

It May Be Pneumonia

"A hard chill, pain through the chest, difficult breathing. Then fever, with great prostration." If this should be your experience, send for your doctor. You may have pneumonia! If your doctor cannot come at once, give Ayer's Cherry Pectoral. When he comes, tell him exactly what you have done. Then do as he says. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

Keep the bowels in good condition. One of Ayer's Pills at bedtime will cause an increased flow of bile, and produce a gentle laxative effect the day following.

Local and Personal.

Al Martins Country Store.

Al Martin's County Store presented last Friday and Saturday night at the Burlington Brick Warehouse by members of Front St., M. E. church for the benefit of the building of the new church was largely attended. The play was gotten up under the direction of Miss Florine Robertson. The excellent manner in which the show was carried out proved that each character had been amply trained. Al Martin in the person of John Lasley was a typical character and looked very much like we imagine Al Martin would have looked. Several of the girls acted the part of an old woman well. The door receipts amounted to about \$50.

May-Shepherd.

At the home of L. C. May in Boon Station Township at 10 a. m. last Sunday Sept. 4th 1910. James C. May and Miss Odella Shepherd were united in the bonds of holy wedlock by Rev. J. D. Andrew. Miss Shepherd is the daughter of Alphonso Shepherd of Guilford County and Mr. May is the son of John May of the St. Marks Community. They are young people of most exemplary Christian character.

Just received a nice lot of seed oats. See Coble-Bradshaw Co.

Miss Allie Parson of Randleman is the guest of Mrs. Walter Williamson.

E. May returned Friday from a weeks vacation spent at Rocky Mount and Washington.

Mrs. W. E. Sharpe returned Friday from a two weeks stay with her mother at Chapel Hill.

Why It Succeeds

Because it's for One Thing Only, and Burlington People Appreciate this.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They cure sick kidneys. They cure backache, every kidney ill.

Here is Burlington evidence to prove it. J. C. Durham, Main St., Burlington N. C., says: "I have used Doan's Kidney Pills and in view of the results received, know that they are a splendid remedy for kidney complaint. I was subject to attacks of kidney trouble for some time, usually about every two or three weeks. A few months ago I procured a box of Doan's Kidney Pills at Freeman's Drug Store and used them as directed. I have had no kidney trouble since. I know that Doan's Kidney Pills brought about this change and for that reason have no hesitation in recommending them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Prof. Curtiss Abroad.

The Thomasville correspondent of the Raleigh Evening Times under date of Sept. 3rd, has the following to say of our popular townsman:

Prof. Frank H. Curtiss, of Burlington, N. C., is in town for a day or two shaking hands and renewing acquaintance with many friends of former days.

Twenty years ago he came to Thomasville from South Carolina to accept the presidency of the Thomasville Female College. During his sojourn in our midst he made many warm friends who are glad to see him after the lapse of several years.

We are informed that our citizens are desirous of having Prof. Curtiss again assume control of the college and that a flattering proposition has been made to him. It is hoped that he may accept, but he has not yet signified his intention.

Since leaving Thomasville Prof. Curtiss has held the superintendency of graded schools as follows: Shelby, seven years, Mt. Airy, three years, and Burlington, nine years.

Since July 4th he has been engaged continuously in institute work and we are informed that he has done more institute work this summer than any other man in North Carolina.

Prof. Curtiss expresses himself as greatly surprised at the phenomenal growth of Thomasville. When he left our town the population was about seven hundred, today we number four thousand. Prof. Curtiss was impressed with the industrial life and business enterprise and was complimentary in his remarks to your correspondent concerning the apparent growth of Thomasville, and stated that during his travels over the state this summer, he had not seen a more progressive, thriving, business town. With the establishment of a board of trade, Prof. Curtiss spoke of several industrial enterprises that could and should be brought to Thomasville.

While in town Prof. Curtiss is the guest of our townsman, Hon. J. W. Lambeth.

