SUPREME COURT GIVES A KNOCKOUT BLOW TO STATE PROHIBITION

Raleigh, Dec. 14.—The Supreme court in the case of State vs Colonial club, of Mecklenburg through the controlling opinion of the court by Justice Manning this afternoon reverses the verdict of the lower court by Justice Manning this afternoon reverses the verdict of the lower court, thereby declaring that the club has not violated the state prohibition law in keeping indiscriminate storage of beer for members and their friends on presentation of coupons held by members to the face value of the beer they have in storage.

Dissenting opinions by Chief Justice Clark and Justice Hoke pronounce the Colonial Club system a cooperative barroom.

The Colonial Club members, according to the evidence, made their orders of beer in quantity from non-resident dealers and turned the order over to the club steward, who deposited the checks to the credit of the club and sends orders with the checks of the club treasurer for aggregate amount. The goods were sent to individual members, care the club, these shipments being indiscriminately stored in the club refrigerator, the members receiving coupons as the beer is consumed. The opinion of the majority of the court, by Justice Manning, holds this system does not constitute a sale any more than the grain warehouse system of receiving planters' grain later measuring him out grain of same quality and quantity but not all his own grain, constitutes a sale on the part of the grain warehouse man.

In the lower court Judge Long held it was a sale, and imposed a fine of \$500. This, the Supreme court through Manning's opinion, reverses. On the other hand, Chief Justice Clark and Justice Hoke dissenting, agrees with Judge Long and hold that when money paid to the club steward by members it becomes club property as money deposited in the bank becomes the property of the bank. Likewise, beer received by the club and deposited indiscriminately, becomes the property of the club, and members not receiving individual beer, but gets the amount he desires out of the entire stock goes to make this sale. They hold also that such a club is simply a cooperative barroom and that a book of coupons is identical with the system used by laundries, where a man who pays cash in advance, receives a book of coupons with which to pay his laundry bill.

The view was taken by leading prohibitionists here that the effect of the court's decision in upholding the Colonial club amounts to a nullification of the state prohibition law, in that any number of men at a cross roads could get in a supply of liquors and maintain a co-operative barroom that would nullify prohibition.

Box Rent Increases.

The Box Rent Rates have advanced, to take effect January 1st, 1911 boxes that have been renting for 45c per quarter are now 60c, now 75c, those which have been 75c now one dollar this increase is mandatory under section 347 Postal Laws and Regulations which makes the gross receipts of a Post Office and the size of the boxes the basis for the rental charged, the schedule charged is uniform throughout the United States.

Respectfully,
J. Zeb Waller,
Post Master.

[The above is what we get for living in a live and growing town, those who object to the advance should move to a dead town.—Ed.]

The store of the Foster Shoe Co will be closed on Monday after Christmas.

THE USE OF THE MAILS

Postmaster Douglas Imparts Information For Christmas Senders.

To the Patrons of the Greensboro Postoffice:
I think I may safely say that you can count on the men who compose the postal service here and elsewhere giving you the very best service that they can during the holiday rush, but at the same time it should be remembered that the large number of letters and parcels to be handled renders it impossible to keep the service up to the standard that is maintained under normal conditions. My experience and observation has been that as much as a third of the Christmas parcels handled by the postoffice are delivered after Christmas day. Sometimes this is due to delays in transit, but more often to the delay of senders. I need not say that almost any present loses just a little of its welcome if received a day or two late, and for this reason let me urge all who can to mail their parcels in plenty of time. By doing this you will help both yourselves and us.

For your information, I will say that merchandise is known as "fourth-class" and that the postage rate is 1 cent per ounce or fraction of an ounce; that books and other printed matter are known as "third-class" and carry a rate of 1 cent for each two ounces or fraction thereof, and that all matter which contains writing or is sealed against inspection is "first-class" and that the rate is 2 cents per ounce or fraction thereof. Third or fourth class matter may contain the name of the sender and a short expression appropriate to the season, such as "Merry Christmas," but must not contain any writing other than this.

In view of the trouble we have had in past years, I wish also to call your attention to the fact that Red Cross stamps or other decorative stamps must not be so placed upon parcels as to seal the string down to the wrapping. If this is done it renders the package so sealed subject to postage at the first class rate.

If there is any doubt about the weight of the package or rate of postage consult the clerk at the stamp window, who will weigh packages or give the desired information.

ROBERT D. DOUGLAS, P. M.

[We print the above for the benefit of our readers, what applies to one post office applies to all, and we feel that all the postmasters where the DISPATCH circulates will appreciate this announcement, it is well to note too that Xmas day is a holiday at the post office, and that you can only get your mail at certain hours.]

The Salary System Best.

According to reports in our local columns the salary system in Forsyth county proved a great money saver during the year just closed. In the report printed elsewhere of receipts by the county officials, only some two or three thousand dollars are shown. This is not a full showing, for the reason that the sheriff makes no return to the county of any large amount save in the collection of taxes. He is paid a salary of \$3,500. By the collection of taxes under a salary basis instead of the five per cent fee system, he saved the county some \$7,000 or \$8,000 which would make a total of some \$10,000 or \$12,000 which the salary system has saved to Forsyth county during the fiscal year just closed.—The Union Republican.

Miss Baldwin Thanks Her Friends.

I take this method of thanking my many friends who rendered me such valuable assistance during the recent voting contest of THE STATE DISPATCH, in which I was successful winning the beautiful GOLD WATCH. I will be pleased not only to give you the correct time but return the favor whenever permitted to do so.

Respectfully,
MOLLIE BALDWIN.

