

NEW YORK'S CAPITOL IS GUTTED BY FIRE

Albany, N. Y., March 29.—The interior of New York's magnificent \$27,000,000 capitol was ruined this morning. Fire started in the assembly library and spread through almost the entire building, destroying priceless records, books, documents, etc. The fireproof doors proved no obstacle to the flames. The entire fire department after five hours of hard fighting, subdued the flames.

Ornate hangings and rich mahogany furnishings were food for the flames. The million dollar ceiling of the western staircase, considered one of the finest examples of mural art in the world was destroyed, and falling stones and chips from the marble pillars and walls endangered the firemen.

The assembly library was gutted, destroying valuable papers, some dating as far back as 1776. All documents and codes of the judiciary committee of the present session were destroyed. The flames destroyed all the English Colonial records. There were many valuable collections in the State library.

Fifteen firemen were overcome by smoke, when part of the north roof fell in two hours after the fire started. The loss to the building is about \$6,000,000. This doesn't include the costly furnishings, paintings, contents and library, more than half of which cannot be replaced. A defective electric wire is believed to be the cause.

A great scandal attended the progress of the construction of the building since the first excavation was started in 1867, charges of graft often being made, but despite the numerous investigations nothing was uncovered.

JUDGE J. S. ADAMS DIED SUDDENLY LAST SUNDAY

Raleigh, April 2.—The remains of Judge Joseph S. Adams of Buncombe county were here between trains this evening en route from Warrenton to Asheville, this state and much esteemed member of the North Carolina superior court judiciary having died suddenly of apoplexy this forenoon. He concluded the Warrenton superior court Saturday and was to all appearances in his usual health this morning and partook of breakfast heartily.

Judge Adams was elected to the superior court bench for the fifteenth district in 1905, succeeding Judge J. D. Murphy of Asheville, who was appointed in August of that year by Governor Glenn to fill out the unexpired term of Judge Fred Moore, deceased. The news of the death of Judge Adams brought deep sorrow to many friends here. A number of the members of the Raleigh bar and judges of the Supreme Court were with the remains at the union station here.

DEATH OF AGED WOMAN REVEALS VAST FORTUNE

New York, March 26.—A little old woman, who lived alone in a bare and dingy East Side room, was found dead last night with bank books in her hand bag showing deposits of more than \$25,000. Hemmed in her petticoat were bills totaling \$311. Two trunks, locked and strapped, which the bluecoats brought to light from the dusty depths of a spacious closet, are believed to contain other valuables. Her fortune is estimated at \$72,000 by the janitress of the building, who claims that the reclusé confided in her.

The dead woman was Mrs. Augusta A. Freitag. For two years neighbors say no visitor has crossed her threshold. She has kept the two rooms for five years and until two years ago her husband lived with her. They separated and he went no one knows where. A chair, a bed, a table and an oil lamp, all of the cheapest make, were the only articles in the room.

DURHAM DISTRIBUTING STATION SITE SECURED

Durham, March 31.—The location of the distributing station of the Southern Power Company has been announced and a four acre lot bought from Brodie L. Duke will be the place. The consideration was \$5,000.

This isn't the quarter million station that is to be made into a steam emergency plant when the power company fails elsewhere. It is to be the general distributing point for all current that comes to town. There will be other points, of course, several sub-stations and these will be scattered over the community. Available for the company there will be found something like 20,000 horse power. What proportion of this the new corporation will receive is not known. It is expected that many of those mills and other businesses that run by their own electricity, and those furnished by the Durham Traction Company will use the new power. The date of its coming hasn't been announced.

WELDON OFFICERS ARRESTED ON BENCH WARRANTS

Weldon, March 30.—On a bench warrant issued by Presiding Judge J. S. Adams of the Halifax Superior Court, Chief of Police S. M. Dickens and his brother, Policeman Lonny Dickens, both of Weldon, were arrested and taken before the court today to answer to the charge of assaulting and causing the death of George Jones an old citizen whose friends say he was inoffensive. Judge Adams held the chief under \$5,000 bond and his brother under \$2,500 bond for the next term of court. The arrests caused a big sensation and the court room was crowded.

Millinery Openings.

The beautiful millinery openings of Jos. A. Isley & Co. and Mrs. Mattie Dorsett Friday and Saturday attracted much attention by the mothers and fair daughters of our city. The decorations for the occasion were evergreens and ferns which presented a very inviting appearance to the spectator. The head wear which is composed chiefly of White and Black Miland, Tuscan shapes, Black Neopolitan, Hemp Braid, Lace hats, Maline trimmed in black chiffon and lace are classy, hobby and very attractive giving a smiling appearance to the beautiful complexion they shade. The Flexible hat should not be omitted as you can double it and stick it into your pocket if pockets you wear.

The early spring hats are made of jumbo in circumference and not the kind that make the ladies sit in a separate part of the church by themselves. While we are told by those who know as the summer comes on and the days get hotter the circumference will increase and the flower beds will bloom.

MUST FORGET RACE PREJUDICE, SAYS PREACHER

Washington, March 30.—In order to deal successfully with the Chinese, Japanese and negroes we will have to forget race prejudice, declared Rev. Dr. J. O. Spencer, of Baltimore, at tonight's session of Baltimore Methodist Episcopal conference, which is in session here. Dr. Spencer was the only speaker of the evening and he dealt with the race question throughout.

At the morning session the amalgamation into one great congregation of the Baltimore conference of the Methodist Episcopal Church South, the Baltimore conference of the Methodist Church and the Maryland conference of the Methodist Protestant Church was discussed with optimism. Several noted members of the conference made speeches advocating the proposed merger. The various district superintendents read their reports at the afternoon session, all of which made a favorable impression.

REMARKABLE CASE OF SKIN GRAFTING

Richmond, Va., April 1.—The old story of Isaac and Rebecca was recalled by surgeons at Memorial hospital when they extracted skin from the back of Rebecca Coleman and patched it on the side of Isaac Summerville, a young negro from Warrenton, N. C., who was severely scorched by lightning several months ago, near his home in the Old North State.

Summerville was brought to the Richmond hospital about a month ago, by Dr. Peet of Warrenton, and since that time several skin grafting operations have been performed by the surgeons in an effort to place him on the high road to recovery.

It appears that after the lightning seared and burned his left side, the wound did not heal as rapidly as Dr. Peet would have preferred, and so he brought his patient to Richmond, hoping that by the process of skin grafting better results might be obtained. Several patients in the hospital voluntarily gave up sections of their cutaneous anatomy, Rebecca Coleman, a colored woman, being the last part with a section of her skin.

