Party Platform.

The following resolution was introduced and adopted at the Republican County Convention at Graham Saturday Sept. 17th, 1910. Read it, it means something to the people of Alamance County:

The Republican party of Alamance county in convention assembled do hereby resolve.

1st. We are in thorough accord with the National and State platforms of our party and we hereby proclaim our unflinching allegiance thereto.

2nd. We believe our people are entitled to an economic administration of the government in all its grades and its every department, and taking the county as a unit, we demand that our county officers be placed upon a salary basis and that all fees and emoluments now pertaining to said offices be turned into and made a part of the school funds of the county.

3rd. Believing that the safety of our government and our prosperity as a nation depend upon the education of the masses, we emphasize our loyalty to that portion of our state platform declaring for the furnishing, free of charge and under proper regulations, all necessary text books for every child in the public schools of the State.

4th. In the event of the failure, by the legislature, to pass a state-wide law, providing for the purchase of text books for the public schools, we demand the enactment of a law, applying to Alamance county, that will permit and require the savings accruing to the county by reason of the payment of salaries to our officials to be applied to the purchase of books for the children in our own public schools.

The Democratic county candidates say that the DISPATCH is in error about the cost of the cross index system, that the contract price was only twelve hundred dollars, well we have no positive way of telling except by what they say. However we understand that even this amount has not been paid which leaves the county indebtedness that much larger than we had figured it. No if there are many outstanding debts of this character the total county indebtedness will run much larger than we have ever put it. Why will not some one tell the tax payors just how much the exact indebtedness is. We are sure that our figures are much too low. Tax payers of Alamance county are you willing to keep men in office who will deceive you in regard to the true financial condition of the county we offer five dollars reward to any one who will tell us the exact county indebtedness before the election, who will be the first to win the reward.

Rev. S. L. Morgan leaves this week for Cane Creek, Betheden, Antioch and Bethel to attend a Laymens movement of the Baptist Church.

A MILD SAMPLE OF DEMOCRATIC IMPARTIALITY

I regret that facts such as follows regarding the registration of voters in Boon Station township during the registration period just closed, were so unfair unjust and showed so much partiality, that my conscience prompts me to place apart of such wrong doings before the good element of citizenship of Alamance County with an appeal that they weigh with scales that gives justice to "and special privileges to none" such acts, and declare by their ballots on the 8th day of Nov. next, either their approval or disapproval of same.

The writer approached the Registrar a few days after the book was opened and asked to look over it.—permission was granted, as I turned through the pages I noticed the names of one young man whose name had just been placed upon the book, that to my knowledge could neither write an eligible hand nor read with any distinctiveness and had told me, when there was no cause for misrepresentation that he was twenty-three years old and had never given in nor paid any tax, I said to the registrar, this fellow is not entitled to vote, he (the registrar) said he thought there was a question about it himself but he had instructions from an attorney (but did not tell the attorneys name) regarding same and that he just put him on the book, and that the judges of the election could decide his eligibility. Right then I smelt a rotten rat in Denmark and from that moment I sat up and took notice "the best I was allowed too". Here I want to add apart of Sec. 4323 of the election law of North Carolina which reads thus, "every registrar, before entering upon the discharge of the duties of his office, shall take an oath before a justice of peace or some other person authorized to administer oaths, that he will support the constitution of the U. S. and the constitution of N. C. not inconsistent therewith, and that he will "honestly and impartially" discharge the duties of registrar, and honestly and fairly conduct such elections. Now he is supposed to have taken an oath to discharge his duties honestly and impartially, and I do not question his taking same, but follow me and less see if he lived up to the obligations. So take the items as they come. I next noticed him on the streets of Elon, together with two young fellows begging and pleading with a school boy to register and vote in the coming election and at the same time the boy was protesting, declaring that he was twenty-three years old and had never paid any tax. The registrar was approached a moment later and told that this school boy was not entitled to vote, and he replied "I have instructions to look all these loose fellows up and put them on the book" he was almost daily seen on the street pleading with school boys who had expressed themselves favorable to the Democratic party trying to induce them to register but with out one exception to this writers knowledge, did he even mention registration to a school boy favorable to the Republican party. What has he done with his oath to be impartial? And I want to say the Boon Station Township registration books show the greatest number of school boys registered now that they have ever shown since the college has been established and it is because the registrar solicited them personally to a greater degree than any other registrar in the past history of this township. Now what I saw while he was registering one of these boys (the only eve I had the pleasure of witnessing) he did not qualify the boy as to his education at all only ask if he was twenty-one years old and administered the oath, this boy like all the rest of them had not been in the precinct, for the last three months and some of them not even in the state, since last June until school opened the first of September. And this boy told him with his hand still lifted before the oath was completed that he would not swear to the exact reading of the form of oath, but remarked to

the registrar, you are familiar with the time I have been here and I only swear under those circumstances. The kind registrar told him that was alright, that some of the other boys had registered and he would register him also, I am also reliably informed when a certain young Republican who is a school boy too, applied for registration, the efficient registrar went to the President of the College and got his permission before he would register him and this was not the first school boy that had applied for registration. What part of this election law was lacking? It has been customary in this township for the registrar regard less of party to make a trip to Ossipee Cotton Mills some time between the opening and closing dates of the books, and register the eligible voters of the mill which saved them a great deal of trouble. I asked this good registrar on the afternoon of Oct. 28th about 1 p. m. if he had been to Ossipee with his book, he said no, and that if he went he would have to get this evening as he would have to stay at Elon at the polling place the next day, and that his expenses for horse and buggy would have to be paid by the parties requesting him to make the trip, here I told him I was going to Ossipee and if I saw anybody who wanted to register, and if they will pay your expenses I will phone you to come. This struck him, he rubbed his head a while and decided it would be impossible for him to make the trip and if there were any who wanted to register, would have to come to Elon, but listen, the next morning was the morning of October the 29th the morning our first real big frost appeared, and it was cold weather too, but this generous, impartial by oath registrar, together with a sly Democrat made the trip to Ossipee and registered a young man that had refused to come to Elon, but he is believed to be a Democrat, here he was asked to wait and register another young man who had to come only a hundred yards, but they had to leave immediately, this young fellow was a Republican. Sir: Did he tell the truth when he said it was impossible for him to go to Ossipee with the books. Impartiality, explain its meaning, honesty they know it not, but he was back to the polling place at 9 a. m. and during the day, he laid in the cold two nice intelligent looking white men whom had just become of age. Yes he disfranchised them, and they were both Republicans too. Now this writer has never to his knowledge been accused of lying and he will make oath to the fact that either of them could read or write superior to some others that had registered under the same smiling registrar. Along by the side of these two young white men so far as the right of suffrage is concerned he laid each of them a bed fellow in the persons of two negroes and today they are in the same disfranchised arena. White supremacy where art thou. Democratic oath maker that no white man would ever be disfranchised, where have you gone? On the evening of October the 29th just before sunset a man appear-