FINLEY IS OPTIMISTIC

Declares Outlook For Retail Business In South is Excellent.

Columbia, S. C., Dec. 12—Pres. Finley, of the Southern Railway Company, who has been in the south for the past two weeks, in speaking of the business outlook in this section, said:

"Internal business conditions in the southeastern states are excellent, fundamentally, this is due to the generally prosperous year that our farmers have had. Taking all things into consideration, I doubt whether southern farmers as a whole have ever had a better year than that now drawing to a close. Cotton, the most important crop of the south, is moving at prices which yield to the grower a generous margin of profit. The southern apple crop is large and profitable. The southern corn crop has far surpassed all previous yields and is having a far-reaching effect on business conditions. Heretofore the planter has drawn on the proceeds of his cotton crop to buy corn for his stock. This year he will buy much less corn, and at the same time, will have more home-grown meat. He is, therefore, in a much stronger financial position and is able to spend more money on buildings and other improvements on his farm, to buy farm implements and to make larger purchases of general merchandise.

"As a result of the good agricultural situation the outlook for retail business in the south is almost uniformly excellent. Dealers in dry goods, clothing, groceries, boots and shoes, hardware and stoves, and merchants generally report a good volume of business with encouraging prospects.

"Manufacturers of vehicles and agricultural implements, and other manufacturers who sell principally to the southern trade, anticipate good spring business. "The fertilizer business of the south is one of large importance, and it is predicted that this season's movement, which will begin in January, will be substantially larger than that of last year."

Speaking of industries manufacturing for the general trade, Mr. Finley said:

"Furniture manufacturers are now filling moderate orders and are looking forward to larger sales after their new styles have been displayed at the January expositions in Cincinnati, Chicago and Grand Rapids. The southern cotton mill situation is uneven. The long-delayed readjustment of the prices of mill products to the higher price level of the same raw material has not yet fully taken place. There, however, an active demand for some special lines of goods. Jobbers are reported to have relatively small stocks. The situation is, therefore, promising for an active business as soon as sellers and buyers can get together on prices. Leading cotton manufacturers believe it is not unlikely that such a situation may be reached not later than the early spring.

"The demand for iron and steel is not active. Lumber has also been rather inactive, but mills in many localities are now reporting a brisk demand and largely increased sales.

"The financial situation in the south is strong. Money is easier, and especially in localities where the farmers have marketed a large proportion of their cotton, and deposits are increasing. Collections are generally good except in some localities where cotton is being held."

Old Fiddlers Contest.

This contest which is to be the event of the Christmas week, will be given on Tuesday December the 27th at the Holt Guard Armory at 8 p. m. Also in Graham on Thursday December the 29th at 8 p. m. at Montwhite Theater. There are about sixteen prizes to be given away at each place. All very useful to the fiddlers. All who fiddle ladies or gentleman players, banjo-pickers, buck dances, all old time song singers. All who play are urged to be on hand at both places.

A PLAIN PROPOSITION

Mebane, N. C., Dec. 19, 1910.
Mr. Editor:—The letter below explains itself.

Winston-Salem, N. C., Dec 12.
Mr. W. E. White,
Mebane, N. C.

Dear Sir:—Yours to hand of a few days ago in regard to the salaries of our county officers, beg to inform you that the Sheriff's salary is \$3,500.00 Clerk of Superior Court \$3,000.00 Register of Deeds \$2,500.00 County Treas. \$1,200.00. The Sheriff being on salary saves the County something like \$6,500.00 Clerk of Superior Court \$1,500.00 Register of Deeds \$1,200.00 County Treas. \$2,000.00 to \$3,000.00.

Yours very truly
H. W. MASTEN,
Register of Deeds
Forsyth County.

P. S. The above figures are not official, but a conservative estimate.

I have shown by the sworn statement of the Auditor of Guilford County that by adopting the salary system for the county officers, instead of fees, that this system saved to the tax payers of Guilford county last year \$10,800.00, and the above letter from the Register of Deeds of Forsyth County estimates a saving of \$11,200.00 this year. What are the tax payers of Alamance going to do about it? Our Representative in the next Legislature, Mr. J. Elmer Long, I am sure will advocate what the citizens and tax payers of our county favor.

Our present board of County Commissioners have served notice on the people, that the county is without funds to continue improvements. If we put our County officers on salaries, giving them fair and liberal, but not extravagant salaries, and compel all County officers to collect all fees in full, putting these fees and commissions in the general fund, will give our County Commissioners at least \$5,000.00 each year.

I regret to note that our County Press, with the exception of the Dispatch, has not had one word to say editorially in favor of this measure, although every one knows that every statement that I have made is true. This is a business proposition and means at least \$5,000.00 annually to the tax payers of Alamance County. Shall we save this amount, or shall we increase our taxes. Ye can rest assured that you must do one or the other.
W. E. WHITE.

Some Reasons For Guilford's Remarkable Growth

By far the biggest surprise to people in North Carolina, yet sprung by this years federal census reports, is the increased population of Guilford county. In an editorial on "The Secret of It," published yesterday morning, the News and Observer thus enumerates some of the reasons for it.

The census reports show that within ten years the population of Guilford county has grown from 39,074 to 60,497, the biggest gain of any county in North Carolina—indeed, nearly twice as big a gain as is shown by any other county in the state.

