

THREE MILLION DOLLAR FIRE AT CONEY ISLAND

New York, May 26. — A big fire, entailing a loss that will exceed \$3,000,000, started at Coney Island at 2 o'clock this morning and was not under control until 8. Dreamland, fronting the ocean, was completely wrecked. Captain Ferraris' animal show, the biggest in the country, was also destroyed, most of the animals being shot to prevent their escape into the crowds. Feltman's roller coaster was burned to the ground.

It is thought that the fire started from either crossed electric wires or a cigarette stump inside one of the shows. The firemen bravely risked their lives in effort to control the fierce blaze. The fire beats from Manhattan and Brooklyn pumped tons of water from the ocean before the fire was extinguished.

The care-takers lost their heads and opened the cages containing lions, tigers, baboons, leopards and other wild beasts, which charged the crowds and gave battle to the firemen, endangering many lives.

Six incubator babies were saved at the imminent risk of losing his own life by Police J. J. Krink. All the babies will live.

SOUTH CAROLINA DEMOCRAT APPOINTED DISTRICT JUDGE

Washington, May 25. — President Taft late yesterday announced the appointment of Henry A. Smith, of Charleston, S. C., as district judge of South Carolina. Mr. Smith is a Democrat.

The appointment of Judge Smith was made upon the recommendation of Senator Smith, of South Carolina. He will succeed Judge Brawley, who retired recently on attaining his 70th birthday. Judge Smith is about 57 years of age, a lawyer of great learning and ability, and has practiced law for over 35 years. According to a statement given out at the White House the new judge comes of a splendid family; is a man of the most exemplary personal character and is closely associated with the best of history of South Carolina.

His circumstances are such that the emoluments of the office have no attraction for him," says the statement, "but at the suggestion of the President, he has consented to accept the appointment."

FOUND BOOZE MILL UNDER THE HOUSE OF THEIR HOST

Hickory, May 22. — Revenue officers Kanipe and Sams returned this afternoon from the South Mountain section of Burke county, where they report having had a very unique experience. For two years reports have been coming to the officers that a certain man in that section was making joy juice without the consent or permission of Uncle Sam, and yesterday they decided to make a thorough investigation. Arriving at South Mountain, they climbed one of its highest peaks in a vain hunt for the booze plant. Returning to the foot of the mountain they proceeded to the home of LaFayette Chapman, where they hoped to get lodging for the night. On arriving there they found the home deserted save for some small children, who informed the officers that the father and mother had gone across the river for some tomato plants.

The officers sent a small boy for his father and sat down in the yard to await his return. Soon they discovered a stream of water flowing under the house and an investigation disclosed a complete distillery in full blast not more than three feet from the chimney.

Thus they turned what looked to be an unsuccessful raid into a successful one and a supposed host into a prisoner.

It must be great to be skinny in this hot weather.

MR. BRYAN CASTIGATES THE SUPREME COURT

Lincoln, Neb., May 25. — William J. Bryan, in today's issue of his Commoner, editorially castigates the Supreme Court decision in the Standard Oil case and the court itself. Bryan says:

"The decision will prove disappointing to the country. The real meat in the decision is to be found in the amendment of the anti-trust law to meet the demands of the trusts.

"The decision explains why Justice White was made chief justice instead of Justice Harlan. Second, it explains why Governor Hughes was made a justice. Third, it explains the discriminating care exercised by the President in selecting Democrats who would help the Republicans out of a hole by making the Democratic party bear some of the odium of a decision that builds a bulwark around the predatory corporations. Fourth, it explains why 'Wall Street went over to Mr. Taft in March or April of 1908 and then coerced their employes and the business public into the support of the Republican candidate in November."

URGES THE UNITED STATES TO DROP THE PHILIPPINES

Nashville, Tenn., May 26. — Judge John W. Judd, who was sent to Porto Rico to investigate the laws and conditions in the Islands by the war department, made a sensational speech before the Tennessee Bar association today, in which he urged that this nation drop the Philippine and beware of the Monroe doctrine as it is now understood.

A prepared paper on "Porto Rico and the Porto Ricans" was to have been read to the convention by Judge Judd, but he stated that he could not read it, as the authorities at Washington had asked him not to give it to the public, asserting it would cause embarrassing diplomatic relations with other countries.

Judge Judd expressed the opinion that if the Monroe doctrine was adhered to as construed by President Roosevelt, it would eventually bring the United States into trouble not dreamed of today.

SECRET MARRIAGE KEPT FOR FOURTEEN MONTHS

Greensboro, May 25. — A secret marriage of 14 months' standing has just been announced by the happy couple in the following note given out for publication yesterday: "Edward E. Turner, formerly of Hillsboro, but now living in Burlington, and Miss Edith Belle Sneed, of South Boston, Va., were married at the residence of Miss Patty Mangum, in Durham, April 3, 1910. Immediately after their wedding Mrs. Turner left for the west without telling her friends of her marriage. On account of fortunate conditions and the faithfulness of those who were present at the ceremony and acted as witnesses, but few suspected until this announcement that the young couple were man and wife."

Mr. Turner met Mrs. Turner yesterday in Danville and arrived in this city on train No. 7. From here the young people left for Hillsboro to spend today with Mr. Turner's parents. They expect to leave for Burlington Monday, where they will make their home in the future. Their many friends will wish for them a long and happy married life.

[Mr. Turner came here about a month ago, having purchased the Stephenson Grocery Company from Mr. E. L. Stephenson. He and Mrs. Turner are boarding with Mr. and Mrs. Stephenson at present.]

Mrs. Geo. Crutchfield of Winston-Salem and sister Miss Mattie Bradshaw of the southern part of the county spent part of the past week the guest of their brother Geo. W. Bradshaw and family.

HARLAN TAKES SHOT AT STANDARD OIL DECISION

Washington, May 25. — Still as opposed to the majority opinion of the Supreme Court in the Standard Oil case, as he was on the day that opinion was announced, Associate Justice Harlan today filed in court his formal dissenting opinion in that suit.

His oral attack on the court for holding that only unreasonable or undue restraints on trade are in violation of the law furnishes the outline for today's broadside against the opinion.

He went further, however, and criticized the court for modifying the decree of the lower court so as to permit the subsidiary companies to enter into agreements among themselves, and expressed a conviction that instead of the opinion giving quiet and rest to the business of the country, it would throw business into confusion and invite widely-extended and harassing litigation, the injurious effects of which will be felt for many years to come.

