To the Republican Voters of North Carolina.

Pursuant to a resolution passed by the Republican State Executive Committee, at a meeting held in the city of Greensboro, N. C., on the 27th day of May, 1910, a State Convention of the Republican party of North Carolina is hereby called to meet in the city of Greensboro, N. C., at twelve o'clock noon, on Wednesday, the tenth day of August, A. D., 1910.

This Convention is called for the purpose of nominating a Chief Justice and two Associate Justices of the Supreme Court of North Carolina, to ratify the nomination of Superior Court Judges in the various districts where candidates for judge are to be nominated this year, to nominate two Corporation Commissioners, also to elect a Chairman of the Republican State Executive Committee and one Committeeman from each Congressional District, the last named to be designated by the district delegation when assembled at the State Convention, and to transact such other business as may come before the convention.

The plan of organization requires that delegates and alternates to the State Convention shall be elected by duly constituted county conventions, called on at least fifteen days notice of the time and place of such conventions. Representation in county conventions shall consist of one delegate and one alternate for every twenty-five Republican votes, or fractional part thereof, cast in the precinct for the Republican candidate for Governor at the previous election, and in all other conventions one delegate and one alternate are apportioned to every one hundred votes, or fractional part thereof, cast at election for the Republican candidate for Governor. Provided, however, that each county shall be entitled to at least two votes in State, Congressional and Judicial conventions.

The county chairmen, as well as the precinct chairmen are earnestly urged to use all diligence in seeing that their respective counties and precincts are well and fully represented in the conventions, as well as to give their conventions when called the widest publicity. Let us urge upon you that the conventions in each county and township shall be conducted in such manner as to have full representation in the respective conventions, and let every voter feel that he has a voice in the affairs of the county.

SPENCER B. ADAMS,
Chairman, State Ex. Com.
T. J. HARKINS,
Secretary.

This May 30, 1910.

The Democratic County Convention

The Democrats held their county convention in the court house last Saturday for the purpose of selecting delegates to the various conventions, apparently everything was harmonious upon the surface, and run as smoothly as if it had been greased. But the undercurrent to a personal observer told the tale of insincerity, trickery and treachery, the influence of William Walter Kitchin dominated the convention through and through, for congress the masses were for Steadman, but the politicians were not, and therefore had to work under cover to prevent their real motives from becoming known. E. S. Parker was easily the shrewdest of them all, and while apparently working in the interest of Mebane for congress, was in reality for Jones. The fifth district combine still exists and Parker is a member in good standing.

Parker seeing that the sentiment was overwhelming for Steadman for congress, slipped through a resolution allowing each township delegation to name its own delegates, and Parker then named all the delegates through his friends upon the various delegations. Prof. A. M. Garwood, an original Steadman man and a much shrewder politician than most people give him credit for, smelled a mouse and securing admission to the committee room where the delegates were being named and demanded that some original Steadman man be named, but to no purpose. Ned having been successful in securing control of the delegation through his resolution, did not intend to throw away his opportunity, and proceeded to name the delegates in accordance with his deep and well laid plans. Those familiar with the inner workings of the political game will see the fine hand later in the nomination. Parker is an old convention manipulator who knows all the short turns and make-believes, and the younger element of the party who wanted to have a say in the selection of the delegates, was no match for him, smooth, suave and deceiving he kept them guessing from start to finish, and he will keep this up until the nomination is finally made, when he will appear as much surprised at the result as any of them, but he will name his man alright, mark the prediction. After all the delegates had been chosen the convention adjourned and the scene of action was transferred to Greensboro Tuesday of this week.

LATER—At the hour of going to press (4 o'clock) the Convention is in a dead lock, but the indications are that Jones will win out in the end. It would appear from this that Ned is getting in his work.

A Word From Tax Payer.

Mr. Editor:—Please allow me space in your paper for a few words to the tax payers and voters of Alamance county.

The time has now arrived when it behoofs every tax payer and citizen to be looking out for his rights, as it seems that the people's voice is no longer heard by the county officials when they transact the people's business.

If we, the tax payers and voters do not arouse ourselves and show them that we have some rights left and prove to them that we intend to exercise those rights it will not be long until they will run our affairs through two or three men's dictation instead of listening to our voices.

Then, wake up and let us show our servants, the county commissioners and other county officers, that the voice of the people must not be ignored and get them to thoroughly understand that the people's only remedy in such cases is the ballot box on election day, where the people can make their voices heard if their officers refuse to hear them otherwise.

We believe in majority rule in all cases and not allow a few men to dictate and dominate our county affairs in defiance of what the people want.

TAX PAYER AND VOTER.

AN APPEAL FOR THE CONFEDERATE MONUMENT

Mr. Editor:—I crave space to say a few words to the surviving Confederate veterans of Alamance county, and to the sons and daughters of Confederate veterans of old Alamance. It is now forty nine years since the civil war began, and the half century will come next year. In nearly every county of North Carolina a MONUMENT has been erected at the court house to perpetuate the valor of the Confederate soldier, and to honor the memory of the women who gave so freely to that cause for which the men fought so bravely from Bethel to Appomattox. The valor and splendid courage displayed by the soldiers of Alamance was not surpassed in all the war or in any war fought on the face of the earth. History does not record superiors in all time for all the virtues that adorn the conduct of brave men, and brave men and virtuous women. The Daughters of the Confederacy through their Chapter at Graham composed of the ladies of Graham Burlington, and surrounding country have started a movement to collect a fund to erect upon the court house square in Graham a suitable monument to the memory of the brave boys who fell, and who serve without falling, in that struggle that shook this continent, and they appeal to every confederate soldier, to every son and daughter of a confederate soldier, and to every friend who feels an interest in this great movement to every friend who feels an interest in this great movement to contribute something to its erection. You and each of you are respectfully requested to write a letter to Mrs. C. B. Irvine, Graham, N. C. enclosing your contribution, and also to tell in your letter the command to which you belonged if an old soldier, and if a son or daughter to record in your letter the command to which your father belonged. Mrs. Irvine is the President of the Chapter of the Daughters of the Confederacy, and will preserve the letter, as a matter of history for this county and will also acknowledge through the news papers of the county the receipt of your contribution to the erection of the monument. If you do not have the money when you write the letter, just put down what you will give and then get the money ready to pay it by the first day of January 1911. It is expected to have the monument ready to be unveiled on the 4th day of July 1911, when the reunion takes place in Graham. All contributions must be paid in by the first of January 1911 in order to get the monument ready and up for that occasion. It will probably cost \$2000.00 and if all will contribute as God has prospered them, and as he has blessed them, it will not be many months before the amount is ready. God preserved your life, through that great struggle. He has blessed you in many ways since, now let us all give something to erect this memorial to the memory of our dear departed comrades, and let the world know by our conduct that we acted then and act now from the highest motives of love of country and patriotism.