WILLIAM SMITH QUITS DEMOCRATIC PARTY

Graham, N. C., Nov. 1st, 1910
Mr. Editor:

Ever since I attained my majority I have been a consistent Democrat, believing implicitly in the traditions handed down to me by my forefathers and neighbors, that no white man could be a Republican. Being a cotton mill operative, and uneducated, I have not been able to study the question for myself, and all along have been fighting Republicanism from blind prejudice, although it has often seemed to me that this was wrong. The Democrats have always said that no white man should or would be disfranchised, but this has turned out to be untrue. In this county, and in this very town, I have seen several young white men refused the right to register and therefore cannot vote in the coming election, for the reason that, like myself, they had been unfortunate, and had failed to get an education. Having some little boys of my own, whom I hope to educate, but may not be able to do so, I shall take the place of one of these disfranchised neighbors of mine, and vote with the Republican party in this election, as I believe it to be a duty every poor man owes to his little boys to protest against the disfranchisement of the sons of the poor.

Laboring men, cotton mill operatives of Alamance County, I have been as good a Democrat as any man could be. I am thirty-nine years old, and have never voted anything but a straight democratic ticket, but I appeal to you to join with me in this protest against this act of Democrats in disfranchising our young men, which may come home to us in limiting the rights of our own little boys, whom we may not be able to educate to meet the requirements of Democratic registrars, and they will be unable to participate in the election of those officers who administer our laws and collect our taxes.

WILLIAM SMITH
M. A. NICHOLSON, Witness.

Some of the candidates upon the Democratic ticket are already getting alarmed about their election, and are offering to trade or swap off some of their associates upon the ticket in order to win themselves. This is a bad state of affairs and should not be countenanced by the Republicans, stand squarely by all the Republican candidates, if we cannot win without trading, then we deserve defeat, and lets go down in honor. The days of the trader is numbered, and he will not do to tie too, act upon the square and do not give any candidate a chance to say that some members of his party traded him off. No honest man will do it.

Republicans if you are thinking of voting any part of the Democratic ticket, vote it all, either we are right, and they are wrong or they are right and we are wrong. Vote what you believe to be right, and let the result be what it may.

FOR THEIR INFORMATION

To those who profess that they do not understand the plank in the Republican platform whereby we declare for salaries instead of fees for the county officers, we beg to say, there are legions of people in Alamance County who believe that the various county officers receive more in proportion to the amount work and responsibility of the office than they are entitled too, and keeping abreast of the times like other progressive counties, we have decided to submit this plank to the duly qualified electors of the county for ratification or rejection, if you vote the democratic ticket especially for the member of the Legislature, you will vote to reject this plank, but if you vote the Republican ticket, or for the Republican candidate for the Legislature you will vote to ratify this plank, and to have enacted into law the salary system for all county officers instead of the obsolete fee system as now in vogue. From the best information obtainable we have every reason to believe that the salary of the sheriff of the county is five thousand dollars per year, and may be more certainly no less, the clerk of court eighteen hundred dollars, the Treasurer eighteen hundred dollars per year, making a total for the four officers of eleven thousand and one hundred dollars per year now the best posted men in the county say that eighteen hundred dollars for the sheriff and allow him a deputy to do the work at a salary of six hundred dollars will be a fair and reasonable salary for the work and responsibility connected with the office, and that twelve hundred dollars for the Register of Deeds is a fair and reasonable salary for him, and also allow him a clerk to do the work at a salary of five hundred dollars, this is more than he pays his clerk now, and that a salary of one thousand dollars for the clerk of the court is a fair and sufficient salary for this office, and that in as much as the treasurer only has to be in his office about five or six days in a month, say each Saturday and every first Monday and what few days the commissioners have extra meetings, that a salary of six hundred dollars would be a fair and reasonable salary for this position, making a total of five thousand seven hundred dollars for the four officers leaving a saving to the tax payers of the county of five thousand four hundred dollars. Now the Republican platform proposes to put this amount in the school fund to be applied toward the purchase of free text books for the school children of the county, this might not be sufficient to buy all the books needed for all the grades the first year, but it would provide all the books necessary for the lower grades, and in the course of a few years it would be sufficient to furnish all the books needed, do the people who have to pay out enormous sums each and every year for school books for their children approve of this plan, if not then it is because you do not understand it.

Do the tax payers believe that the salaries mention here sufficient to pay the various officers mentioned herein, yes we are sure they do. There is not an officer now serving, or nominated to serve the county if elected who can go out into the world and command a salary of more than the amounts mentioned here, and a great many of them cannot possibly command as large a salary as some of these mentioned, if they can then this proposition if enacted into law will not effect these officers to be elected this election, but will only apply to those who may be elected two year from now, and if any of them can make more, then they can refuse to be candidates for re-election and go into other pursuits, the best men in the county can be had for the sums named for each and all of them, but if after a thorough trial the people find that the amounts named are to low then it can be raised, or if found to be too high, they can be lowered, this will be left to the people themselves, they are the bosses in this matter and can arrange

it to suit themselves where is an honest man that can object to this plan, no one does object to it but the office holders and it is to their personal interest to object, but how much longer will the tax payers allow themselves to be fleeced out of their hard earned money, in order that the office holders may flourish and spend exorbitant and fabulous sums to get re-elected. This is why the office holders oppose this measure if for no other reason than that it will stop the trafficking vote getting, and vote buying, except upon merit and principle. Now who is it opposes these just and reasonable measures. The leaders and office holders of the Democratic party. The Republican party recognizes the justness and reasonableness of the proposition, and if they are entrusted to power will deal they can to bring this condition of things to pass, those nominated upon the Republican ticket for county officers are heartily in favor of these measures and will cheerfully abide by them if elected. Now who will you vote for. Those who oppose your interests or those who favor your interests. The time to speak is near, what will your verdict be.

EX-SHERIFF R. T. KERNODLE'S POSITION

Editor Dispatch:
Dear Sir:—I understand that the Democratic politicians and some of their mouth pieces are circulating the report that I am not loyal to, and am not supporting the Republican county and state ticket. Now I want to assure all my friends both personal and political, that notwithstanding that I was badly treated by some of the supposed leaders of the party in the last campaign, yet I realize that two wrongs would not make a right, and in as much as all the present nominees of the Republican party are my personal, as well as my political friends, and as I have good reason to believe that each and all of them supported me most loyally, and knowing them to be among the best men in the county in any political party, and believing that the measures they advocate and stand for, are for the best interest of the tax payers. Therefore I urge and ask all my friends to stand by and vote for all the Republican candidates, both county and state and to vote early and vote it straight.

