A Good Game of Ball.

What is pronounced by many as the best game of ball of the season, was played at Harden's Park Saturday evening between the home team and Proximity. From beginning to finish the game was a record breaker and gave much enthusiasm to the lovers of the sport. The only score during the game was made by Proximity in the first inning. Jones and Honeycutt composed the battery for Proximity and Murphy and Cates for the home am.

Keep The Kidneys Well

Health is Worth Saving, and Some Burlington People Know How to Save It.

Many Burlington people take lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. The following statement leaves no ground for doubt.

M. C. Foster, Graham, N. C., says: "I suffered for almost constant pains across the small of my back and I had but little ambition or energy. Doan's Kidney Pills were so highly recommended that I procured a box and began using them. I am glad to say that I was benefited in every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

To the Republican Voters of North Carolina.

Pursuant to a resolution passed by the Republican State Executive Committee, at a meeting held in the city of Greensboro, N. C., on the 27th day of May, 1910, a State Convention of the Republican party of North Carolina is hereby called to meet in the city of Greensboro, N. C., at twelve o'clock noon, on Wednesday, the tenth day of August, A. D., 1910.

This Convention is called for the purpose of nominating a Chief Justice and two Associate Justices of the Supreme Court of North Carolina, to ratify the nomination of Superior Court Judges in the various districts where candidates for judge are to be nominated this year, to nominate two Corporation Commissioners, also to elect a Chairman of the Republican State Executive Committee and one Committeeman from each Congressional District, the last named to be designated by the district delegation when assembled at the State Convention, and to transact such other business as may come before the convention.

The plan of organization requires that delegates and alternates to the State Convention shall be elected by duly constituted county conventions, called on at least fifteen days notice of the time and place of such conventions. Representation in county conventions shall consist of one delegate and one alternate for every twenty-five Republican votes, or fractional part thereof, cast in the precinct for the Republican candidate for Governor at the previous election, and in all other conventions one delegate and one alternate are apportioned to every one hundred votes, or fractional part thereof, cast at election for the Republican candidate for Governor. Provided, however, that each county shall be entitled to at least two votes in State, Congressional Judicial conventions.

The county chairmen, as well as the precinct chairmen are earnestly urged to use all diligence in seeing that their respective counties and precincts are well and fully represented in the conventions, as well as to give their conventions when called the widest publicity. Let us urge upon you that the conventions in each county and township shall be conducted in such manner as to have full representation in the respective conventions, and let every voter feel that he has a voice in the affairs of the county.

SPENCER B. ADAMS, Ch'm. Repub. State Ex. Com.
T. J. HARKINS, Secretary.

NEIGHBORHOOD NOTES

Items of General Interest Clipped From our Exchanges.

Pain lightning and thunder en-veloped the afternoon yesterday. Lightning struck a colored man's house in town and consumed it with its contents. Fortunately no person was in the house when the storm came. It was owned by Calvin Sharp and his wife. Dave McIver occupied it and he and his wife lost every thing they had.

A male being driven to one of the Southbound wagons hauling through town Tuesday. The animal was in such a condition that it was a very repulsive and disgusting appearance. The animal was unfit for service and such a creature will not be tolerated here.

Just before going to press learned that D. L. Gray, a former State clerk between Wilmington and this city but was residing in Raleigh, dropped dead while standing in the front door of his home Saturday evening. Mr. Gray was well-known here and his death comes as a severe shock to his many friends.

What was one of the largest snakes ever discovered, in this county, was killed one day last week. Walter Marion, the fifteen year-old son of Henry Marion who lives in the little mountain section four miles south of this city while picking blackberries found and killed a black chicken snake that measured seven feet and one inch in length and eight and one-quarter inches around. The snake would have weighed perhaps ten pounds.

John L. Clapp a well known citizen of the Julian section died Sunday at St. Leo's hospital, where he was receiving treatment for peritonitis. The body was carried to Julian Monday for the funeral and interment. He was about 55 years old and had an extensive family connection.

F. L. Forbis who resides seven miles south of town in the Alamance church neighborhood, reports the earliest cotton blooms of the season. He left at the Patriot office yesterday two large and well developed blooms that came out Monday the 11th. Mr. Forbis says crops generally in his neighborhood are good.

Miss Boyce remains very sick at the University infirmary where she was taken a little over a week ago with the typhoid fever. She is unable to enter the Summer School and took her bed soon after arriving. Her condition for the past few days has been some better.