This monument will stand for all time as the witness to testify to all future generations that the Confederate soldier was brave and true and fought for what was right, without reward, or the hope of reward, and was the embodiment and expression of the highest type of virtue and fidelity and truth.

Very Respectfully,
JACOB A. LONG,
Wrights Battery-Coits' Battalion,
Army of Northern Virginia.

The idea that our girls should have a course of study specially adapted to the needs seems to be meeting with favor among our educators. One of the schools which is emphasizing this idea and meeting with success is Claremont College at Hickory. A thorough course in English with the best Musical advantages seems to be the standard of this School. See "Ad" in this issue.

Sudden Death of Robert Mebane.

Sunday evening about 4 o'clock a telegram was received by Mr. and Mrs. J. R. Mebane announcing the sad news of the death of their son, Robt. Mebane, who was thrown from an express train at 1:45 near Fall Creek a small station about seven miles north of Danville. Mr. Mebane lived about an hour after the accident, but never became conscious. His brother, Leonard Mebane and C. D. Whitesell went to Danville Sunday evening returning Monday morning with the corpse.

Burial was deferred until after the arrival of train No. 144 Tuesday morning. A short service was held at the house at 10:30 for the consolation of his mother who has been so prostrated and nervous over the sudden shock that medical assistance was necessary. After this short service at the home the funeral was conducted at the Reformed church by Rev. J. D. Andrew, his pastor, which was one of the saddest funerals we have ever attended when we were brought face to face with the fact that in the prime of manhood we are snatched from the loving arms of father and mother, sister and brother and our cold form placed in the dust. But may we live as Robert lived, a consecrated Christian life prepared to meet God and his Angels before the great white throne. Burial at Pine Hill Cemetery. The large floral designs contributed by friends was beautiful, including a large design, "The Gate-ajar," donated by the O. R. T. Order of which he was a member.

Robert Foust Mebane was 22 years, 4 months and 17 days old, a member of the Reformed church here, has been a telegrapher at Danville, where he was employed at death, for about five years, and was one of the most accurate telegraphers in the service. He is survived by father and mother, two brothers, Mr. W. B. Mebane, an attorney of Rome, Ga., and Leonard Mebane telegrapher, of Raleigh. Six sisters, Mrs. Rev. D. E. Bowers and Mrs. Chas. Staley and Miss Flora Mebane, of High Point, Misses Pearl, Hallie Ree and Annie Maude Mebane at home. The pall bearers were R. J. Jackson, J. W. Lea, of Greensboro, E. H. Gatewood, of Stockeland, Va., S. R. Boland, of Burlington, J. G. Bodenhammer, of Franklin Junction, Va., and O. H. Milloway, of Benaga, N. C.

The State Dispatch joins their many friends in extending sympathy to the family during this sudden shock of bereavement.

Election of Baraca Officers.

The Baraca Class of the Methodist Protestant Sunday-school elected officers last Sunday as follows:

President, J. H. Boon; Vice-President, D. C. Holt; Secretary and Press Reporter, T. T. Stafford; Assistant Secretary, Dover Heritage; Treasurer, Chas. B. Way; Teacher, R. F. Williams; Assistant Teacher, G. L. Amick.

This class will have charge of the opening exercises of the school next Sunday morning and extend a cordial invitation to every one to be present. They also begin a contest with the Philathea Class at the same time.

Dr. J. C. Clapp Dead.

Dr. J. C. Clapp of Newton, died last Friday night after an illness lasting several weeks. Dr. Clapp has a large number of relatives in Guilford and Alamance counties, Guilford being the county in which he was born. For a number of years he was President of Catawba College and was unquestionably one of the ablest ministers of the Reformed church in North Carolina and a man who as an educator was unequalled. Dr. Clapp was nearing his eightieth year when called from earth to eternity. Funeral was conducted Sunday at the Reformed Church at Newton.

Misses Eugenia and Espie Clapp, of near Brick Church, who are attending the Teacher's Institute at Graham, were the guests of Misses Lillie and Anthony Clapp Monday night,

CHIEF JUSTICE FULLER PASSED AWAY MONDAY

Sorrento, Me., July 4.—In fulfillment of an oft-expressed wish that he might end his long life in the very room where his wife breathed her last, six years ago, the venerable chief justice of the Supreme court of the United States, Melville W. Fuller, died suddenly of heart failure early today. Not only did the leader of the American judiciary round out his days in the same room where his wife had passed away, but it was in the state of his nativity, the state he loved so well, that his long life ended. Chief Justice Fuller was 77 years old.

With the justice when he died were his daughter, Mrs. Nathaniel Francis, of Washington; his grand-daughter, Miss Aubrey Francis, and the Rev. James E. Freeman, of Minneapolis, a neighbor and friend of the family. Justice Fuller had not shown any symptoms of illness. Yesterday he attended the church of the Redeemer (Episcopal), where the Rev. Freeman conducted the services. He retired last evening about the usual time, and to all appearances, in his customary health.

His daughter, Mrs. Francis, heard a call from her father's room early this morning, and upon answering it, saw at once that her father was seriously ill. Summoning the Rev. Freeman, Mrs. Francis sent him for a physician, but was beyond assistance.

Chief Justice Fuller was a summer resident of Sorrento for 17 years. He came here from Chicago on June 25 last, and since that time had been staying at the "Mainstay," as his summer home was called.

The funeral services will be held at the church of the Redeemer next Wednesday afternoon. Interment will be at Chicago, probably on Friday.

THE COMMITTEE REPORTS.

The Committee of the School Board on Buildings and Grounds Make Their Annual Report to the Board.

July 1, 1910
Hon. J. W. Cates, Chairman
Board of Education,
Burlington, N. C.

Dear Sir:—On this date, your committee, accompanied by the retiring superintendent, Prof. F. H. Curtiss, made a thorough inspection of the buildings and grounds, visiting each building and each department in the buildings, including furnace rooms, basements, toilets, cloak-rooms and office; receiving from the retiring superintendent the keys of all departments of the school buildings and we are pleased to report that we found the property in most excellent condition.

