

WOMAN APPEALS FOR AID TO FIGHT DEVIL

Richmond, Va. June 8.—Declaring that the evil one had taken charge of heaven and all the angels, a woman called to see Governor Mann this morning to see if something could not be done to correct the terrible calamity. Dramatically pointing the index finger of her right hand out of the south window of the executive office, she told Secretary Ben Owen that she could see the distressed angels flying in great flocks through the heavens.

"Look, look, can't you see them?" she proclaimed in tragic accents, as she caught the secretary by the arm and pulled him close to the open window, pointing weirdly at the cloudy sky.

"Yes, I think I can," assented the diplomatic secretary. "There appears to be two large fat ones soaring peacefully over the engine house at Tenth and Hull streets.

Explaining to the visiting lady that the governor was very busy, Mr. Owen suggested that it might be well to fight the matter to a finish, and said he thought General Sale would furnish at least a hundred soldiers for the purpose. This apparently met the approval of the woman. She was accompanied to the elevator by the secretary, who promised the speedy appearance of the soldiers, and she started home, satisfied.

GARRIE NATION, FAMOUS SALOON SMASHER, DEAD

Leavenworth, Kan., June 9.—Carrie Nation, the famous saloon smasher, died here tonight.

Paresis was the cause of her death. For several months Mrs. Nation had suffered of nervous disorders and on January 22 she entered the sanitarium in which she died.

The physician at the sanitarium informed Mrs. Nation several days ago that the end was near. She said nothing, but smiled. She became unconscious at noon today and did not revive. Relatives had been telegraphed for, but only the doctor and a nurse were at her bedside when she died.

Worry over lawsuits which she brought against a lecture bureau for failure to pay for services, is said to have caused her breakdown.

The last five months of Mrs. Nation's life was in marked contrast to her former activity. Once she saw a physician at the sanitarium smoking a cigarette. She made on remonstrance, mere by saying that she had done what she could to "eradicate the evil."

OFFERS TO BUILD THE MATTOMUSKETT ROAD

Raleigh, N. C., June 9.—Mr. Gilbert L. Gilbert, of New York, representing New York capitalists today made an offer to the State to build the Mattomuskeet Railroad to extend 105 miles from Lake Mattomuskeet in Hyde Co. to Washington, N. C. The state owns a controlling interest, part of the road being already graded and the proposition was accepted subject to rights of way, terminals and docks facilities being secured by the people along the route.

Puts Big Price on Hog.

Atlanta, Ga., June 9.—Ten thousand dollars is the value placed on a hog by a jury in the superior court here today in the case of J. D. Debow of Nashville, Tenn., against the Vicksburg, Shreveport & Pacific Railroad. The hog in question was "Premier Longfellow's" rival, a pedigreed porker who was killed in a railroad accident and on which Mr. Debow has set a valuation of \$20,000. The animal was nine feet long three feet high and weighed more than 1,000 pounds.

M. B. Smith has change of address this week.

A HOKE COUNTY MAN FACES SERIOUS CHARGE

Fayetteville, June 8.—Will Clark, a young white man of Hoke county, is in jail here charged with criminal assault on a Miss Gibson, of Laurinburg. Clark was arrested in Harnett county while at work on a farm and for safe keeping was brought here, where are kept all the Hoke prisoners pending the erection of a jail for that newly created county.

The crime with which Clark is charged was committed in March near Lundayroc, Hoke county, where Miss Gibson, a girl about 15 years old, arrived late one afternoon. Though she had gone to visit her sister she found no one awaiting her at the station and was taken up by Clark and his sister, who promised to take her to her rural destination.

After leaving his sister at his own home, the young man drove to the edge of a swamp, where the deed was committed. He threatened Miss Gibson's life should she divulge the affair, which she did. A warrant was sworn out for Clark's arrest, but he had disappeared. A young man from Hoke county, summoned as a witness to Harnett county court, recently visited the section above Lillington, where he recognized Clark working as a hired man on a farm. His arrest followed.

MAN KILLED BY TRAIN NEAR KINGS MOUNTAIN

Kings Mountain, June 11.—The dead body of an unknown man was found this morning on the track of the Southern Railway about three miles south of Kings Mountain. Members of the crew of train No. 39 were the first to discover the mangled remains, which were strewn along the track for about fifty feet. It is the opinion of the railroad men that he was killed by a freight train earlier in the day.

The only means of identification found was a card in his pocket on which was "A. J., P. O. Box 390, Laurens, S. C."

The authorities at Laurens, S. C., were communicated with, but no light whatever could be thrown on the dead man's identity. The initials "A. J." were not known and the postmaster stated that box 390 was not rented at all. The presence of any one from Laurens in the neighborhood of Kings Mountain was not known to the authorities.

Golden Wedding.

Rev. J. D. Andrew and family went over into Guilford County Tuesday of last week to attend the 50th marriage anniversary of Rev. Andrew's parents, Mr. and Mrs. J. W. Andrew.

Mr. and Mrs. Andrew, aged respectively 73 and 69 years, were married June 6th, 1861.

They have 6 children and 23 grand children.

All the grand children were present and all the children except one who was not well enough to attend. The gathering was a complete surprise to the aged couple. A temporary table was arranged under the shade in the yard and a splendid dinner was served there. At the close of dinner a brief religious service was conducted by the Rev. J. L. Bowers, pastor of the Guilford charge of the Reformed church, and the old appropriate hymn, "Blest Be the Tie that Binds" was sung.

