

RAILROADS FORBIDDEN TO RAISE THEIR RATES

Washington, Feb. 23.—The Interstate Commerce Commission decided against the railroads in both "Eastern" and the "Western" cases. The decision, eagerly awaited by railroads and shippers alike, was handed down late this afternoon.

Proposed advances in class freight rates in official classification territory, aggregating among all the railways in the territory approximately \$27,000,000 a year, were disapproved by the commission.

In the case involving the increases by the railroads in Western Trunk line territory the commission also declined to approve the proposed advances in commodity rates.

The carriers in both cases are required to cancel on or before March 10 their advanced tariffs and restore their former rates, which are the rates now in effect. If this requirement be not complied with, the commission will issue a formal order suspending the proposed advances and putting into effect the existing rates for at least two years.

In the case of the rail road Commission of Texas against the Atchison, Topeka and Santa Fe Railway and other carriers, known popularly as the Southwestern rate case, the Commission declined to disturb the commodity rates or the first-class rates complained of. The defendants are ordered, however, to reduce the second-class rates, which were increased from \$1.21 to \$1.29 to \$1.25. On the remaining classes the defendants are required to restore the rates on effect before the increased rates were published.

Front Street Epworth League.

The Business and Social meeting of Front Street Epworth League, Burlington, N. C., was held at the parsonage Tuesday night Feb. 14th 1911. The parlor had been appropriately decorated for the occasion by Miss Bernice Hornaday, the hostess, assisted by Miss Lola Lashley. It looked like all the members of the chapter were present, and quite a number of invited friends. It was the most largely attended meeting our league has ever had in all its history.

To the Business meeting reports were submitted by the officers showing the League to be in a healthy and prosperous condition in all its departments. Three new members were received into the League, and nearly all the money on our "Mission Pledge" was secured.

For the Social meeting an interesting program suitable to the occasion (Valentine program) had been prepared by our popular and efficient third vice-president Miss Lola Lashley as follows: (1) Scripture lesson, Ruth 2:11-17, by Rev. J. A. Hornaday. (2) Instrumental music "Schubert's Serenade" by Miss Imogene Thurston. (3) Recitation, "Somebody" by Miss Bernice Hornaday. (4) Song, "Will you love me when I'm old" by Miss Bennett. (5) Recitation, "The Whistle" by Miss Ada Guthrie. (6) Reading "Annabel Lee" by Miss Brown. (7) Song, "Won't you be my valentine" by Miss Nettie Dailey. (8) Recitation "Smack in School" by Miss Byrde Dailey.

After the rendering of this splendid program a short while was spent in social enjoyment, after which refreshments in the form of cream and cake were served. At a late hour, amid joyous laughter and general good cheer the happy Leaguers and their friends departed for their homes.

Respectively,
Latimer Hornaday
Reporter.

Many of the Senators are awfully afraid the people will soon elect their senators, instead of permitting the corporations to name them through state legislatures, as at present. If the constitution is amended so as to permit this reform in electing senators, it is certain the trusts will have a hard time sticking their attorneys into Senatorial seats.

Alamance Insured a Fair For 1911.

For some weeks W. A. Hall, President of the Alamance Fair Association, assisted by the Association's Secretary, Dr. R. A. Freeman, has been working out a plan to insure the promotion and holding of a creditable and representative Fair for this section of North Carolina. The joint efforts of these gentlemen have resulted in a lease of the grounds for a term of years to an Association of gentlemen thoroughly familiar with the Fair business. The lessees are not only experienced fair men, but they have the means to promote the enterprise upon lines of significance and worth while-ness.

A committee consisting of Messrs McBride Holt, Dr. R. A. Freeman and Capt. S. H. Webb was appointed, by a meeting of the stock holders to assist the officers in working out the plans for and perfecting the lease.

The conditions have been complied with and a force of hands, under Capt. S. H. Webb's management, is now repairing the fence around the grounds.

The matter for the premium list is already being gotten together and the list will be out certainly by June 1st, possibly by May 1st. Arrangements to pay all unpaid premiums due by the Alamance Fair Association for 1910 between this and August 1.

The Lessees have secured the services of Mr. Junius H. Harden, the old Secretary and organizer of the North Carolina Circuit of Fairs and he is already actively at work for the meeting for 1911.

BIG POWER WIRE BREAKS

What Was in It Was Shown by the Work it Did in Fast Time.

Greensboro Record.

People know enough about electricity to be afraid of it, and it is well such is the case.

The other day one of the three big wires carrying current into the sub-station of the Southern Power Company located near the city pumping station, broke without any apparent cause or reason, and when it did break it made things lively for a few moments. It popped off close to the place where it entered the building; it came down the side of the house, "fusing," as they call it, the concrete walls just as if they were made of mud. When the end hit the ground it flew around like a hose let loose by the fireman when a hundred pounds pressure was on the line; it jumped all around and things looked squally for a time but the switch at the sub-station was thrown, a message was sent to the station at High Point to cut off the current, then the wire was repaired.

Such was the force of the current that the automatic switches at Great Falls were thrown out and it was well. No one was hurt, because every man around the plant kept out of the way. Enough current was oozing out of the end of that wire to have killed a whole regiment.

Mr. Durham is Promoted.

Mr. Carson Durham who for the past several years has been first trick operator of the Western Union at this place has accepted the position of agent made vacant by the resignation of Mr. G. O. Summers. Mr. Jake Boland will be promoted to Mr. Durhams position and Mr. Florence take second trick. No one has been assigned third trick yet.

KANSAS POSTMISTRESS HELD UP AND ROBBED

Pittsburg, Kan., Feb. 25.—Mrs. Gus Joseph postmistress at Fuller, a coal camp near here, was held up by two highwaymen last night and robbed of \$10,000, which she had just received by express from Kansas City. The money was to have been used to pay off employees of the Sheridan Coal Company today.

The money was in one package. Two other packages containing \$10,000 each were not found by the robbers.

The money was sent from Kansas City last night on the Kansas City Southern Railroad. There was \$30,523 in the three packages. The train arrived at 6.30 o'clock and was met by Mrs. Joseph and Albert Briggs, cashier of the company. The money was consigned to an express company of which Mrs. Joseph is agent.