All departments, including the desks, tables, charts, maps, files, musical instruments and all fixture pertaining to the property of the school, we found clean, orderly arranged and in good repair. Especially would we mention the neat and systematic manner of filing of all book, reports and records.

We wish to express grateful thanks to Prof. Curtiss for his thoughtful care and preservation of the property of the school during his nine years of management, and as he lays down the graded school work in our city, we trust that the All-wise Teacher may guide him into larger fields of usefulness.

Respectfully submitted,
JAS. P. MONTGOMERY,
EUGENE HOLT,
JOS. A. ISLEY,
Committee on Buildings and Grounds.

A Deserving Compliment.

We are publishing today the report of the committee having in charge the Graded School building and grounds. The report speaks for itself. That the property has been well cared for is no surprise to those who know Prof. Curtiss and are familiar with his management of the school from its beginning to the time of his retirement. It has been said in these columns that it was regrettable that Prof. Curtiss saw cause to resign from the superintendency of the school, and we repeat what we had in mind at the time, that it was nothing short of a calamity to the school and the community.

The following extract from a letter written by one of the most prominent educators in the country so concisely expresses the ability of Prof. Curtiss that we deem it not a miss to reproduce it.

"Supt. Frank H. Curtiss is regarded as one of the ablest men in school work in North Carolina.

He has an enviable record as an organizer, disciplinarian and school builder. I have known Mr. Curtiss for the past eight years. I regard him as one of the ablest men now teaching in the South.

He is successful as an organizer, disciplinarian and school builder and surpasses in each count almost any teacher.

He is popular with pupils, patrons and school officials and has succeeded in retaining their good will and esteem."

Death of Lawrence Jones.

On the 22nd of June 1910 W. Lawrence Jones son of Ishmael Jones died in the home of his father north of town after a protracted illness with consumption, aged about 20 years. Before his death he gave every assurance of being fully prepared to go. His remains were carried to Bethlehem Christian Church at Altamahaw where the funeral was conducted by Rev. J. D. Andrew, Lawrence was a member of the M. E. Church, but for a long while had been feeble to attend any church. He made all arrangement for the funeral before his death. The parents have the sympathy of their friend especially so because this is the second time death came to their home inside of two months.

Ingle-Clark.

A beautiful home wedding will be solemnized this evening at the home of the brides parents Mr. and Mrs. A. J. Clark of near Center the Southeastern part of the county when their daughter Miss Lillie Clark will be united to J. B. Ingle Rev. T. F. Andrew of Staley officiating.

Quite a number of relatives and friends will be present to witness the solemn vows.

Miss Clark is a beautiful and accomplished young lady of that community with a large circle of friends.

Mr. Ingle is a bright young man having been engaged in teaching since his graduation at Whittsett. During the past two or three years he has been principal of the Center school, where he will teach the coming year.

They will reside with the parents of the bride at present.

We extend congratulation and best wishes for a long and prosperous life.

Horrible Crime Thursday Night.

Thursday night burglars broke into the house of a family by the name of Vickers at Hillsboro, securing \$54 in cash. Friday Police Zachary arrested two negroes Lois Brant of Winston and Jim Evans of this place, who were placed in jail at Graham and carried to Hillsboro Saturday for identification but released. Gary Poteat of this place was found Friday morning near Haw River close by the railroad track with his head badly mashed up from which he died. It was thought the three entered the house and when dividing up Poteat was beaten by the other two. Nothing new has been revealed. Mrs. Vickers was badly beaten with an ax while her husband received wounds but not so severe.

TRINITY COLLEGE ITEMS

Trinity College, June 30.—The catalogue of the School of Education recently established at Trinity College has just been issued. This School has a strong faculty of fifteen men, and offers courses that will give teachers throughout the State an opportunity to prepare themselves for high school work. The curriculum covers two years, the courses are so arranged that teachers can take ten hours in academic courses, five hours in high school methods and administration, and three hours in the science of teaching. The Trinity Park School and the Durham City School offer the very best opportunity for teachers to study high school work.

Hon. J. Y. Joyner, Superintendent, writing of the School of Education at Trinity College, says:
 "I am much pleased and encouraged by this important step of the College in enlarging its Education, and in providing such a valuable course for the preparation of teachers in scholarship and profession education. The means for such preparation have been inadequate, especially for the preparation of men, either to the needs of the demands of the public and private schools of the State. I am confident that such a course of study as I find outlined here will add greatly to the service of the College, and will be a distinct and most valuable contribution to the advancement of education in the State."
 Special boarding arrangements are being made for both men and women. No charge will be made for tuition.

Good News

Many Burlington Readers Have Heard It and Profited Thereby.
 "Good news travels fast," and the thousands of bad back sufferers in Burlington are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Thousands upon thousands of people are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:
 J. W. Zink, R. F. D. No. 3, of Greensboro, N. C., says: "I suffered from backache and dull pains through my lions and the kidney secretions were too frequent in passage. Hearing Doan's Kidney Pills highly recommended, I decided to give them a trial and procured a box. They quickly corrected the kidney difficulty and drove away the pains in my back. Since then I have had no return attack of the trouble. I take pleasure in recommending Doan's Kidney Pills to other kidney sufferers."

 Remember the name—Doan's—and take no other.

Some "Taters".
 Mr. J. A. Vanderford brought to our office yesterday morning a sample of his potato crop, a couple of vines with several potatoes on them as large as guinea eggs, he also brought a sample of those that grow under the earth that weighed more than a pound each. Among the lot was the old potato that was planted, which was still bearing. The potato's are of the Irish cobbler variety and if those on the vine could be properly developed they would be record breakers as producers.

A dwelling is to be erected on the property of Greensboro Female College for the temporary accommodation of the music department of the college. The dwelling will be rented when permanent quarters are provided for the music department.

The business men of Mt. Airy have taken up with the officials of the Southern Railway the matter of a double daily passenger train service between that place and Greensboro. They point to the fact that such a service is in force between Greensboro and Sanford and argue that it would pay between this city and Mt. Airy. The Mt. Airy people want a train to leave Greensboro early in the morning and reach that place about 10:30 or 11 o'clock, returning to Greensboro in time to make connection with the evening trains.

Orange County Observer.

Revenue officers captured 150-gallon illicit copper still and destroyed about 2,500 gallons of beer, in Little River township, Monday morning. Now comes the laughable part of this affair. After being hauled ten miles or more to town, the still was committed to jail without bond, and some time Monday night, some moonshiner who loves "corn liker" better than he does his soul entered the jail and stole and carried away the captured still.

