The Campaign is On.

The campaign is on, politics is beginning to sizzle. Do you want to keep posted upon what is doing? If so subscribe for THE STATE DISPATCH. Every Republican should take it, in order to know what his party is doing. Every Democrat should take it to keep posted upon what the Republicans are doing. We will give it all for One Dollar per year, shorter time in proportion. We will be fair to our opponents, we will not color the reports to boost our side. How many papers Democratic or Republican can you depend upon in this respect. Subscribe for the fairest and best Republican paper in the State. You will never regret it and we will appreciate it. Who will be the first to get on the honor roll. It's the best thing going.

Main Goes Democratic.

For the first time since 1880 the State of Maine has gone Democratic, electing the Governor, several Congressmen, with the legislature in doubt. This result will give our Democratic friends some comfort, but too much importance should not be placed on the result in No. 1. Local issues caused the change this time. Principles and party will be the issue next time. There is quite a difference between the two as our Democratic friends will discover later.

A City Beautiful.

Let's have a city beautiful, to do so it is necessary to have a clean city and a clean city means a healthy city. So that it is all important to have all this that we get busy. Our back lots are in bad shape and the principle streets of the city looks as if the garbage wagon had turned over in each one of them, there are boxes, barrels and every conceivable kind of trash right on the side walks in front of business houses. Fair time is nearly here so let us clean up and show the visitors that we have the best and cleanest town in the State. Let our town officers get busy and see that those who are responsible for these conditions are warned to do better in the future. Who will be the first to start the ball to rolling.

Millinery Opening.

Our milliners are arranging for their fall millinery opening which will occur Friday and Saturday September 23-24th. The latest and most artistic styles are arriving daily. Misses Morrow & Bason are busy as bees arranging everything for the nicest opening they have ever had. Mrs. Nellie B. Green, assisted by Miss Hitchens of Baltimore is busily engaged arranging her stock and will be ready when the date arrives. Miss Alice Boland at Whitesides, Misses Gross and Cook at Isleys all give you a hearty welcome to attend the opening Sept. 23 and 24.

Miss Bessie Thompson delighted about fifteen of her friends by giving a watermelon slicing at her home on West Front street Saturday night. The evening was spent in playing parlor games and slicing melons.

A Personal Poem.

Several poems and near poems on debt paying are going the rounds, the following has been handed in and we pass it along for what it is worth:

If by the public you would be admired,
And a right spirited sense of honor you desire;
Then of the poor merchant don't credit require,
But cash in hand foots up the requisite desire.
Remember to credit is dangerously in the extreme,
Hence be sure with a record of spot cash you be seen;
Merchants troubles by the hundreds are tallied,
Thence lessen said troubles by spot cash rallied.

Knowing the human heart to be so atrociously corrupt,
Thence disposing of goods on time means to merchants by millions a bankrupt;
Learn to be spirited right and tempered good and pay as you go,
Thus proving the ideal model to all humanity full well you know.
To beat the merchant, who works and studies so hard, is a damnable sin,
Aspire a blessing to your country be known and this damnable sin never begin.
If heart is right you will reluctantly attempt the heinous credit rule,
But stand by and defend the greatest of all—the golden rule.

Further remember that North Carolina is minus a statute at merchants command,
Thus a paramount settlement—cash down—dispensing with credit demands.
To owe your merchant, or worse merchants, and never, never pay would be a thrice awful slam,
Thus to do would fix your destiny throughout eternity as not only doomed, but damned.

Our townsman Mr. E. E. Teague returned from Atlanta a few days ago where he signed a contract to represent the well known firm of Latham Alexander and Company, Bankers and Commission merchants of New York. Mr. Teague's territory will be the state of South Carolina, and part of North Carolina and Virginia. He will pay special attention to the cotton interest of the business.

Miss Opal Nicholson Entertains.

Crowded out last week.

On last Monday evening at "Cherry Croft" the beautiful country home of Mr. and Mrs. T. C. Nicholson, Miss Opal delightfully entertained the Baraca and Philathea classes of the Methodist Protestant Sunday-School, together with a few of her most intimate friends.

The beautiful home was decorated with ferns and cut flowers, while the spacious lawn was lighted with Japanese lanterns which furnished light for the many games which the evening afforded.

The most interesting part of occasion were the beautiful solos that were rendered to the crowd by the different young ladies while Miss Flossie Loy showed her skill as a pianist.

Fruit, punch, was served in a quaint way being imbedded in an embankment of ferns. The feast of watermelons was by all enjoyed. As the time for departure arrived the crowd strolled homeward, deciding that Miss Opal certainly understands the art of entertaining.

Miss Ola Evans Entertains.

Miss Ola Evans entertained about thirty of her friends last Thursday evening at the residence of her parents on Tarpley street. Amusing outdoor games were played, and delicious banana cream served in the spacious dining room. The table being beautifully decorated with ferns and roses. Several selections of fascinating music were rendered by Miss Martitia Thompson which served as a charming remembrance of the occasion.

Thanking Miss Evans for her kind and hospitable evening of pleasure the crowd dispersed.

Friendship School Fair.

