

BURLINGTON MAN INVENTOR OF NOTE

Raleigh, March 10. — Out at the power house of the Agricultural and Mechanical College there is a marvelous little engine being demonstrated for the first time, the invention of a well known North Carolinian, Lafayette Holt, of Burlington. It is compact and powerful to a degree. It has only five moving parts, and is scarcely one-fifth of the size of the average engine of corresponding power. It is known as the Holt rotary engine. There is one lubricator for the entire machine, and no dead center; it is dust proof and runs with one pound of steam above normal atmosphere. It is capable of compound or direct drive, and is pronounced at the college especially adapted for rural work, including saw mills, road rollers, traction engines, and general barnyard utility. It gives good service setting at any angle, and seems to operate with far less steam consumption than engines generally put to this service. John R. Hoffman, who is making the demonstration in cooperation with the college students is sharing with the inventor congratulations on the success of the demonstration.

TAFT NOW RESTING IN CITY OF AUGUSTA

Augusta, Ga., March 11. — President Taft reached Augusta early today for a brief rest period before returning to Washington on the eve of the reassembling of Congress in extra session April 4, Mrs. Taft and Miss Helen will join the President tomorrow.

Taft will play golf every morning and afternoon. A private telephone line has been set up direct from his room to the White House.

John D. Rockefeller is a fellow guest with the President at the hotel. There is much speculation as to whether a golf match can be arranged between them.

WOMAN WHO STIRRED UP HORNETS NEST, RETURNS

Statesville Landmark.

Miss Holman, the professional nurse who spent several years in Mitchell county and then told, according to newspaper reports, wonderful stories in Philadelphia, Pittsburg, Baltimore and other places about ignorance and destitution in Mitchell, to which reports and to criticism of Miss Holman, much space was given in the newspapers some weeks ago, spent last Thursday night in Statesville, stopping at Hotel Iredell.

Friday morning Miss Holman visited the Sanatorium and other places leaving on the westbound train, presumably for old home in Mitchell. Her presence in Statesville was known to but few people until she was leaving. It is understood that Miss Holman made reference to the Mitchell county affair and while she claimed, as was expected, that reports of her statements were exaggerated, she also contended that some of the statements were correct and founded on fact.

Miss Holman will probably tell the Mitchell county folks that she didn't say it.

WRECK OF MAINE TO BE LIFTED IN SIX WEEKS

Havana, March 13. — Work on the cofferdam, by which the United States government will raise the battleship Maine in this harbor, has progressed so favorably that the engineers now say that the hull of the ship will be exposed to view in five or six weeks.

It is expected that it then will be comparatively easy to ascertain the real cause of the explosion, which precipitated the war with Spain.

RECIPROCITY BILL WILL PASS SENATE

Washington, March 11. — Absolutely assured that the Canadian reciprocity agreement will be passed by the house, administration leaders now in Washington have turned their attention to the situation in the Senate. Canvasses made of the members of that body disclose that a majority favors and will vote to ratify the trade agreement negotiated with the dominion by President Taft.

The senate, as at present constituted, comprises fifty Republicans and forty Democrats. Of the Republicans it is estimated that at least 25 will vote for Canadian reciprocity. Thirty-five Democrats approve the agreement. This gives the instrument 60 votes a majority large enough to pass it and to prevent the adoption of amendments that would render the pact ineffective.

RESCUED FROM A CAVE

Harrisonburg, Va., March 8. — From the little village of Quicksburg, Shenandoah county, comes an unusual story. A day or two Mr. and Mrs. James Silvis and Dick Fawley, tenants on the A. C. Neff farm, mysteriously disappeared. Twenty-four hours afterwards, Emmett Tucker, Chas. Emms and Len Williams, taking a cue from a missing lantern, went into a big cave in the neighborhood in search of the party. Far into the cave the three people were found, cold, hungry and in despair.

They said that their lantern had gone out and they had lost their way, and becoming exhausted, had sat down to await their fate. The three boys led them back to daylight and safety.

The cave is just across the valley from the famous Luray Caverns, and is one of the numerous small caves in this section of the state. The only access to this is by means of a rope ladder. It was by accident that the boys decided to make a search in the cave for the missing people.

FOLLOW MISS ARNOLD TO NORTH CAROLINA

Norfolk, Va., March 13. — Believing they are on the trail of Miss Dorothy Arnold, the missing New York heiress, several Northern detectives left Norfolk tonight for North Carolina.

Several days ago a young woman answering the description of the missing heiress occupied an entire section of a Pullman on the Norfolk and Southern Railway. She was accompanied by a maid, who transacted all business for herself and mistress. Instead of buying a straight ticket for one destination, the maid was instructed to pay cash fares at each station on the road. In this way the mysterious passenger prevented any one from learning her exact destination before she reached it.

She left the train at Wilson, N. C., but is believed to have made connection there with the Coast Line and gone farther South. Employees of the railroad say that the young woman wore a blue dress, appeared to be in nervous and excitable condition, refused to talk, and left every thing for her maid to arrange.

Base Ball Season Opens.

The base-ball season opened the past week with the Burlington team on Friday the boys played the Hawfield team score tie. On Saturday the Greensboro High School team gave them a round the score being four to six in favor of the home team.

The boys have a number of games planned for the future. They are spending the beautiful spring afternoons on the diamond and are getting in fine shape for the season.

Passenger train No. 22 was late four hours and ten minutes Sunday evening due to a wreck on the Asheville division.

RESUME OF THE NEW ANTI-LIQUOR LAWS

Raleigh, March 9. — The general assembly just adjourned confined its liquor legislation to the passage of a stringent anti-beer act to be effective July 1 and an act to prohibit clubs and associations from purchasing, handling or dispensing liquors to members. The near-beer act prohibits the sale of near-beer, beerine and malt or any intoxicant except that sold by drug stores on prescriptions and liquors kept by hospitals and asylums for the use of the patients. North Carolina's near-beer joints are to continue business, however, until July 1, their present six months' license terms expiring at that time. The anti-club liquor act is designed to meet the defect in the State prohibition law exposed by the ruling of the supreme court some months ago when the court held that there was no State law to prevent clubs from ordering liquors for club members keeping it in common storage and serving it to members and their friends on the presentation of coupons, this applying especially to beer. The new law is claimed to cut the personal liberties of citizens as closely as it is possible to do in such a statute. It leases the members of reputable commercial and social clubs free to have their liquors in personal lockers. This settlement of the contest seems to give complete satisfaction to prohibition and anti-prohibition leaders and to the people generally.