Ever since the case was decided on May 15, Justice Harlan has been preparing his dissenting opinion and it was not complete until today. One of the last changes made, it is said, was to insert a quotation from the decision of Judge Taft, now President Taft, in the Addyston Pipe case, in which Judge Taft said that according to the decision of the Supreme Court, all restraints, whether reasonable or unreasonable under the common law, were forbidden by the statute.

COLORED HOSPITAL BURNS IN RALEIGH

Raleigh, May 26. — During a very severe rain, electric wind storm that swept this city and section this evening lightning struck the wires in a special shaft in St. Agnes hospital through which the wires passed to the different floors and set the shaft on fire, panic spread through the hospital in which were eighteen negro patients. These were gotten out without any serious results that have yet developed. Damage by fire and water was probably \$500.

Five years ago a frame hospital was burned and the present structure is of stone, three stories. It is a part of the plant of St. Augustine school 'Episcopal.' The wind reached a velocity of 42 miles an hour. A rain storm followed, the total fall being .59 inches. The weather bureau reports this as the hottest day of the year here, the temperature reaching 92.5 degrees. Part of the city was left in darkness, the electric wires being put out of commission. Many trees were blown down.

TRAIN CREW POISONED FROM BUTTER MILK

Spencer, May 25. — A wholesale poisoning took place near New London, Stanley county, yesterday afternoon, when a whole train crew partook of buttermilk causing ptomaine poisoning. With a view to a good dinner, a quantity of fresh milk was placed in the cooler on the engine of a freight train. In some way the milk became infected and the entire party with the exception of the conductor, had a narrow escape from death. The sufferers include Engineer C. A. Sigman, Fireman Frank Conrad, Brakeman W. C. Melton. The only member of the party to escape was conductor C. A. Surratt, who did not partake of the milk. Soon after the dinner all were seized at the same time with the poison and a physician worked hard for four hours. The sufferers were brought to their homes in Spencer last night and a new crew was sent out to take charge of the train.

C. V. Jones spent Sunday in Hillsboro the guest of friends.

T. F. LLOYD OF ORANGE COUNTY DIED LAST WEEK

At his home in Chapel Hill Captain Thomas F. Lloyd, known as the wealthiest citizen of Orange county, died Wednesday afternoon at 5 o'clock, after a lingering illness of more than two months from dropsy. Captain Lloyd was aged 70 years.

Simple and plain, but honest, tells of a character that was loved by every man and woman not only in Chapel Hill, but throughout the county in which he resided. With but little schooling and less cash, Captain Lloyd laid the foundation for his fortune years ago by square dealing and zealous labor. Loyalty was the keynote of his success, and no man, poor or rich, ever knew the captain to be unloyal in any business or personal matter.

He is survived by his wife and five brothers—Henry of Chapel Hill; Albert, Morris, Jack and Pink, of Orange county. His only child, Green Lloyd, widely known and unusually popular with the students at the university, died in November, 1907, and the death of his son cast a gloom over the captain which he was unable to withstand.

The funeral services were held this afternoon at 3 o'clock at Bethel church, near Chapel Hill, and were largely attended, many citizens going from Durham. Captain Lloyd for years was a Mason, and was laid to rest with Masonic honors. The interment was made in the cemetery near the church. — Durham Sun, 25th.

TRAIN'S FATAL PLUNGE THREE MEN ARE KILLED

Charlotte, May 28. — The news of a headlong plunge of a double-header Seaboard freight train through a burning trestle between Bostic and Ellenboro this afternoon at 5 o'clock, reached Charlotte soon after the occurrence. Three men, all white, were killed. They were: Engineer J. M. Green of Monroe, Engineer J. M. Lindsey of Cherryville and Fireman Roy Dooley of Monroe. The seriously injured were Early Lewis, colored, a fireman from Monroe, and Lon Neely, colored, a brakeman.

Capt. Frank Howell of Charlotte was conductor of the train, which consisted of twenty-nine cars loaded with Clinchfield coal destined for various points in this section and to the south. The train was drawn by two engines, owing to its weight. The fact that the trestle was burning was not discovered until too late to halt before reaching it. Both engines and fifteen of the cars crashed through the fire-eaten woodwork to the stream below, five cars piling up on the two engines. Engineer Green's body was extricated at once. A wrecking train was started from Monroe for the scene of the tragedy as soon as tidings of it reached that place.

The scene of the accident was Watkins trestle, two miles east of Bostic. No other members of the crew except those specified were injured.

JUDGE BOYD CONFIRMS SALE OF NAOMI FALLS COMPANY

Greensboro, May 26. — In the matter of the Naomi Falls Manufacturing Company of Randleman, Judge Boyd, in the United States district court, signed an order confirming the sale of the property and plant to J. E. Gilmer of Winston-Salem. The price bid by Mr. Gilmer is \$31,500, and he also assumes a mortgage of \$32,000 to Lawrence S. Holt of Burlington, holder of bonds on the mill, together with accrued interest amounting to \$2,000. He also takes about \$15,000 worth of cotton bought by the mill, so that the total price to be paid by Mr. Gilmer is not far from \$90,000. It was thought a few days ago that the property would be resold, but the idea was abandoned.

ASK FOR MALITIA TO CAPTURE BLIND TIGER

Raleigh, May 25. — A request came to State guard headquarters here this evening for the military company at Dunn to be ordered out to help surround and capture John Aiken, a "blind tiger," who had probably fatally shot Deputy Sheriff Thaddie Jernigan of Harnett county, when the latter sought him out to serve a capias for failure to appear at court and show, under terms of a suspension of judgement, that he was continuing of good behavior.

Aiken used an automatic gun and successfully defied arrest with it, declaring his purpose to shoot any and all comers. He was heading for a swamp, about a mile from Dunn, when the request for the malitia came.

Adjutant General Leinster directed that the sheriff order out the Dunn company if he deemed it advisable, and the authorities were urged from the Governor's office to use every precaution to prevent a lynching in the event the fugitive was captured. Advances late tonight from Dunn are that Deputy Jernigan is barely alive and that Aiken is still at large.