The trial of Wm. A. Horne, is charged with criminally assaulting W. P. Lloyd about two weeks ago, which was to have come off here last Saturday, the 9th, was postponed on account of the illness of Mr. Horne, who has been quite ill with fever. Mr. Lloyd's condition has improved very much, we are glad to learn.

Van Yates a young man, a fireman on the Seaboard Air Line Railway, was struck over the head Monday night with a bottle and his head terribly gashed in several places. The affair occurred in a restaurant on Johnson st., near the Seaboard shops. The name of Mr. Yates' assailant could not be learned.

Some of the section hands and work train force on this division of the Southern are out on a strike, demanding an increase in wages from \$1.00 to \$1.50. The railroad has refused to comply with the demand and has employed other men to take the place of the strikers. It is reported that a colored man at Gibsonville investigated the trouble.

Twin children were born Sunday to Mr. and Mrs. U. A. Billings, of North Wilkesboro. Both of the children have since died. One of them was born with a full set of upper teeth.

J. B. Jones, of Denton, told a Dispatch reporter Monday that material was being placed for the building of the Bank of Denton, an institution with \$10,000 capital paid in the promoters being Denton people. Several new dwellings have been erected in the new town during the past few weeks.

C. M. Foster of Davie County, lodged in Davidson jail on a charge of false pretense upon complaint of T. M. Sheets, gave bail last and released. Tom Ellis furnished a justified bond of \$200. The man is sick, and they say that a Davie doctor has diagnosed his ailment as pellagra.

As the result of playing with a "gun" in this city, Tuesday, Shelby J. Riddle, aged six years, is lying at the point of death with a bullet in his brain. A number of children were playing Indian when a "gun" in the hands of one of them exploded. If the little Riddle child recovers, it will lose the sight of one eye. When will this foolhardiness of letting children play with firearms cease?

During an electric storm Monday evening, lightning struck the transformer house of the Southern Power House, near the Salem bridge and literally melted all connections out of business. But the Fries Milling and Power Co., have two reserves, the Yaddin River plant and a steam plant and until the damage can be repaired, there will be no material let up in power by the loss of this third source of supply.

Rev. and Mrs. John D. Williams and children of Burlington, are visiting her people near Teer in Bingham township this county. His congregation granted him a vacation. These good people always find a warm welcome when they come back to visit relatives and friends in their native county.

S. S. Webb, one of the county's oldest and best citizens, suffered a very serious stroke of paralysis in his right side on Wednesday night, July 6, at his home in Bingham township. Mr. Webb was the lister tax for his township and had just finished the work of making out an excellent tax list and after eating supper, he was stricken. His relatives and friends are very much concerned about him on account of his age, Mr. Webb being in his 76th year.

Walter Hopkins a young man about 24 years old shot and instantly killed his brother-in-law, Lester Earl, at Bassetts Henry county Va., Monday. Family quarrels brought about the tragedy. Hopkins was carried to Danville and confined in the jail to await trial for murder.

Son Allen, colored, struck Willie Glancy with a baseball bat Tuesday as the latter was going to his dinner in the Eastern part of the city on his bicycle. Allen had been using profane language in front of Fred DeGrotte's fruit store, where Glancy is a clerk, and was ordered by Glancy to desist. He secured a bat and waited on the street for Glancy to pass. The blow knocked the white boy from the bicycle, and Allen was in the act of striking another blow when a colored man interfered. Allen has skipped out.

The Negro Teachers' Institute. The negro public school teachers of Alamance county, in attendance at the institute being not unmindful of the duties and responsibilities resting upon them in the work of instructing and teaching the minds of the negro youths and training of their habits so as to develop the best possible results in citizenship and usefulness in service, desire to place on record their interest and sense of appreciation for the institute in the following:

Whereas the negro public school teachers, of Alamance county, have just closed a very pleasant, timely and profitable institute session of two weeks, and whereas the teachers in attendance desiring to assure the County and State school authorities their appreciation for the institute, interest in the work, sense of its singular importance and serviceable benefit by them derived therefrom.

And whereas the number of negro public school teachers in attendance upon the institute was thirty-eight, and that we regret that others were prevented

through sickness and still others through indifference, which possibly was a true measure of the degree of interest held by them for the work of negro elevation and uplift.

