The Big Fair.

The Alamance County Fair will be the best in years. The Managers are doing every thing in their power to make it not only attractive and amusing but well worth your attention and time. The Big Wild West Hippodrome, in connection with the ten big shows, will be amusing to say nothing of the Grand Free attractions which will be given each day. One of the many features which will interest most will be the racing, if you are interested in horses it will pay you to go and watch your fascinating desire. The agricultural exhibit promise to be better than any previous year. No charge is made for the entrance of farm products, so if you have some product which will interest your neighbor be sure and enter it.

Remember the time Tuesday, Wednesday, Thursday, and Friday, October 4th, 5th, 6th, and 7th.

Why not take a day off and go to the fair, encourage the managers, and be benefited yourself.

Interurban Car Line

Z. V. Taylor general counselor for the Southern Power Company was interviewed the other day by a reporter of the Greensboro Daily News and the reporter asked what about the interurban line in North Carolina, and his reply was as follows:

"If the conditions are favorable and the proper encouragement is given along the proposed route by the public, the line will be extended from Greenville via Spartanburg Gaffney Blacksburg Kings Mountain, Mt. Holly, Charlotte, Concord, Salisbury, Lexington, Thomasville, High Point, Greensboro, Burlington, Graham, Haw River to Durham. The road is to be built of 85-pound steel rails, will be rock ballasted with 1 per cent maximum grades, and over the road will run high speed electric cars, capable of making 65 miles per hour. Heavy duty locomotives will be put on and solid train loads of freight will be carried over the line."

Mr. Taylor said the company would ask the manufacturers along the proposed route to subscribe one-fourth of the stock, the company to subscribe the other three-fourths."

What we need is a live chamber of commerce to get them to take over the line already under construction in this city, and to extend the same on to Durham, such an enterprise would mean much to this community and to Burlington especially, are there not one live progressive business man who will start the ball rolling, just one.

Miss Maude Brown gave a watermelon slicing Saturday night to a large number of her friends at her home on Tarpley Street in honor of her friend Miss May Brown of Efland who was her guest during the past week. A large crowd was present to partake of the delicious melons and spend a few hours in pleasant chat.

THE REPUBLICAN CANDIDATES AND WHO THEY ARE

Prof. Junius A. Hornaday, candidate for the House of Representatives, is an educator of ability, and a man of sound business judgment, born and reared in Alamance county, attended the public schools of the county, and a graduate of the State University at Chapel Hill. He was several times elected mayor of Liberty, a thrifty town in an adjoining county. He taught a most successful school at Friendship this county last year, and first half of this. He is a high toned Christian gentleman and will make a good representative. Those of his neighbors who know him best will rally loyally to his standard.

William E. Vincent, the candidate for Sheriff, is a sturdy type of manhood, a splendid farmer, and a man who has been successful with his own business. This fact will be a guarantee that he will be more so as guardian of the peace, and custodian of the people's money. He has served two terms as county commissioner during which time he made good and won many friends, a feat rarely ever accomplished by any one holding the position of county commissioner. Mr. Vincent is well liked by his neighbors and is held in high esteem by them. This will be a tower of strength in the coming campaign and will make him many votes.

S. Fred Faucette, the candidate for Clerk of the Superior Court, holds the important position of shipping clerk in the Altamaw cotton mill. He is a farmers son and was raised as a farmer boy. He is well qualified for the position to which he aspires, is popular with all who know him, and is calculated to make many friends during the coming campaign. He is a relative of nearly everybody in Mortons township and should receive a large vote outside of his party. If these calculations are correct he should be elected hands down.

Thomas C. Montgomery, the candidate for Register of Deeds, is a son of the late Dr. D. A. Montgomery, and is a good business man, having been employed as agent for the Southern Railway Co., at Graham for a number of years, but now Express agent in the same town, also connected with several other business enterprises. Mr. Montgomery ran for Clerk of the Superior Court four years ago, and although admittedly elected by all who were familiar with the circumstances, but owing to an unfair Democratic election law, was deprived of the office. He is a strong man and will make a good run, as his opponent will learn when probably it is too late.

J. Mac Garrison, the candidate for Treasurer, is a well-to-do farmer, and a man of sterling qualities. He is well known throughout the county, having been a candidate for this position once before. He has many personal as well as political friends who speak of him in the highest terms and will not be afraid to risk the county's money in his hands, knowing full well whatever amount is entrusted to him will always be ready for the county vouchers. If Mr. Garrison does not prove a vote getter and a winner, we will have another guess coming. Farmers rally to your farmer friend and neighbor. You are coming into your own under this Republican prosperity elect Mac Garrison and come into your own as regards part of the county offices.

We will give a brief out-line of the candidates for county commissioners in our next issue, discuss this and be ready to hear about the best set of men ever nominated for commissioners.

Democratic Speaking.

Major Chas. M. Stedman, the Democratic candidate for Congress in this district made a speech last Monday night in the Grotto building to a small, but appreciative audience. His speech was badly connected, and in the main was a repetition of the old Democratic speech of happenings just after the war. If the Democrats was pleased with such an effort, we have no right to complain.

HAVE THE CITY RECORDS BEEN CHANGED

Is the City of Burlington to be Treated to Another Raleigh Affair.

In the city of Raleigh a few years ago the records of the police court were changed and mutilated. But in this city of Love and flowers, the records of the board of Aldermen are said to have been changed in regard to the sale of the sixty thousand dollars worth of thirty year five per cent street and sidewalk improvement bonds. The city fathers have met and promptly repudiated the record and ordered it expunged from the records as will be seen from the following minutes.

Burlington N. C., September 19th 1910. — An adjourned meeting of the Board of Aldermen of the City of Burlington, N. C., held this evening in W. H. Carroll's Office, Present Mayor Love, presiding, and Aldermen Sellars, Apple, Freeland, Ireland, Fowler and Cates, present.