Caught After Sixteen Years.

After being at liberty for 16 years, T. B. Whitson, who on February 27, 1895, escaped from the state prison at Raleigh, N. C., where he was serving a sentence of 30 years for murder, was arrested at Lexington, Ky., Thursday and was brought back to North Carolina to serve out his term.

Residing in Letcher county, Kentucky, as "Samuel Jones," he has amassed a comfortable fortune. He was sentenced to death March 19, 1893, for the murder of C. C. Byrd, at Bakersville, N. C., but on a second trial he was given 30 years' imprisonment.

When arrested Whitson admitted his identity and declared he was willing to return to North Carolina. Whitson said that for ten years after he shot Byrd he escaped prosecution, his trouble having occurred 28 years ago. He charges his arrest to an enemy he made by assisting in the release from an asylum of a man with whom this enemy had had trouble.

Whitson said that he would make a plea for clemency on the upright life he had lived since his escape.

Warden T. P. Sale, of the state prison, Raleigh, received Thursday, notice of T. B. Whitson's arrest in Kentucky, and was requested to have issued the proper papers for his extradition. One of the prison authorities left for Kentucky Friday. Whitson was sentenced to be hanged in the early part of 1893, but on March 17 of that year his sentence was commuted by Governor Russell to 30 years' imprisonment. He was then 33 years old and went by the name of "Thomas" Whitson. He escaped February 27, 1895, but the records do not show what means he employed.

On February 27 of this year, just 16 years to the day after his escape, Warden Sale received a letter from the chief of the Lexington detective force to the effect that Whitson was under suspicion. Mr. Sale wired back that from the prison records they had the right man spotted.

Mrs. Lewis Strauss of Greensboro is spending this week the guest of Miss Mary Cates.

TROLLEY CAR WRECK AT PETERSBURG VA

Petersburg, Va., March 9. — At 7:25 tonight a trolley car on the Crater Line got beyond control of Conductor Malbon Talley, who was operating it, and crashing down the steep incline on Main street, Blandford, left the tracks at the Wythe street curve and turning over instantly killed Isaiah Harrison of Grove avenue, who was waiting at the curve to board the car for his home. Three women, who stood near Harrison, were thrown up against the corner building and seriously crushed. Harrison's skull was mashed to a pulp between the trolley car and the stone curb.

Dr. Lee attended the injured, but said that he could only officiate in his capacity as coroner with regard to Harrison. He ordered the car crew arrested.

The injured woman and the only passengers in the car, Miss Griffith and Mr. Miller, were taken to the Petersburg hospital, where it is said their injuries are not serious.

At the time of the accident, the motorman, George Sermods, was in the car eating his supper. He was cut about the head but not seriously hurt.

BALLINGERS SUCCESSOR

Washington, March 9. — Walter L. Fisher, of Chicago, the newly appointed secretary of the Interior, had an extended conference with President Taft at the White House today. Secretary Ballinger, who will turn the affairs of his office over to Mr. Fisher next Monday, was invited into the conference.

The excitement in the Department of the Interior incident to the sudden resignation of Mr. Ballinger has subsided, and the department again has resumed its normal aspect. Secretary Ballinger himself spent the day in going over routine office matters and in discussing public land questions with Senators and Representatives.

First Assistant Secretary of the Interior, Frank Pierce announced today that as a matter of courtesy to Walter L. Fisher, successor to Secretary Ballinger, he would tender his resignation soon after the new appointee takes charge of the affairs of the Interior Department.

SUPERINTENDENT OF SUN- DAY SCHOOL FIFTY YEARS

In the little town of Leaksville lives a local preacher, Rev. D. E. Field—familiarly known as "Uncle Dan Field"—who has a fine record of faithfulness. If he lives till next July he will be eighty years old. He is superintendent of the Sunday School in the Methodist church in that town now and has been continuously without an interval for fifty years, and during that time has been absent eleven times. Two of the eleven Sundays he was absent, were the days on which his last wife was taken sick and buried. She had a stroke of paralysis on one Sunday and died the next. The other nine Sundays absent were spent in church work.

Do Your Eyes Trouble You.

If so, see Dr. N. Rosenstein, the eye specialist, of Durham, Tuesday March the 21st at Burlington stopping at the Burlington Drug Company, and Wednesday March the 22nd at Mebane, at the White house. He will fit your eyes with lenses that will give the best satisfaction. Remember your eyes are the best asset you have. Be sure to give them the best treatment to be secured. Dr. Rosenstein will help your eyes, don't fail to see him.

The annual meeting of the joint consistory of the Burlington Charge of the Reformed Church will be held in the Reformed Church in Burlington at 1 p. m. next Saturday, March 18.

NO MORE ONE DOL- LAR GREENBACKS

Washington, March 8. — The issue of one-dollar greenbacks, which was planned by the Treasury Department several weeks ago to meet the pressing demand for small bills, has been tentatively abandoned.

It was found that the conversion of the large outstanding silver certificates into one-dollar denominations promises to meet the demands for the present at least. There are about \$35,000,000 in large denomination silver certificates which will be retired and one-dollar notes will be issued in their places.

There has been no one-dollar greenbacks since 1885. The announcement of the intention to reissue the old note caused wide comment in banking circles.

NIGHT RIDERS MAY TELL THEIR SECRET

Hopkinsville, Ky., March 9. — The prosecution in the trial of Dr. D. A. Amos, alleged leader of the night riders, charged with participation in the raid on Hopkinsville December 6, 1907, today announced that confessions of a number of night riders witnesses are expected to be made during the progress of the trial.

The testimony of Milton Oliver, confessed night rider yesterday believed to have influenced many of the witnesses to break away from the clan to which under oath they are said to be bound to secrecy.

REVENUE OFFICERS KEPT BUSY WITH BLOCKADERS

Asheville, March 13. — Revenue Agent R. B. Sams has been notified of a successful raid made by Deputy Collector Aarkins and Nitzer near Tryon, when an unusually large still and its contents were destroyed, there being about 2,000 gallons of beer figuring in the ruins. This is the second successful raid made in the neighborhood in the last few days.

News was also received of a raid made in Burke county by Deputy Marshal Roland and Deputy Collector Harlins, when a distillery was captured, information has been received stating that Deputy Collector Shepherd destroyed three plants in Wilkes county during the past week, which follows a successful raid made in that county only a few days ago, when other plants were destroyed.

