R. E. RUDACILL KILLED

Jumped From Moving Train Near Elmwood—Was a Well-to-do Farmer.

Salisbury, Jan. 12.—Jumping from an eastbound passenger train, while running at a high rate of speed, near Elmwood, Iredell county, last night R. E. Rudacill, aged 40 years, was instantly killed, his neck being broken by contact with the rails. The body was picked up and brought to Salisbury where it was identified today and taken back to Elmwood for interment.

Mr. Rudacill, was a well-to-do farmer, had nine-hundred dollars in his pocket when killed. It is presumed he attempted to get off the train in order to go home. He had boarded the train at Hickory.

MR WHITE APPROVES OUR REFORM MOVEMENT

Mebane, N. C., Jan. 12. 1911 Editor Dispatch:

I am glad to see that you are favoring the salary system for our County officers so strongly, and am disappointed that our other county papers, who usually are so progressive in our county affairs, and I hope yet that every paper in the county will take up this measure and advocate it, as it means so much for our county.

There is no question in the world but it would mean a saving to the tax payers of Alamance of \$4,000 to \$5,000 annually. If the News, Gleaner and Leader will come out editorially in favor of the measure there will be no question as to its passage.

I am just in receipt of a letter from the Register of Deeds of Buncombe county, one of the largest counties in the State, in which he states the following salaries paid by Buncombe county: Sheriff \$2,100, two Deputy Sheriff's \$80 per month each; Clerk of Court, \$2,400, first deputy \$75 per month, second and third deputies \$40 per month each. Register of Deeds, \$2,100 first deputy \$60 per month, second and third deputies \$20 per month. Auditor \$1,500.

With an auditor, which it is not necessary for Alamance, and with eight deputies and large salaries, Buncombe county saves to its tax payers several thousand dollars annually.

With fair and liberal, but not extravagant salaries for Sheriff, Register of Deeds, Clerk of Court and Treasurer, with a clerk to the first three officers, it means \$5,000 annually saved to the tax payers of Alamance county. Will we do it? I vote yes.

WILL DRAIN LAKE

AT COST OF \$400,000

Raleigh N. C. Jan. 13—Engineer Holeman of New Orleans expert agreed upon by the State Board of Education and the Roper Lumber Company to pass upon the estimates and plans for the drainage of Mattamuskeet Lake Hyde county, reports to the state Board of Education that the \$400,000 estimate by Engineer Wright is adequate for the drainage. He makes recommendation of a few minor changes in the planes for the work. The president of the Lumber Company was summoned here to-day, but has important engagement in New York so the details of the findings of the joint expert are wired to him and he asked to indicate his withdrawal of all exceptions to the drainage undertaking so that the deal by the State for the sale of the lake bed to a Northern syndicate as held up December 1 by his exceptions may be put through.

All pupils who wish to enter the Primary Grades of the Burlington Graded School must do so before the first of February unless hindered by sickness.

Miss Sue Mebane returned Tuesday from a weeks visit to Mebane.

NEW TRAIN FOR RALEIGH

On Southern Railway to and from Greensboro Each Day—Train Will Carry Pullman, Which Will Go to Washington, the Train to Reach Raleigh From Greensboro Each Morning at Ten, and Leave at Seven in the Evening.

News and Observer 14th.

Raleigh is to have an addition to its train service over the Southern Railway, this by the putting on of a new train to and from Greensboro for daily service.

The announcement of this new service was made yesterday by the North Carolina Corporation Commission, after a conference with Henry W. Miller, of Atlanta

assistant to President Finley, of the Southern Railway, who spent

yesterday here. The Commission had written to President Finley,

of the need of a new train, that

the trains at the present in ser-

vice were such as to make a con-

gestion in passenger traffic, and

that a better service was demand-

ed by the traveling public.

The purpose of the Commission was to obtain train service between Goldsboro and Greensboro, but in the conference it was urged by Mr. Miller that the con-

gestion in traffic was between

Raleigh and Greensboro, and it

was agreed that a trial of the

service would be made with

trains daily each way from Ra-

leigh to Greensboro. If the ser-

vice does not prove satisfactory

the Commission will ask that it

be extended to Goldsboro.

The new train service is to be more than local, as is the night train out of Raleigh to Greensboro, there will be a Pullman with Washington, D. C., as its terminus. The new train service is to go into effect in about two weeks and the tentative schedule is as follows for the daily service: Leave Greensboro at 7:00 or 7:30 a. m., and reach Raleigh at 10:00 or 10:30 a. m. Leave Raleigh at 7:00 p. m. and reach Greensboro at 10:00 p. m. Each train is to have a Pullman service and on the train which leaves here at 7:00 p. m. there will be connection in Greensboro, with about an hour's wait for Washington, the Pullman to reach Washington at 8:00 o'clock next morning. At Greensboro there will also be a connection for the New York.

The train out of Washington will leave at 8 p. m., and will bring passengers through on the Pullman which leaves Greensboro at 7 or 7:30 a. m. next morning, the train reaching Raleigh at 10 or 10:30 a. m. As to Goldsboro and points to Selma, the train service of the Atlantic Coast Line is held as giving schedules for Wilmington and New York.

There is now pending in the Senate a bill introduced by Major John W. Graham for an extra train between Goldsboro in order to relieve the congestion on the line. The train when the South-

ern now agrees to put on is for

the purpose of relieving the con-

dition of which complaint has

been made.

CASE IS PROVEN BY FINGER PRINTS

New York, Jan. 12.—What is said to be the first conviction in this country on the strength of finger-print evidence was obtained today when Harry Peck and Joseph Cohen pleaded guilty before Judge Crain to third degree burglary.

Lieutenant Faurot of the

bureau of identification of crimi-

nals of the police department was

explaining the enlarged prints of

Cohen to the jury when leaned

over to his counsel and exclaimed:

"We can't beat that; go ahead

and plead guilty for us."

The plea was entered and the

prisoners were remanded to the

Tombs until January 20 for sen-

tence.