Why did Guilford make this big increase? There is no single reason, but all the reason spell Progress. For many years Greensboro was a sleepy, fine old town, with sterling population, but it was sleepy and unprogressive. The Guilford people were industrious and thrifty, but seemed satisfied to pull through mud roads and to send their children to short-term schools in sorry school houses. This, too, in a county with splendid private schools and the stimulus of a Friends college. Suddenly, as it seemed, there came a change in the spirit of the people. It first took concrete form in voting bonds to secure the location of the State Normal and Industrial college. That vote carried the dynamic force in Charles D. McIver to Greensboro. Its people found him as a citizen what Major Bingham called him, "a steam engine in breeches." No dreamer, he but a constructive statesman. It was through his leadership, that Guilford voted a local tax in most school districts while the rest of us were talking about it, and Guilford had, ten years ago, a system of public rural schools, taken as a whole, far and away better than those of any county in the state. And it is mainly due to this increased interest in public education and the education of the children that produce the other good things that attract folks to Guilford county. The first thing to do, therefore, if you wish your county to grow, is to educate the children, provide good schools for them by local tax, send them to school and they will in turn educate the elder folks to progress in every way.

The second big step Guilford took was to vote a \$300,000 bond issue to build good roads, and put the spending of the money in the hands of practical men who used it to build roads and permitted no politics or favoritism to interfere with making good roads. The other counties in the state should study the growth of population in Guilford in connection with the building of good roads. Men who go to seek new homes in the country are chiefly influenced by the quality of roads and schools. If you will study the growth of population in the state, you will see that it has been largest where the people have been progressive enough to tax themselves to furnish the necessities to secure immigration and to give prime needs to farmers and their children. Guilford has been progressive in other ways. It has had wise legislators who looked ahead. When other big counties were content to pay county officers bigger sums than the state paid its governor, the Guilford legislators passed a law to put county officers on salaries, thereby saving \$10,000 annually to the county, and still paying county officials fair salaries. While other counties made little effort to put all property on the tax books and many seemed to try to make assessments to low, Guilford has had a capable official who put many thousands of dollars on the tax lists and started a movement that will, next year, secure even better and larger assessment of all property for taxation. Guilford's progress in the matter of county administration could be wisely followed by most counties in the State.

Of course, there has been marked enterprise in business and manufacturing and agriculture in Greensboro, High Point, and other towns, and in the rural districts, without which

GRANVILLE COUNTY SCENE OF A BLOODY CRIME

Assault, Murder and Arson, Three Dead—The Criminal in Jail.

Durham, N. C., Dec. 20.—Durham has been stirred deeply today by the presence in jail here of Nathan Montague, a young negro charged with the assault, murder and arson last night in Granville county.

Sheriff Wheeler rushed the criminal across the country this morning at 7 o'clock having found him in his home about 1:30 after little or no preliminary. The discovery of fire in J. L. Sander's home, near Hester, last night aroused the neighbors about 10 o'clock. They reached the burning house but no one was about.

On the ground were found a terrible tell tale of assault and murder, a girl's hair and clothes, torn from her blood in a copious pool over the ground. Near the torn up ground was a big pocket knife bloody, unquestionably the instrument of death.

When the fire died down, the charred bodies of Miss Mary Sanders, and the little granddaughter of two years were found. A neighbor immediately recognized the knife and ascribed its ownership to Nathan Montague.

Sheriff Wheeler was called by telephone and went immediately to the negro's home. He found the fellow trembling, bloody, with hair on him. There was no resistance. From that place he hurried the fellow to Durham.

Already excited at Oxford has grown to be intense. The gurgling of the knife in the arrest of the negro was not a piece of desperate grasping for a clue. It so happened that yesterday the young girl was at a neighbors assisting in killing hogs and the negro was also there. The knife that he used in scraping the hogs was the knife remembered by the relatives and friends of the girl. When seen it was immediately recognized as the possible property of the murderer.

Sheriff Wheeler kept the presence of the negro as much a secret here as in Granville following the coroner's inquest.

Decision of City Vs N. C. Ry.

In a recent decision rendered by Judge Boyd in the case of the City Vs North Carolina Railroad in which the city demands the right to cross the Railroad track with Worth Street near the water tank Judge Boyd decided: First that the city had a right under its present charter to cross the property of the North Carolina Railway. Second that the Railway Company is a party to the suit, and that ten days will be given for the Railway Company to take an appeal after which time if an appeal is not taken the city will have the right to open the street, and the Southern Railway will have a right to bring suit for damage. If an appeal is taken during the ten days it will be decided by a juror.

this progress would have been impossible. But the student of conditions must give the chief credit for Guilford's growth to its primacy in providing good schools, good roads, good government, and to the spirit of well-directed advertising that has distinguished the county and its people during the past ten years.

Chapel Hill News.

The Southern Express office was entered Friday night for the third or fourth time in the last twelve months. A colored man by the name of Buck Paylor, who drove the mail wagon for Geo. C. Pickens & Co., was arrested, charged with the robbery. He was carried before Esp. Barbee Saturday and given a preliminary hearing and bound over to court under \$200 bail, failing to give same he was held in jail by Officer Whitaker. Packages of whiskey was found in the house of a colored man in whose charge Paylor was held.

Mr. C. M. Phillips who lives a few miles northwest of Elkin was in town Friday, and in conversation with the editor of the Times expressed the opinion that the best way for a good wheat yield was to be obtained by the protracting of the weather during the fall. He is of the opinion that wheat will be thin; he fears that much of the moisture in the ground will be lost and bring it up, it will be thin.

Officers Shepard, Henry and Prickett found an illicit whiskey plant down near Lovelace post office Tuesday. The plant was complete and in operation. Two men were present but they made good their escape at the approach of the officers. The whole outfit was new and had just started up. The still in the furnace not being dry. The still held about 60 gallons and there was a large quantity of meal and mash on hand.

