MILITARY BOYS WIN HONORS

The military boys returned Monday from Morehead City where they won high honors.

The highest individual score at Camp Glenn for a member of the third regiment, which was the highest honor the regiment offers as an expert rifleman. This honor entitles McAdams to the trip to Camp Perry, Ohio, August 17th.

Among the other honors we might mention won by our company was on the day of the sham battle when Captain Freeman, acting as Major was victorious and saved the day from the hands of the enemy.

Our company looked like a mighty army, forty-three strong with three officers, cooks, servants etc. A manlier and better behaved crowd of boys are seldom found in any rank.

A general good time sums up the social side of the trip.

The honors won by our boys is due to a large extent to the consistent and persevering practice carried out by our officers.

Closing Out Sale of Fresh Stock of Groceries Saturday, July 22.

We will sell at public auction our entire stock of heavy and fancy groceries, including tobacco, cigars and every thing kept in a first class grocery store.

If you are looking for a bargain be certain and attend this sale. We will start to selling at 10:00 o'clock and will sell until 12:00. We will start again at 1:00 o'clock and sell the rest of the day. Let us remind you that these groceries are all fresh and new but they must be sold, so don't forget the date, Saturday July 22nd.

D. H. Riggan, Agent.

Thrown From Buggy.

Mr. and Mrs. R. W. Miller who moved here from Virginia in the spring while out driving Saturday morning were thrown from the buggy and a gash of several inches cut on the top of Mr. Miller's head, while Mrs. Miller escaped unhurt. The horse became frightened at the train at the crossing at Trolinger's wood and coal yard and ran against the corner of Isley & McPherson's market, throwing Mr. and Mrs. Miller from the buggy.

The buggy seat was torn from the buggy, otherwise little damage was done the buggy.

"Typhoid Incubator" Still Sheds Germs.

Chicago, July 15.—Miss Rose Boersma, known as the typhoid girl, is being guarded by a city detective on a dairy farm south of Chicago and may be quarantined for life, according to health department officials.

Although enjoying perfect health, she is said to be a carrier of the disease germs and directly responsible for three deaths and 50 cases of fever in the south division of the city. She has been under quarantine for more than a month.

NEW HIGH SCHOOL FOR GUILFORD COUNTY

The County Board of Education Saturday afternoon located the new County High School and the Farm Life School at Summerfield.

This decision was arrived at after a two hours executive session following a public meeting in the courthouse at Greensboro, when the claims of Summerfield, Gibsonville, Stokesdale, Oak Hill and McLean's Hill had been presented. The courthouse was full of people, delegates from the several villages and communities making bids for the school. Summerfield alone had 125 men and women delegates, the pick of Bruce township and the flower of Summerfield, and when the announcement was made that Summerfield had won, it was a mighty happy set of delegates. This makes four County High Schools, the other three being at Pleasant Garden, Jamestown and Monticello.

The chief rivalry was between Stokesdale and Summerfield, but six miles apart. Stokesdale had the disadvantage of being but 1.2 miles of the Rockingham and Forsyth county lines. Summerfield being a more central point. Both places made splendid offers for the school, Summerfield going Stokesdale a little better in this respect, by presenting a brand new \$4,000 school building, a cash offer of \$2,000 and 17 acres of land for the Farm Life School attachment, this land being worth \$150 per acre. This growing competition for the high school, shows how valuable they have been demonstrated to be by the success of those already established in the county.

Sunday School Picnic.

The Sunday School of St. Athanasius' Church will go on their Annual Picnic today. The wagons, carriages, buggies etc. will leave the Church Grounds at 9:30 a. m. The Choir Director, Mr. E. Seton Blyth will also go with the twenty-one Choir Boys, he is training so nicely; the day will be spent in games, swinging, jumping rope, romping and eating good things the women of the Parish have prepared. Mr. Blyth will leave next week on a 5 days camping expedition, with these little choristers, and thus give them another outing, under careful and prayerful discipline.

Ice Cream Supper.

The ice cream supper given Saturday night on the lawn at the Reformed church was attended by a fairly large crowd, who enjoyed the nice refreshments and the recitations rendered by Misses Dovella and Novella Shepard, Mamie Fowler, Earlie Sharpe and Fannie Clapp, all of whom have had High School or college training and understand the art of elocution so as to reach the hearts of their hearers.

Novelty.

Coble's Grocery have recently installed and are operating new Toledo Scales, manufactured by the Toledo Computing Scale Co., of Toledo, Ohio. The scales are the first among our merchants and are somewhat of a novelty. The scales not only give the correct weight but are so arranged as to total up the amount of what the article weighed comes to. The scales are easily operated, accurate, and save the pencil and paper multiplication method.

Reception Last Night.

Mr. and Mrs. E. M. Caldebaugh very pleasantly entertained last night, at their handsome suburban home, in honor of Miss Annie Clark, of Gaineville Ga., who is visiting Mrs. Elizabeth Campbell on Spring Garden St. A large number of guests were present to enjoy the hospitality of Mr. and Mrs. Caldebaugh.—Greensboro Record.

[Mrs. Caldebaugh is well remembered in our town as Miss Godfrey and has a large number of friends here whom she visits frequently.]

LARGE FORCE AT WORK

Between eighty and one hundred men and ten teams are at work on Davis, Spring and Front streets this week grading and laying track for the street car which will be started as soon as the track is completed.

What has been dreamed of for some time by many of our citizens is molding into a reality since the work has come into the centre of town where it is witnessed by hundreds each day.

