As stated the first of June, we cut out this week the names of those in the Contest who have made no effort to increase their vote. From this date to the close of the Contest we will double the vote for all new subscribers, in other words, we will give 200 votes for one new year subscription; 100 votes for a six months subscription. It must be a new subscriber. Just a change of name from one member of a family to another will be counted as a renewal. For all renewals of subscriptions the vote will remain as in the past. For every dollar paid on subscription we will give 100 votes.

From this date until August 17th, at noon, we will give 1,000 votes for \$5.00, either new or renewal of subscription, the paper to be mailed to one name and address. This, we feel sure will meet with the approval of the contestants and should create more or less enthusiasm. Now let every one get busy. Elaborate Opening.

The grand Opening at the First National Bank building last night was visited by at least 1500 people. All of whom were of a jovial nature and entertained in such a way as to cause them to wear a smile that will never come off. The large building five stories high, which contains thirty-two beautiful rooms was all aglow from bottom to top with electric lights more than 90 lights showing forth their illuminous rays at one time.

The elevator was kept busy transporting the visitors from floor to floor where they were met by ushers who carried them through the building stopping occasionally to glance at the decorations of red, white and blue, and beautiful evergreens which spoke words of welcome to the visitors. All the rooms were attractive but none so much so as the one presided over by a beautiful young lady serving punch or sherbit as a matter of choice. The light refreshments were very delicious and cannot be complimented to highly.

To entertain the public in general and especially for the benefit of those who were served to often to the punch, music was furnished by a colored band of Roanoke, Va. The first floor of this building which is used by the bank is finished in solid marble and oak.

The other rooms are all well arranged and beautifully furnished convenient for office or private individuals.

To the Republican Voters of North Carolina.

Pursuant to a resolution passed by the Republican State Executive Committee, at a meeting held in the city of Greensboro, N. C., on the 27th day of May, 1910, a State Convention of the Republican party of North Carolina is hereby called to meet in the city of Greensboro, N. C., at twelve o'clock noon, on Wednesday, the tenth day of August, A. D., 1910.

This Convention is called for the purpose of nominating a Chief Justice and two Associate Justices of the Supreme Court of North Carolina, to ratify the nomination of Superior Court Judges in the various districts where candidates for judge are to be nominated this year, to nominate two Corporation Commissioners, also to elect a Chairman of the Republican State Executive Committee and one Committeeman from each Congressional District, the last named to be designated by the district delegation when assembled at the State Convention and to transact such other business as may come before the convention.

The plan of organization requires that delegates and alternates to the State Convention shall be elected by duly constituted county conventions, called on at least fifteen days notice of the time and place of such conventions. Representation in county conventions shall consist of one delegate and one alternate for every twenty-five Republican votes, or fractional part thereof, cast in the precinct for the Republican candidate for Governor at the previous election, and in all other conventions one delegate and one alternate are apportioned to every one hundred votes, or fractional part thereof, cast at election for the Republican candidate for Governor. Provided, however, that each county shall be entitled to at least two votes in State, Congressional and Judicial conventions.

The county chairmen, as well as the precinct chairmen are earnestly urged to use all diligence in seeing that their respective counties and precincts are well and fully represented in the conventions, as well as to give their conventions when called the widest publicity. Let us urge upon you that the conventions in each county and township shall be conducted in such manner as to have full representation in the respective conventions, and let every voter feel that he has a voice in the affairs of the county.

SPENCER B. ADAMS,
Ch'm Repub. State Ex. Com.
T. J. HARKINS,
Secretary.

Quite a good congregation attended church at Mt. Zion last Sunday owing to the report that the Piedmont Baptist Association was to meet there. For the benefit of those who wish to attend will say the pastor announced that the Association would meet July 26th, at 7:30 p. m., and will continue two days.

The refreshing showers for the past week has done much good to growing crops. The farmers can now finish their crops.

We wish to say that we endorse what Mr. Buckner says about the roads and say we do not believe one can find two miles of good public road in Patterson township in one strip, many roads are almost impassable. We saw a man on his way to Burlington with wife and boy who had to hold to keep the good wife from falling out in the road, where there is much travel, not less than 50 vehicles a day. If you call this good roads, "Gee what next." The inquiry when you meet a man generally is; did you ever see such roads. This is a square deal, nobody working, nobody paying.

A TAX PAYER.

D. A. White goes on record as the wheat raiser, sowed one and one half bushels threshed forty and three fourth. A yield of 28 bushels to one. Mr. White lives in our midst and is well known to us all.

OUR RALEIGH LETTER.

Special to the Dispatch.

Raleigh, July 9.—The Wake county Democratic convention met in the Court House in Raleigh on Saturday last. Though heralded as the militant Democracy of Wake and reported in the columns of the News and Observer as the "unterrified Democracy" of the metropolitan county of the State, it was apparent to all on-lookers that something had come over the spirit of the dream of the dominant party. Occasional hand-clapping was the extent of applause; not a cheer was heard, and old time enthusiasm was entirely lacking. When one of the defeated office holders was asked why the convention was so lacking in enthusiasm his answer was: "Did you ever hear of being struck dumb with enthusiasm? This is a sample of it."

Hon. Armistead Jones, Chairman of the Democratic Executive Committee, called the convention to order, stated the business to come before the convention, but nowhere in his remarks did he make any reference to a united party or the hope of success and victory in the coming election.