On Saturday October 15th, 1910, the citizens of Friendship School District will hold their first District Fair on their school grounds.

The Fair will consist of exhibits of farm, garden, dairy and kitchen products, and live stock, owned or produced by citizens of the district, or by any patrons of the Friendship school.

Members of the State Department of Agriculture will address the citizens on subjects pertaining to farm and home improvements and education, and will judge the exhibits and award the certificates and premiums.

Prizes will be given to the winners in a series of athletic and out-door events.

The purpose in view in instituting the Friendship School Fair is to get the interest of the citizens centered in the Public Schools; to make it to a greater extent, the social nucleus of the community; to encourage good-natured competition among the farmers; and to increase the pleasures of home and farm life in the District.

It is expected that the occasion shall be a gala day for visitors from all parts of the county and for the neighborhood.

Anyone who is interested in the success of the Fair, and wants to know more about it, may write the Principle of Friendship High School, Burlington, N. C. Route No. 1.

Horse Stolen.

Sunday night shortly after eleven o'clock some negro stole from the barn of Mr. S. Homewood who lives a short distance from town, his young four year old mare. Finding Monday morning that the beast was gone, Mr. Homewood immediately phoned to all the surrounding towns, also offered a reward of \$25.00 for the capture of the thief. About two o'clock Monday he received word from Danville that parties there had the horse, but upon arriving found that the horse had been shot, from which it died not long after. Had the parties who shot the horse waited a few minutes longer the Danville police would have captured both horse and negro. The negro made his escape and is still at large. The animal was worth \$300, hence Mr. Homewood feels the loss and especially the manner in which it happened.

HAS THE BONDS BEEN SOLD?

It is Rumored That the Bond Have Been Sold, or Rather Sacrificed At a Big Discount.

Will our city fathers tell the tax payers whether the \$60,000 dollars worth of bonds voted last May have been sold, and the price received for the same. It is said by those who claim to know what they are talking about that the bonds have been bargained away for a price much under par. Infact it is said that they brought less than ninety-five cents on the dollar. We are further told that the city charter provides that they shall not be sold for less than par. Let the tax payers know the net price received for the bonds, or better still, call the citizens and tax payers together and let them ratify or reject the bond sale. If it be true that the city fathers have bargained away the bonds for less than 95 per cent are the tax payers going to stand for it? Now is the time to act. A week or ten days may be too late. Wake up Mr. tax payer and protect your interest.

C. said commission includes all expenses connected with the issue of said bonds, including attorneys fees, lithographing and other expenses pertaining thereto.

This proposition is made, on one proviso only, that is that the legality of said Bonds is approved by the Bond Buyers attorneys, and I further agree to put up for the use of said City a certified check in the sum of One Thousand Dollars as an evidence of good faith on my part.

Story of Pledges Redeemed.

All the terms used in President Taft's letter to Chairman McKinley are those of exactitude, just what has been done and just what is sought to be done being clearly, coldly and incontrovertibly set forth, with no suggestion of fervor, to say nothing of the tropical. Even in the summing up or peroration, so-called, there is no effort to appeal to the galleries. Calmly, the President tells the story of pledges redeemed and of promises yet to be fulfilled.—Of Interest.

Mr. and Mrs. R. A. Coble spent Saturday and Sunday the guest of her sister, Mrs. Curry Stewart near Greensboro.

Has the True Ring.

"President Taft reminds Congress that it still has other pledges to be kept, including legislation providing for the issue of stocks and bonds by interstate railways, the limitation of the power of the federal injunctions, the creation of a national bureau of health and the encouragement of our merchant marine. The letter, as a whole, has the ring of real Republicanism, and undoubtedly will prove a valuable contributor to the literature of the Congressional campaign; which is the preliminary skirmish to the campaign of 1912.

Work Weakens the kidneys.

Doan's Kidney Pills Have Done Great Service for People Who Work in Burlington.

Most Burlington people work every day in some strained, unnatural position—bending constantly over a desk—riding on a jolting wagon or cars—doing laborious housework; lifting, reaching or pulling or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood. Doan's Kidney Pills cure sick kidneys, put new strength in bad backs. Cures effected in this locality form the strongest proof of their efficiency read this testimony.

W. N. Ainton, tailor, S. Elm St., Greensboro, N. C., says: "I have tried a great many kidney remedies and have come to the conclusion that Doan's Kidney Pills are the best one on the market. In my work I am obliged to be in a cramped position for hours at a time and I believe this constant strain weakened my kidneys. I was so much impressed by reading testimonials given in favor of Doan's Kidney Pills, that I procured a box and began their use. They soon entirely relieved me of kidney complaint." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75. Take Hall's Family Pills for constipation.

Sanford Express
The Sanford Cotton Mill resumed operations last Monday morning after having been shut down about six weeks. The mill is now running with a full force of operatives and full time will be made provided a supply of cotton can be kept on hand. After the farmers begin to market the new crop it is thought that the management will experience little trouble in keeping in storage a supply of cotton. The blowing of the cotton mill whistle is a pleasant sound to the merchants who draw a good trade from the mill people.