President Smith, of the Uni-

versity of Pennsylvania, says col-

lege yell are inspiring. Un-

questionably, but what kind of

feelings do they inspire.

ENGINEER FATALLY HURT

Mr. W. L. Lloyd is Struck in the Head by an Ash Pan Handle of Locomotive.

Spencer, Jan. 12.—W. L. Lloyd an engineer on the Southern Railway between Spencer and Monroe, Va., was fatally injured in the head here today by being struck by a handle from the ash pan of his locomotive. He was

preparing his engine to make a trip and at an unguarded moment, received a terrific blow in the forehead, his skull being crushed in two places, and piece of the bone being driven into the brain. He was taken to a Salisbury hospital for an operation and his condition is precarious.

He has a family in Greensboro. This was the third serious accident in Spencer during the past week.

[Mr. Lloyd is well known in Burlington, having made this city his home for sometime, moving to Greensboro just before the holidays.]

CITIZEN ENDORSES OUR REFORM MOVEMENT

Mr. Editor:

I agree with "Voter" and approve your course and what you are doing for the Tax Payers. If we can save \$5,000.00 per year by adopting the salary system for our county officers. I am surprised that the other papers of the county decline to do anything for the bill. I want to assure you that the tax payers approve your work in their behalf, and will remember it, but who supports the paper but the people, and why shouldn't the paper advocate what the people want. I have heard several good men applaud your efforts in their interest, and say that they will support you and your paper, regardless of politics. Push the salary bill. I enclose my vote. CITIZEN.

STABLES ARE BURNED

Fayetteville, Jan. 12—Stables on the fair grounds of the Cumberland county agricultural society on the outskirts of this city containing about twenty five horses and mules, were burned this afternoon. With the exception of one horse and a sick mule belonging to the county, all the animals were rescued from the flames. Fifteen of the horses were the property of the C. L. Bevill stables, while four were race colts being trained by trainer Mr. Schroeder. One of the thoroughbreds were burned. There was no insurance on the buildings.

KILLED HIS BABY BROTHER

Wadesboro, Jan. 12.—A very sad accident occurred yesterday South of here when Walter Little shot and killed his three-year-old brother Daniel. The boys were playing along in the house while the mother was out in the field.

Walter went to the dresser and taking out his father's pistol shot the baby brother. The ball went through the body of the child and death was instantaneous. Walter said he did not know the gun would shoot.

SIX ONE-STORY FRAME DWELLING BURNED IN SALEM

Winston-Salem, Jan. 12.—Fire destroyed six one-story dwellings on Ridge avenue Salem late yesterday afternoon. The blaze originated in the kitchen of one of the houses and fanned by a north westerly wind swept the near by dwellings in a short time. The owners Rev. J. D. Diggs, George and Charles Lowry and Nathaniel Crockett all negroes were partially insured. The loss runs to about \$2,000.

SHOT BY HER BROTHER

Mary Hawkins Killed at Her Home in Bedford County.

Lynchburg, Va., Jan. 11.—Mary Hawkins, aged 10, daughter of Mr. and Mrs. Hugh Hawkins, near Cifax, Bedford county, was fatally wounded by her six year old brother with an old shotgun, bleeding to death a few hours later. It seems that besides several children only the child's mother was there.

The boy saw a rabbit in the yard, and got an old gun to kill it. It was prematurely discharged and the little girl had both her legs shattered. The mother carried her in the house and fainted. By chance a neighbor came and found the mother unconscious and the child trying to dress her wounds. A doctor was summoned, but did not arrive until an hour or so later, and in the meantime the child had lost so much blood she died shortly after his arrival.

RESPONSIBLE FOR LOCOMOTIVE WRECK

JANE SUTHERLIN DEATH OF MRS.

Mary Hawkins Killed at Her Home in Bedford County.

DEATH OF MRS. JANE SUTHERLIN

Died at Her Historic Home in Danville, Va.

Danville, Va., Jan. 13.—Mrs. Jane Patrick Sutherlin aged eighty-three years and widow of Maj. W. J. Sutherlin, died today at her historic home here, widely known as the last capital of the Confederacy.

Mrs. Sutherlin was hostess to President Jefferson Davis and his cabinet, following their memorable flight after the evacuation of Richmond. It was at the Sutherlin home that President Davis assembled his cabinet for the last official conference, and signed the last documents of the Confederacy before the surrender of General Lee. It is probable that the Sutherlin home and spacious lawn will be preserved.

Mrs. Sutherlin leaves only one direct descendant, a great-granddaughter, Sutherlin Barrett, the daughter of E. W. Barrett, editor of the Birmingham Age-Herald.

CARSON McLAMB DIES AT HANDS OF BROTHER

Dunn, N. C., Jan. 13—The accidental killing of Carson McLamb, a nine-year-old boy by his brother, Arthur McLamb, aged eleven, at the home of their father, Ira McLamb, a prominent farmer, who lives near Raynor Mills, about three miles north of Dunn, a few days ago, is another sad story of the "unloaded gun."

It seems that an "unloaded gun" was left in the house by Ben McLamb, a brother of the stepmother of the young boys, who worked with the family. The father, Ira McLamb, had gone to Giles' Mills, in Sampson county, and their mother being dead, there was no one at home except the young boys and their stepmother. After Ben McLamb had left the home for his work, Arthur thinking the gun was unloaded, took it down, examined it, and taking aim at his brother, said: "Carson, I'm going to kill you." Carson turning to look at his brother just as the gun went off, received the entire load in his head, which entered at the corner of the left eye and completely took off the back of the head. Death resulted almost instantly.

It is said that Arthur is prostrated over the sad affair and has attempted his own life. The agricultural and forest resources of North Carolina and the opportunities in general farming, stock raising, fruit and vegetable growing that await the homeseeker as well as the many advantages offered for various branches of manufacturing in the many prosperous cities and towns are treated extensively. Full information is given concerning the character of the soils, while special attention is directed to the delightful climate conditions which have given North Carolina wide fame as a resort state, both summer and winter. The great yields of corn and other grains, grasses and forage, potatoes and truck, as well as cotton and tobacco, are interestingly set forth as are the advantages for growing apples and other fruits and for raising cattle, sheep, and hogs. This booklet will be placed in the hands of a large number of settlers of just the kind the South wants, and it should prove of great value to North Carolina.