Union Ridge Items.

Crowded out last week.

A good rain in this section would be a great help to the crops.

There was a large crowd attended the picnic at Bayn's Store the fourth.

Mr. Thos. Pattillo and Miss Myrtle, his daughter, spent the fourth in Greensboro.

Mr. William Pace called at Mr. J. W. Terrell's Sunday.

Ask Miss Addie Terrell where she spent the fourth.

The revival meeting will begin at Kerr's Chapel next third Sunday. Everybody is welcome to attend the services.

Little Miss Minnie Terrell who has been spending a few days this week with her grandfather, Mr. I. S. Underwood, has returned home.

Raney Massey said that he was going to a wheat threshing this evening (Saturday).

John Terrell, Jr. and Misses Lottie Terrell and Ruth Smith called at Mr. Dock Rudd's Tuesday.

Addison Bradley and family visited Mr. L. Ward Sunday.

We are still having Sunday School Kerr's Chapel every Sunday morning at 9:30 o'clock. Won't you come next Sunday and be with us? We will be delighted to see you there.

Marshal Davis visited his brother, J. W. Davis Sunday.

A number of boys were down on the pond boating last Saturday night.

Mr. and Mrs. W. S. Underwood visited Mr. and Mrs. Bill Stainback Sunday.

Chas. Pace went to town on business this week.

There was another mad dog in this neighborhood last Tuesday.

Miss Hattie Terrell visited Mrs. J. H. Miner, of Burlington R. 5 this week.

Mr. Hines, the Secretary of the Lumber trust, said he never once thought about the Lumber trade when he was helping to buy a senatorial seat for Lorimer. These lumber men are so self sacrificing.

Thomas Stafford went to Hillsboro today on business.

AGED WOMAN ASSAULTED

Rockingham, July 17.—The most brutal crime in the history of Rockingham county was committed early Sunday morning when an unknown man entered the two-room cottage of Mrs. M. E. Beck, a widow 60 years old, and criminally assaulted her.

The Beck cottage is located in the heart of the residence section and its only occupants were the victim of the assault and her grand-daughter, 10 years old.

The fiend choked the aged woman into insensibility and afterward fled, frightened by the alarm raised by the little girl. The only clue to the perpetrator of the deed is a blue cap, which the assailant dropped in his flight.

Entrance to the cottage was effected through a window left open by the occupants. Mrs. Beck could give no description of her assailant. She is in a critical condition and under the care of physicians.

The town of Rockingham has offered a reward of \$500 for the apprehension of the criminal, the proclamation being appended to the cap found in the home, which is displayed at the Hotel Rockingham, and the local authorities have appealed to Governor Kitchen to supplement this reward for the arrest.

Painfully Bruised.

Mr. Bob Brockwell who has been assisting Mr. J. C. Squires in buying cattle, residing here and at Chapel Hill, while going Monday evening after cattle in the northern part of the county was thrown from the buggy, the mule becoming frightened at a pile of stones, and painfully but not seriously injured. The buggy was badly broken, one wheel being mashed to pieces.

Won the Prizes.

The following were successful in winning the prizes at the City Barber Shop for the week ending Saturday, July 15:

First prize, Dr. T. H. Stroud, one week's barber work. Second prize, W. L. Eubanks, first class Hair Cut and good application of the famous Rosewood Hair Tonic. Third prize, K. K. Lively, good Shave and first class Shoe Shine.

The ladies failed to guess.

At The Air Dome This Week.

The voting contest was getting red hot at the close of last week. The votes were counted Monday and the leaders Misses Anthea Clapp and Deca Davis were even. Each having 3790 votes. There will be a good show on every night this week giving 4000 feet of life motion pictures and one illustrated song. Price of admission 5 cents for children and 10 cents for youths. This contest closes Saturday night July 22nd.

Leaving out of the cab window of his engine J. H. Sessler, engineer on the Southern railway, struck his head against a misplaced pump pipe at Wolfe Mountain, Tenn., Friday night. The blow fractured his skull and he died Saturday afternoon in Mission hospital, Asheville. His remains were taken to his home in Nashville, Tenn.

Your City Tax Must Be Paid.

This is to notify all those who have not paid their City Tax for the year 1910 and previous years that the same must be paid at once.

I am ordered to advertise the property of all those who fail to pay and will be compelled to do so.

A. A. Russell
City Tax Collector.

Mrs. Dr. W. E. Fitch and daughter Lucil and son W. E. Fitch Jr., of New York City, who have been spending some time at Mr. Tom Blanchard on R. F. D. 3 spent last night in the city with their cousin J. R. Foster, and left today for Mocksville, N. C. to visit her mother.

Business is good at Coble's Grocery.

FRONT STREET TO BE GRADED

The Front Street question came before the city fathers and received its final reckoning Friday night. Or at least a grade line specified by Mr. White, was granted and the grading of the street ordered.

To hear the question discussed by those progressive West Front Street citizens would lead one to believe this to be the only street in town.

Alderman Faucette made several urgent requests of the board to grant the grading and grant it at once. His requests were backed by speeches from Messrs. Crowson and Hoffman who drew a vivid picture of Front Street after the street car grade of eight feet is made in the center of the street and no room on either side for vehicles to pass at certain places.

The objection to granting this was led by Alderman Scott from the stand point he was not in favor of borrowing more money and increase the indebtedness of the town when the present indebtedness can not be cared for.