Chapel Hill News.
We regret to learn that S. S. Webb, of Oaks, suffered an other stroke of paralysis Saturday night and his condition is quite serious. He had never fully recovered from the first stroke, but was up and getting on nicely until Saturday. His numerous friends will regret to learn of his condition today.

Wilkes Patriot.
C. P. Gilliam whose home is out on Route 2, from North Wilboro lost by fire one night last week. The family had been using the furnace to dry fruit and from this the building caught fire.

Danbury Reporter.
During the storm Wednesday night of last week a barn of tobacco belonging to Messrs. J. A. and A. E. Southern was struck by lightning. It had been finished and left the opening before. The tobacco belonged to the son, and the house to the father.

MT. Airy Leader.
Sam Fulton the horse editor's old friend and who farms a few miles east of this city, had a close call Friday night and came near bleeding to death. This is an off season with Sam, and Dave Longridge says meat is scarce which may account for him hunting possums so early in the season. At any rate Sam was out hunting when he stumbled falling to the ground and cutting his arm seriously on a broken lantern. A physician was summoned from this city who found an artery severed and his patient weak from the loss of blood. The doctor took a few stitches in the wounded wrist and Sam was able to cut tobacco yesterday.

David Record.
We'll bet our old hat against a cancelled postage stamp that the Lenor correspondent to the Charlotte Observer, who wrote up the Cowles-Doughton debate at that place last week is the meanest Democrat in Caldwell county. Our little Congressmen from the 8th must have given Mr. Doughton more than he could stand up under, or the aforesaid correspondent would not have went into such raptures about what a great mad Cattle Doughton was on the stump.

Randleman News.
Prof. J. B. Robertson arrived in the city Tuesday and looks very much refreshed after having spent the summer at Burlington and other points.

An Awful Eruption

At the tea-table the other evening little Mary, aged three, saw me about to help myself to a fresh spoon from the holder, and promptly offered me hers: "Here's a clean one, Auntie Belle I licked it!"—The Delineator for October.

During the severe electrical storm Friday night, lightning killed two cows of J. R. Jeffries, on Route 2, and also set fire to a stack of straw in the barn lot. Fortunately, no other damage resulted.

Greensboro Patriot
Thos. D. Braxton, of Saxapahaw, Route 1, was here Thursday. He says that his brother, W. J. Braxton, suffered a serious accident Tuesday Aug. 30th his left arm having been severed by a circular saw in the mill of Braxton & Guthrie.

Four arrests for drunkenness were made in this city during the month of August, which was considered a pretty good showing for a "dry" town. Arrests were made for the following cases:

Through his attorney, E. S. [Name], William W. Garrett, [Name], filed a voluntary petition for bankruptcy in the United States court here Thursday, [Name] being scheduled at \$4,497 and his liabilities at \$4,497. [Name] had sent the case to G. -Don't Tell Father.

The Smith household was expecting a visit from the stork. Bobby's mother had wisely talked the matter over with him, telling him that it was a precious secret between them, and he must not speak of it to any one. Bobby, who had long wished for a baby sister, was fairly bursting with happiness and that evening, when a friend called, she was informed by him of the joy in store for them. Then suddenly, recalling the admonition of his mother, he clapped his hand to his mouth and exclaimed, "Oh I forgot! It is a secret! Papa doesn't know anything about it!"—The Delineator for October.

Saved A Soldier's Life.

Facing death from shot and shell in the civil war more agreeable to J. A. Stone, of Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold" he writes, "that developed a cough, that struck to me in spite of all remedies for years. My weight ran down to 130 lbs. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 lbs." Do You See Them?

One night last Winter as we were getting into the sleighs to go to a party our little boy of four looked up at the stars and said, "Just see the little holes where the birdies fly in!"—The Delineator for October.

Pain in Heart

"For two years I had pain in my heart, back and left side. Could not draw a deep breath or lie on left side, and any little exertion would cause palpitation. Under advice I took Dr. Miles' Heart Remedy and Nerve. I took about thirteen bottles, am in better health than I ever was, and have gained 14 pounds."

MRS. LILLIE THOMAS, Upper Sandusky, Ohio.
For many years Dr. Miles' Heart Remedy has been very successful in the treatment of heart troubles, because of its tonic effect upon the heart nerves and muscles. Even in severe cases of long standing it has frequently prolonged life for many years after doctors had given up all hope, as proven by thousands of letters we have received from grateful people.

Dr. Miles' Heart Remedy is sold by all druggists. If the first bottle fails to benefit, your druggist will return your money.

The only thing that can be said
 of the recent street work is that
 it is a little better than mud, but
 expensive, very expensive.

Even if the much talked of
 plank in the Republican platform
 did mean "licker" would it make
 matters any worse than the to-
 day in North Carolina.

Meet us at Graham on the 17th,
 with your dollars for the renewal
 of your subscription to the Dis-
 patch and speak to your neigh-
 bor about taking it. It will help
 us to increase its usefulness.

Frost at Spray is the way an
 exchange heads an account of the
 big Democratic blow-out at Spray
 on Labor Day. Well, he was
 about right, frost precedes snow,
 it will be snow to them on the
 3th of November.