Although believing that he was a victim of the wrath of God, and therefore could not possibly recover, Summerville is now more hopeful and shares the opinion of his doctors that he may yet return to the cotton fields of his native State and ply his vocation as of yore.

The doctors say that the case is a most remarkable one and it is a wonder to them that the man was not killed instantly when the electrical bolt bore him down.

An unusually severe electrical storm passed over the Warrenton section the day of the accident to Summerville, and if reports be true more than one person was killed.

Broken Into Sunday Night.

Six or eight revolvers and a number of flash lights were the articles missed by our clever and congenial friend Mr. E. T. Horne which mysteriously disappeared during the night Sunday night. Entrance was gained through the window the door opened which was left unshut.

Died at Durham.

Mrs. Callie Andrews died Saturday night at her home at Durham. The remains were brought here and carried to Providence Christian church for burial Sunday. Funeral services conducted by Rev. Mr. Cox of Durham. She leaves three sons, and was the sister of Mrs. Patterson and Jas. Long.

Mr. Hoffman spent Thursday and Friday at Raleigh demonstrating and explaining the merits of the Dan. F. Co. Northern capitalists.

A \$200 DIAMOND IN THE CHICKENS CRAW

Richmond, Va., April 3.—W. B. Davis, who lives on the Petersburg turnpike, has a brood of handsome Rhode Island chickens. Also he has a handsome daughter, Mollie. Mollie has a handsome diamond ring, or rather she did have it, up to last Sunday. The stone was valued at \$200.

Last Sunday Mollie went out to feed the chickens. Mollie is not afraid of chickens and the chickens are not afraid of Mollie. They will peck grains out of her hand. Mollie was allowing her chickens to feed right out of her hand when she felt a sharp peck on the back of her fourth finger. She turned it over hastily and lo! where once the \$200 diamond flashed from its setting was a hole. A chicken had pecked out the diamond, in mistake for a bright piece of gravel.

Mollie looked around to identify the thief, but all the chickens were grouped around her and they all look alike. Farmer Davis, is still figuring whether it is cheaper to have a surgical operation on all the chickens, cut their heads off and clean their craws or let the diamond stick in the craw of the thieving chicken.

SUPREME COURT JUSTICE O'GORMAN SUCCEEDS DEPEW

Albany, N. Y., March 31.—Supreme Court Justice James Aloysius O'Gorman, Democrat, of New York City, was elected United States Senator tonight by the Legislature after the most protracted struggle over this position ever held in the Empire State. On the final ballot, the final ballot the sixty-fourth, he received 114 votes to 80 cast for Chaucey M. Depew, whose term expired March 4.

The result was in doubt almost to the minute of recording the votes, owing to the uncertainty as to how many of the Democratic insurgents, who for over two months had prevented an election because of their opposition to William F. Sheehan, would enter the second caucus which had been adjourned from day to day since Monday.

As the close of a day of almost continuous negotiations the insurgents capitulated and Justice O'Gorman was elected. A few minutes before the ballot was cast Justice O'Gorman's resignation from the bench was filed at the office of the Secretary of State, as a constitutional provision would have prohibited his election while holding the office of Justice of the Supreme Court.

Wild applause marked the end of the long contest and the legislature, driven from the State Capitol by Wednesday's fire, quickly adopted a resolution adjourning until April 17.

Daisy Hosiery Mill Robbed.

Early Monday morning, when the fireman at the Daisy Hosiery Mill went to start up his heat he heard some one in the office and after arousing some one who lives near it was found that the combination on the safe had been worked and the safe robbed of between \$41 and \$42. On Sunday three strange men were in town with a camera taking views and made some views near this place. Where they came from and how far they went, remains two mysteries, if they are the guilty parties.

Will Be Here Tuesday.

Why be bothered with inferior glasses when you can get first class spectacles and eye glasses correctly adjusted at a moderate price from Dr. Rappert at Dr. Morrow's Dental Office, Tuesday April 11th.

Mr. H. C. Foster was given a surprise birthday dinner Sunday. Today will be his fifty-fourth birthday. By way of the fact that the children could not all get together Friday it was decided to give the dinner Sunday.

GROUND BROKEN ON LOWER END OF THE INTERURBAN

Belton, S. C., March 30.—At exactly 2:15 o'clock this afternoon ground was broken for the first time on the roadbed of the lower end of the Piedmont and Northern Railway. The work was begun about two miles below Belton and by nightfall the work began to look very much like a roadbed in course of construction.

For several days hundreds of men together with several carloads of mules, road scrapes, wagons, traction engines, and other road-building paraphernalia have been coming into Belton, but it was only this afternoon that work was really begun. Mr. W. T. Lee, chief of the engineering crew, and W. S. Shelor, who has the matter of rights of way in charge, handled the first wheeling of dirt. The two miles will be built into Belton and then the line will be graded onto Greenwood.

SIX NEGROES ESCAPE FROM GUILFORD JAIL

Greensboro, March 30.—Six negroes made their escape from the Guilford county jail early this morning by sawing an inch rod of Bessemer steel with a spring taken from the bottom of a shoe and by digging through an 18-inch brick wall with a 30-inch steel bed slat. The negroes, in escaping from their cages, crawled through a 9x12-inch hole made by sawing the steel rod. The jailer discovered the escape when he made his usual rounds at 7 o'clock this morning.

The leader of the gang was George Sherrill, an escaped convict, who was brought to the jail some five weeks ago with a leg full of buck shot received when he was captured, and he had complained continually of the pain, his complaints being especially noticeable yesterday. None of the prisoners have been retaken.

DUNCOMBE BAPTIST MINISTER DROPS DEAD ON BED

Asheville, April 2.—Walking toward his bed to lie down, Rev. S. C. Owen of Candler yesterday fell out stretched across the bed dead. He had complained of feeling unwell and had remained in his room while other members of the family went to dinner. Hearing the noise of a fall, his wife rushed into the room to find her husband dead. He was a prominent Baptist minister of this county and secretary of the county Farmers Co operative and Educational Union. Surviving are his wife and several children. Death is said to have been due to an attack of apoplexy.

Resolutions of Respect.

Whereas in His infinite wisdom, the Supreme Counciller of the universe has seen fit to call from labor to reward the soul of our brother, William F. Griffith, and Whereas, the departed brother has, by his cheerful disposition and strict adherence to the right, endeared himself to the members of Purity Council, No. 22, Daughters of Liberty, of which he was a member,

Therefore be it resolved: First: That in the death of this brother, this Council has sustained a great loss, and a seat is vacant which never can be filled.

Second: That we realize fully the loss to the family of our departed brother, and extend to them our deepest sympathy, admonishing them ever to look for consolation and guidance to Him, who errs not, and to Whose will we bow in reverent submission.

