SOCIAL EVENTS

Pleasant Evening.

Mid the glimmering of the dingy moon as it shed its radiant rays through the boughs of the splendor oaks, which were tossed to and fro by the vesper breeze, spotted with electric lights here and there was the scene which overshadowed one hundred and fifty gay young people who gathered on the lawn in front of the Graded School Friday night at which time the Philathea class of the Baptist church, equal to the surroundings, majestically entertained the Baracas. The sublime and romantic intermingled the occasion when the jovial crowd joined hand in hand in playing the games of the days of their childhood and merriment ruled supreme mid shouts of laughter as the ceremony of King William was King George's son went its rounds. But this was not the finish for the spirited crowd held their breath as the handkerchief went round the ring and silently dropped behind some one who perchanced to steal a glance at his financier. The desert which is always much to be desired was watermelon.

Thus passed an evening long to be remembered by the Philatheas and Baracas of the Baptist church.

In Honor of Her Guest.

Miss Pearl Ellis, an attractive member of the younger set, gave a picnic party to certain of her friends Tuesday, August 8th, at the splendid country seat and club-house of Mr. Robert L. Holt in honor of her visitors, Misses Eloise and Belle Cannaday, of Oxford, and Miss Frances Cheatham, of Henderson, the guest of her cousin, Miss Trixie Ward. Riding out in the early morning, the young people were met at the club-house by Mr. Holt and Mr. Charles Ward. The clubhouse doors were thrown open, and the visitors made to feel at home by Mr. Holt's genial welcome. Visiting the many places of interest on the place, the fish pond, the newly constructed dam, and the pretty environs of the house. Punch was served in the big living room. The dining room was alive with the baskets of the picnickers. The party consisted of Misses Pearl Ellis, Trixie Ward, Frances Cheatham, Eloise and Belle Cannaday, Flora Garret, Carrie Willis and Anna Morgan Faucette, Messrs. Fuller Gates, George Sharpe, John Lashley, Claude Holt, Walter Storey, Ralph Holt Fleming, Paul Morgan and Erwin Montgomery.

Evening Party.

Miss Jolitte Isley delightfully entertained twenty four of her friends to an evening party at the beautiful home of her parents Mr. and Mrs. Jos. A. Isley on Davis Street from six to nine Thursday evening. The central feature of the evening was a contest "Mothers Workbasket" in which the prize a beautiful box of candy was awarded to Miss Mamie Guthrie and the booby a knife to Mr. Claude Holt.

Refreshments consisting of cake cream and punch were served.

After spending several jolly hours the crowd after voting Miss Isley a charming hostess returned to their homes.

Those present were: Misses Trixie Ward, Ruth Holt, Pauline Coble, Lorraine Isley, Evie and Lelia Lamb, Bessie May Walker, Hattie Walker, Sadie Trollinger, Agnes Faucett, Mamie Guthrie, Louise Murray, Blanche Thomas and Francis Cheatham of Henderson. Messrs. Claude Holt, Edward Morgan, Jennings Flemings, Ralph Holt, Hall and Chris Isley, Adrain Carroll and Erwin Montgomery.

Burlington Hosiery Mill Start.

The Burlington Hosiery Mill Co., will resume operation Monday Aug. 21st 1911 and we invite our former help back.

Yours Very Respectfully
G. W. Fogleman

Miss Edith Walker Entertains.

Miss Edith Walker entertained a number of her friends at her home on Front Street Friday night from 9 to 12 o'clock. The entertainment was in honor of her visitors, Misses Daisy and Lucy Rodgers of Durham, and Miss Lucy Jordan of Morganton. Pleasant games were the chief feature of the evening. Refreshments were very much enjoyed. Those who enjoyed the occasion were:

Misses Sadie Fonville, Maude Dixon, Mary and Beulah Foster, and Nellie Flemming. Messrs. Henry and Sipe Fleming, Vitus and Edgar Holt, J. W. Lashley Jr., and Harvey Riggins.

Picnic Outing

The annual picnic of the patrons of R. F. D. 5 and the Longs Chapel Sunday School was held Saturday at Stonewall Springs. The day was ideal for a picnic outing and the jolly crowd and picturesque scenery equal to the occasion.

Prof. W. A. Harper, President of Elon College was present and spoke to the people at some length on the subject "Conservation." J. R. Hoffman was there to assist in the eating stunt and was called on and responded in his usual good natured way with a speech which was well received by his hearers.

The dinner was there in quantity and quality and after every body had eaten, much was left to be carried home.

After spending a day of pleasure the guest dispersed declaring Mr. Hall their carrier a popular and jolly good fellow one of those kind who knows how to make people enjoy themselves and feel at home.

In Honor of Friends.

Miss Ruth Dameron was hostess to a party of friends which she entertained Thursday night at Pillowbrook pond. Boat-riding was the chief pleasure of entertainment. The party consisted of Miss Alma Clayton, of Stem, and Mrs. Annie Loue Wilson, of Raleigh, honor guest, and Misses Emma Love, Bessie and Ruth Dameron, and Kate Walker, with Messrs. Jerry Lea, L. L. Lamb, of Siler City, J. A. Sykes, of Wilson, and R. S. Pace, of Pichmond.

Mitchell—McKeel.

Mr. James C. Mitchell and Miss Blonda McKeel were married at the Reformed parsonage last Saturday evening at 8 o'clock by Rev. J. D. Andrew.

The quietude of the marriage makes it romantic, only Misses Ruby Ross and Lena Andrews and Messrs. "Tink" Horne and Carl Page being present to witness the legality and solemnity of the pleasant occasion.

