WADESBORO SWEEP BY A DISASTEROUS FIRE

**Believed to be Work of Incendiary
—Loss, \$100,000—Men Caught
With Blockade Whiskey Suspected of Crime.**

Wilmington, N. C., Feb. 10.—Fire, believed to have been of incendiary origin, caused a property loss of \$100,000 early today at Wadesboro, N. C., the insurance being about half. Several months ago two men driving a wagon load of blockade whiskey were surrounded by a posse on lands owned by J. D. Horne, a prominent merchant of the town. The wagon, team and whiskey were seized and sold under the internal revenue laws, but the men escaped before the fire of the posse, one of them being wounded. Recently Horne was threatened for his part in the raid and although he had taken every precaution, fire was discovered in his store just before light this morning and the odor of oil was apparent.

The losses are: J. D. Horne, building and stock, \$12,000, insurance, \$5,000; Liles Department Store, stock, \$60,000, insurance, \$30,000; J. A. Hardison, building, \$10,000, insurance, \$2,500; Blalock Hardware Company, C. S. Wheeler and other stores adjoining, damage by fire and water. No arrests have followed the fire.

Go South, Young Man!

Columbia (S. C.) State

In the good old days when Horace Greeley was telling the farmers and the school-teachers what to do ambitious men used to grope their way into the West and take up quarter sections, arranging at the same time a proper defense against the Indians and paying nightly that in good time railroad would pass near their property and enable them to market whatever their lands could be persuaded to yield. "Go West, young man!" met with a hearty response and despite many and great obstacles the West was won and most of those who went into the new country eventual wealth and prosperity.

Some people think that with the passing of the opportunity in the West there is no further chance to emigrate. Yet the South offers opportunities incomparably better than any the West ever did or could offer. We have no lands to give away, it is true, but it is possible to buy a fair acreage in the South for about what the trip West used to cost. Moreover, the land that would be obtained in the South is good land, capable of producing the finest crops, and so situated that these crops can be easily marketed. The climate here is far and away better than the climate in the West, and there are just about as good people in the South as can be found anywhere in the world.

Worth Street to be Opened.

In the United States circuit court Monday at Greensboro Judge Boyd rendered his decision in the case of the Southern Railway Company against our city, granting the city the right to extend Worth Street across the North Carolina Railroad track near the water tank. The Railroad Company appealed from Judge Boyd ruling. Among the attorneys appearing in this case was Mr. D. Fonville of Charlotte, son of Mr. Lindsey Fonville of this city.

Mr. Thomas Russell Died.

Mr. Thomas Russell died in the home of his daughter Mrs. Florence Martin near Plaid Mills Feb. 8th 1911, aged 60 years, 10 months and 3 days. After several months sickness with lung trouble. He leaves 3 brothers 4 sisters 3 sons and 4 daughters and 15 living grand children. The funeral was conducted in the home on the 9th by Rev. J. D. Andrew and the body laid to rest beside his life in Pine Hill Cemetery.

Answering Civil Questions.

Ohio State Journal.

There is a bill before the Missouri legislature which makes it amisdemeanor for a railroad agent to refuse to answer a civil question; meaning probably an uncivil answer to a civil question. It would be so hard to enforce such a law that it would be better not to have it at all. But the bill doubtless has its origin in a situation. There are many, many uncivil answers to questions asked by the traveling public. Many of them are no doubt so simple and unnecessary as to arouse the impatience of the agent and so he spatters out a swift and unsatisfactory answer. One cannot altogether blame him, for we would all do about as he does if we were in his place.

But this, of course, is no excuse. The Bible somewhere commends those who are "not easily provoked," and so the spirit of gentility and kindness should ever be on its guard against those who attack it with ignorant and thoughtless questions. And then it is really a great pleasure, even in moments of provocation to be serene, kindly and submissive. And it should also be remembered that many people travel so little that when they do stray from home they are so suspicious of their own knowledge and ability that they reach out for support in every direction. They are entitled to consideration. They should be tenderly cared for.

SOUTHERN RAILWAY BRINGING EMIGRANTS

Washington, D. C., February 8.—As the result of exhibits made by the Southern Railway and affiliated lines at various fairs and expositions in the North and West last fall, the Land Industrial department of the Southern has the names of several thousand people who are interested in the South with the view of looking for homes. Exhibits were maintained by the Southern and affiliated lines at the Pittsburg Land Show, the Illinois State Fair at Springfield, the Wisconsin State fair at Milwaukee, and the New York State Fair at Syracuse. These exhibits were viewed in the aggregate by over a half Million people according to reports just compiled by the Land and Industrial Department of the Southern. In addition as large a number visited the exhibit of the South and its Resources made jointly at the Ohio Valley Exposition in Cincinnati by the railroads of the Southeast.

The agricultural possibilities of the Southeast were displayed to magnificent advantage at these fairs, the Southern Railway exhibits receiving most favorable notice at all of them. From 10,000 to 15,000 persons visited the exhibit daily at the Pittsburg Land Show coming from all the middle states and from Canada. A large number of thrifty German farmers were among those most interested at Wisconsin State Fair. The exhibit of the varied products of the Southeast at the Illinois State Fair and the New York State Fair interested thousands who had previously considered cotton practically the only product of the South. Thousands of pieces of literature were distributed showing the opportunities for profit in other lines of agriculture in the South.

May—Stansell.

In the home of the bride's parents Mr. and Mrs. Nathan Stansell corner of Front and Hoke Streets, Mr. Floyd May and Miss Drucilla Stansell were happily united in the bonds of matrimony at 8 p. m. Thursday Feb. 9th 1911 by Rev. J. D. Andrew. Quite a number of friends were present to witness the ceremony and extended their good wishes for a bright future to this popular couple.

ELIMINATE IT, ROOT AND BRANCH

Virginia Pilot.

Hon. J. E. West, member of the House of Delegates of the last General Assembly and now a candidate for the State Senate form the district comprising the counties of Nansemond, Southampton and Isle of Wight, is against the fee method of compensating public officials, but thinks "the system is only an iniquitous proposition in the cities and large counties, where the large salaries are paid under it." With this view the Times-Dispatch disagrees, declaring that "the fee system in its entirety should be wiped out" and that "the principle ought not to be limited in any case."

Our Richmond contemporary is dead right. The fee system operates not only to overpay grossly officials in the larger cities and counties, but woefully to underpay those in the smaller counties. In both cases injustice is wrought—in the former, to the people, who have to pay the bills and are mulcted to the extent of the overpayment; in the latter, to the officials who are not compensated in proportion to the value of services rendered. To remedy the one is no less incumbent upon the State than to cure the other. The only way to do equity to all parties concerned is to eliminate the fee system, root and branch, and place all public officials on a salary basis, covering all fees into the public treasury. This is what ought to be done and what will be done in the not distant future, if the voters will only exercise their inherent right to demand of every aspirant for a seat in the General Assembly how he stands on this important question and then withhold their support from any and all candidates who refuse definitely and unequivocally to commit themselves, in advance of nomination and election, to abolition of the iniquitous system. The situation is one which the people can cure if and when they will. The remedy lies in the ballot, and its application is in the hands of the voter.

Delightfully Entertained.

A party sparkling with wit and boiling over with humor at which those present were tastily dressed was given at the home of Miss Byrd Dailey on last Friday night. The party was composed of single and married ladies, fifty two in number half of which were dressed like boys and all being attired in costumes representing boys and girls from ten to fourteen years of age.