Respectfully,
R. T. KERNODLE

Oakdale Notes.

The recent rain has delayed sowing wheat but what is sown is coming up very fine there will be a large crop sowed this fall. Corn crop not as good as first reported.

One of the best Sunday School conventions ever held in Patterson Township was held at Rock Creek M. P. church the 23rd, some of the best speaking and the most forward movements ideas advanced we ever had the pleasure to hear, some of the speakers who deserve particular mention was first Tom McVey whose subject was the Baracca movement he had several of his class present which made a fine impression on the people. The next in order was Dr. J. D. Gregg of Liberty we have not his subject at hand, but will say as usual the Dr. made a good talk. The next was a subject that all took a part in that could and that was dinner. The next speaker was our young principal of Sylvan High School Fred R. Yoder subject "Book of Books," which was handled well by the speaker. The last on the program was Rev. W. M. Pike pastor of the Rock Creek Church subject "Sabbath Observance" in which he showed the importance of observing the Sabbath and obeying the commandments which says "remember the Sabbath day to keep it wholly" after which John R. Hoffman of Burlington was called on and in his usual way made a good talk. This was followed by June Hornaday, his talk good as usual upon motion the township is to organize in every Sunday school. A committee to that effect was appointed.

In closing we would not do Messrs Tom Carter, F. L. Spoon and David Lashley the leader of the singing justice if we did not say the singing was extra fine with Miss Andrews at the organ.

The school at Oakdale will open Nov. 7, with W. C. Woodburn as principal and Miss Annie Zimmerman Assistant. We are sorry to learn that Micheal Holt one of our old friends is very sick also Mrs. Nancy Linens hope they will soon recover.

John W. Alexander lost a very fine horse by death last Friday night.

We are sorry to know J. R. Anderson has begun to move we are sorry to lose Mr. Anderson and family as they are good neighbors while we loose others will gain.

Boone-Dickey.

A beautifully home wedding was quietly celebrated Wednesday Oct. 26th at the home of Mrs. Maggie Dickey of Altamahaw when her daughter Miss Georgie Dickey and Jerome J. Boone of Guilford county were bound together for life by Rev. J. W. Holt. Only a few invited friends were present to witness the solemn but happy occasion. Both are popular and have hosts of friends.

NEIGHBORHOOD NOTES

Items of General Interest Clipped From our Exchanges.

Orange County Observer.

Rufus D. Suitt, convicted of murder in the second degree in Orange Superior Court for killing Ed Garrett, was taken to the penitentiary at Raleigh Tuesday morning by Sheriff Andrews. Suitt is about 55 years of age, and will be nearly 70 years of age when he comes out of the penitentiary if he serves his full sentence.

Greensboro Patriot.

That the business of Greensboro is growing rapidly is shown by the fact that the postoffice receipts for the first nine months of 1910 exceeded the receipts for the similar period of 1909 by \$2,846.66. There is nothing that is a surer index to the prosperity of a community than the postoffice receipts, and by this taken Greensboro is still on the upward trend.

Mrs. Elmer Greeson and Mr. Charles T. Rankin were married at the home of the bride's parents, Mr. and Mrs. Frank Greeson, near Mt. Hope Wednesday evening October 19. The ceremony was performed by Rev. J. L. Bowers in the presence of a number of relatives and friends of the young couple. Mr. and Mrs. Rankin are well known and popular young people and have the best wishes of a wide circle of friends.

Ridgeway Review.

Mrs. John R. Moore of Bethlehem was carried to the Danville hospital Tuesday where she will be treated for cancer. Her many friends hope for her complete recovery.

Rueck Graves is back home, having been discharged for shooting a passenger on an excursion operated to Norfolk during the summer. Sam Madkins was convicted of the charge and sentenced to five years.

Wetters Patriot.

The unusual lateness of the fall and accompanying mild weather was fully emphasized by the slow advent and first appearance of frost. It showed up for the first time in this county on last Sunday morning, Oct. 23. Heretofore we have occasionally had frost during the last days of September.

Officer Shepherd and Webster found a couple of illicit distillery plants with partial equipment the last of the week. The first one was near Spurgeon, and the second one near the Irdell county line. Neither plant was in operation and no one was at them, and no clue was found as to who the operators were.

Chapel Hill News.

The express office here was entered by a thief Friday night last, and several packages of liquor stolen. It was reported on the streets, the next day that forty gallons of "boose" were spirited away, but later reports say there were only four gallons. On Thursday before the robbery there were over fifty gallons in the office. Evidently the thief or thieves were strictly bent on stealing liquor, as no other packages of express were bothered. There was also some \$40.00 in the cash draw unmolested. There seems to be no clue to the "boozie" rogues. This is the second or third time the express office has been ransacked by thieves for liquor and not a single arrest has ever been made.

ML. Airy Leader.

The North Carolina Granite Corporation's large stone quarry near this city is truly a busy scene of industrial activity these days for they are now shipping an average of twenty car loads each day and this stone finds its way to all parts of the country. Up to the present time the quarry has broken all previous records in shipments and it is easily predicted that 3,000 cars will be shipped before the years work closes. To get out this stone it requires the labor of six hundred men which are now on the payroll of the company.

Union Republican.

Mr. Charles Sparks owner of Sparks Shows was in the city the past week looking for a place to establish winter quarters for his shows. He failed to make terms with the Piedmont Park management but Mr. A. F. Messick who owns the Fair Grounds offered this site free of charge. Mr. Sparks had left the city before Mr. Messick made his offer and the same will be communicated to him. The cost of maintain-

ing the show is some \$2,000 a week and the public spirit of Mr. Messick is to be commended and the desire of The Republican is that Mr. Sparks may be induced to choose the Twin City to quarter his tented aggregation.

Randolph Bulletin.

The cry of Butlerism in the state and the personal attacks on private persons and former county officials in Randolph county is done for no other purpose than to attract attention away from the real issues in the county. Let no voter be fooled by such false alarms. Just keep your eye on the issues and don't let any side show carry you away from the main circus and animal tent. Give your entire attention now to the ring and Nov. 8th cast your votes against the ring.

Siler City Grit.