Remember the Republican
 County Convention will be held
 at Graham Saturday September
 the 17th, at noon. Hon. Thomas
 Settle, and David H. Blair, the
 Republican candidate for Con-
 gress will address the convention.
 Don't miss it.

It is important that every Re-
 publican attend the county con-
 vention at Graham next Satur-
 day September 16th, which will
 nominate a county ticket. The
 speeches of Hon. D. H. Blair,
 candidate for Congress, and Hon.
 Thomas Settle, will be worth go-
 ing many miles to hear.

The biggest joke of the season
 is the resolution passed by the
 Democratic county convention
 held at Graham recently, to give
 Major Stedman, thousand major-
 ity. This is like many other vic-
 tories our Democratic friends
 win, but they are always a month
 or two before the election.

Why be in such a hurry to sell
 the bonds? We understand that
 the note for twenty-five thou-
 sand dollars borrowed to make
 street improvements has been
 renewed for six months by pay-
 ing a renewal premium of five
 hundred dollars. Then why sacri-
 fice the bonds at this time.

We have received the first is-
 sue of the Stoneville News, pub-
 lished at Stoneville, N. C., by
 J. Tiller. The News is neatly
 printed and the general make up
 displays good taste, and the hand
 of a good newspaper man is clearly
 evident. The people of that
 community are to be congratulat-
 ed, and should support such an
 institution loyally.

It has been the cry of the Dem-
 ocratic press for lo these many
 years that everything the Repub-
 lican party favor in their plat-
 form was a sham, or anything
 they advocated in the way of re-
 forms was done for effect, and
 for a long time there were many
 who believed it, but not so now.
 The people are no longer fooled
 by the blatant cry of the Demo-
 cratic Demagogue. !

There will be two or three rep-
 resentatives of THE DISPATCH at
 the convention at Graham next
 Saturday. See one of them and
 renew your subscription. Bring
 your neighbor with you and get
 him to subscribe. The Dispatch
 should be in every home in Al-
 amance and adjoining counties.
 Wont you help us to increase its
 circulation and enlarge its use-
 fulness—

THE DISPATCH, without wish-
 ing to misrepresent, or do any
 one an injustice, calls the atten-
 tion of the citizens and tax pay-
 ers of the city of Burlington to a
 rumor that the city fathers have
 bargained away the \$60,000 dol-
 lars worth of street and side
 walk bonds authorized last May
 for a great deal less than par.
 If this is not correct, if some one
 in authority will let the people
 know just what price the bonds
 brought we will gladly publish
 the same. What the tax payers
 want is the exact truth and not-
 ing but the truth. Who will tell
 them?

What has become of our Cham-
 ber of Commerce? We asked
 this question some time ago, but
 we are none the wiser now. We
 understand that there is a large
 manufacturing plant that would
 come to this city if we had a live
 business organization to aid them.
 Let us have a meeting of all the
 business men and all other citi-
 zens, who have the future well-
 fare of the city at heart, and
 take such action as will secure
 this enterprise. Just a little ef-
 fort on our part now, might in-
 sure the future greatness of this
 city. We must have more united
 action. Let us get busy, all to-
 gether now for a bigger, better
 and busier Burlington.

About two years ago our es-
 teemed contemporary, the Bur-
 lington News, in speaking of the
 roads of the county said they
 were the worst in the history of
 the county, and that it was due
 to Republican inefficiency. The
 Republicans are not in power
 now, and have not been for near-
 ly two years. Will the News be
 fair and tell its readers the con-
 dition of the roads at this time,
 what was sauce for the goose
 should be sauce for the gander.
 We would be glad to see our
 neighbor for once in his life, have
 the manhood and fairness to ad-
 mit that the road conditions are
 bad, and that just at this time
 they are the worst ever. Now
 we are not talking about the
 public highways that have been
 macadamized from the bond issue,
 but those roads that have not
 been, and are not to be macad-
 amized under the present admin-
 istration at least. Be fair neigh-
 bor and let's have the truth, even
 if it will look bad for your party.

What We Would Like to Know.

We would like to know wheth-
 er the street work has been ac-
 cepted or not. We are informed
 that there are several thousand
 dollars due on the work, and that
 the contractors are trying to col-
 lect the money, we trust that if
 the work has not been accepted,
 the city fathers will see that the
 contract has been lived up too by
 those doing the work, before
 paying-out the people's money.
 Will some member of the board
 champion the peoples cause and
 see that they get a square deal.

A Heart Rending Wail.

A drowning man will catch at
 straws. This fact is clearly evi-
 dent from the manner in which
 the Democratic press of the State
 have took up the fight against

Hon. Marion Butler. It is fortu-
 nate for the Democracy that Mr.
 Butler is in the Republican party,
 but for this fact they would be
 without an issue. But their wail-
 ings will not hurt any one, the
 people of North Carolina have
 reached the point that they will
 not be dictated to by men who
 have not the best interest of the
 state at heart, men who are not
 the equal of Marion Butler.