Third: That a copy of these resolutions be spread upon the minutes of this Council, a copy be sent to the grief stricken family, and that copies also be sent to the city papers for publication.

J. H. Poon, Rosa (Lillian) O. Mrs. S. W. Stafford, Committee, Purity Council No. 22, D. L.

SOUTHERN CAR COMPANY IS REORGANIZED

High Point, March 30.—Negotiations which have been in progress for several months looking to the reorganization of the Southern Car Company and the infusion of large Northern capital have been consummated. J. B. Duke, head of the American Tobacco Company and the Southern Power Company, which has recently begun the construction of an extensive interurban trolley system in this section and W. G. Brokaw, the New York millionaire, are the leading spirits in the corporation. Others are Abraham Cook and R. W. Morrison, both of whom have been associated with the St. Louis Car Company for many years.

The capital stock will be adequately increased and the plant will be made the largest car factory east of the Mississippi river. In line with these plans the concern has already closed options on considerable adjoining real estate upon which additions to the plant will be erected. The concern proposes building every class of electric car in use. Its product is already in use by many Southern street railway systems. Coupled with the reorganization of the corporation by the Duke interests comes the report that the main shops of the Southern Power Company's interurban line will be located in this city, the central point, practically between Greenwood, S. C. and Durham, N. C., the terminals of the line now building.

JIM TILLMAN IS DEAD

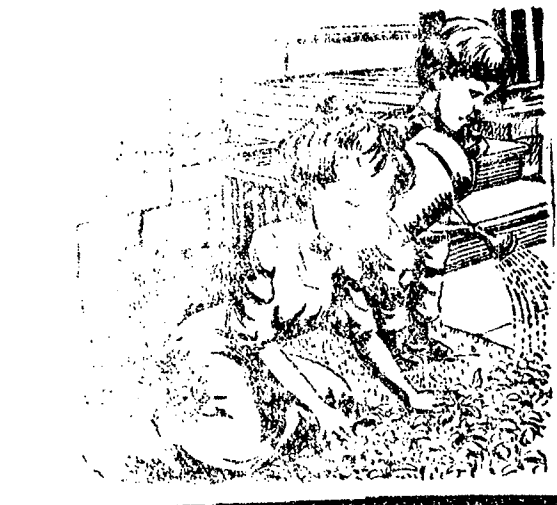

Asheville, April 1.—With only his physician and a young nephew with him at the end, Col. James H. Tillman, once lieutenant governor of South Carolina, died here tonight at 9:45 o'clock. The end came very sudden. He has been here for the past six months and has been apparently getting better. A few days ago he became worse and reached the stage where it was hard for him to take nourishment. Late this afternoon he became much weaker and about 9:30 o'clock had a collapse; the end following almost immediately. For years he was one of the political leaders in South Carolina, rising to the position of lieutenant governor of the state as a follower of his uncle, United States Senator Benjamin R. Tillman.

In 1903, following editorial criticism in the Columbia State, he shot and killed on the streets of Columbia the editor of that paper, N. G. Gonzales. A jury later acquitted him of the charge of murder.

The body will be taken today to the old Tillman home at Edgefield, S. C., for burial.

Strengthens the kidneys. Many people in this locality recommend Doan's Kidney Pills.

Here's one case. S. M. Embry, 418 Arlington street Greensboro, N. C., says: "If any one should ask me about Doan's Kidney Pills, I would say without a moment's hesitation that they are the best kidney medicine I have ever used. I have seen this preparation advertised and highly recommended by people in Greensboro, but unfortunately did not use it until a few months ago. I made the mistake of thinking that it was like the many other remedies that I had used, having little or no merit. As soon as I got a Supply of Doan's Kidney Pills and began their use, I could see that they were just what I needed and after I had finished the contents of the second box, the pain and lameness had left my back and my kidneys had become normal. I am certainly glad to be rid of kidney complaint, as it has annoyed me for a number of years."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Items From the University

Crowded out last week.
Chapel Hill, March 27.—Dr. Henry Van Dyke, professor of English in Princeton University, Hyde lecturer to the Sorbonne in France for 1910, who is prominently mentioned for the presidency of Princeton to succeed Governor Woodrow Wilson, delivered the first of the lectures upon the John McNair foundation for 1911 on Friday night, March 24. The general subject of the series of these lectures is Poetry and Life. On Friday night he spoke on Poetry and Patriotism. On Saturday night on Poetry and Nature; and on Sunday night on Poetry and the Unseen World.
In introducing Dr. Van Dyke, President Venable gave a brief sketch of the McNair Lectureship. John Calvin McNair of Robeson County, North Carolina, of the class of 1849 of the University of North Carolina, died in Edinburgh, Scotland some fifty years ago, while studying to be a Presbyterian preacher. At the same time there was thought to be a conflict between Science and Religion. McNair left some property to the University which was to be used in establishing an annual series of lectures before the students of the University, the purpose of which was to show "the mutual bearing of science and religion on each other and prove the existence (so far as may be) of God in nature." Today, said Dr. Venable, the world has come to recognize that there can be no conflict between Truth wherever found. The fund for the lectureship became available in 1908. The men who have delivered lectures before Dr. Van Dyke are, Dr. Francis H. Smith of the University of Virginia, President Francis L. Patton of the Princeton Theological Seminary and President David Starr Jordan of Leland Stanford, Jr., University.
In his opening lecture Dr. Van Dyke declared that the aim of poetry is to impart pleasure through the imagination-pleasure that must not be a mere amusement but a vital joy, enlarging the thoughts, deepening the emotion, and ennobling the life of man. A man's worth is measured not by his money as America is coming to think, but by the wealth of his mind and heart. Dr. Van Dyke stated that his three lectures were to treat of three of the ways in which the inner life of mankind had been enriched by the poets; first in inspiring in and deepening in man a love of his native land which properly cultured would reach its full attainment in a spirit of a World Democracy, in the Brotherhood of Man; second, in drawing man to a love of Nature for the beauties of her external aspects which would culminate in worship of the God that moves in all Nature; third, through his feelings bringing him closer to the Unseen World to which man cannot approach by "searching" but through his heart alone.
Dr. Van Dyke's lectures were nothing less than prose poems. His thoughts were so inspiring and his language so beautiful that it was almost impossible to distinguish between his own words and those of the English and American poets from whom he quoted so felicitously.
The lectures drew a number of distinguished visitors to Chapel Hill. Dr. Venable said Saturday night that the University of North Carolina should be deeply conscious of the debt to John Calvin McNair for making it possible for Carolina students and visitors to hear a man like Dr. Van Dyke.
Another notable visitor to the University of North Carolina this year will be Governor Woodrow Wilson of New Jersey who will deliver the Commencement address.
The Carolina Baseball team swept revenge on Davidson Saturday to the tune of 2 to 1. Bailey was in the box for Davidson and Lee for Carolina. Lee was especially effective with men on bases.