The Burghaw Traction Company was represented by Mr. Murray, who was anxious to know at present what the city was going to do about grading Front Street, as the street car company are anxious to establish their grade and lay the track.

A motion was made by Mr. Scott that the grade line of the civil engineer be accepted and the grading done, the citizens of Front Street to loan the town the money at six per cent to be paid when the \$35,000 worth of city bonds are sold. It is estimated that the grading of Front Street from property line to property line will cost about \$1,000 and the grading of the street, not including the sidewalks, about \$550. Two fifths of which will be paid by the street car company.

This motion was voted on and carried.

Teachers' Examination.

The regular July Alamance county teachers' examination for whites and colored was held last Thursday and Friday at Graham by County Superintendent, Prof. J. B. Robertson. Twenty white and fifteen colored applicants were present, one or two taking the examination for entrance at A. & M. College, Raleigh. Out of the large number of applicants, only four male persons took the examination, showing that almost all of our teachers are ladies.

Died.

Sarah A. King, wife of John F. King, died near Union Ridge, N. C., July 13th, 1911, at the age of 62 years, 2 months and 3 days. Her husband, one brother, one sister, three children and many friends are left in sorrow because of her death. She had been a member of Union Christian church about 40 years. A large number of friends attended her burial at Union church. May God comfort the sorrowing family and friends.

J. W. Holt.

Fishing Outing.

Mr. J. H. Heritage and family, C. V. Heritage and family, T. G. Nicholson and family went on a delightful fishing outing last Thursday in honor of their guests, Mr. and Mrs. W. D. Heritage, of Chicago, who have been the guests of relatives and friends for several days returning home Saturday.

The fishing party went to Stony Creek, where everybody went in seining and graveling. Quite a quantity of the finny tribe were caught, the largest catch of the day being a five pound sucker, caught by the girls, which was a free exhibition of fun.

In connection with the seining a delicious luncheon which is always to be enjoyed on a fishing outing was given.

The entire crowd enjoyed the outing immensely.

FARMERS INSTITUTE

Mebane, N. C., July 17 1911.—The Committee who has in charge the line of prizes to be given to the wheat growers of the County under the direction of the Farmers Institute Committee will meet in Graham next Saturday the 22nd., to announce the prize, and with these prizes they expect to serve two objects; 1st. to stimulate the production of wheat—of better wheat—of more wheat—and more yield to the acre.

Some of the mills of the county are now shipping flour to their customers in the larger towns of the state by the car load, but made principally from northern or eastern wheat. This is essentially a grain producing county and should supply our mills. This county should produce thousands of bushels of No. 1 wheat where it is producing hundreds of No. 2 of this profitable cash crop and it is a cash crop.

2nd. These prizes are also expected to stimulate the interest and attendance of the Farmers Institute and every farmer, whether he learns anything or not, by discussing or hearing discussed the very topics he is interested in gets an enthusiasm for this work that is very essential to his success.

These speakers will be men and women especially fitted to discuss the topics assigned them and they will have ideas to put before you that are worth listening to. They will be specialists along different lines and will be glad to answer any question you may want to ask—have your question ready.

The business men of the county who recognize that the foundation of their success is the success of the farmer should encourage these institutes in every possible way.

And you, Mr. Farmer, if these institutes are doing a good work, and they are, should recognize that your duty to your self, to your neighbor and to your county demands that you go to these institutes and that you try to induce your neighbor to do so. Their success depends on you.

Virginians Ordered by the Governor to Pray for Rain.

Richmond, Va., July 13.—Governor Mann issued a proclamation calling upon the people of the State to pray for rain. Within an hour of the time the document left his hand refreshing showers fell upon the capital, at least reducing the temperature twenty degrees from the maximum which was 97, in about twenty minutes. A great deal more precipitation is needed in the State, however. The showers were not at all general.

SO DECEPTIVE

Many Burlington People Fail to Realize the Seriousness.

Backache is so deceptive. It comes and goes—keeps you guessing. Learn the cause—then cure it. Nine times out of ten it comes from the kidneys. That's why Doan's Kidney Pills are so effective. Here's a Burlington case to prove their merits:

Mrs. Bertha A. Stanfield, 1015 Dixie St., Burlington, N. C., says: "I suffered from severe attacks of backache for four years. I was stiff and sore all through my body and pains extended from my kidneys into my head. After these attacks, which usually lasted for a week or ten days, I was extremely weak and miserable. The doctors could do nothing for me and the various remedies I took did me good until I began using Doan's Kidney Pills. The contents of three boxes cured me and in the past year I have not had any recurrence of my former complaint. I am bound to look upon my cure as a permanent one."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Lighting Kills Official.

Washington, July 16.—Before the eyes of scores of society men and women and within a stone's throw of the Chevy Chase Club house, J. B. Johnson of New York, recently appointed solicitor of the Navy Department, was struck by lightning today and instantly killed. Johnson had been playing golf with a companion and was in the open when the bolt struck. His companion and the caddy a dozen yards away, were knocked down but were uninjured. Johnson's body was badly burned.

The club is one of the best-known country clubs south of York. President Taft, Vice President Sherman, most of the members of the Cabinet and members of the diplomatic corps are members.

Pope Versus Devil.

District Attorney Jerome was chaffing Archbishop Farley the other day in his free and easy manner.

"Suppose," he asked at last, "that the Pope and the devil were to litigate a cause, which do you suppose would win?"

"The devil," said the Archbishop, with a malicious twinkle in his eye. "He would have all the lawyers on his side."

