### Party Platform.

The following resolution was introduced and adopted at the Republican County Convention at Graham Saturday Sept. 17th, 1910. Read it, it means something to the people of Alamance County:

The Republican party of Alamance county in convention assembled do hereby resolve, 1st. We are in thorough accord with the National and State platforms of our party and we hereby proclaim our unflinching allegiance thereto.

2nd. We believe our people are entitled to an economic administration of the government in all its grades and its every department, and taking the county as a unit, we demand that our county officers be placed upon a salary basis and that all fees and emoluments now pertaining to said offices be turned into and made a part of the school funds of the county.

3rd. Believing that the safety of our government and our prosperity as a nation depend upon the education of the masses, we emphasize our loyalty to that portion of our state platform declaring for the furnishing, free of charge and under proper regulations, all necessary text books for every child in the public schools of the State.

4th. In the event of the failure, by the legislature, to pass a state-wide law, providing for the purchase of text books for the public schools, we demand the enactment of a law, applying to Alamance county, that will permit and require the savings accruing to the county by reason of the payment of salaries to our officials to be applied to the purchase of books for the children in our own public schools.

### R. F. D. No. 8.

Prof. R. W. McCulloch of Georgia School of Technology spent a few days at home on No. 8 last week he is on a year's leave of absence and is on his way to Harvard College to take a course. We wish him much success.

Mrs. W. A. Lewis spent last week with her daughter Mrs. Rud of Alamahaw No. 2.

Prof. R. J. Matlock and family of Hookerton are visiting at R. A. Matlocks.

Chas. Barnett found a purse near Mrs. Bettie Ross mail box Sunday. The owner can get it by describing it and treating this writer to some good soft magnum apples.

Thanks to John U. Sutton for nice Suppernong grapes No. 10 came in Saturday with a nice box full but we can tell him that all the nice grapes do not grow on No. 10.

It is funny how some folks can make excuses to get to town Greens Day. One of our patrons got our friend Bob Barnwell to make him a bridle and he could not get it the same day but he said no I will come after it show me for an excuse to come to the fair. Ask Jim McCulloch we will blame Jim we wanted to see the animals too, and we saw them

## THE UNIVERSITY LETTER

From our Regular Correspondent.

Crowded out last week.

The University of North Carolina is now well started on its years work and students and faculty of the institution are once again conscious of their debt to the Young Men's Christian Association which has taken such a prominent part in getting things to running. Freshman, more than any other people, perhaps, have a tender feeling for the Association, for it was the Information Bureau which was run by Y. M. C. A. members which enabled them to see some semblance of order in the chase of red tape which seemed to confront them on their arrival here.

The Association had sent each prospective new student a handbook during the summer, which contained all the information that could be compressed into the small space, in regard to the new country into which the men seemed to themselves to be journeying. The Association engineered College Night, when a mass meeting in Gerrard Hall brought together for the first time all the students, old and new—the new men for an introduction to the custom and unwritten laws of the life of the University community, the old men for a noisy, cheering gathering, with everybody clapping everybody else on the shoulder, glad at the realization that he is back. At this meeting talks were made by Mr. C. L. Williams on the Educational Value of the Literary Societies, Mr. Archie Dees, on the Honor System, by which the student body governs itself, T. C. Function of Athletics in a Symmetrical Education by Mr. C. E. McIntosh, E. W. Turlington, the President of the Y. M. C. A. for the coming year spoke of the Achievements and Aims of the Association, Turlington who is also the first scholar of his class and who won the Bingham medal in debate at the last Commencement, told of what the Bible study groups conducted by the Association had meant last year. The groups had included 400 men or half of the entire student body. A startling attainment of the bible study enthusiasts in the eyes of many, was the organization and successful year's work of a class which consisted of members of the football team only. He told of the various ways the Association had made itself a part of the life of college.

According to its time honored custom the Association held its welcome meeting on the first Sunday of the session. Dr. Edwin Mims, Professor P. H. Winston and Reverend R. W. Hogue made short talks. Dr. Mims told of what the Association had meant to him in his student days at Vanderbilt and during the many years he had been a teacher at Trinity College. Professor Winston warned the new men against five evils which the man who lives the life of the college successfully must shun laziness, drunkenness, gambling, immorality and profanity. Mr. Hogue, pastor of the Episcopal church here pointed very forcibly the necessity for development along spiritual lines—a necessity which he considered more stringent than any other and one which he feared college men are prone to neglect. The one thought which ran through all three of these talks was that the work of the Association should appeal and does appeal to the strong men of the student body.

Mr. Ed. P. Hall, the newly elected general secretary of the Association, has had an active part in the engineering of these various meetings of the Association. Mr. Hall graduated at the University of Georgia last spring, where he was a member of the honor board and president of the Y. M. C. A. He has already made a very pleasant impression on the large number of students who have become acquainted with him.

We are requested to announce that there will be preaching at Providence Christian Church, near Graham Depot, Sunday Oct. 2nd promptly at 11 o'clock a. m. by Rev. D. A. Long.