A young man named Cyrus Garrett, better known as "Coon" son of Woodson Garrett, was killed by lightning at his father's home in Chapel Hill township on Tuesday afternoon, June 21, while standing in the yard talking to a brother who was only a short distance from him, but was not hurt. He was about 25 years of age. The funeral services were conducted by Rev. J. F. McDuffie, June 23 at 12 a. m. and the interment was made in the family burying ground.

Marshall Timmons attended the Sunday School picnic of the Salem Baptist church Sunday School at Pleasant Fork. The young folks went out in wagons and on the return home in attempting to get into a moving conveyance. He fell and his leg catching in a wheel, was broken. He was taken at once to the hospital for treatment.

The tobacco factories of Winston-Salem have been rushing work during the past few months in order to turn out as much finished product and stamp it before the increase in the tax from 6c to 8c, July 1st as possible. As a result of this rush several of the factories will close down July 1st for several weeks to take a breathing spell, as it were after the severe strain.

Lexington Dispatch.

The Southbound contractors who have the excavation in charge where the Southbound below town are having a hard time of it. The deep cut there has quick sand and water and the sides of the cut are continually crumbling. Friday night an immense amount of apparently solid red clay slid down on the steam shovel and knocked its pins out from under it. However it is said that the cut will be cleared out and the passage under the Southern made within 30 days more. The track-layers are making good progress and will reach Farmington this week with the rail, a distance of 12 miles from Lexington.

who lost everything she owned, including her little hoard of savings, amounting to a few dollars in gold and silver.

Danville had a practical demonstration of the effects of open barrooms last Monday. A negro excursion from High Point and Greensboro went to that city in quest of "a high old time," and they found it. A number of the dusky visitors got drunk and kept the police busy in quelling rows and arresting disturbers of the peace. But perhaps what the town lost in moral tone was compensated for next morning, when the "Cain raisers" were required to contribute \$50.00 and costs for the fun they had enjoyed.

Finding Jobs For the Crippled.

In the last few years we have taken another step of great moment. We have acknowledged the right of the crippled and the defective to work. We are no longer satisfied for their sakes or for society's to keep them by continuous charity but try to help them to an independent livelihood.

A man who loses an arm is worse of than a man who loses a leg. There are many things a man can do without two legs, but it takes two hands for almost any trade. Yet as one figures at the problem of finding employment for the men thus crippled, why should a youth with four intact limbs be usher a theater? Three limbs, rightly distributed, would do the work just as well. And as one's ardor grows for discovering special employment adapted to the crippled, one longs to run a telephone switchboard boy out of the building on his two good legs and seat a one-legged man in his place. The information man at the query window could dispense with nearly all of his anatomy! And as for newsstands whole men should be forbidden tend them!

One-armed men can be time-keepers and watchmen. One-armed men can be district messengers. Indeed, they would be much better adapted to that service than the present incumbents, the messenger boys, as the messengers are constantly sent, especially at night, to places of doubtful character, to all kinds of cafes, sa'oons and gambling establishments, whose influence is pernicious. Moreover, the boy who runs as district messenger is learning no trade with his two hands to support him when he is a man, the lack of which knowledge may yet handicap his skill. —THE DESIGNER for July.

Saved At Death's Door.

The door of death seemed ready to open for Murray W. Ayers, of Transit Bridge N. Y., when his life wonderfully saved. "I was in a dreadful condition" he writes, "my skin was almost yellow; eyes sunken, tongue coated; emaciated from losing 40 lbs, growing weaker daily. Virulent liver trouble pulling me down to death in spite of doctors. Then that matchless medicine Electric Bitters-cured me. I regained the 40 lbs lost and now am well and strong." For all stomach, liver and kidney troubles they're supreme. 50c at Freeman Drug Company.

About thirty responded to the call of the hot sultry weather and went fishing last Thursday. The party went to Stoney Creek near the Murray Club House. A large time and more than a bushel of fish was the "Luck."

Jones will be nominated for Congress at Greensboro. They can't beat him, because Jones pays the freight. See.

If the cotton mill business is going to the bow-wows, why are so many being built and preparations made for improvements on others.

One of our morning contemporaries refers to Hon. E. S. Parker, Jr., as a Stedman supporter. Now wouldn't that jar you. What do you think of that Mr. Jones?

Should Judge Jones be nominated for Congress and then be so fortunate to get elected, we bet he will not vote to put lumber on the free list, because his principal support in the county convention came from a lumber plant.

If the textile industry was in one-half as bad condition as some people would make believe, does any one suppose for a moment that the Marshall Field Co., would invest one and a half million dollars in one little town in North Carolina.

Just think of Carroll, the orator and whooper up of by gone days, having to submit to the steam roller methods. Doesn't it make your hair stand up. Never mind they will need the help of the old war horse again ere long, and it may not be forthcoming.

Another man to feel the might of the steam roller methods was Mr. Elmer Long, the brilliant young attorney who was championing the cause for the old soldier, but he will know better next time, he is young yet, especially in Alamance county politics. He should have consulted his father, the veteran Democrat of by gone days, he could have put him wise, we will wager a last year's bird nest that he will do it next time.

Steam Roller Methods Used.

The Democratic county convention was a tame affair, except in one respect, when the selection of delegates to the state convention was reached the friends, a handful in number, of Judge W. R. Allen for Associate Justice of the Supreme Court to succeed Justice Manning, of Governor Kitchins making, wanted to stand up and be counted, the steam roller was promptly brought into play and the stuffing smashed out of the Allen followers. Hon. William Houston Carroll, the old Democratic war horse in red shirt days, was one of the Allen followers and we presume he knows what it is to have the steam roller methods applied to him.

You see the Governor's appointee needed the votes of this county, and needed them badly, it would never do to allow the opposition to the Governors Senatorial aspirations to receive recognition in a county belonging

to the Governor. It might be construed that the Governor was losing his grip, so the steam roller was brought into play and did the work in short order. Just think of a man of Carrolls standing and ability tamely submitting to such treatment a few years ago. My, but how the mighty have fallen.

Place the Blame Where it Belongs.

