## SOCIAL EVENTS

### Miss Barnwell Entertains.

Miss Mamie Barnwell delightfully entertained a number of her friends at her home on Morehead Street Thursday night commencing at her college friend, Miss Margaret Conyers of Rocky Mount. The guests were seated around four tables which had been specially prepared for the evening.

The chief game was "Progressive Traveling". Vocal solo by Miss Edith Carroll recitations and instrumental music by the hostess were the enjoyable features of the evening.

Those who had the pleasure of enjoying the hospitality of Miss Barnwell were:

Misses Imogene and Ruth Thurston, Margaret Freeman, Edith Carroll, Bessie Bason Mable Isley, Nonie Moore and Bettie Lyde May, with Messrs J. G. Walker, of Graham Edgar and Vitus Holt, Earle Lashley, Summie Sharpe, Gordon Curtis and Paul Morrow.

### Baraca Day.

Baraca Day was observed by the Baraca Class of the Webb Avenue M. E. Sunday School last Sunday. The members of the class had charge of the preliminary exercises of the Sunday school, rendering special music, etc., after which they assembled in their new handsome class room for the first time. 42 members were present. The most interesting and impressive feature of the class exercises was a speech by Mr. J. H. Boon, President of the Baraca Class of the M. P. Sunday School. He talked very forcibly, giving some helpful points in Baraca work, by which the Baraca class may be made a success and a great benefit to the young men of the community. The members of the class were very fortunate in having Mr. Boon speak to them, and each one present expressed his delight and appreciation of the speech, which will be long remembered by all.

This Baraca class is living up to the Baraca motto, "We do things," and is to be congratulated for its splendid achievements. It may be truly said that this class occupies a very high standing in the Baraca work of Burlington.

### Picnic.

The Sunday school picnic of the Methodist Protestant church was held Friday at Glennwood farm near Alamance mills. The school was well represented and all present seemed to have a good time. The day was spent rambling around visiting the places of historic interest and making photo views of the beautiful scenery. A dinner rarely ever surpassed was spread before the picnickers.

Another Sunday school, this one from Haw River, was present at this grand picnic outing farm.

### Complimentary to her Guest.

The lovely home of Miss Annie Maude Faucett on Front Street was set aglow last Friday night in honor of her guest Misses Ruby Elliott and Nellie Piper two of Durhams popular young ladies known for their splendor and beauty.

The evening was one of pleasure enjoyed by:

Misses Nellie Fleming, Ruth Dameron, Iris Holt, Edith and Ella Bea Carroll, Nonie Moore, Ada Beale Isley, Julia and Lizzie Engleman, Messrs. Vitus Holt, Clarence Freeman, Edgar Holt, J. W. Lasley jr., Henry and Sipe Fleming, Lonnie Hall, Summie Sharpe, Latimer Hornaday, Gordon Carver Lawrence Moore and Orlando Pridden jr. of Durham, and Orlando Barnes and W. N. Huff of Elon College.

### Card of Thanks

I take this means of thanking the good neighbors and friends who so kindly rendered me assistance during the illness and death of my wife. May the Lord in His infinite wisdom reward you all.

W. H. Patterson.

### Mr. and Mrs. Smith Entertain

A delightful reception was given at the home of Mr. and Mrs. C. O. Smith of Belmont Tuesday night in honor of his sister Miss Olivia Smith of Burlington.

The porch and lawn was brilliantly lighted with Japanese lanterns while the parlor and hall was elaborately decorated with golden rods ferns and other potted plants.

After the arrival of the jovial crowd and after they were seated on the porch a flower contest was conducted in which Miss Willie Trollinger won the prize a lovely box of chocolate caney while the booby a bouquet of wild flowers went to Mr. Jerry Lea.

Another amusing feature of the evening was "Why Some of us have never Married," which proved the source of much laughter. Delightful refreshments consisting of Cream and Cake and melon were served.

Assuring Mr. and Mrs. Smith of the cordial welcome which they had given the guest and wishing melons ripened more than once a year the crowd reluctantly took their departure.

Those who were so fortunate as to enjoy the evening were:

Misses Willie and Allie Patterson, Maytie Spoon, Addie Ray, Flora Drake, Lillie Turner, Willie Trollinger with Messrs. W. H. Bullard, W. G. Bridges, Jerry Lea, J. P. Andrews, L. L. Patterson and W. T. Trollinger.