Stopped Those Pains.

Timberville, Miss.—Miss Gertrude Guthin of Timberville writes: "I did not know anything could stop those womanly pains, from which I suffered for two years, until I tried Cardui. I had been troubled with various female ailments, but they were cured in a little while, thanks to Cardui." Cardui is especially adapted for use by ailing women. It relieves headache, backache, dragging feeling, irregularly, nervousness, misery and womanly weakness. It is safe. It is reliable. It does the work. Will you try it? Please do.

Open Letter on "Back Home" Movement.

Roanoke, Va., March 22.—To Southern People, Newspapers, Railroads, and Boards of Trade: Your "Back Home" movement which is designed to bring our friends back to the South and to secure their co-operation in advertising the South; to reduce the problem of immigration to terms of individuals action, and to ally all Southern interests in a common cause-getting More People, is good. The plan of it is good enough to be imitated by the Western Railroads. Read the following dispatch which is now appearing in Southern newspapers: "San Jose, Cal., March 1—San Jose today celebrated invitation day by mailing the first lot of 3,000,000 invitations which are to be sent by Californians to friends and acquaintances throughout the East, inviting them to locate in this state. The movement was started by the Southern Pacific Railway and is designed to attract permanent settlers rather than tourists. Each county in California is to send out its quota of invitations, which are in the form of attractive cards bearing views of the different localities." You can see the above in many Southern newspapers. What are you going to do about it? There are more than 4,000,000 Southern people in the West. Can we not send out as many invitations as California? As they say in California, let us "come alive."

Edward Green, son of Hetty, and heir to enough money to sink a battleship, having incidentally remarked that he was lonely, is receiving several hundred letters a week from girls who think they could stand being Hetty's daughter-in-law. Not only are free and independent American girls offering themselves but a real live countess has got into the game. She thinks that if her brothers can come to America and pick up rich wives there is no reason why she shouldn't utilize the same method for the securing of a husband, with lots of ducats.

Wednesday, April 5, 1911.

We suppose there will no question arise as to the nationality of New York's new United States Senator.

Don't wait until after the municipal election to do your kicking. If you don't kick now, you have no right to complain then.

We suppose that Raleigh thought that she could not do it, but there is no telling what people can do when spurred to action.

Raleigh raised more than \$75,000 last week for a Y. M. C. A. building, they were a little slow in getting in the push, but when they did get started, they made things warm.

It has been suggested that the Senatorial fight in the New York Legislature got so warm that it was responsible for the burning of the "fire proof" capitol. Pretty warm was it not?

W. J. Bryan, Champ Clark and Governor Wilson are scheduled to make speeches in New Jersey from the same platform and on the same night, provided a platform can be found large enough for all three.

To all appearances now, the people of this city are satisfied with the present condition of affairs of government. If they are not, it is high time some action was being taken to bring about reforms that are sorely needed.

Coca Cola is coming in for a lot of free advertising these days. Even if it does contain a poisonous drug that will not stop the people from drinking it. We know of other beverages said to be poison, yet the people continue to use them.

It appears that there was something more than hot air in the recent report of the Guilford county grand jury. Especially is this so as to the jail, which pronounced unsafe and unsanitary. Six prisoners took French leave of that institution one night last week.

The beef packers who confessed their sins six years ago, thought they could keep on robbing the cattle growers and consumers, without punishment but Judge Anderson told them that they must now take their punishment like other criminals. An upright Judge.

Two places of business broken open in one night, Sunday night at that, does not speak very well for Burlington. There seems to be a screw loose some where which should be investigated by the powers that be. In the first place there are two many gentlemen of leisure here for the good of the community.

The "Back Home" Movement.

Seattle, Wash., Mar. 31, 1911. Agricultural & Industrial Dept., Norfolk & Western Railway Co., Roanoke, Va.,

Gentlemen:— I thought perhaps you might appreciate a short letter giving you an idea of whether your "Back Home" movement is receiving any attention or not in the far West.

I assure you that I hear it talked every day in the city of Seattle. There are so many people on the Pacific Coast that have experienced such bitter disappointments; they are eagerly hunting for some place to go to start life over again on a safe, conservative basis.

"The Southern States have the material wealth and need the people. Let them know it and they will come. Even Western moneyed men are watching developments in the movement. There was a man out to see me a few nights ago, having found out that I had lived in the South. I gave him such general information as I could. He is now on his way to the South to spend two or three months. His intention is to buy a large body of land and colonize it.

"Advertising has certainly made the West what it is. I will just relate one effort and the results: The Western Railroads, through R. A. Ballinger, induced the Government to open up two pieces of worthless land in the state of Washington, and one in Montana, about 18 months ago, to be allotted by drawing with an appraised value of from \$2.00 to \$25.00 per acre, to be paid for by the lucky one in the drawing, of course advertised everywhere by the Western Railroads. Result: 285,000 people came distances ranging from 100 to 3000 miles to register for the drawing on about 3000 claims. Fortunately a large number of the lucky ones in the drawing got wise and did not go on their claims. Those that did are leaving them saying they are worthless.

"I could tell you of many other things with similar results but will not tax your patience further at present. I heard a man say one day this week that Horace Greely's saying, "Go West Young Man" is no more, but will be, and is now, "Go South Young Man." The dreams of my life is to return to my native land, which I pray is not far in the future."
 Yours very truly,
 "J. A. T. Bacon."

Resale of Land.

CHRISTIAN ENDEAVOR CONVENTION.

The Thirteenth annual convention of Christian Endeavors of the state were in session at the Christian Church Friday, Saturday and Sunday holding evening sessions each day. Prof. W. A. Harper of Elon College presided.

Friday evening a quiet hours service was conducted by Rev. E. E. Steele of Spencer, theme, "Christ, My Strength." Devotional services conducted by Rev. T. M. Johnson of Asheboro. Addresses of welcome by Rev. P. H. Fleming, and W. B. Turrentine, deacon of the Christian Church.

Response by Rev. C. E. Newman of Henderson. Addresses were delivered by Rev. C. H. Hubbell, D. D. of Adrian, Mich. subject "Atlantic City, 1911." and Rev. J. H. Peeler of Greensboro, subject "Employing Helpful Features and Gathering Worldwide Fellowship."