The time has been when Jose-
 phus Daniels and men of his ilk,
 could crack their whip and the
 boys would fall over each other
 getting in line, but not so now,
 the people refuse to be scared by
 your cry of alarm, or to be bull-
 dozed by such methods. The
 great cock and bull story about
 those old bonds, scares nobody,
 they will resou to some other
 lying scheme to get the boys in
 line. The time is at hand when
 the intelligent, thinking people
 of the state are going to cut lose
 the party of obsolete ideas and is-
 sues and turn the affairs of the
 state over to a party that stands
 progress, a party whose principles
 mean something. Raise your cry
 louder, we would like for every
 voter in the state to hear that
 heart rending wail.

History Repeats Itself.

Thirty years ago, just about
 this time of the year the Demo-
 cratic salutation was "Have you
 heard from Maine?" The state
 had just elected Mr. Plaisted as
 Governor and Democratic joy and
 enthusiasm was unbounded, and
 for once "our friends the enemy"
 seemed to be living in an elysian
 of political estacy. The result of
 the main election in 1880 opened
 the eyes of the country to the
 disaster that always and inevita-
 bly follow Democratic success,
 and at the November election of
 that year Garfield was triumph-
 antly elected as President and
 Democracy, for the good of all,
 proceeded again to take the back
 seat upon which they had had a
 monopoly since 1860. Be of good
 cheer. No harm will come to us
 as a party, as a result of the
 September elections. "History
 will repeat itself" and all over
 the country on the night of the
 8th, of November the Grand Old
 Party will be celebrating again
 one of its greatest victories.

Republican Prospects in the Future.

Now that the Republican or-
 ganization of North Carolina has
 at its head as leader and man-
 ager, that splendid man and elegant
 gentleman, Hon J. M. Morehead,
 we may expect to see the Repub-
 lican cause advance in the grand
 old Commonwealth as never be-
 fore, and the State in the near
 future to take its place in the
 front rank of the foremost States
 in the Union, in the way of wealth
 and good government.

While Mr. Morehead is not a
 politician as the term is applied
 in these modern days. His train-
 ing having been along the lines
 of manufacturing and commerce.

The education acquired in the
 school of experience while con-
 ducting various industrial enter-
 prises peculiarly fit him as an or-
 ganizer and leader of the people.
 He has never sought office or po-
 litical preferment of his people
 or party, what honors have come
 to him have come unsolicited hav-
 ing always preferred to work
 with his people as a private citi-
 zen. He is a man who commands
 and holds the respect and confi-
 dence of the business people of
 the entire State and the whole
 country, irrespective of political
 affiliation.

Mr. Morehead knows nothing
 of the arts of the wiley and de-
 signing professional politician.
 Nor of the cunning of the dis-
 sembling demagogue, therefore
 his campaign will be conducted
 on a high plane, free from tricks
 and devoid of vilification of the
 opposing party, relying solely
 on a fair presentation of the is-
 sues involved to the voters of the
 State.

Now that the voters of the
 State have a leader who cannot
 be assailed as a pie hunter, let all
 who desire a safe and stable State
 government and a prosperous
 country, buckle on the armor and
 enlist in the army of good gov-
 ernment and prosperity and as-
 sist Mr. Morehead in carrying of
 prosperity to certain victory.
 None need fear to follow where
 Mr. Morehead dares to lead.

John R. Hoffman returned Sat-
 urday night from a weeks busi-
 ness trip to Pittsburg, Pa., and
 other northern cities.

Oakdale Notes.

As it has been some time since writing, I will try again to make some reports. We are sorry to say the corn crop is not what it was thought it would be some time ago, there appears to have been too much rain.

The farmers are breaking ground for wheat as never before we think if not prevented there will be a large crop of small grain sowed.

We are sorry to lose some of our boys, but our loss is their gain, if they will improve their opportunities, which we are sure they will do. Wayne Hornaday has gone to Kansas City to finish his course as a Veterinarian, also Glenn Adams goes to Greensboro, Eugene Spoon to Liberty, and perhaps others.

We wish to call the attention of the County Commissioners to the fact that we very often fail to receive our mail for two or three days at a time on the account of high water, and would be very glad if they would view the situation near the E. M. Holt place, this occurs many times a year and delays some valuable mail and with a little effort on their part would greatly relieve the situation. The high water at this place affects both Burlington and Hartshorn mail, and much other travel.

"Hos" trading is taking on with some of our farmers these days. Messrs. A. T. Spoon, Bynum Alred and Floyd Spoon have exchanged some of late.

The "Holiness" people have begun a 10 days meeting at Pleasant Union. May much good be done.

Notice School Opens Soon.

Don't fail to have your children's eyes examined before they go back to school, and have glasses fitted to help them in their studies. Dr. N. Rosenstein Eye Specialist of Durham, will be in Mebane Monday Sept. 10th, at the White House, and Tuesday Sept. 20th, at Burlington at the Burlington Drug Co., for the purpose of examining eyes and fitting glasses. A Change the Only Remedy.

Catawba county has been under Democratic administration for lo these many years, and we defy any man to show us a foot of macadam roads in that county save in the incorporate limits of the towns. We also view with alarm the roads in Lincoln county, another Democratic county. Caldwell county, which is Republican, has macadam roads. — Davie Record.

