily produce twice as much wheat as in former years and four times as much as it did last season.

North Wilkesboro Hustler.

Dr. J. W. White assisted by Dr. D. C. Absher performed 4 operations for appendicitis last week in the county. The patients—Mrs. Truet, of Abshers, Mrs. Anderson, of this place, Walter Grier, of Bocomer and the little child, of Chas. Colvard—are all convalescing.

A genuine freak of nature in the fowl family was brought to town Monday by J. F. Pardue from his farm below town on Route No. 2, in the form of a chicken with 4 well developed legs and 4 wings. This is not an exaggeration in any respect as the chicken was actually here.

Lee County Times.

A. C. Phillips who works in the Sash and Blind factory happened to a slight accident Monday two of his fingers caught in a band saw and was cut very badly, but it is hoped that they can be saved.

Five cars of dewberries have gone forward from Jonesboro, to date. The fruit is fine and is bringing good prices. By the way our Jonesboro growers are wondering where those Lee county dewberries are coming from that Sanford is shipping.

Elkin Times.

Mr. and Mrs. J. H. Rangely, Jr. have rented Mrs. Arnold's cottage on Gwyn Avenue and will go to housekeeping this week. Mr. Rangely is a knight of the grip and will work his territory from this point. They came here from Stuart, Patrick county Virginia their former home. The Times extends a cordial welcome to Mr. and Mrs. Rangely.

Dillon Republican

Peter Payne, of Donaha, N. C., reports the first rattlesnake of the season, which he killed a few days ago. Stokes county will have to look to her laurels.

Work of laying four miles additional of macadam on the Pfafftown road this county, was scheduled to begin this week. R. L. Peters of Knoxville, Tenn., has the contract and the work is to be completed by Dec. 1st.

A correspondent at Tobaccoville this county, says that on June 2, while Mrs. Hepsie Butler was planting her corn patch she found an upland terrapin, with the date 1711 carved on its back. Its shell was nearly black and broken around the edges.

Siler City Grit.

The citizens of Alamance are planning to build an up-to-date hospital, to be located at some central point in the county. This is a wise step and is in keeping with the progressiveness of our neighboring county. They recently issued bonds for road improvement, and with their awakened interest in school matters, this hospital project will place them in the fore-front of far-seeing progressiveness. Schools, health and comfort are the three paramount duties which the public, generally, owe to themselves.

Albemarle Chronicle.

The shovel work on the South-bound south of town is being finished and we learn that a sub-grading crew began at Porter this week and is coming north. This enterprise promises much for Albemarle and is something that all should feel interested in. Reports come from all over the county that the wheat crop is the best in a number of years. The fine rain Saturday night and Sunday and warm sunshine since has greatly improved the condition of cotton and corn. Gardens have also taken on new life and considered as a whole the prospects for an abundant yield of the earth's products the present season are very bright.

Alamance Gleaner.

One night last week when Rev. Dr. and Mrs. W. S. Long were returning from Elon College commencement near the Fair Grounds their buggy struck a telephone pole. Mrs. Long was pitched out and hurt, not seriously, but enough to keep her in bed for a days or so. She is not well yet and fortunate to escape serious injury.

We wish to call the attention of our farmer readers to the splendid offer of the Progressive Farmer on another page in this issue. This is a magnificent offer and you should cut out the coupon to day and mail it with ten cents and get this splendid Journal 10 weeks.

Farmers should eat more oatmeal.

Although the farmer of today is able to buy almost anything he wants to wear or to eat he isn't paying enough attention to food values when it comes to his own table.

If he has been watching the extensive researches and experiments on the question of the best human food for muscle and brain he will heed the advice from all sides to "eat more Quaker Oats."

Quaker Oats is mentioned because it is recognized in this country and Europe as the best of all oatmeals. Feeding farm hands on Quaker Oats means getting more work out of them than if you feed them on anything else.

It is packed in regular size packages, and in hermetically sealed tins for hot climates.

A couple of peevish Frenchmen have finally wounded each other by fighting a third duel. Each one now has a wax pellet in his anatomy and feels as proud as if he had been shot with a real bullet.

Saved from Awful Death.