## To the Poultry Fanciers:

Our County Fair is soon to be held. We have an advantage this year we have never had viz. We do not pay any entrance fee but we can win a premium. Now if we do not get a money premium we get experience and a good training in Poultry culture which is worth a great deal more than our trouble of exhibiting. So let us be up and doing and get out our best variety of birds and make this the biggest Poultry Show Alamance has ever had. Tell your neighbors and get him to send out his coop. I have been in the Poultry business many years but I learn many things of interest every Fair.

We do not go to the Fair for a Circus, but to learn and exchange our ideas. I remember the first Fair held in Alamance when the Cows were old Red and old Brindle, but now we find the Soft eyed, weak faced, Fawn like Jersey cow in every Stable or pasture.

We remembered when the chickens were old Dominecher, Dung hill or game. Now just look at our nice breeds all over the country. We remember when our horses were in bred and a great many went blind and now we rarely ever see such. These things were improved and brought about by our exchanging ideas at our county fairs. So let us come in full force.

Respectfully,  
W. S. Long.

## Hog Pen Notice.

I want the names in writing of any property owner in town who have trouble at night, in the use of their houses, due to filthy hog pens.

The Mayor and other officers of the town have repeatedly been notified of these conditions, and appear utterly indifferent as to any ones comfort.

High legal authority advise me that the States Court's can apply the remedy and if you will act at once, we can get relief and redress at next November court.

This is important it may save the life of your child.

Yours very respectfully,  
Augustus Bradley, Ph. G.  
P. S. I am not running for any office, or agent for the shipstuff trust.

## Republican Speaking.

Following the usual custom the Republican county candidates and members for general assembly will meet the appointments of the sheriff in his rounds-for collection of taxes in the various townships. The Republican party is specially anxious that every voter should hear the issues discussed from a Republican standpoint.

Respectfully,  
T. F. McVey, Chairman.  
E. S. W. Dameron, Sec.

## W. C. T. U. at the Fair.

The Woman's Christian Temperance Union of Burlington, has made arrangements with the County Fair Association to have a "restroom" in Floral Hall at the Fair, Oct. 4th to 7th.

Here the supply of drinking water will be found in coolers of which the ladies will have charge; wraps and lunches may be checked without expense and left in cloakroom; and everything will be made as comfortable as possible for tired mothers, and for all others who, weary with the hours of sightseeing, may wish to rest a while. All Temperance workers throughout Alamance are requested to co-operate with us. Everybody coming to the Fair is cordially invited to the restroom pleasure.

Executive committee:  
Mrs. K. K. LIVELY,  
Mrs. F. M. MORROW,  
Mrs. S. L. MORGAN.

## At Airdome All Next Week.

The Hill Edmonds Trio one of the best shows of its kind Touring the South. The manager has gone to a heavy expense to secure these people for the week of the Fair, for the pleasure of yourself and visiting friends. Should you want to see a good show come to the AIRDOME and the manager will make you glad you came.

## In Memorium.

Haw River, N. C., Sept. 26.—At the home of her daughter, Mrs. S. A. Vest, on Monday, Sept. 19th, 1910, Mrs. Geo. W. Franklin, in obedience to the inexorable summons from the Death Angel, who bid her lay aside all that was mortal and put on immortality entered the mansions that her Savior had long since prepared for her. She had passed her fifty-ninth mile post in life. She leaves a husband and six children to mourn her loss, two sons and four daughters.

Mr. E. W. Franklin, of Duke, N. C.; Mr. S. Franklin, of Dallas, Tex.; Mrs. R. H. Phillips, of Goldsboro, N. C.; Mrs. S. A. Vest, of Haw River, N. C., and Misses Lola and Ruth Franklin, of Durham, N. C.

No higher compliment could be paid to her integrity than the fact that in all these years no whisper was ever heard affecting her character. In her domestic life she was peculiarly fortunate; she was a devoted wife and affectionate mother, always kind and loving. By her neighbors she was held in the highest estimation and she retained their esteem until the day of her death. If there was anything more marked than another in the characteristics of the deceased, it was the great virtue of charity, the charity that thinks no evil. Her moral qualities were always in the ascendant, honor, fidelity, truth and courage. Conscience was ever with her and of her, she practised what was just and moved on straight lines. She was happy when she saw others happy and was always moved by human sufferings. Mrs. Franklin was a Christian of the highest type. We cannot penetrate the heart or head and know their mysteries, but we believe that faith was in her, and as clear to her as the daily light of Heaven is to the physical eye. She had a Christian courage, a Christians charity and a Christians grace.

Her pity was liberal and just, and it shone in her daily life. She was a member of the Oxford Baptist church. The funeral was conducted from the home of her daughter, Mrs. R. H. Phillips, of Goldsboro, N. C., by the Revs. Watkins and Smith. Her body was laid to rest in the Cemetery at Goldsboro. We are happy in the belief that we can say of our departed friend she lives, lives in the other and brighter sphere, for which a just and righteous career had fitted her.

With these hopes for our friend, having placed her body in the embrace of Mother Earth, in the presence of a large concourse of friends, with sad hearts, and having commended her soul to God, who gave it, we pay this last tribute to her memory and hold out her upright and virtuous life, for the imitation of her family and friends.