Mrs. Joseph took a package containing \$10,523 and left the depot first. As she stepped out a masked man with a revolver confronted her and demanded the money. Another robber soberly stood nearby. Mrs. Joseph handed over the money. Briggs who, was close behind, saw what was going on and threw his two packages into a corner. The robbers ran to a buggy and escaped.

HAULING MAIL POOR BUSINESS

Washington D. C., Feb. 23.—The history of the Government and the Railway Mail business, that is, the hauling of the mail all-over the country by the railroads is one of series of reductions in pay. Notwithstanding the fact that the service everywhere has been largely increased, the pay has been steadily decreased. Congress has repeatedly cut the pay and in addition to this, the Post Office Department itself, whether legally or not, has also made further reductions. Notwithstanding these facts, postal clerks are transported free between the ends of their runs and their homes on the lines of the railroads.

Notwithstanding this fact, the railroads are responsible for any accident or any injury done them in transporting, the same as though they were paying first-class fare. The loss through transporting clerks free amounts to over \$1,000,000 per year to the railroads.

This is but one of many samples of cheap treatment on the part of the post-office and the Government toward the railroads.

Mule Is in His Heyday.

Omaha Bee.

Do not waste any sympathy on the poor mule. He is neither a has-been nor a candidate for that class. He, like the horse, is not suffering any setback as a result of the advent of the automobile. The long-eared animal seems only to have come into the heyday of his popularity, if we may judge from the price he brings on the market. Evidently his prosperity will not depend for artificial support on the advertising he might derive from Champ Clark's heralded promise to drive a span of Missouri mules up Pennsylvania avenue. It rests upon something more substantial.

The mule is more in demand today than it has been at any time since the Boer war, when the demand surpassed all records. But in pride he has far outstripped the Boer War days. Mules are from 30 to 40 per cent. higher today than they have been in ten years, and, according to the Kansas City Star, a mule of fourteen and one-half hands that could be bought on the Kansas City market during the South African war for from \$70 to \$105 today brings from \$185 to \$210. Evidently, the automobile, popular as it has become for hauling purposes, and the motor, popular as it is for propelling farm machinery heretofore driven or pulled by mules, have failed to undermine the mule's stability. They may not have increased it, but something has.

CONGRESS EMPLOYEES ASSAULT A MEMBER

Washington, Feb. 26.—Representative Hamer, of Idaho, while on his way to the Capitol Saturday night from the House Office Building to cast his vote on the question of fortifying the Panama Canal, was assaulted by three young men who quarrelled with him because of an accidental collision on the steps of the office building.

The young men were feeling merry as the result of a good dinner at a hotel across the street in New Jersey avenue. No one was seriously injured and Mr. Hamer appeared in good shape on the floor of the House about twenty minutes later.

Although no report of the occurrence has yet been made to the police and every effort is being made to suppress it, it is known that Mr. Hamer's assailants were employees of members of Congress. Several blows were struck, but Mr. Hamer declined to retaliate. He looked on the matter more in the light of a joke and would not discuss it.

FAMINE CONDITIONS IN CHINA GROWING WORSE

New York, Feb. 23.—Advices from China to the American Red Cross today are to the effect that conditions in the famine districts are growing worse as days go by. That 2,500,000 Chinese will die for want of bread if assistance is not rendered immediately is the prediction in a statement made by the organization. The number comprises nearly the entire population of the northern part of the province of Kiangsu and Anhui.

Beyond Their Expectations.

The Burlington Grocery Co. is succeeding beyond their expectations. The merchants through this territory realize that it is to their advantage to patronize and build up a home company. And as this company buys in solid car lots there is no reason why they cannot sell as cheap or cheaper than the wholesale merchants in other towns. They get the same freight rates and being situated upon the right of way of the Southern Railway Co., they are better situated than their competitors. Their specialties is grain, flour, meal, feed-stuffs, produce and fruits. It is something new for Burlington to have a firm who has the nerve and money to buy a solid car load of bananas, cabbage, seed Irish potatoes, corn, oats, flour, meal, lemons, and oranges. For our part we did not expect to see this for some years to come, but these enterprising people stepped in at the right moment to fill a long felt need. They are not competitors of The F. L. Williamson Co., and The McLamb Co., Wholesale Grocers, but carry a line that these people do not carry and in this way all lines are represented. What we need now is a Wholesale Dry Goods and Notion House. A house of this kind would be a success from the start. We are centrally located, and our merchants from the surrounding country prefer to trade here. We have good Mcadam roads leading into the city from all directions, and this is bound to count in the long run. Let's have other wholesale establishments and make Burlington as large a wholesale center as it is now a retail center. Burlington is a good town to do business in as attested to by our enterprising merchants both wholesale and retail.

Delightful Musical and Reception.

An occasion at which everyone present enjoyed themselves and felt the warm hand shake of welcome was that of last Friday night, when the Woman's Guild of St. Athanasius Parish gave a "Musical" at Wilba Hall the beautiful new home of Mr. and Mrs. F. L. Williamson of West Davis Street which was beautifully decorated with evergreens.

The sliding doors were thrown wide open and in the large spacious hall illuminated by the beautiful electric lights which shone like crystal was majestically seated the guest who were treated to one of the most harmonious and sublime "Musicals" of the season.

The Piano Solos by Miss MacDowell, Trios, by Mrs. Scott, Misses MacDowell and Bennett, the Reading by Miss Posey, the Coronet Solo by Mr. Campbell, the Quartet by Messrs Carrack, Morgan, Flick, and Shoffner, the Vocal Solo by Mrs. Eugene Patterson and Quartet by Misses Bertha Cates, Ella Robertson, and Messrs Flick and Morgan were charming and caused great applause.

After the "Musical" a reception to the new Rector and his wife Rev. and Mrs. Gible was given. Delicious refreshments consisting of cream cake mints was served. The guest who represented all the denominations of the town after mingling together and making many new acquaintances realized that they must bid their host and hostess goodnight.

A voluntary offering of \$75.75 was given for the benefit of the new Episcopal Church erected by Mr. Lawrence Holt which is nearing its completion.

FATAL SHOOTING ABOARD STEAMER AT BALTIMORE

Baltimore, Feb. 26.—Following a quarrel early today on board the steamer Jacob Luckenbach, which was in dock at Fairfield, near this city, Anton Fuchs, an Austrian seaman, was shot and probably fatally wounded by Edward Keane, quartermaster of the vessel, whose home is in Atlanta, Ga.