Therefore we hereby extend a vote of thanks to the Honorable County Board of Education and Superintendent Rev. P. H. Fleming for their very timely provision for holding and maintaining a two weeks' session of the Negro Teachers' Institute for the schools of Alamance county, which was formerly opened July 4th, 1910, for the employment of acceptable and efficient negro instructors for conducting the services of the institute for negro teachers, thereby recognizing merit and suitability in negro talent for the work. For securing other able and competent persons to deliver lectures before the institute, among whom were, Dr. C. S. Fisher, of Burlington, N. C., on Sanitation, Tuberculosis and smallpox, and Dr. Rankins, of Raleigh, on the defects in school children particularly in the ear, eye and throat. Also for the service of Prof. F. H. Curtiss, To. Prof. G. S. Mabray for his very helpful service rendered on conducting the institute for negro teachers.

Wherefore we ask our County Superintendent Rev. F. H. Fleming to procure from the State School Department for Education free to the negro public school teachers a sufficient quantity of literature on the defects in school children to enable the teachers to discover these defects and provide for as practically against them, also a copy of the "Institute Manuals" now in press for each negro teacher. That a copy of these proceedings be sent to County newspapers with a request for its publication and that a copy be sent to each member of the County Board of Education and Superintendent P. H. Fleming. (Signed) G. W. MARTIN, Chairman.

Second or Western Tour Oxford Orphanage Singing Class of 1910.

After almost a month at Oxford, following our eastern tour, the Oxford Orphanage Singing Class will, about July 21st, start upon its second or western tour. Thus far this year the Class has seemed to meet with exceptional success and excellent are the prospects for the second or western trip.

The concerts of the children are of great merit, interesting, refreshing, helpful. They are really worth more than the price of admission. The Oxford Orphanage is now attempting to care for about 330 of the homeless children of our State and to prepare them for useful lives. Since its establishment in 1872 it has been a greatly used agency in the salvation of souls, in the rescue of lives for service to God and humanity.

The visits of these bright attraction, well trained children, who give a delightful concert, cannot fail to deepen interest in this institution and in the other splendid orphanages of N. C. We bespeak for the Oxford Orphanage Singing Class of 1910 in its tour so soon to begin even larger patronage than ever before all of our people.

Whats in a name any way? Why, a great deal, if the name happens to be Jones.

The Democratic party has some good men, many of them no doubt, but Gee, they are awful hungry for a handout.

The Democratic State convention at Charlotte last week sat down good and hard on another one of Governor Kitchens Judges.

The Republicans of Randolph county fired the first gun in the campaign for county officers at Asheboro last Saturday. The ticket nominated is a winner.

They had a free for all fight, knock down and drag-out, in the tenth district Democratic Convention at Asheville last week. Still the Democrats don't want office. No! No!

Did any of the present county officials promise the dear people during the last campaign that if elected that time, they would not be a candidate this year. Don't all speak at once.

The eyes and minds of the disgusted and dissatisfied Democrats of the whole State are watching the actions of the Republican party this year. Will we act so as to win their approval, and secure their future co-operation.

In the death of Guy Carter Surry county and the State loses a young man whom they can ill afford to give up. A young man of sterling qualities, in the prime of life, has been called to his reward. May God rest his soul.

Republicans don't fail to attend your precinct primary and county convention. Let the best men be sent as delegates to the conventions. Our chances for success depend upon a united party. Let us all pull together and victory is ours.

The threatened strike of the conductors and trainmen on the Pennsylvania system has been settled satisfactorily to all parties concerned, the trainmen getting what they asked for. Another evidence of the prosperous condition of the country.

What future does the Democracy have in store for the young men, if its office-holders are allowed to hold office for life, or even three or more terms. This is the case right here in Alamance county. When are you expecting your turn to come young America.

The people are tired and disgusted with the dickerings and scrambling for office by the Democrats, and they are turning to the Republicans as a rebuke to their household. Will we be equal to the occasion and nominate our very best men, without so much as a contest. Let the office seek the man and the independent voters will do the rest.

This year is the most critical time in the history of the Republican party, in so far as this State is concerned, there are thousands of disgusted voters within the Democratic party and they are looking to us for shelter in our household. Will we invite them into our fold and show them that we have a peaceful family.

If you are dissatisfied with present local political conditions, go into the Republican primary. You will be given the glad hand and offered an opportunity to improve the conditions complained of. The primaries for all the country precincts will be held Saturday July 23rd. We will be glad to see you.