Hon. R. W. Winston was made permanent Chairman of the Convention and in his speech made reference to the fact that the Democracy of Wake county was divided; had two wings—and stated that no bird could fly unless it had two wings. The primary vote was canvassed by the Convention and the result declared. Delegates were named for the State, Congressional and Judicial Conventions.

Hon. R. H. Battle, nominee for the House of Representatives was called upon for a speech and introduced as the next Speaker of the House of Representatives. Mr. Battle stated that those who voted in the recent Democratic Primary were not legally bound to support the nominees but were morally bound to do so, and begged the Democrats of Wake to support the ticket nominated, saying that this ticket had been placed in the field by the vote of the recent primary, and if the voters did not support it in November he would then be opposed to the legalized primary system.

Mr. Alf. A. Thompson was called upon for a speech, and he spoke of the fact that it was said that many of the defeated wing of the Democratic party would not support the ticket in November. He urged the Democrats to stand together and elect the ticket.

Mr. J. N. Holding, who was aligned with the defeated ring was called upon for a speech but declined, saying that he was too unwell to speak and had only come to the Convention as an on-looker.

After the report of the platform committee Dr. Sykes, nominee for the Senate, had the platform amended so as to authorize the members of the Legislature make investigation and determine whether they should recommend the creation of the office of Commissioner of Agriculture for Wake county.

On July 6th, the Fourth District Congressional Convention met in Raleigh and declared Edward W. Pou the nominee of the Democratic party. This Convention was another tame affair.

There has never been a time in Wake county when Democrats were so outspoken regarding their disgust and dissatisfaction with their party affairs. There is a chorus of voices in the Democratic camp demanding that the Republican party put out a good ticket and these Democrats promise to support the Republican ticket from top to bottom. So bitter was the fight waged by Daniels and Bailey that the good women of Raleigh are disgusted, though heretofore Democratic supporters, and they are now urging Republicans to nominate a winning ticket and administer a rebuke to those who made use of such disgraceful campaign methods.

THE STATE'S OLDEST TEMPERANCE SOCIETY

Snow Camp, July 9.—On July 4th, at Pleasant Hill church in Patterson township, the Pleasant Hill Temperance Society met in seventy-seventh annual session. A house full of people expressed by their presence on this anniversary of National Independence, their love of home and country, by their loyalty to the cause of temperance as espoused by the above Society for three-quarters of a century. After attending to the usual order of business the audience was favored with an address by Mr. Frank R. McNinch, of Charlotte, which address was listened to with much interest and was so eminently practical that we take the liberty of passing along some of the prominent thoughts.

The speaker started out with a patriotic reference to our great nation, insisting upon a deeper appreciation of heritage and more familiarity with the facts of our history.

His introduction to the subject of temperance was an admonition to the Society not to dwell too much on its past but to look back upon it only to gain inspiration to go forward. "If you stop here," the speaker said "God will mark you as a Lot's wife in your community." So in the State we must not be content with merely looking back upon the election which gave us 44,000 for prohibition but let that be our inspiration for future effort. "Let God guard the rear and us go on to Canaan," real prohibition which is the conversion of the last single mind from objection to prohibition.

In regard to the enforcement of the law he said that in the first place no other law is so unfairly and fanatically judged as prohibition, that no one would think of repealing laws against murder, theft, arson, and all crime because these very laws are sometimes not enforced, that we are a set of moral cowards if we say that the law cannot be enforced, and that one good strong man in a community will insure a reasonable enforcement. Whiskey should be made an unlawful curse and the man who sells it an outlaw. If our officers fail in doing their duty, the political authorities should be made to understand that these guardians of the law would be succeeded by others who would make offenders skulk to their hiding places, and that if the law is not enforced it will be the fault of the temperance people.

With reference to the law itself the speaker thought it quite satisfactory except for the provision made for ministers to obtain wine for sacramental purposes. He deplored this as coming under the woe pronounced upon him (individual or organization) who putteth the bottle to his neighbors lips, incidentally making a strong plea for unfermented wine for these purposes. Legislation prohibiting the sale of near beer was suggested as an improvement also.

The progress of the temperance movement generally was mentioned and with encouragement. A touching reference to the slavery of the South which the North finally destroyed, was followed by the thought that now the South, out from under the ban of whiskey almost from Mason and Dixon line to Mexico, should turn to the North and plead for emancipation on the part of the North from slavery far worse than that of the black man.

Mr. McNinch referred to the old saying, "if you will let liquor alone, liquor will let you alone," adding that he wished to disabuse every young mans mind of that idea and gave some striking instances of the fallacy of such argument. He followed with some excellent advice to the young men who "wish to keep step to the music of the day," a recipe which the speaker termed "the fundamental, basic principle of all goodness and greatness and the right kind of smartness" which was this, "as for me and myhouse we will let liquor alone."

The world he said is at last coming to God's way of thinking,

Greensboro Patriot.
J. Rankin Thomas has purchased from J. S. Wynne, of Raleigh the property on the corner of South Elm and West Market St. occupied by the Greensboro Drug Company and a number of professional men who have offices on the second and third floors. While the consideration has not been made public, it is known that a fancy price was paid for the property.

Wikes Patriot.
Messrs. Paul Garrett, the wine manufacturer, of Norfolk, Va. and A. F. Messick, of Winston-Salem are arranging to build a large kettle at Roaring River, for the purpose of cooking berries. W. E. The berries will be cooked at the kettle and placed in barrels and then shipped to Norfolk, Va., where they will be pressed into wine.