Mr. Jonathan Martindale, of Bear Creek, Route 1, died Sunday afternoon and was buried Monday at his home grave-yard near Highfalls. He was probably the oldest man in the county, being 63 years old. A remarkable incident connected with his death is the fact that he had prepared his coffin about 20 years ago and had kept it in readiness up stairs in his home ever since. He seemed to realize that his end was near, for he requested that the coffin be brought down stairs Sunday, and soon thereafter he gently passed away. He was a zealous Christian, and is survived by two married daughters and a number of grandchildren and great-grandchildren.

Saved From The Grave.

"I had about given up hope, after nearly four years of suffering from a severe lung trouble," writes Mrs. M. L. Dix, of Clarksville, Tenn. "Often the pain in my chest would be almost unbearable and I could not do any work but Dr. King's New Discovery has made me feel like a new person. Its best medicine made for the throat and lungs." Obsolete coughs, stubborn colds, hay fever, la grippe, asthma, croup, bronchitis and hemorrhages, hoarseness and whooping cough, yield quickly to this wonderful medicine. Try it. 50c and \$1.00. Trial bottle free. Guaranteed by Freeman Drug Co.

October 15th 1910. Adjourned meeting of the Board of Aldermen of the city of Burlington, held this night: Mayor Love presiding.

Meeting held to hear proposition by the Southern Railway Company, as to placing a Sub-Grade Crossing at Worth Street: Said proposition as stated by their Attorney, E. S. Parker Jr. being as follows:-

"That we will give to the city the privilege of crossing the property of the Southern Railway Company, by extending Worth Street so as to connect with Tarpley Street provided that the City will, when crossing that part of the Right of Way of the Southern Railway Company over which is laid their Main Line Tracks, to build and construct a Sub-Grade crossing, the rights given and the Sub-Grade crossing to be constructed in accordance with a Blue Print shown at the time of this offer."

Alderman Freeland introduces the following resolutions which was seconded by Alderman Albright and moved its adoption: Said resolutions being as follows:

"Having heretofore passed condemnation proceedings for the purpose of extending Worth Street over the North Carolina Railroad lease to the Southern Railway Company so as to intersect Tarpley Street and having in accordance with our character appointed one Appraiser on the part of the City and having notified the Southern Railway Company and the North Carolina Railway Company to appoint an Appraiser in their behalf, and that said North Carolina Railway Company and Southern Railway Company having declined to appoint said Appraiser for said purpose, but at their request caused this Board to postpone proceedings until October 15th, 1910 for the purpose of investigating the premises, with a view on the part of said Railway Co., at its own expense to put in a Sub-passage way, and the said company having made its report as above set out by Mr. E. S. Parker, Jr., in effect, asking the City of Burlington to build for the said Railway Co. said Subway at its own expense, and under the supervision of said Company: Said proposition is respectfully declined: And it is ordered that F. L. Williamson, be and is hereby appointed an appraiser under our City Charter to act with A. F. Barrett heretofore appointed and now reappointed on the part of said City, who shall at once proceed to appraise said property, showing the benefits and damages, if any, accruing to said Railway Co., and make their report in writing to this Board at its next regular meeting. It is further ordered that our street Commissioner proceed at once to lay out, construct and build a suitable Grade Crossing, extending said Worth Street across said Railway property, so as to connect with said Tarpley street at the expense of the City of Burlington.

Mr. E. S. Parker, Jr., Attorney for the Southern Railway Co stated to the Board that the Southern Railway Co., had not declined to appoint an appraiser, and that the written notice, a copy of which was delivered to the Mayor of the City on September 24th, 1910, contained all that the Southern Railway Co., had to say in the premises,

An opportunity was then given him and the Company to appoint an appraiser and they did not do so.

On motion to adopt the foregoing resolution all Aldermen AYE and the said resolution is declared adopted.

Alderman Albright moved that the Secretary notify A. F. Barrett and F. L. Williamson of their appointment as Appraisers on behalf of the City in accordance with the foregoing resolution, seconded by Atwater and on ballot all Aldermen vote AYE and motion declared carried.

Alderman Sellars moved that the Mayor and Secretary be and are hereby authorized to execute a twelve months note bearing date of June 1st, 1910, to the Alliance Insurance and Real Estate Co., to close account contracted by the Water-Light and Power Commission: Motion seconded by Albright and on ballot all Aldermen vote AYE and the motion declared carried. No other business, on motion the meeting stood adjourned subject to call by the Mayor.

Temperance Lecture.

Crowded out last week.

Burlington N. C.

Miss Lillian Phelps, a field lecturer who works under the auspices of the W. C. T. U. delivered an excellent temperance lecture at the Christian Church Thursday night. The attendance was not as large as would have been had it not been for the fact that Senator Overman spoke at the Warehouse. Those who heard Miss Phelps were very deeply interested in her lecture, as she portrayed the temperance problem of the present day in a masterly manner. It was the intention of Miss Phelps to go from here to Reidsville Friday night but as Senator Overman was billed there the same night she decided to spend another night in our midst and give her famous lecture "Rome the Eternal City". In this she held her audience spell bound as she pictured a vivid scene of ancient Rome in connection with its historical cathedrals and places of interest so few of us have had the pleasure of visiting. Both lectures were a treat and should have been attended by a large audience.

This paper is going into more than three thousand homes this week, and our advertisers are getting double value, but we believe like them, in giving our patrons extra value for the money.

Would you like to get your school books for your children without cost, then vote the Republican ticket. The Republican party stands pledged to enact this provision into law if elected.

The Republicans of Burlington township have decided not to nominate any township officers. Therefore who ever the Democrats nominate will be elected without opposition. It is to be hoped that good men will be selected to the end that we may have a orderly and peaceful community.

The county campaign has practically closed, and it is all over but the shouting, from all indications the entire Republican ticket will be elected. All that the Republicans need to do is to stand squarely by the ticket and see that none of the candidates are knifed or traded off. Look closely after this and victory is ours.

Our sister county Guilford saved the tax payers of that county ten thousand and eight hundred dollars last year, as the difference between fee system and the salary system. Alamance county can save more than half this much by adopting the salary system. Who opposes the salary system? The Democratic office holders, why do they oppose it because if put upon the salary system, they would not have fabulous sums to spend every two years to get elected. It's a common saying now that a man to get elected must spend large sums of money. Are you in favor of this Mr. honest voter. It will soon be up to you, what are you going to do about it.

The Last Appeal.

Before The Dispatch shall make its appearance again the election will have been numbered with the events of the past. In the closing days of the campaign we desire to make a last appeal to the voters of the county and district to cast their ballots in the approaching election for the Republican candidates, both county and Congressional, believing that the election of the Republican candidates will inure to the better administration of the affairs of our county and State government and to the advancement of the State and Nation along the lines of commerce and manufac-
 ture.