And Miss Vellie Styles of Ashboro and Tixie Neelley of Greensboro.

These with a few of their Belmont friends composed the jolly crowd.

### Baraca-Philathea Picnic.

The Baraca and Philathea classes of the Methodist Protestant Sunday School will picnic at the home of Mr. Cad A. Albright just below Graham, tomorrow (Thursday) evening. It is earnestly desired that every member of these classes will go, and all who expect to do so are requested to meet at the church at 6:30 tomorrow evening. From there the picnickers will go to Mr. Albrights home in wagons. Supper will be provided by the Philatheas.

### Holton-Walker.

A marriage of much interest among the social circles of our town occurred Wednesday evening at seven o'clock at the Presbyterian manse at Greensboro when Rev. Melton Clark, pastor of the first Presbyterian church, joined in marriage Mr. M. L. Holton, of R. F. D. No. 2 and Miss Pearle Walker of Union Ridge.

The wedding was a quiet affair no one being present except Mr. Carey Isley and Miss Annie Holt who accompanied the bride and groom to be to that city in an auto. Immediately after the ceremony Mr. and Mrs. Holton left for Oklahoma where they will spend two or three weeks the guests of his relatives.

Upon returning they will reside at the Murray Hill Club House.

Miss Walker is the popular and accomplished daughter of Mr. and Mrs. Jobe Walker a prominent farmer of near Union Ridge, having completed the art course at Elon College and had charge of that Department in our City Graded School for two terms, winning the love of her many pupils.

Mr. Holten has charge of the Murray Hill Club House, a famous hunting reserve owned by Northern capitalists, with beautiful lawns and grove which makes it an ideal home.

### Mr. Moore Entertains.

His many friends feel very grateful to Mr. H. F. Moore for the delightful reception given at his home last Thursday night in honor of his guest Miss Clendenin of Indiana.

Quite a large crowd was present to enjoy the melons and refreshments served. Mr. Moore is a good congenial fellow and takes pleasure in making his guests feel at home.

The evening was very much enjoyed.

## ROOSEVELT SAYS NOTHING DOING AS TO NOMINATION

Pittsburg, Pa., Aug. 21.—Former President Theodore Roosevelt, in a letter to Alexander P. Moore, editor of the Pittsburg Leader, made public today, says: "I must ask not only you, but every friend I have, to see to it that no movement whatever is made to bring me forward for the nomination in 1912. I should esteem a genuine calamity if such a movement were undertaken."

The Leader has been advocating the nomination of Mr. Roosevelt for President in 1912.

### Still Waiting.

The colored excursion from Greensboro to Durham Monday worked the Yankey trick on the colored brethren of Burlington. The train which had eight cars was filled before it reached this place. When the train reached Glen Raven it was seen that the engine did not have water enough to carry them through, so the engine was freed from the cars and brought to the tank and filled. The anxious crowd waiting, which was thirty or forty strong, was told the excursion would be on in a few minutes and so it was, but it did not stop and the crowd was left waiting.

### Last Notice as to Payment of City Taxes Before Advertisement of Property.

At the last meeting of the Board of Aldermen of the City of Burlington the following order was passed: "Ordered, That the City tax collector be, and he is hereby authorized and empowered to collect 'by due' process of law all outstanding tax due the City of Burlington by September 1st, 1911.

Jas. P. Montgomery, City Clerk.

This order explains itself and you see that I must collect the tax and cannot allow you longer time in which to pay. I must advertise your property if you fail to pay and you need not be surprised to see it advertised if you ask for longer time. All those who do not see me before Saturday afternoon, August 19th, will find me at that time in the Mayor's Hall for the purpose of receiving the tax. I give this last notice as a favor to those who have not paid.

Most respectfully,  
A. A. Russell, Tax collector.

### Saxapahaw Defeats Hillsboro.

In a beautifully played game Saxapahaw defeated Hillsboro on the latters ground Saturday P. M. the 19th, inst. by scores of 9 to 3.

Perry for Saxapahaw pitched his usual steady game and allowed only three hits, being especially effective with men on bases. His stick work also was good, getting a single and double out of four times up.