[In this county it is still worse, for the past two years we have been under a Democratic administration and our roads are in a deplorable condition. If the county should continue Democratic two years longer our roads would be entirely extinct, except the macadam roads being built by a bond issue, and too. the salaries of the road force have been increased during the term.]

Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Holeproof Hose

What Our Six Months' Guarantee Really Means

Holeproof Hosiery is guaranteed to be as free from holes at the end of six months as it is the day you buy it. We give you this guarantee in writing so if any holes appear in six months you receive new hosiery free of charge.

Common hosiery has no such guarantee. It costs you just as much as "Holeproof," but at the end of six months it is worthless. You spend hours darning it when for no extra expense you can have "Holeproof" and do no mending. Why not have the best?

FAMOUS Holeproof Hosiery FOR MEN WOMEN AND CHILDREN

Insist on seeing the original Holeproof trade-mark. Many have imitated the guarantee but none have equaled the quality.

The makers pay 63 cents a pound for Egyptian and Sea Island cotton, but common hosiery is made from cotton at 12 cents a pound.

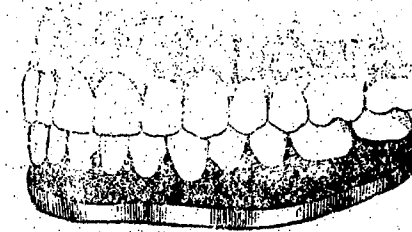

"Holeproof" uses 3-ply yarn in the body and 6-ply in the heels, toes and knees. Ordinary hosiery uses 2-ply throughout, yet costs you just as much as "Holeproof."

Stop in at our store and examine the hose. See how stylish and comfortable it is—soft, smooth and neat fitting. Learn the facts today.

OUR CAMPAIGN LETTER

Special to the Dispatch.

New York, August 5th. — President Taft's letter to Chairman McKinley has had the effect of placing the campaign on the high level of patriotism and making party unity the stepping stone to party success. In concluding his recital of the result thus far attained by the 61st Congress the President says:

"It is of the utmost importance to make this a campaign of education as to facts and to clear away the clouds of misrepresentation that have obscured the real issues and have made it difficult to secure for the Republican majorities in Congress the real credit due them from the country for the tremendous task they have accomplished. If this is brought clearly home to all voters, and especially to the young men now voting for the first time, and they become impressed, as they ought to be by this record, with the difference in the governmental efficiency and capacity of the Republican and Democratic parties, they will enroll themselves with the party of construction and progress rather than with the party of obstruction and negation, and the resulting legislation of the Sixty-second Congress will vindicate their choice."

As the President truly says at the outset of his letter: "The question will be not what complexion of Republicanism one prefers, but whether it is better for the country to have the Republican party control the legislation for the next two years and further redeem its promises, or to enable a Democratic majority in the House either to interpose a veto to Republican measures, or to formulate and pass bills to carry out Democratic principles."

The great issue, then, is whether the Republican or Democratic party is to be in control of the next House of Representatives, and the President has given us all a platform on which to stand, has sounded a keynote and given us rallying ground where all can meet in common cause against an irresponsible political party of incapacity and repudiation. Mr. Taft makes it clear that the constructive work of the Republican party would not only be halted but perhaps annulled by a Democratic House of Representatives.

In particularly happy vein does the President enumerate and discuss the work of the last Session of Congress:—The advanced Railroad legislation, The Postal Savings Bank Act, the Conservation Measures and particularly the laws affecting labor. On this later point he says: "The Republican party at the last session of Congress again exhibited its deep and sincere interest in the general welfare of the working men and women of the country by adding important enactments to its already long record of legislation on this subject."

And then he mentions the long list of bills passed and pending in the interest of the working classes, adding: "No more important legislation in the interest of human life has ever been enacted by Congress than the laws of the recent Session."

With the distinct and clearly defined issues made more prominent than ever by the Presidents letter, the campaign will be fought out by the united Republican party against the one enemy—Democracy. Shall we elect a House of Representatives that will continue the splendid constructive work of the past, that will uphold our big, brainy, calm firm President, or shall we put in partial power a party to check all progress and prosperity, if not to scuttle and possibly wreck the good old Ship of State?

How Good News spreads.
 "I am 70 years old and travel most of the time," writes B. F. Tolson, of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They effect a cure every time." They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak, run-down men and women, restoring strength, vigor and health that's a daily joy. Try them. Only 50c. Satisfaction is positively guaranteed by Freeman Drug Co.

Prof. W. A. Flick who has been spending his vacation in the Valley of Virginia returned Saturday to be present at the opening of the Graded School Monday.

The Great Alamance County Fair.

The great Alamance County Fair to be held October the 4th to 7th promises to be a big affair this year. The secretary is already booking a large number of special attractions, consisting of shows of high order, including Wild West shows, Old Plantation Electrical palaces wonderful performers, in fact we propose to have a regular circus under the different tents.

The grounds and buildings are being repaired, more room made and the general looks of things improved getting ready for the big crowds.