No arrests were made by the officers, but in some cases it is probable that prosecutions will follow.

R. F. D. No. 1.

W. Loy, Arehabal Cook and Curry Bryan of Burlington, and Miss Lois Reitzel of Hartshorn. This was a jolly crowd and no doubt had a grand time.

WANTS COUPLES TO DO COURTING IN CHURCH

Chicago, March 11. — The Rev. John Thompson, pastor of the Methodist Church in Wheaton, has started a plan to induce sweethearts to give up "lobster palaces," bring lunches and do their courting in the church pews.

He will allow young people to stay late, with a big room and piano in part of the church and one hundred pews in which they can sit at their ease.

"There is no better place in the world for young persons to do their courting in than a church," said the pastor. "I believe in matchmaking—that is, the right kind of matchmaking. I think that every church should make provision for upright young men and good young women to meet, and should arrange matters so that they could fall in love with each other.

"This talk about dinners at 'lobster palaces,' expensive seats at theatres and taxicab bills is a mistake. A good girl, who really loves a man, does not want to see him make a fool of himself when he is courting her any more than she wants to see him do so after they are married.

MRS. ROSA HAYES WAS ACQUITTED

Wilmington, N. C., March 11. — After a sensational trial in the Superior Court at Whiteville, N. C., the jury late today after only brief deliberation returned a verdict of not guilty as to Mrs. Rosa Hayes, charged with the killing of Robert M. Floyd, a medical student of Charleston, S. C., on the night of February 4th, and as to her husband, Neill M. Hayes, charged with being an accessory before the fact. Lloyd Hayes, younger brother of Neill Hayes, also charged with being an accessory, was discharged earlier in the week on a nolle prosee. Mrs. Hayes admitted the killing of Floyd, but pleaded that she shot in defense of her honor.

MOTHER LOSES MIND WHEN HER CHILD DIES

Cincinnati, Ohio, March 13. — After seeing her five-year-old daughter Esther hit by an automobile yesterday, Mrs. May Hoffman picked up the mangled body and ran with it four blocks to the city hospital. Then when informed that the child was dead she went violently insane.

A riot was averted by the arrival of the police following the accident. The little girl was playing in the street, when the machine owned by Mr. W. A. Leach, of Norwood, Ohio, ran over her. The car was occupied by Mrs. Leach, a daughter and her maid. A number of men attacked the car after the child's body had been pulled from under it.

KING'S MOUNTAIN WOMAN KILLED BY LIGHTNING

Gastonia, March 13. — During a severe electrical storm at King's Mountain about 1:30 o'clock this afternoon, a Mrs. Gordon living at the Cora mill was struck by lightning and instantly killed. She had just opened a door to look out when the stroke came. Her daughter, Mrs. Wallace, who was standing near by was very severely shocked and is in a serious condition. The house was badly damaged.

The storm here was pretty heavy but no serious damage was done, several small trees were blown down, but no one was injured.

Miss Myrtle Crabtree Misses Phillips and Hornbuckle, Mr. Belton and friends were the guest of Mr. and Mrs. R. L. Meacham Sunday.

Whole Town Blown Up.

With a roar that was heard for 50 miles, a glare that was seen fully as far and with a concussion that broke windows more than 100 miles away, three carloads of dynamite exploded at the DuPont De Nemours company shortly after 8 o'clock Thursday night in the village of Pleasant Prairie, six miles west of Kenosha, Wis.

It will be impossible to tell accurately the number of dead. Nearly every house in the village, which contains 700 residents, has been badly damaged and some of them utterly demolished.

Reports from the country ten miles distant are to the effect that houses even that far from the explosion were thrown down.

It is believed inevitable that many people have been killed or injured throughout the surrounding country. So far as is known at present however, but one man, E. S. Thompson, foreman of the glaze mill, was killed outright, but Charles Brady, superintendent, and Joseph Flint, the engineer, are badly injured and may die.

The cause of the explosion is not known at the present time. The plant, which covered 190 acres of ground, has been completely wrecked, only one building remaining. This is one of the magazines and it is also filled with dynamite.

The first explosion took one of the magazine buildings and in quick succession four others followed, the explosions following so quickly, however, that it seemed to be but one.

The force of the concussion was terrific. Houses, barns and outbuildings in the immediate neighborhood were swept from their foundations as though struck by a tornado. It had been reported that hundreds of cattle and horses had been killed, a telephone report from there stating that some of them were hurled entirely through barns and residences.

It is reported that the town of Bristol, Wis., ten miles distant, was badly wrecked, but details were not obtainable from there at midnight.

Special trains were hastily dispatched from Kenosha carrying every available nurse and physician. Several of the injured have been received in this city. But none of them have sustained more than minor injuries.

"You say you were in a saloon at the time the alleged assault took place?" a lawyer inquired of a witness at the central station the other day.
"Yes, sir, I was," the witness admitted.
"H'm," the lawyer pursued, "that is interesting. And did you take cognizance of the barkeeper at the time?"
"I don't know what he called it, sir," came the reply, with perfect ease, "but I took what the rest did."—Philadelphia Times.

Communication From Florida.

Little River Fla. March 11 1911. Editor of the State Dispatch—Will you permit me to say a few things through your columns in regard to Florida, for the benefit of my friends in Burlington and Alamance county.

I would say first that on coming here your first impulse would be to buy something. Right then you need a friend to lay a retaining hand upon you, if you do not you may make a serious mistake. In order to be sure of a good investment you should remain at least one season before buying. To me it is more like the New York Stock Exchange than any thing I can compare it with. Men are making fortunes while others are losing, as I see it, it is a gamble. There are two things that there can be no doubt about and that is her fine roads and climate. The people are kind and amiable, and every body works even fath-

er. The standard of morality is very high, and the people are very intelligent.

I would advise everybody who intends coming to Fla. to bring money enough with you to pay your way here and back.

The N. C. Colony from Burlington are all doing well and enjoying fine health. There are people here from all over the world. Doc Payne says if he was to answer all of the letters of inquiry he would have to get a private Secretary.

If my friends the lean ones John Whitted, Jim Atwater R. F. D. 7 and a long preacher living down Davis St. would come down and get the benefit of this fine climate they would enjoy many more long years, and make good Alligator food. If A. F. Barrett, Bedford Thompson, John Fix and Ed Boland were to come they would not be safe on the water as the gators would give them a warm and hearty welcome.