It is a well known fact that the principal cause of the curtailment of the production by the cotton mills of the country is the high price of raw material, it is also well known that the price of cotton has been high throughout the crop of 1909, then where is the man who begrudges the farmer the era of prosperity which he is to day enjoying throughout the length and breadth of this fair southland. Everybody knows that when cotton is high, the farmer is prosperous, now that he is coming in for his share of the prosperity of the country, where is the man or politician who will advocate the lowering of the prices of the products of the farm in order that the mill owners may make more money.

It is only a question of time until the other industries of the country will adjust themselves upon an equal to that of the farmer, or nearly so, then the whole country will move as never before along industrial lines. There never was a time in the history of the country when all business conditions were exactly to our liking, while some classes were enjoying an era of prosperity, others were laboring under depressions and stagnation of business. Therefore it stands to reason that we should wait with patience the coming of the revival of business to the textile industry, which is sure to come just as soon as the price of the manufactured product can adjust itself in proportion to the cost of raw material.

The textile manufacturers throughout the country have heretofore had an opportunity of buying a large per cent of the raw cotton for their mills upon a low market, but this year it has been different, the price of cotton has been high for more than a year, and if the mills can run under existing conditions and break even, then there must be a decided advance in the price of the finished product before matters along this line can be properly adjusted.

We would like to see the calamity howler go before the voters of the rural districts and advocate the lowering of the prices of farm products as solution to the problem of existing conditions.

No Excuse for the Loafer.

The Chronicle last week carried an item from the Mooresville Enterprise to the effect that an agent for a big cotton mill in Concord was in Mooresville in search of cotton mill labor. He wanted four hundred hands, but could find none there, all the available help having employment. On the front of an incomplete building in Charlotte the contractor has posted a large sign, calling for one hundred laborers to go to Great Falls, where he has large building contracts to fill. These are but signs of the times and a caution to town officials to have a care for the enforcement of the laws against vagrancy. In these days of demand for and scarcity of labor, the loafer has no place excuse for existence and should not be allowed to exist. Where employment cannot be found in mills or in construction work, the farm is always furnishing absorption for labor.—Charlotte Chronicle.

The above is but an indicator of the drift of the tide. Yet we are told that there are people who are upon the verge of suffering, for the lack of labor to furnish the adequate funds to procure the necessaries to sustain life. Let the calamity howler howl, and those who predict dire destruction continue their wailing, the country is upon the verge of an era of prosperity the like of which has never been known before.

Republican Prospects in The Ninth.

If the wails of the Democratic press and leaders count for anything, the Ninth Congressional District is preparing to cut lose from her Democratic moorings and sail into the Republican harbor of safety and good times. With the Hon. S. S. McNinch as the standard bearer of the party in that district for a seat in the National Congress, it would appear at this distance from the scene of action, that the district will cut loose from the Democratic party and cast her fortunes with those of the Republicans in the approaching fall election.

The Democracy is raising a mighty howl over Mr. McNinch's candidacy, heaping upon him all of the vile epithets known to their vocabulary, basing those perhaps of dishonesty and incompetency. To read some of the many dialectics on Mr. McNinch's political course, one would infer that he is a turn coat of the first water and an office seeker of the most pronounced type. But the personal history and past political record of the man do not bear witness to these allegations. The facts in the case are that Mr. McNinch's steps have been pointed toward the Republican camp for quite a while. It is true that he has held several places of honor and trust, but they come to him without the seeking and were filled with honor to himself and credit to the people.

It goes without the saying that if office was the goal of his ambition it could be amply satiated within the ranks of the Democracy, as that district has heretofore always been counted safely Democratic. No, Mr. McNinch is a gentleman with large business interests, and like many other progressive business men of the Old North State, he became fully convinced that the policies of the Republican party were better adapted to the growth and promotion of the business of the whole country generally and the State of North Carolina in particular. With a man of his energetic character to be convinced, was to act, hence his change of political affiliation, never so much as dreaming of political preferment or office.

However, when the Republicans of the 9th district assembled in convention they recognized the fine business qualities possessed by Mr. McNinch, and saw at a glance that he would make an ideal representative in Congress and proceeded to nominate him by acclamation, without log rolling or even consulting the candidate. Though the nomination came unsought and was really a surprise, he could not cast aside such a high compliment to his worth and integrity as a man and citizen. Now that he has accepted the nomination, he will not suffer the standard of the party placed in his keeping to trail in the dust, but will at once enter into a most vigorous canvass of the district. All who know Mr. McNinch's great energy and success of purpose, can easily imagine the kind of canvass he will make.

Mr. McNinch's great energy, pleasing personality, sincerity of purpose and extensive acquaintance throughout the district will stand him in good hand and greatly aid him in his canvass. We predict his election by a safe majority.

Still Divided.

It is a notorious fact that there has been no unanimity in sentiment in the Democratic party on any of the great questions of public policy for a number of years. As time grows apace the party appears to become more divided than ever. The latest instance of party division was the attitude of the Democrats in the Senate on the railroad bill. Some were for and some against it. A conference failed to bring about an agreement.

The Democrats have not made any capital out of the present session of Congress, nor did they profit by the extra session in the

fight over the tariff bill. To all appearances they had no settled purpose in view in the extra session. They divided on a number of the most important schedules of the Payne bill. Some of them voted for free lumber, others against it. The same was true as to coal and iron ore, timber and other raw material. The record at the regular session has been no better. There is no well defined line of action on any question. On the most vital questions of public policy, they are not agreed. Conferences are held, still there is no agreement and factionalism continues in the ranks of the Democratic members. A lack of discipline is plainly evident.

There is every evidence that the Democracy will enter the Congressional campaign without an issue and will not be able to present a solitary reason why the power in Congress should be placed in its hands. On the other hand the Republicans will go before the people with the proud distinction of having kept the promises made the people in the last Presidential campaign, and can point to many wise and wholesome laws enacted by the last Congress. Then again, they can point to the great business activity prevailing in every section of the country and the great prosperity incident thereto.

The insurgent movement in the west is on the wane. The Republicans of Wisconsin recently met in state convention and endorsed President Taft's administration. This is a matter of great significance, since it reflects the sentiment of the Republicans in Senator LaFollette's native State, as he is considered one of the foremost leaders in the insurgent camp. Senator Cummings of the State of Iowa, another insurgent leader is losing his hold on his party in his native State. So as stated, every thing points to the early dying out of insurgency in the middle west. The death of that movement means the down-fall of the Democracy, so far as the next Congress is concerned.

Bank Opening.

The First National Bank, having completed their handsome new building, have decided to have an opening on Tuesday night, July 12th between the hours of 8 and 10, in order to show the public through the banking room, vaults etc. of the bank and the numerous delightful offices above.