The local races this year promise to be a special feature, as a large number of local horses are already in training, and are developing good speed.

The Agricultural exhibits will be especially good, showing try departments will be full, and culinary and fancy work departments are being looked after as never before.

We want to insist upon that the merchants and business men of the county make exhibits in the floral hall. If the business men would take an interest in this department it would help the fair immensely.

Let everybody work together for the success of the fair. It means so much to our county, and it is impossible to make the fair a success without the co-operation of the people of the county.

Remember the date, take a day off and have a big time.

An Evening of Pleasure.

Crowded out last week.

What proved to be one of the swellest hay-rides of the season was given last Thursday night by Mr. Hilary Rauhut, of this city, in honor of Miss Ella and Mr. Lester Rieves, of Chapel Hill, who were the guest of Mr. and Mrs. C. H. Cates.

Under the wise and careful planning of Misses Addie Ray and Allie Patterson, and chaperoned by the popular Miss Verna Cates and Mr. J. E. Poust, no part to make the occasion one of sublime pleasure and boundless amusement was left undone. The crowd closely seated in a two horse wagon were driven to the beautiful home of Mr. and Mrs. C. F. Rauhut three miles out of town, where awaited us a royal welcome. Protected from the night fall of due by the giant oaks, fanned by nature's balmy breeze and relating stories of the past, present and future, several hours were pleasantly spent on this lovely trip. To tickle the fancy of the appetite delicious refreshments consisting of cider and water melons were served. After expressing our thanks to Miss Minnie Rauhut, who so pleasantly entertained us, the jolly crowd returned home.

Insurance!

Many persons buy insurance and accept the policy without looking to see if it is correct. You would not accept a thousand dollar note without knowing as to the security, and as an insurance policy is merely "a promise to pay" in case of loss, why not have it right, especially when it does not cost more. We represent 52 strong Fire Insurance Companies, among this number being the largest insurance companies in the world and with years of experience, backed by the fact that we have paid out thousands of dollars and never had a claim contested. We know we are in position to serve you, and will look after your interest from start to finish.

Life Insurance. Before buying Life Insurance see us, there is as much difference in the cost of Life Insurance on account of management as there is in the management of any other institution and we can prove we have the best for the money and if we fail to do so place your business elsewhere.

Casualty Insurance. In this department we sell Health Accident, Public Liability, Contractors Liability, Elevator, Plate Glass, Steam Boiler, Automobile and the fact that this Company is Maryland Casualty Co. of Baltimore, Md., with asset of \$6,000,000 is sufficient.

Bonding. We are prepared to issue bonds for any amount and for any purpose on short notice. Don't embarrass your friend by asking him to go on your bond; buy it from a Company that makes this their business, and can pay promptly. If it is insurance you want we are the people.

Loans.

In our loan department we have handled over one-half million dollars for our clients without a single complaint, and today not one cent of interest is due and unpaid.

Our plan is simple, we give the lender first mortgage on real estate at not over 50 per cent. of value, note payable to lender and in addition to this our guarantee.

Our company has been endorsed by the County of Alamance, they selected our company to loan the sinking fund on \$220,000 bond issue for good roads.

The City of Burlington has selected us to loan the sinking fund on \$100,000 for water and sewerage.

We now have applications for loans from \$100.00 to \$2500.00 and with the above statement don't you think it would be safe to place some of your idle funds on our First Mortgage Real Estate Loans.

Write us for our plan and book of testimonials from those who have tried and proven our plan.

The President's Common Sense.

Washington Post.
In the campaign that is being waged to embroil President Taft with Colonel Roosevelt it has been made to appear that in the President's St. Paul speech, when he referred to the disposition to "look too much to the federal government for everything," he was taking a slap at Mr. Roosevelt's "new nationalism."
As a matter of fact, President Taft's speech, was prepared and in type before Mr. Roosevelt delivered his Osawatimie address. The reference to the tendency toward the expansion of the powers of the federal government was not altered after Mr. Roosevelt made his address.
Nor was there any occasion for President Taft to make any reference to Mr. Roosevelt's latest enunciation of his policies. He was familiar with those policies when he was secretary of war, and the Roosevelt policies have undergone no change since then. Mr. Taft probably feels toward them now just as he then did.
The president's dignity, his refusal to win applause by sound rather than sense, his frank acknowledgment of the good work done by his predecessor, and his determination to achieve reforms in a practical way, regardless of the attacks of theorists, have won him the added respect of all fair-minded men.

North Carolina Agricultural and Mechanical College.

Greensboro, N. C., Sept. 7.—The fall term of the Agricultural and Mechanical College for the colored race, Greensboro, began Tuesday 6th. Fifty-two students matriculated upon the first day. This does not include a number of other students present, waiting to complete their examinations for entrance or for the removal of conditions. This is the largest opening the school has ever had. Students are coming in rapidly, and the indications are that the attendance will be larger than any previous session.

Mrs. J. W. Jenkins of Raleigh is the guest of her sister Mrs. Dr. J. N. Taylor.

The Rural Telephone.