SOUTHERN FIREMEN WILL NOT LISTEN TO ANY COMPROMISE

Washington, May 28. — Vice-President H. O. Teat of the Brotherhood of Locomotive Firemen will appear before the board of mediation tomorrow afternoon to present the case of the Southern Railway firemen who have voted to strike unless they receive a 20 per cent increase of wages.

While the firemen did not hold out against submitting their case to the board of mediation, as desired by the railroad, they expect little from the good offices of Judge Knapp and Labor Commissioner Neill, the board of mediation named under the Erdman act. They are unwilling to listen to any compromise, believing their claim is a just one.

"The only point we made was that the board should get down to work quickly and submit its plan for a settlement without delay," said Mr. Teat tonight.

Mr. Finley agreed there should be no delay, so far as he was concerned.

Continuing Mr. Teat said: "The Southern Railway is fully able to pay the increased amount we are asking. We now receive from 20 to 40 per cent less than the firemen on the Frisco lines, Illinois Central, Baltimore & Ohio and the Pennsylvania. President Finley compares our wages to those paid by the Seaboard Air Line and the Atlantic Coast Line. That is not a fair comparison, and besides, the former road is just out of the hands of a receiver. We believe our demand is a just one, and it is that or strike."

NEGRO GRABS DOLLAR FROM BOY THEN BURNS THE WIND

Greensboro, May 27. — Charles Johnson, a negro, was arrested late yesterday afternoon near Tabernacle church on a charge of highway robbery and was brought to jail pending the hearing before Justice D. H. Collins, which was held this morning. The negro was remanded to jail until the June term of court. The specific charge against the negro is taking a dollar belonging to a small son of Jesse DeVinney, near Julian.

A traveling salesman had given the DeVinney boy a dollar to do a job of work for him. The negro saw the boy pocket the money. Later negro asked the boy to let him ride with him to the boy's home. On the way the negro began bantering with the boy and told him he did not have a dollar. The unsuspecting youth pulled the dollar from his pocket, whereupon the negro grabbed it from him and ran. The negro was caught and detained in a house until the officers arrived.

TOBACCO TRUST DECISION IS HANDED DOWN

Washington, May 29. — The American Tobacco Company and its accessories and subordinate corporations and companies, including the English corporation, today were held by the Supreme Court of the United States to be co-operators in combination illegal under the Sherman anti-trust act. The court sent the case back to the lower court with directions to hear further the parties, so as to ascertain whether a new condition cannot be recreated in harmony with the law. Justice Harlan concurred, in part, with the court's opinion, and dissented in part.

The Tobacco Trust decision is characterized by Attorney General Wickersham as a "most comprehensive and sweeping" victory for the government.

The Trust is held to be a combination in restraint of trade—a monopoly in violation of law.

The decision affects 65 American corporations, 2 English corporations and 29 individual defendants. An opportunity is given the Trust to disintegrate and recreate a condition of transaction of business not repugnant to law.

If at the end of six to eight months the corporations fail to bring themselves within the law a receivership and dissolution by court decree will follow.

The Trust is held to have been guilty of intimidation and clearly to have shown a purpose to stifle competition.

Chief Justice White announced the decision, which was practically unanimous although Justice Harlan dissented on several points.

As in the Standard Oil cases Justice Harlan resented the application of the "rule of reason" to the Lherman anti-trust law.

The court having held the defendant corporations guilty of conscious wrong doing, Justice Harlan "is not at all anxious" to perpetuate any new combination growing out of them.

UNIQUE STILL CAPTURED BY REVENUE OFFICER

Hickory, N. C., May 25. — Revenue officers Kanipe, of Marion, and Sams, of Asheville, made a raid on the blind tigers of this section in celebration of the 20th of May and captured an outfit that for uniqueness was a prize winner, yet produced the goods to perfection. The still consisted of a box made from inch and a half timbers covered with galvanized iron, with an arm made by boring a hole through a saw-wood pole with a straight piece piping run into the arm for a worm. The still was a twenty-five gallon outfit. The same parties made another raid Sunday and destroyed considerable of the essential for manufacturing the beverage. Again on Tuesday the same parties made a raid twenty miles from this city and destroyed a forty-five gallon copper still, four fermenters and other essentials.

Three Fire Alarms.

Judging from the number of fire alarms we have had within the past four or five days it would make you believe that the city of flowers is doomed, but knowing that fires like trouble seldom comes separate and apart but usually three in succession we presume the scare is over. On last Wednesday night about nine o'clock the first of the three alarms was sounded which proved to be a shanty car used by some negroes who are laying a side track for the Burlington Grocery Co. The car was demolished, provisions consisting of fat back etc. were unloaded at no slow rate when the blaze was discovered. The second alarm of the series was Saturday night between eight and nine o'clock, at this time a live wire at Nees's corner had burnt into and the firemen came out to be ready in case of trouble. However no trouble arose until bright and early Monday morning about five o'clock when the third alarm was sounded which proved to be the tenant house of Mr. Geo. Garrison which was partly burned, but the flames were quickly extinguished by the fleet work of the firemen. This third alarm seemed to come somewhat as a greeting to our two firemen Messrs. Clarence Freeman who returned Sunday morning from Texas where he has been watching the war and "Pete" Neese who has been in the city of Philadelphia taking a course in engraving.

Mrs. Bell at Reformed Church.

Mrs. J. W. Bell, matron of Nazareth Orphans Home, Crescent, N. C. which is owned and under direction of the Reformed Classis of North Carolina was at the Reformed Church Sunday night with five of the children, two being the little Russell children who were placed in this home more than a year ago. The little tots sang several songs and recited nicely, after which Mrs. Bell told of the work, location and surroundings of the Orphanage. Although the night was unusually warm and the house packed to overflowing the entire audience gave the best of attention as she related what was being done and how the orphanage needed assistance. After her touching picture of the fatherless and motherless of whom we seldom think pledges and cash to more than \$50.00 were given.

The Orphanage which is a young institution established only a few years ago is caring for eleven boys and fourteen girls making a total of twenty-five.

After the address of Dr. Laird of Danville, Sunday and the annual reception Monday night, the musical Tuesday night as given in last week's paper, Wednesday night was class night. The exercises of the night were held by the Seniors who made the occasion one of pleasure and enjoyment to the well packed audience which crowded the spacious auditorium. The exercises consisted of the Salutation by Chris. Leonard Isley, Jr. History by Robert Vernon Long, Oration by Hugh Galloway Isley, Prophecy by Gladys Lea Page, Gifts by Mary Eve Walton, and Valedictory by Mona Ruby Ross. The class this year while only six in number are especially bright and are noted for their tender age, the youngest, Robert Long, being only sixteen.