The afternoon was spent in social conversation, and when the hour for separation came, all expressed the wish that Mr. and Mrs. Andrew might live many more years.

Services at Front Street Church.

Rev. R. C. Craven of Trinity Church, Durham, is assisting the pastor, Rev. J. A. Hornaday in a series of protracted services at Front Street Methodist church. Rev. Craven is an entertaining speaker and will delight you to hear him.

EARTHQUAKE CAST'S PALL OVER MEXICO

Mexico City June 8.—While the city authorities are hurriedly repairing the damage caused by yesterday's earthquake shocks, burying the dead and caring for the wounded, the government officials by direction of President De la Barra, are endeavoring to get into communication with the country south of the capital. It is feared that when details are received the magnitude of the disaster will be greatly increased.

Reports made to the police today place the number of the dead in the city at seventy-five, of whom forty were soldiers. This list is expected to be increased when the search of the demolished buildings in the poorer quarter of the city is completed. Of the injured about 200 are in the main and temporary hospitals. Many of these are children who were abandoned by their terrified parents following the shocks and who were caught and crushed in the debris of their homes.

The Santa Maria quarter, which suffered the most severely, was surrounded today by a cordon of military. Peon laborers, impressed into service, are razing all badly damaged structures and searching the ruins of those already fallen—for dead or injured.

Other workmen are making temporary repairs to the national palace, the Santo Domingo Cathedral and other noted buildings and churches which were damaged by the quake. The work of repairing the street pavements will be a stupendous task. The asphalt of the majority of thoroughfares is bucked and swollen presenting ridges resembling a freshly ploughed field. All will have to be torn up and relaid.

The disaster has thrown great gloom over the reception to Madero among the poorer classes who have regarded the successful revolutionist as an idol. They fear that it is an omen of evil and every effort is being made by friends of the presidential candidate to counteract this belief.

OFFICIALS GOING AFTER RICH TAX DODGERS IN DURHAM

Durham, June 10.—The tax dodgers of the city are to be the next special chase of the officials, the word having gone out from those having this matter in hand that certain (no names mentioned) rich dodgers must "this year 'come across' or take the consequences. The county commissioners are to go after them at the July meeting of the board. It is said that there are several who did not give in great amounts of money and property last year known to have been owned by them. If there is a listing there will be no trouble.

CHARLOTTE DRUMMER HAS NARROW ESCAPE

Spencer, June 8.—Ben Foreman, a well known shoe salesman of Charlotte, had narrow escape from drowning at Lowder's ferry, on the Yadkin river, near Norwood yesterday afternoon. He attempted to cross the river in a ferry during a severe wind storm that swept the country, and the team, ferry and passengers, including Tom Farmer, a driver were carried about one mile down the river. They were finally rescued with great difficulty. About 500 samples were damaged for Mr. Foreman.

WOMAN CHOKED TO DEATH BY BURGLARS

Greensboro, June 9.—A shocking burglary and murder at Jamestown Wednesday night developed at 7 o'clock yesterday morning when Mrs. Hill, of Lexington, widow of the late Dr. Joel Hill, was found dead in an upstairs room of the residence of her mother, Mrs. J. S. Ragsdale.

Mrs. Ragsdale, who is 65 years old, arose early and going into the dining-room found on the dining table three bundles of silverware tied up in a napkin. Alarmed, she phoned her son, M. G. Ragsdale, president of the Jamestown cotton mills, who lived across the street. Arriving, he went up stairs and found his sister in her night clothes lying on the floor. A stocking was tightly bound around her throat, another was crammed down her mouth, her hands tied behind her with leather straps. The body was still warm.

Every drawer in the room had been ransacked, the silverware and other valuables that were there, had been taken, this being the loot found tied up in the dining room below. Windows to the upstairs room Mrs. Hill was using had been entered by climbing on the tiells from the ground below.

The handsome residence stands near the railroad station and the criminals are supposed to be tramp burglars. Nine other people were sleeping in the house at the time and heard no racket.

YOUTHFUL THIEF KNOWS HOW TO ESCAPE FROM CHAINGANG

Durham, June 8.—Judge Sykes this morning sent to the roads for a term of one year each three very young thieves, the leader of whom was Alex Gunter, who is 11 years of age and broke into the Carlton company's store Sunday night.

Gunter was assisted by Will Cannaday, who received the goods as they were handed out and by Jess Garland, who watched for the police. It so happened that the theft occurred just at midnight when all of the officers were in the office awaiting orders.

The Gunter brat has been in trouble all his life and he escapes so often from the chaingang that he furnishes officers opportunities for winning a five dollar reward often. Patrolman Williams last night said the chap had made him plenty of money that way.

Mrs. Trego in Burlington.

It is rare that our people have the opportunity of hearing so able a speaker as Mrs. R. J. Trego at the Methodist church last Monday and Tuesday evenings. On Monday evening Mrs. Trego spoke to a small but appreciative audience, on "The Home." Tuesday evening she gave her interesting and instructive lecture on "Darkest America," illustrated with stereopticon views. On Monday afternoon she entertained the ladies at a parlor meeting in the home of Mrs. J. A. Hornaday. At the close of this meeting, refreshments were served by the ladies of the Woman's Christian Temperance Union and a most pleasant and profitable afternoon was spent by all.

At the close of this series of lectures several new members were enrolled. The local union continues to grow both in numbers and interest.

The Woman's Christian Temperance Union is to be congratulated on securing for our people, the services of so eloquent a speaker as Mrs. Trego.