Terrible Picture of Suffering

Clinton, Ky.—Mrs. M. C. McElroy, in a letter from Clinton, writes: "For six years, I was a sufferer from female troubles. I could not eat, and could not stand on my feet, without suffering great pain. I had lost hope. After using Cardui a week, I began to improve. Now I feel better than in six years." Fifty years of success in actual practice, is positive proof, furnished by those who have used it, that Cardui can always be relied on for relieving female weakness and disease. Try Cardui, today, now!

Elon College.

We note that ample provisions are being made for a good athletic season next year at Elon College, advertisement of which occurs elsewhere in this paper. The authorities have not yet announced the name of the new athletic director. He will, however, have charge not only of the baseball team and its coaching, but he will have general oversight over tennis, basketball and track exercises. Mr. W. H. Fleming, Burlington, N. C., who is manager of the baseball team for next year, is getting together a strong aggregation of players and is arranging a very satisfactory schedule. The physical exercises of the young ladies of this institution are under the direction of the Teacher of Expression. We will thank our readers in writing for catalogue or information, to mention this paper.

Atlanta, July 13.—Governor Hoke Smith was elected United States senator yesterday on the first ballot by the general assembly to fill the unexpired four year term of the late Senator A. S. Clay. It is understood that Governor Smith will continue to hold his present office until the opening of the regular session of congress in order to carry out certain legislative plans.

Ex-Governor Joseph Brown, it is announced will be a candidate to succeed Smith as governor.

Governor Smith has not yet decided whether he will accept the senatorship. It is rumored that he may thank the general assembly for the honor conferred upon him and decline rather than see the state thrown in a turmoil over the governorship. The impression is, however, that he will accept.

The general assembly today asked Governor Smith to make an address. The governor complied, but while he was speaking he was hissed by friends of the defeated candidate.

Why He Married Small Woman.

Saturday's Winston Journal contained the following item:

"On the excursion that came down from Wilkesboro yesterday was a man about six feet tall, weighed about 160 pounds and is sixty-two years old. Accompanying him in striking contrast was his wife, who is very little over three feet tall, weighs about seventy-five pounds and is twenty-seven years old. They are Mr. and Mrs. W. H. Gregory, of North Wilkesboro. They have been married seven years and had four children, all of whom died in infancy.

Mr. Gregory had been married before. In talking of the second marriage, he said that he could have married either of two or three large buxom women instead of his little wife, who is slightly deformed. He explained, however, that he married this woman just to keep house for him and said that he did not want a large woman, who would boss him and drag him around just as she wanted to. Both of them seem to be thoroughly devoted to each other. They enjoyed the day here and talked something of moving to this city in the future."

BACCO COMPANY

Raleigh, N. C., July 13.—The jury in the case of the Ware-Kramer Tobacco Co. and the Wells Whitehead Tobacco Co. today returned a verdict in favor of the plaintiff, allowing \$20,000 damages. The Ware-Kramer Co. asked for \$1,200,000 damages under the antitrust law, claiming their business was ruined by the unfair methods of the "Tobacco trust." Damages being allowed on three counts they really amount to \$60,000. A motion for a new trial was denied.

TWO KILLED IN AUTO CRASH

Asheville, July 13.—At an early hour this morning while three miles from Hendersonville, an automobile containing several persons went over an embankment and the following are known to be killed and seriously injured:

The dead: Miss Lena Bowman, Sumter S. C. Robert Bettis, Trenton, S. C. Seriously injured: Miss Mable Bowman, sister of Miss Lena, Sumter, S. C. Extent of injuries not ascertained. Miss Lena Bowman and Robert Bettis, who were killed, were to have been married within the next few days.

Politics and Religion.

Col. Bryan and Governor Glenn seem to run pretty much in the same groove. At Chester, S. C., yesterday afternoon, Col. Bryan addressed a prayer-meeting service in the Presbyterian church, speaking on the Bible. It would be shameful to question his good intentions, but the idea of a politician preaching from the Bible never did set well with us, and never will. It is an easier matter to mix water and oil than it is to mix politics and religion.—Charlotte Chronicle.

Burglars Take \$10,000 Gems.

Evansville, Ind., July 13.—Burglars entered the home of Mrs. J. G. Winfrey some time last night and stole \$10,000 worth of jewelry. Family heirlooms were among the articles taken. No one was at home at the time of the burglary.

Mr. Winfrey, who was formerly police judge here, has been in a private sanitarium for the last six years.

Conservation of Life and Health.

The facts showing the waste of God's best gifts can be easily obtained and studied by any who realize their duty. It is sufficient to mention only a few. More lives are lost from preventable diseases in the States in four months than were lost by both sides from death and wound in battle in the whole four years of our bloody war between the States, and it is safe to say that from these preventable causes we lose annually in the United States as many lives as have been lost in civilized warfare on the North American continent since Columbus discovered America.

Every minute there dies one person in the United States from preventable disease. Every day in the United States there dies from diseases that we can prevent 275 infants less than a year old. The cost entailed upon the people of this country from sickness alone that could be prevented not including the deaths, amounts in each year to \$1,000,000,000—a sum that is sufficient to be devoted by a Billion-dollar Congress to carry on all of our national expenses for two years. If we estimate in money the value of the lives that are lost, it amounts to million and billions of dollars yearly. All this is true from the cold-blooded respect of finance and political economy. How shall we measure, and what value shall we put upon the grief of those who have been deprived of the lives of those dear to them by causes which they could not individually prevent, but which be at the door of every citizen on account of his failure to join in, and insist upon proper measures for municipal and national health?