Object of the meeting as stated by the Mayor, being to approve or disapprove the minutes of meeting held September 3, 1910. Moved by Alderman Ireland, and seconded by Alderman Fowler, that the minutes of Sept. 3rd 1910, as handed in by W. H. Carroll, Sec'y., Pro-Tem, there appearing to be errors in same, be and the same is hereby expunged from the records and that the minutes of said meeting be corrected to read as follows, to wit: September 3rd, 1910.

Proposition of J. W. Cates for purchase of Burlington Bonds:— Mr. Mayor and Gentlemen of the Board of Alderman of Burlington N. C.

I agree to pay the city of Burlington, N. C. the full sum of Sixty Thousand Dollars, par value, for it \$60,000.00 30-year 5 per cent bonds with the accrued interest from July 1st 1910 to the date of the delivery of said bonds, for a Commission of \$3350, to be paid me from the General Funds of the City of Burlington, on the day said bonds are delivered to said City. Said Commissions to include all expenses of attorneys fees, lithographing and all expenses connected therewith. This proposition is made with this proviso, that the legality of said bonds is approved by the bond buyers' attorneys.

Said Bond Buyers agreeing to put up a certified check in the sum of One Thousand Dollars within ten days as evidence of good faith in this proposition.

Moved by Albright and seconded by Atwater.

Vote Aye; Albright, Atwater, Fowler, Cates, Ireland, Sellars, No. Apple, No. Freeland, No.

W. H. Carroll, Secretary, Pro-Tem, appointed by the Mayor.

On ballot, Apple, Ireland, Freeland, Sellars and Fowler, vote AYE. Cates votes NO. The motion is declared carried.

Aldermen Sellars moved that J. W. Cates be furnished a copy of the proceedings of this meeting motion seconded by Freeland and on ballot all Alderman vote AYE. Motion declared carried. On motion the meeting stood adjourned.

JAS. P. MONTGOMERY,
Sec. & Tres.

City of Burlington, N. C.

This is no campaign tale, but facts. What does the honest citizens think of such high handed questionable methods.

Will Address the Veterans.

Hon. W. A. Graham Commissioner of Agriculture has kindly consented to address the Confederate Veterans in the Fair Ground Wednesday fair week at 12 o'clock.

J. A. Turrentine.

The Holt-Engine Co., have a personal appeal to every citizen who is interested in the upbuilding of Burlington. If this enterprise is launched in Alamance County it will mean employment for a large number of laborers. We beseech you to read their proposition and investigate the details fully.

ALAMANCE REPUBLICAN COUNTY CONVENTION

The Republican county convention was held in the Court House at Graham Saturday September 17th, and was called to order promptly at 12:30 by chairman McVey. The call was read by Secretary Dameron, the roll of townships being called showed all represented. The credential committee was dispensed with and Chairman McVey called Mr. B. S. Robertson to the chair as temporary Chairman, upon assuming the chair Mr. Robertson made a few remarks in which he clearly and forcefully compared the record of the two political parties. Mr. Robertson is a magnetic and fluent speaker and made many happy hits to the evident delight of his audience, and closed by saying that we are not here for speeches, but for business, after which there were some gentlemen present who would do the speech making. The temporary organization was then made permanent.

It was decided to start at the bottom and come up, so the first business was the nomination of county commissioners and the following gentlemen were placed in nomination: Samuel J. Buckner, Patterson township; J. Calvin Thompson, Newlin township; Ralph W. Vincent, Pleasant Grove, township; J. D. Albright, Graham township; G. W. P. Cates, Haw River township; Edward Teague, Burlington township; and B. S. Robertson, Haw River township. Upon motion the rules were suspended and Mr. Robertson was nominated by a rising vote, but Mr. Robertson, declined to accept, saying among other things, that he had been in bad company for the past two years, and that he was afraid the people would hold him responsible for increasing the indebtedness of the county.

A roll call of townships resulted in the following nominations: Edward Teague, J. D. Albright, J. Calvin Thompson, Ralph W. Vincent and Samuel J. Buckner. The nominations of coroner and surveyor were passed over and left to the County Executive Committee, with power to fill. The treasurer came next and Mr. J. Mc. Garrison was nominated by acclamation. The Register of Deeds came next and there were two nominations, Mr. T. C. Montgomery of Graham, and Mr. S. Fred Faucette, of Mortons township, but the friends of Faucette withdrew his name and Mr. T. C. Montgomery was nominated by acclamation. The Clerk of the Superior Court came next and Mr. S. Fred Faucette was named by acclamation. Then came the Sheriff and Mr. William E. Vincent of Pleasant Grove township was placed in nomination, there being no contest Mr. Vincent was nominated by acclamation. At this time the office of Representative was reached and here developed what looked like a real contest. The friends of Mr. William A. Hall, thrice mayor of Burlington, presented his name, the nominating speech being made by Hon. Heenan Hughes, who said some mighty nice things for his candidate and it looked as if Mr. Hall would be nominated like the rest, by acclamation, but there was a young Demosthenes present in the person of Prof. Junius A. Hornaday, from Cobles township, and as this township has had the honor to furnish the Representative for the past several years, and as this is all they have ever received, they did not feel like giving it up, so it fell to the lot of Dr. J. A. Pickett to name his successor, and he placed Mr. Hornaday before the convention, which was seconded by Chairman McVey and Prof. J. A. W. Thompson. At this juncture Mr. Hall requested that his name be withdrawn, and Prof. Hornaday was named by acclamation. This completed the nominations and the following resolutions was introduced and passed.

The Republican party of Alamance county in convention assembled do hereby resolve. 1st. We are in thorough accord with the National and State platforms of our party and we hereby proclaim our unflinching allegiance thereto.