The wounded man and another sailor were on shore leave last night and when they returned to the vessel this morning they began to sing and shout. Keane was awakened, and, procuring a revolver, forced the men to retire.

While discussing the matter with another officer Keane said, Fuchs came on deck and approached the two officers in a threatening manner. Keane claims that in fear for his life he drew the pistol from his pocket and fired at Fuchs. Five shots took effect.

Funchs is in a hospital and Keane is in jail. The Luckenbach sailed for Galveston later in the day.

PLAYING WILD WEST SHOW BOY IS KILLED

Philadelphia, Feb. 26.—An Kelly, aged 15 years, was shot and instantly killed today by James Engle, aged 10, while playing cowboy and Indian with a number of other boys on a lot near their homes in West Philadelphia.

The boys have been accustomed to meet on a lot near the city and reproduce wild west shows. On previous occasions they have been contented with rope lasso and cap pistols, but last night two of the older boys purchased a small rifle and brought it to the lot today. Young Engle, armed with this weapon, was being pursued by John Kelly with a lasso when, according to witnesses, Engle without looking, turned and shot. Kelly fell with a bullet through his heart.

WARRENTON MAN TAKES HIS LIFE

Uses a Pistol and Blows Brains Out by Dead Wife's Bedside.

Warrenton, N. C., Feb. 24.—Driven into temporary insanity by the sudden death of his young wife, Mr. Milo Pendleton, a prominent business man of Warrenton, this morning about 2 o'clock blew out his brains with a revolver, and died almost instantly by the bedside of his wife.

The young wife of Mr. Pendleton had been ill for several days. He was watching by her bedside this morning in company with a physician when she died suddenly of heart failure. He requested the physician to go to a telephone and call in friends. While the physician was at the telephone the grief crazed man picked up a revolver from a dresser and blew out his brains. Death was almost instantaneous. He sank down by the side of his dead wife.

The deceased was engaged in the drug business. He was a member of one of the most prominent families of the section in which he lived, being a brother of Dr. Robert Pendleton of Henderson, and also of Mrs. Peter Arrington, of New York. He had been married several years, his wife being a daughter of Senator Hawkins.

The terrible tragedy shocked the whole community. Mr. Pendleton had been in excellent health and spirits, was successful in business and his friends were overcome with surprise grief at the rash act. The dual death leaves an orphaned child of about 15 months of age.

Strong Hand Needed.

Buffalo Express.

The first night-riding of the season is reported from Nicholas county, Ky., which is in the burley tobacco district. The riders dug up several fields. Is this the result of the discussion at the recent meeting of burley growers either to abandon growing a crop this season or to curtail planting? No matter how the convention decided, there would be some growers who would plant tobacco in the expectation that they would reap large profits from the high prices which we expected to follow the curtailment in acreage. It was said at the time of the meeting that any attempt to reduce acreage, or abandon it altogether, would be followed by a reappearance of the night riders.

If the authorities in Kentucky are alive to the situation, they should be able to stop this offending at once. If they would make a serious effort to arrest this first group of riders and punish those they succeed in arresting, a salutary lesson would be read to others who may be planning similar raids. The trouble Kentucky has had with night-riders in other seasons should inspire it to do all it can to nip this season's activities in their budding.

Comforting Words.

Many a Burlington Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Burlington readers.

George Ledford, 200 W. Market St., Greensboro, N. C. says: "I think just as highly of Doan's Kidney Pills now as I did some years ago, when I gave a public statement, recommending them. I have had little or no kidney trouble since that time. For quite a while I suffered from pains in the small of my back and I was annoyed by irregular passage of the kidney secretions. Sometimes I was confined to my bed and I knew that I was gradually growing weaker. Hearing of the benefit other people had obtained from Doan's Kidney Pills, I got a box of this remedy and began its use. I was restored to health and strength in a short time and the symptoms of kidney complaint were disposed of."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

The many friends here of Prof. Palmer Cobb regret to hear of his death which occurred this morning Feb. 24 at Guild hospital New York. He has been in poor health for a year or more, ever since he fell his head striking a using a painful wound. He was associate professor of German at the University. His untimely departure is greatly deplored.

County Times.

Quantities of gold is being found in Jonesboro township 8 miles southeast of Jonesboro. Dr. J. L. Cox's place also on lands and Dalrymple's and B. Maddox's land. Experts are working on experiments and we will soon be able to report the results. There is no doubt that Lee county is underlaid with gold.

Charles B. Plyler of Union county who was to have been executed last Friday escaped death chair by Gov. Kitchen commuting his sentence to life imprisonment at hard work. After justly owes the change of sentence to Rev. J. W. Little who spared no time to this end several months.

My Leader.

On last Thursday Ernest Northington a young white man of this

city was arrested and placed in the city prison charged with cruelty to his four year old child and Constable Cody was responsible for the warrant that may yet give Norman serious trouble. The case came up before Esquire Thos. B. McCargo last Monday and both prosecution and defence were represented by able counsel. The witnesses were neighbors of Norman who testified to his beating and otherwise torturing his child and if these are to be believed he is a very inhuman father. The prosecution argued that the offense came under the law while the defense argued that he did not exceed his authority as a father and the court reserved its decision until today requiring a bond of one hundred dollars which was given.

Union Republicans.

Luther Carr col., an employee of the R. J. R. Tobacco Co., was found dead in his bed at his room on North Liberty St., Saturday. The body was in the first stages of decomposition. He was last seen the Thursday before when he left the factory and complained of being ill. An inquest was held Dr. Dowdy conducting the same. It was evidently a case of death from natural causes.

Bob Deatheridge white from Surry county, who was released from Stat's Prison last October, after having served a term of two years for larceny was committed to serve another year for a repetition of the same offence. It is said that when he committed the offense for which he now has to serve a year, he entered the same house through the same window as on the occasion when he committed the first offense for which he served two years.

Raleigh Caucasian.

Raymond Gardner aged two years of Pine Level Johnston County was brought to Raleigh Monday for treatment. The child's stomach had been pierced in two places by fragments from a dynamite cap that was accidentally swept into the fire. The child was standing in front of the fire when the cap exploded inflicting the dangerous wounds.