A crate of 16 chickens were shipped from the express office Tuesday billed to Manila, Philippine Islands. The shipment was made via San Francisco and the express charges on the chickens was \$73.45, which were owned by Mr. W. S. Church, of Summit.

About two o'clock Saturday afternoon a large barn owned by J. H. Kearns at Farmer caught fire from some unknown cause and was burned to the ground. The barn and contents, valued at \$400, were a total loss, with only a small amount of insurance in the Farmers Mutual. The origin of the fire is a mystery as it was first discovered in some shucks in the hay bin overhead. Mr. Kearns was away from home when the fire occurred.

The old road bed of the A. & A. between Troy and Bisco is declared by the County Commissioners of Montgomery a public highway. The A. & A. has agreed to donate the trestle and bridge work to the county on this condition. This road connecting at Bisco with the Pinehurst and Winston Salem Highway, puts Troy in easy reach of both inter-state highways. The road though only 8 miles in length, means much to Montgomery.

The Clerk of the Court has received from the State Auditor a check for \$10,278, to be used in paying the Confederate pensioners in Wake County. There are 328 who receive pensions in this county. Of the number, 254 are Confederate soldiers and 123 are widows of those who fought in the Civil War.

A suit has been instituted against the city of Raleigh by Wylie R. Hunter, administrator of Randall Hunter. Young Randall Hunter was run over by a city wagon on Boylan bridge about twelve months ago and suffered injuries which resulted in his death. It is understood damages in the amount of \$10,000 will be asked.

Chas. Plyler, who was convicted at the August term of Union county court for the murder of his brother-in-law, Carter Parks, brought to Lee county jail and who is to be electrocuted at the State penitentiary on January 20th, was carried back to jail at Monroe by a deputy sheriff from Union last Saturday morning. Plyler was about as glad to go as Sheriff Petty was to have him go. The friends of the condemned man are hard at work in their efforts to have his sentence commuted to life imprisonment. The petitions for commutation, which have been extensively

signed, will be presented, to the Governor on the 21st of this month, and unless emergency is granted, the execution will take place in Raleigh on the day set. Danbury Reporter.

The weather during the present late fall has been the coldest recalled by our oldest citizens, to occur at this time of year. During the last few days we have had a prolonged and intense cold spell, which has frozen up the streams and paved the roads with granite and reminded us that winter is here. Union Republican

On December 7th, Mr. and Mrs. J. I. Crews, of Kernersville, this county, very happily celebrated their golden wedding. Among those present on the occasion were nine children of this worthy couple and their children, some twenty-odd, who presented this venerable pair with a golden purse of \$50. Mr. Crews is 73 years old, while his good wife counts her mile posts at 63 years. The Republican extends congratulations and best wishes for many years of life, health and usefulness.

Mr. John Shearon, of the Stokesdale section of Rockingham county, met with a painful accident at Farmer's Warehouse Tuesday morning. After the sale of his tobacco and he was getting into his wagon preparatory to starting home, the horse attached to the conveyance shied and Mr. Shearon by some means caught his foot and his leg twisted and broke. He was taken to the Twin-City Hospital, where the broken limb was set.

Mrs. Cook Tells Truth. Dexter, Ky. — In a signed statement, Mrs. Cook tells the truth about how Cardui brought back her health and strength. She says, "I could not get any relief, until I tried Cardui, the woman's tonic. I suffered more or less for 10 years, and was so weak and nervous I could hardly do my house work. Now I am in better health than ever before, am regular as clock work, do not suffer at all, and gain strength every day." Thousands of women have been helped back to health by Cardui. Try it.

President Taft and Labor. Omaha Bee. President Taft distinctly recommends that congress extend the operation of the eight-hour law so as to include workmen engaged in private as well as public shipyards, and if congress acts upon this advice it will serve to clear up a situation about which there has been all too much irritation and annoyance, both to labor and government. The President pays a stout tribute to common sense when he says he cannot see the difference in building ships in public or private yards when it comes to the matter of this law. That ought to gratify union labor very much.

The workman should find much of interest to himself by a careful study of Taft policies relating to labor. This recent message to Congress is strong with a fair consideration of the interest of union labor. He not only comes out in cordial commendation of the eight-hour law and its general application to government work, but he firmly reiterates his advocacy of a better system of employers' liability, a thing labor has been persistently demanding. This is one of the demands the President has all along declared he would urge upon Congress at this session and he has done so. It comprehends fair compensation for accidents and it is hoped that it will appeal to the sense of the employer.

Marvelous Discoveries. Mark the wonderful progress of the age. Air fights on heavy machines, telegrams without wires, terrible war inventions to kill men, and that wonder of wonders Dr. King's New Discovery—to save life when threatened by coughs, colds, lagrippe, asthma, croup, bronchitis, hemorrhages, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. Its the surest cure. James M. Black of Asheville, N. C. R.R. No. 4, writes it cured him of an obstinate cough after all remedies had failed. 50 cent and \$1.00. A trial bottle free. Guaranteed by Freeman Drug Co.

Dropsy— Given up by Doctor

"I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD, Wilmore, Ky.

Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness.

Dr. Miles' Heart Remedy is sold by all druggists. If the first bottle does not benefit, your druggist will return your money.

Food For Reflection.

With the establishment of the
salary system instead of fees in
Durham county, the incoming
county administration should fur-
nish a great many neighboring
localities with food for reflection.
—Charlotte Observer.

