The Doctor's First Question

"How are your bowels?" This is generally the first question the doctor asks. He knows what a sluggish liver means. He knows what a long list of distressing complaints result from constipation. He knows that headaches, bilious attacks, indigestion, impure blood, and general debility are often promptly relieved by a good liver pill. We wish you would talk with your own doctor about this subject. Ask him at the same time if he approves of Ayer's Pills. Do as he says. I.C. Aver Co., Lowell, Mass.

The Wireless Miracle.

At Leavenworth, Kas. a wireless message was caught giving information as to the state of things in Mexico. It is supposed to be intelligence from Washington sent through the atmosphere to President Taft sailing through the Gulf of Mexico, toward Panama. A man sitting at night in his little office out in Kansas, listing to what the Secretary of Cannon he would remain just an listing to what the Secretary of State at Washington is telling the President, on shipboad awsy out in the Gulf of Mexico!

CHAMP CLARK ARRIVES.

When Champ Clark, prospective Speaker of the Sixty-second Congress, arrived on the scene here a day or two ago he was immediately besieged by the hungry ones. These lost no time in saying just what they wanted and in asking the Missourian to help in the cause. Mr. Clark frankly told many of them he was not yet elected Speaker, though he believed he would be, and that until his colleagues showed their preference by actuordinary member of Congress.

Mr. Clark lives on K. street in Washington, and his quarters are crowded day and night. The same thing is true of his office at the Capitol. There he said today, he had received 1,000 letters from applicants for positions which had not yet been opened for lack of time.

DEMOCRATS PITCH CAMP.

Many persons in Washington well remember when "Coxey's Army" arrived and pitched its camp at the foot of Capitol hill. That is just what the Democrats are preparing to do except in a little different way. After La Grippe

"I had suffered several weeks with LaGrippe. Had pains in my head and eyes. It felt ac though there was a heavy weight on the top of my head, until it seemed that my brain would burst.