On last Saturday night Wiley Austin colored of Holly Springs Township Wake County shot and killed Garfield Williams colored. The tragedy occurred at Williams home where an oyster supper was in progress. Austin became boisterous and was ordered to leave which angered him, and he shot Williams' it is said, without any further provocation. Austin then made good his escape.

Leaksville Spray Gazette.

About nine o'clock Monday night the public school building at Draper was burned to the ground. The fire was first discovered by the engineer of the German-American mill, who turned in the alarm. The fire apparatus of the mill was put into operation, but the fire had gained such headway that it was impossible to check the flames, although strenuous efforts were made to save it. The building was a modern one of three rooms and was just completed the first of the year. The loss is practically covered by insurance. Cause unknown. The building was insured for \$1,500, through Mr. E. E. Emerson of Spray and an evidence of that gentleman's diligent and active efforts is the fact that on yesterday (Wednesday) the adjustment was effected and the full amount of the insurance paid over to the school committee. Arrangements will be made to continue school work, and a new school building will arise.

The Teeth.

By J. S. Frost, D. D. S.

Deposits Upon The Teeth.

There are many kinds of debris which gather around the teeth but only the principal kinds will be mentioned.

The "white deposit," that cheesy deposition which is often found encircling the neck of the teeth and forming a narrow white line just at the gum margin composed of particles of food that is partially fermented. When this has been allowed to remain for any length of time the tooth structure beneath it will be found partially decalcified and softened. This deposit is soft and may be easily removed with a brush which often uncovers small cavities that have been forming beneath it.

Salivary Calculus, ordinarily known as Tarter, is a deposit from the saliva. Naturally, this deposition will be greatest near the mouths of the salivary glands so it is found mostly on the inner surface of the lower front teeth opposite the sub-maxillary and sub-lingual glands and upon the outer surfaces of the upper jaw teeth opposite the mouth of the parotid gland.

Sometimes this material is formed in great quantities, binding several teeth together. In some instances the utmost care of the patient will not enable him to keep the teeth entirely free from it. When this is the case it is usually soft, of a creamy yellow color and is easily removed. When it is deposited more slowly it has time for consolidation and becomes hard, and is usually stained a dark color by pigmentary matter from the secretions of the mouth.

This deposit is not only destructive to the teeth but affects the health from the fact that it is a mechanical irritant which keeps the teeth and mouth in a filthy condition by constantly acting as an absorbent, and as an obstacle against or under which food lodges. It should be carefully removed with instruments, the teeth polished, and if necessary, the irritated gums touched with a stimulating astringent. When left on the teeth for long periods it often pushes the gums back to such an extent that the teeth become loose and worthless.

A Fierce Night Alarm

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin of Manchester, O., R. R. No. 2, for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Doctor Knew Too Much.

New York Tribune.

"That excuse only increases the awkwardness of the case," said Mayor Gaynor of a political fiasco. "That excuse reminds me of young Dr. Start."

Dr. Start, a short time after he began to practice, was summoned to attend a banker suffering from typhoid. Dr. Start pulled the banker through. Then, in taking leave for good, he congratulated his patient and himself, and said he would call just once more in the course of the week to make sure that no complications had set in.

"He called five days later. The banker's brother met him at the door with a very long face."

"Poor George is dead," he said solemnly.

"Dr. Start turned pale. 'How am I to get out of this?' he thought. 'I must exonerate myself somehow. What negligence have I shown?' Then he said:

"Well, on the whole, I'm not surprised. This isn't the first case of typhoid convalescence, nor will it be the last. A clot, it is clear, formed suddenly at the base of your brother's medulla, the diastole was disordered, and the usual heart failure ensued."

"Dr. Start rattled on for several minutes in that strain, but at the end of a long and involved sentence, when he paused to take breath, the banker's brother said solemnly:

"No, Dr. Start, you are wrong. That isn't what killed George. He went bathing at Coney Island, and was carried out by the tide."

Uncle Joe's Quakership.

Washington Times.

Representative A. Mitchell Palmer, of Pennsylvania is telling a good story on Speaker Cannon.

"Few people realize," said Mr. Palmer, "that the Quakers have a larger representation in Congress, in proportion to the membership of the sect, than any other religious body. There are 200,000 Quakers in the United States; the present apportionment calls for one member of the House for approximately each 200,000 population, and yet there are nine Quakers in the House and Senate. They are Representative Cocks, of New York; Butler, of Pennsylvania; Griest, of Pennsylvania; Barnard, of Indiana; Heald, of Delaware; Speaker Cannon and myself. Over in the Senate the Quakers are Heyburn, of Idaho; Scott, of West Virginia, and Dixon, of Montana."

"Strictly speaking, there are only nine of us. Speaker Cannon excommunicated himself the day he was married. When the meeting heard of Cannon's marriage they sent a committee to him."

"Joseph," said the committee, 'the has committed a great wrong by marrying a nonfriend. If thee will say that thee are sorry thee will be taken back into the meeting.'

"Brothers," said Cannon, 'thee come to me too soon. If thee will come to me in about a year I will be able to tell thee whether I am sorry.'

"They would not wait a year," interrupted the Speaker, who was enjoying the story, "and they lost a good Quaker. However, I am not lonely, because although Palmer says Senators Dixon and Scott are Quakers I don't think either of them work at it any more than I do."

"The old flag is good enough for our school houses," says the Rochester Post-Express, but an appropriation is better.

With the exception of passing a few sawdust bills, what has the Legislature done? Draw their pay of course.

We have never been anywhere else but right, on your position in regard to salaries for the county officers. If not what are you kicking about Mr Kernodle?

It may be that all the important legislation is yet to be enacted by the Legislature, but in our opinion about all has been done that will be done, this load of poles at least.

Why didn't the editor of the Gleaner do a little investigating on his own hook. If he had done so could have seen wherein we are right, but he just could not do it when it meant the cutting off a part of his income.

It is an easy matter for the editor of the Gleaner, who, by the way, is Clerk of the Superior Court, to say that he is in favor of salaries for the county officers and then throw cold water on the proposition at every turn of the road.

From the way the Legislature raised the tax rate in Alamance it appears that they are determined to put the tax payers in the pauper list, if they cannot get the county in that column. This is Democratic good government with a big "G."