The South generally and the State of North Carolina in particular; have become hopeful and developing regions of vast and varied industries, and in practical altitudes are favorable to a protective tariff policy, which is one of the cardinal principles of the Republican party. While as a matter of fact the Democratic party has no tariff policy of any kind. It is not held together as a party by reason of its having any unity of opinions on that subject. As an example witness the action of the Democratic members of Congress when the tariff law was under consideration by that body. To assert that the Democracy has a tariff policy would be ridiculous in the extreme. Turning homeward from National issues to our state and county government, what a spectacle is presented to the public in the administration of the affairs of the county and state.

Drunken by a long lease of power and backed by a large majority, the Democratic party has become a huge political machine or "office holders trust," supported and held together by rings and cliques, which fatten at the public crib on offices given out in payment for party services rather than for competency or fitness for office and faithful performance of duty, while the tax payers have to foot the bills.

The time has come when men who think for themselves, study public questions on their merits, speak their own convictions, rather than men who are merely members in good standing of a political organization, or who are behind the screens, agents either for a political machine, or for private interests, should be called to public office or places of trust.

The party whip cracked at Raleigh should have no terror for the voter this year. The scare-crow of negro rule is buried never to be resurrected. White supremacy, the rallying cry of the Democracy should no longer be allowed to distract the attention of the voter from the real issues of the campaign. It should be the duty of each and every voter in the approaching election to weigh well the principles and policies for which the contending candidates for Congress stand, and determine whether or not it would be better to support a candidate like Hon. D. H. Blair, who represents a party whose tariff policy is well defined and well known, than to support a candidate who represents the Democratic party, which has no well defined policy on any of the economic questions of the day.

Let all who desire to see the industries of North Carolina continue to prosper, grow and expand indicate the same on the day of election by supporting the Republican candidates.

Oh What Fools These Mortals Be.

The old unreliable Snooze and Disturber, contained a number of letters from discredited and broken down politicians, in last Sunday's issue, bemoaning the possibility of Butler controlling the State, in the event that the Republicans carry the State in this election. We are glad to note that not a letter appeared from Alamance county. Now this is easily accounted for, because in the first place, we have no broken down politicians, and in the

second place, our people regardless of party know that if the Republican party is successful, that they will receive good government, and therefore Republican success have no terrors for them. Of course those holding office, and some of their most intimate friends may try to persuade the average voter that there is some danger, but these are so few that they cannot make much headway.

The truth is, that the time has come in this county that both parties have to nominate the best men in the party, we mean the best that will take any stock in politics, in order to stand any show of an election, the time is past when the people will elect a bad man to office, and it now resolves itself into this: What does each party stand for? Am I in favor of the principles advocated by the Democrats or Republicans this year. Am I in favor of the salary system which means free school books for my children, or your neighbors children, if you do not have any of your own. If you are opposed to the salary system and free school books, then you are a Democrat and believe in letting the county officers keep you in the dark, by not knowing how much they receive as compensation for their services. We are indeed glad that the people who differ from us politically in this county have self respect enough to stand aloof from Josephus and Josephus methods. Other counties would do well to display the conservatism shown by the good old county of Alamance.

The Democratic ticket contains some candidates that are good traders upon election day, already we hear of offers to trade, but we warn our Republican friends not to trade, no matter what inducements are offered, vote the straight Republican ticket, and if we go down in defeat let the whole ticket go down. This is the only honorable way, and the only safe way to preserve our organization intact.

Why fix the salary of the member of the Legislature and the county commissioners and leave the salaries of the four most important offices unfixed. If it is good business judgement to fix one it is good business judgement to fix all. What do you say to this Mr. Tax payer? You are the man doing this hiring, what salary do you want them to receive? You have never known before, will you vote so that you will know hereafter.

Mr. Voter do you know how much the county officers that you hire every two years get for their services? If not would you like to know? Then vote the Republican ticket and let's put them upon a salary basis. This is a business proposition, the amount saved by this plan will buy your children free school books. If

this appeals to you, vote the Republican ticket. Do not listen to the siren song of the Democratic office holders, but vote for your interests. Which will you do? The time is near, have your verdict ready.

Country friends do you know how hard it is to get school books for your children, not only the cost, but the trouble to get them. Vote the Republican ticket and have them furnished free. See explanation on front page of this issue entitled: "For their information." It is a plain proposition to place the county officers upon salaries, and to put the amount thus saved as the difference between the amount they now receive in fees, and the amount they will receive in salaries, into the school fund, and to apply this amount towards the purchase of free school books for the children.

Are you in favor of putting the county officers upon fair and reasonable salaries, thereby saving more than five thousand dollars for the school fund, with which to buy and furnish free text books to the children of the county without one cent additional cost to the tax payers, if you are then vote the Republican ticket. But if you prefer to pay the county officers more than they are entitled too, and more in proportion than other salaried men receive, and are willing to buy your own school books or let your children go without an education in order that other men may grow rich, then vote the Democratic ticket, and receive the righteous indignation of your uneducated offspring in years to come, if you are free men which will you do. The time is near at hand, make up your verdict and act the part of a man upon the eighth day of November.

Musical at Graded School.

A rare treat was given at the Graded School Auditorium which was more than half filled with people last Friday night in the way of a musical. Miss McDowell music teacher at the Graded School gave several splendid selections of instrumental music. Two delightful quartets were rendered by Messrs. Morgan, Flick, Carrack and Shoffner. Mrs. J. L. Scott whose charming voice always pleases her audience rendered a solo which was far above the average. The entire musical was a treat.

Death of a Prominent Physician.

Dr. J. M. Matkins, whose parents live in Caswell County died at the hospital in Asheville last Friday. The remains were brought to this place on train No 22 Saturday and buried at Kamps Springs Cemetery Sunday. Dr. Matkins was 31 years of age and a prominent physician. After his graduation at college he practiced medicine for about one year at Altamahaw and has been at the hospital for about a year. He has a number of friends in this city who regret to learn of his death.

From every precinct or township in the county comes news of large Republican gains, from none came news of losses. Judging from the vote upon that part of the Republican ticket in the last election upon which the Republicans were united, it does not take much of a scholar to figure the result in this election. The party is united and there is not a break along the line, watch the result upon the eighth day of November.