Impressive Service.

The Independent Order of Odd Fellows decorated the graves of their deceased Sunday evening at five o'clock at Pine Hill cemetery. The set apart service of this order was conducted by Mr. A. Cheek who acted as Noble Grand. The service was solemn, beautiful and impressive. The graves were beautifully decorated by the loved ones of the deceased.

DISPUTE BETWEEN RAILWAY AND FIREMEN OVER

Washington, June 10.—The dispute between the Southern Railway Company and its firemen which has been in mediation for the past two weeks, was settled today on a basis satisfactory to each side. Both sides, it is said, made concessions.

In making various concessions, each side, it is said in a statement issued by the mediators, was influenced by a desire to maintain friendly relations with the other. Consideration of the public's interests played an important part in effecting the settlement. Because some delicate questions were involved it was said a statement further than the announcement by the mediators that a settlement had been effected would be given out. The negro question, it is understood figured largely in the controversy. Fear that any statement regarding this question might be misunderstood it is believed led to the mediators' silence. The controversy was a long one. When it seemed that the firemen were on the verge of a strike they consented to mediation. Even for some time after the mediators took up the case, two weeks ago, the stubbornness of the firemen made the case look hopeless. At the last minute the firemen declared they would consider nothing but a twenty per cent increase in wages.

ONCE FACED DEATH IS NOW PARDONED

Raleigh, June 10.—Charlie Stines, of Madison county, serving a life sentence for criminal assault that was commuted in 1905 from death penalty, gets from Governor Kitchin a pardon conditioned on good behavior, the pardon being on recommendation of ex-Governor Glenn, who granted the commutation from death sentence, and on petition of nearly every body in Madison county, Governor Kitchin says. It seems that the prosecutrix was a woman of very bad character, admitted later that her testimony against Stines was false and then upon being prosecuted for perjury, was adjudged insane. It seems that Governor Glenn had promised Stines a pardon before he retired from office, but overlooked issuing it. This is the reason he joins now in the request upon Governor Kitchin to grant the pardon.

CRYING BABY CHOKED TO DEATH BY ITALIAN

Philadelphia, Pa., June 9.—Inflamed by the cries of the baby son of Mrs. Filomina Attizio, Pasquale Berrano, a boarder, snatched the child from its mother, pressed it to his breast until its ribs cracked and then choked it to death after crushing its face with his fist.

The mother, and two other of her children, Kate, aged eight, and Joseph, aged six years, witnessed the tragedy which occurred in their home in the Italian section of the city.

Serrano, who was in trouble with the police about a year ago, on suspicion of being implicated in a black hand explosion disappeared after calling in an undertaker, and has not been arrested.

Picnic Outing.

"Willow Brooks" was the place selected for the grand picnic outing given last week by the Philadelphia Class of the Presbyterian Sunday School to which all the young people of the Sunday School were invited. The crowd thirty-eight in number spent the evening very pleasantly. Lunch was served and boat riding on the glimmering waves, gathering lilies, listening to the song of Mr. Frog were among the amusements. Music was furnished by string band.

TWO MEN DROWNED IN NEUSE NEAR NEWBERN

Greensboro, June 11.—I. C. Morris, a prominent contractor and builder, received a telegram tonight informing him that his son, Hubert Morris, was drowned in Neuse river near Newbern. The telegram gave no particulars, but in a long distance telephone conversation later Mr. Morris learned that his son went out from Newbern this morning with a boat excursion party and that he and another young man were drowned about fifteen miles from Newbern this afternoon. Their bodies have not been recovered.

Mr. Morris left tonight for Newbern to aid in the search for the body of his son, who was superintending for his father the erection of a fine residence for J. B. Blades at Newbern.

Hubert Morris was only 22 years old and his sad ending comes as a great shock to his relatives and friends here. When his body is recovered it will be brought to Greensboro for burial.

WALKING IN SLEEP HE FALLS AND IS INJURED

Richmond, Va., June 9.—While walking in his sleep early this morning, Louis R. Kellam, a detective-sergeant, plunged headlong over a balustrade on the third floor of his home, falling the entire distance to the first floor, and was seriously injured. He landed on two bicycles, the pneumatic tires of which served to break the force of his fall somewhat.

Mrs. Kellam saw him leave the room, but supposing that he was awake, was horrified to see her husband disappear over the railing. Springing out of bed she rushed to the first floor, where she found Mr. Kellam, bruised and lacerated, lying unconscious in the wreckage of the two bicycles, which had crumpled like eggshells when he struck them.

APEX SWEEP BY DISASTROUS FIRE EARLY MONDAY MORNING

Apex, June 12.—The greater part of the business section of Apex was consumed by fire early this morning and the total damage is at least \$60,000.

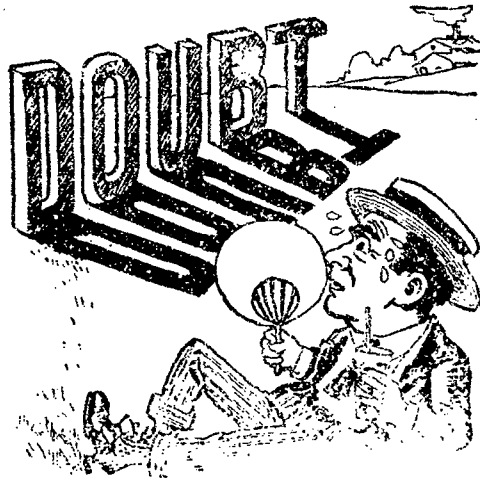

The fire was discovered by a passing freight train which blew the alarm and aroused the citizens. The blaze originated in Jenk's meat market on Salem street, but the origin is unknown. The fire spread rapidly and resisted the strenuous efforts of the citizens to confine it. The whole business section of the city was soon enveloped in flames. The fire department at Raleigh was called upon for aid and the fire fighting force was started on its way, though the fire was gotten under control before it reached Apex and it was stopped on the way. The fire was discovered about 1:20 o'clock and it was after 4 o'clock when it was finally under control. The post office, Sellers building and other parts of the town were saved from complete destruction only by the strenuous efforts of the citizens who formed themselves into an efficient fire brigade.