If the present session of the Legislature has passed a law that will be of any great benefit to the tax payers, we have failed to note it. Raising taxes and salaries, and making new offices for the hungry pie brigade seems to have been the order of the session.

Much has been said through the papers of the State about pauper counties. It appears that the Legislature delights in making them. Two new counties have been made by the present session of the Legislature, and it will be impossible for them to be otherwise than paupers, as the term goes, for the next twenty years.

Will some one explain why the Legislature refused to pass the bill forming Piedmont county, which would have ranked among the wealthy counties of the State, and turned right around and

Hoke and Avery counties, are formed principally pauper counties and no part of their ever being any else. Politics in it did you say, and of the peanut

The much needed fire proof State building, so much discussed by the present Legislature, to cost a million dollars has about dwindled down to nothing. The last account we had of the proposition was to appropriate \$250,000 (imaginary) for its erection. Quite a slump isn't it. But we suppose it is in keeping with the condition of the Treasury.

We Thought You'd Say It.

"Last week The Gleaner quoted all it had heretofore said about putting Alamance County's officers on a salary basis, so that the State Dispatch could, if it desired to do so, get straight on our position. After a week to think over the matter The Dispatch has not a word to say. If it wants to wag along under the charge that it misrepresented our position and deigned to make no amends when the error was pointed out it suits us alright."—The Gleaner.

On another page we are reproducing all that the editor of The Gleaner has had to say about placing the county officers on salaries. It makes quite interesting reading and if you can tell where our efficient Clerk of Court really stands on the proposition you can have the "pup". He first blows hot and then cold, runs with the hare and chases with the hounds, until we doubt very much if he knows himself where he stands upon the question. At least, if the Gleaner is in favor of the proposition as he says, he could have come out in the open and made a manly fight for it, and had The Dispatch had the co-operation of even one other county paper, we believe that our efforts would have produced good results.

We have shown as plain as day light, by comparing our county with others of like population and wealth, that it would mean a saving to the tax payers of about \$5,000.00 annually, and yet you who profess to love the overburdened tax payer, never raised your voice in their behalf. But instead, ridiculed us for the effort we made to bring about this reform measure. The reason this was not enacted into law by the present Legislature was because of the opposition brought out by the Democratic press and office holders, and the sin lies at your door and you will have to answer for it to the tax payers and voters when you ask their suffrage again.

We want to reiterate what was said in these columns a few weeks ago, that the salaries agreed upon by the candidates of the Republican party in the late campaign are fair and equitable, and by adopting these salaries would save the county \$5,000 per year. Which would to a great extent eliminate the floating indebtedness of the county, which you denied being as much as \$25,000.00, but which has since developed to be true, your denial to the contrary notwithstanding.

We do not feel that we have misrepresented your position. It is clear to our mind that had you favored this proposition and come out good and strong for it, the results would have been different in Alamance county today.

Banquet of Red Men.

As is their usual custom the Keywansee Tribe No 97 of the Red Men gave a banquet Wednesday night February 22nd celebrating the Birthday of George Washington. The members of the order were dressed in costumes resembling those worn by the Indians with hats trimmed in feathers. After going over their order of service those present were delighted by a scene of speechmaking. Speeches being made by attorney Hoffman Postmaster Waller Manager Brown Alderman Freeland concluded by Geo. Smith. While the speeches were being enjoyed refreshments consisting of cream cake and several kinds of fruits were passed.

The time for departure had arrived and the crowd went their way rejoicing feeling that they had been loyally entertained in celebration of the Birthday of him "Who was first in war, first in peace, and first in the hearts of his countrymen."

In Memoriam: William James Fitch.

I deem it fitting that I, an old Comrade of the late William James Fitch, should give a short sketch of his life, especially with reference to his record as a Confederate Soldier.

Comrade Fitch, then a very young man, enlisted as a private in Company K of the famous "bloody sixth" North Carolina Regiment at Company Shops in 1861, his being the company to leave for the front from Alamance county. He received his first "baptism of fire" at Bull Run and from then on until he was captured by Federal troops, Dec 13th 1863, he participated with his regiment, in every important engagement fought by the army of Northern Virginia.

Jim Fitch was of a modest and unassuming nature—never boisterous or boastful, but always at his post and performing promptly and cheerfully every duty assigned to him. Belonging to the regiment he did, no work was too arduous nor any movement too dangerous for him to undertake. In the vanguard during an advance, or in the rear guard in retreat, he served his state and his country well and faithfully and, through the providence of God, lived a long and upright life and to see every vestige of sectional hate disappear and a glorious and restored Union of all the states take its place, where it rightfully belongs, in the forefront of all the Nations of the earth.

The writer recalls an incident in the career of comrade Fitch that will, perhaps, interest all who may read this short sketch. In one of the battles in which our regiment was engaged, he was standing by my side with his folded blanket over his shoulder when a ball struck his blanket just over his breast. The force of the impact was so great that it felled him to the ground and I thought he was either killed or seriously wounded. However, he almost immediately recovered himself and proceeded with his regiment in the bayonet charge we were then making. After the battle it was found that the bullet had penetrated seven folds of his blanket, lodging therein just above his breast. If would permit, numerous other incidents might be mentioned of equally thrilling character, but this I deem sufficient to bring the younger readers of this article to a realization of the dangers and hardships that were every day encountered by the Confederate soldier.

As a soldier, Comrade Fitch did his full duty, while as a citizen and after the stirring scenes of the civil war had vanished for ever, no man has stood higher in our county or commanded more universal respect from his friends and neighbors.

Another hero has dropped from our ranks and his genial face will be seen no more on earth. He sleeps his last sleep in the tenting grounds of the dead, but I trust we shall all meet again when the final roll is called on the "last great day."

With all sympathy for his loved ones, who are left behind, and with the prayer that his last repose may be but a peaceful slumber with a most joyous awakening, I beg to subscribe myself as his affectionate comrade.

WILLIAM A. HALL.

Death of Prominent Citizen.

Mr. W. J. Fitch a prominent citizen of the Long's Chapel neighborhood, who has been suffering with pneumonia, died Wednesday February 22nd at his home. He was 66 years 7 months and 9 days old. A consistent member of Long's Chapel Christian Church, being Secretary and Deacon in the Church. For twenty years or more was a Justice of the Peace and for four years served a soldier in the Civil war during eighteen months of which time he was a prisoner at Point Look Out.