I could write of many interesting things in regard to Florida her political and social life, but will wait until another time.

M. D. Winningham.

Weak Kidneys Make Weak Bodies.

Kidney Diseases Cause Half the Common Aches and Ills of Burlington People.

As one weak link weakens a chain, so weak kidneys weakens the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever increasing tendency towards dropsy and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys. Burlington cures are the proof of their worth.

Mrs. L. Loy, Dixie street Burlington, N. C., says: "I know Doan's Kidney Pills to be a good medicine for kidney trouble and I willingly endorse them. A member of my family suffered from weak kidneys for several years and at times was unable to attend to her work. I got a supply of Doan's Kidney Pills from the Freeman Drug Company, and their use soon made a wonderful improvement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Kills A Murderer.

A merciless murder is Appendicitis with many victims, but Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis curing Constipation, Headache, Biliousness, Chills, 25c at Freeman Drug Co

A trolley car at Petersburg, Va. one night last week got beyond control of the conductor and crashed down the street, left the track at a curve instantly killed Isaiah Harrison who was waiting at the curb to board the car. Three women who stood near Harrison were thrown up against the corner building and crushed.

Dr. W. G. Stafford who has been retained at his home on account of sickness for the past week or ten days is able to be out again.

The Teeth.

By J. S. FROST, D. D. S.

How to Save The Teeth.

There are in this country eight factories devoted to the manufacture of artificial teeth. Last year the manufacturers sold over sixty million of these teeth and this year they expect to sell at least eighty million; and every one of these teeth goes to replace a natural tooth, which, if given proper care and attention, should last one a lifetime.

Unclean mouths and teeth are responsible for these conditions, for it is a fact fully established that less than 8 per cent of the American people use a tooth brush or make any effort to keep their teeth and mouths clean.

In order to have good health, we must have sound teeth, yet we are permitting our teeth to decay at a pace that is alarming, which if unchecked, will lead to a nation of broken-down, dyspeptic men and women.

We now know that an acid causes the teeth to decay. That this acid is formed between and around the teeth from the food that has been carelessly left on them after eating. We also know that the teeth decay much faster while we are asleep than during the day. This is due to the fact that there is very little saliva in the mouth to dilute any acid that is formed, and the tongue and muscles which are at rest are not continually forcing fresh saliva between the teeth as they do during the day. We should therefore carefully clean our teeth, especially every evening before retiring and if possible after each meal.

It is also of vast importance that a powder, paste or liquid dentifrice should be used each evening on your brush. They are antiseptics and have an alkaline reaction, which is just the opposite of an acid. This alkaline preparation comes in contact with any food that may be left between the teeth and destroys any acid that is formed, thereby preventing decay.

A Pierce Night Alarm

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin of Manchester, O., R. R. No. 2, for their four children were greatly subject to croup "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved what a certain remedy Dr. Kings New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, Hay Fever, La Grippe, Whooping Cough Hemorrhages fly before it. 50c and \$1.00. Trial bottle free. Sold by Freeman Drug Co.

Administrator Notice.

Having qualified as administrator of the estate of Carolina Lea, late of Alamance County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned at Burlington on or before the 3rd day of February 1912 or this notice will be pled in bar of their recovery. All persons indebted to said estate will please make immediate payment.

Jas. A. R. Davis, Administrator. This the 1st. day of Feb, 1911.

Stopped Those Pains.

Timberville, Miss.—Miss Gertrude Gutlin of Timberville writes: "I did not know anything could stop those womanly pains, from which I suffered for two years, until I tried Cardui. I had been troubled with various female ailments, but they were cured in a little while, thanks to Cardui." Cardui is especially adapted for use by ailing women. It relieves headache, backache, dragging feeling, irregularity, nervousness, misery and womanly weakness. It is safe. It is reliable. It does the work. Will you try it? Please do.

Augustus H. Kirby the eighty two year old Justice of the Peace of Spartanburg who received a letter from Governor Blease notifying him that he must at once vacate his office as his term has expired to be succeeded by J. Malcome Bowden refuses on the grounds that his successor was not confirmed by the Senate. Attorneys have been employed and a legal fight is looked to with great interest.

THE UNIVERSITY LETTER

Chapel Hill, N. C., Mar. 13. —The varsity representatives for the debate with the universities of Georgia and Virginia were held in the literary society halls Thursday night and W. A. Dees and W. T. Joyner for Virginia and I. C. Moser and D. A. Lynch for Georgia were selected. These men were victorious over a fast field of candidates. The query is: Resolved, that the Federal Government should enact a national income tax law. On the night of April 29, Carolina will have the affirmative against Georgia in Chapel Hill and the negative against Virginia in Charlottesville.

The University Tennis Association is making an attempt to organize the State Intercollegiate Tennis Association to include A. & M., Trinity, Davidson, Guilford, Elon and Carolina. The plan is to have an annual intercollegiate tournament to decide the State championship, to be held at each of the colleges in turn. Carolina invites the association to meet for the first tournament in Chapel Hill the week after Easter, when the Junior Brom festivities will be in progress. A cup will be awarded annually to the winner of the championship.

Professor Marvin H. Stacy addressed the Tuesday night meeting of the Y. M. C. A. this week on the importance of details in college life and in the bigger struggle for which college life is the preparation. Dr. W. R. L. Smith delivered the third of a series of addresses before the Y. M. C. A. mission study classes Sunday on China.

The University will confer as of their classes the academic degree upon every student who during the period from 1861 to 1865 left Chapel Hill for naval or military service in the Civil War whether on the side of the Confederacy or the Union. In this act the University of North Carolina is the first educational institution North or South, that has thrown aside the bonds of sectionalism and conferred the degree upon the men who fought on both sides. More than one hundred men are known to be eligible for the degrees and the faculty committee under the supervision of Dr. J. G. DeRouhae Hamilton is working hard to locate these men and prevail on them to come back and receive the honor. A general reunion of all the War classes will be held at the coming Commencement and it is probable that a larger number of alumni will visit the University than at any time during recent years.

Dr. Henry Van Dyke of Princeton will deliver the John Calvin McNair lectures in Chapel Hill Friday, Saturday and Sunday, March 24, 25, 26.

During the coming week the University Glee Club will give concerts in Statesville, Asheville, Morganton, Hickory, Winston and Greensboro.