By Saturday morning the delegates from the various parts of the state had arrived. Three interesting and helpful sessions were held Saturday. Beginning in the morning the usual quiet hour service was conducted by Rev. R. E. Steele subject "Christ My Friend". During the morning session Mr. Steele offered resolutions showing the imperative need of reform methods, which were adopted. The resolutions were of a very high order and had we space would give them verbatim.

The following officers were chosen by the committee on nominations for the coming year:

- President, Rev. R. E. Steele, Spencer.
- First Vice-President, Rev. A. G. Dixon, High Point.
- Secretary Miss Florence Ledbetter Greensboro.
- Treasurer and Superintendent of Press Department, Miss Mamie Bays, Charlotte.
- Superintendent of Junior Department, Miss Jessie Williams, Asheville.
- Denominational Vice-Presidents, Christian—Rev. P. H. Fleming, Burlington.
- Congregational—Miss Sadie Bilyen, Southern Pines.
- Moravian—E. H. Stockton, Winston-Salem.
- Reformed—Rev. Shuford Peeler, Greensboro.
- Presbyterian—W. C. Rouck Wilmington.
- Methodist Protestant—L. F. Ross, Asheboro.
- Friends—Arthur Moore.
- Lutheran—Rev. C. B. Cox, Burlington.
- Free Will Baptist—D. B. Sasser, Kenly.
- Baptist—Rev. O. L. Rowers High Point.
- Disciples—Rev. Jesse C. Caldwell.

The pledges for state work for the coming year were then taken and the societies contributed liberally to this cause. A certain amount was pledged also to be used in placing a field secretary at work in North Carolina. Two addresses were delivered Saturday morning "Christian Endeavor and the Country Church" by Rev. C. E. Newman of Henderson, and "Important Factors in Christian Endeavors" by C. H. Hubbell. Both subjects were handled in a masterly manner. Saturday afternoon session opened with junior rally conducted by Mrs. A. G. Dixon, who for the past two years has been superintendent of the work. Next, address, J. Van Carter, Raleigh, subject, "Two Religious Handmaids." Mr. Carter is general secretary of the North Carolina Sunday School Association. The home society, under the leadership of Miss Bessie Holt, conducted a model Christian Endeavor prayer meeting, which was carried out in a manner most effective. The afternoon session closed with a "Question Box and Open Parliament" conducted by Rev. Hubbell. At the Saturday night session recommendations of the retiring President Harper were acted upon, and appointed the Rev. J. H. Peeler to aid the negroes of the state in forming societies and plans for useful work.

Sunday morning, quiet hour, "Alone with Christ," D. Melver, pastor of Presbyterian Church. At 11:15, Convention Sermon, Rev. J. F. McCulloch, D. D. of Greensboro, which was a masterly piece of literature and held the audience spell bound. Sunday afternoon Dr. Hubbell conducted a round table exercise participated in by any and everybody which made the exercise very interesting. Rev. Fleming delivered an able address, subject, "Christian Endeavor and the Great Commission."

Sunday evening Rev. A. G. Dixon of High Point spoke from the subject, "Deepening the Spiritual Life." Dr. J. C. Leonard of Lexington "Deeper Yet," concluded by Rev. J. O. Atkinson, Editor of Christian Sun, subject, "Reaching the Reached and Saving the Saved."

The convention was well attended, the seating capacity of the church being crowded at almost every session, and to overflowing Sunday. The reports show that the work during the past year has been good which is congratulating to President Harper.

BIBLE STUDIES

SURROUNDED BY HEAVENLY HOSTS

II Kings 6:8-23—April 9
"He shall give his angels charge over thee to keep thee in all thy ways."—Psalm 91:11.

WHEN war was declared by Syria against Israel the invaders sought to gain an entrance into Israel's army in the mountain passes, but God through the Prophet Elisha forewarned the Israelites. When this had happened several times the Syrian king concluded that there were traitors amongst his counsellors, but was answered, "No! the Prophet Elisha surely warns Israel's king of anything that you plan secretly."

Learning that the Prophet was living at Dothan, near the Syrian border, the king sent a detachment of soldiers to capture him. They came by night. Elisha's servant, arising early, saw that the little city was surrounded. He ran to his master in fear, but the latter, unperturbed, answered, "Fear not; for they that be with us are more than they that be with them." These words sounded strangely untrue to the servant, until the Prophet prayed for him.

The less it is that whoever are God's servants, and wherever they may be, Divine power, like a mighty army, surrounds them. Modern inventions and discoveries are more and more revealing to us secrets of nature and hinting at far more beyond. Whoever has knowledge of wireless telegraphy, X-rays, radium, etc., can readily believe that the Almighty God may have thousands of agencies and powers invisible to men whereby he can work all things according as he pleases.

"The Angel of the Lord Encampeth Round About Them That Fear Him and Delivereth Them."

Angels are beings of a grade a little higher than man—beings with spirit bodies instead of flesh bodies. "Thou madest man a little lower than the angels." The Scriptures declare that the angels are sent forth to minister to or serve all those who are heirs of salvation. They encamp around about God's servants in the sense that Divine agency and power are everywhere and ready at any instant to be exercised as much as need be for the accomplishment of God's will. The same God who willed that Elisha should see before Jezebel arranged that Elisha should be specially protected. But we are to remember that only those who are in covenant relationship with God are under this special watch-care and protection.

We are to remember also that there are fallen angels, called "wicked spirits," and that these are on the alert to entrap and ensnare humanity through spirit mediums, spirit rappings, tipplings, clairvoyants, outjaegers, etc. God's people are warned against these, and they in turn should warn the world of the great danger resulting from any association with these fallen angels, who misrepresent themselves to be our dead friends.

Many are being misled by these evil spirits. They have introduced various false doctrines and continually seek to entrap the human will and, if possible, to gain control over it—through obsession. Curiosity is one of the main baits to the hook of spiritism.

Spiritists, including mediums, are being deceived. They think that they converse with the dead. They will indeed acknowledge that there are "wicked spirits," "lying spirits," as the Bible says; but they do not acknowledge that they are all wicked. The fact is that they have only partially realized the depth of Satan's power and deceit.

Comparatively Few Have Yet Learned of God's Love

Only God's consecrated people have yet learned of his love, and they very imperfectly. The tactics of Satan and his demon hosts for centuries has been to blind the whole world and, as much as possible, God's people respecting his true character. By misrepresentations of the Scriptures and some interpolations and some mistranslations they have succeeded to a wonderful degree in putting light for darkness and darkness for light. This is shown in the creeds of all denominations—some in a greater and some in a less degree.