Funeral services were conducted Thursday by Rev. J. W. Holt burial at Union Ridge Cemetery. He leaves to mourn their loss a life long companion two sons and one daughter. Messrs E. W. Fitch a prominent physician of New York and Chas. Fitch and Mrs. Thos. Blanchard of this county. In the death of Mr. Fitch his home, church and community grieves the loss of one of their best citizens.

Standing little more than three feet in height, yet arresting a man of full grown stature and landing him safely in the police station was the work of "Admiral" Don O. Robbins, of Belmont, Me., who lives with the family of City Marshal Marcellus A. Knowlton.

THE UNIVERSITY LETTER

Chapel Hill, N. C., Feb. 27. —

In a game of basketball that was in every way well up to the standard of the athletic contests between the University of Virginia and the University of North Carolina, Carolina lost by a three point margin, the score being 18 to 15. The score was tied at the end of the first half. The game was played under the intercollegiate rules, the rules under which Virginia had been playing while Carolina had played every game thus far under the Y. M. C. A. rules. Virginia's play featured dribbling which was possible under intercollegiate. Despite this disadvantage and the further setback of a ten pounds inferiority in weight man to man, Carolina played a game that for sheer grit and beautiful fighting courage should make every Carolina man feel proud. There is little doubt that the men who played in this game will be awarded the varsity insignia, the N. C. monogram.

In Chapel Friday morning, Dean Graham read out some interesting statistics that he had gleaned from the returns of the recent mid-term examinations. 51 per cent. of the entire student body was successful in every examination tried. The junior class was highest with 60 per cent. successful on every study. 13 men passed only one study. Only seven failed on everything and five of these were men who had been here two years.

Professor M. C. S. Noble, head of the department of education, attended a convention of the Masons at Alexandria, Va., on Washington's Birthday called for the purpose of considering plans for the erection of a national Memorial to George Washington. The meeting was attended by delegates from every State in the Union. Besides Grand Master R. N. Hackett, Professor Noble was the only delegate from North Carolina.

Rev. R. L. Patterson, pastor of the St. Marks Lutheran Church of Charlotte preached the University sermon for February in Gerrard Hall Sunday Feb. 19. He preached on the personality of Christ. His was considered a strong sermon.

The college dramatic club presented Oliver Goldsmith's comedy, "She Stoops to Conquer," in Gerrard Hall Monday night. Opinions vary as to the success of the production. Some think the performance was well up to the standard of student dramatics at Chapel Hill. Others are not so favorable in their criticism of the play and the cast.

Special Announcement.

The attention of the people of Burlington is called to the opening on Main Street in the building formerly occupied by the Singer Sewing Machine Co., of a popular Refined and wide awake fruit confectionery and tobacco emporium where your needs, desires and tastes will be carefully, quickly and gladly supplied. We are opening with a high quality and an absolutely fresh line of goods. While we do not expect to sell all of the candies, fruits, and cigars that are sold in Burlington, we will most certainly sell our share, and our share of customers is every one that we can induce to purchase at our store, and with the quality of goods and service that we are placing at your disposal, you will be cheating both yourself and us by trading anywhere else. Come and see our place of business and line of goods, and if upon investigation you do not find our goods and service are not entirely as we represent them, we want you to trade somewhere else. And if you do find our goods and service as represented, we do not want you to leave our store until we have supplied your needs. Yours for mutual pleasure and profit.

Difficult Scriptures on Hell.

A little Book selling at only ten cents, postpaid, is having a very wide circulation—running up into the millions. It contains some very startling information respecting the meaning of the word Hell. It claims to demonstrate, both from the Hebrew and the Greek of our Bible, that Hell is NOT a place of eternal torment, but merely another name for the TOMB, the GRAVE, THE STATE OF DEATH. It affects to show that man was not redeemed from a far-off place of eternal torture, but quotes the Scriptures proving that he was REDEEMED from the GRAVE at the cost of his Redeemer's LIFE and that the Scriptural Hope, both for the Church and the World, is a resurrection hope based upon the death and resurrection of Jesus. The book is certainly worth the reading. The information it furnishes is certainly valuable, far beyond its trifling cost. Order it at once from the Bible and Tract Society, 17 Hicks street, Brooklyn, N. Y.

TESTAMENT TIMES BROOKLYN TABERNACLE BIBLE STUDIES

LIFTED BY WHIRLWIND OUT OF
SIGHT

Experiences of Elijah the Prophet
11 Kings 2:1-11—March 5
"Enoch walked with God and he was not."
—Genesis 5:24.

THE Bible tells of three notable
men who disappeared—God
took them. One of these,
Enoch, we are told, did not die.
Another of them, Moses, we are told,
died and was buried. Of the third
one, the special subject of our lesson,
it is not stated whether he died or not.
But it is our understanding that he
did die.

The heaven to which Elijah was
taken by a whirlwind was the aerial
heaven, in which the birds fly. His
taking away after this manner was
in order to complete the typical fea-
tures of his life, as we shall see. That
neither he nor Enoch went to heaven,
in the sense of passing into the heav-
enly or spiritual state and into the
presence of God, is clearly testified to
by Jesus, who declared, "No man hath
ascended up to heaven, save he who
came down from heaven, even the Son
of man" (John 3:13). Although, of
Enoch it is declared that he was trans-
lated that he should not see death, it
is not stated that he was translated to
heaven. Where he now is no man
knows.

The object served in the translation
of Enoch probably is to show by and
by that it was quite possible for God
to have main-
tained our race in
life perpetually—that only be-
cause of sin was
it necessary for
Adam and his
family to die;
that when sin
and death shall
be abolished by
Messiah during
his Kingdom,
and when the
willing and obedi-
ent of mankind
shall have been
brought to hu-
man perfection again, they will never
need to die.

"Tarry here, I pray
thee."