The regular literary address was delivered Thursday night by Governor W. W. Kitchin who was introduced to the packed auditorium by our townsman W. H. Carroll. Subject of his address was, "Education," which was forcefully and masterly handled by this distinguished orator. After an address of an hour the presentation speech prior to the awarding of the diplomas was made by Rector J. B. Gibble who in his fluent and masterly manner paid several nice tributes to the graduating class. Following this the thirty Grammar School Graduates received their diplomas promoting them to the High School.

The marshals for the commencement were Miss Annie Morgan Paucette, chief, Messrs. Geo. Sharpe, Howland Montgomery, Eugene May and Paul Morgan, and Misses Pearl Ellis, Flora Garrett, Ella Rae Carroll and Emma Love.

Thus the completion of the tenth annual commencement of the Burlington Graded School.

Prof. G. C. Singletary who was elected Superintendent of the school a year ago has made good as is evidenced by his having been re-elected for another year. Fourteen of the teachers have been re-elected which proves their success. The total enrollment for the year has been 851 pupils in the white school and 154 in the colored.

NEW YORKS FIRST LAND SHOW

Its Scope and Purpose—A Big Opportunity for the South to Advertise. Will She Accept It?

Roanoke, Va., May 25.—No event scheduled for 1911, will be of more importance to the entire country than the American Land and Irrigation Exposition, to be held in New York City November 3rd, to 12th.

This First New York Land Show is to be thoroughly representative of American agriculture, as well as the most picturesque and instructive call of the land ever presented in the nation. Agriculture, dry farming and irrigation methods will be demonstrated. Moving pictures, illustrated lectures, literature, growers and agents will demonstrate the advantages of owning and developing land. Displays will be made by the most progressive states, counties and cities, leading railroads, land, and irrigation companies. The United States Department of Agriculture, Mexico, Alaska and Canada offer educational exhibits.

The handsomest and most valuable prizes ever awarded for agricultural products are offered at this Exposition, and these prizes will attract the finest exhibits the nation has ever seen.

A great chorus of 200 trained voices will sing songs of the soil, and each day of the exposition valuable tracts of grain land, farms and orchards will be given away to visitors by popular allotment.

The Norfolk and Western Railway Company, up to the present time, is the only railroad in the South that has secured space for exhibit purposes at this wonderful show. Practically all Western roads are represented.

Mr. LaBaume, Agricultural & Industrial Agent, Norfolk and Western Railway, has prepared a special pamphlet describing in detail, all the prizes awarded at this Exposition.

There are prizes worth one thousand dollars each, offered for wheat, corn, oats alfalfa, potatoes, hops, barley, cotton, and five hundred dollars in cash, in gold, for apples.

It is, also, hoped to secure valuable prizes for tobacco, peanuts and other Southern crops. Write at once to Mr. LaBaume, Agricultural and Industrial Agent, Norfolk and Western Railway, Roanoke, Va., for particulars in regard to this contest. There will be no expenses, whatever, and all of those who have exhibits and are awarded prizes will receive the prizes in full. The Norfolk and Western Railway Company is supplying the exhibit space and only asks the cooperation of the farmers and fruit growers in furnishing them material for active exhibits.

Saved Child From Death.

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, grippe, asthma, croup and sore lungs, its the most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by Freeman Drug Co.

Blow To The Snake Business.

Manuel Weeks is the name of an enterprising individual at Bryson City, N. C., who was speeding toward riches by supplying rattlesnakes to New York scientists and naturalists until an express messenger in a careless moment dropped a box that liberated enough rattlers to keep the express car passengers from dying of ennuui. Now the express agent at Bryson City refuses to accept snake consignments and Weeks has sued the company for \$3,000 damages—probably alleging a conspiracy in restraint of trade.—Ex.

may not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlap, of Leadbit, Tenn. If ailing, try them. 25c at Freeman Drug Co.

Public Health Dept. of W. C. T. U.

Edited by MRS. R. L. BOYDE, Supt.

Never in the history of the world has the generation living devoted so much time and thought and effort to the welfare of future generations as in this present time. This fact does great credit to the intelligence and unselfishness of this generation and renders unanswerable the claim that the world is growing better than it ever was before.

Is there any matter touching the people as a whole or the individual so far-reaching in importance as the question of health? What else is there that affects so vitally or fatally the happiness of the public and the individual?

It is unquestionably true that this subject is receiving more and more attention every day, and as the world grows in intelligence and unselfishness this matter of health will occupy an ever increasing place in the minds of men.

When we are told by authorities who have made a faithful study of the subject that the people of the United States suffer a preventable loss of over 600,000 lives per annum, preventable by sanitation alone, and that there are 3,000,000 people seriously sick all the time in the United States from preventable causes and mainly from causes of improper sanitation, the conception of the enormity of such criminal carelessness places this great question of the public health in the forefront of all economic questions. Why cannot we, as citizens of Burlington, lay the foundation for a clean sanitary town and thus insure ourselves and our children against loss of life from preventable diseases?

Why not fall in line with Taylorsville and adopt the sanitary privy?

The open unsanitary privy of our town is said by authorities to be one of the greatest evils to the public health.

Are you a Woman?

Baltimore, Md.—Mrs. W. H. Isen, at 1419 East Madison street writes, "For several years, I suffered, off and on, from womanly troubles, until finally I was taken down and could do nothing. The pains I experienced, I shall never forget. I lost weight until I was only skin and bones. I believe I would be in my grave if I had not tried Cardui." Are you, like Mrs. Isen, weak and discouraged, because of some painful ailment? Cardui will help you. Try it today. Any druggist will be glad to sell you a bottle.

Family Ties Mixed.

Columbia, S. C., May 24.—The double inter-marriage of "in-laws" in two families of Marlboro county, this State, has resulted in a remarkable multiplicity of relations—on paper—and probably a record breaking mixture. Ten years ago W. A. Smith, a widower with a son and daughter, married Ella Rivers. A year or two later Gary Smith, son of W. A. Smith, married Laura Rivers, sister of his father's second wife. Yesterday, Fayette Rivers, brother of Mrs. W. A. Smith and brother of Mrs. Gary Smith, married Miss Addie Smith, daughter of W. A. and sister of Gary. Gary Smith has a little daughter, and, by his second wife, W. A. Smith has a son.