Siler City Crit.
We regret to hear of the sudden death of Ex-Congressman John W. Atwater, which occurred Monday as he was plowing on his farm at Farrington's Mill in the eastern part of the county. He was elected to Congress on the Populist ticket in 1894 and was a staunch Confederate veteran. He was about 69 years old and leaves a wife and four children to mourn his loss.

Mebane Leader.
We have been informed by Mayor Shaw of Mebane that the arrangements for the sale of the fifteen thousand dollars in town bonds had been perfected and that the form of the bonds adopted had been forwarded to S. Keane and Co. of Chicago, the parties to whom sale had been made that they might have the bonds lithographed, as soon as returned will be signed and forwarded to the National Park Bank of New York for collection. This likely be done this week.

Lexington Dispatch.
Lexington sent over not less than 300 people to the annual meeting at the Baptist orphanage last Wednesday morning. The ticket agent at the Southern station sold 214 tickets for train No. 44, and a large number drove to the chair town. The day was pleasantly spent, and the address of Dr. Kilgo, reported in this paper was commented upon most favorably.

Wilmington.
Track-laying goes right along on the Southbound. One of the people engaged in building the road says he thinks trains will be running by October 1. Contractor McKinney and the Luck Construction Co., will be through with their work between Lexington and the river within 30 days. The bridge over Abbotts Creek was begun Monday. The work is progressing under the Southern and is nearing completion.

Raleigh Caucasian.
There were read before the Board of Aldermen a resolution passed by the Raleigh Board of Commissioners asking that the city make an investigation of, and place the blame for the recent fire in which property was damaged. Alderman Upchurch contended that the matter ought to be overlooked, as he contended the fire alarm system was not invariably in trouble and that the people ought to have more address.

Elkin Times.
Sexton Swift, who lives on the South Fork of Mitchells River, in town Wednesday of this week. He attracted considerable attention on account of his height. The editor of the Times saw him measured by M. Q. Snow, of the Snow Clothing Company. His height is 6ft. 6 3-4 inches. So far as known he is the tallest man in Surry county. His weight is 210 lbs, but he says sometimes weighs more. He says he has always enjoyed excellent health. He has the appearance of being a very strong man.

Asheboro Courier.
Mrs. Cox, widow of the late Reuben Cox, died at the home of Allen Wright in Ramseur, last Monday, and was buried at Holly Springs Tuesday. Mrs. Cox had suffered a stroke of paralysis last week, from which she never rallied. Her husband died suddenly last December, and she is survived by no sons nor daughters. Mr. Wright, at whose home she died, was an adopted son. Mrs. Cox was a member of the Friends Church, and was an estimable woman.

Alamance Gleaner.
It is with great regret that we publish the fact that Prof. A. T. Allen Supt. of Graded Schools, has resigned. He tendered his resignation Tuesday. He has been elected Supt. of Salisbury City Schools. During the three years which he has been at the head of the Graded Schools here he has grown continually in the estimation of pupils and people. He has made good, and a recognition of the fact by the people is no doubt gratifying to him. His resignation was a surprise to all.

 Entered as second-class matter May 20, 1908, at the post office at Burlington, North Carolina, under the Act of Congress of March 3, 1879.

Wednesday, July 13, 1910.

The man who pays the freight delivers the goods, you can't beat the man who delivers the goods.

We didn't say anything about the fight—simply because there was nothing to say.

To be consistent, would it not have been better to have suppressed the newspaper reports of the fight.

How much longer will the people stand to have their favorite for office traded off to suit a lot of political traders.

The moving picture end of the Jeffries-Johnson fight is coming in for a liberal share of free advertising these days.

Four days and nights of scramble for one little Congressional office, and yet the Democrats are not office hungry. Oh, ye Gods.

Everything points to Jones as the nominee for Congress by the Democrats of this district, and why not? Jones he pays the freight.

Well, just as we expected, Forsyth county has swapped a Superior Court Judge for a Congressman, provided they can deliver the goods.

Lane! Lane! Who is Lane? Oh yes that is the thoroughfare that leads to the nomination of the Fifth District combine candidate for Congress.

Of course Raleigh don't want to see the pictures of the fight. They are just recovering from the effects of a fight that beat the Reno affair two and the game.

The convention adjourned to meet again the 26th, in the mean time the politicians are kept busy trying to make the dear people think they really have something to do with it.

The dead-locks in the many districts throughout the State, both Congressional and Judicial, indicate the condition of the appetites of the average Democrat for a chunk of pie.

The Governors appointee for judges do not seem popular with the people, but then the people have very little to do with it. It is a contest for control among the politicians.

The Democrats of the Fifth District will find that every trade like the one made at Winston-Salem last Saturday in the judicial convention, will be a boomerang in the final wind up.

We have always known that Democratic politics in Halifax county was rotten, but we never thought it would turn the stomachs of the gang who have been among the leaders. We note that they are to have an independent ticket in the field for county offices this year.

We may have been mistaken in our summary of the line up at the Democratic county convention, but if so we will have to be shown or await later developments, we are from Missouri, you know.

Let every loyal Republican attend the county convention the 30th, and the primaries the 23rd. See to it that only tried and true party men are selected as delegates to the county convention.

If the Republicans are wise in this day and generation, and will keep clear of factional strife every thing will come their way. The people are sick and tired of this continual scramble for office. Mark the prediction.

Governor Kitchins stock going down, Senator Simmons stock rising, and a panicky feeling among the politicians, with the masses not caring a dam, sums up the situation at this writing. Where is our contemporary, the News.