Hughes for Hillsboro was touched up for 18 hits and could not check the heavy hitting which started in the first inning by the Saxapahaw Club.

Hillsboro has a Fine team, being the strongest the locals have yet tackled, and a large crowd is expected at Saxapahaw Saturday the 20th, inst. to see the locals go against them for the second time.

Batteries—Perry and Smith, Hughes and Davis.

### At The Air Dome

Some feature films tonight and Thursday night they have the fall of Troy. This picture costs \$30,000 one of the greatest pictures ever made. They are giving 3000 feet of moving pictures every night for the small sum of only ten cents. A good clean show.

Misses Lois Workman and Chloee Freeland left Saturday for Hillsboro to spend two weeks the guest of relatives.

A judge in hand according to Taft is worth two in the recall bush.

## PRESIDENT GOES TO WORSHIP FINDS CHURCH DOORS CLOSED

Washington, Aug. 20.—President Taft went looking for an open church today and had a hard time finding one. With Secretary of War Stimson and Major Butt, both members of the White House bachelor colony at present, the President started out today shortly before 11 o'clock. They strolled through Lafayette square and up Fourteenth street to the church where the President usually attends. The doors were closed.

"We'll have to go over to Mrs. Taft's church, I guess," said the President.

Back they walked to H street, just across Lafayette square from the White House to the church where Mrs. Taft worships when she is in Washington. It also was closed and the trio of distinguished churchgoers finally turned in the direction of the Church of the Epiphany. There were people in the streets, but here and there another churchgoer recognized the President as the party plodded along. Services were in progress and urchers in a few minutes found seats for the three.

Many of Washington's prominent churches hold but one service each Sunday during the hot months. In such churches the service is usually held at night. The President had forgotten the custom today when he started out but after his long walk was over he remembered it.

## NOEL FIFTEEN YEARS IN PEN

Judge Daniels Saturday sentenced Chas. A. Noel, the young man who has been on trial for two days in Davidson Superior Court on the charge of abduction, to fifteen years at hard work in State pen. Mrs. Noel who is equally as guilty as her husband cannot be found. It is remembered that Noel and wife persuaded Clara Bell Gibbs and Vertie Kindley, mere children with short dresses on, one thirteen and the other fourteen, from their home at Lexington carrying them to Charlotte and keeping them there over night where they were found by their parents.

## JUST THE SAME GOODS

Did you ever stop to think the goods our merchants are offering now at prices away down are just the same goods they offered you during the spring and summer months. If you buy goods now and pay about half the price you would have paid then, you gain.

The Big Clearance Sale at Sellars which has been a success and sold thousands of dollars worth of merchandise is drawing to a close. Better go before it is to late.

B. Goodman can only give you a few more days to buy summer goods before he will be compelled to place his fall stock on the market.

I. J. Mazur bids his spring and summer stock farewell they must go.

Nothing equals the Burlington Drug Co.

Good trusts should never do things they are ashamed of, even in the making of campaign contributions.

In Tennessee a man has provided in his will for his mule. Perhaps Mr. Bryan will do as much for his some day.

Congress prolonged the extra session so far, that some of our constructive statesmen barely have time to re-build their fences.

### Early Cotton Open.

On August 18th we received the following letter from Mr. Roney with an open cotton bowl:

"Gibsonville, N. C., Aug. 18th, 1911.

"Sir: To-day I send you some cotton which opened on the 15th of this month. Now I want to hear from Mr. Beal. I had bloom in my field on the 28th of June. My cotton is the World's Wonder variety, and came from Southern Arkansas.

"Yours fraternally,  
"J. N. Roney."

### Missionary Society Entertain.

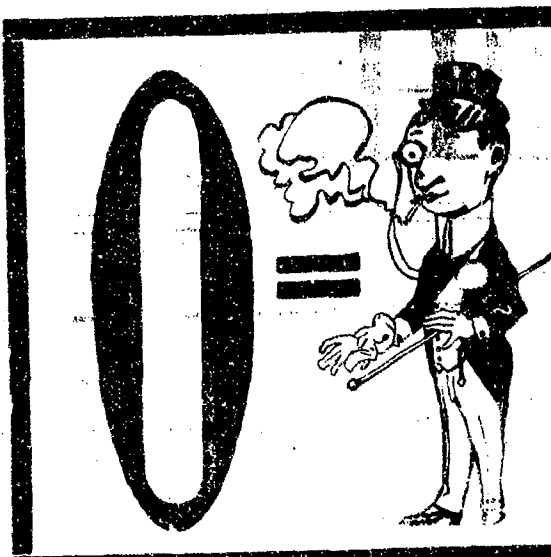

The members of the Woman's Foreign Missionary Society of Front Street Methodist Church entertained a number of invited guests Thursday night at that church.