2nd. We believe our people are entitled to an economic administration of the government in all its grades and its every department, and taking the county as a unit, we demand that our county officers be placed upon a salary basis and that all fees and emoluments now pertaining to said offices be turned into and made a part of the school funds of the county.

3rd. Believing that the safety of our government and our prosperity as a nation depend upon the education of the masses, we emphasize our loyalty to that portion of our state platform declaring for the furnishing, free of charge and under proper regulations, all necessary text books for every child in the public schools of the State.

4th. In the event of the failure, by the legislature, to pass a state-wide law, providing for the purchase of text books for the public schools, we demand the enactment of a law, applying to Alamance county, that will permit and require the savings accruing to the county by reason of the payment of salaries to our officials to be applied to the purchase of books for the children in our own public schools.

After which the convention adjourned and the speakers were sent for and introduced, Hon. D. H. Blair spoke first and made a telling speech for Republicanism his speech was clear, forceful and interesting. He compared present prices with those of 1896 and showed conclusively that the country was in much better condition now than then, and that the purchasing power of the farmers crops are about twice as great now as then. His speech was well received and highly complimented upon all sides as being the ablest exposition of Republican doctrine that it has been our good fortune to hear in a long time. After Mr. Blair concluded Hon. Thomas Settle delighted the audience for an hour with one of the most brilliant arraignment of Democratic incompetency and insincerity that was ever listened to in this neck of the woods. He made the Democrats so ashamed of themselves that the most of them left the Court House, but the Republicans hung on as if hungry and thirsting for more. The convention was well attended, the court room being at least four-fifths full, had it not been for the circus coming the same week the Court House would have been full and overflowing.

Snow Camp Items

Sylvian High School opened Monday with Prof. F. R. Yoder of Hickory as teacher.

Dolph Teague and daughter Miss Laura of Swepsonville are spending a few days in this vicinity visiting relatives.

Mrs. Lee A. Wharton of Gibsonville returned home Saturday after a weeks visit to her grandfather's J. R. Coble's.

Mr. and Mrs. John Allen of High Point are visiting friends and relatives here this week.

Miss Estella Allen, Snow Camp central girl, recently returned from a visit to her sister Mrs. Bodenhamer at High Point.

Messrs David Carter and James Dixon came home from Whit where they are in school, Saturday to attend the protracted meeting at Pleasant Union Sunday and to see their best girls also.

Mrs. Cicero Stuart and little son Everett are visiting at Yadkinville. Everett will undergo an operation while there for throat trouble.

Miss Roduska Roach accompanied by her sister Mrs. Wayde of Graham, went to Winston last week for a visit.

Robert Culbertson spent Saturday night at T. H. Hornaday's took his girl to preaching Sunday night; Listen for the wedding bells, such extended visits are not made for nothing.

Thomas C. Hodgkin will preach at Cane Creek next Saturday and Sunday instead of the first Sunday, his usual appointment.

Whatever the outcome of the convention work, it is the plain duty of every local Republican to support the party candidates and platform. The broad principle of staunch Republicanism stands far and above every other issue.

UPRISING IN ROBESON

Insurgent Democrats Demand Party Reform—Mass Meeting Held and Present Management of County Party Affairs Severely Arranged.

Lumberton, Sept. 15.—Pursuant to a call by many of the most prominent democrats in Robeson county, a large delegation assembled in the court house here today in a mass meeting which had as its object the uplifting of politics and raising a higher standard of civic righteousness.

Mr. J. S. Oliver, of Marietta was made chairman of the meeting which was opened with a prayer by Rev. C. H. Durham. Mr. R. D. Caldwell in stating the object of the meeting said that it was a voluntary gathering of the citizens and the call did not come from the county executive committee and its purpose was to overthrow the present management of the democratic party in Robeson county and restore harmony to the party.

A committee was appointed to draw up an order of exercises and while this committee was absent from the room several men in the audience were called upon to make short talks. Prominent among these were three ministers of the county who declared in one accord that the time had come when the righteous citizen of the county should rise up and put an end to the corrupting influences in certain branches of Robeson's politics.

The committee on the order of business reported several recommendations some of which were: That the mass meeting endorse two men for the legislature and five county commissioners. That Mr. Geo. B. McCleod be asked to resign from the championship of the democratic executive committee, and that Sheriff E. C. McNeill be endorsed for sheriff. All these recommendations were accepted by the meeting. Dr. B. F. McMillan, of Red Springs and J. O. McArthur, of Thompsons township were endorsed for the house. The men endorsed for county commissioners were: A. J. Floyd, of Whitehouse township, D. Z. McGoogan, of Lumber Bridge, J. A. McPaul, of Blue Springs, J. A. McCormick, of Pembroke and W. H. McClelland, of Thompsons.

A very hot fight is being waged for the office of sheriff, ex-Sheriff Geo. B. McLeod contesting with Sheriff E. C. McNeill for that office, honors appearing at this time to be about even between them. The mass meeting demanded the resignation of Mr. McLeod from the chairmanship of county executive committee because he is a candidate for the office of Sheriff, but at this time he has not resigned and there seems little likelihood of his doing so. The fight in Robeson seems to be taking on the form of a ring and an anti-ring encounter.

Mr. John Mac Walker one of Alamance County's boys who has made good returned last week from Washington City where he spent the summer as a ministerial supply. Mr. Walker preached Sunday at Stony Creek, returning Monday to the Union Theological Seminary where he will spend two years continuing his studies.

"President Taft says it is not a question of the kind of Republicanism one prefers, but whether it is better to have the Republican party control legislation or enable a Democratic party to interpose a vote and carry out Democratic principles. The President is right. Nobody has stopped to think what Democracy might do, but the possibilities will develop in timely collection."