The elevator will take the visitors to the different floors where an orchestra will furnish music and ladies will serve light refreshments. The Officers and Directors will be present to give information and do anything they can to make the evening pleasant. Let everybody come and have a good time. It will cost you nothing and encourage this progressive institution.

Dr. J. S. Frost has a change of ad in this issue look it up and give the doctor a trial. He will produce the goods.

ALAMANCE HOSPITAL

The committee having in charge the raising of stock for the corporation to build and equip the Alamance Hospital have adopted the following plan for conducting the campaign for subscriptions:

To appoint a Chairman of a Sub-committee for each town and township in the County, who shall have charge of and appoint as many assistants or solicitors as he shall think best to properly present the matter to everyone in his territory likely to be interested. The Chairman to make a report at least once each week to the Secretary of the General Committee of the names and amounts secured, and this list to be published in the County papers.

The following named gentlemen have been requested as Chairman:

Dr. G. W. Stafford in Burlington, Jacob A. Long in Graham, Dr. J. W. McPherson, in Haw River, L. Puryear in Mebane, Dr. J. O. Atkinson in Elon College, Dr. J. L. Kernodle, Morton's, Dr. C. M. Walters in Fayette, Dr. W. N. Tate, Pleasant Grove, Dr. J. A. Pickett in Albright and Cobles, T. F. Mcvey, Newlins, Geo. T. Williamson, Saxapahaw, W. C. Kirkpatrick, Swepsonville, John E. Stroud in Pattersons.

The Committee are sending out the following letter to the citizens of the County and they ask the earnest co-operation of every one and a liberal subscription.

Dear Sir:-- You doubtless know of the movement that has been started to build and equip a hospital in Alamance county. A short time ago there was a meeting, a company known as the Alamance Hospital, Incorporated, was organized and a charter has been obtained from the State incorporating this institution. Another meeting was held and a Committee that had been appointed reported on various sites and finally it was decided to locate the Hospital on the Macadam road leading from Graham to Burlington, on the right hand side nearly opposite the County Home. Those have had experience in locating such institutions pronounce this an ideal place and it was obtained for ninety-nine years at an annual rental of One Dollar per year. Architects have been consulted and it has ascertained that we can build and equip a hospital of the size necessary for our needs for Twenty-five Thousand Dollars. We do not believe that it is necessary to submit to you any arguments as to the imperative need of our County for such an institution, but we do know that the question as to whether we shall have such an institution depends on the interest and co-operation of such citizens as you are, and so we are writing you.

Under our charter each share of stock is of the par value of Five (\$5.00) Dollars, and is strictly non-assessable. Those taking stock will own and manage the institution and this corporation will annual stockholders meetings and will be run as are other business corporations. Those taking stock will be called upon to pay for the same in the following installments and at the following times: 25 per cent. September 1st, 1910; 25 per cent. December 1st, 1910; 25 per cent. March 1st, 1911; 25 per cent. July 1st, 1911. You will see that it will be easy to meet payments and the money will not be idle for a day after being paid in.

We want to get the necessary stock subscribed so that we may get the building erected before the winter sets in.

A solicitor will call on you in few days and will explain anything else about the movement that you may wish to know.

It is a worthy cause and we feel sure you are interested and for and representing the citizens of county, we ask you to be liberal.

As soon as the stock is subscribed a meeting will be called to elect Directors, Officers and Managers and you will be notified.

Respectfully,

WASHINGTON LETTER.

From our Regular Correspondent.

Crowded-out last week. Washington, June 25.—Three great issues will be presented by the Republican leaders for the consideration of the voters of the country during the coming campaign.

First, the Tariff law passed at the extra session; secondly, the new Railroad law, and third the Postal Savings Bank law. Then too, the appropriations of the present session will undoubtedly be scanned very closely, because an attempt has been made in spite of the constantly increasing demands made upon the Government to keep these appropriations very close to those made for last year.

In the consideration of the Tariff law the Republicans will have a great advantage—it can be unquestionably proved that the law has been most eminently successful. In the first place it is quite likely that the deficit for the year will be wiped out altogether. Last year it was \$58,000,000, and the increase in revenue under the new tariff law will just about equal that amount.

The public is cordially invited to all services. The tariff was not reduced in accordance with Republican promises. The President, however, and the Republican leaders have already proved that in several ways, but the best proof of all is the operation of the law itself, and that the tariff was revised downward is shown conclusively by the following figures:

McKinley law (47 months) 47.10 22.12 Wilson law (35 months) 42.82 21.92 Dingley law (144 months) 45.76 25.48 Payne law (9 months) 41.73 20.91

This should mean an arousing of the people throughout the country and a rallying of the voters to the President and the Republican majority in the next House of Representatives to aid Mr. Taft, in the second part of his term, to give the people in every section of the country the best administration possible.

Haw River Items.

Crowded out last week. Rev. T. G. Vickers began a series of meetings at the M. E. Church Sunday he is a working man the attendance is good.

Mrs. Matilda Conklin was the guest of Mrs. Sarah Keck Sunday. She returned to her home in Burlington Sunday evening. Mrs. G. W. P. Cates is visiting her sister in Orange, Mrs. L. M. Cates and looking over the field of her girlhood days and drinking water from the old spring.

Arthur Neese of Lexington was in town Saturday evening shaking hand with his many friends and talking with his best girl. She is O. K. We will tell who she is if you don't hurry.

The meeting at the M. P. Church closed last Thursday evening, there was thirteen or fourteen professions, the preaching was plain and simple and far reaching we did not learn how many joined the church.

Mrs. M. J. Brady and Miss Woodfin Chambers left Friday night for Charlotte where they will spend some time with friends.

Miss Katie Lee Banks left Saturday morning for Goldsboro. She left there Monday for an extended northern tour.

Miss Mattie Simpson spent Sunday in town. Mr. and Mrs. S. A. Vest and S. A. Jr., spent Sunday in Durham with Mrs. Vest's mother.

The many friends will be glad to learn that the live and bright correspondent of the Burlington News again grasp the pen to make glad the people who read them we missed them so much.

Our genial Rural Carrier was the recipient of some nice peaches and apples presented to him by Miss Daisy Goens he takes off his hat and makes a polite bow to her. She knows how to make one happy. He says he has some of the best patrons that are in the service, time would fail him to mention all there are the Miss Paynes and Mrs. Scott and Thompson we bow to them all and politely thank them for the many token of kindness we hope the P. M. will be remembered some time in the future then perhaps we can share with him.