About one hundred were present to enjoy the program which was called by Mr. John M. Cook, consisting of solo by Miss Jordon of Morganton, Recitations by Mr. John Lashly and Miss Dora Hornaday, "Middley," in which several took part. The refreshments were cream and cake and much enjoyed. The occasion was a very pleasant one, indeed.

## MRS. NOEL BEHIND BARS; ARRESTED IN SPARTANBURG

Spartanburg, S. C., Aug. 21.—Wanted on charge of abduction in Lexington, N. C., where her husband was sentenced on Saturday to serve 15 years upon conviction of the same crime. Mrs. Charles Noel, of about 26 years, was arrested here tonight charged with having enticed Clara Bell Gibbs Verta Kindley, aged 13 and 14 respectively, from their homes at Lexington. When arrested the woman was packing her belongings preparatory to leaving the city. She at first denied that she was Mrs. Noel, but upon being confronted by certain letters admitted her identity. She declared that she would not go back to North Carolina without requisition papers.

According to neighbors Mrs. Irwin was bitten by a mad dog in 1906. Physicians at the hospital declared that the inoculation of five years had been slowly working through her system, and it had at last emerged in an acute attack. She was found in her home suffering agonies. She attacked the policeman who was sent to take charge of her and the ambulance surgeon found it necessary to use a straight jacket to get her to the hospital. Her case is hopeless.

## LOST PURSE IS RETURNED MINUS MONEY IT CONTAINED

Shelby, Aug. 18.—Sheriff Wilkins had his lost purse returned yesterday with the compliments of the thief who stole the money and used the stamps with which to mail the purse and his official papers. There were not enough stamps, however, to pay the full amount of postage and the big envelope came with eight cents due. Sheriff Wilkins made a trip to Charlotte three weeks ago in an automobile and along the way lost his purse containing \$12 and official papers. He discovered the loss when he reached Charlotte and made a search along the way back home, but to no avail. The envelope he received was postmarked "Roanoke, Va."

### ATTACK OF INDIGESTION

America Has Been Feeding Admiration Togo Too High.

Boston, Mass., Aug. 17.—An attack of acute indigestion declared by his attendants to be slight, caused the cancellation of the programme of entertainment in honor of admiral Togo, the Japanese naval officer, here today. The proposed trip to Princeton, Mass., to receive the courtesies of the United States fleet at that part was also abandoned.

## THREE NEGRO DESPERADOES ARE KILLED BY WHITE MEN

Donaldsonville, Ga. Aug. 18.—Three negroes members of a party of blacks who barricaded themselves in a house and fired upon a party of whites, were killed at Jakin, Earle county, this afternoon and further clashes are feared.

The race riot of serious proportions has followed the killing of Marshal Gewberry Tuesday night at Jakin. Thoroughly aroused over the murder of the officer, people have burned a number of negro lodge buildings, school houses and churches.

Business at Jakin is suspended and white families are remaining in their homes, fearing further trouble. It is understood that the sheriff of the county is having difficulty in controlling the situation.

The whites are angry because the negroes refuse to tell the whereabouts of West, the negro alleged to have killed Marshal Newberry. It is claimed that the negroes are arming themselves. Rumors are current that the Governor will be asked to order out the State militia to preserve order.