In fact, by our failure to obey these laws of conservation we are practically guilty as accessories before the fact of the murder of countless men and women and little helpless children, for which each one of us will be held responsible.

THE PUNISHMENT OF NATIONAL SIN.

We have sometimes perhaps been troubled by instances in The Bible where a great plague that slew its thousands had been brought upon a nation apparently as the punishment of sin, and

was between the sin and the punishment meted out upon the sinner. If in some great catastrophe a hundred or a thousand lives are lost at one time and in one place, our attention is attracted, and if there are any means that can be provided to prevent a recurrence of such an event, we hasten to provide them. But when from any one cause the victims of our neglect are brought low by the hand of death at different times and in many places far apart, we are not impressed by the greatness of the catastrophe and the connection between the sin and its punishment. Disobedience to God's laws will find its sure punishment just as surely as the Jews of old were told what would be the result of their disobedience.

Any one can ascertain how hundreds and thousands are dying each year from tuberculosis, typhoid fever, infants' diseases and other causes, all of which we have the means of preventing. The Almighty has given us the weapons by which we can fight disease, prevent death, and conserve the lives of our people. He has given us intellects by which ascertain these methods and well understand how they may be used. We are sinning against the All-wise Giver of life, and the Maker of all law, when we neglect to obey His command, "gather up the fragments that remain, that nothing be lost," and to lend every effort towards preventing the waste of life which we see about us.—Health Bulletin.

Exhibitions, showing in graphic form the prevention of consumption, have been shown in every state in the United States, except Nevada, Arizona, New Mexico, and Wyoming, and also in most of the Canadian Provinces, and in Mexico, Porto Rico, and Cuba, according to a bulletin issued today by the National Association for the Study and Prevention of Tuberculosis. The bulletin also shows that 25 states and 16 cities have permanent and traveling exhibits besides the two operated by the National Association itself, the total number of such displays being over 200, including about 150 small school exhibits.

The first tuberculosis exhibit in America was shown by the Maryland Tuberculosis Commission in January, 1904. In 1906 there were four such exhibits. Today practically all of the larger cities of the country have such displays, and in twenty-five states comprehensive campaigns have been carried on with them. These exhibits are visited annually by millions of people.

The American Tuberculosis Exhibition of the National Association is completing six years of continuous service, during which time it has been shown under three flags, in the United States, Mexico, and Canada, and has been displayed in 21 states, including every Southern state east of the Mississippi, except West Virginia, Maryland, and Delaware. The Western Tuberculosis Exhibit of the National Association, just closing its season in Butte, Montana, has been shown in Illinois, Kansas, Nebraska, Missouri, Arkansas, Oklahoma, Colorado, Utah, Idaho, and Montana.

As a result of the general educational campaign through the various exhibitions on tuberculosis, millions of pieces of literature have been distributed; millions of people shown how to prevent consumption; and several states and cities have been roused to take legislative action against this disease.

Woman Becomes Policeman.

Poughkeepsie, N. Y., July 13.—Poughkeepsie's first woman policeman was appointed today by the police commission. She is Martha T. Karnofski, a nurse, who is the agent of the St. Barnabas fund, a charitable institution.

Miss Karnofski's badge as a special policeman already adorns her shirtwaist. She is the second Poughkeepsie woman to get a job under the criminal authorities. The first was Miss Mollie Spicer, who was made a deputy sheriff by Sheriff Townsend to aid her work as agent of the State Charities Aid association. Her badge has intimidated persons who otherwise would have made trouble for her.

"Like Miss Spicer, I don't intend to carry either a pistol or a club," said Miss Karnofski. "They aren't necessary. Coolness is better than weapons and I expect little difficulty in subduing obstreperous people."

Wilmington, N. C. July 14.—John Sterling Singletary, the eight year old son of Capt. J. S. Singletary of this city, was drowned in the Cape Fear river at a point just south of the city. He and two other lads were fishing when the boat began to dip water and the companions of the Singletary lad jumped overboard and made for shore. The little fellow followed suit, but sank and never came to the surface. His body was found this morning and was discovered by the end of the fishing rod protruding from the water, it being found when the body was pulled from the water, that the lifeless hand of the little fellow still grasped the other end. The water at the point where the accident occurred was not over six or seven feet deep.

Caught in a Rain.

Douglasville, Tex. — "Five years ago I was caught in the rain at the wrong time," writes Edna Ruthertford, of Douglasville, "and from that time, was taken with dumb chills and fevers, and suffered more than I can tell. I tried everything that I thought would help, and had four doctors, but got no relief. I took Cardui, the woman's tonic. Now, I feel better than in many months." Cardui does one thing and does it well. That's the secret of its 50 years of success. Try Cardui.

Escaped With His Life.

"Twenty-one years ago I faced an awful death," writes, H. B. Martin, Port Harrelson, S. C. "Doctors said I had consumption and the dreadful cough I had looked like it, sure enough. I tried everything, I could hear of, for my cough, and was under the treatment of the best doctor in Georgetown, S. C. for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure." It is positively guaranteed for coughs, colds, and all bronchial affections. 50c & \$1.00. Trial bottle free at Freeman Drug Co.

To Lonesome Women!

Women living on farms and in rural districts haven't time to seek and enjoy social pleasures. Distances are too great—the work is too urgent. Women grow lonesome and listless when robbed of these pleasures.