The many friends of Mr. I. C. Moser in and around Burlington will be pleased to hear that he won first place in the trout for debates to meet the University of Georgia. Mr. Moser is one of Alamances Promising young orators and should be heard from on April 29th.

Why I Buy at Home.

The following from the Trades Journal seems to cover the ground pretty well:

I buy at home: Because the community that is good enough for me to live in is good enough for me to buy in.

Because I believe in transacting business with my friends.

Because I want to see the goods from which I want to get what I buy when I pay for it.

Because my home dealer "carries" me when I am short.

Because every dollar I spend at home stays at home and helps work for the welfare of the city.

Because the man I buy from stands back of the goods.

Because the man I buy from pays his part of the town, county, and state taxes.

Because the man I buy from gives value received always.

Because the man I buy from helps support my school, my lodge, my church my home.

Because when ill-luck, misfortune or bereavement comes, the man I buy from is here with his kindly expressions of greeting, his words of cheer, and his pocketbook, if needs be.

Here I live and here I buy.

Body of Gibbs Found in River.

With his face down in the sands of the river bed, about thirty feet from shore near the camping grounds of the county chain gang near Elizabeth City on last Wednesday morning the body of Capt. Edward F. Gibbs was found. Every evidence proves that he was murdered his face being badly bruised and an ugly cut on his nose. His hands were slashed as with a knife. Eebruary the 12 Gibbs left home early one morning in a cart for Elizabeth City. That afternoon the horse was seen without the man his wife at once started a search but no trace of the mans body could be found. When he left home he carried \$5.00 with him which was missing when his body was found.

Application for Stripling Pardon.

An application has been filed for the pardon of Edgar Stripling the Danville police who was recently arrested as an escaped murder and has since been living under the name of Morris. The application will be argued with in the next thirty days. Sentiment is general through out the state for the pardon of Stripling.

Miss Beulah Foster of Elon College spent Sunday in town the guest of her father Mr. Jno. R. Foster.

Just Half in Bed.

Clyde, Ky.—Mrs. I. A. Decker, writes from Clyde, "I recommend Cardui, the woman's tonic, to any woman in need of a remedy. For five years, I was unable to do my work. Half my time was spent in bed. At times, I could not stand. At last I tried Cardui. Now I am well and happy, and can do my own work." Don't suffer pain, headache, backache, and other womanly misery when your own druggist has on his shelf a remedy—Cardui. Get a bottle for your shelf.

Prevent and Relieve Headache

"It gives me great pleasure to be able to refer to Dr. Miles' Anti-Pain Pills as the best remedy we have yet had in our house for the prevention and cure of headache. My wife who has been a constant sufferer for a number of years with above complaint joins me in the hope that they may fall into the hands of all sufferers."

JOHN BUSH, Watervleit, Me.

Used Them Four Years.

"Dr. Miles' Anti-Pain Pills are the best I ever tried for the relief of headache. I have used them for nearly four years and they never fail to give me relief. I have tried many other remedies, but have never found any better."

JOSEPH FRANKOWICK, 854 Trombly Av., Detroit, Mich.

There is no remedy that will more quickly relieve any form of headache than

Dr. Miles' Anti-Pain Pills. The best feature of this remarkable remedy is the fact that it does not derange the stomach or leave any disagreeable after-effects.

Druggists everywhere sell them. If first package fails to benefit, your druggist will return your money. MILES MEDICAL CO., Elkhart, Ind.

A sad death—Near beer strangled by the Legislature.

The days of the ground hog will soon be ended. But those of the blind tiger go on forever.

If you want to reach the people try an ad in the Dispatch. Its a trade getter. Ask those who know.

Now is the time to advertise, don't wait until the rush comes, but begin now, and help to bring on the rush.

The Dispatch goes into more than twenty-five hundred homes each week. Mr. advertiser don't you think this going some.

What has become of the Chamber of Commerce, that was reorganized some days ago? If there ever was a time that it was needed, it is now.

The near beer fellows have until July 1st, in which to devise a way to dispense their stuff. We presume the joints will be converted into social clubs.

The Dispatch stands for progress along industrial lines. But is a standpatter from away back when it comes to politics. We are against everything that is against the farmer. He who feeds the world needs all the protection that can be afforded him.

The Dispatch casts no reflection upon those who have managed the affairs of state in the city of Burlington the past two years. But they themselves are not satisfied with present conditions, and realize that something must be done. To all those we offer our services.

Those who desire to bring about some improvement in the city government will find the Dispatch at their command. We will go our full length to better the condition in which we now find ourselves. Let those who have the future welfare of the city at heart, start the ball to rolling and the rest of us will bring up the rear.

Other towns in the State are advocating clean up days, which is an absolute necessity for the health of the community. Burlington had a clean up day a week or so ago, but the work is only begun, there are yet a number of places that needs the attention of the health officers. We know of one back lot that required three hands and a team two days to clean it up, and it is not any too clean now. Keep up the good work Mr. Mayor, and let us have a clean town, if nothing more.

Some of our subscribers keep complaining because we do not publish the proceedings of the County Commissioners. We would gladly publish them if we could get the copy, but the Clerk to the Board says that we shall not let the people know what they are doing. We would copy them from one of the other county papers, but they cull the items so that the ones they publish are the items that will help to keep their party in power. Some more of your Democratic good government.

The salary bill passed both Houses of the Legislature, and will become effective December 1st, 1912 for all the county officers, with the exception of the Clerk of Superior Court. The law will not apply to this office during the tenure of the present Clerk. This law while not all that its friends wanted, is a good one, and will save the tax payers at least three thousand dollars the first year, and more as the wealth of the county increases. The measure was introduced by a Democrat and passed by a Democratic Legislature, but the people who are to be benefitted know who spurred them to action. Yes boys, claim all the credit you can. The law is what we wanted and having got it, we are satisfied.

Haw River Items.

Mrs. L. S. Franklin and little daughter Margaret after a two-weeks visit to Mrs. S. A. Vest, and two weeks visit to Mrs. R. H. Phillips, returned Tuesday to Greensboro, where she will visit her mother until April, when she will return to her home in Dallas, Texas.

Marvin McPherson of Elon College came home last week, and stayed a few days.

Misses Iola and Ruth Franklin returned Monday night from Goldsboro, where they visited their sister Mrs. R. H. Phillips.

Rev. B. T. Hurley of Trinity College spent a few days here last week.