The greatest loss of property was suffered by W. H. Howard, H. C. Olive Company, R. J. Bolling, Baucom's pharmacy, Merchants and Farmers bank, and S. V. Hudson. The total loss will reach \$60,000 with something like \$25,000 insurance.

Death of Mrs. Chas. A. Walker.

Our town was shocked Friday evening when the sad news spread of the death of Mrs. Chas. A. Walker at their beautiful home on Broad Street.

Mrs. Walker was ill but a few days before her death which was the result of blood poison caused by a carbuncle which appeared on her chin.

Mrs. Walker was 25 years of age and prior to her marriage five years ago was Miss Irma Dameron.

She leaves an affectionate husband and three year old son, parents, one brother and five sisters. Funeral services were conducted at the home Sunday evening at four o'clock by Rev. P. H. Fleming assisted by Rev. J. A. Hornaday, from where the remains were interred in Pine Hill Cemetery.

Her love and admiration was attested by the unusually large number of beautiful floral designs which were carried by members of the Young Mens Bible Class of the Christian Church of which Mr. Walker is teacher.

One of the prettiest floral designs which was a standing design was presented by the Red Men.

The pall bearers were: Dr. W. D. Moser, Nessrs. Clarence Freeman, W. H. May, Fletcher Williams, Jas. P. Montgomery, and R. F. Durant.

Death of Mrs. Collins.

Mrs. Allie Collins, wife of the late Robert Collins, died Sunday June 4, at the home of her daughter, Mrs. D. N. Mixon at Graham. The funeral was conducted by Rev. G. L. Curry of the M. P. Church and buried at the Graham Cemetery Monday afternoon.

She was sixty-four years old, and leaves two sons and four daughters: Messrs. G. L. Bayliff, of Greensboro, J. A. Bayliff, of Graham, and Mrs. Joe Fulton, of Kansas City, Mo., Mrs. Will Webster, of Hillsboro, Mrs. D. N. Mixon, of Graham, and Mrs. C. R. Way of this city.

Mrs. Collins was a good Christian woman having been a member of the Friends Church at Cane Creek for over 35 years.

We extend our sympathy to the bereaved relatives and friends of the deceased.

Childrens Exercise.

A beautiful exercise was rendered by the children of the Front Street Methodist Church Sunday night under the direction of Mesdames A. D. Pate and A. L. Davis and Miss Nettie Dailey.

The children looked pretty and rendered their recitations in a delightful manner a pantomime in which bouquets of flowers were used was highly complimented. The entire program was rendered in a manner which is due credit to the ladies who had it in charge and especially to the little tots.

A nice Concord piano was placed in the home of Mr. and Mrs. Will Mebane of this place and a Hobart M. Cable in the home of Mr. S. Wood Patton of Mebane by Ellis Machine and Music Company.

Asheville's Appreciation of Public Health.

The city of Asheville, more than any other city in this State—very probably more than any other city in the South—appreciates the fundamental value of her health.

With wise and well-enforced meat and milk inspection regulations, with ordinances prohibiting the fly-breeding stable and that typhoid reservoir—the open city, with enforced laws requiring the registration of tuberculous patients and disinfection of their quarters after removal, and best of all, with an annual appropriation of \$20,000 to enforce these laws and educate the people regarding the care and the value of their health, Asheville makes herself thoroughly worthy of her enviable reputation as a health resort.

The anti-fly cartoons gotten out by the wide-awake Asheville Health Department are very instructive. These cartoons have attracted wide attention. Indirectly they have resulted in the death of several billion flies and saved many lives.

Water—The Best Of All Drinks.

Water drinkers are seldom sick, and the longest lived other things being equal. Men everywhere are trying to find how to keep well, and live happily and long, yet continually miss the essentials. Few persons realize that artificial drinks fail to meet the daily wants of the system.

A very large number are actually falling behind in health for the lack of a pure drinking-water to cool and refresh the over heated blood. Water is frequently repudiated by men and women who seem wholly unmindful that it has advantages for them beyond price.

More than three-fourths of the contents of the body is water, nine-tenths of the brain and nervous system are water, likewise the blood and other fluids. The daily supply of water required by the average sized man of woman varies according to age, work and climate.

There are no known counter-indications to the use of water as a drink. The quantity may be whatever the stomach and intestines are able to absorb. It is safe to say that pure water may be drunk at any hour and with hardly any limitation, save such as might be plain to any one.

Strange as it may seem, few are aware that clean, pure water has virtues superior to medicated liquids as a life-saving agency. Mineral waters, either natural or artificial, fail to satisfy and are less wholesome than water which holds in solution no foreign element.—From Physical Culture for June.