The nomination of Col Boyden of Rowan, for the Senate in the recent primary, may not have any significance. But we shall watch the result with some interest. Mr. Boydens position in a recent election of importance is well known.

In the Democratic convention of the 3rd Congressional district, Congressman C. R. Thomas was defeated for re-nomination. Mr. Thomas has done as much for his constituency and his State as any member of that political party that has been in Congress from North Carolina in a decade, but he had to be displaced to make room for another pie hungry Democrat.

Our Present Congress.

The Sixty-First Congress will pass into history as one of the most efficient and business like the country has ever had. The tariff law enacted by the special session is proving to be one of the best the country has ever had, both as a revenue producer and a protective measure. Under its wise provisions a deficit in the National Treasury will disappear within the course of another year. Then at the same time the industrial condition of the country under the wise protective provisions of the law is better than at any former period in its history.

The Senate has just enacted a railroad law, which will most assuredly be concurred in by the House, which ends for all time to come the vexations disagreement between the railroads and shippers and make impossible the discrimination in freight rates against one city or shipping point in favor of another, complained of so often heretofore. Both Democrats and Republicans are lavish in their praise of the law, and say that it meets out even handed justice to both railroad and shipper.

There is not a speck of cloud

on the bright horizon of prosperity, and only one dark spot on the pretty picture of the industrial activity of the country—the stagnation in the trade in cotton textiles and the consequent curtail in production by our cotton mills. The reason for this sluggishness in the trade in cotton goods is traceable to several causes perhaps the most potent cause is to be found in the fact that the price of raw cotton is at all times most fluctuating and uncertain in price and when it is at its highest point as now, there is much temerity on the part of dealers about making future purchases and laying in a large stock, lest there be a decline in prices, and they having to sell on a declining market. It is like unto an endless chain, the want of demand causes curtailment in manufacture. However as the smoke from the stacks of the furnaces continues to ascend to the skies and the sound of the pick of the minor to resound, and the wheels of commerce to revolve, we may expect to see the demand for cotton goods increase and the cotton mills' commencing working on full time with a rising wage scale.

The Work of Congress.

Now that the first regular session of the sixty-first Congress has ended, it may be of interest and profit to glance back over its work and note some of the most important items of legislation. Among which may be named, the establishment of postal savings banks, the amendment of the interstate commerce law, by creating a court of commerce, extending powers of the commission, limiting powers of Federal courts to interfere with execution of State laws, bringing telegraph and telephone lines within the operation of the commerce laws, etc.; the establishment of a bureau of mines; the enactment of a campaign fund publicity law; the admission of Arizona and New Mexico to Statehood. A remarkable amount of legislation was enacted at the instance of the President—some of it in the last days of the session. Probably the most notable fact of the session was the failure of the Democratic members of the House aided and abetted by the insurgent element of the Republican party to disrupt and stamper the majority party by curtailing the power of the speaker by changing the rules which govern the lower House of Congress. As matters now stand the Republicans can go before the people in the approaching Congressional campaign and paint with pride to the wise and wholesome laws enacted by the present Congress.

Progressive Enterprise.

We were shown through the Hico Mill last Friday by our clever friend Mr. Ireland. Although the mill did not suspect we were looking through and over its mechanism it keeps its steady pace grinding forty bushels of

wheat per hour, first thoroughly cleaning the wheat by running it through a number of cleaners taking out every particle of dirt or dust and carrying to the flour bin only the best and most choice part of the cereal. Every particle of dust is carried through pipes to its places. We found all the machinery new and the millers wearing a smile.

Let Us Reason, You and I.

You devote more of your time to other things while I devote my time to the study of the eye, the examination for errors of refraction, good lenses and the perfect fitting of frames.

I can and do guarantee satisfaction because I have the trained ability, equipment and facilities. Dr. N. Rosenstein, Eye specialist, of Durham, will be at Burlington, Tuesday, July 18th, at the Burlington Drug Co. to examine eyes and fitting glasses. Remember the day and date. A trial is my convincing argument.

Some extracts from our mail:
Dr. N. Rosenstein,
Durham, N. C.,
Dear Sir:—I do not see how you could improve on my glasses they give perfect satisfaction, and have pleasure in wearing them.
Yours truly,

Dear Doctor:—I find after wearing the glasses bought of you that I save from \$1.50 to \$2.00 per month on headache medicine. My glasses improved my eyesight very much, besides relieving my headache.

Smooth Things.

Speak unto us, smooth things (Isa. 33:10.)

It is unaccountable that intelligent beings should be so infatuated as to prepare deceit to sincerity, falsehood to truth and that too in reference to the most important of all subjects, the Salvation of their souls, first what is it to speak smooth things? Second, why do people desire it? Third, it's final results to speaker and hearers.

(A) Not to confound with kindness nor affectionately. (B) Nor a prudent presenting truth to avoid offense.

(C) Nor an appeal to candor and generosity, as St. Paul to Agrippa, (acts 26.1) to close of chapter.