G. W. P. C.

## Alamance County Fair.

What promises to be the biggest Fair ever held in Alamance County will be held next week beginning Tuesday, the 4th and lasting until Friday. Some of the reasons why you should attend, to see the exhibits that your neighbor will have there. In fact you should take an exhibit yourself. If every farmer in the county would take the best of what he makes a speciality of raising on his farm, we believe most would receive prizes. After you go to the fair and see the exhibits you say you could have beat that, and no doubt you could, so take our advice and enter your exhibit and win one of those prizes.

The Big Wild West Hippodrome which the Fair Association have arranged to have on the grounds this year will be well worth your time to come to the fair. Besides this Hippodrome there will be Ten Big Shows, which will draw immense crowds each day. Judging from the entries the racing ballon ascension and many other attractions which will be given each day will be free.

The fact that the fair is bigger and better attended each year leads us to the conclusion that more people will be here this year than ever before.

## OUR CANDIDATES FOR COUNTY COMMISSIONERS AND WHO THEY ARE

EDWARD TEAGUE. A native of South Alamance, but a resident of Burlington the past thirty years or more, in religion a Quaker, in standing a gentleman popular and well liked by all those who know him, if you want to vote for one of the best men that ever sat upon the Board of county commissioners vote for Ed. Teague.

J. D. ALBRIGHT. Better known as Crack, born and reared in Graham and identified with its business interests long before he attained his majority. Mr. Albright is exceedingly popular and is known by nearly everybody in the county. He will make a good commissioner and we predict for him a large vote outside the ranks of his own party.

J. CAL THOMPSON. Formerly of Thompsons township, but now a resident of Newlins. A sturdy old farmer, who has taken good care of his own affairs, and will be a safe custodian of the peoples interest. Mr. Thompson is a man of decided convictions, and cannot be swerved from what he believes to be right, just the man for commissioner when the affairs of the county are in the shape they are now, if the taxpayers of Alamance County allow Cal. Thompson to be defeated they will slaughter one of their best friends.

SAMUEL J. BUCKNER. A business man of Pattersons township raised a farmers, a school teacher, well educated, was a rural mail carrier from the Hartshorn post office, shrewd enough money in other pursuits, and resigned to enter the mercantile business, if the people of South Alamance want a good commissioner, they should elect Sam Buckner.

RALPH W. VINCENT. Born and reared in Pleasant Grove township a farmer and business man, Mr. Vincent has figured so close that he has been able to accumulate what is considered by most people a snug little fortune. If Mr. Vincent should be elected, and use the same good business judgement for the county that he does for himself, although the county is badly debt ridden he could get it out and have a nice surplus in the treasury within a few years. The taxpayers of Alamance county should think twice before casting a vote against Ralph Vincent.

## With the City Fathers.

Burlington, Sept. 26th.—An adjourned meeting of the Board of Aldermen of the City of Burlington, was held this night in Mayor's Hall: C. R. Love Mayor presiding, and Aldermen Ireland: Freeland; Albright; Cates; Atwater and Apple, present.

Object of the meeting being to hear and consider a proposition by the Southern Railway Company in the matter of opening up of Worth Street.

After some discussion of the question the following action was had, to wit:

"Moved by Alderman Apple, seconded by Alderman Cates, that action looking toward opening a Grade Crossing by extending Worth Street across the N. C. Railroad, be suspended until the 15th, day of October 1910, in order that the Southern Railway Company may make an investigation and report to this Board as to the putting in, at its own expense, Sub-Grade Crossing on said Worth Street, and if the said Railroad Company will construct said Sub-Grade Crossing satisfactory to the Street Committee of the City of Burlington, then the said City will accept this in lieu of a Grade Crossing." On ballott all Alderman vote AYE and the motion is declared carried.

No other business, on motion by Cates, seconded by Atwater, the meeting stood adjourned.

JAS. P. MONTGOMERY  
Sec. and Treas.  
City of Burlington, N. C.

## Marshals for the Fair.

The following marshals have been appointed by Chief Marshal A. E. Holgood, as marshals for the fair. We are going to have a big time and each marshal is expected to attend.

A. E. Holgood, Chief. Elbert Smith, Ossipee Mills. Don Vincent, Stainback. F. W. Graves, Mebane. W. W. Corbett, Mebane. Joe Vincent, Mebane. John A. Holmes, Mebane. Less Ray, Mebane. ## Business Improving.

In conversation with W. E. White of Mebane, we are advised that the furniture business is much livelier than for three years. That he predicts good business this fall, as there was good wheat and oats crops, the corn crop promises the bumper crop of this age. The tobacco crop is fair and bringing good prices, and the cotton crop has improved very much for past few weeks, owing to very favorable weather, and cotton is selling for 14c and 15c three cents per pound higher than a year ago. And the highest price for September for forty years. In fact business is very good with us, and we could now use 20 or 25 more men, notwithstanding the fact that a prominent Democrat, who is a candidate for Congress, in a speech at Mebane a few days ago told our people that the laboring people were getting only three days work each week and were barely able to exist.

Come to Mebane and you can find regular work.