Bradley's

The Democrats told us during the campaign for the adoption of the constitution at an amendment that no white man would ever be disfranchised, and even went so far as to hold up their right hand and swear to Almighty God that they hoped their right arm would become paralyzed if ever any white man was disfranchised. But the registrar in North Burlington precinct refused to register a white man last Saturday, and this man who has a family to support must stop work and let his family suffer while he is going to school so that he may stand the test that would puzzle a Philadelphia lawyer to stand much less a workingman before he is allowed the right to register and vote. But he must pay taxes, both town and state just the same- We are not blaming the registrar who refused to register him, this registrar may have been acting under orders issued him from higher up or may have been acting from what he thought was his duty in the matter but we are blaming those Democratic politicians who said that no white man would be disfranchised. The man who was refused was Bob Cheek, a honest hard working white man at the Elmira Cotton Mills, we mention his name not for the purpose of humiliating him, but for fear that some Democratic leader will say, that no white man was disfranchised, and that it is a radical lie. We do not know his politics, but in as much as he was refused registration, we presume that he was a Republican, we have not heard of a Democrat being refused. White men those of you who have to labor for your daily bread, and who do not have the opportunity to acquire a good education, what do you think of such high handed methods, and are you going to longer stand by a party who will make such promises and then break them, better turn them out of office, you do not know how soon your turn may come to be done likewise.

Death of J. G. Sykes.

John G. Sykes died in his home near Elmira Mills at 9 o'clock p. m. Oct. 28th, 1910 aged a little more than 65 years. He was in usual health until Tuesday Oct. 25th when he was stricken with paralysis.

As a boy of 16 years he volunteered and entered the service in the Confederate army joining Company F. 6th North Carolina Regiment. He served four years. He leaves a widow 5 sons and 1 daughter. His remains were laid to rest in the cemetery at Altamahaw Oct. 29th a brief service being held by Rev. J. D. Andrew.

Death of Mrs. McIntyre.

Mrs. Bessie Wrenn McIntyre died at Altamahaw Oct. 28th 1910 aged 21 years 1 month and 27 days. She leaves a husband, Mr. Ed McIntyre and two little children as well as father and mother brothers, and sisters to mourn her death. Before death she gave assurance of being prepared to go. The funeral was held by Rev. J. D. Andrew in Bethelhem Christian Church at 2 p. m. Oct. 29th and her body was laid to rest in the cemetery near by.

Death of Mr. Mike Holt.

Mr. Mike Holt died Monday at his home near Kimesville at the age of 74 years. He had been a faithful member of the Mt. Zion Baptist Church for many years. He had been married three times and had eight children. He leaves a wife and two sons and two daughters, 47 grand children and 30 great grand children with a host of friends to mourn his death. Mr. Holt was a good friend and was loved by all who knew him. May God comfort the bereaved wife and children and guide them

through this world and when done with earth may they gather around the great white throne an unbroken family, where no farewell tears are shed.

FROTH FOR SUBSTANCE AND ABUSE FOR HISTORY

By T. Ivey. In Greensboro Daily News

Perhaps the most used term in North Carolina today, certainly the most misused is the newly coined (?) word "Butlerism." By those who employ it most it is made a synonym for trickery, traitor, treachery, treason, impostor, ingrate, false leader, boss and every other evil term of which a wicked imagination can conceive. By some it is made a campaign issue and all sorts of guns and explosive are leveled upon it.

When our next lexicographers and the compilers of encyclopedias write the term, all of this froth and misstatement will have vanished and the true definition, if written at all, will be manhood, honor, virtue, patriotism, courage, steadfastness, endurance; and history connected with the term will be such as any North Carolinian may well covet.

Unwilling to take froth of substance and abuse for history, and wishing to reassure myself and to set forth the facts in the matter, I have gone to public records and then discerned acts and the facts which show a radiance upon the term "Butlerism."

And now in a strictly non-partisan way and in order to keep history straight, I wish to give a few of them as they relate to the Hon. Marion Butler, and which are ineffably written in the history of North Carolina and of the United States. The data given here is reliable and any one can easily verify it.

Mr. Butler's first public act, was perhaps being elected to the legislature of North Carolina, as senator from Sampson County in the year of 1890. He was therefore a member of the legislature of 1891 and no one in that body was more aggressive than he. "He put his impress upon or 'Butlerized,' if you please many good measures of statewide importance. In his candidacy for the legislature he advocated strongly of a railroad commission and his popularity at the polls was chiefly on account of feature of his canvass. In the legislature he was chief promoter being chairman of the joint committee on railroads, and never let up until the North Carolina railroad commission was established. Our present corporation commission is the same thing with enlarged duties and a new name.

He was an advocate and strong supporter of the measure establishing the State Normal and Industrial College at Greensboro. Drs. Alderman and McIver had for several years been urging without result, to appropriate money to authorize the establishment of a state school for higher education of girls and young women. Mr. Butler took up the measure for them and was instrumental in its establishment, taking a leading part as its champion. He also championed the establishment of the deaf and dumb school at Marganton and increased provisions for the A. & M. college.

He was the leading advocate of the 6 per cent interest law and against much opposition succeeded in getting the same enacted into law. It was during this session when the University of North Carolina was facing a crisis that threatened a crushing defeat by the withdrawal of the state aid. The whole faculty has given Mr. Butler credit for saving this state institution in that instance. Of this act Dr. Kemp P. Battle, the president of the university said: "You cannot further than I do in expressing the magnitude of Senator Butler's service to the university."

If Senator Butler had passed through this session of the legislature and done nothing else than to have pressed to a successful conclusion a single one of the measures above mentioned, he would have deserved well at the hands of his fellow countrymen.

His record in the United States Senate was no less brilliant. Turning to the Congressional Record it is found that Mr. Butler introduced in the Senate the bill to establish rural free delivery and succeeded in getting it placed on the postoffice appropriation bill, and it became a law that year, 1896. The vote in the Senate was 30 in favor of the proposition and 23 against it, Mr. Butler making the only speech in favor of it, one of his strongest points being that it would work for the uplift of the farmer and tend to keep him on the farm. Each year after this he made a fight to continue this system, increasing the appropriation from \$50,000 the first year to \$200,000 the second year

\$300,000 the third year, and \$500,000 the fourth, when the system became a permanent fixture, and last year the appropriation approximated \$40,000,000. The advanced price of farm lands today is largely due to rural free delivery. He also introduced a bill to establish a parcel post system and made one or more speeches in support of the same. He has been assisting those who favored the proposition every year since. A bill to establish a system of postal savings banks was also introduced by him, and he continued to fight for this measure during his entire six years in the Senate. During the last year of his term he succeeded in getting a favorable report on his bill. The report which he made and the data and facts collected by him were the basis of the bill that became a law at the last session of Congress.

On December 20th 1893, he introduced a measure to pension the Confederate soldiers similar to the pension now paid to the Union soldiers, and made in January following an extended speech for the same. This was a most patriotic measure and had it passed would have conducted to the pleasure of many a southern soldier and brought many millions of dollars into the south.