Although tender in years both stand prominently among our social circles and have many favorites who hasten to extend the handshake of congratulations.

Miss McKeel is pretty and accomplished, having been one of our telephone operators during the spring and summer months, and Mr. Mitchell is to be congratulated upon winning her as his bride.

Mr. Mitchell is a carpenter and mason and is employed by his father.

Fogleman—Goss.

Mr. R. Lee Fogleman and Miss Mamie Goss were happily married in the Reformed parsonage here at 8 p. m., Sunday, August 13th by Rev. J. D. Andrew.

They begin life with the best wishes of a host of friends.

Hurdle—Rudd.

Mr. J. J. Hurdle, a farmer of Union Ridge and Miss Rosa Rudd who has been in the employ of Scott, Mebane Mfg Co. were married Thursday evening. This came as a surprise to their many friends, as not even the associates of Miss Rudd knew of the affair until it was over.

If any one wants any seed peas call on Lee Fowler.

Miss Birdie Holt Entertains.

Last night from 8:30 to 12:00 o'clock, at her home, two miles from town, Miss Birdie Holt entertained a number of her friends in honor of her guest, Miss May Parsons, of Randleman. The beautiful lawn was well lighted by Japanese lanterns, which made a beautiful scene. Although the weather was threatening, many games were played on the lawn. Instrumental music was furnished by several of the guests.

Probably the best part of the evening was when the entire party was invited to the lawn at the rear of the house. Here they found a long table loaded with those delicious fruits and melons for which Mr. Holt is famed. To say that they were enjoyed is putting it too mildly.

At a late hour the happy party dispersed, longing for many more invitations to spend an evening at the Holt home.

Among those present were: Miss May Parsons, of Randleman, guest of honor, Miss Furdle of Greensboro, Misses Mary Shoffner, Mattie and Martisha Thompson, Minnie Layton, Mamie Holt, Miss Madge Thompson of Reidsville, and Messrs. L. L. Patterson, H. E. Rauhut, Dan C. Holt, Fred Holt, H. M. Thompson, Zack Malone, Nicholson, T. T. Stafford and Walter Jones.

Birthday Party.

Mr. and Mrs. J. Frank Mitchell gave a most delightful party at their home just west of the city last night in honor of Mrs. Mitchell's birthday. The porch and lawn were brilliantly lighted with Japanese lanterns. About thirty of their friends gathered to do honor to the occasion, and a most delightful two hours was spent in talking. At the end of that time the guest were invited to another section of the lawn, where two tables stood fairly loaded down, one with delicious cream and cake and the other with luscious watermelons. Every one did justice to this part of the program. Mrs. Mitchell received quite a large number of both pretty and useful gifts. It is the wish of the guests that this event may be celebrated in this way every year.

Garden Party.

The home of Mr. and Mrs. J. Q. Gant Tuesday evening was the scene of a Garden Party given in honor of their visiting guest Misses Mary, Eleanor, Josephine and Sarah Erwin of Durham and Mattie Walker of Charlotte.

With the guest seated on the beautiful shady lawn and the green grass serving as a matting the Gypsy fortune teller came into their midst which was the chief feature of amusement of the evening. The color scheme was pink and white.

Ices and other refreshments were served.

The party was much enjoyed by all present.

Last Notice as to Payment of City Taxes Before Advertisement of Property.

At the last meeting of the Board of Aldermen of the City of Burlington the following order was passed: "Ordered, That the City tax collector be, and he is hereby authorized and empowered to collect by due process of law all outstanding tax due the City of Burlington by September 1st, 1911.

Jas. P. Montgomery, City Clerk.

This order explains itself and you see that I must collect the tax and cannot allow you longer time in which to pay. I must advertise your property if you fail to pay and you need not be surprised to see it advertised if you ask for longer time. All those who do not see me before Saturday afternoon, August 19th, will find me at that time in the Mayor's Hall for the purpose of receiving the tax. I give this last notice as a favor to those who have not paid.

Most respectfully,
A. A. Russell, Tax Collector.

DEATHS

J. D. Clendenin Passes.

Elon College, Aug. 12.—A vale of sadness has settled down over the community here by reason of the death of Mr. J. E. Clendenin, which occurred at his home Friday evening at 9 o'clock. It is true that the end had been expected since Mr. Clendenin was stricken with paralysis about two weeks ago, but he had partially regained consciousness and hope was entertained that though he might not permanently recover, he would be able to continue to live for sometime to come. Friday morning he began to fail and the progress of the failure was rapid until the end came at the hour named above.

Mr. Clendenin is survived by his widow, who is a sister of Dr. W. W. Staley of Suffolk, Va., and five children: Mesdames Eula Kirkpatrick, Pattie L. Bradshaw and Miss Nina Clendenin; Messrs. Mack and John Wesley Clendenin. All of these were present at his bedside together with many relatives.

Mr. Clendenin was in the employ of the George W. Anthony Lumber & Machine Co. where he has for sometime held the position as mechanic, a position in which he has worked faithfully and in which he has displayed excellent talent and judgment and retained the confidence implicitly of his superiors. He was a quiet peaceable citizen and Christian gentleman.

The funeral will be conducted by his brother-in-law Rev. W. W. Staley D. D., of Suffolk, Va., and the burial will take place at the Mount Herman Methodist Protestant church in southern Alamance, the community in which he was born and the church which he was a faithful member to the day of his death.

Death of Mrs. Patterson.

Mrs. Mary Alice Patterson, wife of Wm. H. Patterson died at their home on Tarpley Street Sunday August 13th after a brief illness of appendicitis.