Charles Laird left Tuesday for Greensboro.

Mr. and Mrs. J. L. Scott, Jr. of Graham, were visitors in town Sunday.

Mr. N. W. Rosebro of Norfolk, Va., was a visitor at the home of Mr. B. S. Robertson Sunday and Monday.

Mr. S. A. Vest and family spent Monday in Burlington with Mrs. Vest's brother, Ernest Franklin.

Mr. J. A. Trolinger went to Greensboro Monday.

James Dodson of Orange county spent a few hours in town last week.

The many friends of Mrs. W. J. Crutchfield will be glad to learn that she is able to be out again.

J. G. Lashley was in town this week on business. He once lived here and has many friends.

Judging from the visits of the grey horse in east Haw River at one certain home there must be a contract forming. She is all O. K. We won't tell this time but you had better hurry Mr. who drives the grey horse.

Wonder where Major Brooks was Sunday, we didn't see him at Sunday School nor at church, where were you Major?

Mrs. J. R. Williams of Burlington is visiting her son's family and relatives this week, we were all glad to see her. She once lived here, we hope her stay will be pleasant.

The Haw River band will give a show at the Graded School Building Saturday, entitled "The Only Girl," for the benefit of the band. Come all who can and hear some good music and help the cause.

We regret to report Mrs. J. R. Stuart is confined to her room with a deep cold. We hope she will soon be up. The wife and mother is missed so much when sick.

Jesse Tingen of Roxboro was in Haw River Sunday prospecting. We suspect he found valuable attraction in east Trolinwood. Come again Jesse, she is all O. K.

Mrs. J. C. Morris spent a few days at Greensboro last week the guest of relatives and friends returned Sunday and reports a pleasant visit. But the Esq. looked very lonely while she was away. No one equal to the good wife in the home.

Miss Blanche Bradshaw who spent some days with her sister Mrs. Morris went home last Saturday. She always seems cheerful.

J. M. Cole, one of our old vets

visited his brother in Raleigh last Saturday and returned Monday and reports everything prosperous.

R. G. Lea of Greensboro and Chas. Sellars of New York made us a pleasant call Monday. We are always glad for good people to visit us.

If no one else is happy there is one who is enjoying that commodity in the superlative degree. I allude to our esteemed townsman H. E. McPherson. In spite of the gloomy weather for the last few days the sun has been constantly shining upon him. The gentleman arrived on last Sunday morning and we are told when the sex was announced he insisted on proclaiming the event from his house top. His face is a wreath of smiles. We extend congratulations and hope he will raise one equal to George Washington.

J. V. Simms Buys Great Pony.

Brother J. V. Simms was a visitor in our city some days ago and bought of Mr. Junius H. Harden the thoroughbred Shetland Pony "Prince Albert." We note that The Evening Times will use this pony and a handsome little buggy & harness to increase the circulation of the Times.

Brother Simms' plan is to give the pony & outfit to the little girl securing the most subscribers in a given time. This is progressive circulation promotion, and it deserves success.

In the purchase of this pony the Times certainly came to the right place. Mr. Harden is a great stickler for good breeding and individuality and in Prince Albert he certainly delivered both. We know some little folks in Burlington who were distressed to see him leave.

Rev. J. D. Andrew went over to Brookfield public school closing near Brick Church Guilford county today to deliver the literary address for that occasion. This school was taught by Miss Elizabeth Boon of Whitsett.

WANTED—The Fort Mill, (S. C.) Mfg. Co., are starting up Looms that have been standing, and can work several good check weavers—Good weavers make the best of pay. Apply to T. G. Moser, Overseer Weaving Mill No. 2, Fort Mill, S. C.

Wednesday April 4th is the date set for the millinery openings of Misses Morrow, Bason and Green, also J. D. & L. B. Whitted, Jos. A. Isley & Bros. Co., will have their opening Friday and Saturday March 31, and April 1st, also Mrs. Dorsett's will be on the same date.

Dr. N. Rosenstein Eye Specialist of Durham will be at Burlington Tuesday March 21st, at the Burlington Drug Co., and Wednesday March 22nd, at Mebane at the White house, for the purpose of examining eyes and fitting glasses. Don't forget to come to see him, he will fit you with the best glasses at a very little cost.

Rev. J. D. Andrew made the literary address in the closing exercises of the Monette public school near Julian in Guilford County last Saturday March 11th. A very large audience was present and Rev. Andrew reports a fine time. The school was taught by Miss Donna Greeson of Brick Church community sister of Mrs. R. A. Coble of our city.

Our venerable friend Mr. L. L. Kernodle of Graham was in the city last Saturday afternoon and gave us a call inviting us down to take dinner with him Sunday, the occasion being the celebration of his 79th birthday. We regret that a severe cold prevented us from attending, however, we wish our friend may have the pleasure of celebrating at least 21 more such occasions, and the indications are that he will, for there is no more active man in the county of his age.

Notice of Sale.

I have sold my interest in the Grotto to Mr. Geo. Pickett, and wish to notify the public that I am not responsible for any of its debts.

Setting at rest rumors that the United States is preparing for intervention in Mexico President Taft recently sent to President Diaz a telegram in which he said the military maneuvers being conducted along the frontier in Texas have no significance which should cause concern to Mexico.

Doctors Prescriptions

Are you particular about having them filled, or do you trust any one to do it?

You never see boys filling prescriptions at my store. An experienced druggist is as necessary as a good doctor. Take a peep sometimes and see who is preparing the medicine for your sick child.

DEFEAT THROUGH DRUNKENNESS.

1 Kings 20:12-27—March 19
"It is not for kings to drink wine; nor for princes strong drink."—Proverbs 31:4.

TODAY'S lesson recounts an invasion of the land of Israel by King Benhadad, over-lord of Syria, who had under him thirty-two kings of Syria and a large army. Warfare in those days, of course, was very different from what it is today. The numbers in conflict were fewer and their weapons inferior. Their motive was plunder.

Our day witnesses a considerable advance along the lines of diplomacy. Wars and invasions now are always based upon some philanthropic motive—to free people from bad government, or to compel them to pay their debts, or to open up their country to civilization, or to give them more responsible and representative government, or greater freedom of religion. Robbery and pillage, by an invading army, are reprobated. Whatever is taken from the conquered people must be obtained by the levying of an indemnity fund. All this speaks to us of a higher moral sense, even though much relating to it be hypocrisy. The very need for the hypocrisy implies that, with a considerable number, there are qualms of conscience on the subject.