(D) To speak smooth things is so to present the truth so as to not offend any one or to convince them of sin, or to cause them to think that they are the ones that are ment or concerned about the truth spoken, it is to avoid to teaching a process of conscience, is not necessary to preach error, nor yet to mistake or teach adulated truth may be taught or preached in such a way that a soul could not be saved by it, and to keep back everything that would be disagreeable or that would press or bear too hard on the sinners conscience so as to cut to the heart and convince him of his sins. Not to offend the worldly minded or cautious, by taking of usury graft or taking advantage of a customers' ignorance on the price of goods, by the pleasure taker by not speaking of going to dances, church socials, theaters and by the incompatibility with holy and richous things. Not to offend the formalist by urging him to practice a pure and undefiled religion. Not to offend latitudinarian, by declaring the woes against those that preach something else for or another gospel, which is not another, but a perversion of the gospel of Christ. Not to offend or mortify the pride of the haughty, and humble the self richous, not to arouse the careless and indifferent nor to assail the atentacious bigot, nor to denounce hipracy and intemperance nor the heartlessness of the selfish.

But to speak smooth things is to speak the truth in such a way that no one will think that you mean them or that they are the ones spoken of, but to or for someone else or to think they are condemned by it.

(3) By refusing to speak of the denouncing terms which God threatens on the unjust and the wicked who turn a deaf ear and will not obey the gospel of the son of God and by dwelling on pleasant things.

(A) Balack wanted just such a prophet to gratify his desire against those who posed his wickedness. (B) Ahab wanted just such a prophet after murdering Naboth, and his unlawful wife wanted a preacher who would sanction their act in beheading John the Baptist. The Jews never would have rejected Christ if he had only preached what they wanted to hear, and if Stephen had only spoken smooth things the Jews would not have been beaten and cast into prison at Philippi, had they just spoken smooth things nor St. John cast on a barren island had he also spoken not but smooth things.

(Q) Why do people desire only the preaching of smooth things? (A) Because it suits their corrupt heart and life. (B) Because they like it and is a compromise between their sins and a kind a religion that does condemn them before the world; and they can glide on smoothly through time get to Heaven any way.

(3) What is the result of preaching smooth things. (1) It grieves the Holy spirit of God and Christ. (2) It is opposed to the true gospel and the conduct of good people in all ages, condemns Moses for his reproof of Pharaoh Nathan for reproving David, Samuel for reproving Saul, by which he lost his Kingdom, the course of John the Baptist toward Herod, Nowah for warning a guilty world, and Paul for his faithful preaching to Felix.

(3) It sets aside the mission of Christ Defeats the plan of God to restore mankind to his original State, the image of his creator, the death and blood of Christ, the resurrection from the dead; Christs second coming in power and great glory, and the judgment to come, and brings condemnation and eternal ruin to the preacher and people, and give us our one to ten thousand dollar popular preachers of today.

News Over the State

According to the report of the county dispensary the number of prescriptions filled for the month of June is 303, exactly the same number filled for the month of May.

A Chatham county farmer, H. L. Beal, was fined \$10 and costs at Raleigh last week in a magistrate's court for violating the cattle quarantine regulations by driving a Chatham cow through the public roads of Wake, the cow being from tick-infested territory.

After striving for several months to reach a satisfactory adjustment with the Temple committee, the three Blue lodges in Raleigh, Hiram, William G. Hill and Raleigh, are moving out of the grand lodge temple there to a hall at the corner of Fayetteville and Martin streets.

The shipments of manufactured tobacco from Winston during June this year reached a total of \$729,557 pounds, or just about twice as much as was shipped in June last year. One reason is that July 1 the federal law adding 2 cents a pound tax to the tax on tobacco went into effect.

Governor Kitchin offers a reward of \$100 for the arrest of the person or persons who set fire to the farm barn of Mrs. D. E. Wilkinson in Caswell county. He declares his purpose to put an end, if possible, to barn-burnings that have been all too frequent in various parts of the State for some time now.

The work of clearing the ground for the erection of a new boiler shop for the Southern Railway company at Spencer was begun actively last week. Information was also received that the contractors, John P. Pettyjohn the company, of Lynchburg, Va., will have a force of men on the ground in a very few days.

On Monday of last week at Winston-Salem Mc. Kinley Meyers, a thirteen year old negro boy, employed on the Southbound Railway, crawled into a car and went to sleep. Workmen loaded the car with dirt and hauled it two miles away, when the boy's body smothered to death was found in the bottom of the car.

Governor Kitchin has ordered a special term of the Superior court for the trial of civil cases in Anson county to be held at Wadesboro on Monday, August 5, and continue two weeks. Judge J. Crawford Biggs will preside. The crowded condition of Anson county civil docket makes this special term necessary to Wadesboro.

On last Monday afternoon, Ex-Congressman John M. Atwater, of Farrington, Chatham county, dropped dead while plowing on his farm. Mr. Atwater was about 60 years of age. He was elected to Congress in 1894. He was a good man and leaves many friends. His wife and four children survive. One of his sons is a prominent physician.

John Baker, aged 28 years, of Summerset, Ky., was drowned in the Yadkin river near Spencer Thursday afternoon of last week while attempting to swim across the stream. His object in swimming across the river was to bring a boat for the purpose of carrying a number of friends across. When in the middle of the stream he was overcome by a very swift current and sank instantly. He was employed by the road building force on the Winston-Salem Southbound.

Phillip Sowers, one of Rowan county's oldest and wealthiest citizens, was fired upon by an unknown intruder in his room at his home near Spencer Wednesday afternoon of last week. Mr. Sowers was asleep when the intruder entered his darkened room. A pistol shot rang out and Sowers inquired who was in the room. Instantly the intruder fled and made good his escape. There are various theories as to the motive which inspired the murderer.

BROOKLYN TABERNACLE BIBLE STUDIES

CONFESSING THE SON OF GOD.