The first prize a large, red striped, pound stick of candy was won by Miss Bessie Holt who acted the boy the best. The second prize was awarded Mrs. Singletary who was the prettiest girl and with whom all the boys fell in love at first sight. Refreshments suitable to the occasion consisting of animal cakes, peanuts and red candy was served. These entertainments are given annually and always enjoyed by those present.

Mr. Herman Stansell made a flying trip to Durham Sunday.

All in favor of putting our county officers on Salaries instead of Fees sign the Coupon below and send to the DISPATCH, this means \$5000.00 a year in the pockets of the Tax Payers of Alamance County.

Hon. J. Elmer Long.

House of Representatives,
Raleigh, N. C.

I favor putting our County officers on Salaries instead of Fees, paying them fair and liberal but not extravagant salaries and ask you to have a bill passed making this a law. Signed _____

PROMINENT NORTH CAROLINIAN TO SPEAK IN ATLANTA

Washington, D. C. Feb. 14.—J. Elwood Cox, President of the Commercial National Bank of High Point, will speak for the State of North Carolina, before the Southern Commercial Congress in Atlanta, March 8th, 9th, and 10th. Mr. Cox was appointed a member of the State Committee for this occasion by Gov. Kitchin. He has had honorable connection with business affairs in North Carolina since 1883. His speech before the Southern Commercial Congress will be to the topic "The Solid South of Business." Equally distinguished men from each of the other Southern States will speak to the same topic, thus, bringing together the latest authoritative word regarding the business status of each state in the South. Each of these speeches will later be used for national distribution.

Mr. Cox was born in Northampton county. He received his education in Guilford College, the Business College of Baltimore and at Earlham, and the Friends College of Indiana. He taught for a short time and in 1883 he associated himself with Captain W. H. Snow at High Point in the manufacture of spokes, handles shuttle blocks and bobbin heads. Some years ago Mr. Cox sold out his spoke and handle business, and has confined his factory to bobbin heads and shuttle blocks. Although he has laid the basis of his large fortune in this business, Mr. Cox has been interested financially in many of the successful enterprises of his native City and State. He is a director in the Greensboro Loan & Trust Co. director in the Virginia Trust Company, of Richmond, director in the First National Bank of Thomasville, the Jefferson Life Insurance Company and is Trustee of the Guilford College endowment fund, the latter position carrying with it much responsibility.

In 1891, Mr. Cox with Dr. W. G. Bradshaw, organized the Commercial National Bank, now the largest bank in the county. At the beginning, the capital stock of the bank was only \$50,000, but it has continually grown in strength and usefulness. Mr. Cox has been President of the Bank since it was chartered and has been ably assisted by Dr. W. G. Bradshaw either as Cashier or Vice President. He is President of the Globe-Home Furniture Company and owns stock in other factories.

He is a man of great public spirit, and his acquaintance extends widely outside of his native state, having among his customers and friends many foreign houses.

Being a man of quiet tastes, the new president of the steel trust may be able to worry along on a reduced salary of \$50,000.

Dr. Wiley the Agricultural Chemist says emphatically that he will retract nothing he has said about whiskey. Boil the whiskey!

Back the President.

Philadelphia Record.

President Taft is trying to bring down the cost of living by doubling the area of reciprocal trading in the necessities of life on the North American Continent. The scheme is full of benevolent and beneficent intent. It is the large plan of a large man, who knows that the game of statesmanship is a game of give and take equivalents. We believe that the people of the United States understand the virtue and the value of the reciprocity agreement submitted for the sanction of Congress, and that they will stand behind the President as he commands final approval.

No state in the Union will be more greatly advantaged by reciprocal trading with Canada than Pennsylvania. Our mines and manufacturing are the nearest and cheapest source of supply for the most densely inhabited part of Canada, stretching southward within the enveloping chain of the Great Lakes. No representative of this state in either branch of Congress can raise his voice or cast his vote against the proposed agreement, without treachery to his great constituency. Canada is rich in the products we need. We get from her an equivalent for every concession we grant.

SALARIES FOR COUNTY OFFICERS

News and Observer.

Guilford county saved ten thousand dollars last year by paying salaries instead of fees to county officers. If the pledge made Wake voters in 1906 had been carried out, there would be \$40,000 cash in the Wake treasury or that amount of good roads would have been built. The big county that does not pay salaries to county officers is making a present to them of too much pay and taxing the people too much.

Even if a county did not save a cent by putting the officers on salaries, the accounting system that it requires and secures is enough to warrant its adoption. Where fees are paid no record is kept of many transactions. Where salaries are paid a record is kept of every transaction. It would be a wise thing for this Legislature to pass a general act by which, upon the petition of one-fifth of the qualified voters, the county commissioners should be required to submit the question of "salary" or "fees" for county officers in any county at the next regular election.

Fees must go, for county officers in the interest of securing proper records and for economy and for the uniform fee bills. This reform should come in every county, big and little, and the sooner the better.

[But our County Commissioners even declined to call a meeting of the tax payers of Alamance, to discuss this question. The Editor of the News and Observer says: "This reform should come in every county, big and little, and the sooner the better." Alamance is a little county in size only, and stands 19th in the 98 counties, as to the amount of State Taxes, there being 79 counties in North Carolina that pay less into the State Treasury than Alamance, still there are some who would make you believe that Alamance is a pauper county].

ANOTHER RAIL AD

Bill Will Be Introduced in Legislature Tuesday Granting Charter to Proposed Railroad From Winston-Salem to Raleigh.

Greensboro, Feb. 12.—The indications are that Greensboro will have another railroad in another year or so and competitive freight rates. Tuesday a bill will be introduced in the Legislature granting a charter for a proposed railroad running from Winston-Salem to Raleigh, connecting with the Raleigh & Southport at Raleigh and the Norfolk & Western at Winston-Salem. A bill will also be obtained for the proposed line from Greensboro to Manson, Vance county, connecting with the Norfolk & Western at Roxboro and the Seaboard at Manson. Both of the routes will be surveyed and an effort made to secure capital stock for the proposed companies. The Winston to Raleigh line would go from Winston to High Point; thence to Greensboro, and to Burlington. After leaving Burlington it would not touch a point within 10 miles of the Southern until near Raleigh. It would be a shorter route to Raleigh from here by about 10 miles.

Simpson—Miller.

A beautiful marriage was solemnized Thursday evening at 7:30 at the home of Mr. John Rippey of Altamahaw when Margaret Vaughn Rosa Miller became the bride of G. A. Simpson, a noted Farmer at R. F. D. 8. After the vows were spoken by Rev. A. Frank Isley the bridal party drove to the groom's home where they will make their future home. Several of the brides friends were present. The bride was attired in a lovely cream wedding gown with hat and gloves to match. The groom wore a dark navy blue suit. The presents received by the bride are beautiful consisting chiefly of silver. The bride is one of the sweetest and most charming young girl and Mr. Simpson is to be congratulated in winning her hand. Mr. Simpson lived in Burlington some time ago.

Post Office Site Selected.

The Treasury Department has selected the Gant property on Corner of Spring and Davis Street as the site for the Federal building to be used as the home of the Post Office. The lot selected is 120 by 125 feet to cost \$8,500. It is remembered that an appropriation of \$10,000 has been set aside by congress for the purchase of site. The next move will be to get an appropriation for building.

The Great Swamp.

Manchester Union.