How an appalling calamity in his family was prevented is told by A. D. McDonald, of Fayetteville, N. C. R. F. D. No. 8. "My sister had consumption, he writes, "she was very thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and so completely cured her, that she has not been troubled with a cough since. Its the best medicine I ever saw or heard of." For coughs, colds, lagrippe, asthma, croup, hemorrhage-all bronchial troubles, it has no equal 50c, \$1.00. Trial bottle free. If you can't make the water stay on the water table—why dam it.

A favorite song with Alderman Freeland these days is "so near but yet so far."

Alderman Freeland may be heard any day now softly humming, so near and yet so far.

Yas sur boss, I sho wus tried by Love, but when he said fifteen and the cost, I knowed he didn't love me.

Those who are so unfortunate as to be hauled up in the Mayors court say that is a case of Love at first sight.

Those who got left still grieve, and refuse to be comforted. This would not be the case if they had Love in their hearts.

Several colored "gemmen," who said they were tried by Mayor Love, but that fifteen and the cost was not so lovely.

There is nothing like having a good natured contractor with plenty of cash between you and the weather man. See.

The new Mayor starts off well, let us hope that ere his term ends none can be found who will say that he is sorry it happened.

It may not be a case of love at first sight, but if you have a case before Mayor Love, you will find that it costs fifteen and the cost to get tight alright, alright.

Look at those graceful curves in the macadam streets, but why worry, Mr. Tax Payer, nothing has been accepted, and if the whole thing washes away you wont lose a cent.

It is an old saw that love is blind. But we warn all evil does not to risk it in this city, for if you do you may discover that Mayor Love is very wide awake. If you doubt this ask those who were so unfortunate as to risk it last Monday morning.

The little 2x2 and "me too," Democratic newspapers in North Carolina are the last people on the face of God's green earth to accuse any one of playing peanut politics. That is about all they can play, and sneeze every time Joseph Daniels takes snuff.

Just so sure as a Republican newspaper attempts to show up any Democratic rottenness, a number of little biggoted Democratic sheets cry "Peanut politics." Gentlemen your party is in the hole and you need not expect us to help you out. Your own evil deeds got you in and we shall help to heap them upon your shoulders until you are buried so deep that your stench will not be offensive in the nostrils of an honest, state loving citizenship.

Republican Prospects in North Carolina.

It has been quite a while since the prospects of the Republican party in the State of North Carolina has been so bright as at present. With three Congressional districts certainly and safely Republican, with a good fighting chance in several others, indeed the outlook is roseate for the success of the Republican cause at the approaching fall elections. Rarely a week passes but the announcement is made of new recruits the party of progress and modern ideas.

Our friends, the Democrats record without their host and conferred a blessing in disguise upon the Republicans in the State when they disfranchised the ignorant negro voter, rendering abortive forever their rallying cry of negro domination and the appeal for the preservation of the civilization of the State, and removing the only barrier to the growth and final supremacy of the Republican party in the State. Since the adoption of the franchise clause of the constitution there has been a new alignment of parties in the State which has resulted in a steady and healthy growth of the Republican party in the Old North State.

The progressive and business element of our citizenship are learning that the interest of the State along the line manufacture and commerce can best be promoted by adopting the wise policies of the Republican party, and they are cutting loose from the traditions, passions and prejudices of the past and lining up with a party that stands for the up-building of the State and the whole country, regardless of section or geographical location.

It may not come this year, nor next, but it is only a matter of time when North Carolina will be as safely Republican as Rhode Island or New Hampshire. Her every interest demand it and her people will endorse it. North Carolina with her vast resources lying dormant cannot much longer be kept out of her own by clinging to a party held together by an appeal to the passions and prejudices of the people by designing demagogues, just for the sake of the emoluments of office, while the best interest of the State are left to drift along the best they may. Then again, the conditions which now prevail in the administration of our State government will not be tolerated much longer by the voters of the State. Sooner or later there will be a severe shaking up and a rattling of the dry bones. The mighty will fall, and great will be the fall.

The Ship Building Interests.

If the press dispatches sent out from Washington are to be credited, there is but little prospect for the passage of a ship subsidy bill by the present session of Congress. This is greatly to be deplored by the South Atlantic States generally and the State of North Carolina in particular and the entire nation as well.