Our opponents, the Democrats are depending upon dissensions and luke warmness in the Republican party to carry them to victory this fall, but the party in the county was never in better shape, and unless we mistake the signs of the times we will present a united front in the coming campaign.

We understand that Dr. R. A. Freeman is a candidate for county treasurer upon the Democratic ticket. But here's hoping that he will not land the nomination, not that we are opposed to the doctor personally, but when Dick Freeman is a candidate he usually plays havoc with the Republican vote. Therefore we are "agin" you doctor.

The Republican party in Alamance county will ask the voters and tax payers to again entrust them with the management of the county's affairs at the coming election. We know you could not possibly do any worse by making a change, therefore you will have nothing to lose, and everything to gain. The people are already convinced that a change is needed, and that badly.

The Democrats are great people to talk about rotation in office, but they fail to practice what they preach, for instance they are now preparing to nominate right here in this county, men who have held office for three or more terms. The kind of rotation they favor is when the office rotates from a Republican to a Democrat. That's their idea of rotation in office alright.

The young men of the country should study political conditions as they exist, and should especially note the opportunity for advancement offered to young men through the Republican party. Why stick to the party that is always wrong upon national questions, and offer no advancement to yourself or friends. The Republican party invites you into its councils, and will be glad to have your co-operation and support.

A political sensation is on down in Richmond county, because a Mr. Steele who is the Democratic candidate for county treasurer, has bought his opponent off, having paid him \$700 to retire from the contest in the primary. In some counties they steal the offices, and in those where they can't steal, they buy outright, and when you confront them with their grave misdoings they coolly inform you that it is part of the political game. Great is Democratic politics.

Let every loyal Republican attend the primaries, and see to it that only tried and true Republicans are sent as delegates to the county convention. The primaries for all the townships and precincts are called to meet at 4 o'clock, Saturday July 23rd, at the usual places, except Burlington, Graham, Mebane and Elon College. You will find the dates for these primaries in this issue, except Elon College, we are not advised when this primary will be held, but presume it has been properly advertised. Take every body with you to these meetings that intend to support the Republican ticket this year. Let us have a good attendance and transact our business in an orderly and business like way.

H. Fleishman.

Beginnig Saturday July 23 H. Fleishman will offer some special bargains for ten days. This sale is an one half price sale in which he is offering suits at one half the original price. See his ad.

Abe Vinson, colored, aged about 50 years, was struck by lightning Tuesday afternoon of last week, while chopping cotton on the farm of Mr. W. Wellons about one mile south of Smithfield, and instantly killed. With him at the time were two or three children, these escaping unhurt.

The politician or individual who seeks to control the Republican primaries this year for supremacy and political advancement, should be driven from the councils of the party. Let the people act free and untrammelled from interference from any source. This is the only way to build up a strong and healthy party organization.

A Most Unusual Sale

Hundreds have already taken advantage of the big reductions that we are making on all of our Summer Shoes and Oxfords and we have decided to continue this sale some 20 days longer, and to make still further reductions on every Shoe in the store, because we need the money and the room.

Our Fall Shoes will soon be here and no where to put them. This is no fake sale, everybody knows that we handle only reliable merchandise, Shoes that are absolutely all solid leather and guaranteed to give reasonable wear.

Take a look at these reductions and see if it will not pay you to buy your Shoes during this sale.

All \$5.00 and \$6.00 Shoes now \$4.00. All \$4.00 Shoes \$3.25. All \$3.50 Shoes \$2.75. All \$3.00 and \$2.50 Shoes \$1.98 and on down. A saving of from 25 to 50 per cent. We have your size. See our show windows.

Extra special: One lot \$1.50 White Canvass Oxfords at 80 cents pair.

Condition of Levi Whitted.
 The many friends of Levi Whitted regret exceedingly to learn of his serious illness. He is a young man of bright parts and deservedly ranks among the most gifted of the many illustrious sons of Alamance. When he became he was holding a responsible position with the government and was located at St. Louis, Mo where he was directing the construction of a very costly government building. He was brought home after it was seen that his illness had taken a serious turn, is now at home of his brother L. B. Whitted of this city where under the care of his brothers and his trusted physician we wish him a speedy recovery. Last reports have it that he is getting along fairly well and he seems to have endured the long trip very well.