While vast sums of money have been expended in the West for the supplying of needed moisture to lands which were worthless without the aid of irrigation, the great Okefinokee swamp in Georgia has remained undrained. This "swamp," which has been made famous in song and story, has a circuit of 180 miles, and contains fully half a million acres. Many propositions have been presented for its reclamation, and in the past there have been many efforts made to drain it and bring its vast area under cultivation, but it has remained useless and, indeed, as impenetrable as ever. Now comes the information that a company of Englishmen, said to have their base of operations in Canada, are trying to secure a lease of the great tract, in the idea of applying methods of drainage which have been successfully employed on somewhat similar swamp lands in Holland. The question might be raised whether the lands in Holland which have been taken from the sea and made so abundantly productive in any way resemble the bog lands of the great dismal swamp, but if the Englishmen have capital which they wish to invest in the experiment, there would seem to be no possible harm in permitting them to go ahead.

Items of General Interest Clipped From our Exchanges.

Raleigh Caucasian.
At the meeting of the County Commissioners in Raleigh Monday, Commissioner Lynn, Dr. McCullers and Attorney Beckwith were appointed to examine the County Home Drug bill for last month. Report of the keeper of the County Home for January showed that unusual amount of cocaine, morphine and other drugs were purchased for the inmates of the home. The result of investigation will be awaited with interest.

Leaksville Gazette.
Three young fellows were arrested by Sheriff Harden Eanse, last Friday night for misbehavior at The Hub, the moving picture and vaudeville amusement house on the Boulevard. They were tried before Squire W. A. Manley on Saturday, and all three were adjudged guilty. One of the young men was sentenced to the road for 30 days with judgement suspended on condition that he leave town. The other two were suspended from going to the Hub. Squire Manley is to be commended for his efforts to prevent these occurrences of misbehavior and to keep the peace within his jurisdiction.

North Wilkesboro Hustler.
There has been a great deal more plowing of corn land in the county during the past few weeks than has ever been known in the country at this season. Cabbage plants have been coming in and a number of people have already transplanted.

A 200-gallon capacity distillery was destroyed by the revenue officers at Windy Gap Tuesday, including fermenters and other things, but the still had been removed. Officers Henry and Shepherd were in that community recently and it is thought that the parties became uneasy and removed it in time.

Wilkes Patriot.
Dr. J. H. Marshall, of South-hold, N. Y., has sold through the Strout Agency, the Snyder fruit farm, three miles south of town, to Dr. C. A. Willis, a dentist of Washington City. Dr. Willis will move to North Wilkesboro and devote his time to fruit growing. Dr. Marshall expects to buy fruit lands elsewhere in the Bushy Mountain section.

John Welborn, a colored boy, was shot through the hand three times by Roy Simpson, another colored boy near the tannery, in North Wilkesboro. Saturday evening. It seems that the former was teasing the latter about some trivial matter, which Simpson finally resented and pulling his pistol he began to shoot. Welborn evidently was endeavoring to ward off the pistol with the hand that was shot. Simpson made his escape after the shooting.

Siler City Girl.
Revenue officers Sloan and Merritt destroyed an 80 gallon blockade outfit one and a half miles south of Kimbolton Tuesday. The blockaders unfortunately got wind of the approach of the officers and succeeded in removing the body of the still. However the officers got 1,000 gallons of beer and 4 gallons of whiskey.

Several weeks ago the grocery store of Fox & Co. was broken into and groceries to the amount of \$100 was taken therefrom. No clue to the missing goods could be found until last Thursday, when a part of them was found by some school children snugly hid under the Baptist church. The recovered goods amounted to \$35. The thief was certainly choice in selecting a hiding place for his goods.

Salem Republica.
Mr. S. M. Davis, of Boonville, Yadkin county sold at the Leader Warehouse this city January 31st 1,386 pounds of leaf tobacco for \$259.28, an average of about 20 cents per hundred. This is the product from three-fourths of an acre, including \$30 worth of the weed which had previously been sold.

Revenue officers Starbuck, Kirkpatrick, Blaylock and Mr. Fogleman Saturday evening February 4th captured a blockade outfit 6 miles west of Liberty, N. C. The plant was in full blast and Duke York, the operator was arrested. The still of 95 gallons capacity two worms and eight fermenters were destroyed as was also a quantity of low wine and some 200 gallons of beer. York was bound over to Federal Court and

in default of a \$500 bond was committed to jail.

Sanford Express
There is talk of a new railroad being built by the Norfolk and Western from Durham to Charlotte. According to the map as laid down it will operate over the Durham and Charlotte Railway, then via Mt. Gilead and Norwood.

A force of men have been busy this week building concrete steps leading up from the tracks to the Southern to the passenger station. Other improvements are being made about the yards of the station. The railroads would improve the appearance of things if they would remove the old passenger station. It has been an eye sore to Sanford and the traveling public long enough.

Haw River Items.
Crowded out last week.

Mesdames J. A. Long and John Archie went to Mebane Sunday. Mr. E. O. Ray was a pleasant visitor here Monday.

Rev. D. W. Arnette filled his regular appointments Sunday at the Baptist Church and preached two excellent sermons.

Messrs G. W. P. and Cass Cates visited Mr. Jobe in the Hawfields section Sunday.

Mr. Claude Lloyd was a visitor here Saturday night.

Mrs. Ben Goodman and baby of Burlington were visitors here last week.

Mr. Ben Robertson Jr. of Durham spent Saturday night and Sunday at home.

Mr. Marvin McPherson of Elon College spent Saturday with his people.

Clarence Spoon of Elon College was here last week visiting his parents.

Miss Helen Simmons of Graham spent Saturday and Sunday with Miss Lena Robertson.

Mrs. John Thompson went to Spencer Thursday to visit her father.

Mr. C. P. Faucette spent Sunday at his home in Brown Summit. There is certainly some great attraction as he goes quite often.

The Supper given by the M. E. Church at the Y. M. C. A. Saturday was quite a success. The cake that was voted upon went to Miss Dula Cates and the scarf to Miss Carrie May.

The M. P. Church will give a supper for the benefit of their church next Saturday night at the Y. M. C. A.

Miss Stella Porterfield will entertain the Philatheas of the M. E. Church at her home Friday night.

Mrs. Fred Smith has returned to her home in Spencer after spending several days with her mother Mrs. Haywood Simpson.

Mrs. Lee Henderson of Graham was here last week.

The road force have nearly finished grading the road from Graham to Haw River.

Miss Eula Long will open her art class Thursday week at Mrs. J. A. Longs.

Rev. Arnette went to Raleigh last week.

Mrs. Maude Clark received a telegram last week stating that her mother Mrs. Sapp was critically ill she hastened to her bed side accompanied by her sister Mrs. Cora Williamson, we hope they will find her better.

Mr. James A. Anderson was a pleasant visitor at Haw River Sunday especially on Route 9.

Misses Fannie Williamson and Bettie Cates were here Sunday and attended Sunday School and church at the Baptist Church.

We regret to learn that Mr. Rufus Aldridge is quite sick. He is a confederate veteran, we wish him a speedy recovery.

Mrs. Anderson and Elizabeth went to Burlington shopping last week.

Mrs. Lizzie Bowls, left Monday for Hillsboro where she will visit her sister until Friday.

Advising a whitewash-seeking Senator to resign is like telling a drowning man not to catch at a straw.

THE UNIVERSITY LETTER

Crowded out last week.