In this work for the upbuilding of the South the Southern Railway desires and appreciates the co-operation of the people of the states which it serves, and any citizens of North Carolina or any other Southern state who wishes this publication placed in the hands of a friend or acquaintance in any locality in the North or West may have this done by sending the name and address of such friend or acquaintance to M. V. Richards, Land and Industrial Agent, Washington, D. C. Of Burlington, the booklet has the following:

Burlington, Alamance county, is a mill town and mercantile center, in one of the best farming regions of the state. In the place are five cotton mills and other plants, while in the immediate vicinity are several smaller towns. The population is about 5,000. In the same county, within a short distance of Burlington, are Graham, Haw River, and Mebane, factory towns.

He left a sanitarium today and went to Marquette hotel, where he was assigned a room on one of the upper floors. Fifteen minutes later he hurled himself to the pavement. Whitmore was a native of Newton Mass.

Spencer Furnishes The World's Youngest Grandfather

Spencer, Jan. 12.—V. H. Bryson of Spencer, it is believed holds the record as the youngest grandfather in the world his age being 23. He was married when 14 years of age his wife being only thirteen and one half. His oldest son who at the age of 17 and who at the age of 18 years presented to the elder Bryson a grandson, the grandfather being less than 33 years of age. Early marriage appears to run in the family, R. P. Bryson, father of V. H. Bryson, grandfather of J. W. Bryson, and great-grandfather of younger generation, having been married when under twenty years of age. The grandfather, who was a Methodist minister, was accidentally killed in the Spencer shops on the 6th inst., his funeral being held Sunday in the Spencer Methodist church.

Can't Be Separated

Some Burlington People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is probably sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

C. B. Ellis, Davis St., Burlington, N. C., says: "I have no hesitation in recommending Doan's Kidney Pills as a reliable remedy for kidney complaint. I suffered from severe pains through the small of my back and irregular passage of the kidney secretions caused me much annoyance. I finally procured Doan's Kidney Pills at the Freeman Drug Co., and after their use the pains in my back soon disappeared. I give Doan's Kidney Pills the credit for my present good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

Charged With Embezzlement

Salisbury, Jan. 13.—J. A. Stokes, a merchant tailor who did business in Salisbury during the past year, was arrested in Baltimore this week and brought back to Rowan for trial on the charge of embezzlement. He was in the employ of a Winston concern and left for a trip to Florida and other points. Soon after leaving Salisbury his employers brought the charge and caused his apprehension in Baltimore. He has employed able counsel and it is said will plead not guilty.

She Remembered The Judge.

Washington Star.

Judge Hangar was spending a sunny autumn week at Atlantic City, and every morning on one of the piers he used to see a young lady whose face looked most familiar.

The judge prided himself on his memory for names and faces, and yet somehow this young lady escaped him. But he was sure he knew her, and one morning, though she always studiously avoided his eye, he stopped and addressed her with courtly politeness.

"Pardon me, miss," he said, "your features are familiar, but strangely enough, I cannot recall the circumstances under which we met. Yet I certainly remember our having met somewhere."

"Remember," cried the young lady, and she rose from among her friends with angry and aggressive air. "Remember, you old scoundrel! Well, you ought to remember. It's not a year since you gave me eight months in the Coronet Pleas, and for two cents I'd pitch you over the railing into the water."

Governor Dix rolls up his sleeves and pitches in as if he were going to show New Yorkers what a working governor can do.

A most distressing accident occurred at the saw mill of Mr. J. B. Rosser near Broadway last Friday when the sawyer Mr. Fred Underwood was killed by being struck by the saw. He was setting a gauge while the saw was in motion when the latter caught his clothing drawing him down and sawing off his right shoulder. He never spoke after the accident and lived only 30 minutes. He died from the loss of blood before a physician could reach him. Mr. Underwood was 30 years old and was unmarried. Just 17 years ago to the day his father Nathan Underwood was so injured by a boiler explosion that he died in a few days.

Wilkes Patriot

"Leave 'em alone and let 'em scrape it out," did not have to be said to a couple of combatants who engaged themselves in a few rounds here Monday. The pugilists in question were John Minton and Nelson Foster and the fight took place in the bottom of a sixty foot well. They were both down in a well at Hotel Smithey putting in a well when they fell out—not out of the well but with each other. There were only two spectators and neither of these felt inclined to go down and act as pacifier. One of the onlookers, however whose veracity please understand is not to be questioned says that the fight only stopped when he tied a pair of pot hooks to the well rope and fished Nelson out. He further avers that as Nelson was making his unwilling ascent John grabbed him by the heel pulling off his shoe which he hurled after his wriggling adversary. Nelson in turn bid John adieu with a quid of well chewed "Brown's Mule."

Escaped With His Life.

Twenty-one years ago I faced an awful death," writes H. B. Martin, Port Harrelson, S. C. "Doctors said I had consumption and the dreadful cough I had looked like it, sure enough. I tried everything, I could hear of my cough, and was under the treatment of the best doctor in Georgetown, S. C. for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure. It's positively guaranteed for coughs, colds, and all bronchial affections. 50c & \$1.00 Trial bottle free at Mebane Drug Co. of Mebane N. C.

Sixteen pugilists have been killed in fights this year. Only sixteen? The pugilists are not doing their duty towards society; that's evident.

NEGRO ACCIDENTALLY KILLS HIMSELF WITH SHOTGUN.

Pittsboro, Jan. 5.—A negro youth, Fred Gattes, living about 2 miles north of Bynum, was accidentally shot by his own gun while hunting and died early this morning. Dr. R. E. Fonting attended him and found that nearly half of his face was shot entirely off.

Ends Winter Troubles.

Another Jail Delivery at Asheboro.

Saturday afternoon about four o'clock two of the prisoners in the county jail sawed their way to freedom.