Elijah a Type of the Church

As Melchisedec (a King and Priest
at the time represented or typified
the Church in glory, so Bible students un-
derstand that Elijah, the Prophet, typi-
fied or represented the Church in the
flesh—this side the veil—from Jesus
to the present. Thus, long after Eli-
jah's death God, through the Prophet,
declared to Israel, Behold, I send you
Elijah the Prophet before the great
and notable day of the Lord, and if he
do not turn the hearts of the Fathers
to the children, and the children to the
fathers, then the earth shall be smit-
ten with a curse—a time of trouble
such as never was since there was a
nation.—Malachi 4:5, 6.

John the Baptist, as the forerunner
of Jesus in the flesh, typified this
greater Elijah (the Church) in the
flesh, the forerunner of the Messiah
of glory. As John the Baptist did not
succeed in bringing the people into
harmony with the fathers (Abraham,
Isaac and Jacob, etc.), so likewise
the Church in the flesh, as God foresaw,
has not been successful in bringing
peace to the world.

As John the Baptist's failure with
Israel was followed by the overthrow
of their national polity in A. D. 70, so
we believe, the failure of his antitype,
the Church in the flesh, to bring in
harmony and righteousness, is by Di-
vine intention to be followed by the
world-wide trouble which will humble
man and prepare the way for the es-
tablishment of the Messianic Kingdom.

Caught Up in a Whirlwind

Many Christians have not noticed
that there is not only a difference be-
tween the heavenly salvation, which
God has provided for the Church, and
the earthly restitution (Acts 3:19-21)

which God has provided for the
world, but additionally there are
two distinct
classes of the
Church brought
to our attention
in the Bible.
First, we have
the faithful
Royal Priesthood
styled "The Body
of Christ," of
which Jesus is
the Head. These
have the promise
that they shall sit with Christ in his
throne and be judges of the world dur-
ing the Messianic Kingdom. The other
class of saved ones on the spirit
plane the Scriptures designate a "great
company," whose number no one
knows" (Rev. 7:9). These will serve
before the Throne.

Chariots and Horsemen of Fire
Having located Elijah as the type
of the "rebel" class, Bible Students are
inclined to consider Elijah as probably
a typical character; also a representa-
tive of the greater spiritual class, the
antitypical Levites.

The various instances in which Elijah
suggested to Elisha that he should tar-
ry behind are supposed to represent the
trials and difficulties in the path-
way of the Church here, which will
suggested to the "great company," the
Elisha class, that they continue on to
follow their more zealous brethren of
the Elijah class.

WASHINGTON LETTER.

Special to the Dispatch.

Washington, D. C., Feb. 24—
Less than a week of the session
remains and Congress will doubt-
less crowd as much legislation as
possible in the final Saturday,
and probably move the hands of
the clock backward in order to
secure a few minutes more time.
The President will be busy on
March 4th, affixing his signature
to the delayed bills. Congress is
working frantically in order to fin-
ish things before twelve o'clock
March 4th. Men, legislators,
statesmen, making laws for the
greatest nation of the world, frit-
ter the early days of the session
most frivolously and then do hur-
ry-scurry work in final fleeting
minutes. So it has been, so it is,
so it will be.

Whether there will be an extra
session called immediately after
March 4th depends entirely
upon the action of Congress on
the reciprocity agreement which
the President has made with the
Canadian government. Much of
the time of Congress has already
been taken up listening to the
selfish plaints of isolated in-
terests—interests that have so
long been favored that they im-
agine themselves the people and
the nation. They are active and
loud and like a scant brigade
marching around a hill, by their
activity and noise make an im-
pression upon a one-sided onlook-
er of the whole army. They have
their representatives in both
houses of Congress, too, though
some of them will not stay much
longer. Bellweather Aldrich is
at a southern resort having, as
he says, the time of his life, and
Bellweather Hale of Maine has
just seven days more, but he is
playing his role of obstructionist
and will play it till the curtain
falls. There will be no encores
as far as he is concerned. After
he is out of the Senate his in-
ability to learn or forget will hin-
der progress no more.

Much precious time has been
wasted this session on the Lor-
imer case, and that portion of the
Senate gallery occupied the past
week by impressionable ladies
was a scene of fashion and of
tears when Senator Lorimer
pleaded his case for four hours
and rehearsed his career from
bootback to the Senate and ex-
plained how his success in politics
and his election to the Senate
was to be ascribed to popularity
won by his kindness to Jew and
Gentile alike. Incidentally he
disclosed what kind of a states-
man he is by saying that Sen-
ator Aldrich was his bellweather
and that he always voted the way
he did. It has long been known
by the wise that in the Senate
little Rhode Island swung some
of the larger states, but a con-
fession direct from Illinois may
be edifying to stalwart doubters.

The Japanese war scare will
not down. Representative Hob-
son parades it in the House, and
says there will be war with that
country in ten months or long be-
fore the completion of the Pana-
ma Canal. It seems that our
treaty with that country of 1894
is about to expire and that the
President has submitted to the
Senate the text of a new treaty
with Japan. Protests from Cal-
ifornia against this treaty are
coming in. It appears that the
exclusion clause preventing the
importation of Japanese, coolies
or laborers is omitted from the
new treaty. The situation is ug-
ly, no matter what view-point
one may have. San Francisco,
the nerve-center of the Pacific
slope, is the most intensely union-
labor bastion in the hemi-
sphere, if not in the world. Two
years ago it came near disrupt-
ing our peaceful relations with
Japan by the exclusion of Japa-
nese children from the schools.
Now, after securing from Con-
gress its approval of San Fran-
cisco for the International Ex-
position, it is foremost in alienating
Japan on whom in great part the
success of the Exposition will
depend.

The chief signal offices of the
army, General Allen, is disposed
to make prompt use of the twenty-
five thousand dollars appropri-
ated in the army bill for the
purchase of flying machines.
This country has been behind
European countries in the adop-
tion of aeroplanes for military
purposes. France is the leader
in the art, and now has a fleet
of more than thirty fliers manned
by thoroughly trained aviators.
It has appropriated one hundred
million francs for improvements
in military aviation. As many
as seven types of aeroplanes are
used in the France equipment.
Besides there are hundreds of
aeroplanes owned by private in-
dividuals and should the time
come for military operations, the

France army would be strength-
ened by the skilled owners of
these private flying machines.