W. A. Smith is a brother-in-law of his son and daughter and the father-in-law of his wife's brother and sister. He is the grandfather of his niece, the uncle of his granddaughter, and the great-uncle of his son. His youngest son is the brother of its uncle and aunt and the nephew of its brother and sister-in-law. Gary Smith is the brother-in-law of his father and the stepson of his sister. His little daughter is the niece of her grandfather, the granddaughter of her aunt and the first cousin of her uncle. Mrs. W. A. Smith is the stepmother of her mother-in-law and sister-in-law and the mother-in-law of her sister and brother. She is the grandmother of her niece and the aunt of her granddaughter. She is also the mother of her sister's brother-in-law and the sister-in-law of her son's brother.

Gov. Woodrow Wilson is reported to have astonished California by telling the truth in a plain, blunt way. It can afford to be astonished.

Anybody's Umbrella.

Baltimore American.

According to the opinion of Judge Heap, of the Harrison Street Court, Chicago, an umbrella is the property of anybody who needs it and can lay hands upon it. This unique view that fits much of popular practice, although not before regarded as ethical, was delivered in the case of a youth who stole an umbrella to keep from getting wet in a drenching storm.

Baltimoreans may at any time have cause to seize an umbrella stick and get under the folds of the moving tent, as rain may come at any moment, and then some more rain after that. So that those who at times regard an umbrella as an obsolete institution in this locality may be glad to buy, steal or hire one at short notice.

It is, of course, to be borne in mind that an umbrella as common property is purely Chicago law, and that, acting upon the decision of Judge Heap, here in Baltimore might get the person so acting into a heap of trouble. No one has sought to analyze the laxity of the generally reputable citizen as to proprietorship of an umbrella, but the fact remains that an umbrella stick is apt to become glued to the hand of the one who last used it.

Cardui Worked Wonders.

McMinnville, Tenn.—Mrs. Ocie Jett, of this place, says: "I don't believe I would be living today, if it hadn't been for Cardui. After treating me twenty-seven days, my doctor advised an operation, but I would not consent, instead, I took Cardui, and I am doing my work—even the washing. Cardui worked wonders in my case. I am in better health than for five years." Cardui is a strengthening tonic for women. It relieves pain, tones up the nerves, builds strength. You need Cardui. Try it.

The readers of The State Dispatch will be interested in a splendid proposition being made by the Observer Company, Charlotte, N. C. Just at this time the Daily and Sunday Observer—seven days in the week—will be sent until October 15th, 1911 to all new subscribers for \$2.00. This is a considerable reduction from the regular price and is made for the purpose of introducing this paper to new readers. The only rule is that cash must accompany all orders. Send name and address and check for \$2.00 to the Observer Company, Charlotte, N. C., and let this splendid paper be sent to you until October 15th.

Work Brought Exhaustion.

Adel, Ga.—"For three years," writes Mrs. C. J. Rentz, "I suffered with female troubles. When I would lie down, I could hardly breathe. I could not do any work without being exhausted. I took Cardui according to directions, and now I can do all my work, and do not suffer at all." Cardui has brought health and happiness to thousands of weak women. It acts on the cause of women's backaches, headaches, nervousness, dragging sensations, weakness and misery. It relieves. It cures. Try it.

COMPOUND CALLOUSES

Tells Splendid Cure for Them and All Foot Troubles.

A compound callous is the secondary stage when it grows inward and presses on the nerves, causing intense pain. Callouses never cure themselves but always get worse, sometimes irritating the whole nervous system. The following is a most effective and speedy cure "Dissolve two tablespoonsful of Calocide in a basin of hot water. Soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give the desired results.) The soreness will disappear immediately and the callous can be easily peeled off. Repeat this for several nights. A little olive oil rubbed into skin is very beneficial."

This Calocide is a very remarkable preparation for all foot ailments. Bunions, corns and ingrowing nails get instant relief and are soon cured. Bad smelling and sore feet need but a few treatments. Calocide is no longer confined to doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. A twenty-five cent package is usually enough to put the worst feet in fine condition. It will prove a blessing to persons who have been vainly trying ineffectual tablets and foot powders.

If Secretary Stimson wants to find his department, he will find most of it strung along the Rio Grande river.

Mortgage Sale.

Under and by virtue of the power of sale contained in a Mortgage deed executed on the 22nd day of December 1909 by L. F. Shepard and wife Martha Shepard to the McLamb Co., and recorded in the public registry of Alamance County in book 47 of Mortgage Deeds page 42 to 44 inclusive, the said McLamb Co. will offer for sale at public outcry, to the highest bidder for cash, at the Court House door at Graham, Alamance County, North Carolina at 12 o'clock Monday June 12th, 1911, the following described tract of land, lying and being in Alamance County, North Carolina, Boon Station Township and described and defined as follows:

A certain tract or parcel of land two dwelling houses, one store house, and one stable on road from Elon College to Ossipee, in Boon Station Township, Alamance County, state of North Carolina, containing one acre more or less.

This property will be sold to satisfy the payment of the debt for the security of which said mortgage deed was executed by the said L. F. Shepard and wife Martha Shepard of Boon Station Township, Alamance County.

This the 10th day of May, 1911. The McLamb Co. Mortgagee. J. B. Gerringer, Agt.

Wednesday, May 31, 1911.

It appears that a strike of the Southern Railway firemen is inevitable.

Has Alderman Scott begun his campaign of cleaning up the city? If so, where did he begin?

Times must be getting better. Who ever heard of a strike, or even a rumor of a strike, when times were panicky?

Now that the scare from a water famine is over, for the present at least, let us use a little of what we have on our dusty streets.

With the frequency of the fire alarms for the past few weeks our "fire laddies" appear to be getting plenty of practice these balmy days.

Entries are now in order for the race for the United States Senate in North Carolina among our Democratic friends. Get in the swim, the water is fine.

We are waiting patiently for the board of Aldermen to settle the Chief of Police question and other important matters in connection with the city's affairs.

Governor Woodrow Wilson of New Jersey, is looking after his candidacy for President in North Carolina this week. The untried will give him the time of life.