Arthur Jarret who is held on a charge of forgery, and a very foolish fellow named Johnson, who admits that he must have loved the porkine product more than he did the law, cut through their cells with a saw of some sort as clearly as if the bars were of white pine. The staple at the cell door was cut as one might have done with a knife. No one knows who was a confederate of Jarrett, but it is supposed that he must have had some one on the outside to pass him tools to do the work with. No blame is attached to anyone for the delivery: no one blaming Jarrett and the hog-lover, nor can they blame Jailer Lowe, who had the prisoners fastened up as well as he could in such a sorry structure.

The happening does show what we have long known, and that is what we need a new jail. [If as the Courier says, no blame is attached to any one for the delivery, yet the frequent occurrence of such deliveries should call for an investigation by the authorities. To an observant spectator it looks like some one is derelict in their duty. If no blame is attached why incarcerate them at all.

Foul Play Suspected.

Raleigh, Jan. 5.—The Wake county authorities are holding Claude Saunders, a negro farm hand, on suspicion that he murdered his wife and two step-children Wednesday night, then set fire to his home to cover his crime of murder. He claims to have escaped from the house in his night clothing, bringing his wife with him overcome with smoke and she recovered and rushed back to get her children.

Reports of difficulties between the wife and husband and of marked dislike the husband had for the step-children caused the coroner to hold Saunders.

Cardui Worked Wonders.

McMinnville, Tenn.—Mrs. Ocie Jett, of this place, says: "I don't believe I would be living today, if it hadn't been for Cardui. After treating me twenty-seven days, my doctor advised an operation, but I would not consent, instead, I took Cardui, and I am doing my work—even the washing. Cardui worked wonders in my case. I am in better health than for five years." Cardui is a strengthening tonic for women. It relieves pain, tones up the nerves, builds strength. You need Cardui. Try it.

Thurston did it, is a popular
slogan just now.Thurston did it. Not with his
little hatchet, but his little argu-
ment.Good morning Mr Recorder!
Have you any cases on docket
this morning.The Southern Railway is going
to put on a new train beginning
the 22. Thurston did it.The tax rate for the city of
Burlington is now \$1.30 instead
of \$1.10, as heretofore. Did you
know it?All the live progressive coun-
ties are asking for the salary sys-
tem, instead of fees. How is this
county going to stand upon the
proposition?The next important move for
the railroads to make is the mod-
ifying the mileage nuisance. Under
the present arrangement it is
nothing short of a nuisance.From the way the coupons are
coming in, is an indication that
the people are with us in the re-
form movement to place our
county officers on a salary basis.North Carolina has twenty
cities and towns with more than
5,000 population. Burlington is
not among the number, but she
will not fall far short of the
mark.Salaries or fees is a live sub-
ject with the Legislature these
days. If you doubt it, notice the
many bills introduced to place
certain counties upon the salary
system.Now is the time to act. What
are the things the people want
done for the county? Do not wait
until the Legislature adjourns,
and then get busy. Now is the
time to act.When we get as many as five
thousand coupons we propose to
send them to Hon. Elmer Long,
the Representative from this
county and we believe that he
will obey the will of the people.Do you favor salaries or fees
for our county officials? Do you
want to save \$5,000.00 per year
to the tax payers of Alamance
county? Then sign one of the
coupons on this page and send it
to us.Let your votes come along
gentlemen. We mean business
by this proposition and we pro-
pose to stand by our guns until
something is accomplished, or we
will know the reason why it is
not done.

The establishing of a Recorders Court for Burlington will be adding an unnecessary expense on the tax payers. Better let the present officials do their duty and apply this money to liquidating some of the indebtedness of the city.

The two weeks special term of court for Alamance county, which closed last week, left the docket in but very little better shape than when it started. The better plan would be to secure another regular term of court at some time during the year.

Are you for or against the commission form of government? Better get busy, there's something doing along this line and you will be into it before you know it. They don't ask people what they want in this town. Just give it to them anyway.

The salary system instead of the fee system may not be adopted for this county this year, but it will be sooner or later. Who will be the one to get the credit. The Democrats can do it now, but will they wait. If so they may do so at their political peril.

The report is current that the County Commissioners will meet on the 20th, to formulate some plan to issue bonds to cover the floating indebtedness of the county. Better begin now to economize by helping to have a law enacted to place the county officials on salaries and thereby save \$5,000.00 at one clip each year.

Reader let us know where you stand on the proposition to place our county officials on salaries. If in favor of it, cut out the coupon at the foot this page and hand it to us, or mail it. Don't delay. It is important that we get these in as early as possible. It will help us in our fight for the interest of the tax payers of Alamance county.

It is gratifying to note that the Southern Railway will soon put another train on this line between Greensboro and Raleigh. This accommodation has long been needed as we have said from time to time through these columns, and we have always believed that if the matter was properly brought to the attention of the officials of the road that it would be done.

We want every reader of The Dispatch, who is in favor of having a law enacted by the present legislature of North Carolina, placing our county officials upon salaries instead of fees, to cut out the coupon on this page, sign their name to it and hand, or mail it to us. Will any tax payer in Alamance county refuse to do it, when it is as plain as daylight that it means a saving to them of at least \$5,000.00 per year.

In a Muddle.
The city government of this town is in a muddle and they are trying to get out by proposing something new. The Commission form of government is the Moses to lead them now. How do you stand upon this question? For or against it.

The City Tax Rate Increased.
The tax rate upon real and personal property, infact upon all taxable property is now \$1.30 per hundred dollars, this is an increase from \$1.10 to \$1.30 a raise of twenty cents per hundred dollars valuation. For some cause unknown to the Dispatch, it was deemed advisable to let this raise be generally known to the public it seems, and only leaked out by some one kicking about the amount of their taxes. The Dispatch will keep its readers posted the best it can. But it should be remembered that we cannot know everything that transpires in this burg, where the sun never rises and sets in the same place twice. If the increase was necessary we think

Mr. G. L. Amick spent Tuesday and Wednesday the guest of his father near Kimesville.

the better way would have been to taken the citizens and tax payers into their confidence.