Still the majority party, who
are in control of the offices of
Alamance county are opposed to
salaries for our officers, because
was advocated by the Republi-
cans during the last campaign.
Probably the Tax Payers of our
county will wake up when another
Bond issue of \$50,000 are sold
to meet the expenses of our coun-
ty, or the tax rate increased.
Why not put our county officers
on salaries and put the \$5,000
saved in the road and school
funds and save the tax payers
\$5,000 annually.

The Presidents Message.

The annual message of the
President, was presented and
read to Congress, on Wednesday
succeeding the meeting of that
body, on the preceding Tuesday,
December the 6th. The message
is a voluminous and clear cut
state paper. Mr. Taft discusses
the economic questions of govern-
ment in a clear, logical and
straight forward manner, neither
evading glamouring any of the
questions of public policy, which
are now engaging the attention
of the two leading political par-
ties of the country, and the peo-
ple as well. The Payne-Aldrich
tariff law comes in for a large
measure of notice and while Mr.
Taft does not claim the present
tariff law to be free from imper-
fections, he insists that it is a
success as a revenue producer.
He urges that the consideration
of the tariff be removed from the
field of politics and committed to
a commission composed of busi-

ness people. He further recom-
mends to Congress the establish-
ment of a parcel post for the
transmission of all packages
weighing less than ten pounds.
Postal Banks also come in for
a large measure of notice in the
message and the President hopes
that this institution with the
strong arm of the government
thrown around them, will be the
means of bringing much idle
capital out of hiding and put it
in circulation and at the same
time hold out a strong incentive
for the working classes to save
up something for a rainy day
and old age.

Upon the whole the message
will be pronounced a strong state
paper by all non partisan read-
ers and we commend the careful
perusal of same by the reading
public. We regret that our lim-
ited space precludes the publica-
tion of a full text of the cable
document.

A Boomerang.

The claim of the Democracy
that the victory achieved by the
party at the recent election has
reduced the cost of living, by
causing a decline in the prices of
food-stuffs which are chiefly the
products of the farm, may prove
to be a boomerang in the next
election, since statistics show
that there are more people in this
country engaged in agricultural
pursuits than in all the other
trades and professions combined,
therefore if the object in life is
to do the greatest good to the
greatest number, we should not
complain when the farming class,
which is the largest class, is reap-
ing the reward of its labor.

Now the United States pro-
duces more food than it can con-
sume and exports large quanti-
ties to foreign countries. Here
in our home state, North Caroli-
na, perhaps we consume as much
as we produce, owing to the
large number of manufacturing
enterprises located throughout
the state. These same manufac-
turing enterprises live, thrive
and flourish, because of the pro-
tection offered them by the splen-
did protective tariff system in-
augurated by the Republican
party.

As trade is governed by the
law of supply and demand,
crush the manufacturing enter-
prises of the state and country
by removing the protective tariff,
the demand for farm products
will diminish and as a matter of
course as the demand lessens,
prices will decline in the same
ratio. Let the Democracy go be-
fore the country on the issue of
having brought about the decline
in prices of farm products if it
dures. The Republicans will
gladly accept the gauge of bat-
tle thus thrown down and go be-
fore a tribunal of the people at
the next election little fearing
the results.

We belong to the booster club,
what club do you belong to?

Among your New Year resolu-
tions, resolve to be a booster. It
pays.

Burlington the best town. Ala-
mance county the best county.
North Carolina the best State.
What's that! Who said not so.

Stop your knocking and be a
booster. It cost nothing to boost.
But it is very expensive to knock
take our word for it and don't
try it.

If you don't like to read the
Dispatch, send us a turkey for
Christmas and all will be forgiv-
en. Yes thanks awfully, avoid
the rush. Who will be the first?

Will the tax payers of Ala-
mance county stand idly by and
see the county office holders grow
rich at their expense. We do not
think so if the matter is properly
brought to their attention. Wake
up to your interest Mr. tax pay-
er and let us secure this needed
reform that works so well in oth-
er counties.

The State Supreme Courts re-
cent decision that clubs could
serve all the liquor and beer they
wanted too didn't touch us. We
belong to the booster club, and
boosting is not a dry business
either.

If the salary system for county
officers is good for other counties
in the State, and causes a saving
to the tax payers of from \$8,900
to \$12,000, per year, why should
it not be good for Alamance,
when it is possible to save the
tax payers at least \$5,000 per
year.

On the Right Track.

Every large county ought to
adopt the salary system in pay-
ing county officers. The Winston
Republican says the Forsyth
county, after paying its officers
good salaries, will make a total
saving of \$10,000 to \$12,000 by
the salary system. The chief
credit is due to Mr. John D.
Waddell, member of the House,
who was father of the bill, and
to Representative Nissen and
State Senator Eller, who helped
Mr. Waddell pass the bill. —News
and Observer.

This is the proper thing for
Alamance county to do. She is
destined to be one of the best
and wealthiest counties in the
state, while not the largest in
area, she will in the near future
be there with the goods, when
population and wealth are
reckoned with. Let every one
put his shoulder to the wheel and
push until we get a law placing
our county officers upon a salary
basis.

A Good Position.

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Memphis, Tenn., or Columbia, South Carolina.

"GLORY TO GOD IN THE HEAVENS"

December 25

"For unto you is born this day in the city of David a Saviour, which is Christ the Lord."—Luke 2:11.