The Rural Telephone

solves the problem. It enables women to talk with neighbors and friends and keep alive to the news of the day. Our free booklet tells how you can have a telephone in your home at small cost. Women living in the country should write for it. Address

In the Political Arena.

Washington Post.

Marion Butler, former senator and Republican leader of North Carolina, has never given up his voting residence nor participation in politics. Hence he had immediate concern in the recent interview of Pearl Wight, member of the national Republican committee from Louisiana. Not only Senator Butler, but eminent Republicans in every Southern State manifested much concern over the suggestions of Mr. Wight, as published in The Post.

The segment of the Wight suggestions that aroused Southern Republicans, especially Federal officeholders, was the contention that it would mean more morally and actually for President Taft if he could be given renomination without the convention vote of a single delegate from the South; rather to be exact, from any Southern State that could not give him a single electoral vote. The argument of Wight was that such a victory handed the President by delegates from Republican States would eliminate the old charge that Federal officeholders, with selfish ends in view, brought about renomination, with nothing to give in return either to the President or the party.

This Wight declaration stirred up the Hon. Marion Butler, late a senator, and he has the advantage of coming from the one Southern State which elects Republican senators and House members now and then, with a continual promise of electing presidential electors in a national campaign.

"I am glad to give approval to Col Wight's suggestion," said Senator Butler, "but I want it applied only to the Southern States in which the Republican organization is controlled by a close corporation of Federal officeholders. Now, please bear in mind that this is not the situation my beloved State of North Carolina. Rather, it has been known to the President and to every member of the national Republican organization that in my State the Republican party is not in the hands of what is known as the Southern patronage or referee machine. Instead, the Republican party in North Carolina has grown too large and strong to be controlled by any such close corporation or ring of Federal officeholders.

"Two years ago the rank and file of the Republican party in North Carolina became so weary of being called the Southern patronage delegates that they organized for primaries and took pains to get out the Republican vote, so that there was held the largest and most representative Republican State convention the State has known in many years. In every section of the State especial pains were taken to leave Federal officeholders at home.

"The result was a State convention of 1,100 delegates, and over 800 of them were banded together in opposition to the patronage ring. These 800 vigorous Republicans found that they had the power, and they set at work to throw off the yoke of the machine that had become so odious, and they elected Representative John Motley Morehead, a cotton manufacturer and solid business man, the new chairman of the State committee. Since the accession of Col. Morehead to the chairmanship no one can say before or during the meeting of the next national convention that North Carolina is controlled by men whose chief aim is to hand out and divide among themselves the Federal offices. From now on the Republican organization in North Carolina will be in the hands of men who believe in Republican principles rather than patronage, and whose chief desire is to make North Carolina a reliably Republican State, especially when it comes to giving a Republican candidate for President the electoral vote."

"And will this new order of things insure President Taft the delegation from North Carolina next year?" was asked of Senator Butler, who replied:

"We have had no other thought but President Taft's renomination, and while we are proud to assure him of a solid delegation, we are more proud to assure him that the delegates from North Carolina to the next national convention will be leading progressive business men who do not hold Federal offices and do not seek Federal appointments. Next year President Taft can be as proud to receive the votes of the delegates from North Carolina as the votes from his own State of Ohio, or New York or Indiana, or Pennsylvania. What is more, we, the Republicans of

North Carolina, will make as serious and united an effort to give President Taft the electoral vote as will be made by the Republicans of any State north of the Mason and Dixon line."

"And does this confidence about your own State lead you to believe that the Republicans will be successful in the next national campaign?"

"The democrats cannot defeat the Republicans next year. If the Republicans are beaten they will beat themselves. President Taft will next year send to Congress the report made by the tariff board, giving the facts as to the difference in the cost of production here and abroad on the leading tariff schedules. When that report is made to the Congress, if the Republican members unitedly support tariff revision, based on such facts and accurate information, the Democratic party will be robbed of the only issue on which it depends for winning in the next Presidential campaign. And again, if the Democratic House of Representatives refuses to enact into law such tariff revision measures as will be urged by the President, then the Democratic party will be beaten worse at the next Presidential election than it has been at any time for the last eighteen years."

Three Classes of People who Will Not Go to Sunday School.

The first I will mention are those who don't believe in Sunday School. They say it is not according to the Bible and therefore they will not have anything to do with it. These are known as the Hardshell Baptists. I have heard of some who said that they had rather their children would go fishing on Sunday than for them to go to Sunday School.

The second class are those who will not go to Sunday School because they do not have a nickle or dime to drop in the collection every Sunday as some people do. They seem to think if they don't drop in a nickle or dime every Sunday they are not wanted, and so they stay away and waste the precious hours of the Sabbath.

The third class are those who are too lazy to get up and dress themselves on Sunday morning. They say they feel too bad to go. If it were Monday morning and they had a piece of work to do, how many do you suppose would lay in bed, stretch and grunt? They would jump out of bed like a sixteen year old boy or girl, and as the old saying "Make things stand to the rack," you know whether you belong to this class or not, if you do please get out of it.

Split, Quit, Fit.

Hines, Ala.—In a letter from this place, Mrs. Eula Mae Bradley says: "I used to spit up all I ate. I was tired and sleepy all the time. My head ached, and I could hardly drag around. Since taking Cardui, this has entirely quit, and now I feel quite fit." Mrs. Bradley suffered from nervous indigestion. Cardui builds up the nervous system, and strengthens the womanly constitution. That's why Cardui helped Mrs. Bradley and why it will help you. Try it.