Chapel Hill, N. C., Feb. 5.—At the 1911 Commencement degree will be conferred on those surviving students of the University of North Carolina who left Chapel Hill to enter the Confederate Army before completing the course for the baccalaureate diploma. Of the 1331 men who matriculated at the University from 1851 to 1860, 759 are known to have been in the Confederate Army and it is probable that there was not a single one of the 1331 who was physically incapacitated who did not see service. The Freshman class of 1860 numbered 80 men and every one went into the war, one man returning for his diploma after having been discharged because of physical inability. 30 per cent of the University men who went into the army were killed in service. Time has taken away many others in the years that have elapsed since 1865; but on the few remaining, their alma mater will honor herself by conferring the degrees for which they were candidates when they abandoned the college campus for the tented field.

Dr. J. H. Pratt has been active before the present legislature in the interest of good road legislation.

Mr. Frank Hough of Birmingham, Ala., has been elected editor-in-chief of the Tar Heel to succeed Mr. W. H. Jones, resigned.

The report of the University Librarian, Dr. L. R. Wilson, shows the library to be in the most useful period of its existence.

Every member of last year's track team is back with the exception of Captain McGregor Williams. Coach Cartmell will have the men hard at work in a few days in the effort to put out a victorious team.

Carolina won from Wake Forest Friday night 31 to 28 in a game of basket ball that was fierce from start to finish. Thru-out the second half it was anybody's game. The score was in two points of a tie more than once. Wake Forest knew more basket ball but Carolina seemed to get the points when they had to have them.

Wednesday, February 15, 1911.

More offices and better offices is the slogan of the Long gang just now. How does this set with the good old faithful conservatives of Alamance county. Or are you helpless and cant help yourself? Well we can stand it if the rest can so let her slide Jackie.

Have you heard any talk that some of the county officers are going to resign because their fees are too small, and have you heard any say that they are in favor of salaries because they would receive more. Nay, Nay Pauline they are satisfied if just let alone. The cow is giving plenty of milk with out putting her in a new pasture, so sayeth those who are doing the milking.

Mr. Long says that you cannot get a competent clerk of the court for less than \$1800.00 per year and a competent deputy for less than \$600.00 but that the present clerk does not get as much as \$1800.00 and has to pay his deputy out of that. Does Mr. Long mean to say that the present clerk is not competent. If he does not say so directly he leaves that impression. What does the present clerk have to say in regard to this.

Mr. Crowson says that the Register of Deeds gets now only \$2,200.00 pays his clerk leaving only \$1,600.00, and that the Register of Deeds' salary including clerk should be advanced to \$2,400.00. That the Clerk of Court now gets only \$1,400.00, and pays his clerk, and that he should have including clerk \$2,400.00 a raise of \$1,000.00.
 Consistency thou art a Jewel.

The Editor of the News says that he can get a post master for \$1200, whereas he now receives about \$200. Well we presume that he can. But if this postmaster received fees instead of a straight salary he would receive about eight thousand dollars instead of the two that he now receives. Your uncle Samuel is a wise old guy, and he learned long ago that salaries instead of fees was a paying thing. The democratic party of Alamance county would do well to pattern after Uncle Sam in regard to the salary and fee system. Come again Bro. your own argument condemns you.

Our readers will recall that previous to year 1910, that the Sheriff collected the special, or Graded School Taxes, on special Tax Receipts from the general taxes, and paid this money direct to the Graded Schools without going through the Treasurer, and on which the Treasurer formally did not get the usual 2-1-2 per cent commission, but if the

tax payers will notice their 1910 tax receipts, they will see that this Graded School tax is included with the general taxes, and goes through the usual channels, and the Treasurer now gets 2-1-2 per cent commission on all school taxes, which takes \$300.00 annually out of the school funds, and goes into the pockets of the Treasurer. Why can't The News, Mr. Long, and the County Commissioners, help us to put our county officers on salaries and save to the school children of Alamance this \$300.00.

We notice that a bill has been introduced by our Representative Mr. Long, creating for Alamance County a Recorders Court, and said bill has passed the house. This bill provides for a Recorder, who must be a Lawyer of good standing, and who resides in Alamance County, salary to be fixed by the County Commissioners. It also provides that the Clerk of the Court, shall be ex-officio Clerk of Recorders Court and is to get the usual fees. It also provides, that an attorney, may be elected to prosecute for the State, and his salary to be fixed by the Commissioners. This bill provides for two more county officers, and in addition, adds fees to the pay of the Clerk of the Court. In the words of one of Alamance foremost citizens, "Talk is cheap, but it takes money to run the county." In our opinion, it would be better to introduce a bill to put our county officers on salaries, and save the tax payers \$5,000 annually. This to create two more county officers to be paid by the county.

At a meeting of Alamance County Republican Executive Committee at Graham, just before last election with the candidates of that party, every one being present. It was voted unanimously, and agreed to by every candidate, that if they were elected, that Mr. Hornaday, the candidate for the Legislature should introduce a salary bill for our county officers, at the following salaries:

Sheriff,	\$1,800.00.
Deputy,	\$900.00
Register of Deeds,	\$1,500.00.
Clerk,	\$600.00.
Clerk of Court,	\$1,500.00.
Treasurer,	\$900.00.

A total of, \$7,200.00.
 Is there any man in Alamance who will stand up and say that Buck Vincent is not competent to fill the office of Sheriff, Tom Montgomery the office of Register of Deeds, Fred Faucette, the office of Clerk of the Court, or Mr. Mack Garrison, the office of Treasurer, had they been elected, and each and every one of them agreed to accept the above mentioned salary, in the event of this election.

Mr. Long says that it is none of the county commissioners business to take steps to put the county officers upon salaries instead of fees. No no they must not meddle with things of this kind. But in the next breath he asks them to pass upon his bill for a recorders court for Alamance county, in effect so says gentlemen of the board you must not do anything that will save the tax payers of this good old county of Alamance money, what you are elected for is to create offices carrying large salaries in order to further burden the taxpayers, and provide soft berths for the faithful. Well let her go Gallagher the taxpayers will have their say later, and what they will do for this gang will be A. P.

Where Did You Get Your Figures Mr. Long.

Will Mr. Long be kind enough to tell the tax payers just where he got his information in regard to how much the different county officers get as salaries from the fees they collect. His son Elmer, who is a chip off the old block, and just as shrewd as the old block did not know and could not

tell during the recent campaign. The county officers admitted they did not know. But now when the voters and taxpayers are demanding some relief from the heavy burdens of taxation caused by paying the county officers large and extravagant salaries in the way of fees. Then they all rise up with one accord and say, 'Oh yes we know how much we get and it is not near as much as you people believe. If this is true then why not be in favor of salaries, so that you can get more. The tax payers are on to the game and do not propose to be hoodwinked any longer.

Wanted A Newspaper of Democratic Faith.

To let the people know just what is being done down at Raleigh in the way of relieving the burdens of the people. What has our county papers of the Democratic faith to say, that will act as soothing syrup to an already tax burdened people, what relief is being planned, and what relief will be offered. All are silent. All are dumb. Speak out gentlemen are your souls not your own.

Increased Taxation.

Does the voters and tax payers of Alamance county. That good old county where you have had good government. Democratic government if you please low these many years save two. Know that there is a bill now pending before the legislature of North Carolina to increase the tax rate ten cents upon the hundred dollars worth, thereby increasing the heavy burden already resting upon you. Yes Gentlemen it is a fact and it is going to pass too, you will know all about it when you go to list and pay your next taxes. If democratic administration is the best for the county, why this increase in tax rate, will somebody that knows the full text of the bill, give the tax payers and voters a full synopsis of the pending bill. What is the minimum and maximum of the increase. Please let a suffering public know.