W. W. Horne, who has been working at Danville, is in town for a few days.

Prevent and Relieve Headache

"It gives me great pleasure to be able to refer to Dr. Miles' Anti-Pain Pills as the best remedy we have yet had in our house for the prevention and cure of headache. My wife who has been a constant sufferer for a number of years with above complaint joins me in the hope that they may fall into the hands of all sufferers."

JOHN BUSH, Waterville, Me. Used Them Four Years.

"Dr. Miles' Anti-Pain Pills are the best I ever tried for the relief of headache. I have used them for nearly four years and they never fail to give me relief. I have tried many other remedies, but have never found any better."

JOSEPH FRANKOWICK, 854 Trombly Av., Detroit, Mich. There is no remedy that will more quickly relieve any form of headache than

Dr. Miles' Anti-Pain Pills. The best feature of this remarkable remedy is the fact that it does not derange the stomach or leave any disagreeable after-effects.

Druggists everywhere sell them. If first package fails to benefit, your druggist will return your money. MILES MEDICAL CO., Elkhart, Ind.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75. Take Hall's Family Pills for constipation.

NEIGHBORHOOD NOTES

Items of General Interest Clipped From our Exchanges.

Ashboro Courier.

Rev. B. T. Hurley, of Durham passed through Ashboro last Saturday enroute to Wadesville where he attended the funeral of his brother who happened to the misfortune of being exhausted by heart failure and lost his life in the Atlantic ocean last Friday.

Mr. Elijah Lanier, of Trinity, writes the Courier that he has gathered 6,000 tomatoes from one vine this summer. The tomatoes were of the cherry variety and grew in clusters like grapes. Mr. Lanier says this statement is strictly true.

The County Times.

Yesterday morning a strange dog which people abjured to be seen appeared in town and proceeded in biting about a half-dozen people before it was killed. It drew the blood in two places from Mr. C. H. Russell's little legs and tore the dress of one of his girls. It also brought the blood from a colored boy at the city stables. We did not learn the names of the others. Mr. Russell sent the dog's head to Raleigh to have it examined.

Hickory Democrat.

Heavy rains have been falling since Friday. The Catawba river is said to be 10 feet above its normal flow. The August freshets always do much damage in the South Fork bottoms but nothing definite has been heard from there yet. The streets of Hickory torn up by work preparatory to laying the tar-macadam, look like the Red Sea, and as there is no Moses with his potent rod to divide a way, it is impossible to cross them without boats.

Siler City Grit.

Since the first day of August, W. S. Durham, one of our produce dealers has shipped 168 crates of eggs, containing 5040 dozen and worth \$1,008.00; also \$9,000.00 of chickens weighing 4950 pounds, worth \$750.00, making a total of \$1758.00 for thirty days which is an average of about \$50.00 per day.

A wagon loaded with hickory logs was caught between two cars at Staley Thursday and crushed as one would crush an egg. The cars were standing on each side of the crossing and the wagon was briven across at the same time the local freight was shifting. One car was derailed but the horses and driver were unhurt.

Greensboro Patriot.

Greensboro will soon be connected by wireless telegraphy with High Point and Thomasville. Prof. W. C. A. Hammel of the State Normal and Industrial College faculty, has had a wireless station in operation at the Normal for over a year and now Mr. Haywood Alderman is erecting a station at High Point and Manager Bryant of the light and power company at Thomasville, is putting in a station. The High Point station will be on top of the Elwood hotel and the one at Thomasville on one of the bank buildings in that town. It is not the purpose of these gentlemen to enter into competition with the old line telegraph companies and telephones but to run the system for their own pleasure and amusement.

Wilkes Patriot.

Mr. J. T. James tells us that while he and his tenant, Mr. George Byrd, were moving a pile of lumber on his plantation up in Beaver Creek township Saturday, they found a big den of copperhead snakes and that they succeeded in killing fifteen of them.

Presley Holcomb and James Rose whose homes are near State Roads were arrested Friday by Deputy Marshall Holland, on warrants charging them with illicit distilling. They were brought to town but gave bonds for their appearance at a preliminary trial set for September 15.