Mrs. C. W. Bynum has returned from a short visit to Bynum N. C.

### Not Coughing Today?

Yet you may cough tomorrow! Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. Your doctor's approval of its use will certainly set all doubt at rest. Do as he says. He knows. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

Robust health is a great safeguard against attacks of throat and lung troubles, but constipation will destroy the best of health. Ask your doctor about Ayer's Pills.

### Local and Personal.

Ben Sykes spent Sunday in Durham the guest of friends.

R. S. Troxler of near Altamaw was a shopping visitor in town last Friday.

Mrs. John Shoffner returned Friday from a visit to her mother at Sandy River, Va.

The store of H. Fleishman will be closed October 4th and 5th on account of Holidays.

Five scales arranged to weigh your heavy farm products, hay etc. J. W. CATES.

Miss Mayme Ray of Graham spent Sunday the guest of her sister Miss Addie Ray.

Mrs. Jno. P. Thompson returned Saturday from a weeks visit to friends in the Hawfield section.

H. Fleishman left Sunday for Northern markets to spend several days buying his fall stock of goods.

Mr. and Mrs. Lucian Gross of Raleigh are the guest of his parents Mr. and Mrs. L. B. Gross this week.

The Central Loan and Trust Co. have a change of ad in this issue telling the benefits of insurance.

Mrs. Will Dailey returned Saturday from a weeks visit to Mr. Dailey's brother Mr. J. C. Dailey of Durham.

Mr. and Mrs. Fred Reiber and Mrs. Sherr of Durham are the guest of Mr. and Mrs. J. P. Thompson.

The Coble-Bradshaw Co. have a new ad in this issue. Read it and give them a call while here attending the fair.

Messrs. Gather Welker and Clarence Fogleman of near Green spent Saturday and Sunday the guest of Herbert Coble.

The little daughter of Mr. and Mrs. W. M. King who has been suffering with a case of diphtheria is improving, we are glad to learn.

Note the ad elsewhere in this issue telling of the exhibit and demonstration of the Holt Engine Co., at the fair ground fair week.

Miss Susie Stafford, chaperon-wa party of young ladies to Greensboro Friday night to attend the show the Senator from Missouri.

Misses Bertha Hoffman, Mary White McAdams and Blanche Thompson of Greensboro spent Sunday the guest of their parents at this place.

Mrs. Rev. D. E. Bowers and Mrs. Chas Staley of High Point arrived Saturday to spend a week or two the guest of their parents Mr. and Mrs. J. R. Mebane.

Rev. J. D. Andrew returned Friday from Thomasville where he assisted Rev. Clarence Woods in a series of protracted meetings. He reports a very interesting meeting.

Quite a good deal of tobacco is coming on the market these days and is bringing an average far above what was sold at this season last year. All the farmers that we have had the opportunity of discussing the market with have been well pleased.

### Unprejudiced Juror.

Kansas City Star.

In a southern county of Missouri years ago, when the form of questioning was slightly different from now, much trouble was experienced in getting a jury in a murder trial.

Finally an old fellow answered every question satisfactory; he had no prejudices, was not opposed to capital punishment, and was generally considered a valuable find. Then the prosecutor said solemnly:

"Juror, look upon the prisoner; prisoner, look upon the jury."

The old man adjusted his spectacles and peered at the prisoner for a full half minute. Then, turning to the court, he said:

"Judge, durned if I don't believe he's guilty!"

### Amenities Of The Profession

Senator Dolliver tells of a physician at Fort Dodge, Iowa, who had a grave made for a man who was dying; but the man got well and the doctor was joked about it for many years afterwards. Once, in consultation with three other physicians he attended a patient, who died. After the death one of the physicians said:

"Since a quick burial is necessary, we might enter the body temporarily. I understand that Dr. X. has a vacant grave on hand."

"Yes, I have," said Dr. X. "and I believe I am the only physician present whose graves are not all filled."—Judge.

### Stubborn As Mules

are liver and bowels sometimes seem to balk without cause. Then there's trouble—Loss of Appetite—Indigestion, Nervousness, Despondency, Headache. But such troubles fly before Dr. King's New Life Pills, the world's best Stomach and Liver remedy. So easy. 25c at Freeman Drug Co.

### Wreck on D. & W.

There was a wreck on the Danville and Western railroad, near Kochler, Va., Sunday afternoon about 2 o'clock. The engine jumped the track and ran on the ties for some distance before rolling down an embankment. Nothing left the track except the engine, as the cars came uncoupled. No one was hurt. The wreck was caused by some one laying a spike on the rail at a sharp curve.

The fireman, Bob Anglin, was firing his engine when it left the track. He closed the door to the boiler and jumped. Engineer Ben Hayden stuck to the engine to the last, going down the embankment with it, but fortunately did not receive a scratch. The fireman also escaped injury.—Danville Register.

[Engineer Hayden is a brother of Mrs. J. E. Hart of this city.]