It is a sad commentary upon the statesmanship and economic government of this country which is so rich in ship building material of all kinds to witness the transportation of this material to be constructed into vessels to be used in transporting our commerce to and from foreign ports and carrying our mail to foreign countries. All of which should and could be easily done by our own people by just a little fostering care by our government. It is a notorious fact that 60 per cent of the worlds commerce is done by ships flying the British flag. All through Englands fostering care of her shipbuilding industry. England pays an annual allowance or subsidy to certain great vessels of the passenger line, in consideration of which these vessels are constructed in accordance with plans supplied by the British admiralty, and are subject at a moment's notice to

be called into the service of the admiralty and turned into auxiliary cruisers. This is for the convenience of the admiralty and the increase of the carrying ships of that country.

In this country as President Taft pertinently remarks in his annual message to Congress recommending the passage of a ship subsidy bill. "The profits on foreign mails perhaps would be sufficient to cover the expense of the government, which might tentatively applied to this method of inducing capital to embark in ship building and engage in forming transportation lines to foreign countries. The fact that iron and steel have to a great extent supplanted wood in the construction of ships does not in the least work to the injury of this a fine field for constructing ships of the greatest magnitude.

The United States Geological Survey credits the South with 10,000,000,000 tons of iron ore. The highest amount reported as claimed by foreign experts for the whole of Europe is a little over 9,000,000,000 tons. So we see that aside from our vast timber supply Europe is no match for this country in ship building material, and this country lacks just a little helping hand of the government to make it the grandest maritime Nation in the world. If we mistake not North Carolina's representatives in Congress are a unit for the passage of a ship subsidy bill and every member of Congress from the Old North State can safely be counted as a supporter of the measure.

Missouri manufactured 27,733,260 corn cob pipes last year. These Missouri meerschams were made in factories in Washington, Hermann, Union and a few smaller towns.

The hardest blow that North Carolina has got below the belt in a long time was when the present set of state officials were elected, together with the two or three last legislatures. Yet when we attempt to expose the rottenness of the affairs of the State, we are accused of playing peanut politics. How long will the public be imposed upon in this manner.

Taft and the Railroad.

Philadelphia Press.
 President Taft stands before the country as a chief executive who has used the full power of the government to protect a great multitude of shippers from a combination of railroads. Nothing that he has done since he became president has accomplished more. Nothing has so signally showed his ability as a lawyer and his decision as a president. The whole Central West will regard the retreat of the railroads as a great personal victory for President Taft.

But this is not a proper view. It misses the true issue. The American people have decided once for all that railroad rates shall not advance without being passed on by competent authority before going into effect. This public will is about to be enacted as law. Pending its enactment no advantage should be taken by the railroads, and thanks to President Taft's skilled and vigorous action none will be. In due season the proposed advance can be made and passed upon. No one, neither President Taft nor the country, desires to deny the railroads any reasonable advance in rates to which they are entitled, and Congress should make the pending measure take effect immediately, as urged by President Taft, in his special message, yesterday, in order to have early decision upon the increase in rates.

Miss May McAdams left yesterday for High Point to spend several days visiting relatives.

GROCEEDINGS OF COUNTY COMMISSIONERS MEETING

Continued from page one Graham and Burlington Townships known as Glenn Hope Graded School, and whereas said election was held on the 9th day of May as directed by said order and the returns of said election show that there we 15 registered voters and that 11 voted for said special tax and none voted against special tax, the election is therefore declared carried in favor of special tax for school purposes.

TAX LEVY FOR ALAMANCE COUNTY FOR THE YEAR.

It is ordered by the board of county commissioners of Alamance county that the following taxes be levied for the year 1910 on the one hundred dollars valuation of real personal property, which each tax payer owned on the first day of June, 1910, listed as required to be listed by law for State and county taxes.

STATE AND SCHOOL TAXES.

A tax of twenty-one cents on the one hundred dollars valuation of real and personal property for general State tax. A tax of four cents on the one hundred dollars valuation on real and personal property for the purpose of a State Pension tax. A tax of eighteen cents on the one hundred dollars valuation of real and personal property for the purpose of a State school tax.

GENERAL COUNTY TAX.

A tax of eighteen and one-third cents on the one hundred dollars valuation of real and personal property for the purpose of a general county tax.

COUNTY ROAD TAX.

A tax of sixteen and two-thirds cents on the one hundred dollars valuation of real and personal property for the purpose of a county road tax.