Randolph Bulletin.

Mr. D. H. Fogleman, who lives about 1 mile northwest of Staley invites all of his children, grandchildren, relatives, neighbors, and friends to be present at his home on Saturday, September 24th which is his sixty-fourth birthday. Dinner will be at 3 o'clock. Don't forget your dinner basket, but fill them full and bring them along.

Monticello Chronicle.

A Local Carrier Ebird came in on Monday morning and in company it was learned that he had arrived at his house with sixteen children, boys and six girls.

Lexington Dispatch.

Mr. E. M. Michel of Tyro town ship, has an acre enlisted in the men's corn contest that he thinks will make between 80 and 100 bushel of corn. His son Rual, 14 years old, is a contestant in the boy's corn contest and has a prize acre that is just a little bit more flourishing than his father's acre. There is no doubt but that this acre will reach the 100 bushel mark. These acres of corn are fine samples of what modern methods of farming will do for the farmer when put into practice.

Reldsville Review.

We notice that all the old people who observe things predict an early fall. They say that the birds have already gone South, although it is three weeks before they usually go. The hickory bark is heavy; the squirrels are laying in big supplies of food, and every thing points to an early fall and cold winter.

Webster Weekly.

Miss Susie Williams has returned from a visit to Miss Mary Pierce, of Pelham. It is remembered a newspaper story was sent out from Pelham last week in which Miss Williams figured as the near-mark of a hobo's desperate gun-play. But it seems that the hobo didn't even shoot a gun. The bullet that came near Miss Williams was only a stray shot of a man who was trying to kill a dog Miss Williams was not at all unerved by the incident.

The Hon. A. M. Garwood may be a high roller alright, but Clerk Kernodle can spot him ten and then beat him alright.

If one set of men are to hold office for life what show has your boy Mr. voter of Alamance county. This question should be given consideration by every man who wants to see his sons have a square deal, and an equal chance with other men.

Don't fail to attend the Republican primaries. All the rural precincts will meet at the voting places Saturday the 10th inst. at 1 o'clock p. m. There should be a full attendance and a free discussion regarding the personnel of the ticket to be nominated at the convention the 17th.

Every week some announcement is made in the Democratic press, that some greater or lesser star will stump this district for Major Stedman. The latest is that A. L. Brooks will take a turn. We suppose he can give some information about what hit him two years ago.

The candidate for Register of Deeds upon the Democratic ticket has served three terms and has been nominated for the fourth, the Democratic candidate for Clerk of the Court has served three terms, or twelve years, and has been nominated for another term of four years. Do the voters of Alamance believe in life tenure in office? This is a question that should receive some attention from the independent voters of the county.

The Democratic county convention of Alamance county passed a resolution to give Major Chas. M. Stedman, Democratic candidate for Congress from this district a thousand majority at the election in November. Will our Democratic contemporaries please explain the meaning of this resolution? Was it a suggestion to the Democratic registrars and poll holders to pad the returns, or a hint to the voter that you are in the market for that number of votes. We thought that since the elimination of the negro vote. that you sent up the returns according to the ballots cast. Does this resolution mean a departure from this rule, or was the resolution passed in jest. We will appreciate an early explanation.

Will the business men never awake to the importance of a Chamber of Commerce that will

be a live factor for the upbuilding of Burlington, are you willing and content to drag along in the old way, or will you support with your presence and means an active working organization, one that will induce men of capital and business experience to come into our midst and establish manufacturing plants and employ labor, disbursing a large pay roll. This should receive serious consideration at the hands of our business men. Is there not one live progressive man that will start the ball to rolling. Who will be the first?