Be Fair.

Will not our esteemed contemporary The Mebane Leader. Who always is always ready to holler be fair speak out in behalf of the good people of this county who are about to be further burdened by increased taxation by this so called pure and undefiled democracy. You know what is going on behind the curtains Brother Foy. Kindly turn on the light. We would do it, but you would holler be fair and the Joseph kind of me too's would yell Radical lie. We aint done nothin', and aint going to do nothin', but what is in the interest of good government. Now is your opportunity to show the people that you are really and truly nonpartisan and that you are not the editor of one of the me too's. We shall hold our breath for your answer.

Burlington Wants to be Exempted.

In another column will be found a summary of the bill introduced in the legislature giving a recorders court for the county. At a meeting of the board of Aldermen of the city of Burlington a committee composed of three Democrats and two Republicans was appointed to go to Raleigh and ask that the city of Burlington be exempted from the operation of this law, if the court is given the county. -Burlington News.

Still, when it comes to a question, that after much thought, study and investigation, that the Dispatch thinks with such a saving to the tax payers of Alamance of \$5,000 annually THE DISPATCH, which happens to be a Republican paper, is informed that it has nothing in the world to do with that the Editor of the News, and the Democratic party will settle this matter two years hence, that by postponing the salary basis until Dec. 1st, 1914, and losses to the tax payers of Alamance \$10,000, (\$5,000 per year for two years). We

know that the rank and file of the Democratic party are with us on this question, not because that we are advocating it, but because, it is just and right, and if Brother Crowson will put his ear to the ground, he will hear a rumbling, that means something, unless the tax payers are given this relief.

The Friends' Quarterly meeting was held at Cane Creek Church last week, from the 10th to 12th. There was a large attendance and good preaching at every service. The following ministers were present, besides many other visiting friends: Thos. Anderson from High Point, Jeremiah Cox from Greensboro, W. A. White from Guilford College, Thos. Andrew from Staley, and Margaret Hackney. George Wood, a Christian worker from Climax, was also present at the Quarterly meeting, and is now visiting friends in this neighborhood. The next Quarterly meeting is appointed to be held in Graham, on the second Saturday in May.

James H. Stuart and daughter Leannie of Haw Field, spent a few days with relatives here recently.

Cicero Dixon has gone to Greensboro to see his son Charlie, who is now very low with consumption.

Mr. and Mrs. W. M. Roach of Greensboro, visited relatives here last week.

Miss Clara Tinnin and Coy and Ralph Garrett of Rock Creek spent Saturday night with their grand-mother, Mrs. Catherine Thomas.

Mr. and Mrs. O. J. Coble of Route 1, spent Saturday night with their mother Mrs. Phoebe Coble.

We read that an editor was offered \$100,000 to write a subsidy editorial, but we suspect that Nat Goodwin used when he gave Edna Goodrich \$1,000,000, in the same sort of money.

Trial Tuesday Evening.

Preliminary hearing was held here Tuesday evening in the case of Banks and Dock Bass and Turner may charged with having broken into the Virginia Cotton mills store at Swepsonville on the night of January 18th. For the past several weeks Banks Bass has been working in the eastern part of the state on a bridge force with Garland Horner. May was arrested a few days ago at Rock Hill S. C. Lace may brother of Turner may who had disposed of jewelry like that taken from the store in magistrate Court the other day gave the officers an insight into the matter. When he told that the jewelry was given him by his brother, and that he had carried his brother to Gibsonville on the night of the store breaking. The defendants were bound over to court under \$500.00 bond each in default of which they were placed in jail. The case was tried before Esq. R. J. Hall and McCracken of Graham. Attorney W. H. Carroll appeared for the state and John H. Vernon for the defendant.

Pupils' Recital.

On Friday of last week at the residence of Mrs. L. C. Carter, the pupils of Miss MacDowell gave a most acceptable piano recital. The various numbers were well chosen and each one was rendered in a manner very creditable to both instructor and pupils. About seventy-five people were present and thoroughly enjoyed the afternoon.

The following took part in the program: Misses Ruth Heritage, Gordie Dickens, May Christenbury, Ruth Tate, Evie Lamb, Gertrude Coble, Mable Cates, Ruby Ross, Annie May Atwater, Mable Williams, Sadie Montgomery, Sadie Trollinger, Abbie Louise Carter, Margaret Sellars, while Miss MacDowell assisted two numbers, and at the close of the program, in her own delightful way, charmed those present with an instrumental solo.

It is said that there is a colored man in Adams County, Ohio, who did not sell his vote. We are not told whether it was because he was in jail or not.

Difficult Scriptures on Hell.
A little Book selling at only ten cents, postpaid, is having a very wide circulation—running up into the millions. It contains some very startling information respecting the meaning of the word Hell. It claims to demonstrate, both from the Hebrew and the Greek of our Bible, that Hell is NOT a place of eternal torment, but merely another name for the TOMB, the GRAVE, THE STATE OF DEATH. It affects to show that man was not redeemed from a far-off place of eternal torture, but quotes the Scriptures proving that he was REDEEMED from the GRAVE at the cost of his Redeemer's LIFE and that the Scriptural Hope, both for the Church and the World, is a resurrection hope based upon the death and resurrection of Jesus. The book is certainly worth the reading. The information it furnishes is certainly valuable, far beyond its trifling cost. Order it at once from the Bible and Tract Society, 17 Hicks street, Brooklyn, N. Y.

A DISCOURAGED PROPHET'S FLIGHT
1 Kings 19—February 19
"They that wait upon the Lord shall renew their strength."—Isaiah 40:31.

So signal a victory of Truth over error, of God over Baal, doubtless greatly encouraged Elijah, the Prophet. It was God's victory and Elijah rejoiced on that account, and because he had, in so large degree, been the Divine agent in the matter. But soon he learned that Queen Jezebel was as implacable a foe as ever. He viewed the matter, not as a combat between her prophets and Baal, but as between her prophets and Elijah. When she learned that her prophets had been slain, she was enraged and set the same, so unexpected a turn of affairs Elijah had not anticipated. He had the courage to meet the King and to denounce the eight hundred and fifty priests of Baal, but a mere message from a woman snuffed his courage. He fled into the wilderness there, strangely enough, to pray the Lord to take away the life which he had run away to protect.

Let us not forget, however, the suggestion in the previous study that the course of Elijah was intended to be typical—to foreshadow the experience of the Church during this Gospel Age. Let us examine this feature a little further and note the type and antitype.

Not only is Jezebel referred to in Revelation as symbolizing a corrupt Church system, inculcating false doctrines amongst the Lord's nominal people (Aliah, her husband, as representing the civil power and Elijah typical of the saintly class of the Church), but let us also note that the time of no rain was also typical, as mentioned in the Book of Revelation. Four times in this same period of three and a half years referred to as the period in which the true saints of God were hidden from the eyes of the world in general in a wilderness condition. And during the same period, there symbolized the mouth of famine, spiritual, amongst the people. Those three and a half years, in Revelation, are styled three and a half times, and again, twelve hundred and sixty days, and again, forty-two months.—Rev. 12:14; 12:6; 11:3; 13:5.