Worst Wreck in Half Century.

Bridgeport, Conn., July 14.—Twelve battered bodies in the morgue, 44 suffering in the hospitals and a mountain of junk at the foot of a twenty-foot embankment at the western end of the city tell of the worst wreck in 58 years' history of the New York, New Haven and Hartford railroad. Although the accident happened to the Federal Express just before dawn, and the corner's office has been busy all day answering telephone and telegraph inquiries from all parts of the country, four of the dead, two men and two women, remain unidentified.

Will Vote July 22.

The senate will vote on the Canadian reciprocity bill July 22; on the wool tariff revision bill, July 27; on the free list bill, August 1; congressional apportionment bill, August 3; statehood bill for Arizona and New Mexico on the legislative day of August 7, and will adjourn, according to general understanding, quickly thereafter. This voting program, decided upon after prolonged conference to-day, was agreed to by the senate.

Farmers Phones Save Life And Afford Protection.

Twice within the last month has the telephone on farmers' line proven its value in Thomas county. About three weeks ago a negro cut his foot almost off with an axe. He lay in the woods bleeding profusely from the wound and unable to summon assistance. Mr. Quarterman, who lives four miles from the city found him and summoned a physician over the telephone. In fifteen minutes from that time medical aid had arrived and a life was saved there by.

Two weeks later the same house was attacked by two men and an entrance into the room of the young ladies attempted. On this occasion, likewise a near neighbor and the local authorities from Thomasville were summoned and were on the scene with blood hounds a half hour after the affair occurred. These are but two of the many instances where farmers line phones are proving useful. These many occasions are demonstrating more than any one thing that the farmer needs a telephone, for the protection of his family, his business interest and the health and sometime the lives of those who are dear to him.

We are glad to see that the farmers of this county are beginning to realize fully the importance of this feature of public service and that they are endeavoring to take advantage of the splendid opportunity to place a doctor, an officer of the law or, in fact the whole of the county within his reach at a moment's notice. It will save him untold anxiety, many trips to distant places and other things too important to neglect for the small pecuniary outlay it will entail.

We would like to see every farmer's home connected with this line. They show an evidence of their good judgement, discretion and sense when they have one installed.

Paint Lick Sick Lady

Paint Lick, Ky.—Mrs. Mary Freeman, of this place, says: "Before I commenced to take Cardui, I suffered so much from womanly trouble, I was so weak that I was down on my back nearly all the time. Cardui has done me more good than any medicine I ever took in my life." You need not be afraid to take Cardui. It is no new experiment. Composed of gentle-acting, herb ingredients, it has been found to safely relieve headache, backache, and similar female troubles. Try it for your troubles.

A Modern Proverb.

"One of the most pathetic sights in this world is to see a man trying to support an automobile wife on a wheel-barrow salary." No, Solomon never wrote the foregoing quib. We presume the reason he did not write it is that he lived before the days of automobiles. A man up in Maine wrote it and put it in an advertisement. That saying is worthy a place in a book of proverbs.—Monroe Enquirer.

Stopped Those Pains.

Timberville, Miss.—Miss Gertrude Gutlin of Timberville writes: "I did not know anything could stop those womanly pains, from which I suffered for two years, until I tried Cardui. I had been troubled with various female ailments, but they were cured in a little while, thanks to Cardui." Cardui is especially adapted for use by ailing women. It relieves headache, backache, dragging feeling, irregularity, nervousness, misery and womanly weakness. It is safe. It is reliable. It does the work. Will you try it? Please do.

LAST CALL.

We have spent two weeks soliciting subscriptions for \$20,000.00 of the Guaranteed Stock of the Holt Engine Co., with a result of \$8,000.00 subscribed.

The people of Burlington want new industries, but want the other fellow to do the sowing, with the reaping left to them. The Merchants of Burlington who will receive the largest reward have taken eight shares. Very encouraging indeed to stay and continue the canvass.

Real property has depreciated 40 per cent in selling price. How do you expect Mr. Property owner to regain this loss unless you increase the demand by bringing in new citizens.

We will start with about 25 experienced machinists and increase number with the increase of the demand for the products of the plant. If you will invest with absolute security and assist in reclaiming our town, by taking stock call on us at once and get all the details.

This is the last song and dance. You can help yourself by keeping us. If this amount is not taken here the plant will be located elsewhere where gifts are freely tendered us.

Very Truly,

Peoples Names.

Charleston News and Courier.

There are many good people in this country who have suffered, and who still suffer, because their parents insisted on attaching to them the names of all the other members of the family, together with a few classical references. It is all right for a girl, for she can change her name when she gets old enough to know her own mind, but it is pretty hard on a young fellow who has his way to make in the world, and who is sufficiently handicapped without being pestered to death explaining how he happens to have so many initials.

We do not advocate a law limiting the names of a male to three although it would be a good enough law, but we do think that parents should have some regard for the little ones, remembering that in time they will grow up. We once knew a lad named Charles Percival Reginald Harry Washington Jefferson, with the family name added. He attained his majority and the legislature eventually changed his name to Bill, but he never entirely recovered from the burden that had been fastened on him in his youth.