The Governor of South Carolina has made requisition on the Governor of North Carolina for Jake Lever, wanted in South Carolina for enticing laborers from that State to come to North Carolina. Lever, who is under arrest in Rockingham, has asked Governor Kitchin for a hearing before the requisition is honored, which request will be granted.

Whatever the outcome of the convention work, it is the plain duty of every local Republican to support the party candidates and platform. The broad principle of staunch Republicanism stands far and above every other issue.

Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. *J.C. Ayer Co., Lowell, Mass.*

Constipation is the one great cause of sick-headache, biliousness, indigestion, bad breath, debility, nervousness. Has your doctor ever recommended Ayer's Pills to you?

Spirit of the Boy.

It is the spirit of a boy that determines whether he should go to college or not if he has no spirit, "get up," gumption or active ambition, college will do him more harm than good. So every boy that goes to college should inquire daily "Am I that sort of a chap?" If he isn't it may nudge him up and lead him to take on a resolution that will win.

This is very important. We know two boys whom a father sent to the best colleges; he spent lots of money on them; they fared fairly well at school; they are loafing around home, waiting for the silver spoon to come their way. Having no impulse, no initiative, no spirit their education doesn't amount to a flying straw. Still this thing goes on and on, and the fancy keeps dazzling before the eyes that education is a nest of eggs to bring in from the hay-mow.

It is not so. Education is in getting the hens and starting the haymow. The chore can gather the eggs.

Household Worries

There is Not the Slightest Need for Some of Them Existing in Burlington.

The average mother finds sufficient annoyance and worry performing the ordinary duties in the rearing of a family, but the cares and anxiety are doubled when there is added to ordinary conditions that of weakened kidneys in a juvenile member of the family. How to cure it should be of untold value to Burlington mothers. Read this:

Mrs. Lulu Helm, Dixie Street, Burlington, N. C., says: "I take pleasure in recommending Doan's Kidneys Pills and I hope my statement will be the means of benefiting other sufferers from kidney complaint. I as well as other members of my family have used this remedy with the best of results. I am confident that Doan's Kidney Pills which I procured at the Freeman Drug Co., are an excellent preparation."

For sale by all dealers. Price 50 cents. Foster-Millburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75. Take Hall's Family Pills for constipation.

Sure Cure for the Blues.

A leading society lady of New York who had a bad case of "nerves" was ordered to go on the stage by her physician. "That's the only way to get cured," said he. She was too serious and needed good, wholesome diversion from the cares of life.

The "Luncheon Trio" song, by far the most rollicking vocal feature of "The Echo," now playing at the Globe Theatre, New York, is just what the doctor ordered" in the way of a rejuvenator of good spirits. It will be given, words and music complete, with Sunday's New York World. Order your copy of America's greatest newspaper from your newsdealer in advance.

Copies of Sunday World can be secured by applying at the DISPATCH OFFICE.

NEIGHBORHOOD NOTES

Items of General Interest Clipped From our Exchanges.

Ashboro Courier.

As the result of a cutting scrape between two negroes on the work train that is stationed in Asheville, Dave Carmac and Matthew Fuller were brought before his Honor, Mayor Worth, and bound over to court in default of bond on Tuesday afternoon. It seems that the altercation arose out of a dispute between the two and a gun and stick was brought into play, and Fuller received a severe wound on the arm. The disturbance occurred on Monday night in a car while the captain of the gang was away.

North Wilkesboro Hustler.

Revenue Officers Sheppard and Harkins destroyed the largest 11 cent distillery last Friday near Call postoffice a few miles southeast of town, that has been cut in the country for several years. The capacity was 150 gallons, with 14 fermenters, 800 gallon of beer, 800 gallon of cider and pummies, an ox wagon, one two horse wagon. The still had evidently been in operation but a short time. The officers destroyed the ox-wagon by knocking the spokes out of the wheels.

Randleman News.

The survey of the Southern Power Company for running lines into Randleman and Ashboro is within six miles of this city. A force of about ten men are at work surveying, securing right-of-ways and clearing the line. Every thing will be carried on as fast as possible and the poles and lines will be leading into Randleman within a month. Of course it will take a longer time to connect the current.

Orange County Observer.

Mr. Sidney Smith Webb died at his home in Bingham township on Saturday, September 10, in the 76th year of his age, of paralysis. He was nearly all of his life a constant member of the Methodist Church, and was faithful in all his relations, a true friend. The funeral services were held Sunday afternoon at Bethlehem Church with Masonic honors, and this good man was laid to rest in the church yard beside the grave of his wife who died a few months ago. The funeral services were conducted by Rev. Dr. Mebane and Rev. M. M. McFarland. Mr. Webb is survived by ten living children. A very large crowd attended the funeral. Attending from Hillsboro were: Dr. C. D. Jones and family—Mrs. Jones is daughter of Mr. Webb— and Messrs S. M. Gattis, A. Winder Webb, James H. Webb, Sheppard Strudwick, H. L. Parrish and Dr. J. S. Spurgeon.

Union Republican.

Mr. A. N. Linville, of Kernersville, this county, comes to the front with a one-legged chicken, which is over a week old and is hopping about wheresoever it pleases. The Nicholson Furniture factory at Pilot Mountain North Carolina, was burned last week. The flames started during a storm and it is believed that lightning struck it and set fire to the building. There was very little insurance on the property. Mr. Nicholson, the proprietor, was preparing to close the business and go to Chase City Va., to assume control of a factory at that place. His loss at Pilot Mountain leaves him in a bad shape.

Greensboro Patriot.

M. James S. Greeson, of near Sedalia, who was in The Patriot office Monday, informed us that he is still gathering strawberries from his garden. He has been enjoying them steadily since the vines first began to bear in the spring.

Saturday Deputy Marshal R. L. Blaylock arrested George Muse, colored near Mayfield, Rockingham county, on a charge of blockading. The prisoner gave bond in the sum of \$300 for his appearance at the December term of United States court in this city.