"The Still Small Voice"

In Revelation, however, these various references to three and a half years—and hence signify twelve hundred and sixty years in the antitype. Many believe that those years began to count in 538 A. D. and that they ended in 1798. Those who thus understand the matter recognize the increased interest in the Bible which followed 1798 to signify the time of rain (refreshment and blessing), which for the past century has brought great enlightenment to the whole world. But, however we may apply those three and a half years, symbolical years (twelve hundred and sixty literal years, most evident when they cover the antitypical period represented by Elijah's experiences in the wilderness.

If this be a true application it implies a measure of fear and cowardice for a time on the part of God's saintly people, as Elijah again went into hiding it would imply that the saintly ones became obscure. While they were in this wilderness condition a second time, God directed their course and taught them some important lessons, represented in Elijah's experiences related in this lesson. He was shown a strong wind, tearing the mountains and breaking in pieces the rocks, but this was not the Lord's manifestation of power. The next lesson was an earthquake, but neither was this the Lord's manifestation of power. The next lesson was the Lord's voice, but not in this case, Elijah fully discerned the Lord. Finally came the still, small voice and wonderful message of grace and Truth. In this Elijah recognized God as he did not recognize him in the other manifestations.

The antitypical Elijah, God's saintly people, are today learning to discriminate between different manifestations of Divine power through different agencies. Windy strife of words, which comes even as a hurricane, bringing devastation to the present order of Society, is not the voice of God, but the voice of humanity. The earthquake, representing a great time of social unrest and disturbance, upheaval, is not God's message to Elijah, but, nevertheless, is a manifestation of another power which he has in the world, by which, ultimately, the present order of things will give way before the Kingdom of his Son. The lightning, symbolizing the destruction of the present order, is not the voice of God, but the voice of the human passions which he will permit the Elijah class to understand God through the still, small voice heard by the ears of their hearts—the voice of Truth, the voice of God's Word speaking to his people today most wonderfully, yet unheard by the antitypical Aliah, Jezebel and others, intended only for the antitypical Elijah class—the Lord's faithful followers.

"I Have Yet Seven Thousand!"

Notwithstanding this voice, Elijah felt desolate and desired to die, thinking of himself as being alone consecrated to the Lord. But the Lord answered him, "I have left me seven thousand in Israel who have not bowed the knee unto Baal." Similarly today there are two classes in spiritual Israel. One class is in the wilderness condition, separate from the world. Another, a large class, is still more or less associated with and bound up in Babylon, although at heart they do not acknowledge any but the true God nor bow the knee to others.

"When ye hear I am come, then can ye arise. The joy of your heart springing up in your eyes? Can ye come out to meet me whatever the way? Though ye come on the waves of a storm-crested sea?"

"When I call, can ye turn and in gladness come out? From the home of your childhood, the friends of your heart? With naught but my promise on which to rely. Afar from their love—can ye lie down and die?"

"Yea, we'll take up the cross and in faith follow thee. And bear thy reproach, thy disciples to be. Hest thou hour, for courage to thee we will fly. Of grace thou hast promised abundant supply."

WASHINGTON LETTER.

Special to the Dispatch.

Washington, D. C., Feb. 10.—With a scant three weeks of the Congressional session remaining, not one of the important measures before Congress when the session began has been disposed of. Reciprocity with Canada marked a new line of cleavage among the Republicans and Democrats in Washington. Early in the present week, Senators were hopeful that they might solve the problem by letting the reciprocity agreement severally alone, but later it was brought sharply to their attention that unless there shall be a vote on this reciprocity agreement they will be called back to Washington promptly after the 4th of March and compelled to remain until there is an expression in the Senate either for or against it. And now the President is away from Washington making speeches mainly devoted to this reciprocity with Canada question and there is a strong impression that the country, except in isolated spots, is in favor of the agreement recently made between us and our northern neighbor.

The fact that the English papers and the leader of the opposition in the English Parliament are opposed to the reciprocity agreement between Canada and the United States will doubtless have some influence in favor of its approval by Congress in this country. It will be many years, perhaps centuries, before the United States and British America become one country, but the dividing line must some time fade just as the Mason and Dixon line has faded. There are a hundred reasons for the commercial, social and political solidarity of North America. There is not one valid reason in opposition. There is no possibility of the absorption of Canada by the United States or the absorption of the United States by Canada. Absorption is not to be thought of, but commerce between the two countries ought to be as free and unrestricted as between Ohio and Indiana.

There is no opposing vote in the Senate to Senator Cullom's project authorizing a Lincoln Memorial worthy of the great President and in keeping with high ideals of architectural grandeur. The form of the memorial has not been decided upon. It is left to the judgment and taste of a commission who it is hoped will make a wide and appropriate selection. There have been suggestions of a boulevard connecting Washington and Gettysburg, also a project for a triumphal arch like the Arch of Triumph in Paris or its prototype in Rome. There is also a project to have the memorial occupy the center of the great plaza stretching from the Capitol to the Union Station. The appropriation for this monument is two millions, but it is possible that this sum will be added to before the memorial is completed.

The appropriation by the lower house of Congress for diplomatic residences in a number of European and also in some Asiatic capitals is a new but needed departure in our foreign diplomatic policy. The amount for the building of or purchase of consular ambassadorial or ministerial residences is not to exceed \$150,000, but this amount will go into the building of suitable residences for our representatives in a number of cities than it would in any American city. Now having appropriately prepared for the lodging of our diplomatic representatives, perhaps Congress can be persuaded to consider in a unfrenzied way a proper uniform for our ministers, consuls and ambassadors, something different from the evening dress worn by butlers and waiters all over the world. Careful analysis know that there is just as much vanity and affectation and ostentation in Quaker-like plainness as there is in gorgeous attire, and since an overwhelming majority of the world at home and abroad get their first impressions from clothes, it is not improper that we give them through our foreign representatives a correct impression of the wealth and strength of the United States. Our affected plainness is not less ostentatious than it is deceiving.

Fifty years ago the writer of a book called "Beyond the Mississippi" expressed the popular feeling in behalf of the express companies when he told how the Wells Fargo Express Co. carried over two million letters within a single year at the cost of 121-2 cents a letter, which he said clearly "illustrates the superiority of

private enterprise," and he argued, "abolish the postoffice department, leave this like other carrying trade, to private competition, and the mail service of the United States will be performed 50 per cent cheaper and 100 per cent better than it is today." This is very much like the anti-parcels post argument we are having now.

To Lonesome Women!

"Are you going to the meeting?"
"Yes, I'll be ready when you come."

Women living on farms and in rural districts haven't time to seek and enjoy social pleasures. Distances are too great—the work is too urgent. Women grow lonesome and listless when robbed of these pleasures.

The Rural Telephone

solves the problem. It enables women to talk with neighbors and friends and keep alive to the news of the day. Our free booklet tells how you can have a telephone in your home at small cost. Women living in the country should write for it. Address

A bond issue, no matter as to its size, will never make up a deficit in the treasury.

If the thing keeps on we are likely to find out who pays taxes and who does not.

The chances are that we will have forty days more of mixed weather and then some.

Judge Ewart's bill would have meant sure enough prohibition, but it seems that they did not want that kind.

If the legislature is going to allow one or two new counties it might as well let them have as many as they want.

The legislature may not be particularly strong on prohibition, yet it cannot afford to encourage violations of the law.

Past legislatures have been spending more than the state could take in but the present one will perhaps go them one better.