FARMERS' INSTITUTE

FARMERS' INSTITUTE WILL BE HELD AT

Mebane, Tuesday, July 25th

Elon College, Wednesday, July 26th

Friendship H. School, Wed. Aug. 23

Women's Institutes

At the same places and dates will also be held Institutes for Women by Mrs. Sue V. Hollowell and others. The objects of these Institutes are to bring together the women from the farm homes, that they may become better acquainted and talk over among themselves subjects tending to the betterment of conditions in rural homes, such as better and more economical foods and better methods of preparing them, home sanitation, home fruit and vegetable gardening, farm dairying, poultry-raising, the beautifying of the home and home surroundings, etc. Let the wives and daughters come out to these meetings in large numbers.

Interesting Programs Have Been Prepared for These Meetings.

A premium of \$1 will be given for the best loaf of bread baked and exhibited by a girl or woman living on the farm.

A premium of \$1 will be given for the best five ears of pure-bred corn.

A premium of \$1 will be given for the best pure-bred pig between 8 and 12 weeks old exhibited by a man or boy living on the farm.

The Institute will be conducted by Prof. C. L. Newman, Professor of Agriculture, North Carolina College of Agriculture and Mechanic Arts, with competent assistants, who will discuss questions of interest to farmers.

A question box will be opened in the afternoon, and a full discussion of the subjects presented will be given.

All farmers and their wives, sons and daughters, and all others interested in farming and the betterment of the farm homes, are urged to attend these meetings and join in the discussions.

Morning sessions will open at 10 o'clock afternoon sessions at 1:30. Bring a book and pencil to take notes.

The Boys are Especially Invited to Attend the Institutes.

These institutes are conducted under the direction of W. A. Graham, Commissioner of Agriculture and T. B. Parker, Director of Farmers' Institutes.

The Farmers' Institute of Alamance County will offer premiums on the best yield of wheat on one acre, and the best average yield on an entire crop of not less than ten acres. Rules and conditions to be announced at the County institute. Awards to be announced at the 1912 institute. Contest open to those who attend our county institutes.

R. F. D. No. 7.

Prof. H. C. Stout, who has a truck farm just beyond "Petersburg" on No. 7, gave us two dozen nice Tomatoes today, the first that we have had this year.

Esq. John Dixon, also gave us a few bunches of Grapes the first of we have seen this year.

The Mills at Bellemont have shut down for two or three weeks to give the hands a much needed rest and attend to some necessary repairs.

R. L. Tate and family of Mebane visited at Bellemont Sunday. They had quite a hail storm in the Rock creek neighborhood last week done lots of damage to the crops on several farms.

Miss Clara Tinnin donated a pound of butter to the "widow and orphans" last week. Thanks Mrs. W. G. Sharpe is critically ill at this writing and little hope entertained for her recovery.

No. 2 reported a wheat crop of 775 bushels last week and we desire to say that E. B. Meacham of No. 7 made one thousand and fifty seven bushels of wheat and we think that is as much or more than any one on a route emanating and radiating from Burlington has thrashed this season. Come on with your big figures. The toll Ed had to pay for getting it thrashed amounts to an ordinary old fashioned crop.

Misses Mary Russell and Stella Nicholson who have been at work at Graham are both at home sick.

There was a family reunion at J. W. Riches last Sunday July 16. It was a surprise to Mr. and Mrs. Rich and you know at these surprise affairs every body takes a well filled basket of good things to eat and a heart overflowing with cheerfulness and that combination always results in an enjoyable occasion. This was a typical case.

At about 12:30 a long table in the yard was loaded with an abundance of good things and after some brief talks and thanks returned, the crowd numbering 38 proceeded to satisfy the internal craving and every body enjoyed the feast after which water melons and bananas were served and the crowd indulged in lively social converse until about 4 o'clock when they began to leave for their respective homes. Among the relatives from a distance were Mr. and Mrs. E. W. Durham and family, Mr. and Mrs. C. J. Durham and Mrs. A. M. Way of Burlington and Mr. Dewitt Rich of Person County.

Esq. W. A. Tinnin the efficient carrier on Rock Creek No. 2 says that he is getting fat. Well Esq. black berries must be more plentiful on your route than on No. 7 or you have more time to get them than we do for we can not see that we are any fatter than we were when we competed with the "hand-saw" for "plumpness." However, if our patrons prove very generous we will still entertain hopes.

On last Saturday evening at early twilight Mr. Landy Watkins and Miss Flossie Isley were married at the parsonage by Rev. J. A. Burgess. May they live a long and happy life.

Mrs. Hammer of Gillsonville, N. C. spent last Tuesday and Wednesday with her brother Rev. J. A. Burgess.

R. F. D. No. 1.

L. D. Bryan of Raleigh spent last week on No. 1 visiting his parents.

W. L. Spoon of Winston-Salem spent Sunday at home with his family.

E. F. Waddell and wife of Great Falls, S. C. visited at Alamance last week.

A. M. Isley had a good colt to die last week.

A crowd of our Alamance people went fishing some days ago, and succeeded in catching 2 tubs full of the finny tribe.

Will Allred tried his luck Friday shooting squirrels and at one shot killed four fine squirrels—of course he quit and went home then.

F. J. Cheek is spending this week in Great Falls, S. C. visiting friends.

A surprise birthday party was given Saturday night to Miss Annie Moser by her friends and school-mates. Cakes and Ices were served, and a pleasant occasion was witnessed by all present.

Prof. Ira C. Moser assisted Rev. Stickley in conducting the service at St. Pauls Sunday. His theme was "Usefulness was the rent we are asked to pay for room on the earth, that many are in debt." His remarks along these lines were well delivered.

Mr. W. A. Patterson of Rock Creek, who has not been in our town for three years, was a welcome visitor today.