To Increase Capital Stock. At a meeting of the stockholders of the Alamance Loan and Trust Company held last week, it was unanimously decided to increase the Capital Stock from \$60,000 to \$100,000. This action was found necessary in order to take care of its ever increasing business. That this additional \$40,000.00, although not yet offered to the public, has been largely subscribed for shows the high standing this excellent institution has with the public.	Military Boys Return. The military boys who spent a week at Morehead City returned Wednesday. Out of 48 who belonged to the company 42 attended this outing. All had a good time and equipped themselves with honor. Seven marksmanship were won by: Lt. J. D. Apple, Sgt. Tom McAdams and Bose Huffines, Corp. J. B. Meacham, Pvt. C. Y. Watson, Chas. Pickard and G. W. Foster. Subscribe for THE DISPATCH.	Report of Delegates. Last Sunday evening instead of the regular Devotional Meeting of the Epworth League, reports were read by Misses Dora Hornaday and Byrde Dailey, (delegates sent to the League Conference at Hertford, N. C.) These reports were entertaining and full of interest. An account of the whole trip from beginning to end being given. Quite a large number were present and all were delighted with the reports brought back.

News Over the State

The figures of the tax listers for Winston and Salem show a gain this year over last year of \$1,141,888. The aggregate value of real and personal property in the city is \$11,610,918.

Prospect Hill, in Caswell county, challenges the State to equal the record of Mr. Benjamin F. Pettigrew, who from 8 in the morning until 5 in the afternoon put on no less than sixty horse shoes.

A young woman of fine address, and giving the name Marie E. Barwick, after spending several weeks in Charlotte, has departed and behind her are unpaid bills estimated at about five hundred dollars.

Gray Haney, 28 years old, a young man working on the big dam being built near Marshall, fell across the belt of a rock-crusher one day last week and was badly mangled. Doctors state that he cannot recover. The injured man was removed to the home of his father at Marshall.

George Caldwell, colored, who was sentenced to the penitentiary for eight years at the June criminal term of Guilford Superior court, being received at the penitentiary June 27, was shot and killed by a guard while attempting to escape from the prison at Raleigh recently. He lived only an hour after being shot.

F. A. Griffin, for the past two years foreman of the Southern Railway boiler shop at Spencer has resigned to accept a more important position with the Georgia Southern and Florida Railway, at Macon, Ga. He will assume the duties of his new position in a few days and will be succeeded at Spencer by Mr. Louis Nezzlcrest, of Columbia, S. C.

Walter Vannoy, who was operated on recently at the Wilkes hospital at Wilkesboro for appendicitis, is improving. In making the operation Dr. White tells that they made the remarkable discovery that Mr. Vannoy had two appendixes. The doctor books give rare instances of the kind, but this is the first time the doctors there have seen anything of the kind.

The record for the quick building of a church was very probably broken at Pinetown, about ten miles from Washington, when during a three weeks revival meeting held by Rev. Tingle, a church was erected, entirely completed and dedicated before the close of the meeting. And the new church organization has started work under the most favorable conditions.

Early last Thursday morning while a severe electric storm was sweeping over Goldsboro, lightning struck the steeple of the First Baptist church, damaging same very badly and leaving it almost an entire wreck. The union passenger station was also damaged by the lightning and several people who were in the station when the building was struck were slightly dazed.

During a thunder storm at Angier, last week, lightning struck a pine tree about 100 yards from the home of Mr. John H. Friday, and ran along a wire fence to his house, where it got into his bed springs and tore two bed slats all to pieces. There were three small children lying on the beds asleep but they were not even waked up. One boy, Willie Day, about 15 years old, who was awake and sitting at the foot of the bed was killed.

Capt. W. S. Lineberry, of Randolph county, was elected by the trustees as superintendent of the North Carolina Soldiers Home at Raleigh last week, to succeed Capt. R. H. Brooks, who died a few weeks ago. The new superintendent was a gallant Confederate soldier and has filled responsible positions with the state legislature, assistant sergeant at arms, and other positions. He and Mrs. Lineberry will move to the Home at once and take charge. There were twenty odd applicants for the place.

Seven head of live stock, three horses and four mules, were burned along with twenty tons of hay and other farm supplies last Thursday night when the barn on the country place of Grimes Cowper was destroyed by fire. The fire was not discovered until the whole interior was in a blaze so that it was impossible to get even the stock out. Mr. Cowper left the day before for a stay of several weeks at Morehead and had sent his driving horse out to the farm and this animal was one of the victims. The fire was two miles from the city of Raleigh.