Mrs. Patterson was 31 years old and the daughter of Mr. and Mrs. J. B. Neese of Guilford County. She was married to Mr. Patterson about five years ago to this union were born two sons and one daughter, the daughter which was only an infant was buried at Pine Hill Cemetery last Wednesday.

Besides a heart broken husband she leaves father and mother one sister and three brothers to mourn their loss. She being the sister of Messrs Cecil and Henry Neese of this city.

While a girl she professed religion and joined the Mt. Hope Reformed Church later moving her membership to the Burlington Reformed Church. She was a good woman and lived a consecrated christian life, never for getting the parental training received in her home.

Funeral services were held in home Monday evening at five-thirty by Rev. J. D. Andrew and was attended by a large number of sorrowing friends and relatives after which the remains were laid to rest at Pine Hill Cemetery.

Death.

The remains of Mr. John Johnson of Spencer were brought here Saturday night and carried to Mt. Olive Sunday for burial. Mr. Johnson was the son-in-law of Mr. Sherman Gloss, and when in our town was a machinist at Aurora Cotton Mill.

Death of Mrs. Shaw.

Rev. J. D. Andrew was called to the Brick Church last Friday to conduct the funeral of Mrs. Jas. C. Shaw, who died on Thursday, aged 30 years and 18 days. She leaves a husband and 6 children ranging in age from 9 months to 13 years.

In Memoriam.

On the 25th day of July, 1911, there passed away Private James J. Foster, of Company E. 13th. North Carolina state troops, at his home in Burlington, N. C. He enlisted in the above named Company and Regiment in the spring of 1861, and he served as a private soldier throughout the entire struggle for southern independence, being captured on the 1st day of April, 1865, near Petersburg, when the lines of Lee were broken in that last fierce struggle for the capture of Richmond.

No braver or better soldier served in that great war. Always at his post of duty, and always in the forefront of every fight his command was engaged in, he exemplified the true man and true soldier in all things. The writer served with him and knows whereof he speaks when he says that such was his record as a soldier. After the war was over, he with all other true southern soldiers, accepted the results and went to work to build up the south, and he was a good citizen, and did his duties as such in every way, rendering due obedience to all the laws of the land.

The writer visited him often during his last days, and he expressed his confidence in the religion of Jesus Christ, and his acceptance of the Saviour as his hope for salvation, and also that he was, he said, fully prepared to answer the last roll call.

To the family of my deceased friend and comrade I extend my heart-felt sympathy in this, to them, great bereavement.

William M. Andrews, First Lt. Co. E. 13th, N. C. Regiment. Burlington, N. C. Aug. 12th, 1911.

Ford Model T Touring Car Record.

Mr. G. W. Fogleman carried five passengers in his car from Elon College and return, a distance of 58.2 miles, at the cost of forty-five cents. This was the cost of gasoline and lubricating oil.

Notice to Carriers.

On account of so many picnics in the county, The Rural Carriers of Alamance County in meeting assembled Aug. 15, decided not to have a picnic.

With best wishes to all the carriers, subs. and patrons, we are, Respectfully,
Rural Letter Carriers Association of Alamance.
J. A. Lowe, Secretary.

Three Badly Scalded.

The crown plate of engine No. 904 blew out Friday evening two miles west of Method, causing a mass of steam to pour from the fire box and scalded conductor Finch, Engineer Stoger and his colored fireman John Maxey. All were immediately taken to the hospital at Raleigh. Though the condition of Mr. Finch is reported serious and not expected to recover. While all are badly scalded the others will probably recover.

STATE FAIR ANNOUNCEMENTS

The Premium List of the Fifty-first Great State Fair of North Carolina is just off the press. The Fair is to be held as usual during the third week in October, coming this year between the 16th and the 21st. The book is neatly bound in an attractive cover, well printed on good paper, and has a few more pages than usual.

Department classifications have been revised again this year and premiums further increased. In Department A (Field and Garden Crops), the policy adopted this year is to divide the big money awards into more premiums; for instance, three prizes now offered in the individual agricultural exhibit, ten in the Men's Corn Contest, twenty-four in the Boys' Corn Contest, and eleven in the Cotton Contest.

The girls are remembered this year, a Tomato Contest having been instituted, with seven prizes.

A notable increase of premiums is in the tobacco section, made possible by Mr. J. O. W. Gravelly and other citizens of Rocky Mount.

Coming to livestock, it is a significant fact that the Percheron Society of America, for the first time this year, is offering its magnificent prizes at our Great State Fair, of four Southern Fairs thus put on a plane with the greatest Fairs of the United States. The Fair has also enlarged its own premiums in the Percheron class. Other great livestock associations tendering their prizes here this year are the Holstein-Friesian Association of America, American Hereford Association, Hampshire Sheep Association (increased this year), Angora Goat Association, four Fair doubles Angora premiums), American Poultry Association, American Berkshire Association, North Carolina Berkshire Association, Duroc-Jersey Association, Berkshire World Fertility Show, American Plymouth Rock Club. This Fair supplements several of these special offers.

GOV. OF SOUTH CAROLINA SHOWS VINDICTIVE SPIRIT

Columbia, S. C., Aug. 10.—Newspaper publication of statements, with sworn affidavits, that Gov. Cole L. Blease had been rude to Miss Mary J. Rogers, railway ticket agent at Belton, S. C., was followed by the revocation by the Governor of the commissions as notary of J. R. Alexander, who made one of the affidavits that the Governor was impolite, and of J. A. Harton and J. A. Merritt, before whom the affidavits of Mr. Alexander and Miss Rogers were made. Governor Blease issued a statement saying in part:

"I have cancelled the commissions of the three notaries public taking part in this dirty transaction and so other people will feel free to take. Every one who has known me from my childhood up will testify to the fact that I have at all times and on all occasions been polite and courteous to every body, and particularly so to ladies; and I am satisfied that my friends do not believe that I was disrespectful on this occasion."