While Mr. B. R. Sellars is away in the mountains trying to recuperate from the work and worry of business and his duties as county commissioner, the Democratic county convention is held, but do they renominate him thereby endorsing his course as commissioner. Nay nay Pauline. They repudiate him, and even refuse to make him an alternate to Prof. Lawrence, who was nominated for the legislature, but could not accept without the consent of the Directors of Elon College. Mr. John M. Cook made a motion that inasmuch as Prof. Lawrence was nominated but could not say whether he could accept at this time, that the Executive Committee be instructed to name Mr. B. R. Sellars after it was ascertained that Prof. Lawrence could not accept. But Mr. Sellars had been and was then a county commissioner, and therefore the convention would have none of it. Mr. Cook had to withdraw the motion rather than have it defeated. Mr. Sellars will not be named if they can get anybody else to make the race. That's the game of politics. Is it any wonder that good men try to eschew politics?

Will the College get into Politics.

Will the Board of Trustees of Elon College permit itself to be dragged into politics in order to furnish the Democratic party a candidate for the legislature? We would think that this is the last thing they would think of doing. In our opinion any college or educational institution would make a serious mistake to allow itself to in any way become interested in politics, either Democratic or Republican. Of course merely belonging to the faculty does not disqualify any one so inclined to enter politics, but he should separate himself entirely from the institution, with a view to remain separated, and not merely secure permission to make the race and return to his duties after defeat, or if successful after his term of office expires, or he is relieved from active duty from the same.

We submit this view for what it is worth. and not with a view of trying to determine the action of the trustees or board of directors. This paper has done what it could in its feeble way since its appearance to help build up this noble institution of learning, and no matter what its action in this instance, we will continue to do so. So far as the candidate in question is concerned, we will take as much pleasure in helping defeat him, as we would had he never seen, or been connected with the college. We are Republican and will do what we can for the Republican candidate, provided he is decent and qualified to fill the position to which he aspires, if he is not all that, we reserve the right to take such action as our conscience dictate. We could not do more, we will not do less.

THOSE STATE BONDS

Some Light Upon a Much Discussed Question.

Elliot, N. C.
August 22, 1910.
The State Dispatch,
Burlington, N. C.

Dear Sir:—
I enclose you copies of some correspondence that sent to the Charlotte Observer for publication about four years ago, which they refused to publish. I am now going to have this correspondence published in all of the Republican weeklies in the state, and I therefore send you this copy and ask that you publish the same.

Yours very truly,
MARION BUTLER.

Washington, D. C.,
Oct. 25, 1906.

My dear Dr. Battle:
Mr. Butler is in the West and I don't know what he will think of what I am going to do. I have just finished reading the papers. They are very abusive. I am writing to ask you if you will give me a statement about the issue of these bonds that were collected. When Mr. Butler took that case he talked it over with me as he does every big question that concerns us. I told him after I knew the facts that I never was or never will be a party to collecting those "carpet-bag" bonds. In justice to him as a member of the University and one that loves it, and has always come to its aid when he was needed and always will continue to do so, I ask you to give me this statement to use as I see fit. I am asking in justice to my friends who I hope to raise good for the Carolinians and a credit to the University. Hoping to hear from you very soon, I am,
Very sincerely,
(Signed)
FLORENCE FAISON BUTLER.

Chapel Hill, N. C.,
October 27, 1906.

Dear Mrs. Butler:
In reply to yours of the 25th, regard to the bonds sued on by North Dakota. I give the substance of my testimony in the R. The bonds were issued un-

der an act ratified December 19th, 1866, and an act of 1854-55, 1860-61, authorizing subscription by the State to the capital stock of the Western North Carolina Railroad. In order to enhance the value of the State bonds issued for paying for the stock by the act of 1866, a mortgage of ten shares of stock in the North Carolina Railroad Company was endorsed on each one thousand dollar bond.

By the act the State bonds were to be sold to the highest bidder at not less than par. After due advertisement the Western North Carolina Railroad Company was found to have bid par, and Governor Worth and myself executed the bonds and delivered them to the President of the Company. What price the Company received for them I have no means of knowing.

The officers of the Company were men of high character, viz: S. McD. Tate, President; James R. Wilson, Superintendent; A. B. Simonton, Treasurer. These are the cold facts.