Matthew 16:13-28.—July 17.

"Thou art the Christ, the Son of the living God."

OUR Master, wisely and with becoming modesty, hesitated to declare his own greatness. He allowed his actions to speak and to tell to his disciples that he proceeded and came forth from God, and that in the performing of miracles, and particularly in his teachings, he was the finger of God and his mouth-piece. John the Baptist was sent to be his special forerunner. It was he that declared that Jesus was "the Lamb of God which taketh away the sin of the world." It was he that declared that the Master was so much greater than himself that he was not worthy to stoop down and to loose the Master's sandals.

But after John had borne him witness, testifying, "This is he," and had declared that he saw the holy Spirit descending upon Jesus like a dove, and that this was a sign given him whereby he might know his Messiahship, then came the time for the Master to bring the matter pointedly to the attention of his followers. John had been cast into prison and later had been beheaded. John's prophetic testimony was fulfilled, when he said of Jesus, "He must increase, but I must decrease." The mission of Jesus and his Apostles became more prominent every day, and those who had formerly talked about John were now asking respecting Jesus, whether he was a prophet sent of God, or whether he was the Messiah. Do the rulers indeed know whether this is the Messiah or not? Surely "no man could do the miracles which he doeth unless God be with him" in some special manner.

Our Lord first inquired respecting the general opinion of the people concerning himself. He did this, not because of his own ignorance, but that he might draw out the thoughts of his disciples. They replied that some thought he was John the Baptist; others supposed he was one of the prophets. The ideas of the heathen were gradually making inroads upon the Jews. The doctrine of reincarnation, wholly unscriptural, is suggested in these answers. All the answers, of course, were wrong, for the prophets were all dead and could not reappear until the resurrection. Then our Lord pointedly put the question to his chosen followers: "Who do ye say that I am?" The courageous St. Peter promptly answered as spokesman for the whole company, "Thou art the Christ (Messiah), the Son of the living God." This was the very answer designed to be brought forth. It was the truth, but our Lord hesitated to present it, because it would better come from the disciples themselves and then have his endorsement. His answer to St. Peter was, "Blessed art thou, Simon Bar-jona, for flesh and blood hath not revealed it unto thee, but my Father which is in heaven."

It was not that St. Peter had experienced a special vision or revelation, but such a great spiritual fact as was then under consideration, at that time could be appreciated only by those who were specially favored of the Father. Indeed, it is evident that the same principle still operates, for we read, "No man can come unto me, except the Father which sent me draw him." Our primary drawing and calling is of the Father up to the time when we accept his grace in Christ and make our consecration to do his will and receive the spirit of adoption into his family as God's children; we are then put into the school of Christ to learn of him. Let us learn the lesson that the special blessings always come, not only from believing in Christ, but also from confessing to and before others.

According to the Greek, our Lord replied to Peter, "Thou art a stone, and upon this rock will I build my Church." The rock upon which the Church is built is this confession which St. Peter made. St. Peter himself was not the rock, but he was one of the living stones built by faith upon the rock of truth. It was this same Apostle who so beautifully explained the whole matter, assuring us that all consecrated believers are "living stones" in the temple of God, whose foundation and cap stone is Christ, in whom we are built together through the operation of the holy Spirit.—1 Peter 2:4-7.

The expression, "Upon this rock I will build my Church and the gates of hell [hades] shall not prevail against it," is one that is much misunderstood. The gates of hell are not gates to some place of torture, nor gates to purgatory. They are, in the Greek, "gates of hades," and hades signifies a state or condition of death. The passage might well be translated, "The gates of the grave shall not prevail against it." That is to say, Christ Jesus invites the Church to die with him, to share in his sacrifice, in his death, and while, apparently, the gates of hades have prevailed against the Church, against God's people, for more than eighteen centuries, nevertheless, we have the assurance that they shall not forever prevail. The Master's assurance is that by his death he has become Lord of all and has the keys of death and hades. He has the right to open hades, the tomb, and to call forth all who have gone down into it. He assures us that he will do this, as he says, "All that are in their graves shall hear the voice of the Son of man and shall come forth."

Nevertheless, for all these centuries it has required faith to believe that, by dying with Christ, his followers shall yet live with him—that sharing with him in his death they shall yet share with him in his resurrection to the glory, honor and immortality of the Divine nature. So, then, our Lord's words mean that there will be a resurrection from the grave, and since the Church is to be "a kind of firstfruits unto God of his creatures" (James 1:18; Revelation 14:4), her resurrection means, indirectly, this result, the uplifting of mankind, the opening of the grave to every member of the human family.

The giving of the "keys" of the Kingdom to St. Peter has no reference to locks and bars of heaven, over which St. Peter is the custodian. The Church in the present time is the Kingdom of Heaven in its preparatory or embryonic state, and St. Peter was privileged to do the opening work to the Gospel Church. He opened the door to the Jews at Pentecost, when, as the mouth-piece of the Lord, he proclaimed the meaning of the Pentecostal blessing and the hopes then open to every Jew coming, individually into membership in Christ. He used the second "key" to open the same kingdom privileges to the Gentiles, in that when the due time came for Cornelius, the first Gentile convert, to be received, St. Peter did the work. By preaching to Cornelius the Gospel and by baptizing him into Christ he threw open the door to the Gentiles, as our Lord foretold in the words of this lesson.