COUNTY DEBT TAX.

A tax of two cents on the one hundred dollars valuation of real and personal property for the purpose of a county debt tax.

POLL TAX.

A tax of two dollars on each taxable poll:—One and 29-100 dollars of which is levied by the State, and the sum of seventy-one cents is levied by the board of county commissioners, the proceeds of which to be devoted to the purpose of education and the support of the poor as may be prescribed by law not inconsistent with Article five, Section Two of the Constitution of the State and the same shall be divided as follows, viz: Pension tax 12 cents, School tax \$1.50, General county tax 38 cents.

LICENSE AND PRIVILEGE TAXES.

Ordered, that the license and privilege taxes mentioned under Schedule "B" and "C" of the Revenue Act of 1909 where not otherwise specified be the same for the county of Alamance as for State purposes.

CHAS. D. JOHNSTON, Clerk.

Wants To Help Some One.

For thirty years J. F. Boyer, of Fertile, Mo., needed help and couldn't find it. That's why he wants to help some one now. Suffering so long himself he feels for all distress from Backache, Nervousness, Loss of Appetite, Lassitude and Kidney disorders. He shows that Electric Bitters work wonders for such troubles. "Five bottles," he writes, "wholly cured me and now I am well and hearty." It's also positively guaranteed for Liver Trouble, Dyspepsia, Blood Disorders, Female Complaints and Malaria. Try them. 50c at Freeman Drug Co.

Irving Wood, of Kenton, O., a member of the American Boy League, has received a Carnegie medal for his record of not having missed a single day or being tardy at the public schools for five years.

THIS A REAL LUCK YARN

Natural Gas Did It—And it Seems Too Good to Good to Be True.

Clarksburg, W. Va., June 10.—A real case of bline luck was that of the White Top Oil and Gas Co. which recently drilled a well on Lambert run. The company shot the well one evening, and the next morning while cleaning it out the tools become fastened and the company decided to abandon the well at a loss of several thousand dollars. Some time during the following night the gas blew the tools out, and they fell into an upright position, ready to be hitched the same as if placed there by the drillers.

The greatest luck feature was that as soon as the tools were blown out the well started a natural flow of 120 barrels a day, and has continued to spout \$135 worth of oil each day since.

Women in Federal Offices.

Milwaukee-Wisconsin.

An interesting study of the steadily increasing number of women who have succeeded in making their way into federal offices under the merit system does not say how many there were before that system was established. General Spinner, it will be remembered, employed women clerks in the Treasury Department at Washington during and soon after the Civil War period, and was criticized for the innovation; but that did not worry General Spinner.

Since the passage of the Civil Service law in 1883, it appears from the statistics referred to women employees of federal offices have increased in numbers at the rate of nearly one-half per cent. per year. In 1909 the proportion was 9.4 per cent., or 8119 women as compared with 78,488 men, and the census of 1910 may advance it to 15 per cent. In some departments women are scarce. But in the Agriculture, Government Printing and the Interior their percentage are respectively 19, 29 and 31. The majority hold clerkships. A few are professional technical and scientific experts, and still fewer executives. These posts presuppose the same abilities that in noncivil life are desired in a translator, librarian, forewoman, statistician stenographer or inspection.

Alamance County Hospital.

The committee appointed to select a site for the Alamance County Hospital selected the tract of land belonging to the county, where the county home is located. The Hospital to be erected on the North side of the road leading from Burlington to Graham. This has been donated to the hospital by the county and is conveniently situated to all points in the county. The committee in charge are busy soliciting subscription to stock and hope in the near future to begin the erection of the building, which will be a beautiful large brick building to cost about \$20,000. This, with \$5,000 estimated to equip the building, making a total cost of \$25,000. The building will accommodate about twenty-five or thirty patients.

Gant-Banner.

A marriage of wide interest will be performed this evening at nine o'clock at the home of the brides mother when Miss Mary Gilmer Banner the attractive and accomplished daughter of Mrs. Jas. G. Banner, of Greensboro, will be married to Joseph Erwin Gant of this place. Owing to the recent death of Miss Banners father, the marriage will be a quiet one. The ceremony will be performed by the Rev. B. W. Mebane, in the presence of a few relatives and friends.