Hoping that the above explanation is what you wish,
Very truly yours,
(Signed) KEMP P. BATTLE.

Washington, D. C.,
October 29th, 1906.

The Charlotte Observer,
Charlotte, N. C.

Dear Sirs:—
I write to ask you to print the enclosed letter from Dr. Kemp P. Battle. I dislike very much to ask this, but Mr. Butler is away, and I feel called upon to act in his absence.

I was not surprised at Simmons and Glenn for using a thing they knew was false to fight a political opponent. They are low grade men, and the State at large knows it, but I must say that Senator Overman's stooping to anything so low and underhand was a surprise, for Mr. Butler and I have held him in high esteem as a gentleman. It goes to show how association can contaminate a man.

It also looks like the Democratic party is very short of issues, when the whole campaign is made on abusing a man who has no political position and is not a candidate for one.

Yours very truly,
(Signed)
FLORENCE FAISON BUTLER.

ELON COLLEGE NOTES.

Special to The Dispatch.

Elon College, August 29.—Mr. and Mrs. D. L. Boone, of Durham, N. C., who have been visiting at Rev. and Mrs. C. A. Boone's, have returned to their home.

Miss Mildred Atkinson and S. M. Atkinson, who have been "summering" at the home Dr. J. O. Atkinson, their uncle, have gone to Springfield, Tenn., and Maridian, Miss., respectfully, where they will teach Latin in the High Schools of these cities the ensuing season.

S. M. Patton, class of 1909, passed through the College today en-route to Greenbriar, Tenn., where he will teach Mathematics next year.

His friends here regret to learn of the death from drowning at Atlantic City of Mr. Virgil Hurley, whose home is at Wadesville, N. C. Mr. Hurley received his College training here.

Dr. Atkinson preached an eloquent sermon in the College Chapel Sunday. That afternoon at Coble's Pond, two miles away, he baptised by immersion three candidates, and received one member into the church on profession of faith.

Charles Strayhern's friends will be glad to know that he is likely to be elected to succeed himself as Clerk of the Court of Orange county, as the nominee of the Democratic primaries of that county. Mr. Strayhern did not graduate here, but regards Elon as his Alma Mater just the same, since all his College preparations was had here.

The hot water pipes from the Central Power Station to the various College buildings are nearing completion and will be in readiness by the spring opening day, Sept. 7th.

The Dormitories and the campus are receiving their finishing touches preparatory to the opening.

The Vacation Number of the Elon College Weekly will come from the press of Workman and Company, the publishers, today. It will contain valuable information for prospect students and the institution's friends generally.

The prospect now is for the best year in Elon's history. The office force is now busily engaged answering correspondents and arranging for the comfort and convenience of the students when they arrive.

The members of the senior class, twenty strong, will arrive on the fifth of September and will act as a receiving committee for the new recruits to the student body. The Y. M. C. A., the Y. W. C. A. and Christian Endeavor will also be represented on the reception Committee's.

W. W. Browd was a business visitor in the city of Greensboro Thursday.

J. A. Thompson returned Friday from a week's visit to friends and relatives at Cane Creek and Snow Camp.

FOR SALE BY

S. THOMAS & SON, BURLINGTON, N. C.

A Manufacturer's Offer

A contract for the sale of the entire output of the Holt Engine Co. has been closed with one of the largest Saw Mill and Steam Road Roller Companies in the world.

Arrangements made for the manufacture of enough engines to supply the trade until the Holt Engine Co. can locate and equip a plant.

We offer to the people of this section any part of \$50,000 worth of 6 per cent. preferred stock, payable in town lots, idle farm property, stock in other companies or cash.

If \$50,000 is raised at home, \$150,000 of stock is sold for cash, then the plant will be located here. If the plant is not located in Alamance county, title to the property sold for stock reverts to the grantor.

If you want a new industry for this county, now is your time. You can't lose. If you mean business call at