A century or more ago, when the creeds were believed more fully than today, the effect was terribly demoralizing. Good men and women under the delusions of those creeds tortured one another, often to death, with thumb-screws, racks, burning-irons, the stake, etc. Their hearts were not so much worse, perhaps, than ours; but their heads were more deluded. Believing thoroughly in the doctrine of eternal torment, etc., they sought to copy this misconception of the Divine character and dealing.

WASHINGTON LETTER.

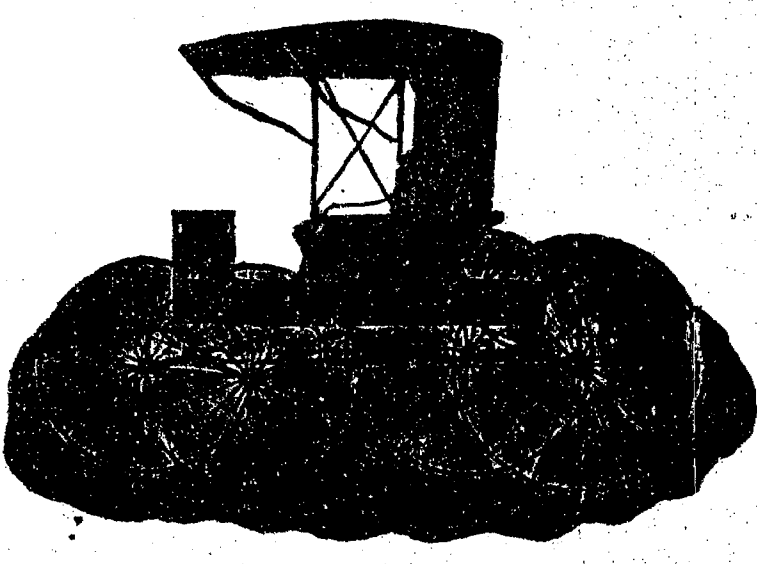

Washington, D. C., Mar. 31.—The national Congress is again in session—the second extra session of the present administration. Speculation as to what Congress will do is varied. It is thought that the administration would be more than pleased if the Congress would ratify the reciprocity agreement with Canada and adjourn, but the Democrats who now control the lower house have a much more ambitious program and indeed there are tariff reforms that cannot be enacted too soon. The period between the adjournment on the 4th of March and the 4th of April has been full of interest. The sudden mobilization of the army and its establishment on the Mexican border has been the subject of discussion throughout the length and breadth of the land. The ultimate purpose of the administration is not known, but preparation for any emergency is the highest wisdom in national affairs. It is reported that a large contingent of the force now on the Mexican border will sail in a few days for Honolulu. It is known that American interests in Mexico demand a strong American force near that perturbed territory.

There is again discussion of a peace pact between Great Britain and the United States and between France and the United States. With reciprocity with Canada and peace agreements with Great Britain and France, there would be little reason for the continuous expensive naval preparation of the last decade; but there is no assurance that the Senate will ratify such peace agreements as the two great Anglo-Saxon governments may arrange with each other. There are some Senators that are very jealous of their Constitutional privileges to vote separately and distinctly in every matter of international relation. Still, the world moves. Civil service reform was locked upon as Utopian thirty years ago, and many measures looking toward the purification of governmental and commercial relations have been accomplished even in the last ten years.

It is expected that there will be no little presidential electioneering and maneuvering in Washington during the present extra session. It is significant that the Bryan influence has been considerably strengthened in both houses of Congress, both by elimination and addition since March 4th. Many of his friends have been added to both the House and the Senate, while some who are opposed to him are no longer in power in Washington. It is not thought that Mr. Bryan expects to do more than influence the nomination of a Democratic candidate. It is thought that he favors Wilson of New Jersey. It is known that he does not favor Harmon of Ohio. Champ Clark, the Democratic Speaker, has been talked of as a presidential possibility, but he has talked so much himself and so imprudently in his long and mediocre political career that it is doubtful if he will be considered as an available candidate so those of the party with whom judgment prevails. LaFollette of Wisconsin is much talked of as the probable Republican nominee for the presidency, and the race now is supposed to lie between him, Taft and Roosevelt. Senator LaFollette is conspicuous of the criticism of the transfer of the army to the Mexican border. He denounces it as unnecessary and as an extravagant waste of public funds, but it is probable that the figures will demonstrate that the army can be as easily maintained along the Rio Grande as at the various stations from which it was entrained, and surely the experience of mobilization and the exercise of camp life cannot do otherwise than improve the efficiency and esprit-du-corps of a force doubtless enervated by long inactivity. There was the same necessity for moving the army that there was in the last year of Roosevelt's administration to send the navy to sea and around the world, and possibly other reasons that Senator LaFollette and some others have not yet found out.

There is much speculation with reference to coming legislation and to the length of time that Congress will be in extra session. It may be that there will not be an adjournment until late in the summer. The situation is full of interest and expectation is on tiptoe awaiting events.

Apparently the Japanese war scare overworked itself and expired in consequence.

The Oldest Living City.

The oldest living city in the
world is undoubtedly Damascus.
Wineveh, Babylon, Tyre, Sidon,
have gone their way; but Damas-
cus remains, and that too, what
it was before the days of Abra-
ham, a center of trade and travel.

Aside from any historical inter-
est, Damascus is interesting
purely as a commercial center.
From it come our damson, our
blue plums, and the apricot of
Portugal called damasco; damask
our fabric of cotton and silk, with
designs of vines and flowers raised
upon a smooth bright ground;
the damask rose, introduced into
England during the time of Henry
VIII; the Damascus blade, fam-
ous for its keen edge and its re-
markable elasticity, the secrets
of whose manufacture was, it is
said, lost when Tamerlane carried
the artist into Persia; and the art
of inlaying wood and steel with
gold and silver. -Harper's Weekly

A Question of 'Clothes.

John Burns accepted a place in
the British Cabinet and when oc-
casion required donned court
dress. But Signor Bissolati, lead-
er of the socialist party in the
Italian Chamber of Deputies, is
made of sterner stuff. Because
he would have to wear a uniform
on state occasions he refuses to
enter the cabinet.

The other day, on the royal in-
vitation, Signor Bissolati called
on the King and discussed the
political situation. Whether on
his to the palace he wore his every
day suit and a soft cap or the
statesman's long black coat and
silk hat, none of his principles as
a socialist were violated.

Certain kinds of clothes in
certain kinds of politics are al-
most as important as principles.
The Italian socialist is a friend of
the proletariat and abhors the
flummery of royalty. Conven-
tion requires that he shall believe
as devoutly in democratic attire
as that the court chamberlain
shall insist on gilt and braid as
outward emblems. Each is the
slave of a fashion, but royalty in
Italy is an established institution
and the socialists merely a min-
ority party; so Signor Bissolati
remains outside the cabinet. Still
if he were less concerned about
clothes he might have accomplish-
ed more in advancing the polit-
ical principles he advocates by
taking office as a member of the
government.