Elkin Times.

Work on the Elkin & Alleghany Railroad is progressing satisfactorily. The force of convicts are at work near the creek a short distance above the Elkin Shoe Company plant. Much blasting is being done in ledges of rock along the foot of the hills. Mr. Russel the civil engineer, has been making a survey through Elkin. The road will cross Big Elkin Creek just above the Shoe factory and comes down on the east side of the creek. The survey crosses Main street about 250 feet east of the bridge across Elkin Creek. It will probably require all winter to complete the grading into Elkin.

Ridgeway Review.

The three legged chicken belonging to Mr. L. J. Page, of near Oregon, mention of which was made in The Review about the time it was hatched several months ago, is still living and doing well. It has three well developed legs and is quite a freak.

Waxville Gazette.

It is reported that a contract was let last week by the Norfolk and Western railway for a branch from its line at Ridgeway, Va., to Spay, the contract price being \$100,000. It is predicted that this will cause the Southern to at once build its proposed line to Madison.

Have You Read It?

It is refreshing to find now and then approval from a partisan opponent of the President. Commenting on the Taft letter, written to Congressman McKinley, and which has first place in the Republican Congressional Campaign TextBook the Brooklyn "Eagle," a sturdy Democratic newspaper, says the terms used are those of exactitude, just what has been done by the administration and just what is sought to be done being clearly, coldly and incontrovertibly set forth, and that even in the summing up there is no effort to appeal to the galleries. To the dispassionate reader, the terms of the President's letter will appeal most favorably, and it ought to be in the hand of every voter who wishes to vote conscientiously and right on the question uppermost in the Congressional campaign. It is a calm statement of political truth and there are few surgent opposition who do not appreciate its force.

Saved A Soldier's Life.

Facing death from shot and shell in the civil war more agreeable to J. A. Stone, of Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold" he writes, "that developed a cough, that struck to me in spite of all remedies for years. My weight ran down to 130 lbs. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 lbs." For Coughs, Colds, La Grippe, Asthma, Hemorrhage, Hoarseness, Croup, Whooping Cough and lung trouble, its supreme. 50c. 100. Trial bottle free. Guaranteed by Freeman Drug Co.

It is reported that the Memphis special, the finest through train on the Southern Railway, which now runs from Jersey City via Lynchburg and Bristol, will be changed to run via Salisbury and Asheville.

Nervous Prostration For Three Years

"Dr. Miles' Restorative Nervine cured me of a period of nervous prostration of over three years duration, and the Anti-Pain Pills are as necessary to us as the roof of our house. They have been household remedies with us for many years." WM. J. LOUGHRAN, 1214 Catherine St., Philadelphia, Penna.

Much sickness is due to nervous troubles. Headache, dizziness, epilepsy and insanity are nervous troubles. Then there is a large class of disorders which arise from a weakness of the nerves of an organ or part, as weak lungs, heart, stomach, kidney, bladder, eyes, etc. Dyspepsia and indigestion are usually the result of nervous disorders.

Restorative Nervine soothes the irritated nerves, and assists the nerve cells to generate nerve force. Dr. Miles' Nervine is sold by all druggists. If the first bottle fails to benefit, your druggist will return your money. MILES MEDICAL CO., Elkhart, Ind.

Worn Women

Women, worn and tired from overwork, need a tonic. That feeling of weakness or helplessness will not leave you of itself. You should take Wine of Cardui, that effectual remedy for the ailments and weaknesses of women. Thousands of women have tried Cardui and write enthusiastically of the great benefit it has been to them. Try it—don't experiment—use this reliable, oft-tried medicine.

TAKE CARDUI

The Woman's Tonic

Mrs. Rena Hare, of Pierce, Fla., tried Cardui and afterward wrote: "I was a sufferer from all sorts of female trouble, had pain in my side and legs, could not sleep, had shortness of breath. I suffered for years, until my husband insisted on my trying Cardui. The first bottle gave me relief and now I am almost well. Try Cardui. It will help you."

The city fathers found the records had been changed, but did they take steps to punish those responsible for the result.

If the Republicans were in control of this city and had acted as some of those connected with this administration have acted, they would now be under indictment with a penitentiary sentence staring them in the face.

Wonder where the Democratic party expects us to get our recruits from? They say we can never make the Republican party respectable by taking in recruits from their party. We will risk it, come in gentlemen the water is fine.

We are sorry that there was not a large crowd out to hear Major Stedman last Monday night. Speeches of this character are bound to make Republican votes. We hope that the Major will visit Burlington again at a more opportune time.

Mr. voter do you endorse the acts of the present board of county commissioners, if not, are you going to vote for those recently nominated by the same party and get fooled again. Why not vote for the party that has always given you good county government, this would be the safe and sane way.

Compare the Republican ticket nominated last Saturday with the Democratic ticket nominated on September 3rd, then vote for the men that you think best qualified to successfully administer the county affairs. If you will do this you will find yourself voting with the party of progress and prosperity.

Mr. voter go out and hear the Democratic orators, then go hear the Republican speakers. If the argument is not all on the Republican side, then vote the Demo-

cratic ticket. But if you want to align yourself with the party of sound argument and progressive business ideas, vote the Republican ticket.

Frost Bitten.

And the grand old man got frost bitten right in the biggest Democratic township in the county, and that too, notwithstanding the resolution to give him a thousand majority. Well, if he gets them they will have to be given to him by the election officials, the voters are not going to do it.

Different Brands of Democracy.

This is a remarkable day and age. Remarkable for many things, and most remarkable of all for the kinds and varieties of Democrats we have. The question is no longer asked, what is a Democrat? But instead, what a Democrat is not.