GOD'S promise that the Seed of Abraham should ultimately bless all nations has influenced thought the world over, but particularly amongst those nations living contiguously to Abraham's home and northward and westward from there, in the directions in which the message of Divine favor has gone. At first the Jews, thought of this promise as being fulfilled in them as a nation—that, with our assistance from on High, they could approve themselves to God through obedience to the Law Covenant, and that then, as instructors of the world, they would teach all nations to keep that Divine Law, and thus bring the world to the blessed state of perfection, Divine favor and life everlasting. This hope was crushed out as they found themselves unable to keep

the Law, going down into death, instead of attaining to perfection of life. Even Moses, the special servant of God, could not, and did not, attain the blessing of the Law.

Then God made them the promise of some better thing—a greater Mediator and of a more successful Covenant through that Mediator. The Mediator of the New Covenant (Jer. 31:31-34) was to be greater than Moses; as he himself declared, "A Prophet shall I send unto you from amongst your brethren like unto me (but greater)—him shall ye hear in all things whatsoever he shall speak unto you. And it shall come to pass that the soul that will not obey that Prophet shall be destroyed from amongst the people." (Acts 3: 22, 23.)

"The Desire of All Nations"

As surrounding nations and those afar off heard of Israel's hopes—that to them would come a great Saviour, Deliverer, who would bless them and exalt them in the world and through them bless all peoples, the beauty of the thought took root in every direction. Messiah was more or less looked for under various names, and the glories of his Kingdom were pictured by heathen poets as the Golden Age.

Thus it happened that when our Lord was born, when he was made flesh and dwelt amongst us, "All men were in expectation of him"—not of Jesus, but of the promised Messiah, whom Jesus was. Thus it was that wise men in the East were attracted to see and to worship him that was born King of the Jews. Thus it was also that during Jesus' ministry certain Greeks came to the disciples saying, "sirs, we would see Jesus." They had heard of him and recognized that in some respects his magic power implied a relationship with the long-expected Messiah. And so it was with the multitudes of Palestine. They heard; they listened. They said, Is this he? The rulers said, No, this is not the Messiah. Then the people asked, When Messiah cometh can he do greater works than this man? Never man spake like this man!

Nevertheless, there were few ready to receive him, even amongst his own—"Israelites indeed," to whom, because of worthiness of heart, God especially revealed his Son. This was in harmony with the prophecy of old, "The secret of the Lord is with them that reverence him and he will show them his Covenant." (Psa. 25:14.) As again it is written, "I will give him for a Covenant of the people." (Isa. 49:8.) Neither Jews nor Greeks nor Persian wise men knew to expect that Messiah would first appear to offer himself, through obedience to the Truth, a living sacrifice for sinners. None of them knew that a long period must elapse from the time when Messiah would be the man of sorrows and acquainted with grief, of whom the people would be ashamed, until he would appear in power and great glory to establish his Empire under the whole heavens, in fulfillment of the prophetic picture of Daniel 2:34; 7:13, 14, 27.

Few understand God's great secret or "mystery" hidden during past ages and dispensations (Col. 1:26), that, during this long period of the Gospel Age, a "little flock" would be selected from amongst men to be Messiah's Bride, and joint-heir with him in his Messianic reign. Few see that this

"little flock" has been selected during these nineteen centuries from every nation, people, kindred and tongue, and that they are all saints, in the spirit of their Lords, at least, and follow the Lamb, whithersoever he goeth, walking in the footsteps of Jesus. Few understand that, as soon as these few sacrificers with the Master shall have filled up the measure of afflictions appointed, then the Kingdom of glory will be revealed and all flesh shall see it together and all shall be blessed by it.

A Savior—Christ the Lord

It was prophetically, of course, that the Babe of Bethlehem was called a Savior—he was to be a Savior. The Christ, the Lord. But as the Babe he was none of these. He became the Christ before becoming the Savior and Lord. The word Christ signifies anointed. In the Divine purpose it was arranged that Messiah should be anointed High Priest of Israel on a higher plane than Aaron—after the order of Melchisedec. (Psalms 110:4.) And every priest must be anointed to his office before he could fill it. Similarly, it was prophesied that Christ would be the great King, greater than David and Solomon, who were his types and foreshadows.

The anointing of Jesus was not with literal oil, but with that which the oil upon the head of the kings and priests of Israel typified—the holy Spirit. He received this holy Spirit at the time of his baptism, the Spirit falling upon him and abiding with him, anointing him for his great work of antitypical Priest and antitypical King of Israel, who, as the Messiah long-promised, would bless them, and through them, the world. But every priest was ordained to offer both gifts and sacrifices for sins, and in this also they typified Jesus, who, under the Divine arrangement, must first offer up himself as a sacrifice acceptable to God for the sin of mankind—in order that he might be the Savior or Deliverer of men from the curse of sin and death—that he might restore them and their earthly home to his glorious condition of perfection represented in Adam and his Eden home. Hence it was necessary that Jesus should not only consecrate his life to the Divine service and be anointed with the holy Spirit, but that, sacrificially, he should lay down his life, even unto death—even the death of the cross. As a part of his reward he was raised to glory, honor and immortality, on the third day thereafter.

As the glorified One he was now fully commissioned and empowered to establish the long-promised Messianic Kingdom, but has been waiting while a "little flock" have walked in his footsteps—until the elect number shall be completed and shall share his glory. Then his Kingdom will take the control of earth. Satan shall be bound for a thousand years and all the wonderful blessings promised in the Law and the Prophets and Gospels and Epistles shall be fulfilled.

"A Savior and a Great One"

We have seen how the Son of God attained his Priestly Office, for the sacrifice of himself; how he was anointed thereto, and also anointed to be the great King, and how he has been merely waiting for the due time for his Kingdom to begin. Now we inquire as to the force and significance of the word Savior, and how he saves his people from their sins!