St. Peter's commission that whatever things he should bind on earth should be bound in heaven and what things he should loose on earth should be loosed in heaven, is the same that was given to the other Apostles. (See Matthew 18:18.) It does not mean, of course, that the Lord has turned matters over to St. Peter and made him Lord of heaven and earth, nor that any or all of the Apostles were so honored. It simply means this: God purposes to use his Apostles and to so hold up their hands, in all their affairs, that the whole Church may have confidence in them, and may recognize their teachings as of God. If they declared that certain of the commandments under the Jewish law were not binding upon Christians, we must know that their statements were true, and that, similarly, in heaven, the release or change is recognized. And if they bound certain doctrines and teachings, we must know that those are bound and firmly established in heaven. In other words, we must recognize the Apostles as God's inherent mouthpieces.

The time for proclaiming Jesus as the Messiah did not come until after his death and resurrection. Indeed his Messiahship properly dates from his resurrection. He desired his disciples to recognize him properly, and he explained to them about his approaching death and resurrection, but he did not wish them to proclaim this to the world until the due time. St. Peter, perhaps elated with the Lord's commendation of his previous speech, undertook now the role of teacher to the one whom he had just acknowledged as the Messiah. In this he erred. It was in sympathy that he urged that the Master should not think of any steps which lead to suffering and death, but should rather of prosperity and earthly favor, yet our Lord's reproof was pointed. He said: You are my adversary, Peter, when you thus speak to me. You will thus endeavor to dissuade me from doing my Father's will, to hinder me from drinking the cup which my Father has poured for me; your counsel is that common to the world and not of God.

Similarly, the followers of Jesus sometimes need to resist their friends, who thus offer counsel contrary to Divine will and word and providence. These should not be encouraged nor their advice followed. They need correction from their fellow disciples, as did St. Peter.

The words of Peter furnished the Master an opportunity for calling the attention of his followers to the terms of discipleship. Not only must the Master himself suffer, but all of his followers likewise. This course was provided for every one, and whoever would flee from it would lose the eternal life hoped for. Whoever would take up his cross and follow the Master to death would thereby make sure of his share in eternal life on the heavenly plane. His disciples had already pledged their earthly lives, and for them to withhold them for worldly advantage, would mean that they would lose their souls, their lives. This is not true of the world in general, but merely of the Church, called to be of the elect, Royal Priesthood.

He then assured them of his second coming, when he would come in the glory of the Father and with his angels (messengers)—not again as a man—as a sacrifice. At the time of his second coming he would reward every one of his followers according to the faithfulness of each. He concluded this reference to the coming Kingdom by the assurance that some of them would have an ocular demonstration of his coming power and glory before they would die. This we will consider in our next study.

Some Congressmen think they have done their duty to their constituents if they succeed in knocking \$2,500 off of the President's traveling expenses.

R. F. D. No. 8.

J. H. Thomas and family of Duke, spent the 4th and a few days with H. L. Thomas on No. 8. P. M. Somers and daughter spent Sunday at J. W. Somers. Miss Grace Somers is spending several weeks on No. 2, visiting her sister Mrs. W. G. Kernodle. We certainly miss Little Grace. C. D. Story and family, Wilbur Gwyn of Altamahaw, Henry Williams of No. 2, Miss Maud Ross B. L. Foster and family of No. 8 were all visitors at J. N. Story's Sunday. Verily these people know where to get something to eat and have a pleasant time.

R. F. D. No. 7.

The rural carriers convention at Raleigh last week evidently liked the "specimens" from Alamance county as they put J. M. Hays, No. 8, on the executive committee and elected Mrs. Alice Fowler, No. 6, as a delegate to the national convention to be held at Little Rock, Arkansas, next September. Alamance sits up near the head of the table, in nearly every thing, any way. These fine showers are making the corn and weeds look flourishing but it is pretty hot for the farmer to have to expend so much "elbow-grease" trying to keep their crops from grass, however, their reward at harvest time depends upon their diligence and prompt action when needed. The plaintive squawk of the chicken, the low hum of the thrashing machine and the busy bustle of the house wife preparing the feast for the men, is a familiar and of recurring sight these days.

T. P. Nicholson is in Orange County doing some work. Mrs. Minnie Lewis and son of Raleigh are visiting her parents Mr. and Mrs. J. M. Albright. We found W. A. Tinnors mail box full of roasting ears to-day and brought them home for our breakfast in the morning. This is our first this year and we appreciate them. Our neighbor R. J. Mebane visited R. C. Thompson over on 7 last Sunday and reports a nice time. Bob says he learned our name, or at least the name we are known by over there, and he got back and greeted us by calling us "Harry."

We thought "Dan" had about rounded up his business at Bellemont but it seems like he has taken charge of Cary Branson and entices Cary up to Mr. Petty's yard where Cary loves to play with little Dace Bryan and get a glimpse of Dace's aunt Mary once and while. We all know "Dan" is hard to down. Miss Blanche Thompson of Burlington, who is visiting at W. B. Sharpes, spent the latter part of last week with Mr. and Mrs. Lewis Cobles. Mr. Coble gave an ice cream supper at his home on Saturday night in honor of Miss Blanche. Those present were: Esq. John Dixon and wife, Miss Bessie Tinnin, of Graham, who spent last week with her uncle, John Dixon, and Misses Mary and Bettie Russell. The boys present were: Jacob Sharpe, Sidney and Lawrence Russell. They all had an enjoyable time and the amount of cream Squire Dixon and Jacob Sharpe put away was a sight.