Yes, and Some More.

Fellow who dare not sign his name to it wrote the following and then went to the coronation: "The telephone girl sits still in her chair and listens to the voices from everywhere. She hears all the gossip and she hears all the news, she knows who is happy and who has the blues; she knows all our sorrows, she knows all our joys, she knows every girl who is chasing the boys; she knows all our trouble, she knows of our strife; she knows every man who is mean to his wife; she knows the time we're out with the boys, she hears the excuses each fellow employs; she knows every woman who has a dark past, she knows all the men who are inclined to be fast; in fact there's a secret neath the saucy curl of the quiet, demure looking telephone girl. If the telephone girl would tell all she knows, it would turn all friends to bitterest foes; she would sow a small wind that would soon be a gale, engulfing us in trouble and land us in jail; she could let go a story which given force would cause half our wives to sue for divorce; she could get the churches mixed up in a fight, and turn all our days into sorrowing night; in fact, she could keep the whole town in a stew if she would tell a tenth part of the things she knew. Now doesn't it set your head in a whirl when you think what you owe to the telephone girl?"—Yellow Jacket.

A Gambler a Poor Citizen.

A gambler is about as undesirable citizen as a community can have. He produces nothing, helps nothing, contributes nothing in the activities of the community. His advancement means the retrogression of his fellows. If he be a professional the man who does business with him in a professional way is fleeced. It matters not that the fleecing is done according to the rules of the game. It is the same result to the victim. If a man's business is gambling, and he lives by his profession, he is living at the expense of the public, or that portion of it which comes into business relations with him. He gives nothing of worth in return. He holds the law in contempt in his flagrant violation of it. His example is pernicious. His life is a failure. His end is destruction. All in all, he is a very sorry citizen.—Union Times

BLOCKADED

Every Household in Burlington Should Know How to Resist it.

The back aches because the kidneys are blockaded. Help the kidneys with their work. The back will ache no more. Lots of proof that Doan's Kidney Pills do this. It's the best proof, for it comes from Burlington. W. H. Newsom, Lakeside St., Burlington, N. C., says: "I noticed that my kidneys were becoming disordered about a year ago. The trouble first evidenced itself by a difficulty with the kidney secretions, then my back began to bother me, making it hard for me to attend to my work. I used a great many remedies, but without success until I began taking Doan's Kidney Pills. The result of their use both surprised and delighted me. My system was soon rid of kidney complaint and there has never been a return attack."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Terrible Picture of Suffering

Clinton, Ky.—Mrs. M. C. McElroy, in a letter from Clinton, writes: "For six years, I was a sufferer from female troubles. I could not eat, and could not stand on my feet, without suffering great pain. I had lost hope. After using Cardui a week, I began to improve. Now I feel better than in six years." Fifty years of success in actual practice, is positive proof, furnished by those who have used it, that Cardui can always be relied on for relieving female weakness and disease. Try Cardui, today, now!

Who is the Bad Printer?

All printers are not saints, even if in the course of their early apprenticeship all printers are devils. There are good printers, and some not so good, but it may be said of them as compared to other folks that they are like the description of whiskey given by the old toper who said: "All whiskey is good, but there is some whiskey better than others." Certainly it is rare to find a printer in the State Prison as the following article, credited to an "Exchange" and printed in the Roanoke-Chowan Times shows:

"Sometime ago the papers printed an article in which it was stated that there was not a printer in the Virginia penitentiary. The foreman of the Commonwealth, being curious to know if any of the boys were in the North Carolina State Prison, addressed a letter to Mr. T. W. Fenner, chief clerk, asking him for the information. A few days ago he received the following reply from Mr. Fenner:

"Yours of 15th received. I am glad to write you that there is not a printer in the State Prison. I know one, however, that ought to be in there."

"Perhaps there are those 'that ought to be in there,' but the records show that the printers in North Carolina are good as well as those of Virginia, and, by the way, a large number of the Virginia printers are North Carolinians."

The printers have been flattering themselves that there is not one of their order who deserves to be in jail, and for the good of the order they would like to have the name of the man Mr. Fenner says "I know one that ought to be in the State's Prison." Who is he? The name would prevent suspicion resting upon any good man.—News and Observer.

Seventy-two Hundred People Treated.

In the counties of Sampson, Robeson, Columbus, and Halifax 7260 victims of hookworm disease have been treated at the State and County dispensaries. Nearly double this number have been examined. During the first five days the dispensaries were open; only 615 cases were treated, whereas during the last five days 2808 were treated. During the twenty days there were treated in Sampson 1682 cases; in Robeson 1352; in Columbus 3047, and in Halifax in 12 days 1169 cases. The County Boards of Education, to show their spirit of co-operation, are having sanitary privies installed at all the school houses being used as dispensaries.

After about two weeks the dispensary work will move into new counties. Cumberland, Onslow, Wayne and Northampton Counties have made the necessary provision to have the dispensaries next. The Commissioners and people generally are highly pleased with the work of the dispensaries.

Mayor Dahlman of Omaha says he wants to know where Col. Bryan stands. Right back of the subscription counter, Mr. Mayor.

BUST DEALS IN DEATH.

Consumption Spreads in Dusty Trades. Government Making Study—Open Windows, Ventilation, and Cleanliness the Care.