In the Arabic, Savior signifies *Life-giver*. The Redeemer, glorified as the antitypical Melchisedec, "a priest upon his throne," is to be the Savior or life-giver of the race, for whose sin and because of whose condemnation he

Jesus became the seed of the seed, a descendant from the seed of Abraham, who made a covenant with God to give his Son to him.

Jesus is here represented as the seed of the seed, the seed of the seed, who will be the seed of the seed.

—"The Just for the unjust, to bring us back to God," some during this Age and some during the period of his Messianic reign. Gradually he, with his saintly Bride class, will uplift humanity from sin and death to righteousness and life eternal, and will destroy all who refuse the blessing in the Second Death, from which there will be no hope of recovery.

But the Christ, the Savior of Glory, Bride and Bridegroom, will glorified be the world's Savior. The glorified Redeemer saves his Church first—by a special salvation and High Calling. These are the "elect," called to suffer with him and, if faithful, to reign with him on the Heavenly plane. These are dealt with now on the basis of faith; they pass from death unto life by the exercise of faith and their entering into a Covenant with God, of sacrifice, through the merit of the Redeemer. Their salvation will be made actual when they shall share in his resurrection, the "First Resurrection," and become kings and priests unto God, to reign with Christ a thousand years.—Rev. 20:6.

Weak Throat—Weak Lungs

Cold after cold; cough after cough! Troubled with this taking-cold habit? Better break it up. We have great confidence in Ayer's Cherry Pectoral for this work. No medicine like it for weak throats and weak lungs. Ask your doctor for his opinion. He knows all about it. His approval is valuable. Follow his advice at all times. It is a good laxative in the house. Take a dose when your cold first comes on. What is the best laxative for this? Ayer's Pills. Ask your doctor his opinion. Let him decide.

With the City Fathers.

The regular meeting of the City of Burlington was held this evening, Dec. 7, 1910, Mayor Love presiding.

Minutes of previous meetings read and approved. The Committee on Worth St. was requested to have a report on the verbal agreement for right-of-way over the North Carolina Railroad for the opening and extension of Worth Street.

The Finance Committee submitted a report of the 1910 Tax, which was on motion, accepted and ordered spread on the minutes; said report being as follows:

Upon motion by Freeland, Alderman, it is ordered that the Secretary of the City of Burlington place a notice in one of the city papers that the next General Assembly of North Carolina, will be asked to amend the Charter of the City of Burlington, so as to enable it to extend its streets over the right-of-way of the North Carolina and Southern Railway Co.'s property and for other purposes.

No reports from the Water, Light & Power Commission; Police, Cemetery or School Committees.

Upon motion by Freeland, Alderman, privilege is hereby granted A. H. Moore to peddle without payment of license.

The following communication was presented and read:

Burlington, North Carolina, November 7th, 1910. To the Mayor and Board of Aldermen of the City of Burlington:

The undersigned, Geo. H. Troxler, W. E. Hay and H. G. Kime hereby requests that your honorable Board agree to accept a 30 foot street, extending from Main Street to Spring Street, between the property of Geo. H. Troxler, H. G. Kime and W. E. Hay, in case the United States Government decides to locate its Public Building on my property in said vicinity; and if not, this agreement to be null and void and of no binding effect upon either party. Said street is to be opened without expense to the City of Burlington. This November 7th, 1910. Signed, Geo. H. Troxler, W. E. Hay, H. G. Kime.

Upon motion by Sellers, Alderman, the foregoing offer was accepted.

Reports of the Chief Police, Tax Collector, Health Officer and Seavanger, all read and accepted.

Another Blue Law.

The more we analyze the so-called Blue Laws the more we can feel convinced that they were founded on common sense. It may have been primitive sense, usually hard and sometimes brutal, but it conformed well with the rude and unlovely surroundings of those early strangers in a strange and not altogether hospitable land. Once in a while a suggestion of the pioneer regulations crops out in this later day. Not long ago a county court in Pennsylvania enunciated a rule that was born of the common sense of a woman.

A man and his wife had separated and their child remained in the care of the mother. Recently the father asked the court to permit him to visit his wife's home each night after working hours to see the child. To this the wife objected, stating that she always put the little one to bed before that time. The father declared that he found it impossible to go earlier, his ablutions, his razor play, a change of garments and a supper all combining to delay him. The wife persisted that the child's health and temper were largely dependent upon early retiring. The court thereupon took the matter under advisement, and, after a brief period of consultation, deferred to the wife's judgment and formally decided that the proper time to put a child to bed is at 7:30 o'clock each night.

Afraid to Stay Alone

Cherry Valley, Ark.—Mrs. Carrie Moore of this place says, "I was afraid to stay by myself. I had had headache nearly all the time; my heart would palpitate, and my vitality was very low. When I would lie down, at night, I had no hope of living until day. I tried Cardui, and now I feel better than I have for 5 years. I cannot praise Cardui enough for what it did." Are you a woman? Do you need a tonic? Try Cardui, the woman's tonic. Your druggist sells it.

Terrible Picture of Suffering

Clinton, Ky.—Mrs. M. C. McElroy, in a letter from Clinton, writes: "For six years, I was a sufferer from female troubles. I could not eat, and could not stand on my feet, without suffering great pain. I had lost hope. After using Cardui a week, I began to improve. Now I feel better than in six years." Fifty years of success in actual practice, is positive proof, furnished by those who have used it, that Cardui can always be relied on for relieving female weakness and disease. Try Cardui, today, now!