### How Can the Prohibition Democrats Support Wilson for President?

"Woodrow Wilson, like all broadminded statesmen of presidential aspirations, is against prohibition as a political issue," said a Democrat. "I happen to know Wilson; knew his father before him—the venerable Dr. Wilson, Presbyterian minister—and both were strong advocates of personal liberty in thought and ethical practice. The father was a local optionist and so is Woodrow. When a committee of anti-trust leaguers waited on him the other day seeking his sympathy and support in a State-wide prohibition movement, they got poor comfort. This is the account of a Trenton correspondent of the conference: 'Governor Wilson made it clear to his visitors that he believed in local self-government and said that he thought prohibition should have no place in politics. He looked upon it as a moral and social question to be dealt with separately from the political issues of the day. So long as he had his way, the Governor said, local option or liquor selling would never be made an issue between the political parties. His observations and experience had convinced him that it was not the part of sound statesmanship to let political parties be wrecked on the rocks of prohibition.'"

### A Chicken Phenomenon.

A hen which set on 12 eggs and hatched 14 animals, eight of which are perfect chicks, and six appear to be hybrids, is a puzzle that is worrying George L. Tonoffski, deputy clerk of the United States court here. Mr. Tonoffski found that his hen hatched and while all the chicks had perfect chick bodies, eight had chicken heads, two had heads like alligators, two had puppy heads and two had cat heads. He says they were all able to take nourishment. That 2 of the eggs had double yolks, he says, explains the hatching of 14 chicks, but why there were resemblances to a portion of Noah's ark are found in his hen's nest he would like some chicken raiser to explain.—Raleigh Special to Greensboro News.

[Maybe the old mother hen witnessed a circus parade. That's about the only solution to this wonderful freak of nature]—Union Republican.

### T. R. IS A GRANDFATHER

San Francisco, August 17.—A daughter was born to Mr. and Mrs. Theodore Roosevelt, Jr., at 2:30 o'clock this morning. Mother and child are reported in satisfactory health.

Since their marriage the Roosevelts have made their home in this city, where Mr. Roosevelt is engaged in business.

New York, Aug. 17.—Theodore Roosevelt celebrated the news of the birth of his first grandchild today at his home in Oyster Bay by suspending his editorial work and taking a holiday.

Theodore Roosevelt, Jr., and Miss Eleanor Butler, Alexander were married here June 20 last year.

## GOVERNOR KITCHIN'S MOTHER DEAD

Scotland Neck, Aug. 15.—Mrs. Maria Arrington Kitchin, widow of the late Captain W. H. Kitchin and mother of Governor W. W. Kitchin, died at her country home, Gallberry, this morning at about four o'clock, after a lingering illness for several months. Mrs. Kitchin was about sixty-five years of age and had lived in this community all her life, and was well known all over North Carolina. The burial will take place tomorrow afternoon at five o'clock in the Baptist cemetery.

### Rev. Tate Released from Jail on \$3,000 Bond.

Danville, Aug. 18.—Rev. D. P. Tate, once a Methodist minister of North Carolina and later a real estate man of Danville, who was sent on to the grand jury on a charge of feloniously obtaining money under false pretense, was released from jail today on a \$3,000 bond, his attorney, R. W. Peatross, being his bondsman. He will be tried in the Mayor's court on several other fraud charges August 26.

### ATTACKED BY A SNAKE

Norfolk, Ct., Aug. 17.—Attacked by a large blacksnake while berrying in a remote section of the eastern part of this town a day or two ago, George Nash, 15 years old, was squeezed into insensibility before aid reached him in response to his cries. When found by John Mahoney, on whose farm he worked, he was unconscious. The snake had disappeared in the bushes at Mahoney's approach. Nash says he did not see the reptile until it had begun to wrap itself about him.

### Wife Loses Children.

Raleigh, Aug. 16.—With a shrill shriek and falling into the arms of her father, Mrs. Nellie Claire Fleming announced tonight the loss of her children more clearly than did Chief Justice Walter Clark. As soon as the opinion was read, Mrs. Fleming uttered a cry and was carried from the courtroom a few seconds after Dr. Arthur Fleming who was awarded temporary custody of the children, took the little ones and with their father, left the room. Miss Pauline Crouch, sister of Mrs. Fleming came near fainting and was assisted out of the room by a local newspaper man.

In announcing the opinion Judge Clark expressly stated that he awarded the children to Dr. Fleming a man of good moral character, subject to the orders of the court the award being with out prejudice as to Mrs. Fleming who is not financially able to care for them. Judge Clark said he made this disposition pending the settlement of the divorce suit, when the jury will determine the fitness of Mrs. Fleming. The husband Percy B. Fleming has already admitted his unfitness.