A Strange Story

Argyle, Mich.—Mrs. Wm. H. Carson, in a letter from Argyle, says: "I was almost wild with pain in my head, and other severe pains from womanly troubles. After using Cardui, I obtained great relief. Further use of Cardui raised me from my bed of agony. Cardui saved my life, when nothing else would help me." Whether seriously sick, or simply ailing, take Cardui, the woman's tonic. It relieves pain, regulates irregularities, builds weak, nervous women back to health. Ask your druggist about it.

To Whom It May Concern.

This is to notify all who have loved ones buried in Pine Hill Cemetery, and who have contracts with the Keeper to care for their plots that the year has expired, and the amounts you were to pay are now due and some past due. Kindly call and arrange the same.

The Southern Railway Preparing for Big New York Show.

Washington, D. C., June 7.—In accordance with their policy of attracting the attention of the outside world to the manifold advantages of the South, the Southern Railway and allied lines have arranged to make a comprehensive exhibit at the American Land and Irrigation Exposition to be held in Madison Square Garden, New York City, November 3 to 12.

The materials used in making this exhibit will be drawn from the territory served by the Southern Railway, the Mobile and Ohio Railroad, the Alabama Great Southern Railroad, the Cincinnati, New Orleans and Texas Pacific Railway and the Georgia Southern and Florida Railway.

This exposition will be visited by thousands of just the class of people it is desirable should become citizens of the South. The exhibit will be a splendid advertisement for the section.

Invitation is extended to farmers throughout the South to make individual exhibits and compete for the attractive prizes to be offered, which include a \$1,000 cup for the best short staple cotton, \$500 in gold for the best twenty five boxes of apples, \$1,000 cup for the best thirty ears of corn, and \$1,000 prizes for alfalfa, potatoes, wheat and oats.

In an effort to enlist the aid of the farmers of the South in thus advertising their section to the world, the Southern Railway through its Land and Industrial Department is sending out a circular to the farmers giving details of the prizes to be offered and how to procure space for making exhibits.

Any farmer interested who will address M. V. Richards, Land and Industrial Agent, Washington, D. C. will be afforded every possible aid.

The Southern Railway and allied lines are making this exhibit for the purpose of attracting desirable settlers to the territory which they serve. They have made such exhibits at numerous fairs and expositions throughout the North and West in the past, and have found this one of the most effective ways of advertising the South.

Mrs. Cook Tells Truth

Dexter, Ky.—In a signed statement, Mrs. Cook tells the truth about how Cardui brought back her health and strength. She says, "I could not get any relief, until I tried Cardui, the woman's tonic. I suffered more or less for 10 years, and was so weak and nervous I could hardly do my house work. Now I am in better health than ever before, am regular as clock work, do not suffer at all, and gain strength every day." Thousands of women have been helped back to health by Cardui. Try it.

Burlington Negro Killed in Winston

On last Sunday morning, June 4th Dave Allen shot and killed Arthur Harvey in Winston-Salem. Harvey was a brother-in-law of Allen. J. H. Veemon, Attorney for Allen returned Wednesday morning from Winston where he has been investigating the affair. The time has not been set for the preliminary hearing. Allen claims that he shot Harvey in self-defence.

Change of Heart.

Sevierville, Tenn.—"I never did believe in patent medicines," writes Mrs. Martha Howa, of this place, "until I took Cardui, and it cured me. For six months I could not do anything. Now I do all my housework, and it don't tire me. Doctors failed, but Cardui saved my life." The benefit from taking Cardui is not confined to one part of the body. Cardui improves the whole womanly system. It helps headache, backache, falling feelings, and female weakness. Try it. It will help you. Price \$1.

The readers of The State Dispatch will be interested in a splendid proposition being made by the Observer Company, Charlotte, N. C. Just at this time the Daily and Sunday Observer—seven days in the week—will be sent until October 15th, 1911 to all new subscribers for \$2.00. This is a considerable reduction from the regular price and is made for the purpose of introducing this paper to new readers. The only rule is that cash must accompany all orders. Send name and address and check for \$2.00 to the Observer Company, Charlotte, N. C., and let this splendid paper be sent to you until October 15th.

Criminal Trials For Trusts.

Baltimore American.

It is certain that the Department of Justice will institute criminal proceedings against the twenty or thirty persons who are liable to prosecution under the decision rendered in the Tobacco Trust case. Nor is there any intimation that the Standard Oil decision will not produce a crop of criminal actions. The criminal aspects of these cases are beset with much difficulty and are full of complications. The law of limitation may apply and prevent the prosecution of the trust officials under some of the counts of possible indictments. But there is ample room for action.

The main reason to believe there will be criminal actions is that the country is not satisfied with the success of the government civil cases. The Supreme Court evidently believed the Tobacco Trust should be accounted as worthy of some confidence as a business enterprise, or it would not have remanded the case to the lower court with eighteen months in which the trust may reorganize within the terms of the law. But this does not satisfy the criminal law.

The proceedings were instituted for broader purposes than to fasten criminal taint upon individuals. Yet satisfaction must be had. The question of the present organization of industry was at stake and the decisions have prepared the way for the break-up of criminally conducted business concerns and their reorganization upon a legal footing. This amounts to very much more than bringing to the criminal bar men who, because of their leadership in the finances of the country would make spectacular exhibits for the federal law department. The probability of criminal processes does not, in the slightest degree lessen the value of Mr. Wickersham's victories.