A Glance Into the Year 1911.

A glance into the calendar for the new born year shows that Easter Sunday comes almost a month later than last year. Easter falls on April 16th, Good Friday on April 14, and Lent begins with Ash Wednesday on the first day of March.

St. Valentine's day falls on Tuesday, St. Patrick's day on Friday, the fourth of July on Tuesday, Hallowe'en on Tuesday; and Christmas and next New Year's on Monday. It may not be known to everyone that the first of May, Christmas and New Year's always fall on the same day of the week.

During the year there will be two eclipses and both will be of the sun. The moon doesn't get in on the shadow business at all. The first eclipse, a total one is scheduled for April 28. It will be visible over most of the United States. The annular eclipse of the sun scheduled for October 22 will not be visible in the United States.

Tuesday March 21 is the day for the death of winter and the birth of spring; to be succeeded by summer on Thursday June 22 and autumn becomes a successor on Saturday September 23 to give way to roaring King Winter on Friday, December 22.

The Country's Good Fortune.

The elevation of Associate Justice White of the State of Louisiana, a Southern Democrat and former Confederate soldier, by President Taft to be Chief Justice of the Supreme Court of the United States, brings to the public mind the fact that seldom, if ever before in the history of the government of this country, has the Nation had a Chief Magistrate of broader gauge, higher ideals, or more lofty sentiments of patriotism in the conduct of the affairs of the government than President Taft.

Never before in the history of our country has it fallen to the lot of any President to have the duty imposed of appointing a majority of the members of the highest Court of the nation.

Mr. Taft gave the public to understand soon after he assumed the duties of President, that he would be President of the whole country regardless of sectional lines, and that he would use his best efforts to take the Courts out of the arena of partisan politics.

The elevation of Judge White as chief Justice of the Supreme Court is a long stride toward the breaking down of sectional lines, removing the Courts from the plane of partisan politics and obliterating the last vestige of the bitterness engendered by the War between the States.

The appointment of Judge White is the more significant when it is recalled that he is the native of a state whose electoral vote will most assuredly be cast for a candidate in the next Presidential election, whose policies will be opposite to those of Mr. Taft. And that there is a strong probability that Mr. Taft will be a candidate to succeed himself in office.

Appreciates The Dispatch.

A subscriber in another State, in renewing his subscription writes us as follows:

"I receive weekly in my mail three weekly papers besides the Dispatch, and I think you know me well enough to know that I mean what I say when I utter a sentiment. And it affords me great pleasure to say that I consider the Dispatch the best weekly I receive and I always read every line in it with pleasure and profit, I await its arrival each week with enjoyment."

Favor Recorders Court.

The Board of Aldermen were called to meet Thursday night to pass upon the adopting of a Recorders Court to govern the city of Burlington; after speeches by Lawyers Cook, Dameron, Hoffman and Carroll and other citizen favoring the adoption of the Court the Aldermen voted favoring it. It will now be passed to the legislature.

The Men's Bible Class Association of Burlington have made arrangements to have Luthor M. Tesh, World Wide Field Secretary of the Baraca Movement to speak to the classes of this city Tuesday night, at 7:30, January 24th, at the Baptist Church. Mr. Tesh has been with the Baraca Movement for a number of years, and has traveled extensively in its interest. All who hear him are assured of a treat.

All classes, members of the Association, are requested to come in a body to this meeting, and an arrangement will be made for every class to sit in a separate body. All Philathea and Young Ladies' Class are especially invited. Let's work to the end to have 300 ladies and 300 men present at this meeting.

All ministers and superintendents are requested to announce this meeting at next Sunday's services.

All ministers, superintendents, teachers, and parents are requested to work for this meeting and invited to be present if they think it worthy of their effort.

Below is a programme:

INQUIRIOUS GOVERNMENT SUCCESSFUL

I Kings 16:23-33—January 22
"Righteousness exalteth a nation; but sin to reproach to any people."—Prov. 14:34

THE Omri dynasty of Israel was a successful one according to worldly standards, but a failure from the Divine standpoint. Omri, a great general, succeeded to Israel's throne after the death of Jeroboam. He was very successful and conquered the Moabites, to the East of the Jordan, putting them under an annual tribute of the fleece of two hundred thousand sheep. He built a new Capital, the city of Samaria, and successfully outranked Jeroboam as a leader of his people, along religious lines. According to Israel's Covenant with the Almighty there was but the one Levitical priesthood and the one holy temple of Jehovah's presence for the whole people of Israel, and it was at Jerusalem. As worldly wisdom guided Jeroboam to completely separate the ten tribes from the two tribes by establishing new places of worship and simplifying the worship and symbolizing God's name, so did Omri, in his desire to please the people, do the same. The people of Israel were to think of Omri as saintly and going to heaven and to imagine that those in heaven are asleep. Neither are we to think of him as having gone to Purgatory and that the experiences there are dreamy. We must leave all such unscriptural notions respecting the dead, good and bad. We must come back to the Bible and from it learn that all who die, like St. Stephen (Acts 7:60), fall asleep to await the morning of the resurrection, when the Redeemer will call all forth from the tomb (John 5:28, 29, Rev. Ver.).

Ahab and Jezebel

Ahab's name signifies, "Like his father." And surely he was! His name was appropriate. His was a reign still more successful in unrighteousness. For twenty-two years he devoted himself to the further undermining of true religion and to the introduction of the worst forms of licentious heathen idolatry. He was greatly assisted in this course by his wife—Jezebel, the daughter of the King of the Sidonians. Her name signifies *cheat*; yet she used her great influence with her husband and throughout the nation for the furtherance of unchastity in connection with the orgies known as the *rites and ceremonies*, connected with the worship of Baal and of "Ashtoreth," the female divinity worshipped.