In the state of Virginia the Democracy is tooth and nail against the income tax amendment to the constitution, notwithstanding the last Democratic National platform contained a plank favoring the same, the legislature of that State positively refused to ratify the amendment, while the rock-ribbed Democratic states of South Carolina and Georgia have both ratified the amendment.

Then again the Democratic press of the 3rd, Va., Congressional district are after Captain John Lamb Democratic member of Congress from the district with hammer and tongs for voting for a tariff on lumber. In the 2nd, district of the same state, the Democratic press is lauding Congressman Maynard, Democrat to

the skies for voting for a tariff on lumber and peanuts.

In our own state the conditions prevailing in the ranks of the Democracy are no better than elsewhere, though there appears to be more unanimity of sentiment in favor of a protective tariff on raw material than in many other sections of the country. As to what stand the Democracy will take as to the ratification of the income tax amendment is beyond any human ken to know, but as the amendment is supposed to be a thrust at the trust and the Democracy is posing as a trust buster, it would be the height of inconsistency for the party to oppose its ratification.

However, as to the tariff issue, the Republican party through its tariff legislation has so enriched the country generally, and brought prosperity to every fire-side, to every shop, to every factory and calling in life, that it will be hard for the Democracy to stem the tide of public sentiment that is flowing so strong toward the policies of the Republican party, without engraving some of them in its platform of principles. The mind of the voters will at each recurring election revert back to the hard times that prevailed under the Wilson-Gorman free trade tariff law, and continue to vote to keep the party in power that has brought so much prosperity to the country.

Mark the prediction, the Republicans will not only control the next Congress, but will do so by an increased majority. There is no reason whatever why the people should give the Democracy the control of the next House of representatives, as the Senate

will continue to be controlled by the Republicans, and would as a matter of course block any vicious legislation of the lower House.

The American Automatic Valve Company, of Greensboro, was chartered last week, to manufacture air brake mechanism under the patent rights of Hugh T. Ryder and John F. Johnson. The authorized capital stock is \$125,000 and begins business with \$12,000 subscribed. Hugh T. Ryder, John P. Johnson, and Wm. D. McAdoo are the incorporators.

Re-Sale of Land.

By authority of an order of the Superior Court of Alamance county, North Carolina, made in a special proceeding to which the heirs at law of B. B. King, deceased, were duly constituted parties, the undersigned will offer at public sale to the highest bidder at the Court House door in Graham on Saturday

October 15 1910 at 12 O'clock M.

The following described real property, to wit: A certain tract or parcel of land lying and being in Alamance County, state of North Carolina, in Pleasant Grove Township, on the waters of Owen Creek, and adjoining the land of J. G. Tate and others, it being the home place of the late B. B. King upon which he resided at the time of his death, containing One Hundred (100) acres, more or less. This is the same property that was conveyed on the second day of April, 1894, by John D. Compton to B. B. King, which deed is recorded in the office of Register of Deeds for Alamance county in Book of Deeds No. 17, Pages 46 and 47, to which reference is hereby expressly made for a more particular description.

Terms of Sale: One-third of the purchase price to be paid in cash, one-third in three months and the remaining one-third at the expiration of six months from date of sale, deferred payments to be secured by notes of purchaser bearing interest from date of sale and title reserved until purchase price is paid.

A Commendable Act.

The owners of the Virginia Cotton Mills, Swepsonville, Alamance county North Carolina, did a most commendable act the other day, when they presented all their employees, both old and young with free tickets to the John Robertson's world renowned circus. The employees numbered about four hundred, including those who live upon the hill, but not actively employed, no one was slighted, everybody was pleased. This mill, which is well known for its liberality to employees, is under the management of Mr. A. L. Baker, president; Geo. W. Thompson secretary and general manager, with Mr. D. F. Williams superintendent of the mill. No employees, not even the Messrs. Cone's are more liberal to their help. Their every want and comfort is closely looked after, the company runs a large and up-to-date department store where the best of everything is kept and sold at a moderate profit, they are now building a drug store and a barber shop, they have electric lights, and all modern conveniences, the operatives are furnished the house rent free, and each house has enough lot attached to have a nice garden or truck patch, the houses are kept well painted and the community is all that could be desired by a home loving people. Nearly all the different religious denominations are represented and the children have the best of school facilities. The mill is now running on full time, with orders booked ahead, the operatives are contented and happy. No where in North Carolina are the employees more respected and better cared for than at Swepsonville, in Alamance county on the banks of the old Haw River. Truly God's people dwell in this community. A Former Swepsonville Boy.

A Good Position.

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Memphis, Tenn., or Columbia, South Carolina.

Lawn "Fete."

On last Thursday evening between the hours of 8:00 and 11:00 the Philathea class of the Methodist-Protestant Sunday School delightfully entertained the Baraca class at the home of Mr. J. H. Heritage. The lawn was beautiful, being decorated with swings, rustic seats and electric lights. As the guest assembled which were about 85 in number, they were asked to register, receiving as they did so a souvenir of the occasion. Refreshments consisting of watermelons, cake and cream were served. Games, music and contest were the chief features of the evening.

THE UNIVERSITY LETTER

From our Regular Correspondent.

Crowded out last week.

The University of N. C. is now fairly started on the 116th year of its service to the people of the state with an enrollment which bids fair in spite of the raising of entrance requirements for the academic schools, to equal or surpass last year figures, 821.

The new year sees several members of the faculty gone because of inability on the part of the administration to give the promotion and increased salary necessary to keep them here.

Dr. Brain takes the chair of Greek made vacant by the death of Dr. Alexander. Dr. Bain comes from the University of South Carolina where he has a high reputation as a scholar and teacher.

Dr. A. S. Wheeler associate professor of organic chemistry, Dr. Henderson, of the department of mathematics, and Prof. Toy of the department of Germanic languages, who are absent in Europe on leave of absence, are succeeded by Dr. Hall of Clemson College, Guy R. Clemens of the Harvard scientific school, and Dr. Viles of the University of Ohio respectively.