Blind, Dizzy Spells:

Wilmington, N. C.—Mrs. Cora L. Ritter, writes from this place: "I used to have blind dizzy spells and weak cold spells went all over me. Different doctors could not tell me what was wrong. After taking Cardui, I am all right and in better health than for 10 years." Cardui is a remedy for woman which has been used by women for nearly a lifetime. It prevents the unnecessary pains of female troubles, such as headache, backache, dizziness, dragging down feelings, etc. Try it.

TO CURE SORE BUNIONS
Treatment Marvelously Quick for This and All Foot Troubles.

"Dissolve two tablespoonfuls of Calocide compound in a basin of hot water; soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give desired results.) Repeat this each night until cure is permanent." All pain and inflammation is drawn out instantly and the bunion soon is reduced to normal size. Corns and calluses can be peeled right off and will stay off. Sore, tender feet and smelly, sweaty feet need but a few treatments. A twenty-five cent package of Calocide is usually sufficient to put the worst feet in fine condition. Calocide is no longer confined to only the doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. This will prove a welcome item to persons who have been vainly trying to cure their foot troubles with ineffective tablets and foot powders.

FAMOUS DOCTOR'S PRESCRIPTION.

Speciator and Spinner.

Washington Post.

The American Cotton Manufacturers' Association has declared war on the New York Cotton Exchange, and the relations between speculator and spinner, which have been strained for several years, are completely disrupted. If other means fail it is proposed to invoke the authority of Congress to compel the exchange to conduct its operations on a basis less favorable to the wiles of the big manipulators, who have dominated prices and the distribution of the staple with an eye solely to their own advantage. President Marsh, of the exchange, admits that its affairs are conducted in the interest of cotton merchants rather than manufacturers or any other class engaged in the business.

The association has no quarrel with the New Orleans Cotton Exchange, under the rules of which the worst practices tolerated at New York are prohibited, but the operations on the latter exchange are so much greater than on the first named that the unfortunate effects are practically universally felt. Persistent price misquotation is the principal source of complaint, and as this trick of the ticker crowd works out to the loss of the manufacturer in making big purchases, the point against the exchange would seem to be well taken. He suffers from the juggling of prices, whether they be abnormally high or correspondingly low.

GREELEY & McINTIRE
PATENT ATTORNEYS
WASHINGTON, D. C.

Wednesday, June 14, 1911.

Take some space in the Dispatch and thereby increase your business during these hot summer days. Try it Mr. merchant.

There is no reason why Burlington should not have a rousing celebration on the 4th of July. Get busy and let's make it a hammer.

The merchants of this city who are using a liberal amount of space in the Dispatch are not complaining of dull days and small sales.

Wonder if the present board of Aldermen will let the present summer pass without building the side walks, for which bonds were voted more than a year ago.

From the way we hear some people complaining about the increase in the tax valuation of their property, one would think that they would like to dodge somebody. Either the assessor or the sheriff.

The report that the differences between the Southern Railway and its firemen has been settled on a satisfactory basis to both parties, is good news. Strikes, or even rumors of strikes demoralizing to say the least.

We are glad to note that our board of Aldermen are taking steps to improve the sanitary conditions of our town. The Mayor has recently appointed a sanitary committee which means much for the improvement of existing conditions.

Our people should be as patriotic as any in the State and should arrange for a rousing celebration on the 4th. Let every business man lend all the aid and encouragement possible to the committee having the matter in charge.

Is it possible that we have got to wade through mud and slush another winter, after the people have said by their votes that they were tired of such a condition of affairs. It's up to the present business board of Aldermen to relieve this condition of affairs. Gentlemen take the case.

It looks like the county road force could get over all the roads in the county once in two years. A prominent farmer remarked in our presence a few days ago that the public road leading by his home had not been touched by the county in two years. There must be something wrong somewhere.

Are there any tax dodgers in Alamance county? If so let the county commissioners get after them and see that they bear their part of the burden. It is bad enough when all share alike, but when some shirk their duty it makes the burden heavier on those who have to stand up to the rack all the time.

A Serious Mistake.

The Board of Alderman made a serious mistake in not making Mayor Freeland street commissioner. This could have been done without much additional expense, in fact they could have saved money, because he would not have needed a foreman only when the street force was at work, and he could have looked after the streets all the time, then somebody would have been responsible to the people who elected them. As it is the man elected is a good man, but his salary must go on all the time whether he is at work or not, and besides some one has got to still superintend the work, we are surprised that a business board should have made such an error, and we trust that they will not make such a blunder again.

Last Call For Listing Taxes.

Notice is hereby given, in accordance with Section 20 of the Machinery Act, to all persons in North Burlington Township required to list property or poll for taxation, and from whom I failed to obtain such list during the month of May, that I may be found at the time and place mentioned below for the purpose of receiving their list.

June 14, Bellevue mill 8 to 12, o'clock.

June 15, Elmira and Plaid mill.

June 16, Lakeside mill till noon

June 17, 19, 20, 21 and 22 Office Lot, and after the above date the tax list for this township will be closed. Attention is also called to the fact that failure to list will result in your being double-taxed as required by Section 80 of the Machinery Act, and the tax payer failing to list also subjects himself to a misdemeanor.

Please do not fail to see me before expiration of above date, if you have not already given in your list.

Respectfully,
A. M. Garwood,
Assistant Assessor for North Burlington Township.

Bad Piece of Road.

We have had numerous complaints from our subscribers and citizens living on the road between the Alamance Battle Ground and Low's Church. We are informed that a part of this road is in a very bad condition and has had no work for a year or more. Now Honorable Board of County Commissioners who pride yourselves on looking after our public highways, see that the proper attention is given this road and give justice to those whom justice is due.