Lessons Here For Us

All civilized people are deeply interested in earthly governments and their success. We all crave social and financial prosperity. Nevertheless it is still true that prosperity is *in proportion* to that which separates the people from the Divine arrangements and the blessings which they attach. Only righteousness can truly exalt a nation. Every form of inequality is injurious, however it may at the time seem contrary to this. Ours is the day of the greatest worldly prosperity this earth has ever known. But alas! It is not a day of religious prosperity. On the contrary, there never was a time when infidelity in a personal God and in the Bible as the word of God was so general among intelligent people. Our church edifices are becoming temples of fashion, concert and lecture halls, while the real worship which alone is pleasing to the Almighty is far removed.

The worship of Mammon, the bowing to the golden calf, the sacrificing of lives to the acquisition of wealth, belong to our day as truly as to that of Ahab—but on a more refined scale and therefore the more deceptive and insidious.

Controversy we find that God uses the wrath of man to praise him. The effect of the prosperity of Ahab and Jezebel was two-fold: it entangled and degraded one class, while it aroused and separated from itself another class—those who worshipped God in spirit and in truth. Such left the one tribe kingdom and its idolatry and identified themselves with the two-tribe kingdom of Judah and its true worship.

So it is today. The success of Mammon, the rejection of the Bible by the Higher Critics and their lordly boasts of ability to give us something better than the Word of God, and in general Mammon worship, is awakening the more saintly people of our day to separate themselves and to say in the language of Joshua, "Choose ye this day whom ye will serve; as for me and my house, we will serve the Lord."

Antitypical Ahab and Jezebel

As all Christian students know, Jezebel, Ahab and Elijah were used of the Lord as types, and their experiences foreshadowed much greater things in the experience of the Church, spiritual Israel, during this Gospel Age.

Antitypical civil power. Jezebel typified a religious system. The improper marriage of Ahab and Jezebel, contrary to the Jewish Law, typified the marriage of church and state. The progress of evil under this union is portrayed in the Book of Revelation, where Jezebel is specially mentioned by Jesus (Rev. 2:20-23). The Lord charged that the antitypical Jezebel, the Church system, was suffered or permitted to teach and seduce his people from the proper course of Christian living. The same Scripture represent Elijah, who was persecuted by Jezebel, through her husband, as a type of true believers of this Age persecuted by a false Church through the arm of civil power.

WASHINGTON LETTER.

Special to the Dispatch.

Washington, D. C., Jan. 13.—International Exposition boomers for the celebration of the completion of the Panama Canal are at work in Washington. San Francisco and New Orleans are the contending cities. The capital of the United States, where the exposition should really be held, is not saying much. San

Francisco is flourishing seventeen million dollars richer claim, while New Orleans with ten millions insists that this amount will go farther owing to the proximity of that city to the rest of the world, than seventeen millions on the Pacific slope. An advocate for New Orleans puts it that Congress will be responsible in saying which city is most accessible to all the people of the United States, claiming that New Orleans is two thousand miles closer to the center of population and two thousand miles nearer to Panama than San Francisco and that the latter city is more than three thousand miles farther from the principal nations which are likely to send exhibits. It is claimed that the center of population of the United States is near Cincinnati and five hundred miles from New Orleans, while San Francisco is two thousand five hundred miles from this center. Within nine hundred miles of New Orleans, it is said, there are seventy cities with a combined population of twenty millions, while within nine hundred miles of San Francisco are only eight cities and their combined population is one million. With Washington as a starting point, it is said that it takes four days to reach San Francisco and only a little more than one day to reach New Orleans, while the cost including sleeping berth to San Francisco is \$33, and to New Orleans \$33. All these arguments to the pocket are important but apply with still greater force to the selection of Washington, which is closer to the population of the United States and to the world than either New Orleans or San Francisco. To those who have followed the social, industrial and political tendencies of the Pacific slope for the last five years a serious objection to holding an international exposition in San Francisco is that that city is rancankerously opposed to the Japanese, Chinese and other Orientals who necessarily make such a large part of every international exposition and that should the exposition be held there, there would be perpetual danger of artificial earthquakes more serious in their ultimate effects than the catastrophe which destroyed San Francisco a few years ago.

Statistics show that our exports to China have declined from fifty-eight millions five years ago to fifteen and one-half millions in 1910. The Chinaman is frequently referred to as an enigmatic creature, but those who have studied him in his own habitat realize that there is a great deal of human nature in him and that he has abundant shrewd common sense. The Chinaman is not a first-class fighting man, but he is not unresponsible of wrong. He has been outrageously treated in this country and especially on the Pacific coast and organized into unions as a European army into regiments, the word has gone forth to boycott American wars. It is as nothing to the average Chinaman or to the Chinaman much above the average, that this country remitted some millions of the Boxer indemnity. That was a state affair and the average Chinaman knows nothing of state affairs, and there is no word in the Chinese language for patriotism because the idea is totally non-existent in the Celestial Kingdom.

It is beginning to be realized that we are building the Panama Canal for Germany, Great Britain, Japan and other nations that carry freight by sea. It is evident that the trading ships of other nations will use the waterway to a much greater extent than will the people of this country. How can it be otherwise? Our ships, owing to the tariff and the high price of labor, cost fifty per cent more than the ships of any other country. Our sailors cost twice as much as those of any European country and five times as much as the wonderfully seasoned and competent sailors of Japan and China. We ceased suddenly to be a maritime country fifty years ago and we will never again be a maritime country until we can compete on a financial basis in ships and men with European and Asiatic peoples.

The President has sent a message to Congress urging fortification of the Panama Canal. He wants five millions of dollars to start the work. Nothing will more quickly enlist sentiment in favor of earthworks and guns for the Canal than the opposition which is appearing in the British and Japanese papers.

THE UNIVERSITY LETTER

From our Regular Correspondent.

Chapel Hill, Jan. 16, 1911.

At the meeting of the State Historical and Literary Association held in Raleigh January 12, Professor E. K. Graham head of the department of English and Dean of the academic school was elected president for the coming year.