The children will be taken to Louisburg and the mother may see them at her own expense. There was a large crowd present when the decision was announced.

### Girl Makes Long Swim.

Boston, Aug. 20.—Another sturdy 17-year-old Boston girl, Alsie Akroyd made the difficult 9 miles' swim from Charlestown bridge to Boston light today. Miss Akroyd, of the scores who have tried the feat is the third person to reach the light. She is the second woman to succeed, little Rosa Pitonoff of the same age doing the swim last year.

Miss Akroyd's time was 7 hours and 12 minutes, 57 minutes behind the record time made by Samuel Richards, Jr., of Boston two weeks ago, and 22 minutes slower than Miss Pitonoff's time. Three men competitors who started with Miss Akroyd today fell out of the race early.

As soon as a married woman gets \$60.00 saved up she becomes oppressed by the thought that she is merely accumulating a fortune for the second wife to spend.

We have yet to see—but the sport is young—a horse advertised for sale with a special recommendation in the form of a guaranty that he will not be killed when an aeroplane falls in his immediate vicinity.

Entered as second-class matter May 30, 1908, at the post office at Burlington, North Carolina, under the Act of Congress of March 3 1879.

Wednesday, August 23, 1911.

The days of the mosquito may be numbered, but they usually present the bill before time for the days of grace.

That the baseball season is about over the enthusiast must give room for the circus and the clown.

The citizens committee found they were up against it when they butted into that business board.

Everybody will not be pleased with the sidewalk proposition, because some will utterly refuse to pay their pro rata.

That Governor Woodrow Wilson of New Jersey is the Democratic favorite for the presidency at present is not questioned. But who will be one year from now is a horse of another color.

The question is, what is the board going to do with the cigar machines that hand out the real article on Sunday? Lock it up? No. They handed this over to the city attorney for adjustment.

Only a few more days and that pleasant vacation with its many socials and gay parties as planned by the school boy and last May, will be a thing of history, only to be commemorated by the echo of the bell.

The case of Henry Clay Beatie, Jr., of Virginia which was begun Monday by the drawing of the jury who are all farmers except two will be watched by thousands of people.

Some newspaper hit the nail square on the head when it said: "Its no joke to hold a place in the Senate under present conditions." But the senatorial aspirants of North Carolina do not appear to think they will mind the conditions.

Now that Congress and dog days are over, and the golden season of the year approaches, we look forward with beating hearts to brighter times. Pumpkins are ripening, persimmons are filling out, young rabbits are flirting along the roads and the circus is coming. Our prayer: Save us for one more view of the clown.—Greensboro News.

## National Highways.

Senator Cullom of Illinois is going in strong for good roads in contemplating the expenditure of \$148,000,000 in the construction of 12,000 miles of good roads leading out in all directions from the National Capital. The seven roads as planned in the bill will go into almost every state in the Union. Three of the most prominent leading from the Atlantic to the Pacific, connecting the Gulf with the Great Lakes. One of the proposed roads will lead from Washington through Richmond, Raleigh, Wilmington, Savannah, and Jacksonville to Miami, Florida. One of the others will go by way of Charlotte, Atlanta, New Orleans, and Austin, Texas. While it is to be understood this is a great undertaking and will hardly be undertaken as yet by Congress.

Some day when dreams come true as they will at no distant day, judging from the growing needs of our people and these national highways completed, the toot of the auto will take the place of the steam engine for excursioners and pleasure seekers. And our nation will rank with Europe and that of the ancient world builder in the construction of national highways.

That this idea of road construction will gain ground rapidly among our statesmen can be readily seen.

## Hurry Street Work.

Autumn is rapidly approaching and that our street work is being pushed we admit but none too energetically. The people who have been anxiously awaiting the completion of the work so that a decent thorough fare may be opened from one end of the city to the other are assured that the work will be done. Let us hope so at least. Let us hope that winter will find sidewalks on our most important streets which will wonderfully assist the pedestrians and especially the school children. Let the good work be pushed as rapidly as can be.