Thos. J. Oldham of Oaks was in town last week with a load of wheat. He is one of Orange County's best farmers. He seemed pleased with the price.

Capt. and Mrs. S. A. Vest and son, Sam visited his parents last Saturday at Tobaccoville, returned Sunday and reported all well and a pleasant trip.

Marshall Cates and E. N. Cates, Esq. of Orange Grove were in town last week with wheat. They

are part of Orange County's progressive farmers. Come again, C. P. A. knows how to please you with good prices.

Miss Grace Stuart who is working in Burlington spent Saturday and Sunday with her parents, Mr. and Mrs. J. R. Stuart. Grace is a charming young lady.

Alf Simpson is at home from college resting a few days, he is never idle, he is O. K. for business.

William Cole and wife are rejoicing over the arrival of a sweet little girl who came to grace their home last week may they raise it for the Lord.

The drouth was broken Monday evening, we were all glad to see the rain.

Misses Iola and Ruth Farnklin visited their brother in Burlington Saturday and Sunday returned home well pleased.

A Word of Appreciation.

For every act of kindness and word of sympathy which we have received during the recent illness and decease of our daughter Ellen, we wish to express our heart-felt and sincere appreciation and gratitude. Such evidences of friendship and affection touch the heart and sweeten life. Friends we thank you one and all.

HALF PRICE SALE of MILLINERY

Big Saving for the Economical

We are closing our season and want to clean out all spring goods. We have been doing a nice steady business and have made a small legitimate profit on every sale. We are now willing to make a sacrifice in order to effect a quick clearance.

Every woman in this section of the county is familiar with our stock. Goods in good shape. Included in this sale is every trimmed hat. All flowers and most of the shapes at just one-half price. Saturday are June 10 to 17 inclusive.

Bargains too big and good for any economical woman to miss.

Fishing Outing.

A party made up of Messrs. J. G. Braxton, Ira Guthrie, E. J. Braxton, John Curl, Ernest Braxton and others started out to catch fish last Saturday.

Cane Creek was the place selected to fish, and it was decided to begin to fish at Mr. James McPherson's. After fishing down the creek about a mile and a half the catch was so heavy it was decided to quit and count out.

Two hundred and sixty were counted that had been saved—the little fish were thrown back in creek.

Nearly two bushels, and a fine lot of fish indeed.

With Oliver Guthrie to carry the fish, "Uncle John" Curl to "salt them down" and Ira Guthrie for good luck, a fishing party is never short of success.

WASHINGTON LETTER.

From our Regular Correspondent.
 Washington, D. C., June 9.—The friends of reciprocity with Canada it now appears are in the majority in the United States Senate. The Senate Committee on Finance will report the Canadian reciprocity on Tuesday. The bill will contain the Root amendment relating to print paper and wood pulp. Other amendments offered by Senators Nelson and Gallinger relating to the duties on foreign products were voted down. In the committee a motion to report the bill favorably was voted down, also a motion to report it adversely failed on a tie vote. The bill therefore will go to the Senate without recommendation. It is the expectation of friends of the reciprocity bill that the Root amendment will be defeated in full Senate. A canvass indicates that there is a majority opposed to the Root amendment, and it is expected that after long debate the bill will pass precisely as it passed the House and in due course receive the signature of the President.

Representative Lewis of Maryland this week introduced a bill to merge the express companies of the United States into the postoffice system with the object of reducing the rate over one-half on small parcels and about one-third generally, and to extend the system to the country districts by help of the rural delivery, which he proposes to extend further. Mr. Lewis says, "There are two main reasons why postal express is necessary—first, the express company service does not reach the country and the farms, and second, the contracts of the express companies give them an average rate of three-fourths of a cent per pound on parcels with the railways, while the government is paying the railways 4 cents a pound for carrying mail. In order to get this comparatively cheap transportation rate for the carriage of parcels, I propose that the express companies' contracts with the railways be acquired by condemnation, on the doctrine of the right of eminent domain, and that bonds be issued by the government to raise the necessary funds." Mr. Lewis fully explained his plan in an address in the House. He showed that the charge for carrying express packages in the United States is sixteen times as much as for carrying freight, while the average in other countries is only five times as much. He said that the express companies were making 50 per cent profit on capital actually invested.

Senator Gallinger of New Hampshire will make another effort to have the Rockefeller Foundation of over one hundred millions of dollars incorporated under a government charter, and a bill has been introduced in the Senate by him for that purpose. The incorporators named are John D. Rockefeller, John D. Rockefeller, Jr., F. T. Gates, S. J. Murphy and C. O. Heidt. It will be remembered that about a year ago Mr. Rockefeller made an effort to donate this immense sum for charitable education, and other beneficent purposes, but that there was objection by someone in the Senate that such an immense sum of money might in time be used for purposes subversive to the government. Senator Gallinger is of the opinion that the language of the new bill which reposes in Congress the right to amend the charter at any time will avoid the objections formerly urged. The great sums of money donated by Mr. Rockefeller, Mr. Carnegie and other multi-millionaires marks an epoch in the history of donations. There is nothing in former to compare with them, either in munificence or in intelligent beneficence.