Dr. Mims, who has been studying in Europe since his election in 1908 has taken up his work as Professor of English Literature and head of the department of English. Professor Graham's work consists mainly in courses in self-expression. As dean of the college he has not time to offer very many courses.

FOR SALE—One 4 1-2 months old half Percheon Colt, well built and well grown for its age. Apply to J. Ed JOBE, Mebane N. C.

Popular Members of The Ball Family.

Nowhere is one able to find such gloriously good playfellows as among the members of the Ball family. All the way up from the red gas ball and the toy ball that delight the little chap to the rugged leather pigskin fellow that belongs to the college boy, there are shades and varying sizes in the members of this jolly family, but one and all have the same characteristics—they want to play.

The circle players must try and hit the center men with the ball the center men dodging to escape it, jumping, stooping, or resorting to any means save leaving the circle. As soon as a player is hit he must toss back the ball and leave the circle.

This Was a Snake.

Mr. Blake Reece, son of Mr. Albert Reece, one of the leading farmers and merchants of North-east, Onslow county, killed the largest rattlesnake yesterday that was ever seen in this section.

The young man, accompanied by his dog, was making a trip around his father's plantation when the dog treed and when Mr. Reece came up he was horrified to find the largest snake that he had ever seen, outside of a circus, striking at his dog.

Actual measurement showed the reptile to be eight feet long, eighteen inches in circumference around his body, five inches between the eyes, and it carried a chime of thirty-two rattles.—New Bern Sun.

The Prosperous South.

Cincinnati, Ohio, Sept. 11th.—The South is getting a great deal of the most valuable advertisement and its advantages are being put before large numbers of just the kind of people it wishes to attract as settlers, through the magnificent exhibit of "The South and its Resources" which the railroads of the South collected by joint action and are displaying at the Ohio Valley Exposition, now in progress in this city.

This exhibit, said to be the most comprehensive display of the agricultural, mineral, and forest resources of the South ever gotten together, is seen here at the best possible advantage. The exposition management gave it splendid position and in arrangement and decoration it is most attractive. The exhibit covers nearly 30,000 square feet, giving practically one foot for every mile of railroad in the South, the combined mileage of the railroads joining in the display being 30,000 miles. Every product of southern farms, mines, and forests is to be seen and the show made has been the occasion of the greatest surprise to many visitors. This has been especially true of the display of corn and small grains, hundreds of exhibitors having for the first time learned that the South is a great grain growing section and that its lands can produce as many bushels of corn, wheat, or oats as any land in the west.

The newspapers of Cincinnati and surrounding cities have given a great deal of space to the exhibit of "The South and its Resources" and this is one of the best features sought by visitors on entering the grounds. When it is considered that the attendance is running into the thousands every day, it is easily seen how many people are being interested in the advantages of the South. In addition lectures illustrated by colored and moving pictures are given every day by experts. These lectures are drawing large crowds and men in charge of the exhibits are kept busy all the time answering questions. Registers have also been provided on which persons desiring additional information will have literature sent them by the

railroads. The large number of names which have been placed on these registers is one of the best evidences of the great work for the boosting of the South which is being done by this exhibit.

The management of the exposition and business men of Cincinnati consider this exhibit one of the really great features of the exposition and are most appreciative in their expressions toward the railroads of the South for collecting this exhibit and bringing it to Cincinnati and toward the people of the South for their co-operation.

Many Cincinnati manufacturers have found to their surprise that they can buy to advantage in the South raw materials which they have been buying from points hundreds of miles more distant from them.

Business men have been awakened to a realization of the possibilities of trade which the South holds out and one result of the exposition will be a redoubled effort on the part of Cincinnati to get a large share of Southern trade. The majority of the visitors to the exposition come from Ohio, Indiana, Illinois, and adjacent states. Thousands of these people will be interested in the agricultural possibilities of the South and doubtless large numbers of the most desirable settlers will be drawn to the South, through the efforts of the railroads of the section in making this splendid display at Cincinnati.

Business West and South.

The story of the wonderful development going on in the west is an old one, but it is ever new, for there is no let-up in this progress. But now comes the South paralleling the West in development, both in industry and agriculture. The South's agricultural output this year will, a Baltimore statistician estimates amount to \$2,700,000,000, while its grain crop will reach 200,000,000 bushels. In addition to this it will, so other authorities assert, get \$200,000,000 more for this year's cotton crop than it would have received had not the Southern bulls vanquished the New York bears in the fight to control prices. But

with all this stupendous advance in agricultural pursuits, manufactures are making even greater progress.

The St. Louis Goble-Democrat makes a most comprehensive exposition of the vast development going on in the South and West, printing in a single issue news stories from 26 different cities, ranging from South Atlantic Coast to Seattle, skirting the coast of Texas and going back into the interior as far as Omaha showing not merely statements of what is going on, but actual facts, naming the items of expansion. It shows that new industries are springing up, while old ones are running full blast; that new progress is apparent on every hand. It is about the most complete and convincing evidence of the general prosperity in the country today that we have seen. It is hard to see how a better showing could be made than this simple array of cold facts. They will stand out boldly against all the talk of the alarmist to attempt to create the contrary belief that the country is not prosperous.

How Good News spreads.

"I am 70 years old and travel most of the time," writes B. F. Tolson, of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They effect a cure every time." They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak, run-down men and women, restoring strength, vigor and health that's a daily joy. Try them. Only 50c. Satisfaction is positively guaranteed by Freeman Drug Co.