B. Goodman of Burlington was in town Monday shaking hands with his friends. Our esteemed Jesse Sykes who has been down in the eastern part of the state selling fruit trees for H. E. McPherson for quite a while has returned home and reports a good time business fairly good.

Marvin McPherson left Monday for Liberty where he will spend a few days, we wish for him a grand time. B. S. Robertson is having his lot planted in corn which we hope will produce for him a bountiful crop.

Farmers Going to Ruin.

The greatest drawback and ruin to the farming industry of our State today is foreign immigration. It seems that the class of immigrants we get into our State is worthless and a drawback to the farming interest. Our State opens its ports and reaches out its welcomed hand of gratitude to received them. For what? To fill up space in our community (only.) They come here, then what? They gather up a bundle of trinkets, go around peddling and seeking to grasp every nickle of the wage earner. They never till the soil, they never pay taxes, they never help to advance education, they never assist in prphanages, they never help any one but themselves. Then do they do? They around among our working people peddling out their trash, cheating them out of their earnings. And yet we, with an up-lifted arm, cry out immigration! immigration!! Away with such immigration and give us some of the farming element. It seems that get all, or most all the worthless people of other countries—such as Hungarians, Poles, Greeks, Japs, Chinese, etc. What are we doing?

BROOKLYN TABERNACLE BIBLE STUDIES

WITHOUT A PARABLE HE SPAKE NOT.

July 10.

"The words that I speak unto you, they are spirit, and they are life."—John 6:63.

WITHOUT a parable spake he not unto the people. What the prophet had declared of him was true. "He shall open his mouth in parables and in dark sayings."

There is absolutely nothing in the words of Jesus without a deep significance. How many have stumbled over our Lord's parables by taking them to be literal statements of facts!

Truly these various statements of the parable shine out in beauty and consistency as we get the true light upon them, and see their symbolic meaning and application.

Note afresh the parable of the wheat and the tares, the gathering of the former into the garner and the burning of the latter. Neither represents literal experiences.

Eventually all the willingly obedient may enjoy the blessings of eternal life. On the other hand, the description of the burning of the tares, instead of referring to the literal burning, has, evidently, a symbolic significance—it means the destruction of the tare class—not their destruction as individuals, but as "tares," as imitations of the "wheat" class.

How glad we are to find the key to these symbolic statements—these parables. How glad we are that by the use of this key the parabolic figures become reasonable and beautiful.

The parable of "the sheep and the goats," taken literally, has caused confusion to many. They think of the separation of the sheep and the goats as now in progress, failing to notice the Scriptural declaration that the parable shall find its application "when the Son of man shall come in his glory and all his holy angels (messengers) with him."

Our text shows that however dark and parabolic were our Lord's teachings, nevertheless, rightly understood, his message is one that is spiritually helpful and life-giving to those who can and do understand it.

Heat From Waste

Smoke and gases that escape up the chimney in all other furnaces, are penned up in a

Peck-Williamson Underfeed Furnace and consumed. The Underfeed is easily operated, burns soft coal of the very cheapest grade, insuring a

Saving of 1-2 to 2-3 on a winter's coal bill. Fuel is replenished from below with the flame on top. The heat of the Underfeed is uniform. Those who use it are kind to its praise.

:-: RURAL CARRIER ITEMS :-:

Raw River Items.

Mr. J. O. Foy, editor of The Mebane Leader, was in town last week looking around. We think he would like to live here if he gave us a pleasant hand shake. The train was close by, so we did not talk much.

Miss Nellie Maxwell, our esteemed music teacher, left Sunday for Rock Hill, S. C., for an extended visit to relatives and friends. We wish for her a pleasant time. She carried some one's heart with her.

Miss Lillie Corden, of Hillsboro, and Miss Mollie Crawford, of Orange Grove, were pleasant visitors at G. W. P. Cates', they once lived here.

That valiant and faithful soldier of the cross, Rev. J. W. Wellons was here Sunday and worshipped at the Christian church. He always has something good to say to every one and especially to his brethren. Come as often as you can brother. He has passed the 85th mile post in life.

Rev. T. G. Vickers closed his meeting Sunday night with three accessions to the church, others to follow.

Rev. Arnett preached at the Baptist church Sunday. Two presented for membership.

Our town was very much shocked Monday morning when it was learned that W. E. Faulconer, telegraph operator at this office was dead. He died unexpectedly, yet he had been off duty three or four days. It is appointed unto man once to die, after that judgment. His brother and nephew, of Greensboro, came down Monday to take charge of the corpse. They carried him to Virginia for burial. His wife and some of his children joined them there. This sad to be cut down so unexpectedly.

Several of our young ladies of the Baptist church visited Mebane and to spend the Fourth with Rev. D. A. Arnett and family, their pastor. No doubt they had a good time.

The esteemed clerk, J. W. Johnson, of The Holt-Granite Supply Rooms, left Monday to attend the Democratic Convention which met at Greensboro July 5th. We suppose the gentleman wanted to canvass a little.

Mrs. G. W. P. Cates, of whom we spoke last week, returned home last Friday, we were glad to see her, we could wash the dough off our hands, what a lonely home when the wife is gone.

Mrs. A. L. Andrews is visiting her people in Orange.

It was our privilege to visit Graham the glorious Fourth and shake hands with the boys who wore the grey and we were permitted to the dinner prepared. The untiring hands of the Daughters of the C. S. A. Long may they live to do such noble deeds. It was quite pleasant to rehearse the scenes of after years as were in camp, but soon we will have to answer the last roll call.

Our genial rural carrier seems to be a recipient of so much nice fruit given him by the most worthy patrons. He seems to be growing in popularity with most of them. We will tell more of this next time.

Miss Flora Fagg and brother of Reidsville, and Will Smith, of Wentworth, visited Miss Nettie McClure Sunday.

Misses Iola and Ruth Franklin, the charming and attractive sisters of Mrs. S. A. Vest, of Durham, arrived in town Tuesday evening. Miss Ruth returned Thursday. Miss Iola will be here a day or two longer.

B. T. Hurley, of Durham, was a guest at the home of Mrs. S. A. Vest a day or two last week.

Messrs. B. S. Robertson, Jr., and Roy Johnston spent from Saturday until Monday in town.