Everybody would have understood that decision if Chief Justice White had simply and succinctly rendered it in the language of the people; "Oh, for the love of Mike be reasonable."

The Supreme Court was a long time in reaching the Standard Oil and the American Tobacco Company cases, but when it did get to them there was something doing.

If, as Mr. Bryan says, the Democrats will have to bear a part of the blunt of the Standard Oil decision, what are you going to do about it? Who ever heard of a Democrat refusing a job at the hands of a Republican President.

Is there no way by which the streets in the business part of the city can be sprinkled these hot dusty days. It would add much to the comfort, besides, it would be of incalculable benefit to the merchants of the city. Let's get busy and see if something cannot be done.

Mr. Temple Resigns.
 Mr. D. L. Temple has tendered his resignation as plant foreman to the Southern Bell Telephone Co., at this place. Mr. Temple will increase his electrical supplies in his stand on Main Street and will devote part of his time in building lines out in the country. His successor, Mr. W. A. Carter of Reidsville will arrive this week.

Some Dotings of the Re-Union.

By G. W. P. Cates.
 Off for Little Rock. We left Haw River Sunday evening May 14th on the six o'clock train there we met Gen. J. S. Carr a school mate of ours and comrade in arms we had not met in many years we landed at Little Rock on Tuesday morning about five with quite a number of vets. We arrived we saw we captured Little Rock. They were willing captives. The old vets have never as yet received so cordial a reception. Everything that was required for our comfort was provided free of cost. The good people of the city of roses told us what to expect, but they never told the half of what we found. The 21st re-union of the N. C. veterans will go down as the grandest in the history of re-unions.

A fair exhibit of visitors on Tuesday was 50,000. We believe that Little Rock had undertaken a big proposition but were also confident that the hustling enterprising citizens of one of the best cities of the south would prove equal to the occasion and they did, yes they went beyond all anticipations. We were told by several who had attended the re-unions of the past that there were more visitors at Little Rock than attended Memphis at any time and the bulk of the crowd had not reached Little Rock until Wednesday morning. It is said by those who attended the most of the re-unions that Little Rock cared for the largest crowd that ever attended one. There has been less mishaps at this re-union of any in the history of the meeting of the vets and the visitors that always attend. We are glad indeed to say with an eternal truth that the re-union was a success and take off our hat and congratulate Little Rock with our best bow.

Every southern state was represented by delegates. North Carolina was small but the old tar heel did noble. The crowd on Wednesday was estimated at 75,000. The veterans were assigned to Camp Shaver in the city park where they were quartered without cost in a tented city, commanded by Gen. R. G. Shaver here provision was made for their meals in a large mess hall where plenty abounded and service prompt. The vets were the special guest of the city and every thing was done for their comfort. Old comrades clasped hands who have not met since the war. We were much impressed when we saw five brothers who had not met in many years met on the Camp Ground at the state capital and they united and sang that good old song Happy Day, singing all parts, there were many tears shed. Oh there is so much that we can't tell it all in this short letter which is now to long. On Thursday the crowd was at 106,800 people that visited Little Rock during the re-union. The above figures are taken from the R. R. Officials. Rock Island, Iron mountain and Cotton Bell Roads as soon as the parade was finished the crowd began their rush for the station. We will continue in next issue if allowed. Our home was with the excellent family of J. W. Crawford, we found a most excellent home, we had not met before in twenty three years, there was a pleasant greeting. We left Little Rock Friday evening for Wynne on our way home at Wynne we were met by T. W. Crawford whom we had not seen in twenty three years, with quite an interesting family around him we found a pleasant home, he and Mrs. Crawford did what they could to make us happy. Two of their children Miss Grace and Homer graduated and it was our pleasure to hear the sermon. We left there Monday morning at 2:30 p. m. for home and arrived Wednesday morning 24 one if not the best trip of our lives.

Meeting of the Rural Carriers.

The Rural Letter Carriers Association of Alamance county met in Graham Tuesday May 30th, and one of the best meetings we have ever had was pulled off on that day. The most important actions of that meeting was the election of officers for the ensuing year; election of delegates to the State Convention, and the voting in of four new members to our Association.
 Officers elected are as follows: President W. J. Brooks, Vice-President T. A. May, Secretary and Treasurer J. A. Lowe. Delegates M. G. Flanagan, D. S. Hall, J. A. Smith, G. M. Jordan and J. A. Lowe. New members L. J. Enoch, M. G. Flanagan, J. R. Brannock and G. M. Jordan. It was unanimously adopted that our picnic the first Monday in September be a carriers, sub-carriers and post masters picnic, instead of a carriers and patrons picnic as has been the custom the last few years. Also a resolution was passed offering the appreciation of the Association to Brother Flanagan of Graham for his excellent way of entertaining the carriers while in his city.

Miss Mary Foster who graduates at Elon College this year was the successful recipient of the Morrow Medal given by Dr. R. M. Morrow to the graduate who writes the best thesis. Miss Foster is to be congratulated upon having received this honor over her class mates.

W/ L. Mann of Albermarle passed through town first of the week en route for the University to attend commencement. He will visit friends here as he passes through on his return.

The great audience was delighted, thrilled, moved deeply, many times as Mrs. Trego continued her descriptions which were largely drawn from actual experience.—Tenn. State Convention.

Messrs. J. W. Cates, W. W. Brown, Jim Andrews and Lex Patterson took an automobile ride Tuesday and attended the closing exercises of the University, taking in the speech of Mr. Wilson.

The City Opera House was packed last night from the stage to the room. There were fully twelve hundred people in the house. Mrs. Trego was greeted heartily by her audience, and for nearly an hour the talented and eloquent woman held them spell-bound.—Delaware Gazette.

Important Meeting.

Sale at Auction.

On Saturday, June 3rd, at 2:30 p. m., I will offer for sale at my farm at auction my Farm Implements—one Binder, one Mower, one Horse Rake, one Cutaway Harrow, Plows, Cultivators and many other articles used on a farm.

I have quit farming, rented my farm land and will dispose of all my tools.

I will also offer for sale one good, trusty mare. Works anywhere and is in good condition.

J. A. TURRENTINE.

Prof. Robertson Endorsed.