### WHY SO WEAK?

Kidney Trouble May be Sapping Your Life Away. Burlington People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers back-ache, headache dizzy spells and urinary disorders, kidney weakness may be the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Can Burlington readers demand further proof than the following statement:

C. H. Rogers Wentworth St., W. Reidsville, N. C., says: "I suffered a great deal from back-ache for several years. My kidneys were badly disordered and the secretions were irregular and painful in passage an unnatural. I also had pains through the small of my back which became more severe whenever I exerted myself. I finally procured a box of Doan's Kidney Pills and began using them. In a short time I obtained relief and consequently I can heartily recommend Doan's Kidney Pills to other sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75. Take Hall's Family Pills for constipation.

Dr. Francis S. Packard who has been coming to this place once a month for the past year will visit this city again Oct. 3rd. Dr. Packard has successfully treated a number of our best people and if you are in need of the advice of a specialist give him a call at Hotel Ward Oct. 3rd.

Miss Myrtle Isley who has been spending a three weeks vacation visiting friends at Danville and Stuart, Va. Reidsville and Greensboro, N.C. returned Friday and reports a grand time.

### \$25.00 Reward.

Twenty-five dollars reward will be paid for the arrest and conviction of the parties who on Monday night August 29th, 1910 and at other times, did wilfully and maliciously shoot at and injure our Cable on the road between Burlington and Graham. NEIGHBORHOOD NOTES

Items of General Interest Clipped From our Exchanges.

Engineer Lawless of the Southern, spent Sunday and Monday in the city. Mr. Lawless has been treating our neighbor G. T. Gossett, for a cancerous growth on the hand, and we are glad to know that his treatment has about effected a cure.

The father of Ollie Harris, the negro who lost his life in the wreck last week, was in town Saturday with the dead man's watch which was broken up in wreck. The old man has lost three sons in railway wrecks and manfully tells his loss very deeply.

L. M. McClamroch, of R. 2 happened to a serious accident on Tuesday of last week. While sitting on a pile of lumber with some lumber on a near by hack became loose and fell striking Mr. McClamroch and inflicting some severe wounds. Mr. Steele was injured on the arm and side but not serious. Mr. McClamroch was carried home and medical attention given him. His condition was right serious, but we trust that he will fully recover.

The first bale of cotton ginned here was ginned at Rhyne, Yount & Company's plant Wednesday morning. It belonged to W. P. Fry and weighed 518 pounds. Mr. Fry didn't sell. As he came into the square with his cotton he was greeted with shouts of approval from several citizens and Groceryman J. F. Smyre clapped his hands at him. As far as known this is the second bale in the county, Robert L. Best having won first honors on the 16th.

In the United States District court at Lynchburg last week, the case of the United States against T. M. Angle, of Milton, the Dry Fork distiller, who is under charge of violating the revenue laws in the operation of a distillery at Dry Fork, was called in the Federal court and a continuance was had until the March term. During the interim an effort will be made on a part of Angle's counsel to secure a compromise with the Department of Justice at Washington. At the first trial of the case held in Danville, Angle was found guilty and sentenced to four years at Atlanta and to pay \$15,000 fine. Upon appeal the Circuit Court of Appeals awarded a new trial.

The store of L. M. Oden in the northern edge of the city, was broken into Wednesday night, the thieves stealing a wagon-load of groceries. The thieves entered the store by using blacksmith tools, which they stole from a nearby shop.

A terrible attack of angina pectoris seized upon Major B. F. Dixon, State Auditor, about 10.30 Monday morning, and one while his life was almost despaired of. He is still a very ill man, having been carried in an ambulance from the State House to Rex Hospital. The attack came in his private office.

Lun Holloway col., was arrested last week by the officers at his home up in the Mulberry section on a charge of illicit distilling. He gave bond for his appearance at court. He was arrested while the officers were on a raid looking for an illicit whiskey plant which was reported, but which had either gone out of business or could not be located.

Aunt Tabitha Sawyers, col., died near Shoals Surry county, Sept. 15th. As near as could be obtained from records her age was between 102 and 105. She was the mother of nine children, all of whom are living.

Mrs. Geo. Byerly, perhaps the oldest person in the state died Sept. 19th, at her home near the Yadkin River in Davidson county. Her age is given at 102 years. Mrs. Byerly possessed her mental faculties until near the end. She was active for one of her last illness. She is survived by several children and a large circle of friends. The remains were buried at New Hope.

We are having splendid weather this week for saving the tobacco crop curing hay and pulling fodder. Farmers are doubt-

less utilizing the favorable weather, as few of them have been in town this week.

The surveyors for the proposed railroad between Spray and Ridge way Va., have reached this end of the line. They say the construction of the road will begin at once and be pushed to an early completion. Some people are hopeful, while others occupy the position of one Thomas, whose surname was Didymus.

Ira Morgan and Thomas Bauders two white boys who claim to be from Winston-Salem were before Mayor Finch Saturday on the charge of breaking into a freight car at the depot and stealing oranges, canned goods, etc. The boys pleaded guilty to breaking into one car and taking oranges but denied stealing the canned goods. Two cars were broken into. Owing to the tender age of the two boys, Mayor Finch did not sentence them to the roads and will make an effort to have them placed in the Stonewall Jackson Training School at Concord. The younger boy is 13 years old and the other is 14.

Give Them a Push Up.