A warning against the dangers of dust was issued in a statement made to-day by the National Association for the Study and Prevention of Tuberculosis, in which it is shown that the percentage of deaths caused by tuberculosis in dusty trades is more than double that for all employed men in the registration area of the United States.

As a result of the dangers from consumption to those exposed to various forms of dust, and at the request of the National Association, the United States Government has recently appointed a commission to work in co-operation with state authorities in making an investigation into the conditions of the metal mining industries in the United States, with special reference to diseases of the lungs. The work of the commission engaged in this special task will follow lines somewhat similar to those worked out by the Royal Commission of Australia, whose report was recently received in this country.

"Dusts are of three kinds," says the National Association; "factory street and house dusts." The statement refers to the results obtained through investigations made for the Bureau of Labor, by Frederick L. Hoffman. While among males generally in the registration area of the United States 14.5 per cent of all deaths are from consumption, the mortality among grinders from this disease is 49.2 per cent and in hardly any of the dusty trades is it below 25 per cent. The percentage of deaths from tuberculosis among all those exposed to metallic dust is 36.9 per cent; the mineral dust, 28.6 per cent; to vegetable fibre dust 28.8 per cent; to mixed animal and to her forms of dust, 32.1 per cent; to street dust, 25.5 per cent, and to organic, or dust coming from the articles being manufactured, 23 per cent.

The statement speaks also of the dangers from house dust, especially in rooms that are not well ventilated. The Association warns against dry-sweeping, and against the use of the feather duster, or other devices that scatter, but do not take up the dust.

Since the ordinary dust blown about in the streets is impregnated with disease germs, the National Association urges the adoption of methods that will prevent the further dissemination of such bacilli. It also urges for the coming months of fall and winter, more open windows and more fresh air in house, shop and schoolroom.

Entered as second-class matter May 30, 1908, at the post office at Burlington, North Carolina, under the Act of Congress of March 3 1879.

Wednesday, August 16, 1911.

The extra session of Congress will come to an end next week.

If the street car blows on Sunday the Board of Aldermen will have it cut out.

We are waiting to see what will be done with the remainder of the bond issue money.

If the street by your house is not macadamized, perhaps it's because you are a kicker.

The kicking club are not all dead, only lying dormant. Peradventure they will awake.

"The way of the transgressor is hard but being use to getting 'coco-cola and cigars' on Sunday and being cut out is harder.

The Blue Laws say you cannot buy cigars on Sunday. And the officers say these laws must be enforced. Smoke broomstraws.

The grand jury have found a true bill of wife murder against Beattie the Chesterfield Virginia murderer. He will be placed on trial for his life Monday August 21st.

Now that the bond sale has been confirmed, let the fellow who wants to sue the town for damage because the street in front of his house was widened and his property increased, get his attorney ready.

Don't be a Kicker.

That the remaining \$35,000 of the bond issue has been sold and the sale confirmed insures us that work will begin again on our streets and side walks in the near future. Not every street in town will be fortunate enough to be macadamized, and if the street you live on gets into this class by the persevering work of some progressive citizen or citizens don't be a chronic kicker and refuse to give a few feet of your lot in order to make the street the width it should be. It may look to you like you are being damaged, but in almost every instance, even though it cost you some of your hard earned cash to have your lot filled in or even move your house if you are too close to the street, the valuation of your property will be increased when the work is completed and you will realize that you are worth more than you were before.

Don't get the cranky idea into your head that you want to sue the town because town has the money, for if you will attend the regular monthly meeting of the board of aldermen and silently listen to the report of the finance committee you will decide the town already has more debts to pay than the where-with.

Instead of being a kicker pull with the majority although you get a little more than your share of the load, perchance fortune and fame will come your way next time.

Side Walk Talk

In order to get the much needed sidewalks built in our town and get them built at once, it will be necessary for all forces to pull together to that end. With that part of the bond issue which has been designated for this purpose and the paying of one-half the cost of each side walk by the property owners we will be able to build a large number of miles of side walks, enough to last our town for years. We have quietly discussed this with a number of our most influential citizens and find that the majority of them are in favor of paying one-half the cost for the side walks on their property which is indeed a wise decision. Suppose you own a fifty foot front and can concrete side walk in front your house for one dollar per yard. You can readily see your one half the cost of the side walk would cost you comparatively nothing and at the same time enlarge the value of your property many times the cost. Suppose you own property along a street on which no one lives are you not readily convinced that the placing of the side walks on this street will increase the valuation of your property.

We know of one or more streets in town on which the citizens have already paid one half the cost of grading the street and are anxiously waiting for the same opportunity to put down sidewalks. If one street is in favor why not all.

In fact about all the side walks

that have been laid was on this basis and this seems the only way to solve the problem fairly. It's up to the Committee who were appointed when the bond issue was carried to settle these questions and we trust they will in their wise and good judgment keep in mind the desires and best interests of the people in making their decisions.

Corsets Must Go
 The recent decree from Paris banishing corsets is a long step toward better health for women, according to Miss Anna M. Butner, head of the Department of Physical Culture at the University of Minnesota.
 "I am glad to see false hair go—I am gladder still to see fashion outlaw corsets. There can be no doubt as to the injurious effects of corsets. Women who do not wear them are healthier than women who do. Nature never intended that women should be boxed up and squeezed together at the loins," said Miss Butner today.
 "Here at the University we have always inveighed against lacing, and it is a fact that women in school here have profited from what has been said. Women generally at the University dress, not only the hair, but the body, sanely—and a healthy, good looking lot of girls we have, too."