Mr. Editor:
In a recent issue of the Dispatch, I read with much interest and appreciation the article, "Who's Who, And Why." Truly the office of County Supt. of Public Instruction is one of far-reaching importance. It calls for a wide-awake, energetic, modernly educated leader, if its duties are to be performed in the most efficient manner. We heartily endorse what was said in regard to filling this responsible office with a man whose primary occupation that of practical teaching. In our estimation there is no man in Alamance County, better qualified to perform the duties of this responsible position than our friend, Prof. J. E. Robertson. Has many sterling qualities that peculiarly fit him for this office. He is an active, energetic educator, highly interested in the educational welfare of the boys and girls of Alamance County. His high attainments and congenial nature would mean much for the cause of modern, progressive education in Alamance County should he be elected to the office of County Superintendent of Public Instruction.

Very sincerely,
Fred R. Yoder,
Prin. Sylvan State High School.

Death of Mrs. Jarrett.

The remains of Mrs. F. A. Jarrett who died Wednesday morning at their home at Spencer was brought here Thursday morning. Interment taking place at Pine Hill Cemetery. Services conducted by Rev. J. A. Hornaday. Mrs. Jarrett was 24 years old and prior to her marriage to Mr. Jarrett six years ago was Miss Ingle, being the sister of Miss Queen Messre W. P., Jno. and Alex Ingle and Mrs. J. W. Shue of Bainbridge, Ga. Miss Cora Ingle of Spencer and Mrs. L. C. Fogleman. Besides a young heartbroken husband she leaves a bright four year old boy to mourn their loss. Although bright and cheerful for the past two or more years she has been suffering with dropsy.

The following from Spencer acted as pall bearers:

Messrs J. M. Cox, J. M. Loman G. W. Johnson, H. C. Ware, R. E. Burton and Jas. Culps. Other friends and relatives who were present were. Mesdames J. M. Cox, Robt. Sharpe and J. P. Chavier. Misses Ora Hunter and Londa Went. Messrs. Will Eagle and J. P. Chavier of Spencer, and Mrs. T. A. Ingle and Miss Nina Ingle of Greensboro.

WASHINGTON LETTER.

From our Regular Correspondent.

Washington, D. C., May 26.—As a subject of interest at the national capital, the situation in Mexico eclipses all others. The wisdom of sending the army to the border is now conceded by all parties. There is no telling what a day may bring forth. The able and aged, but perhaps not venerable president—so called, but actually czar—of the Mexican Republic is at bay before a powerful mob in his capital, and a medley of insurrections in his empire. There is apparently no cooperation anything but harmony among the several chiefs of the insurrectionists in the different Mexican states. It is scarcely possible that Diaz, dethroned, these different leaders of the insurrection can be harmonized in a stable government. The Cuban situation on a larger scale will probably be reproduced, and if there was in Cuba reason for American intervention, there will be greater reason in Mexico, for our relations with that country are greater and more important. It is the old question inevitable in the material and political ascendancy of any nation. We can no more escape it than could Rome or Great Britain. It is the destiny of power to control, protect and guide. Whether for good or evil depends upon the power itself. The "half devil and half child," whether in Cuba, the Philippines or Mexico, or the United States for that matter, is not fit for self-government. Alas! where is the people that is fit? The peoples governed by Great Britain in China, India and Egypt without doubt enjoy a greater degree of prosperity and security from ruthless despotism than they ever enjoyed before. The Philippines and Cuba, as all but the ignorant know, and they themselves are the most ignorant, are better off under the suzerainty of the United States than at any time in their history. Directly or indirectly, the United States must take charge of this continent from the Canadian border to the Panama Canal. It is our burden. We are not fit for it, but there are indications that we are growing slowly less unfit for government at home and management abroad.

We need a most rigid purification of our own government in its legislative and executive branches—such a purification as is advocated by ex-President Roosevelt, Senator LaFollette, Governor Wilson of New Jersey, Secretary Meyer of the Navy, the Attorney General and the Postmaster General. The Secretary of the Navy has shown that nearly two millions of dollars a year are wasted in the maintenance of absolutely useless navy-yards. To burn them up or dynamite them would be an economical and just procedure. The dynamiting process might perhaps shock and awaken the country to the fact that these navy-yards have been long and wastefully maintained for the benefit of the members of Congress in whose districts they are situated. There are many military posts in the west and northwest that are uselessly and expensively maintained for the same reasons, and are decimating and demoralizing the army. If representative government cannot be relieved of such diseased incubi as these, then so much the worse for representative government.

It is expected that the Lorimer investigation will again be taken up in the Senate this session, and it is expected that the real facts will be brought before this body with a fullness heretofore unknown. The Senate Committee on Privileges and Elections which is believed to have "white-washed" the case, will probably not have charge of the present investigation, and it is predicted that Lorimer will be unseated.

The Canadian reciprocity treaty seems to be gaining favor in the Senate and it is freely predicted that it will be favorably voted upon. The present tariff on paper has enabled American paper makers for a long time to keep up high prices and prevent competition from Canada. It is rumored that there will be a congressional inquiry into the affairs of the American paper trust.

President Taft's refusal to grant pardons to Charles W. Morse of New York and John R. Walsh of Chicago, the two most prominent bankers ever convicted and sent to the penitentiary under the national banking law, will doubtless meet with general approval.

If you want fine straw-berries just call on Jos. A. Isley he sells home grown.

The Wonderful Bible.

The Bible is not a book. It is a library of 66 different books, written in its present form by 40 or 50 different writers, but contributed to by many more. Its earliest book—the Book of the Covenant, contained in the present Book of Exodus—was written ten or twelve centuries before Christ; the Gospel of John one of the latest, was written at the close of the first or the beginning of the second century after Christ. Thus for not less than 1,000 or 1,200 years was this library in process of formation. It contains all that is best in the literature of an ancient people which has survived the wrecks of time. In it are found history, biography, law both political and ecclesiastical; fiction, poetry, drama, political ethics, practical theology. Art, music and science are conspicuously absent, as is philosophy except in the latter portion of the New Testament, where it is philosophy used for practical purposes and applied to practical problems.