While anything may be considered fair in a fight of that kind, High Point should not have gone and hurt Greensboro's feelings.

If it had been understood at the time that the prohibition law was only for poor white folks and niggers so many of us might not have voted for it.

They are now wanting to carve out a new county in the fourth congressional district and there is perhaps as much of an excuse for it there as anywhere else.

The wonder is that some one has not shown the poor white folks and niggers how to form and conduct a liquor club so as to get around the prohibition law.

If the president has to call an extra session of congress the democrats should rise above party politics and show the country that they are in earnest and want to do something.

It may be that property in the pauper counties is assessed as high as in the other counties, but it is the business of the state to find out for itself and not take anybody's word for it.

It would take about three millions to satisfy them all, but the interest on this would be only about a hundred and fifty thousand a year, or about four thousand a year for each of the paying counties.

We have a state prohibition law and there would have been no near-beer places if the towns and counties had not been willing to it. Many of us are wanting the legislature to do for us what we will not do for ourselves.

While Judge Ewart's anti-trust law has had plain sailing so far, you do not want to think that there is not trouble ahead of it. Even if the democrats wanted such a law they would not allow a republican to be the daddy of it.

by a cure-defying stomach trouble that baffled doctors, and resisted all remedies he tried, John W. Modders, of Moddersville, Mich., seemed doomed. He had to sell his farm and give up work. His neighbors said, "he can't live much longer." Another Letter from Mr. Spoon.

Crowded out last week.

Burlington, N. C., Feby, 4, '11. To The Honorable Board of County Commissioners of Alamance County:

A few weeks ago I wrote a letter to the people of the county in regard to the road situation in the county. This matter is of such vital importance at this time because, if nothing is done during the present session of the Legislature to give relief, your hands will be tied and progressive work on your part impossible without following in the line of the old Board and continuing to borrow to meet current road expenses. The old Board had no choice because the situation had not developed in all its significance until the legislature had adjourned and no relief was possible until this time. If you let it pass you will find yourselves in a worse predicament two years from now than at this time. The people should be called together in a mass meeting and the situation clearly and frankly stated to them and let them what they want to do, in view of the situation. At your meeting Monday would it not be wise to call a mass meeting at a date not later than Saturday, Feby. 11, 1911? I think this is due your board and I know it is due the public, for you can rest assured that our Representative, Mr. Long, will not pass any radical legislation without a request from the people. I would not think of advising him to do so without first being assured of the will of the public in sympathy and ready to support a measure, even though I knew that the law would be effective if carried out. The reason is no law can be carried out unless it has the moral support of the public and no small degree of its active support. This is why the people should be informed and then they will intelligently act. The people want good roads all over Alamance and it is nothing but fair that those who have derived the greatest benefit from the bond issue should contribute to that end. This can be done in no other way than by a substantial raise in the Road Tax. No matter how honest the men were when the campaign was waged for bonds in the belief that the tax would not and could not be raised they are now bound to admit that the tax must be either raised or the debt daily increased or practically all road work stop. This is a fact and we had as well face it squarely. The ten cents you have asked for to liquidate the debt now floating and the two cents to make up the deficiency in the law for the \$50,000 first issued for bridge is only to take care of debts already made. It gives absolutely nothing for future work or for continuing work already asked for by the people. You know that it takes \$15,000 annually to care for the bonds already issued and the purpose of the ten cents is only to liquidate the floating debt and that to run only three years. So your Board at the end of your administration will have to incur a similar current debt to leave to your successors or turn over to the public a record devoid of road progress. I do not believe this is by any means the desire of the Board or the public. I am greatly deceived in Alamance if the desire and the demand for better roads is not far stronger than ever before. We must at least double the road tax or have no more than will be required for patch work. This is no political matter. All parties should meet in mass meeting and discuss the matter and arrive at a clear open understanding of the situation and pass resolutions asking relief.

Sincerely yours,
W. L. SPOON.

Oakdale Bets.

Crowded out last week.

The Oakdale School boys have been playing a few ball games. They played Pleasant Hill school boys Jan. 28th score standing 6 to 28 in favor of Oakdale, and the 27 they played Crossroads score standing 6 to 9 in favor of Oakdale.

The school closed at Oakdale Feb. 3rd and all had a very nice time we hope. After every thing was over the school boys played a game of ball with Liberty team score standing 8 to 13 in favor of Oakdale.

Boys you all had better let Oakdale alone or you all may go home with a beating like the others have. They have gone to playing ball at old Oakdale.

No slavery To Work.

Deskins, Va.—Mrs. Mary A. Vandyke, in a letter from Deskins, says: "I had serious female troubles, lasting 40 days at a time. I was so weak I could hardly walk, so I tried Cardui. Soon I was better. Now I am well." If you suffer from any form of womanly pain or weakness, take Cardui, the woman's tonic, Cardui will lift you out the misery and weariness, caused by womanly weakness, and help you to see the bright side of life. Try it. Your druggist sells it.

New York is to have a new statute of George Washington. The one in front of the Sub-Treasurer is probably overworked keepin an eye on Wall Street.

Helpless as a Baby.

Valley Heights, Va.—Mrs Jennie B. Kirby, in a letter from this place says: "I was sick in bed for nine months, with womanly troubles. I was so weak and helpless, at times, I couldn't raise my head off the pillow. I commenced to take Cardui, and I saw it was helping me, at once. Now, I can work all day." As a tonic, for weak woman, nothing has been found, for fifty years, that would take the place of Cardui. Try a bottle today. It will surely do you good.

Reduced Cost of Living is expected to arrive almost any day, and it is needless to state that the entire populace is awaiting to greet him with a warm welcome.

Work Brought Exaustion.

Adel, Ga.—"For three years," writes Mrs. C. J. Rentz, "I suffered with female troubles. When I would lie down, I could hardly breathe. I could not do any work without being exhausted. I took Cardui according to directions, and now I can do all my work, and do not suffer at all." Cardui has brought health and happiness to thousands of weak women. It acts on the cause of women's backaches, headaches, nervousness, dragging sensations, weakness and misery. It relieves. It cures. Try It.

Blasting at Panama during August, September and October required on the central division 545,58 long tons of dynamite for 3,369,064 cubic yards of rock excavated. For these months in 1909 3,347,301 cubic yards of rock required 953.30 long tons of dynamite.

Saved Her Own Life.

Tecumseh, Okla.—"I believe," says Mrs. Eliza Epperson of this place, "that if it hadn't been for Cardui, I would have been dead today. Before I began using Cardui, I suffered from pains in the head, shoulders, back, side, limbs, and the lower part of my body. Cardui helped me more than anything, and I am now in better health, since taking it, than for four years." Nobody can deny that the best tonic for a woman to take, is a tonic for women—Cardui. Please try it.

Spiritism Said to Be Demoniatic.

A most interesting little brochure has recently come off the press setting forth with Bible proofs that the communications received by and through Spiritist Mediums is of Demon origin. The writer traces his subject through the Scriptures from the time when certain of the holy angels became disobedient. He proves from the Scriptures that these fallen spirits personate the human dead, with whose past history, spirits, though invisible, are thoroughly acquainted. He shows that they also frequently personate the Creator and the Redeemer, commanding their deceived ones to pray, do penance, etc. This, however, is merely to lead them on and to bring them more thoroughly under demoniacal control. Sometimes by breaking down the natural barrier, the human will, they possess their victim, and rule him more or less to his ruin—frequently sending such to the mad-house. Numerous illustrations, Scriptural and otherwise, are given. The price of the little book is but ten cents; it should be in the hands of all interested in Spiritism or who have friends interested therein. Dr. Francis S. Packard

of Greensboro, N. C.