Mr. Butler succeeded in putting through a bill establishing the fish hatchery at Edenton N. C., and the United States biological station located at Beaufort N. C., which is one of the most complete and the best patronized on the whole coast.

It is well known in the state he secured the appropriation for the Guilford Battleground, also an appropriation for Moores Battleground.

During this whole time not even his bitterest enemy can point to a single vote that he ever cast in either the legislature of the state or the Senate of the United States that has not been on the side of the people.

This article would not be complete without mentioning his connection with the oft-discussed state bonds. This writer understands that there's two distinct classes of these bonds, now known as fraudulent or reconstruction bonds, and South Dakota or Western North Carolina railroad bonds. The latter have been recognized as valid. Mr. Butler attorney for the syndicate holding these valid bonds and passing the matter through the courts, compelled the state to pay them. He has repeatedly denied the charge of being the attorney for the fraudulent bonds and of being connected with them in any way. Nobody has ever shown that Mr. Butler was in any way associated with these bonds. The oft-repeated charge appears to be a gratuitous misrepresentation.

Thus "Butlerism," as it relates to this son of Carolina, is a badge of honor and should be passing above par.

Good News From The Youth's Companion.

We have had to make The Youth's Companion larger to get in all the good things that Companion readers ought to have. The added amount would make four hundred pages of standard magazine size and print; but we have kept the price just the same—\$1.75 for the fifty-two weeks of 1911, and all the issues for the rest of this year free from the time you send in your subscription.

We would like to tell you what is in store for Companion readers next year. We cannot do it here, though; there is not room. But send your address on a postal card, and we will send you the beautiful Prospectus of The Companion for 1911, announcing many new features, together with sample copies of the paper.

We think you will agree, when you have read them, that there is no other paper that gives quite so much of such a high quality as The Companion.

The new subscriber receives a gift of The Companion's Art Calendar for 1911, reproducing in twelve colors and gold a beautiful water-color garden scene.

OUR CAMPAIGN LETTER

Sent to the Dispatch.

New York October 30th, 1910.

A very interesting and significant phase of the Congressional campaign of 1910 is the fact that the Democratic party press are not expecting or hoping for success at the polls on November 8th because of any merits of the party. They are not presenting the voters any claims whatever that their candidates should be supported because of what the Democratic party has done or expects to do. Their whole basis for any expectation or hope of victory lies in the one fact that the Republican are or have been more or less divided.

Neither has there been any attempt to convict the Republican party of negligence or incapability. Not once has any Democratic speaker or paper had the temerity to claim that Republican legislation of the past few years, and particularly at the last session of Congress, was not only up to the standard, but far in excess of all previous records. Nor has there been any attack upon the Administration, either in the way of pointing out Department scandals or undue extravagance, in fact the Democratic leaders and the Democratic press have had to acknowledge, if only tacitly, that the Republican party in both legislation and Administration has proved itself worthy of a continuance in power.

It is true that the Democratic leaders in Congress before the close of the session and since adjournment on the stump have endeavored to attack the tariff law passed at the extra session. This attack has largely been confined to one claim—that the high cost of living was due to that revision of the tariff, and yet just as soon as a Democratic spellbinder is asked to show or to prove in what way the various reductions of that tariff were connected with the higher prices of the necessities of life he retreats ignominiously and drops the subject without further comment.

Democratic success cannot come through any exploitation of Democratic action, it cannot come through any reference to what the Democratic party did the last time it was in power; it cannot come through any promises that the Democratic platform has made for the future for the only promise that is made at all emphatic by any Democratic speaker or paper is the threat to pass through the House a tariff for revenue only, and the people of the country are not ready to accept a revision of the sort. The question then arises, will the Democratic party without a record of anything accomplished and only with a history that cannot be repeated expect to be returned to power simply because of a dissatisfaction and unrest that has swept over the country because of the higher cost of living, when it can be shown beyond question that in no way can the higher cost of living be attributed to the last Republican revision of the tariff.

It is true that there has been differences in the Republican party concerning methods and details of legislation—it is true that the last tariff law was no more satisfactory to all conditions of people than has ever been any tariff law enacted previously in our history by either party. But that very law with which so much fault is found by some provided for a way to improve it should it prove detrimental to any section or industry throughout the country, and the people have the assurance of the President and the leaders of the party, as announced in the various platforms, that if the Tariff Board constituted by that law and provided with the necessary funds for investigation, should show to the President that any schedule was operating to the detriment of any industry in any section of the country that revision would be recommended and the fault rectified. We have no such promises from

the Democrats—if they are put in power they will frame and pass an entirely new law—framed with only one object in view, to destroy protection and to reduce the production of this country either through foreign importations or the adoption of a reduced scale of wages to correspond with those of our competitors abroad.

On the other hand, the Republicans, if continued in power, promise not only to rectify any inequality in the tariff, but to carry out to full completion all of the pledges made by the party in its last National platform. It is then for the voters on the 8th of November to choose between a party that has done nothing and promises nothing and a party that has done even more than it has promised and proposes to do even to that great record.

REMEMBER THE PROMISES.

Ten years ago Governor Aycock and other distinguished Democratic orators declared that the adoption of the constitutional amendment should not disfranchise a single white man, in North Carolina, and some of them offered to make this assertion good by oath. This measure was adopted by the people, and eight years was given the ignorant white man to educate himself and qualify for the franchise. Those years have passed, and the Democratic party refused to extend that time, and today no boy, no matter how white or whether his father fought for his country, can't vote unless he can read and write.

It is the old case of Democratic promises broken, for, right here in Surry County young men have been refused registration because that same party, which made this promise and which had complete control of the state school system never made it possible for the boys to secure that education promised. This unfulfilled promise will, and should react upon them as well as their refusal to extend this time when they know there are still thousands of white boys who could not possibly meet the requirements.

This is the record of the Democratic party, and the Republican party has always stood for a fair and open ballot giving to every honest citizen the right to express his opinions at the polls, and when they were in power, gave the people of North Carolina the best election law ever placed upon the statute books. When you come to cast your vote why not give one vote for the poor unfortunate white boy that the Democratic party has placed on a level with the negro, for circumstances may yet place your son in the same deplorable position. —Mt. Airy Leader.

Disfranchisement.