To specify more in detail; Genesis contains the prehistoric traditions of this people, rewritten by an unknown prophet, probably as an introduction to the collection; the next four books are a collection of the laws of this people as they were gradually formed during a period of centuries of their national life; the books of history which follow are compilations from preexisting materials, and it is possible now to distinguish to some extent these materials—the difference between two chief sources of the compilation coming out clearly in the parallel but independent narratives of Kings and Chronicles; Job is what Prof. Genung has well called it, an "epic of the inner life"; the Psalms are a collection of religious hymns some of which were used in the temple service, others in the synagogues, still others for private devotion; Proverbs and Ecclesiastes are books of ethical culture, which almost entirely ignore both the theological doctrines and the ecclesiastical institutions of the people; the Song of Songs is a love drama, one of the earliest as it is one of the most beautiful in the world's literature, and the prophetic books which follow are collections of addresses which may be compared to the political addresses of the modern moral reformers and the sermons of the modern practical preachers.

The New Testament contains four biographies of Jesus of Nazareth, largely compiled from previous oral and documentary material; a history of the beginning of the apostolic churches; letters from evangelists to the infant churches and a book of bitter persecution. But they are all from the first chapter of Genesis to the last chapter of Revelations, records of human experiences. They are written not by amanuenses inscribing as dictations something which they could not have learned except by miraculous information, but by men of like passions as we ourselves are, writing down what they have seen and felt, and writing it down that their readers may see and feel the same life truths. The Bible is a library of characteristically human experiences.—Lpman Abbott, in the Outlook.

Do Ghosts Haunt Swamps?

No, Never. Its foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous, and lowlands. These are the malaria germs that cause ague, chills and fever; weakness aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only. 50c at Freeman Drug Co.

HELLO MR. FARMER

We are agents for the Milwaukee Binder and we have called on you for your order for Binder, Mower, Hay Make or such things as you may need in the coming harvest. Well Mr. Dealer you may enter my order for the Milwaukee Binder my neighbor has one he has been using for two years and I find tis the simplest machine on the market. And by far the lightest machine I ever saw in the field.

Well what we have to say about the Milwaukee machine is what we know from experience. We do not try to mislead the people telling them we are General Agents and that our machines are like other machines. No we claim to have a machine in a class to itself. We have proved that in two years time. Sold more than the others all put together. The people in this county are intelligent and they are no longer being led by misrepresentation.

We are Local Agents for the Milwaukee Binder at Burlington, N. C. and we do not have the General Agent of N. C. with us. And we want to inform the public that no one in Burlington has the personal help of the General Agent. This is a false alarm. Neither does the other people have a machine like ours. We are proud our competitors have acknowledged our machine the best machine on the market. We are glad to know they are such nice fellows.

Only sold forty-six last year every body well pleased and we feel sure every one will sell one for us this year.

Nothing to do but call phone 72 and we will be glad to give you all the information you may need along this line. We pay the cash for the goods and we have the labor to do the work and will be a pleasure to have you drop in and see to your own satisfaction that we have the goods that will not pull your stock to death in the harvest field. You have plenty time now to get in line and get the goods of honor and high quality. Dont be deceived by hot air and gass bags they will not push the binder in the harvest field. Come along and get the goods that has proved all we claimed and a great deal more. You will be welcome at all times in the Milwaukee Headquarters in Burlington. We want to see you and talk the matter over.

Your friends.

 The Baraca Class of Cane Creek Sunday School entertained its late teacher, Mr. Yoder, at the home of one of its members, Mr. Cicero Stewart, on Friday night, May 19th.
 The community was very much shocked on the morning of the 16th, when the news went out that Mrs. David H. Thompson of

Snow Camp Route 1, had died almost suddenly. It was not generally known but that she was in the best of health. Though poorly for a few days previous, it was not sufficient to cause any alarm, not even to the immediate family. The funeral was held at Cane Creek, Wednesday, conducted by Mrs. Margaret Hackney. A large number of people attended. With the exception of one daughter, Miss Mary, the children of the deceased were all away from home at the time of their mother's death, but all were able to reach home in time to see her in death. Messrs. Walter Thompson from Whitesett, Ed Thompson from Burlington, Rom and Arthur Thompson from Virginia and Wilbur Thompson from Guilford College, daughters, Mrs. R. F. Holman of this community and Miss Myrtle Thompson from Whitesett. The deceased was the daughter of the late William McPherson, had lived all of her life in this section and was highly respected by all who knew her. She was a most devoted wife and mother and is sadly missed. Our deep sympathy is with the bereaved.

Guess Sidney has to help his mother get supper when Miss Bettie entertains her company. Willie carried Miss Mary back to Graham to her work.
 On account of the dry weather most of the spring oats are beginning to head out at about 4 to 6 inches high. Barrell is not the only one that will have to dig them.

Farmers Union Meeting.

A record breaking crowd was present at Snow Camp Tuesday to attend the County meeting of the Farmers Union of Alamance County. The chief speaker of the occasion was Mr. J. M. Kester of Tarboro. The event was interspersed by quite a number of speeches by prominent farmers of the organization

**MR. FARMER,
EVERYWHERE, N. C.**

DEAR SIR:— The time has come for you to begin to think how you are going to harvest your grain. We are still selling the McCormick Machinery, the oldest and most reliable machine built today. This machine is built on the heaviest main frame made of angle steel. This material has the greatest torsional strength of steel this prevents machines from ever getting out of line. It also has the highest bull-wheel which guarantees the lightest draft of any machine on the market. All machine men, when penned down and have to tell the truth, they admit that the McCormick machine is far superior to any other machine built today. Why be fooled by these peddlars who are peddling our County trying to sell you something that they know is not equal to the McCormick. We haven't the time to do this and if you are thinking of buying a binder the next time you are in town, come in and let us talk the matter over with you. No man in Alamance County, who has bought a McCormick Binder has ever been dissatisfied, can any other Agent in Alamance County say this. we say no.

**Yours for business.
HOLT & MAY**

Although a little warm the weather was ideal and to number the crowd at one thousand is not over estimating which is an immense throng of people. A table one hundred feet long was heavily laden with those good eatables which it takes sun shine and rain together with fertile soil cultivated by an experienced farmer to produce. Not the tony products of the hotel which appeals to the eye but the kind prepared by the good farmers wife which pleases the appetite.
 To make melody the occasion harmonious strains of music were sounded from the violin, banjo

etc.
 In the afternoon an enthusiastic game of ball was played between Saxapahaw and Cane Creek in which Saxapahaw outnumbered the Cane Creek team by a close score of four to three.
 Thus an occasion which will long be remembered by the good people of Snow Camp and Alamance County came to a close.