I think it was Fredrick Douglas who said: "The way to keep a man out of the mud was to black his boots." I have often thought of this remark when I seen boys and girls going to school with shoes that have never once known the brush, with hair uncombed, faces not too clean, ears unfit for inspection, hands very black, and sometimes a cap that has evidently known hard service as a weapon. Such a child is more likely at least to talk and to act unbecomingly than one who is clean and tidy. Something within the tidy child impels it to live up to its appearance. The others are apt to live down to their dirty boots.

Fixing upon a child an odious and belittling nickname which lowers their self esteem has the same tendency. So does ridiculing them for any natural defect, and for the clumsiness which often results from such a defect. The mistakes of youth frequently result from shyness and this is greatly aggravated by the fuss of companions and still more by the impatience of a teacher. It is enough of a trial to a child or a young person to feel that they are a little different in appearance from others. Children are almost always sensitive to the opinions of their little world. To be always reminding a child of defects and deficiencies is to make her or him bashful, self-conscious and awkward. There are times, many times when faults and habits must be corrected because of their consequences in later life, but make those corrections gently, tenderly and not in the presence of other children who may use what they hear to tease the child at another time. And if a child has a sensitive temperament quick to feel praise or blame, we should be especially careful how we bestow the latter and still more careful not to wound by thoughtless jests a little heart whose troubles are as serious as our own. Many a man and woman now honored and esteemed in the world dates their progress upward from the moment when they received from some honored lip a word of encouragement or discovered by chance that they were not inferior to their comrades, despite appearances to the contrary, so don't pull them down but give them a push up.

Get the Most for Your Money.

Likewise the best! This is especially good advice when one comes to buy a big Sunday newspaper. Aside from its many departments of news, romance, fiction, art comedy, politics, &c., the words and music of a late song success will go free as a feature of next Sunday's New York World. The song in question is "The Gay Gossamer," made famous by Fisk O'Hara in the new Irish musical romance, "The Wearing of the Green." Add this popular song to your musical collection. But it will be best to order next Sunday's New York World from your newsdealer to-day.

WISE AND FOOLISH VIRGINS Matthew 25:1-13.—October 2

"Be ye therefore ready also; for the Son of man cometh at an hour when ye think not."

THE Great Teacher in today's Study tells us further about his glorious Messianic Kingdom and concerning those who will be accounted worthy to share it with him—as his Bride. This parable has not been of general application all through this Gospel Age. It applies merely at the close of the Age—at the present time, we believe. It does not take into consideration the world, nor even the nominal Church, but solely, only, the true Church, the Virgin class. The word "virgin" signifies pure, and in using this term the Lord implies that he is referring only to those who have been justified, by faith and consecration, because by nature none are pure; none are holy; none are virgins.

Five Wise—Five Foolish One of the special lessons of the parable is to show that amongst the pure, the wise, the consecrated people of God, there are two classes. For a time these will be all together—unseparated. But in the fulfilling of this parable certain circumstances and conditions and truths will develop and separate these two classes of saints, virgins.

The parable shows all the virgins as sleeping, waiting for the coming of the Bridegroom. Apparently, there is no difference; but really there is a difference—the wise had a larger supply of oil than had the foolish. Then came an announcement of the presence of the Bridegroom and a call to go forth to meet him. This implies that something from the prophetic Word at the appropriate time will call the attention of all the Virgin class to the presence of Messiah. But at the Second Advent it will be as it was at the First Advent, when John said to Jesus, "Behold there standeth one among you whom ye know not." We are not to expect the Second Coming of Christ in the flesh, but as a spirit being.

We are to remember that the Scriptures outline two distinct features connected with the Second Coming. First will come the parousia or "presence" of the Lord, recognizable only by the Wise and Foolish Virgins. In his parousia or "presence" he will test and prove his Church, dividing them into wise and foolish virgin classes—the wise virgins to become the Bride class and the foolish virgins to become the class who will experience a second grade of salvation—coming up out of great tribulation and becoming the Bridesmaids, so to speak. "The virgins, the Bride's Companions, who follow after her" (Psalm xlv. 14). These will attain great blessings in spiritual life, but fail to gain the prize of joint-heirship with the Lord in his Throne, in his Kingdom.

Later on will come the manifestation of Christ with his Church, in power

er and great glory, in the setting up of his Messianic Kingdom and in the overthrow of everything contrary to it. Concerning this manifestation we read, "When he shall appear, we, also (the Bride class), will appear with him in glory."—Col. iii. 4.

It will be in the time of the presence, the parousia, of the Son of man, for the gathering of the "elect," that all the Virgins will be awakened by the message of the Truth. Some will be able to appreciate, others will not be able to appreciate his presence. The latter will need to "go and buy" the oil, the wisdom, the understanding, of the Divine Word. It will cost some of them considerable of self-sacrifice and humiliation to learn their lessons. Such as obtain the oil in time will join the party that will go in with the Bridegroom to the marriage feast. Then the door to that High Calling will close forever.