Necessity of Organic Matter in the Soil.
 We do not advise the use of any leguminous crop in the treatment of these poor lands the first of the season. You will do well to get a good growth of rye on the land and in order to do this you may have to use one or two hundred pounds of some good grade of commercial fertilizer. Begin in the fall. If the land is rather heavy, break it as deeply as your teams can pull it but do not sub-soil. Sow a bushel and a half of rye per acre and use home grown seed if you can possibly get it, at any rate, get seed grown in North Carolina.
 In the spring, if the season is good and the rye is growing off nicely, it might be well to clip it when it first comes into head, in order to let it make a second growth. Your main object now is to secure a large amount of vegetable matter to be plowed under. Therefore, leave the clippings on the ground while the rye makes its second growth. When the second growth begins to bloom, run a heavy roller over the ground; follow this roller with a good sharp disc harrow, and disc the land until the rye is out into bits. Then turn it under as deeply as your teams can pull it, provided, the land is not too wet. The plowing should be about eight inches deep. After plowing, set the disc harrow at a slight angle and run over it another time in order to break clods and pulverize the surface. Let the land lie about a month and seed it to cowpeas, using, if necessary, about 100 lbs. of Acid Phosphate to the acre. When the peas have made their growth, roll and run the disc harrow over them about twice; cut them to pieces and plow them under deeply and let the land lie until it is time to sow rye again. Sow rye and crimson clover after the peas. The following spring treat the rye as you did before,—clipping, rolling, discing plowing. You should clip just before the crimson clover comes into head, or, be sure not to clip the clover when you clip the rye. The second growth of rye is likely to come off about when the clover is ready to turn under. Then roll, disc, and plow as above directed. Now, wait for a good rain and disc the surface twice and prepare to plant corn.
 You have now worked this land one year without getting a crop—that is, you began last fall a year ago, planted it to crops this summer and fall, plowed them all under and this spring you are growing corn on a piece of land which perhaps has not been farmed in ten years, and you are going to get more corn off it this year, in all probability, than you have been getting off of your best acres on other parts of the farm, and you will have done it all by deep plowing and green manuring, with the addition of a little cheap fertilizer. Your land is now brought up. The value has changed from say \$5 an acre to \$40 an acre for actual farming purposes.
 Next week we shall continue this discussion of rye as a green manure, and hope to bring before you some interesting facts which we have not been able to bring out in the above discussion.

 N. C. Dept. of Agriculture.

**Under and by virtue of an order of the Superior Court of Alamance County made in a special proceeding therein pending, entitled "Alamance Loan & Trust Company, Administrator, v. Carl Hornaday et al.," the undersigned, Commissioner, will on MONDAY, SEPTEMBER 11, '11 at 12 o'clock, noon, at the Court House door in Graham, Alamance County, North Carolina, offer for sale to the highest bidder that real property in the City of Burlington, Alamance County, North Carolina, known as the Dixie Mill Property, described as follows:
 A tract or parcel of land in the county of Alamance and State of North Carolina, in Burlington Township, adjoining the lands of the North Carolina Railroad Company and others, and bounded as follows:
 Beginning at a rock, corner of Graves Street, on the North Carolina Railroad Company's land and at the southwest corner of a roller mill formerly belonging to Samuel R. Ireland and Company, and running thence with the southeast side of Graves Street, N. 53 degrees 24 chs. E. 170 feet to an iron bolt on the southeast side of said street; thence S. 36 degrees 36 chs. E. 140 feet to an iron bolt on the line of the North Carolina Railroad Company's land; thence S. 53 degrees 24 chs. W. 140 feet to an iron bolt 100 feet from center of the said Railroad Company's right-of-way; thence N. 36 degrees 36 chs. W. 140 feet to the beginning, containing 23,800 square feet, but to be the same be there more or less, upon which there is situated a roller mill.
 This is a very valuable piece of property, and will be sold as a complete roller mill property, and the purchaser will get a property that can be immediately operated as a roller flour mill. Upon this real property is the building, machinery and appliances necessary for the proper conducting of a roller mill business and all of this property is sold as a flour milling plant.
 Said property will be sold at public outcry to the highest bidder upon the following terms, to-wit: One-third of the bid to be paid in money down and the other two-thirds to be secured by notes in equal amounts at six and twelve months; and said notes to carry interest from day of sale until paid, and title to be reserved until payment of purchase money is complete.
 This property is resold because of an advanced bid, and at this sale the bidding will start at the sum of \$5,610.00.

 Nobody can forgive a cool wave that misses connection.

Thirty years' of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guess-work in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and it's the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequaled for laryngitis, asthma, hay-fever, croup, quinsy or sore lungs. Price 50c \$1.00. Trial bottle free. Guaranteed by Freeman Drug Co.

Attack Like Tigers.
 In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt-rheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Budahn, of Tracy, Calif., "I have ever found." They make rich, red blood, strong nerves and build up your health. Try them. 50c at Freeman Drug Co.

ECZEMA CURED
Pimples Disappear and Complexion Cleared Over-night.
 New York:—Thousands are taking advantage of the generous offer made by the Woodworth Co. 1161 Broadway, New York City requesting an experimental package of Lemola, the new skin discovery, which is mailed free of charge to all who write for it. It alone is sufficient to clear the complexion over-night and rid the face of pimples in a few hours. On the first application of Lemola the itching will stop. It has cured thousands afflicted with Eczema, Teeters, Rash, Itching and Crusting of skin scalps of infants, children and adults. It is good for the preservation and purification of the skin, scalp, hair and hands for the prevention of the clogging of the pores the usual cause of pimples, blackheads, redness and roughness and also the treatment of burns, scalds, wounds, sores, chapping as well as the toilette and nursery.