R. F. D. No. 2.

The picnic and ice-cream supper at Mt. Vernon Monday was quite a success. There was a large crowd present and all enjoyed the occasion. Quite a nice sum was raised for the repainting of the church. Real men

must have been scarce since some of the girls really counterfeited a man.

Glencoe and Maywood baseball teams crossed bats at Mt. Vernon Monday and put up a splendid game. The features of the game were many and too tedious to mention. The score was in Glencoe's favor.

Mr. and Mrs. C. H. Garrison of Reidsville, and Master Carroll are visiting Mr. and Mrs. A. G. Garrison.

Rev. Sample held regular services at Stoney Creek Sunday.

Mr. and Mrs. H. H. Walker, Mr. and Mrs. S. R. Story, Mr. G. R. T. Garrison and several others were town for the fourth.

Mr. T. W. Trogdan spent Monday in Greensboro.

R. L. Holt, who has been at Baden, Ind., several weeks for his health, is much improved and will soon return to our midst.

L. Banks Williamson, who witnessed the Roosevelt Home Coming at New York a few weeks ago, is at his post again.

Good rains on No. 2 Monday night made the crops look much refreshed.

R. F. D. No. 7.

"Dan Cupid" is still busy at Blenmont.

Charles L. Sharpe son, of W. A. J. Sharpe, a prominent farmer living near Bellemont, and Miss Elsie Stinson, of Bellemont, were married on Wednesday evening of last week, June 29th, 1910. Rev. J. A. Burgess officiating. We congratulate Cupid on his good judgment shown in this case and hope his victims may live a long and happy life together.

We do not know what Floyd Nicholson will do now Charles is married, unless Cupid decides to get busy and make a home run with him.

Hillary Rauhut rode his bicycle over to Randleman on a short visit to friends, returning home Tuesday by train.

The rural letter carriers of North Carolina held their annual convention at Raleigh July 4th and 5th. We did not attend, but several of the carriers from Burlington went down Saturday evening at Sunday to show the people down there what kind of specimen's the county of Alamance can produce. No. 6 had intended going down Sunday evening and we learn that she got started all Wright, but when they arrived at the depot the train had been gone about twenty minutes. We thought pleasant company made the way short, but in this case it seemed the other way. However, she went down Monday morning and we hope she is having another pleasant time.

Our patrons have been generous to us, giving us fruits and vegetables, most of them donating some for the widow and orphans.

Mr. O. E. Culler came in from Greensboro last Friday, and Saturday when we arrived he had ice-cream and cake ready for us. We wish Oscar would come down pretty often.

R. F. D. No. 1.

B. H. Waddell left today (Tuesday) for South Carolina on business.

Emmett Reitzel and Dr. Coble of Greensboro, spent Sunday on our route visiting relatives.

Miss Lois Reitzel left today (Tuesday) for Raleigh on business.

Uncle Wesley Coble is again well and strong.

A. A. Apple and family, of Burlington, spent Sunday at Shady Side Farm.

Mrs. Patton and Miss Compton of Elon College, spent Sunday on the route.

Mrs. Dena Noah and children of Greensboro, are spending this week with Mr. and Mrs. A. P. Bryan.

Quite a number of teachers of our route are attending the Institute at Graham this week.

Quite a crowd gathered near Alamance cotton mills the 4th

and had a grand time. Baseball was the principal attractions. Two games were played. Eldermont ably defeated the railroad boys in the morning, and in the evening No. 7's big nine (Bellemont) and Eldermont went for ten rounds but were unable to untie the score which was evened up in about the sixth round.

Snow Camp Items.

Miss Izetta Stuart is visiting in Graham this week.

Logan Durham, of Spencer, and Miss Alice Marshburn, of Graham, were visitors here Sunday and Monday.

Margaret Hackney visited friends here for a few days this week on her way home from Saxapahaw, where she has been helping in a revival meeting, and visiting Spring and Chatham meetings.

Mr. and Mrs. C. F. Coble, Mr. and Mrs. M. W. Roach, Miss Roduska Roach, and C. C. Stout attended the 4th of July celebration at Burlington.

Miss Bertha Fox, of Guilford College, is visiting her aunts, Misses Florence and Eula Dixon.

Argent Coble Winningham, aged thirty-two years, died of Tuberculosis, at her home near Saxapahaw June 28th and was buried June 30th at Cane Creek, Margaret Hackney conducting the funeral exercises. She had been afflicted some time, but realized only last Monday that her condition was fatal. At the last she called her loved ones to her bedside exhorting them to continue in the faith to the last, and meet her in the home beyond. She leaves a husband, John Winningham, a father and step-mother, Mr. and Mrs. R. R. Coble, and brother, C. F. Coble, of Snow Camp, and two sisters, Mrs. C. H. Phillips, of Gibsonville, and Mrs. J. R. Stewart, of Burlington, to whom we extend our heart-felt sympathy.

Rock Creek, R. F. D. No. 2.

We have had some dry weather over on No. 2 for the last week or two.

Misses Lula Sallie Hackney, of Durham, are visiting in this county. We are glad to see them.

Among the visitors at T. E. Murray's last Sunday evening were Dr. J. D. Gregg and Arthur Hackney, of Liberty, and Miss Alice Spoon from Hartshorn No. 1.

F. L. Spoon and wife spent Sunday evening at Martin Kimrey's.

Dr. C. E. Spoon and family were visiting J. A. Smith last Sunday.

Miss Maggie Kimrey was visiting on this route last Monday night.

The picnic at the old Patterson mill road last Monday was just fine. We had a time fishing and boat riding.

Fletcher Smith was a caller at M. R. Kimrey's last Sunday night.

N. C. Spoon and family visited John W. Alexander last Sunday.

Miss Ola Sullivan is spending sometime in Greensboro. We miss her very much.

Death of Baby.

Great sympathy is expressed by the many friends of Mr. and Mrs. L. Whitted, whose darling baby was taken from this world to the great beyond last Thursday night about nine o'clock. Robert Elmore was six months old and will be greatly missed in the home by the parents and other children. No one can take the place of an innocent little babe with life so pure and white such as that of little Robert Elmore. Funeral was conducted by Rev. Donald McIver, assisted by Revs Morgan and Andrew at the home of Mrs. Patterson on Front street where the death occurred. Burial at Pine Hill Cemetery.

Misses Pearle Walker and Annie Holt accompanied by Messrs M. L. Holton and Cary Isley took an automobile spin to Greensboro last Wednesday evening.