R. F. D. No. 7.

The public school at Belmont that was taught by Miss Ida Simpson of No 8 and Prof. Thos. Stafford of Burlington, closed last week with a spelling match at night. The school was pitted against an equal number of outsiders and the school won by a score of 25 to 35 thus showing the careful training the teachers had given their scholars in this much needed but often neglected branch of our common school education. The occasion was enlivened by a string by a string band composed of the Bellemont band assisted by a part of the "vocasson" band of Hill top. Dr. J. A. Pickett made an address and Mr. E. A. Isley was called on for a speech but Ed looked like he would rather be on a road scrape than on the rostrum and failed to respond to the call.

The Stork visited I. R. Linnens last week and left a fine boy at his home.

Mrs. R. D. Webster is on the sick list this week.

Mrs. Millie Perry of Atlanta Ga. is visiting her mother Mrs. Tempy Neese.

H. M. Neese is still on the sick list but Dan induced him to go calling Sunday night.

Haywood Isley finished gathering his corn last Friday and was cribbing it today.

They say Dr. Pickett helped Iris Linnens dig his "caters" last week.

Mr. Mason of Elon College visited H. M. Neese Friday night.

L. A. Graves has cleaned up his blackberry patch and expects to raise a crop of corn this year as Dan has convinced him that he will need it next year if Miss Loula Rich can be convinced also. He is at work on Dennis Linnens and Miss Meada Holt also.

Mrs. C. O. Smith is visiting her father at Mebane this week.

Mr. Zimry Forbes and family moved to Haw River last week. Sorry to lose them from No 7 we fear O. A. will in a few days.

Mr. J. H. Isley, sorry the school has closed, he preaches at home.

Mr. J. H. Isley felt drowsy and bad today as Dan and Alfred Graves kept her up so late last night.

Thiden Lutterloh has accepted the position of Beamer at Bellemont.

Misses Daisy Ola and Nannie Watkins are spending this week with their brother Tom Watkins down in Orange.

Mrs. Will Layton of Burlington spent Saturday night at Bellemont with her aunt Mrs. Tempy Neese.

The Death Angel entered the home of Rev. J. A. Burgess last Wednesday morning and bore away the spirit of his little three weeks old babe. The little body was laid away in the cemetery at Mount Pleasant to await the resurrection morn. Bro. Burgess and family have the sympathy of a host of friends in their hour of sadness and grief.

Mr. and Mrs. Will Thompson of near Swepsonville spent Saturday night and Sunday at J. W. H. Isleys, John had 25 or 30 visitors last Sunday.

Jas. W. Rich who is in school at Elon College spent Saturday night and Sunday with his brother at Bellemont.

Jacob Sharpe and Miss Permelia Watkins and Landy Watkins and Miss Swannie Isley visited at S. J. Huffmans Sunday evening.

Zeb Isley spent Saturday night at home.

Miss Mamie Watkins spent Saturday night and Sunday with Mrs. W. B. Sharpe.

The young people met at J. K. Isleys Saturday night and had a candy pulling and a general good time.

Dan has got Paul Isley about salted down. Listen for the bells most any time now.

Sharpe Bros. are opening up a Poultry Ranch on No 7. They will handle Black Minorcas and perhaps other breeds of thorough bred chickens.

We wish to thank W. L. Murray for a pound of butter and Master Ned Sharpe for a nice mess of squab and back bones.

Haw River Items.

Mr. Walter Woodard of Princeton N. C. is here in C. R. Faucets place while Clifton is spending a few days at home with his parents. Woodard is an O. K.

The Junior Order served a Banquet Saturday night at the Y. M. C. A. and such a supper as eye could wish. It consisted of ham, chicken oysters fruits coffee cake and cream and many other things that might be mentioned that the untiring hands of the committee prepared. The writer had the pleasure of seeing square meal

and enjoyed it very much.

Mr. A. R. Spoon and the pupils of Durham at Edgemont Sunday to his brother J. M. Arnett. He returned early Monday morning.

He was accompanied by Mrs. Arnett who returned Monday night.

Again the grim reaper that garners for the skies posed his wings over the home of Mrs. Mary Bason and summoned her from the Church militant to enter the church triumphant. She was the wife of John Bason who preceded her to the beyond, also her son Baxter preceded her to the beyond. She had lived her four score years and was a member of the Christian Church sixty five years. She left three grand children and several great grand children to mourn their loss. Surely a good woman has gone to her reward. She was tenderly laid away to rest at Haw River where she has spent the most of her life, to await the resurrection morning. We offer our sympathy to the bereaved grandchildren and friends.

Mr. and Mrs. Richard Massy of Durham visited her mother Mrs. Clark Saturday night returned Sunday Mrs. Clark accompanied them to spend a few days in Durham.

The old Rock Creek Convention New Hope was quite a success.

Thanks to Mrs. A. R. Spoon and W. L. Isley for nice fresh meat and to uncle Jordan Isley for a fine Buff Rock hen.

We understand that W. I. Spoon and W. L. Isley are arranging to build them a split log drag each, and this assures us that the roads by their houses will be kept in tip top condition.

Dr. Pickett was in town Tuesday night to take in the lecture at the Presbyterian Church. Of course it was some Doctor to do the lecturing.

The county road force will finish up the new road by the way of "Stinking Quarter" creek this week and when completed and bridge built will be a piece of road that all of Cable's Township will be proud of.

Dr. Rankin's Address.

Dr. W. S. Rankin, of Raleigh, under the auspices of the W. C. T. U. of which Rev. Mrs. Morgan is President, delivered an able and certainly helpful address at the Presbyterian Church Tuesday night, to a fairly large and attentive audience. Among the many interesting things Dr. Rankin thoroughly convinced his hearers as to the origin of fever. He gave experimental proofs of where people had been placed on islands prevalent to fever and how they had been given vessels to eat from and garments to wear taken from the rooms of patients suffering with fever but still they did not take the malady. He further showed how those same persons were bitten by mosquitoes which had bitten fever patients and how they at once took the same disease. He also gave strong proofs as to how flies are to be much dreaded as a disease spreader. When it is remembered that mosquitoes raise in stagnant water and flies generally in horse stalls, it seems if the proper steps are taken, both could be almost if not totally prevented. According to the present death rate, preventable, twenty-five or thirty people will die during the present year in Burlington who would not had we the proper sanitary conditions.

A short after meeting was held by influential citizens devising best methods of preventing flies and other troublesome insects which are playing their part in killing our citizens.