CONSERVATION OF HUMAN LIFE

Nation is Taking Preventive Steps.

Sickness and death, it has been computed, cost the Nation \$3,000,000,000 annually. If the value of the labor lost as their result is capitalized. The fact that most of this sum may be saved by proper hygienic measures as well as humane considerations led to the formation of the Committee of One Hundred on National Health, to prolong human lives and to foster efficiency, health, and happiness. To aid in its work the committee organized an American Health League with many thousand members to disseminate health information and to bring about needed health legislation. The Nation is awakening to the importance of the health situation and the press has aided the work of the committee. Thousands of articles and editorials on public health questions have appeared based on information we have furnished. The following editorial from The New York Journal is an example.

SOME STARTLING FACTS.

"In the United States every year there are 1,300,000 deaths. Among these, only a few are due to old age which will be, barring accidents, the only cause of death when human beings become really civilized and intelligent. "Of the 1,300,000 deaths every year 630,000 are due to preventable causes. "Thirty-five thousand are killed by typhoid alone. And remember that typhoid fever is caused always and only by the swallowing of filth in food or in water. "In addition to the 35,000 that die of typhoid in our country every year about 300,000 get typhoid and are cured. We have plenty of money and plenty of good doctors. And when we have eaten the filthy food or have drunk the dirty water, we spend money and intelligence to get well. "It is a pity that some money and intelligence—including preventive measures by the doctors and efforts of the health departments—could not be used to prevent the disease instead of being devoted entirely to curing it."

Caught in a Rain.

Douglasville, Tex. — "Five years ago I was caught in the rain at the wrong time," writes Edna Rutherford, of Douglasville, "and from that time, was taken with dumb chills and fevers, and suffered more than I can tell. I tried everything that I thought would help, and had four doctors, but got no relief. I took Cardui, the woman's tonic. Now, I feel better than in many months." Cardui does one thing and does it well. That's the secret of its 50 years of success. Try Cardui.

SURVEY OF RAILROAD COMPLETED

Salisbury, Aug. 10. — Vice President N. B. McCanless of the Salisbury-to-Monroe Railroad gives out the information that the survey has been completed to Monroe and that after a few slight changes are made the grading will begin and the road will be completed and in operation by 1914, three years.

Paint Lick Sick Lady

Paint Lick, Ky.—Mrs. Mary Freeman, of this place, says: "Before I commenced to take Cardui, I suffered so much from womanly trouble, I was so weak that I was down on my back nearly all the time. Cardui has done me more good than any medicine I ever took in my life." You need not be afraid to take Cardui. It is no new experiment. Composed of gentle-acting, herb ingredients, it has been found to safely relieve headache, backache and similar female troubles. Try it for your troubles.

Spit, Quit, Fit.

Hines, Ala. — In a letter from this place, Mrs. Eula Mae Bradley says: "I used to spit up all I ate. I was tired and sleepy all the time. My head ached, and I could hardly drag around. Since taking Cardui, this has entirely quit, and now I feel quite fit." Mrs. Bradley suffered from nervous indigestion. Cardui builds up the nervous system, and strengthens the womanly constitution. That's why Cardui helped Mrs. Bradley and why it will help you. Try it.

AUCTION SALE

1,000 Acres of Valuable FARM LANDS

25 to 200 Acres in Each Tract, in Alamance County, near Burlington, N. C.

Tuesday, August 29th, 1911

The Celebrated Holt Farms, the finest farms in North Carolina.

FREE CARRIAGES WILL MEET ALL TRAINS. : : : FREE BARBECUE

Terms: One-Fourth Cash, balance in 1, 2 and 3 Years

GOOD SCHOOLS, RURAL TELEPHONE, FREE MAIL DELIVERY, GOOD ROADS

These are the celebrated L. B. and W. E. Holt farms, five miles from Burlington, near Alamance Cotton Mills, in one of the best sections of North Carolina. They have been used as stock and grain farms and the work of improving and developing the soil has been going on for a generation, until to-day they are in a high state of cultivation. The soil is the rich, productive dark red soil which has made Piedmont North Carolina famous.

This Company originally purchased 1700 acres with three home places and have sold two of the home places together with about 700 acres, and have decided to divide the remainder up into smaller tracts so that all may have a chance to get some of this valuable land at auction price and on easy terms. With such productive soil in such high state of cultivation small tracts should appeal to the public. In the famous western sections immense crops are produced on 25 and 50 acre farms, where intensive farming is conducted and on these lands a farmer should secure a large yield on small acreage. In fact we consider that the sale of this land in small farms will be the beginning of a revolution of the farming industry in this section and will result in a neighborhood of small highly cultivated farms, which will mean so much to our community. This property is situated in a splendid neighborhood. The new macadam road has just been completed to the Alamance Mills, within a few hundred yards of this property and will probably at an early date be completed through these farms, as the main highway to the southern part of the county and to the celebrated Alamance Battle Ground passes through these farms, and a bill has already been introduced in Congress to make this road a National highway. The road has recently been graded and improved and when macadamized will be one of the best in the State. The State High School is located only two miles away. There are churches and schools near these farms. Rural telephone lines and rural mail delivery gives it all the modern conveniences, while they are only five miles from Burlington, the chief town of Alamance county.

We have divided this property up into small farms of from 25 to 200 acres, there being 30 farms in all. On the 208 acre farm is the handsome L. B. Holt farm, with modern barns, granaries, etc. Each farm is well watered and has fine timber and wood in abundance.