The Problem

It is said that "soldiers may not be needed for a hundred years, but cannot be dispensed of a single day." This same theory ought to be carried out in regard to health. To cure disease is different, and so the effort is made to avoid or prevent illness. Doctors ought to be paid, not to give treatment in sickness, but to keep their patients in health. If they fail, their pay should be reduced according to the number of visits they have to make to sick patients.

We are capable of being doctors unto ourselves. We must study today, not only how to cure our ills, but how to prevent them. We must not wait until the disease comes, but anticipate it and strike before.

When we do not observe the rules of health, or overtax our strength, and sickness comes upon us, we have failed and like olden doctors, we must pay for it, not alone in money, but in suffering and some in want.

How are we to become doctors? If we are good ones, we must learn the simple fundamental laws of health and hygiene. Foremost—we must breathe clean air, eat clean food, drink clean water, have clean homes, have clean bodies, live clean lives. This sounds like the simple and natural things to do, but how many of us really do it? Did you ever stop to think about the air you were breathing into your lungs or the water you were drinking? If we should look into these simple every day things, we would soon become good doctors. It is well enough to speak of curing consumption or pneumonia, or typhoid fever, but it is far better to prevent them. Every disease tends to lesson our strength and makes us more subject to other diseases.

It is our duty to be strong and well. It is one of our responsibilities. In performing this duty we are serving the body that serves us. It is not merely to keep ourselves from suffering, but to keep dear ones from carrying our burdens. When you fail to prevent sickness, what happens then? Just answer that question for yourself.

Let us learn how to prevent sickness from coming upon us, let us learn to avert illness in order to save our families from suffering. Aye! to postpone the dropping of that sword that hangs over our heads, the sword of death, the thing that none of us can prevent. It is a guesstimate thought, but a true one, and we must consider it.

What is the worth of a \$20 hog to you, if its germs give you and your family the sever and it costs you a \$50 doctor bill, or probably a member of your family—one or more—your health is worth much more to you than the money the hog may bring you. This paragraph applies to incorporated towns or cities.

STATE COLLECTED \$9,446 FROM THE AUTOMOBILISTS

Raleigh, July 8.—During the operation of the new North Carolina automobile act for the first year just closed, there were registered 1,580 machines with the payment of the \$5 registration and license tax. In addition to there were 252 transfer certificates at \$1 each. Now with the beginning of the second year there have been 1,294 renewals at \$1 each. So that the revenue from this act practically within the period of the first year of its operation has been \$9,446. There are 175 automobile licenses that have not been renewed. Some of these have, of course, passed out of the state, but quite a number are doubtless liable and the secretary of state is renewing these as of June 30 for a short period to save holders the necessity of paying \$5 for new license. It costs about \$600 per year to administer this automobile act.

Saved At Death's Door.

The door of death seemed ready to open for Murray W. Ayers, of Transit Bridge N. Y., when his life wonderfully saved. "I was in a dreadful condition," he writes, "my skin was almost yellow; eyes sunken, tongue coated; emaciated from losing 40 lbs. growing weaker daily. Visculent liver trouble pulling me down to death in spite of doctors. Then that matchless medicine Electric Bitters-cured me. I regained the 40 lbs lost and now am well and strong." For all stomach, liver and kidney troubles they're supreme. 50c at Freeman Drug Company.

Ansonville Depot Site.

Raleigh, July 6.—In the matter of the Ansonville depot for the Winston-Salem Southbound railroad now in course of construction the corporation commission makes a final ruling in which the exceptions of citizens to the order of the commission allowing the railroad company to locate its depot outside the corporate limits are overruled. It was in a hearing as to this matter a few days ago that J. A. Lockhart made the sensational speech bitterly criticizing the commissioners for their position in this matter. The commissioners, however, declare that the heavy grades that would be encountered in changing the main line of the road so that it would run into Ansonville make the site inside the town impracticable.

Joseph Manzella, an Italian proprietor of a saloon and grocery at St. Phillip and Decatur streets, New Orleans, fell a victim to the so-called "Black Hand Society" last week, but his death was avenged a few seconds later when his 17-year-old daughter shot and killed the assassin as he was attempting to escape.

A daring robbery was committed when a man held up Jesse Bings in Chicago as he opened the door of his private bank one day last week and compelled Bings to give him \$2,000. The robber fled but was chased and caught by a mob and was stabbed several times before the police rescued him.