The Battle Was the Lord's, and of Course He Won

Benhadad sent his demands to King Ahab saying, "Thy silver and thy gold are mine; thy wives and thy children, even the godliest of thine." King Ahab, recognizing the greatness of the army and his own unpreparedness for resisting them, answered, "My Lord, O King, according to thy saying, I am thine, I and all that I have." But when the invader broadened his demand and included with it the wealth of all the nobles of Israel, their wives and their children, etc., resistance was aroused. Thereupon the invaders set the battle army against the walls of Israel's Capital, Samaria.

At this juncture God sent a Prophet to Israel's King, informing him that he would deliver the invaders into his hand and give him a great victory. The astonished Ahab asked by whom would the battle be waged against the host. The answer was that at the command the princes of the provinces should fight under Ahab's direction, supported by the militia. By this signal victory God would demonstrate his power by protecting the nation with whom he had made the Law Covenant.

The Divine order was followed. Two hundred and thirty-two princes, or chiefs, of the people at noon passed out of the gates of the city, followed by seven thousand militia—a small number wherewith to meet a host. Apparently this was poor generalship; but the Lord was the General and overruled the results. King Benhadad and his associates had been drinking. The Syrians were ordered to capture the men alive. But this they did not do. Soon the Syrian forces were in disorder and completely routed. Humiliated speaking, the battle was lost by Benhadad's over-confidence, and particularly by his indulgence in intoxicating liquors.

Lessons Which We May Draw

The honest, the holy, the reverential of mankind, who seek peace and righteousness may be likened to Israel, to God's people. Benhadad and his thirty-two kings and their armies would correspond to Satan and his various hosts of unrighteousness. We may name these hosts as we please. To some, one portion, and to others, other portions of these hosts are the more reprehensible. Many of these kings may represent various Trusts which, by manipulation of life's necessities, are attacking the welfare of the people. Others of these kings may represent political grafters. Others may represent various vices which prey upon the public, including intemperance. The forces thus set in battle array against the public are appalling, especially when the wealth at their command is considered.

The demands of these various "interests" come first upon the honorable and well-meaning public servants. But when the demands broaden, and it is evident that general pillage is the intention, the voice of the Lord should be heard and heeded, and a stout resistance should be made.

As with Ahab, the resistance should not be defensive merely. The call is for the princes, the chiefs of the people, who love righteousness, to go out first to do battle with all iniquitous invaders of the rights, happiness and interests of the people. And these princes or leaders who stand for righteousness should be ably seconded by all the courageous and efficient of the people.

Benhadad, king of Syria.

WASHINGTON LETTER.

Special to the Dispatch.

Washington, D. C., March 10—During the session of Congress which has just closed, there was in cessant oratorical strife between the jingoists who sighted or imagined war's horrid front across the Pacific, and the peace prophets who predicted an era of calm with such sponsors as the Hague Tribunal and the Carnegie Peace Fund. The war heralds, of whom Congressman Hobson is the arch-type, believe that we are on the verge of war with Japan, and Hon. Hobson even predicts that it will be precipitated before another year. These who pipe the time of peace insist that this arranged war scare is mainly in the interest of contractors, the builders of warships and fortifications, and the surveyors of munitions of war.

Congress had barely adjourned when an army of twenty thousand men was assembled on the Mexican border for what exact purpose the administration has not said. During the session representative orators were slurring the army and magnifying our defenseless condition. It was given out that Japan could land a quarter of a million of soldiers on the Pacific coast before we could get ten thousand there. Well, in less than a week we have assembled a completely equipped army of twenty thousand men more than half way on its journey to the Pacific slope, and there is no doubt that with the lines of railroad at our disposal we can in two weeks or less time place forty thousand men in a position to defend the three or four sensitive points of attack on our western littoral.

The prevailing opinion at present is that the military demonstration of the Rio Grande is for a purpose somewhat similar to that which precipitated the war with Spain. We can no more tolerate the perpetuation of guerrilla war in one Spanish country than in another on our borders. The benign despotism that has for twenty-five years or more masqueraded as a republic in Mexico and which has depended on one man cannot in the natural order much longer depend, Diaz's strong hand has plainly lost its grip. The central government is nerveless. Mexico is nearer to us than Cuba, as near to us, in fact, as Canada. We have interests in that country amounting to nearly two billions of dollars. The Rio Grande is a good place strategically for the army. The time must come when we will be able to send an army from Laredo, Eagle's Pass or El Paso by train direct to the ribbon strip that we own at Panama. Call it "manifest Destiny" or what you will, there is no getting around the fact that North America, including Canada with Great Britain behind her, must protect for her own safety and for the benefit of each and all, the Western Hemisphere.

The day before President Taft left for the South he had a long conference with the ex-Senator who before the 4th of March was known by the journalistic profession as the manager of the United States. Senator Aldrich came up from the southern resort where he has been for nearly two months and had a long conference at the White House. It cannot be doubted that the Aldrich financial bill was the subject of conversation. The enactment of this bill will revolutionize the banking system of the United States and it is thought by sound financiers establish the American banking industry on a high plane and solid foundation, making it the leading financial country of the world.

The travelling expenses of government officers and employes last year amounted to twelve millions of dollars, and President Taft has just sent a letter to the Secretary of the Treasury asking him to send to the economy commission all travel records for the last fiscal year for the purpose of tabulation and revision with a view to reduction and economy.

Death of J. H. Johnson.

Mr. J. H. Johnson, a former resident of this city, who was employed by the Washington Steam Bakery of Greensboro was killed Thursday morning when the wagon he was driving was struck by passenger train No. 44 north bound, killing him instantly. The remains accompanied by a number of relatives and friends were brought to this city Friday and carried to Mt. Olive for burial. Mr. Johnson was sixty-five years of age and is familiarly known by a number of people in this section.

ECZEMA CURED

Pimples Disappear and Complexion Cleared Over-night.

New York.—Thousands are taking advantage of the generous offer made by the Woodworth Co. 1161 Broadway, New York City requesting an experimental package of Lemola, the new skin discovery, which is mailed free of charge to all who write for it. Attacks School Principal.

A severe attack on school principal, Chas. B. Allen, of Sylvania Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only 50c at Freeman Drug Co.