Examination begins Monday and for the next ten days there will be little doing except "boning" on the part of the students. But things will liven up immediately after this period ends. The night of the last day of examinations the University will engage in the first intercollegiate game of basket ball of her athletic history. The schedule opens with Wake Forest and includes games with Tennessee, Charlotte and Durham. Y. M. C. A.'s, Virginia Christian College, Guilford and two games with the University of Virginia one in Chapel Hill and the other in Charlottesville. The main purpose of the team this season is to get the sport established. The men are in most cases green, but they hope in spite of their inexperience to make a creditable showing.

The base ball schedule will be published next week. The last few days have been very warm and the players have availed themselves of an opportunity for a little preliminary practice before the examinations. Captain Hackney will call out his men for steady work just as soon as examinations close. Coach Clancey will report in Chapel Hill the first week in February.

The University library has recently made some valuable acquisitions. In December thru some friend of the University, a copy of the original constitution of the Ku Klux Klan, printed in Pulaski, Tenn., in 1868 was obtained. There are only two other documents in the United States. The library has also secured a copy of the rare work, Catesby's Natural History of the Carolinas, Florida and the Bahama Islands. The work is in two large volumes, magnificently illustrated. It was published in London in 1754. This is the only copy of the work in North Carolina.

Dr. L. R. Wilson librarian of the University library was elected Chairman of the Library Department of the Southern Educational Association at the meeting held in Chattanooga Dec. 27 to 29.

Of the seven North Carolina scientists who were given a place among the one thousand best scientists in the United States, six are members of the University faculty. Making a ratio between the number of inhabitants and the number of scientists in this one thousand, Chapel Hill comes second in the list of the towns of the whole country.

Bryan on 1912 Timber.

Chicago Record-Herald.

As a political editor, Mr. Bryan is naturally interested in the current speculation concerning the presidential possibilities of 1912. His insistence on certain tests and requisites in democratic candidates is, however, ascribable not to general interest, but to claims growing out of past leadership. He demands "regularity" of all aspirants, and makes no exception even of the gold-silver campaign, when hundreds of thousands of Democrats bolted their party not because they favored "special privilege," but because they thought a silver standard absolutely impossible for the United States, ruinous to industry, labor and enterprise.

Without reviving old and dead issues, and merely stopping to remark that in the November campaign voters did not care to ask how "regular" men like Woodrow Wilson, Judge Baldwin, Harmon and Dix had been in 1896, it is pertinent to observe that no politician or student of events, whatever his acumen, can estimate his gifts of fore-sight and judgment.

:: RURAL CARRIER ITEMS ::

Hartshorn No. 1 Items

As far as weather is concerned our people are in it.

Community is not complaining but as for sickness some are complaining.

Mrs. Willie Neese of this route is suffering with La Grippe we are sorry to say but hope to be able to report in a very short time of her recovery.

Miss Minnie Hudson has been on the sick list we are sorry to say.

Rev. Lovick Suits, wife and little son of Goldston North Car. visited their people a few days ago and have returned home we are always glad to have them with us.

Nineteen hundred and twelve to be sure, will have less opportunity to mold affairs, for in June the national conventions will meet to register the logic of destiny. Still the chapter of accidents is always a factor, and in five months many things are liable to happen.

The nominations of 1912 will be made with reference to the issues and the standing of men in 1912. It is well to be alert, but it is the alert man who realizes most keenly that bridges cannot be crossed until they are reached. The best preparation for 1912 is to see things as they are, to estimate men justly for what they are, as we go along. The whole record will be a safer guide than half of it, or a mere fragment of it.

The Law-Breaking Habit.

Philadelphia Record.

The man convicted of peonage, whom the President would not let off with a fine but insists should serve a term in prison, had been successful in making money, had a respectable standing in the business community and knew perfectly what he was doing, but believed he could escape punishment for peonage or, if punished, could hope to be fined instead of imprisoned.

The bankers who use the deposits in their own business enterprises know perfectly well that they are violating the law in the extent of the loans they make virtually to themselves, or in the security they accept from themselves which is of a sort they would not take from anyone else. When arraigned they plead that were just carrying on a legitimate business, and if their enterprises had been successful they would have restored the funds of the tank. That is precisely like the excuse of the bank clerk who helps himself from the till and explains after tosing it that he thought he could win in a speculation in wheat and if he had succeeded he would have restored the money he took.

There are a good many bankers now in prison for conduct they would have sent any subordinate to the penitentiary for. A good many men in other lines of business are breaking the laws constantly if they think they can escape punishment. Most of the promoters of trusts and combines know that they are violating the law, but they hope to escape punishment. The habit of breaking the law is far too common in respectable circles.

Secretary and Mrs. MacVeagh are building a new home in Washington and it is receiving its finishing touches. It is a magnificent dwelling one of Washington's most imposing in the fashionable Sixteenth street section. The opening function in the new home will be a dinner to President and Mrs. Taft on January 19. This will be beyond question one of the most beautiful appointed dinners of the winter. The art objects and various table services of the Blue-veined Limestone are none the less than the ladies and pearls of the mistress.

Rural Carrier Items

Miss Gena Robertson spent Saturday and Sunday at home. She returned to Graham Sunday where she is in school.

Rev. D. W. Arnette preached at Graham Sunday.

A party is planning for a big hunt on Ed McPherson's farm to-morrow.

Willie Purcell of Elon College spent Sunday with his people.

Mr. John Hull was seen on our streets last week.

Miss Belle Murray was in town a few days last week.

The township Sunday Schools are planning a rally-day at the Methodist Church the fifth Sunday in January.

K. F. D. No. 7.

Mr. T. R. Harden has solved the road problem. He got busy and made a split log drag only it is made of sawed lumber instead of split logs and tried it last week on the road through his farm and it did such good work that Mr. C. F. Kauhut got him to drag the road through his place on to the public road at Solomon Hornwoods. Mr. Harden says it is the best tool for road work he ever saw.

One man and a good team of two horses can do more in a day with the drag than fifteen or twenty men would do with picks and shovels and do it much better and nicer. The drag cost complete about four or five dollars and our county commissioners ought to investigate its working, and if satisfactory require every road supervisor in the county to supply himself with a drag and use it after each rain. The drag would more than pay for itself each day it was used by saving the labor of ten or fifteen men, and if properly used by working a few hands at the time after each rain the roads could be kept in better condition at less cost by the same amount of labor now used.