During the period since 1900 we have been told by the Democratic orators and assured by Democratic papers that the passage of the constitutional amendment was as much an enfranchisement of the white man as it was the disfranchisement of the negro. More than once the assurance that white men should not be disfranchised has gone out, and has been repeated whenever the occasion called for it. Yet, in this good year of grace, we see young white men stood aside and thrust into the class of felons and ignorant negroes, because they do not possess educational qualifications sufficient to satisfy biased and prejudiced Democrat registrars. Young men upon whom fortune has failed to smile because of poverty or some adversity, and have not had an opportunity to acquire sufficient education, are turned down and cast into outer darkness of disfranchisement. Now where are the men whose blood boiled at the thought of negro supremacy? Where are all the vaunted champions of white supremacy, that they do not raise one word of protest at such outrageous treatment

Are we to believe that it was all for the purpose of Democratic supremacy rather than white supremacy? We do not believe that the rank and file of Democracy will meekly and mildly stand for such treatment. We do not believe that they will further consort with a party whose leaders will permit such practices. No one protested when Democratic registrars, in the name of white supremacy, stained their conscience to turn down negroes, who near to or even within the limit of educational requirements, yet were we not assured that they would do some more straining the other way when they came to deal with white men? Is it not now incumbent upon those who disfranchised the negro to keep their promise and enfranchise the white man? There are many who think so and they are not all confined to the Republican party either. —Wilkes Patriot.

Ex-Governor Aycock, we learn from the local papers, "got sick" and could not fill his advertised appointments at this place, and at Jefferson. Speculation leads us to wonder whether the ex-Gov. did not learn of the disfranchisement of white men in these two towns and then balked at the proposition of facing the music. —Wilkes Patriot.

MR. WHITE TAKES ISSUE WITH CLERK KERNODLE

The Republican candidate for the Legislature, Prof. J. A. Hornaday, insists that county officers should be put on a salary instead of receiving fees, and proceeds to name a salary at which they should serve. He has been teaching and received nearly a dollar an hour for his services. The officers would be glad to receive that much compensation for the hours they have to give to their official duties, we believe. When the county becomes more populous and the income increases sufficiently, we have no doubt the salary system will be adopted. —Gleaner.

I want to take issue with our efficient clerk of Court, I am not criticizing our present county officers for contending for the "Fee System." If I was in their place I would probably take the same position, however as a citizen and taxpayer of Alamance, I see that there is only one of two things to be done, either to reduce our expenses or increase our taxes. When the County Banks for the first time, refuse to cash the county orders, and return them endorsed "No Funds," or "Not Good," I think that it is time to set up and take notice. Brother Kernodle says that "When the county becomes more populous and the income increases, etc., Alamance has more people to the square mile than probably any other county in North Carolina—and as to the income, it stands about tenth in the ninety-eight counties. The county officers of Guilford opposed it, and their grounds of opposition were the same as we now hear from our county officials. Notwithstanding the opposition, Guilford went on a salary basis, and their official and sworn statement shows that the county saved last year over \$10,000 to the tax payers of Guilford. Forsyth, Buncombe and other counties who have adopted the salary system in place of Fees are pleased (I mean the tax payers are pleased) and has resulted in a big saving. I was told in Winston-Salem that Forsyth county saved about nine thousand dollars a year. Buncombe more than ten thousand dollars. This is the issue in Iredell, Wake, Anson and other counties this year.

I have no figures, but our total taxes for this year will amount to \$80,000, and increasing each year. Anyone can easily figure the amount of the Treasurer and Sheriff's fees or commissions on the taxes above. I want to go on record as saying that with fair and equitable salaries for our county officers instead of fees that I will pledge and guarantee a saving of no less than \$3,000 per year and I believe that it will be nearer \$5,000, and this saving will increase as the county grows and prospers. Gentlemen this is a business proposition and it means money to every tax payer in Alamance county, and I want to say that whoever is elected I propose to petition the next Legislature to pass a bill to put our county officers on salaries. However, the Republican party of Alamance is responsible for this proposed reform and should have the endorsement of the citizens of our county. It is up to you. W. E. WHITE.

An Inquiry.

Editor of the Dispatch. Dear Sir:—It has been said that the people who conducted the Beer Saloon in the Fair Ground, during the fair did not have a license issued by The Alamance county authorities, but operated under a Guilford county license. Will you please inform me through your paper if this is true. (Truth Seeker)

We are unable to give you the information asked for we understand however that all license issued by the sheriff must state the exact location of the place where the stuff is to be sold, even naming the street or road upon which the business is located. You can find out from the sheriff of the county as we presume if a license was issued, the records will show it, we are sorry that we are not posted upon this subject, it seem to me that it is a case for the Law and Order league. —Ed.

Mr. Tax Payer did you know that no set of books are kept to show the exact county indebtedness, and that there is not an officer or other person who can tell you without searching all the records of each county commissioners meeting for a whole year, how do you like such a system, and are you going to vote to continue such bad business methods.

ed for registration and had neither his grandfathers clause certificate nor his poll tax receipt. This same clever registrar took this man's verbal word for his grandfather's clause certificate and did not qualify him under the requirements of the election law as to his educational qualifications, but simply placed his name upon the book without one moment's hesitation. He was a Democrat. Just twenty four hours before this happened, on October the 23 just before sun set I accompanied a gentleman to the Morton's Township registrar and he was a man of good educational qualifications, but this man just like the one above mentioned did not have his grandfathers clause certificate and this grisley Morton's Township registrar would not register this gentleman, he positively refused to let him stand the educational test when he repeatedly and persistently appealed for such test. And when he frankly continued to refuse to register him the question was put to this measly registrar would you deny and refuse this man registration and disfranchise him a man your superior if this was the last day of grace and he could not possible get his certificate before sunset. He frankly said he would. Reader and citizen how much longer will you support and be apart to such a party that will uphold such high handed methods as this? You may take away from a white man his bread, or you may take his meat and he will labor and still live, but when you take his citizenship away from him, you have robbed him of the only privilege his forefather fought and bled and died for. And you have placed him on a dead level with the black and purley negro. This is exactly what the Democratic party of North Carolina has done. And the lie brands them in the face when they say otherwise, for the disfranchised white men are here to speak for themselves.

If the registrar wishes to question one of any of the above statements he is hereby challenged to do so.

Respectfully,
A. CITIZEN.

The silliest rot yet sprung in this campaign is that the republicans wanted the county to issue bonds so that Marion Butler and a bond syndicate could buy them. Why, don't the ignoramuses know that all the bonds issued by the city of Ashboro for a public school building and water works and by the city of Randleman for school building and street pavement and by Randleman township for macadamizing public roads were snapped up by some other "Butlers" besides Marion. There are people right here in Randolph who generally take in the bonds and county orders when they come on the market. No, Butler never gets an opportunity to handle Randolph county securities. There are others. —Randolph Bulletin.