RURAL CARRIER ITEMS

P. H. No. 7.

We certainly appreciate what little work has been done on our roads by some of our patrons. There are lots of other bad places that need immediate attention and we hope that the people living near these spots will take time enough to fix them right away.

We noticed in our last weeks items in the Burlington News that Geo. A. Isley was married which was a great surprise to us as we wrote the name Geo. A. Loy, and as Mr. Loy is the man who did tree the game we want to ask the Editor how come such an erroneous statement to creep in.

The members of the Cobles township Farmers Union, Lodge Number 1122, met last Saturday and proceeded to build themselves a house which will be used for storage purposes and in which they will hold their business meetings in the future. Building a house in one day is pretty quick work but it goes to prove the advantages of cooperation when quick work and beneficial results are desired.

Miss Mary Russell visited her parents Saturday and Sunday. Esq. T. P. Nicholson came home Saturday from Venable where he has been at work for some time.

Esq. W. A. Tinnin got a crowd of hands together a few weeks ago and rolled a two roomed

shanty, that was built by the saw mill force a year or two ago. The Esq. had it rolled into his back yard where he says the women folks can use it for a plunder house and a laundry room. He is also building a sanitary well house and dairy this week.

Mr. and Mrs. Herbert Holt visited Mr. Joe. A. Albright Saturday and Sunday.

Messrs Paul and Zeb Isley were at home Saturday night.

Mr. W. L. Spoon Sr. is on the sick list this week.

There was a song service at R. Alex Cobles Saturday night and Dan got in some pretty slick work. We are informed that Dan worked on Connie Webster so strong that he went back Sunday night and climbed a tree in the front yard. Like Zackariah of old Connie wanted to see what was going on round about. If he does not stop climbing trees the girls will change his name to Zack.

Snow Camp Items.

Julius Wright and family of Liberty Route 3, visited at J. R. Stuart's last Sunday.

Miss Mary McVey is now at home again, after teaching at Concord the past winter.

Miss Rosa Moore daughter of A. J. Moore of Prosperity, came last week to Milo Dixon's, where she will make her home for some time.

Albert Durham of Graham is

spending a few days at his home here.

Charlie Durham and Neal Hilliard are both preparing to build near Snow Camp Woolen Mill.

Mr. and Mrs. Milo Dixon and daughter Gertrude, and Miss Rosa Moore, visited at W. P. Stout's last Sunday.

Commissioner's Re-Sale of Cotton Mill Stock.

Under and by virtue of an order of the Superior Court of Alamance County, made in the matter of Sarah A. Kime, Administratrix of the Estate of W. M. Kime, deceased, the undersigned commissioner will expose to sale at the Court House door in Graham, Alamance County, North Carolina, to the highest bidder, on Monday, April 10th, 1911, at 12: o'clock noon, the following described personal property to-wit:

Sixty Three and One Half (63.1-2) Shares of Stock in the Mt. Pleasant Mfg. Company, of Kimeville, North Carolina.

Terms of Sale: One-third (1-3) of purchase money to be paid in cash, one-third to be paid within thirty days from date of sale, and the remaining one-third (1-3) within sixty days from date of sale. Interest to be charged on deferred payments at the rate of six per centum per annum, and title reserved until purchase price is fully paid. This March 15th, 1911. John H. Vernon, Commissioner.

Birthday Party.

Miss Blanche Story delightfully entertained a number of her friends at her home Friday night between the hours of 8:30 and 11:00. Progressive Bobby was the chief amusement of the evening in which the grand prize was awarded to Miss Edna Graves. Miss Nonie Moore assisted Miss Story in serving the guest with margarettas, waldorf and olives.

Those present were: Misses Nonie Moore, Mabel Ellis, Edna Graves, Lola Lashley, Bernice Hornaday, Netta and Byrd Daily. Messrs. Summie and Charles Sharpe, Geo. Isley, A. E. Hobgood, T. D. Dupuy, Bun Fearrington and Walter Story.

P. H. No. 8.

W. A. Lewis is on the sick list this week, hope it's nothing serious.

Miss Ida Simpson has gone back to Belmont on No. 7 where she will engage in teaching. It is a private school. The public being out.

Miss Byrde Fonville and Master Bryce Fonville of Gibsonville are visiting at their aunt's, Mrs. J. W. Somers.

We had one more good "chopping" dinner at G. W. Barkers Saturday.

Ernest Rasco the clever sub carrier of Union Ridge No. 1 was on No. 8 Sunday. He must have got bothered up some, for they say he had to stop and inquire the way.

Miss Rosa Sartin is visiting at J. W. Barkers.

TEETH

Extracted by Painless METHOD.

Why continue to suffer with toothache and neuralgia? Diseased and aching teeth, and sore gums bring on nervousness, indigestion, loss of weight, appetite and breath and taste in mouth all of which means poor health.

"It didn't hurt a bit"

One patient on record gained over fifteen pounds in twomonths after having a set of badly decayed teeth removed.

You can have your teeth taken out with remarkable ease. It is the most painless, the safest and, the most up to date method known for the removal of teeth.

The method employed in my practice for making plates enables me to guarantee a perfect fit.

the feature of the day, which resulted in favor of Spring. Foot races—one hundred yards and one half mile—basket ball—"cat paddle" and base ball were the out door games. Green winning in all against Spring, except the half mile race. Prizes were awarded to all the successful contestants. The prizes given in school work were won by Miss Bessie Guthrie—scholarship—and Miss Mary Newlin—orthography. Mr. L. M. Foust has been the principle of Green for two years. Mrs. Foust has been teaching music—organ, piano, violin and guitar.

the Green school closed Mar. 4th, 1911. With all the efforts of the people of the community, their liberality towards the school, and with a special tax the school term was only three and three fourths months long. In the last two years the patrons of the school have paid by private subscription more than \$250. to make the school term longer, for library and other purposes. Though the "Last Day" came all too soon, it was spent in a novel and pleasant way. An old time spelling contest between Green and Spring was

Harrison Walker, wife and babies, spent Sunday at E. K. Isleys. Bun Simpson visited Hillsboro on business last week and also visited his son Ernest at Durham, N. C. C. N. Somers and wife of Alamahaw spent Sunday at J. W. Somers'. Clem still wears that same good looking "Do face" smile. Little John Rice of Durham is visiting his Grandparents, Mr. and Mrs. Matlock. E. K. Isley was riding about considerably last Sunday and he was not going it alone. Seems like Uncle Kerr means business. Good luck to him.