The Democratic wool tariff bill which has been so bitterly opposed by Mr. Bryan, who is in favor of free wool, is now under debate in the House of Representatives. Victor Murdock of Kansas, the famous insurgent, spoke against it on the ground that it afforded protection to the co-called "worsted trust." He especially attacked the 40 per cent duty on wool cloths which the bill contains, urging that it afforded protection to the monopoly that controls the worsted output. "I cannot see how any man here," said Mr. Murdock, "knowing the worsted trust, knowing its gross and cruel brutality in the fabric field, can back it up while it continues to twist its long, strangling fingers around the throat of the American consumer. I cannot see for the life of me, how any man in the American Congress can aid the worsted trust by putting a

tariff on worsted either as a frankly avowed measure of protection, or under the pretense of a tariff for revenue. The worsted trust has so debased the quality of goods that the consumer buys, that clothing manufacturers have been ashamed to pass the fabrics on the wearers.

Some Hot Weather Philosophy.

Washington Post.
 It is too hot to work or to think, too hot to plan or to eat, too hot to do anything but drink cooling drinks. What of it? There is a time for all things. Of the wise and good man it was said that to him every season was summer. There has been brought to us the spirit of the east, with its restfulness, its quiet meditation, its swooning languor, its eternal patience. Were those people created inherently different from us? By no means. They are what the climate and the weather have made them. Doubtless they, too, had a thousand hot weather "don'ts" to consider, but they have discarded all. There are but two worthy of being cherished; one is to forget to remember—the other is to remember to forget.
 Hot weather is a good thing, if you only think so, or, better still, if you don't think at all. It breaks the chains of feverish enterprise and sets one free to do nothing. You get inside the spell of Nirvana. You sense the yearning of the Buddhist aspiration to slip as the dewdrop into the shining sea, and have a sympathetic leaning toward the Aigio-Indian who told how, in the land of rice and temples, one gets so he merely twiddles his fingers, and then goes blissfully on until he finally arrives at the perfect state of contemplative beatitude where he forgets to twiddle his fingers! A little more mint, John, in the next one, please.

With the City Fathers.

At the regular monthly meeting of the Board of Aldermen held June 5th. at the City Hall the regular routine of business was transacted after which the completion of the election of officers came before the board.
 B. M. Walker was elected fire inspector; John King Street Commissioner and with a vote of three to five J. L. Patillo re-elected Chief of Police. Mr. G. L. Amick being his opposer. Applications were scarce for the Chief of Police only fourteen having applied. After the election of Police the resignation of Mr. Jas Zachary night policeman was handed the board stating in a few remarks he and Chief Patillo would not serve together. His resignation to take effect July 1. After the transaction of other matters of minor importance among which the colored dance hall was closed, the board adjourned to a call meeting Tuesday night to consider the granting of license for pool room and bowling alley etc. At a late hour the board adjourned.

HELLO MR. FARMER

We are agents for the Milwaukee Binder and we have called on you for your order for Binder, Mower, Hay Rake or such things as you may need in the coming harvest. Well Mr. Dealer you may enter my order for the Milwaukee Binder my neighbor has one he has been using for two years and I find tis the simplest machine on the market. And by far the highest machine I ever saw in the field.
 Well what we have to say about the Milwaukee machine is what we know from experience. We do not try to mislead the people telling them we are General Agents and that our machines are like other machines. No we claim to have a machine in a class to itself. We have proved that in two years time. Sold more than the others all put together. The people in this county are intelligent and they are no longer being led by misrepresentation.
 We are Local Agents for the Milwaukee Binder at Burlington, N. C. and we do not have the General Agent of N. C. with us. And we want to inform the public that no one in Burlington has the personal help of the General Agent. This is a false alarm. Neither does the other people have a machine like ours. We are proud our competitors have acknowledged our machine the best machine on the market. We are glad to know they are such nice fellows.
 Only sold forty-six last year every body well pleased and we feel sure every one will sell one for us this year.
 Nothing to do but call phone 72 and we will be glad to give you all the information you may need along this line. We pay the cash for the goods and we have the labor to do the work and will be a pleasure to have you drop in and see to your own satisfaction that we have the goods that will not pull your stock to death in the harvest field. You have plenty time now to get in line and get the goods of honor and high quality. Dont be deceived by hot air and gass bags they will not push the binder in the harvest field. Come along and get the goods that has proved all we claimed and a great deal more. You will be welcome at all times in the Milwaukee Headquarters in Burlington. We want to see you and talk the matter over.

Your friends.

Men of international reputation as platform speakers will address the Convention. No money or subscription will be asked for directly or indirectly at this Convention.

It is a meeting for planting anew the cause of Home and Foreign Missions, and thus deepening the Christian life of every one who will come. All Christians are urged to teach, preach and pray that this Convention will be truly a great meeting for all. Begin your work now, asking the saved and unsaved men to come.

Sermon to the Firemen.

Sunday being National firemens day Rev. D. McIver preached a special sermon Sunday morning at the Presbyterian Church to the Burlington firemen, most of whom were present. His theme was based on the 121 Psalm and 5 chapter of St. Mark from which he drew some beautiful illustrations showing how the firemen are our protectors and keepers. How we depend upon them to protect us and our property from the burning flames.

Rev. McIver forcefully brought out the idea that as the masses look to the firemen for protection and safety so should the firemen look to the Heavenly Father for their protection.

The sermon was a very able discourse which was much enjoyed.

Sad Death of a Father.

Arthur C. Stockard was born August 12th 1875 and departed this life June 8th 1911 aged 35 years, 9 months and 26 days. His funeral was conducted in the home on the 9th, by Rev. J. D. Andrew, attended by a large concourse of relatives and friends.