"These Damphool Experiments"
Virginia Pilot.

It seems to us, from the stand-
point of a layman, that every-
thing demonstrated by the de-
molition of the old battleship Tex-
as might have been just as well
ascertained by placing steel-plat-
ed targets at the same distance
from the New Hampshire's guns.
If not, why not? We suppose that
the Texas was riddled and sunk
on the theory that she was worth-
less. Such was the supposition
when recently a vessel of the an-
tiquated monitor type was simi-
larly smashed into junk. But the
latter vessel is to be raised at a
heavy expense to the govern-
ment, and no one need be sur-
prised if a half million or more is
spent in floating the Texas after
a large sum has been expended
in sinking her. The whole per-
formance has to us a close like-
ness to what Josh Billings used to
call "These damphool experi-
ments."

Used Eggs to Belittle Wife.

Indianapolis, March 30—After
a marriage of 41 years, Dr. Wm.
Stewart and wife disagreed and
Mrs. Stewart went to live with a
married son. The doctor then be-
gan writing scurrilous sentences
about his wife on hen's eggs and
drew many cartoons on the eggs,
she being the central figure.

The Appellate Court today de-
cided that a husband cannot use
eggs for belittling his wife and
affirmed a decree of divorce in
her favor. The court says the
doctor's acts were as bad as if he
had disseminated the libelous
matter through handbills on the
streets.

GREELEY & McINTIRE

PATENT ATTORNEYS
WASHINGTON, D. C.

Admiral Pastor Russell's Book.
Atlanta Constitution—Bill Arp, the
"Southern Philosopher," wrote the fol-
lowing review of "The Divine Plan of
the Ages" some time before he died:
"It is impossible to read this book
without loving the writer and ponder-
ing his wonderful solution of the great
mysteries that have troubled us all
our lives. There is hardly a family to
be found that has not lost some loved
one who died outside the church—out-
side the plan of salvation, and, if Cal-
vinism be true, outside of all hope and
inside of eternal torment and despair.
We smother our feelings and turn
away from the horrible picture. We
dare not deny the faith of our fathers,
and yet can it be possible that the
good mother and the wandering child
are forever separated?—forever and
forever?"

"I believe it is the rigidity of these
teachings that makes atheists and in-
fideis and skeptics—makes Christians
unhappy and brings their gray hairs
down in sorrow to the grave—a lost
child, a lost soul! . . ."

"This wonderful book makes no as-
sertions that are not well sustained by
the Scriptures. It is built up stone by
stone, and upon every stone is the
text, and it becomes a pyramid of
God's love, and mercy, and wisdom.

"There is nothing in the Bible that
the author denies or doubts, but there
are many texts that he throws a flood
of light upon that seems to remove
from them the dark and gloomy mean-
ing. I see that editors of leading jour-
nals and many orthodox ministers of
different denominations have endorsed
it and have confessed to this new and
comforting light that has dawned
upon the interpretation of God's Book.
Then let every man read and ponder
and take comfort, for we are all pri-
soners of hope. This is an age of ad-
vanced thought, and more thinking is
done than ever before—men dare to
think now. Light—more light—is the
watchword."

Miss Annie Minor daughter of Mr. James Minor of Hawfields, spent Saturday and Sunday at the home of Mr. W. J. Crutchfield.

R. F. D. No. 8.

We had the pleasure of stopping at J. C. McCullochs for dinner today (Tuesday). We always enjoy stopping there.

Miss Carrie Corklin is right sick. Hope she will soon recover.

We stopped at J. B. Fosters last week for a barn raising, all we raised was chicken pie.

W. C. Isely after spending a week at home left for his work at Roanoke, Va.

Mrs. Iona Allen who has been visiting Mrs. Lewis left for home yesterday, Monday.

Must be something on hand at E. K. Iselys soon, uncle Kerr has put some more rails on his fence and is white-washing his trees. We wish him much luck.

Thanks to Jerome Isely and Bob Saunders for working the road, verily they shall have their reward.

Swepsonville Items.

I do not see any thing in your paper from our village, so I will give you some news picked up on the street and around our town. We have a very prosperous town two good churches and one good school building and a Library given by the Company for the benefit of the people of the place, also good hall for the secret orders and all entertainments.

J. M. Crawford has recently moved here from Burlington and has purchased a stock of goods from E. M. Long and is doing a good business in merchandise - we welcome him to our place.

Mr. Coble has his new mill running and A. H. Nicks will soon have his mill running, that will make two gristmills.

Miss Viola Steel and sister Joyce spent Saturday at Burlington.

John Winningram of Saxapahaw has come up to make his home with us.

George Parris after spending nearly a year in California has returned to make this his home.

The people are getting busy at this season of the year catching fish they are landing some fine suckers here.

If there is any mill town in Alamance County that can beat Swepsonville raising fine hogs I would like for you to say something about it in the Dispatch. I will tell you more some othertime.

R. F. D. No. 7.

Joe Brooks moved from Elmira Cotton Mill to Bellemont Mill week before last and had the misfortune to lose a suit case containing a lot of his wife's and children's clothing. Joe and family would appreciate it if the finder would communicate with him on No. 7 as it is quite a loss to them.

Guess our genial carrier No. 1 is needing a pair of socks, as we learn he ate a lot of cotton on the 1st day of April and we suppose he is trying to spin enough thread to knit a pair.

We found a nice package in the road just below Mr. Tom Hurdens last Saturday. The owner can get it properly identifying it and paying for this notice.

If the party who found that bundle at the corner of Spring and Davis streets, near the Chinese Laundry, last Saturday and put it in his carriage and hauled it away, will return it to the Post Office there will be no questions asked and he and No. 7 can "shake" and congratulate each other heartily as two of the "biggest ever."

They had a candy at Seymore Huffmans last Saturday night and every thing went as smoothly as could be expected on the 1st of April. It hit Landy Watkins quite a blow as he got side tracked some where in the game and Wesley Rich run on the main line with Landys side passenger as company.

The people on the Mt. Hermon circuit have built a new smoke house and corn crib at the parsonage. Must expect their pastor to take up farming as a side line.

Mrs. Ed Holt is right sick and not expected to live very long.

Rev. W. D. Fogleman visited at Rev. J. A. Burgeses last Friday.

H. M. Neese come home Friday and spent Saturday and Sunday with his people.

Messrs W. H. Bryan and Alfred Thompson, who have been in South Carolina putting up a steel bridge returned home last week.