There is no disputing the fact that the rural telephone has come to stay and that it is one of the greatest conveniences of modern time. The efforts now being put forth by the Southern Bell Telephone and Telegraph Company to establish these rural lines should receive the hearty endorsement of all our people. The line out to Kelton is already proving itself a very great convenience. Now that the election is to come off on August 30th we expect to get the returns within a few minutes of the time that the vote there is counted. Now if we had a direct to Cross Keys and to West Springs and to Meador's and to Whitmire what an easy task we would have to get the returns from every box in the county. Not only that, but the people living along those lines could get the returns from all over the county just as fast as the papers could and up and tabulate the results here. Look here, Mr. Farmer, let's get busy and get these lines scattered throughout our county before another two years. And election returns is but one of the many advantages. If we had good roads and telephone lines how easy to get a doctor in time of sudden illness. Then, too, how easy for the resident in the country to ring up Union, Jonesville, New York—in fact any market, and get prices any other valuable information in connection with the marketing of his products. We believe the day of the rural telephone and of good roads is at hand. An advancing civilization is crying loudly for these two marks of a progressive people.

Rev. J. O. Atkinson, of Elon College, preached at the Christian church Sunday morning. His text were Rev. 12-11, those who heard him pronounce it one of the ablest and most masterly sermons they have heard for some time.

Jos. A. Isley and milliners, Misses Evie Gross and Netta Cook, returned last week from New York, Baltimore and other cities where they went to purchase fall stock. The result of their trip is evidenced by the arrival of new goods.

Taxing Noises.

Ohio State Journal.
There should be a new rule for taxing automobiles, the tax to be rated according to the noise they make. Speed is not the only fault of an auto—it is the outrageous noise it makes, that is sometimes excruciating. One may hear one of these chattering machines three blocks away and for three blocks after it has passed, but in the meantime while it is passing life is dismal and painful. A person cannot work, talk or read, and time is worse than wasted.
That is the thing to tax—the noise, the grief of that is on the people. Of course, some people cannot afford anything but an old ramshackle machine, but that is no reason why everybody else should suffer. We are talking these days about abolishing privilege, and there is no privilege quite so oppressive as that of running a clattering and ear-racking auto down a street, spreading consternation in a hundred homes.
And these honks—tax out the clangor and the shriek, and license no auto with the hyena

screech. Protect the people from a discord as you would from a pestilence.

A Strong Presentation

"The administration's case is presented strongly. There have been achievements—actual—achievements—in the direction of progress. Whither the country in this period of unrest and fault-finding, will pause and rightly appraise these achievements remains to be seen. Probably not. But they are of record, cannot be blotted out, and will be properly appraised by a dispassionate people some time, if not now."—Washington Herald.

R. F. D. No. 7.

Our picnic was a success and we only needed some music and a little more meat to make it an ideal picnic. Patrons from No. 7 did not come out by wholesale but several of them were there. Only one of our five bachelors came out Henry Whitsett and he refused to take on to the women very much as he thought it would be taking an unfair advantage of Ed Harden, Green Sharpe, Will Garrett and Serene Sharpe, the other four old fellers that were absent. This only proves that Henry wants to "tote fair" with the other boys and he wants them to do the same with him.

Cotton is beginning to open nicely now.

That good looking carrier, D. M. Sharpe and family, from Ashboro spent last week with his parents, Mr. and Mrs. W. B. Sharpe, and attended the meeting at Friendship.

J. A. Forlines of Greensboro spent several days at Belmont last week visiting his people.

Mrs. A. D. Burke and children

of Montgomery Ala., who spent a month with Miss Lula Rich and other kinfolks at Belmont returned home the 1st of this month.

H. A. Garrett, a city carrier of Greensboro visited his father, Geo. W. Garrett a few days last week and he and wife spent part of Sunday at Dr. L. A. Johnsons.

Prof. J. A. Hornaday and family spent Sunday afternoon with Mr. and Mrs. J. M. Albright.

Mrs. G. B. Johnson and daughter, Miss Sue, will go to Ashboro the last of the week to visit the family of Rev. T. M. Johnson.

O. E. Culler spent last week with his parents, Mr. and Mrs. M. F. Culler at Rock Creek.

Sam Thompson and wife of Burlington visited W. B. Sharpe last week.

J. K. Isley visited at Burlington Saturday night.

Thomas and Charlie Sharpe visited Jacob Sharpe Saturday night.

Miss Daisy Overman and Miss

Leta Loy visited Miss Daisy's parents, Mr. and Mrs. J. F. Overman on Rock Creek, No. 2 a few days ago and report a good time.

On last Thursday evening Miss Maude Culler gave a small but quite interesting little party in honor of her guest, Miss Malona Patterson, who is going away to school again. The evening was spent in playing games and telling fortunes, then cakes and ices were delightfully served, after which they all bid Miss Patterson a fond good bye and departed for their homes.

Ira Isley and family moved to Swepsonville today.

Solomon Homewood had a horse stolen from his stable Sunday night, but was fortunate enough to get the horse back Monday near Danville, Va., where the thief was heading for. We have not heard whether they caught the thief or not at this writing. Hope they did.