The following is a description of each farm in the sub-division:

- DESCRIPTION
No. 1—Contains 51 and 55-100 acres, adjoining R. A. Coble and Alamance Road. Well watered, about 30 acres under cultivation, balance in wood.
No. 2—Contains 51 and 35-100 acres, adjoining the Alamance Road and the L. B. Holt home place. Well watered; 40 acres high state of cultivation balance principally in pine timber.
No. 3—Contains 208 and 29-100 acres, known as the L. B. Holt home place; fine orchards, modern barns, granaries, outhouses, handsome residence of eight rooms, large oak grove, two tenant houses, well watered and plenty of wood.
No. 4—Contains 71 and 14-100 acres; adjoins R. A. Coble and the home tract; about 50 acres in cultivation, balance in wood and timber. This is one of the most desirable tracts, as purchaser can build in grove, with his farm lying in front of residence.
No. 5—Contains 28 and 17-100 acres; about 28 acres under cultivation, balance in wood. Well watered.
No. 6—Contains 40 and 74-100 acres; faces road from Alamance factory to Beaver Creek; about 25 acres under cultivation, balance wood and timber. Well watered.
No. 7—Contains 49 and 81-100 acres, on new road from Alamance factory to Battle Ground road; about 35 acres under cultivation, balance in wood and timber.
No. 8—Contains about 100 acres, lying between Beaver and Alamance Creeks, about 15 acres in cultivation, balance in fine hickory, oak and poplar timber. This land lying on the two creeks is some of the richest on the farm.
No. 9—Contains about 75 acres; lying on Alamance Creek; well wooded and watered; about one-half in cultivation, and on this tract is a fine tract of bottom land, one of the finest in the county.
No. 10—Contains 34 and 44-100 acres; adjoins new road from Alamance factory. This tract is all in timber good soil when timber is cut.
No. 11—Contains 50 and 14-100 acres, well watered; practically all in timber; fine soil.
No. 12—Contains 29 and 50-100 acres; about one-half in cultivation, balance in wood, on main public road from Alamance factory.
No. 13—Contains 32 acres; adjoins Alamance and Belmont roads; practically all under cultivation and well watered.
No. 14—Contains 13 1/2 acres on Belmont road; practically all under cultivation and well watered.
No. 15—Contains about 25 acres; about 20 acres under cultivation, the balance in wood. Well watered.
No. 16—Contains about 25 acres; ten acres under cultivation, balance in wood. Well watered.
No. 17—Contains 20 acres on new road from St. Paul's Church to Alamance factory. One-half under cultivation, balance in wood. Well watered.
No. 18—Contains about 20 acres; about 15 acres under cultivation, balance in wood. Well watered.

TERMS AND PAYMENTS EASY

We have made the terms and payments easy so that all may have an opportunity of buying. Any man with small capital can afford to buy, because he can soon pay for the farm from his produce. We consider this a chance of a life-time to secure modern farms on easy terms at low prices. The sale will begin promptly at 11 o'clock. Carriages will meet all trains to take those interested. Free of cost to the farms where the sale takes place. A barbecue will be served on the grounds free to all. Take a day off and attend this sale. Buy some of this valuable land and secure a modern farm for your own use. You will never have another opportunity like this, because the only other land like it for sale at such low prices is the land of Mr. D. M. Ider, a joining the property. Farm land in the west is selling for \$150.00 to \$200.00 per acre. With our good climate our rotating crops, rich red soil, it is only a question of a few years until our lands will sell at same prices. Opportunity is knocking at your door, and you will make a mistake if you fail to take advantage of this Grand Auction sale of farm lands.

Moving Pictures.

At Airdome and Grotto.

Some of the best Moving Pictures ever seen in Burlington are now being shown at the Airdome and Grotto. They are showing three thousand feet of Moving Pictures every night, entire change every night, no Picture shown twice.

It has often been suggested to the Manager to run nothing but Moving Pictures, that it would appeal to a better class of people, so the manager has decided to run nothing but Pictures until Oct. 1st.

The Ministers of Burlington are especially invited to attend these Shows and should they see anything that is not good for the people of our city, it will be appreciated very much by the Manager to have them come to him personally and tell him just what it was which offended, so that he may be better prepared to do better next time or at least not make the same mistake over again.

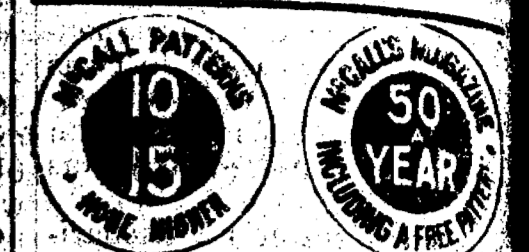

It is not impossible to run a clean show, and should the Manager have the support of the people, (not the kicks) he could and would give the Best.

Several of our ministers have preached that the Shows given in our city are immoral, but have never once come to the manager and told him where he had made a mistake. No person should criticize the possibilities of good or bad effects to patrons of a theatre unless he or she has not only witnessed the performance, or at least seen those who have been degenerated from the effects of the performance seen.

Joseph Jefferson, one of America's foremost actors, was accepted by one of those narrow-minded people who did not believe in shows who said to him: "Mr. Jefferson, I would like to witness your performance, but I am a deacon in the church and it would not do for me to be seen there. Haven't you a place for me in your theatre where I can witness the performance unob-

jecting my presence on the stage?" My friend, there is no place in my theatre where you can be present. You can be present in my theatre and it is as you make it. You may find good or bad in my theatre, as you will find any place in the world, the Church, not excepted. As you think in your own heart, so is it. AIR DOME.