Haw River Items.

Mrs. Ernest Franklin of Duke returned to her home Monday, after spending ten days in town with her sister-in-law, Mrs. S. A. Vest. Miss Nellie Maxwell returned Saturday from Rock Hill S. C. where she spent a week visiting relatives. Jno. A. Trolinger spent Saturday in Greensboro. Miss Belle Murray returned Sunday from her home where she has been taking her vacation. Rev. Forlines of Maryland preached for Rev. Bryan Sunday at eleven o'clock to the delight of his people. He is working for the Seminary, he asked for \$25.00 for Westminster, Md., the people responded with cash pledges. Miss Josephine Scott was in town Sunday with her cheerful face as usual. William Clark of Orange is visiting his son Lucco he is a vet and cheerful. Mrs. G. W. P. Cates visited her sister M. E. Worrkman in the Hawfield section and reports all well. Miss Iola Franklin who has been visiting her sister Mrs. S. A. Vest returned to her home in Durham last Saturday. She carries sunshine wherever she goes. Mrs. R. W. Scott was in town last week and gave us a pleasant call at the office. The items of last week should have been W. R. Williamson the

esteemed clerk of the Granite Supply Rooms instead of J. W. Johnson.

Mrs. W. H. Anderson with part of her Sunday School Class met at the home of Mrs. G. W. P. Cates last Wednesday night to go over the lesson for Sunday and had quite an enjoyable time. She served cream and bannans and a general good time and much interest was manifested in the lesson.

Mrs. A. L. Andrews visited relatives in Roxboro last week and returned home Saturday evening the sheriff looked very lonely.

Clifton Faucette of Brown Summit is the telegraph operator here he seems to be a young man of bright promise for the future.

Mrs. W. J. Crutcheff took a to the country and spent Monday at R. J. Aldridge to enjoy a good wheat threshing.

W. M. Freshwater is putting lumber on the yard to build him a handsome dwelling house.

Grover Bivens made his usual trip to Haw River Sunday evening. Ask Miss Nellie who he came to see.

Lem Johnson was a pleasant visitor at J. W. Johnsons Sunday. We are glad for a good man to come into our midst.

Miss Emma Cates spent a few days in Durham with her aunt.

We want to in the near future speak of Haw River forty years ago, and what it is today. Watch the Dispatch we are going to say some good things before the leaves fall, we are trying to gather statistics for that purpose.

Postmaster and the writer took off their hats and made a pleasant bow to Mrs. R. W. Scott for some nice plums sent them by our rural carrier.

Also bow with thanksgiving to Mrs. Davis and Miss Carrie Albright for peaches, long may they live to do deeds of kindness.

Our town was severely shocked Monday, when it was learned that Geo Best son of Mr. and Mrs Best who was in the river bathing was drowned. He was about ten years of age. Oh, how sad for the grief stricken parents to have a child taken so suddenly and unaware. Funeral by Rev T. G. Vickers.

Rock Creek, R. F. D. No. 2.

Wheat threshing is in order and is turning out exceedingly well, but the daily rains last week made it a little hard on the men running the machine, yet they were not all the people that were hit by the rain, we have been informed that our congenial carrier over on Burlington No. 7 has been in the habit of stopping along his route and gathering blackberries trying to make a buck and tung meet, and the rains have caused the berries to sour and drop off. We hope his patrons will take notice and come to his assistance. Dr. and Mrs. J. D. Gregg, of Liberty, spent last Sunday M. R. Kimrey's over on Hartshorn No. 1. Tom Linebury, Robbin Kimrey, Wilbert Foster and Jesse Suing were callers at T. E. Murray's last Sunday evening. Claud Smith and Lee Eulis called to see their best girls Sunday night. Mrs. G. A. Foster, of Liberty, is spending some time with J. R. Foster, this route. Miss Mattie Foster of Kimeville, spent Saturday night with Coye Kimrey and attended the dance at Henry Shammons'. There will be association at Mt. Zion Baptist church the 26th of this month. Everybody is invited to attend this association. Mr. and Mrs. John Staley were visiting Lee Spoon last Sunday evening. Dr. and Mrs. C. E. Spoon called to see his father, A. L. Spoon, over on Hartshorn No. 1 last Sunday evening.

The Merchants Association has recently issued a neat and attractive folder setting forth many facts in regard to Burlington's present and future. The folder is for distribution and every business man should have a supply upon his desk, that they may be sent out promiscuously. They may be secured by calling at the office of the Association in the First National Bank building.

Educational Address.

The educational and missionary campaign as planned by the N. C. Classis was opened here Sunday night when a large audience heard a most excellent address on "Christian Education" by Professor J. F. Bucheit, the new president of Catawba College. Immediately after the address John R. Hoffman a successful young attorney of this place and elder in the Burlington Reformed church, offered to establish an annual \$25 prize for the best thesis on North Carolina history by a member of the senior class. This offer was cheerfully accepted. Prof. Bucheit comes from Pennsylvania and is making a fine impression wherever he speaks.

Death of a Baby.

Claude Pope, son of Mr. and Mrs. W. C. Pope, of Columbia, S. C., died in the home of Mr. Thomas Hinshaw on Means street Friday July 8th, aged about three years. The mother, a sister to Mrs. Hinshaw, brought the little son to Burlington about a week ago hoping his health might be improved. But alas, this sore disappointment. The funeral was conducted in the home by Rev. J. D. Andrew and the little body laid to rest in Pine Hill Cemetery.