## Building Up Burlington.

A number of pertinent questions arise in the consideration of the task in which all Burlingtonians should be interested, that of building up Burlington. The Merchants Association and Chamber of Commerce are nonplussed to know why many Burlington houses send to other cities for the purchase of articles that are manufactured or produced here and that satisfy buyers. They are not the less oftentimes puzzled to know why our men, women, boys and girls go to other cities to do their shopping when the same wearing apparel can be purchased in our town from our merchants at the same or less cost and save the transportation. If there are reasons to justify this we have no more to say, if not, such should not be practiced.

Numerous shoppers from our suburban towns find Burlington an excellent place to shop. Why not we?

It's a matter of loyalty our citizens owe our merchants and merchants our manufacturers. To patronize the home market means to place money in circulation and to promote enterprise as well as local manufacturing and jobbing. The matter is one of serious thought and should be so considered.

Board Meeting.

The regular semi-monthly meeting of the Board of Aldermen met Monday night in the City Hall. Everything moved quietly along until the sidewalk question came up for discussion. The citizens committee, composed of Messrs. J. C. Holt, Ernest Murray, J. G. Holt and W. W. Lashley, who were to be given certain power in the expenditure of this money were there, and opposed to the citizens paying half the cost for the sidewalks. After much discussion pro and con the board who felt their superior power over the citizens committee voted that one-half the cost of the sidewalks be paid by the people.

Mr. Lindsey Fonville was present and asked that he be given the right to cover the old prize house annex of his warehouse, with metal, it being in fire limit and being a wooden building. A special committee was named to investigate and draw in the fire limits if necessary.

### TAFT TALKS FOR PEACE

Ocean Grove, N. J., Aug. 15.—President Taft continued his campaign before the people in behalf of the British and French General Arbitration Treaties here to-night.

Speaking before the Ocean Grove Camp Meeting Association, the President reviewed in comprehensive fashion the terms and meanings of the facts; urged the people to use their influence to press the treaties and declared that he did not fear the effect of delay.

The longer the Senate holds these treaties—and he does not expect action upon them at the special session—the President argued, the greater will be the opportunity for him to preach the gospel of peace and arbitration and the greater will grow the sentiment for the agreements.

"If the Senate," said the President, "or any member of it, should think that its powers are greater or less than they are, and the limitation they insist upon interfering with progress toward peace, or any other great national or international policy, the question, whether they are right or not must ultimately be referred back to the people whose representatives the members of the Senate are; for we all, as I say, have derived our power from the people as the ultimate source of power, and in such case of disagreement the proper place for a discussion of such an issue is before the people. The cause is sufficiently great to warrant the straining of efforts to secure treaties like these.

"If I am wrong, in my judgment, and I do not claim infallibility, and know that the enthusiasm of the cause may sometimes warp judgment, I am quite willing to abide the ultimate judgment of the people, but I deem it my duty, until I shall receive an adverse decision, to urge my views upon the Senate and to invoke the attention of the people to these questions and such expressions of opinion from them as shall influence a ratification of the treaties as they were signed."

### IN QUEST OF A WIFE

**Young Wall Street Broker Will Search Europe for Her.**

New York, August 17.—Alfred R. Risse, a Wall Street broker of Mexican birth, German education and American residence, started today on a four-week tour of Europe in search of a wife. London, Paris, Vienna and Rome will be visited—unless the quest is ended early—and New York will shelter himself and his bride within less than 30 days, according to present plans.

Mr. Risse, who is the brother-in-law of Fred Stalworth, a Mexican millionaire, says that English conservatism, French vivacity, Viennese nerve and Italian fervor share alike in his admiration. The young woman who most nearly combines all four attributes and is willing will become his bride. His only stipulation is that she must be of good moral character and a brunette, because "you can't always make out those blondes without a chemical analysis." He is 28 years old and says he has failed here to meet the girl of his dreams.

### Be Blue This Fall—But Not Too Blue.

Grace M. Gould, writing the fashion talk in the September Woman's Home Companion, says that blue is to be the favorite color of this fall. She adds: "Don't regard the choosing of a color for your autumn costume as a trivial matter. Colors are not always what they seem. They have traits that are anything but dependable. There is the blue that seemingly, staunch, old reliable shade. Just look out for it. It may make you happy and fashionable in the daytime, but at night you may be bluer than you want to be."