THINGS ALL OUGHT TO KNOW

As Christian Bible Students—The Satisfactory Proof of "Why God Permits Evil."

One of the questions which comes to nearly every thinking mind today is, "Why does God permit evil?" As we look about us in the world we observe that it is filled with sorrow and trouble, sickness and pain and every trial we could enumerate, and we cannot help wondering WHY GOD ALLOWS IT. We realize that He is almighty and that He could prevent it if He wished. We read in His Word that He is more willing to do for His children than are earthly parents for theirs, and we know how much that means; yet oftentimes, it seems that those who try to do and live right have the most trouble. This question is made very clear in a book entitled, "The Divine Plan of the Ages." Every statement is backed by Scripture, and shows that while God does not sanction evil HE HAS ALLOWED SIN AND DEATH TO REIGN FOR THESE LONG SIX THOUSAND YEARS. This and many other subjects of deep interest to all of God's people are discussed fully and in language easy of comprehension.

Paint Lick Sick Laby

Paint Lick, Ky.—Mrs. Mary Freeman of this place, says: "Before I commenced to take Cardui, I suffered so much from womanly trouble, I was so weak that I was down on my bed nearly all the time. Cardui has done me more good than any medicine I ever took in my life. You need not be afraid to take Cardui. It is no new experiment. Composed of gentle-acting, food ingredients, it has been found to safely relieve headache, backache and similar female troubles. Try it for your troubles."

We Feel Highly Honored.

The Dispatch published an article upon the result of the recent election and its relations to the producers of certain commodities about a month after the election, the purport of which was that, with everything the farmer had to sell going down, and every thing he had to buy going up, those who voted the democratic ticket in the last election got or was getting what they voted for. The statement was so true that we had no idea that any one not even a news paper editor would challenge it, and the wise ones politically didn't. But Bro. Foy of the Mebane Leader being out of sympathy with the present day democracy and trying to run a non political paper, not knowing which way the cat was going to jump, remained silent all through the campaign, and allowed the brethren of the democratic press and politicians to make any statement that served their purpose and aided democratic party, whether it contained a scintilla of truth or not, often a falsehood out of the whole cloth, and the bigger the falsehood the better Bro. Foy seemed to like it, but since the election and the result is known to all men, Bro Foy thought he saw his opportunity in our article and at once went into histories, holding up his hand in holy horror and exclaiming, "Beclouding the issue, political claptrap, be fair, don't indulge in such wild and unreasonable chimeries, such vague and fatuous stupidity. Now we are not well enough acquainted with the english language to know what some of those words mean, however that makes little difference in the object sought. We said in a recent issue that we had no quarrel with Bro. Foy and we say again we have no quarrel with him. But we feel honored to receive so much attention at the hands of such a gifted and forceful writer as Bro. Foy and we do not mind just for the entertainment that it will give our readers and enlightenment that it will give us, to continue the discussion. And we do so in all kindness to Bro. Foy, but it will be necessary to remind him that he is not always as fair as he would have us be. For instance if you would take the democratic press to task for all the unfair statements they make against their political opponents, you would have your paper full to overflowing each issue, lecturing some wayward democratic editor. But then possibly you do not pay any attention to this, having become so accustomed to it, that you never notice it, you might tell us how that it is in your next issue, we would be glad to know and possibly your readers would also. Then again when you heard the democratic speakers and candidates upon the county ticket during the recent campaign say that they the democrats had not spent but twentyone thousand dollars during the first year of their administration, and twenty nine thousand the second year, making in all fifty thousand dollars, when you knew they had spent all in sight and all that they could borrow and were then in debt nearly thirty thousand dollars, why did you not say to them, here stop, do not becloud the issue, be fair, do not presume that the people are densely ignorant as to indulge in such wild and unreasonable chimeries, such vague and fatuous stupidity. Did you do it, if not why not? You ought to be just as exacting to the people of your own household as you are to your political

opponents, we would not say this were it not for the fact that you are running a supposedly non political paper; if you were editing the regular democratic sheet, we would not ask this because we would know better, but you pose to the dear people to be something more and something above partisan politics, and again when Maj. Stedman the democratic candidate for congress in this district spoken in Mebane during the campaign, and said in your presence that he did not know the name of his opponent, and called upon, or suggested that some one present tell him his name. Why did you not say to him then and there. To be fair, not to cloud the issue, that he should not presume that the people were so densely ignorant as to indulge in such wild and unreasonable chimeries, such vague and fatuous stupidity. Did you say it to him if not why not? Then again when Governor Kitchen made a speech before the democratic county convention at Graham, and during his remarks said that the future prosperity of the cotton mill industry depended upon American wages being put upon a level with foreign wages, and afterward when confronted with the statement through the press of the state, declared he did not say it, did you state through the columns of The Leader that he did say? We are informed that you were present and heard it. We do not ask these questions to rehearse the campaign just closed, but to remind you that you do not apply your same strick sense of fairness to others that you try to apply to The Dispatch. But it may be that you do not expect any better of others, and that knowing the Dispatches high standard of journalism you are rather surprised that we would apply such reasoning to the party of broken pledges and promises. Whatever your motive Bro. Foy we rather relish your exuberant flow of english and witty sarcasm, and besides we are gaining some notoriety by being able to command nearly two whole columns of your bright and newsy paper. If you care to knock us again why let er go Gallager.

Editor Hart, with his sons, Gorrell, Bynum and den will leave tomorrow morning for Danville and Stuart where they will spend the Christmas Holidays with relatives and friends.