Thank God that it is not as we once supposed—that the door of mercy is to close, shutting out the foolish Virgins of the Church, together with the whole world of mankind; and, as we once supposed, shutting them into eternal torment. The parable merely shows that the closed door will exclude any others from coming into the Bride class, to be joint-heirs with Messiah in his Kingdom. The door will close because the full number elected and predestinated to this high honor will

From this distance it looks like Robeson county might make a change in the management of her county affairs. There are a great many counties who are tired of Democratic mismanagement.

It is reported that the present board of Aldermen of the city of Burlington favor a commission form of government. We do not blame them, anything is preferable to the present existing state of affairs.

While the Democratic papers claim that Major Stedman speaks to crowded houses, they fail to say anything about the size of the house, as was the case in Bur-

lington. Perhaps 150 people were present, but we doubt if there were more than that number.

If reports be true, the affairs of the county are not in much better shape, from a financial standpoint, than the affairs of the city of Burlington. Both are under Democratic management, but the people are going to change both at the next election.

**Duty of the People.**

The progressive, the manufacturing, the working people of the 5th district, and in fact all classes of people who desire to see the manufacturing interest of the district, state and nation to continue to grow, flourish and prosper have an opportunity at the approaching election of again electing a representative to Congress in the person of David H. Blair, who is committed and stands for the good old American doctrine of protection to home products, home industries and home labor, as against foreign products and foreign pauper labor. A doctrine by the practice of which the New England states with a cold and uninviting climate and sterile soil, have grown to be great in wealth and population. And which has made it possible for the fifth district and the entire south to advance along the lines of commerce and manufacture, as never before in the history of this or any other country.

A doctrine which caused the smoke of the furnace to ascend to the skies, and the wheels of the manufactory to revolve, and the sound from the machine shop to resound after they had been caused to cease their activity by the free trade policies of the Democratic party administered by the late Grover Cleveland, backed by a Democratic Senate and House of Representatives. It should be the duty of every voter who desires the continuance of the present prosperity and business activity to turn out on the day of election, vote and work for the election of D. H. Blair. It may be worth remembering that votes cast or withheld at the approaching election may affect larger issues than the success or failure of a candidate. It is possible that the election of a single candidate may mean the loss and control of the House of Representatives by the Republicans. An event that would bring disastrous consequences with it from the fact that the Administration and Senate would be Republican, while the House would be Democratic, thereby creating confusion worse confounded, by blocking legislation and keeping the country in a state of suspense.

**Merchants Association.**

The Burlington Merchants Association met in regular session in the Secretary's office, last Thursday night, and passed by a unanimous vote the following motion. That the Merchants Association of Burlington, N. C. do hereby favor and pledge its unanimous support for the securing of a recorder's court, and the establishing of a Commission form of Government for the city of Burlington. And that the President of the Association appoint a Committee of three to draft a bill for the recorder's court and Commission form of government and report at the next regular monthly meeting of the Association and later present the matter to the entire citizenship of Burlington.

Mr. E. S. W. Dameron delighted a large audience at the Reformed Church Sunday night discussing the subject "The Professional Man his Opportunity to Create and mould Christian Sentiments. Mr. Dameron explained very plainly how the school teachers could mould into the minds of the youth an influence for good, how the doctor who visits the home when grave death is staring the family in the face, might have a wonderful influence for good, and also how the lawyer in assisting to enforce the laws which stand for right has a powerful opportunity to create an influence for good. The pastor made a few brief remarks on "The Laboring Man—His opportunity for Christian Service. Both discourses were very much enjoyed.

Whereas, on August 29th, 1910 God in His infinite wisdom, took from our community and our class our beloved friend and Christian co-worker, Brother F. A. Hawkins, and;

Whereas, we, the members of the Baraca Class of the Burlington Baptist Sunday School, wish to express our grief and sorrow of his departure and further express our high esteem in which he was held; Therefore, be it resolved:

1—That in his death, the Baraca Class has lost a valued member and a Christian worker.

2—That we bow in humble submission to the will of God.

3—That the heartfelt sympathy of our class be extended to his wife and children.

4—That a copy of these resolutions be sent to the family, a copy be sent to the local papers for publication and a copy be spread upon the minutes of our class.

### A Good Position.

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Memphis, Tenn., or Columbia, South Carolina.

OUR CAMPAIGN LETTER

Special to the Dispatch. Crowded out last week. New York, September 17.—As the campaign progresses one principal issue stands out prominently the issue so clearly stated by President Taft in his letter to Chairman McKinley that: "The question will not be what complexion of Republicanism one prefers, but whether it is better for the country to have the Republican party control the legislation for the next two years and further redeem its promises, or to enable a Democratic majority in the House either to interpose a veto to Republican measures or to formulate and pass bills to carry out Democratic principles."

What President Finley Thinks Of The Southern Outlook

Washington, D. C., September 14th.—President Finley, of the Southern Railway Company, who has been looking into business conditions in the Southeastern States today said: "On the whole the conditions are encouraging. In agriculture the present outlook is particularly good. The cotton crops is later than usual, and is, therefore, more subject to future weather conditions than is usual at this time of the year. However, the condition report of the United States Agricultural Department, issued on the 2nd instant, showed a better average condition of the growing crop in the States South of the Potomac and Ohio Rivers and east of the Mississippi than on the corresponding date last year and the area planted was reported in June as 140,000 acres greater than last year."