Alfred Thompson brought two ground hogs from West Virginia last fall and they went into winter quarters and have not showed up since, but Alfred was digging them out to day. Hope he will keep them out and stop this bad weather.

There was an old time singing at Peter Steels Sunday night and Dan was in their midst. Dan is at work on some very young timber now and is beginning to train Ernest Holt, Wesley Rich, Zeb Isley and Walter Foster and others in the art of trying to captivate the ladies, Connie Webster is one of them too, but he has a little more experience than some of the others. Zeb sends blue flowers to his girl but hears nothing from them. How sad.

Harrison Buckner is feeling bad this week as Ernest Holt stepped in between him and his best girl. We feel sorry for Harrison, but think he will have to learn Ernest how to walk properly with a girl. Dan could find older and more seasoned timber to work up if he would.

There is Alfred Graves, Will Garrett, Ode Isley, Green Sharpe, Charley Isley, Serene Sharpe and Sidney Russell that have been neglected too long. Surely they are not hopeless cases and we ask Dan to turn his attention to them a while any way and see if something cannot be done for their redemption from crusty batchelorhood.

A retired business man of Chicago, Louis Oberndorf, was buried the other day. He had been one of the most enthusiastic automobilists in the city, and found much pleasure and benefit from being almost constantly in the open air. Just before he died he requested that no horse have any part in his funeral and accordingly a motor-drawn hearse and motor cars for pallbearers and mourners distinguished his funeral.

"A Welcome Chance to Those Who Suffer."

Coming to Burlington, N. C. On Monday April 17th, 1911.

To Stay at Hotel Ward.

Dr. Francis S. Packard

of Greensboro, N. C.

Consultation and Examination Confidential, Invited and FREE.

To see all of his regular Patients and such new Cases, as may wish to consult him, Dr. Packard enjoys a wide reputation, among the profession and the Public of North Carolina, where for more than 25 years he has devoted his entire time to the Study, Treatment and Cure of Chronic Diseases. The Doctor has had wonderful success in his chosen work, that of curing chronic sufferers, Men, Women and Children. The Patients he has restored to Health after they had given up all hope of being Cured are numbered by the Thousands. He is a kind, generous, democratic gentleman to meet, of high scholarly attainments, and dignified personality. Coupled with a Brotherly interest, in all who seek his advice. He does not take a Patient for Treatment unless he can foresee a Cure of the Case. The most commendable feature of his work, and one that appeals to the ordinary sick person, is the fact of his charges being so reasonable and moderate as to make it within the reach of even the very poor. At no time do the charges amount to more than \$7.00 a month or about \$1.50 a week. He gives his own medicines, and there are no extra Charges. It takes him never more than from four to six Months to Cure a Case under Treatment. All Cases, even those who have been given up as Incurable or Hopeless, have been Cured and restored to perfect health by this Brilliant Physician and the wonderful methods he employs.

If you want to meet him and have him examine you, go to see him, and talk the matter over with him. It will cost you nothing if he does not put you under treatment. If he takes your case, it will cost you a very small sum to get well.

Remember the Date and come early.

Monday April 17th.

Gov. W. W. Kitchen has been secured to deliver the Graded School Commencement address, and Rev. W. R. Laird, of the First Presbyterian Church, Danville, Va., to preach the Baccalaureate sermon.

Resolutions of Respect.

Adopted by Alamance County Sunday School Convention, at Graham, Sunday, Mar. 26, 1911.

It is always with sad hearts that we give up our dead and lay them away in the earth to return to the dust from which they came. This is true whether they be ready when the call comes or not ready. When one goes whose life leaves with us no hope for the future the only thing we can see is the darkness of despair and then we turn our faces to the wall and wail out our hearts in sorrow and disappointment. But on the other hand, when one goes whose life leaves a good savor we lift our faces to our Father and through our tears we murmur in the light of a great hope "Thy Will be Done." It is hard to give up such a life, but God gives in return the comfort that cometh of the Lord and drives our night away.

The Alamance County Sunday School Association gives up its Vice-President sadly, but in the assurance that he has gone to a field of more perfect work.

Thomas F. McVey died Nov. 9, 1910 at the age of fifty-one. He had been an active Sunday School worker for many years and always with great success. The greater part of his local labors were given to the congregation of old Cane Creek Meeting House, of which he was a member. He was known throughout the county for his high character and christian influence. One could always know where to find him for he was ever on the side of right and truth, and in him was found a leader for any movement that made for the advancement of God's kingdom.

Not only was he a leader in religious matters, but in political affairs he stood for what was clean and right at all times.

Since God in His gracious and merciful wisdom has taken him from among us, we, the members of the Sunday School Association of Alamance County offer this tribute to his memory and bow our heads in obedience to our Father's will. Amen.

We, the committee, recommend that a copy of this memory be spread upon our minutes, and a copy be sent to the family.

Signed:

T. G. Vickers, Com.

Death of Mr. Shoffner.

Mr. M. M. Shoffner an old Confederate soldier with many friends in our town and County died Monday night at 10:25 at his home on Spring Street after a lingering illness for many months.

He was sixty-nine years old and leaves a devoted wife and four children, Messdames Jesse Meacham of Greensboro, Cleave Garrison and St. Clair Ireland of this place, and Mr. Robt. Shoffner of Waycross Ga. Funeral services conducted at the home Tuesday afternoon at four o'clock by Rev. J. B. Gibble burial at Pine Hill Cemetery.

The Odd Fellows of which he was a member were present at the burial.

Death of Ollie Holt.

Sunday night shortly before midnight the death angel entered the home of Mr. and Mrs. J. H. Holt and claimed from their loving arms the daughter Ollie. About ten days ago she was taken sick with gastritis and although the best medical attention possible was secured the hand of death could not be stayed. Ollie

was a bright little girl six years of age, much loved by her many little playmates. Her lifeless form was laid to rest in Pine Hill Cemetery Monday at eleven o'clock. Funeral services at the home by Rev. J. B. Gibble.

The little mound of clay was completely covered with fragrant flowers. The floral tributes being very elaborate.

Sketch from Grand Jury Report.

We copy the following from the report of the grand jury of Alamance County for the March term of court:

We have also visited the county jail. We find it full of prisoners. There is some complaint that they (the prisoners) are not as well fed as they should be. We find the sanitary condition inside as good as could be expected, but we recommend that the yard be cleaned up and kept in a more sanitary condition. We find the cells on the colored side unsafe and in need of immediate attention.

Apparently the Japanese war scare overworked itself and expired in consequence.

It's a **Stetson** and therefore, classy, stylish, correct, fashionable.