Consultation and Examination Confidential, Inuit-ed and FREE.

From a Late Snapshot

To see all of his regular Patients and such new Cases, as may wish to consult him. Dr. Packard enjoys a statewide reputation, among the profession and the Public of North Carolina, where for more than 25 years he has devoted his entire time to the Study, Treatment and Cure of Chronic Diseases. The Doctor has had wonderful success in his chosen work, that of curing chronic sufferers, Men, Women and Children. The Patients he has restored to Health after they had given up all hope of being Cured are numbered by the thousands. He is a kind, generous, democratic gentleman to meet, of high scholarly attainments, and dignified personality. Coupled with a Brotherly interest, in all who seek his advice. He does not take a Patient for Treatment unless he can foresee a Cure of the Case. The most commendable feature of his work, and one that appeals to the ordinary sick person, is the fact of his charges being so reasonable and moderate as to make it within the reach of even the very poor. At no time do the charges amount to more than \$7.00 a month or about \$1.50 a week. He gives his own medicines, and there are no extra Charges. It takes him never more than from four to six Months to Cure a Case under Treatment. All Cases, even those who have been given up as Incurable or Hopeless, have been Cured and restored to perfect health by this Brilliant Physician and the wonderful methods he employs. If you want to meet him and have him examine you, go to see him and talk the matter over with him. It will cost you nothing if he does not put you under treatment. If he takes your case, it will cost you a very small sum to get well.

Remember the Date— and come early.

Are You a Woman?

Baltimore, Md.—Mrs. W. H. Sen, at 1419 East Madison street writes, "For several years, I suffered, off and on, from womanly troubles, until finally I was taken down and could do nothing. The pains I experienced, I shall never forget. I lost weight until I was only skin and bones. I believe I would be in my grave if I had not tried Cardui." Are you, like Mrs. Ison, weak and discouraged, because of some painful ailment? Cardui will help you. Try it today. Any druggist will be glad to sell you a bottle.

Lorimer says he never gives up, but it is alleged that he did to those Democrats who voted for him.

If it is true that Mr. Bryan declined an invitation to the Baltimore Democratic banquet because he did not wish to break bread with some of the other guests he might have gone ahead and had them to serve batter-pakes to him.

After the ceremony they all repaired to the dining room where the table (figuratively speaking) was groaning under its load of good things to eat. They all enjoyed the good things spread before them though Jesses appetite did not seem to demand a large amount of the good rations. Jesses should have done like Charles Neese did when he was married called for pickles as an appetites.

We notice that Mr. H. Lee Fowler has a brisk move on him these days. The Stork brought an 8 lb. baby girl to his home recently is the cause of Lee's nimble actions.

Sorry to note that Miss Lou daughter of Mr. and Mrs. Chas. Foster out of school on account

of sickness, Hope she will soon be well again.

Mr. H. M. Fowler of No 7 had the following visitors Sunday a week ago. Mrs. James White of Hawfields. Mr. and Mrs. L. R. Thompson of Greensboro, Mr. and Mrs. Robert Clapp and Mr. and Mrs. Poole of Graham, Mr. J. R. Anderson and Mr. Joseph Conrad of Durham and Mr. W. R. Ross of Burlington.

"Oh, shall death or sorrow reign Ere we all shall meet again? Grant that neither one shall know Ought of sorrow or of woe."

R. F. D. No. 1.
One day last week uncle Joe Sharpe and W. M. Coble caught an owl in a trap that measured 4 ft 6 in. They gave it to this writer but we let it get away from us before we got to town.

Miss Flora Cheek of Alamance spent Saturday night and Sunday visiting J. M. Cheek and family. We are glad to have Prof. J. A. Hornaday with us as teacher at Friendship. He takes the place of Prof. Shuler who resigned last week.

J. E. Isley and mother visited J. W. H. Isley of No 7 Sunday.

John Sharpe spent Saturday night in Burlington with his aunt Mrs. Sallie Moser.

Quite a number of young people gathered at the home of J. Councilman a few nights ago and enjoyed an old time valentine party.

George Beal are erecting new buildings also.

Mr. J. A. Thompson made a business trip to Greensboro Monday.

Ask Miss Lois Hobson what time Bennett left Sunday night.

R. F. D. No. 8.
Mr. and Mrs. Robt. Keck and little daughter Hilda were visitors at our house Sunday afternoon, glad to see these good folks. We had the pleasure of stopping with our good friend Mr. and Mrs. C. E. Tapscott for dinner last Thursday, we always feel at home at Clems.

Our worthy colored friend Geo. F. Harvey has had a right severe spell of Rheumatism. Glad he is able to be out again.

One of those rainy days we heard an awful singing out on Altamahaw No. 2, and we wondered who could be so merry on such a bad day. On inquiry we found it to be Vance Moore, one of our clever friends it seems that there is a new baby boy at his house, in other words, a little Moore at Moore's. Best wishes for all the Moores.

We notice that your No. 7, correspondent has "sorter" quit speaking about "Dan" and has gone to talking about the stork, No. 7 is all right though.

Thanks to Arthur Ross for fixing that bad place in the road. We appreciate it very much.

Will North Carolina, Stand For It.
J. Pierpont Morgan, organizer of the Steel Trust, the shipping Trust and a dozen other gigantic combinations of capitol, conceiving it to be good (?) for the people of this state, aspires to merge its independent telephone lines, which he either owns or controls with those of the Bell Company which he also largely owns and controls.

A man does not have to be endowed with an inordinate amount of horse sense to perceive what is inevitable if the absorption of the independents by the Bell is allowed to go unchallenged. At conferences held in New York and Chicago a few weeks ago at which H. P. Davison, one of Mr. Morgan's partners, Theodore N. Vail, President of the Bell System, and the representatives of the independents were present, it was openly stated that with competition ended rates could be raised and economies instituted that would enable the monopoly to place the stock of the independents on an eight per cent basis. With both companies operating between practically the same points, under one management it follows that one of them will be superfluous, and that it will cost less to pay dividends on the outstanding stock of the absorbent of Ohio that his purchase was for private investment and not for the Bell Company. To get around this he now proposes to turn the stock of the two systems into a single holding company, which is only another way of "whipping the devil around the

stump," and accomplishing by indirection what he is legally proscribed from doing directly. Have the people of North Carolina at whose pocketbook this move is aimed nothing to say? Have they no rights, which a Morgan must respect? Have they become so inert over the frequent abuse of corporation privilege that they hesitate to assert themselves? If not its time for them to get busy, before it is too late.

"What is the political situation throughout the country?" asks Brother Charles Bryan, editor of the Commoner, notes the Providence, (R. I.) Journal. Can't say exactly what it is, but we know what it isn't; and that is Bryanish.

Teeth

That fit, look right, and please you.

Why continue to suffer with tooth ache and neuralgia? Diseased and aching teeth, and sore gums bring on nervousness, indigestion, loss of weight, loss of appetite, bad breath and taste in mouth all of which means poor health. One patient on record gained over fifteen pounds in two months after having a set of badly decayed teeth removed. You can have your teeth taken out with remarkable ease. It is the most painless, the safest, and the most down to date METHOD known for the removal of teeth.

WHY PUT IT OFF? EXAMINATIONS FREE.