### THE HOLT ENGINE CO.

To the People of Alamance County:

Gentlemen:—The Holt Engine Co., for the manufacture of the Holt Rotary Engine has been incorporated with an authorized Capital Stock of \$300,000, \$100,000 is common stock \$50,000 is 6 per cent Preferred Stock redeemable on or after five years from the beginning of business at \$120, and \$150,000 in Guaranteed Stock. We have arranged with outside parties to take the \$150,000 worth of Guaranteed Stock, provided we can raise \$50,000 in this section of North Carolina. In order to meet this requirement, we have created the above mentioned Preferred Stock. This Stock may be paid for either in land at a reasonable valuation, Stock, Bonds, or Cash. When Real Estate is taken in exchange for stock this contract will be inserted in the deed. That in the event of the failure to locate the Engine Plant in Alamance County, or to raise the additional \$50,000 worth of Stock the title to the land so conveyed reverts to the grantor. Thus making this proposition one of absolute safety, because \$50,000 of Preferred Stock will be a first lien on the entire Stock of the company and should the company fail the \$50,000 will be paid before any Common or Guaranteed stockholders receive anything? If the company makes good, you will receive the end of five years 10 per cent divided on your stock and then have the opportunity to have it redeemed by the company at the price first named.

Master Mechanics state that this engine can be manufactured for 30 per cent of the cost of any other engine of like H. P. The steam consumption is less than that of the ordinary engine used on the Steam Road Roller Tractor Engine, Saw Mill Engine and Concrete Mixers, it being only 1-2 the weight of the ordinary engines, consumes only 1-3 as much space, and from the large number of demonstrations and tests that we have made, we believe beyond question, that it is the greatest invention that has been made in the engine world

for 50 years. It is the simplest engine in existence, having only five moving parts.

We know if we can secure the Stock that we are asking for in Alamance county, that we can locate our plant in this section, and give employment to a large number of strong men at wages ranging according to the service rendered.

If you have any idle farm property or vacant town lots, or any stocks or bonds that you are not using, we will be glad to take them at the market price for the Preferred Stock in question. The grantor retains possession of the property conveyed, without rent or taxes, while in possession of the Holt Engine Co.

One of these engines may be seen and a full explanation of same had by calling at the office of the company in the First National Bank Building, Burlington N. C. We believe that this is one of the greatest propositions for a new industry for Alamance County, that it has ever had or ever will have, because it is placed upon a safe and sound basis. The possibilities of this engine are greater than that of any other engine in the world.

If you are interested in the up-building of our town and county, and the making of some large dividends for yourself, we respectfully ask that you let us explain more fully our plan before you say, it is a trick of some kind or a skin game.

Trusting that you will favor us with a call in regard to this matter, we are with best wishes,

For your success,  
THE HOLT ENGINE CO.

**Wise and Foolish Virgins.**

(Continued from page 3.)

have attained the necessary character-likeliness of Christ and will have stood the necessary testings.

As no one of the Jewish priests could ever serve as High Priest if he had a superfluous finger or toe, it is thus shown in the type that the antitypical High Priest, the Messiah, will have only a definite, fixed number of members in his Body—neither one too few nor one too many. Later on, the foolish Virgins came to the "door," but found it forever shut. They lost the great prize. They were foolish in that they did not give attention to getting the oil in time; foolish also in that they cared too much for the things of this present life; but they were Virgins, nevertheless. They finally got the oil, which represents the Holy Spirit, but too late! The door was shut! They could not be of the Bride class. The Master answered, I know you not. I could not recognize you as my Bride.

In view of this the Lord exhorts that his consecrated followers of the Church or Virgin class be constantly on the alert, because they know neither the day nor the hour of the Master's coming and of the invitation to go in to the wedding. The parable shows, however, that although the time of the Master's coming could not be known in the past, nevertheless, it would be known to all of the Virgin class "in due time." It will be announced, as indicated in the cry. The cry will be so loud that all of the Virgins will hear it, even though the world will have no knowledge of it. The Master merely wished us to understand that the great event would not be foretold in advance.

The parable does not show how the foolish virgins, excluded from the wedding and from membership in the Bride class, will be treated. Other Scriptures, however, show that this foolish virgin class will share with the world in a great time of trouble, which will then come to every nation. In that time of trouble these foolish virgins will suffer severely and "Wash their robes and make them white in the blood of the Lamb," and thereafter be accounted worthy to "serve God in his Temple," though not worthy to be of the Temple. They will be accounted worthy to serve before the Throne, though not worthy to sit in the Throne. They will be accounted worthy to have palms of victory, but not be accounted worthy of crowns of glory. The lesson to God's people is to Awaken, to hearken, to have our lamps, the Word of God, trimmed and burning, and to have all, the Holy Spirit, in our vessels—to be living in an attitude of full consecration to God (Revelation vii. 9, 14, 15).

A record of economy and progressive legislation never before equalled in the same length of time, is the record of the achievements of the Taft administration and the Sixty-first Congress.