Our town was severely shocked Monday morning. The death angle posed his wings over the home of Mr. and Mrs. S. A. Vest and bid Mrs. G. W. Franklin leave off all that was mortal and put on immortality and come away to the mansion that her savior had long since prepared, and she obeyed the inexorable summons, she had passed the 56th mile post in life. She leaves a husband and six children four girls and two boys, one son in Dallas Texas, one at Duke N. C. one daughter Mrs. R. H. Philips in Goldsboro two in Durham Misses Ruth and Iola Franklin and Mrs. S. A. Vest at Haw River.

Rev. J. M. Arnette of Durham was in town last Thursday night and aided our pastor D. W. Arnett to ordain two deacons, he preached the sermon and then J. H. Blackman and Ed Cole were set apart for the work as deacon. Miss Virgil Troinger left last

Saturday for an extended visit to Cincinnati where she will visit with old friends we hope she will have a pleasant time. This pleasant to meet old friends.

The Aycock Graded School opened Monday morning under the direction of Rev. D. W. Arnett, Supt.; September 15th we think that no Graded School of the state has more efficient teachers than Misses Flosa Thompson, Julia Thompson, Janie Cooper and Lillian Murry. With their instruction we are sure to get the best of results. The opening with 170 is hopeful of a good attendance despite the condition of business at this place.

Miss Annie Stuart is visiting her sister in Burlington Mrs. L. A. Thompson we hope she will have a pleasant stay.

R. F. D. No. 7.

We want each one of our patrons to read this and heed it. Beginning on Monday October the 17th we will not pick up any loose coins that may be put in to pay postage on mail, neither will we pick up mail that is laid flat on the bottom of the box. Buy stamps and stamp your mail then put it in the rack in your box and we will get it. Cold weather is coming on and we are going to take advantage of the order of the Post Office Department in regard to loose coins. Most of the other carriers did so when it was promulgated but we did not do so then but are giving you all ample notice so you may be prepared for the change.

Rev. W. W. Cude and family returned home Friday from a weeks visit to relatives and friends at Waughtown, Colfax, and Guilford College.

Miss Beatrice Garrett of Swepsonville is spending this week visiting at Esq. W. A. Timms.

The protracted meeting at Mt. Hermon is going on this week. Rev. Burgess is being assisted by Rev. W. F. Ashburn.

T. P. Nicholson came home from Chapel Hill where he is at work, Saturday accompanied by A. B. Nicholson and they are attending meeting at Mt. Hermon this week.

Our brother carrier No. 9 has been laid up with "Rheumatism" for ten days and was not able to serve his route but a ten pound baby girl arrived at his house a day or two ago and he came in this morning as nimble as a kitten singing "when the last roll is called I'll be there. It don't take long to cure a case of "rheumatism" if you have the right kind of a prescription.

Dan Cupid is still busy at Bellefont.

W. H. Rich and Miss Carrie Boon are his latest victims. They were married by Esq. Lewis Holt last Wednesday night. We hand them our congratulations and best wishes for a long and happy married life.

When Dan got this job off his hands he got busy and cooked the two school teachers back to Esq. John Dixons on a visit and Jacob Sharpe and Sidney Russell soon appeared and of course Dan and all the rest were happy. Sunday evening the Squire sliced melons and treated them all to scuppernongs and it was a sight to see the melons and grapes get away. The guest were J. P. Sharpe and wife, S. L. Russell and Miss Lula Amick, Jacob Sharpe and Miss Blanche Clapp. They all return thanks to Dan and the squire and his wife for the pleasant time they had that evening.

Sidney carried Miss Lula to Graham that evening and Miss Permelia feels blue this week and Floyd Nicholson, Miss Lula's old flame, is said to be in a serious condition also.

Replying to No. 1's question as to how Landy Watkins stands at J. W. H. Isleys we will say that Landy is in fine shape there and it will take more than one, in fact it will take some team work to put him down and out.

From Eastern Carolina.

Editor State Dispatch: Possibly your readers would like to hear from the Eastern portion of our State, by one who has lived in the progressive city of Burlington, but who is now in another part of the State. In 1908 I went from my old home, in the county of Mecklenburg, to Burlington and was there for a few months, and came from there to La Grange the first of 1909, and have been here since.

The first nine days of September were the hottest we have had during the year here. Since then the weather has been cool for the time of year. Today the breezes are passing swiftly by and make one feel that winter is approaching, but we will have warm days yet. Remember that in spring time the first warm days people will say "the cold weather

is over, we will have warm weather now." Already I have heard the remark during these cool days "no more warm weather for this year." How short sighted many are in things of this kind.

The tobacco sales are fine here now, and the prices are better than last year. Cotton is coming on the market rapidly and is bringing a good price. There is a great demand for cotton seed and many farmers are selling at a high price. But I think it is a serious mistake to take so much from the land and put nothing back, only a little commercial fertilizer. Farmers ought to make more fertilizing material at home. Haul litter, save waste products, feed cattle and make manure at home, it helps the land more. Ignorance or laziness, sometimes one, sometimes both keep farmers from making their fertilizer at home. If they would work the year through like other men and use good judgement, the future would have much more in store for them.

At last some interest has been created in good roads in this county and a sand-clay road is being made for some distance from La Grange. There is not enough rock in this section to make rock roads, but when sand and clay are properly mixed a good road can be made.

On last Thursday I attended the Elmore family reunion a few miles from here, at the home of Mr. and Mrs. Joel Elmore. Mr. Elmore is 79 and Mrs. Elmore 81 years of age, and both get about remarkably well for people of their age. Their children, grand children and great-grand children number 127. Ninety-six of these were present, and thirty-five other relatives and friends, making 131 at the occasion. There were eight barbecued pigs and many other good things on a table four feet wide and fifty feet long. In the afternoon vocal and instrumental music was rendered and enjoyed by all present.

The few days visit to Burlington during the summer was enjoyed very much. It is gratifying to see the progress being made there. The call at The Dispatch office and the talk with the editor were features much appreciated. The Dispatch has a place on my reading table weekly and is liked very much.