Every road supervisor ought to investigate this proposition for himself and we feel sure that if the split log drag is put in general use our road worries will see the beginning of the end.

Mr. McBride Holt's new mill is now completed and ready for grinding with L. W. Holt in charge as miller. We have a sample of the product and it is fine.

Joe Moser has hauled up some fire wood and rocks to build a chimney, at least that is what Joe claims he hauled them for but we rather think he intends to kill his "Tamworths" the next cold spell and got the wood and rocks ready to heat the water for heating purposes. We are judging from the size of the pile of wood and rocks.

Rev. Timothy Williams will preach at Antioch next Sunday at eleven and two o'clock.

Rev. W. W. Cude and family attended the meeting at Freedom Hill last Sunday. Rev. W. L. Aldred is conducting the meeting.

Mr. W. A. J. Sharpe has finished the outside of the best feed barn on No. 7. It is 34 by 60 ft. two to three stories high and covered with galvanized iron. The iron for the roof cost \$106, that is some barn and we believe Jackson will have room to rent to his neighbors unless he hires a good deal of help.

Mr. H. E. McPherson made complaint in Haw River that the rabbits were damaging his fruit trees on his farm so a big hunt was planned by some merchants and the doctor and the livery man, men turned out with guns and dogs and off they went to make war on old Brer Rabbit and so they did they came home at night in the hack with their trophies hanging all around the body of the hack which showed that they had done a good days work about forty rabbits and several birds they report a good dinner and a good time and the biggest hunt that ever went out from Haw River.

Dr. Wickers filled his regular appointment at the Christian Church Sunday morning and night to the delight of his people.

Mrs. Norwood Simmons of Washington N. C. is visiting Mrs. W. H. Anderson. She is remembered here as Miss Claudia McCullers.

Mr. W. J. Allen spent Sunday in High Point.

Mr. Clifton Fauchette spent Sunday at Brown Summit with his parents.

Mr. T. Holt Laird was seen on our streets last week.

Mrs. M. J. Brady returned from Graham this week and is visiting her daughter Mrs. B. S. Robertson.

Miss Annie Stewart of Burlington spent Saturday and Sunday at home.

PROFITABLE DAILY TITHING.

"Daily Heavenly Manna."

This little book is having the largest circulation of any of its kind and is conceded by Christians everywhere to be the most helpful.

If Christians allow the rush and crush of selfish ambition to deprive them of their daily portion of heavenly food, they must not be surprised if they grow spiritually leaner day by day, and if the peace of God gives place in their hearts to the discontent which is growing in the world, notwithstanding the multiplication of our comforts and privilages.

Daily Heavenly Manna contains a collection of Scripture texts with appropriate quotations for every day in the year. Surely the little tithe of time daily spent in partaking of its morsels of heavenly counsel cannot fail to profit all who partake. It is published to do good—not for profit.

Your Friends' Birth Dates.

An autograph and birthday record feature in this book is a great convenience. Opposite each day of the year are blank lines upon which you can secure the autographs of your friends and be reminded of their birthdays as they occur. This makes the book more valuable yearly. In ten years you would not sell it for ten dollars.

Besides it has a place for Birth Records, Marriage Records and Death Records. Also it has a table showing the day of the week of any date for one hundred and fifty years.

Printed on bond writing paper, blue cloth, handsome. Price, 35 cents postpaid; imitation alligator skin, gold edges, \$1.00 postpaid. Order now. Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

A 96-Page Diary For Our Readers.

We take pleasure in announcing that our readers can secure a valuable 96-page diary for 1911 by sending 4 one-cent stamps to Dr. Swift & Co. Patent Lawyers, Washington, D. C. This diary is worth 25 cents and contains a memorandum and date for each day in the year; the census of 1900 and 1910 of the States; nearly 300 of the largest cities; synopsis of useful every-day information; business laws, postage rates; and the amount of corn, wheat, oats, tobacco and cotton produced in each State.

According to a decision rendered by Recorder Carroll in a case just tried at Patterson N. J. it is no crime to steal an umbrella on a rainy day. Robert McCauley of Philadelphia was tried for taking an umbrella from a hotel during the Tuesday rainstorm and was discharged.

"A Welcome Chance to Those Who Suffer."

Coming to Burlington, N. C. On Monday January 23rd, 1911.

To Stay at Hotel Ward.

Dr. Francis S. Packard

of Greensboro, N. C.

Consultation and Examination Confidential, Invited and FREE.

To see all of his regular Patients and such new Cases, as may wish to consult him. Dr. Packard enjoys a wide reputation, among the profession and the Public of North Carolina, where for more than 25 years he has devoted his entire time to the Study, Treatment and Cure of Chronic Diseases. The Doctor has had wonderful success in his chosen work, that of curing chronic sufferers, Men, Women and Children. The Patients he has restored to Health after they had given up all hope of being Cured are numbered by the Thousands. He is a kind, generous, democratic gentleman to meet, of high scholarly attainments, and dignified personality. Coupled with a Brotherly interest, in all who seek his advice. He does not take a Patient for Treatment unless he can foresee a Cure of the Case. The most commendable feature of his work, and one that appeals to the ordinary sick person, is the fact of his charges being reasonable and moderate to make it within the reach of even the very poor. At no time do the charges amount to more than \$7.00 a month or about \$1.50 a week. He gives his own medicines, and there are no extra charges. It takes him never more than from four to six Months to Cure a Case under Treatment. All Cases, even those who have been given up as Incurable or Hopeless, have been Cured and restored to perfect health by this Brilliant Physician and the wonderful methods he employs.

If you want to meet him and have him examine you, go to see him, and talk the matter over with him. It will cost you nothing if he does not put you under treatment. If he takes your case, it will cost you a very small sum to get well.

Remember the Date and come early.

MONDAY January 23rd.