### Attack Like Tigers.

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt-rheum and sores multiply and strength and appetite fail. #### Tuberculosis is a Transmission.

Disease occurring in some form in practically all known warm-blooded animals. The disease is due to the growth in the body of a minute fungus plant, known as the Germ, or Bacillus Tuberculosis. Enormous numbers of these germs are given off in the spit, pus, and natural evacuations of any animal having the disease.

Tuberculosis is "The Captain of the Men of Death." Ten per cent of all deaths are due to Tuberculosis alone, a large additional percentage is due to diminished resistance against other diseases in persons weakened by previous Tuberculosis. It is an appalling situation, and if those who are victims of the disease are not instructed how to protect themselves and others, it means that their chances for recovery are much diminished, that the lives of their associates are jeopardized, and that they are a menace to the public at large.

In order for any one to contract consumption, the germ causing the disease must get into the body. This germ is so small that it cannot be seen without the aid of the microscope. When any one has consumption of the throat or lungs, hundreds of these germs are in each mouthful of sputum (spit) coughed up. If the spit is not properly cared for, and is deposited upon the floor, sidewalk, or in some public place, and there allowed to dry, and powder into dust, these germs then rise with the dust, as in sweeping, and are inhaled into the lungs of any one who happens to come in contact with them. Not only do we get the disease by inhaling these germs, but they settle upon our food and drink, and we take them into our bodies in the manner. Flies also carry the germs from the sputum, and deposit them upon our food and drink. We may contract the disease by getting the germs into wounds. It may also be contracted by kissing one who has consumption. Milk from tuberculosis cows is often responsible for the disease, and consumption in cattle is much more common than is generally known. Discharges from tuberculosis sores, scrofula, white swelling—bone consumption, are dangerous and may give one the disease.

Clinton, Ky.—Mrs. M. C. McElroy, in a letter from Clinton, writes: "For six years, I was a sufferer from female troubles. #### Caught in a Rain.

Douglasville, Tex. — "Five years ago I was caught in the rain at the wrong time," writes Edna Rutherford, of Douglasville, "and from that time, was taken with dumb chills and fevers, and suffered more than I can tell. I tried everything that I thought would help, and had four doctors, but got no relief. I took Cardui, the woman's tonic. Now, I feel better than in many months." Cardui does one thing and does it well. That's the secret of its 50 years of success. Try Cardui.

#### Why the Harem Skirt Failed.

Grace Margaret Gould, writing the fashion talk in the September Waman's Home Companion, says: "Now here is the point: Paul Poiret, the new dress leader of Paris, took a long step in leadership when he designed the harem skirt; but it was a step too far. In fact, for all his reputation, even he had to 'side-step.' The American woman would have none of this unfeminine, vulgar, Turkish-trouser skirt—it was both harem and scarem to her. She realizes that the more mannish she appears, the less feminine she is, and men know it and treat her accordingly.

"Essentially feminine dress is a mark of both privilege and distinction.

"The shock of this harem skirt caused the American woman to think, and to think wisely, and never will did the rest. She not only would not have the harem skirt, but she would have absolutely feminine fashions and common-sense fashions, too, wherever she could get them.

"From the extreme of freak, she flew to the extreme of sense. Of course, the cunning Frenchman went along and got there a little ahead, too. He must maintain his leadership in style, even if he has to eat his own words to do so."

#### Revenue Officers Have the Brushy Mountains Surrounded.

North Wilkesboro, Aug. 18.—Revenue officers today placed in the county jail Tom and Bob Lane, implicated in the shooting of Officer R. F. Henry Monday. Another Lane, believed to be the one who fired the shot, has not yet been caught, but probably will be. The number of officers on the job is unknown, but eight were seen in one squad in the mountains today and it is said that the section is so surrounded that none of the guilty parties can escape. R. F. Henry, the wounded man, is recovering rapidly.

#### Spit, Quit, Fit.

Hines, Ala.—In a letter from this place, Mrs. Eula Mae Bradley says: "I used to spit up all I ate. I was tired and sleepy all the time. My head ached, and I could hardly drag around. Since taking Cardui, this has entirely quit, and now I feel quite fit." Mrs. Bradley suffered from nervous indigestion. Cardui builds up the nervous system, and strengthens the womanly constitution. ## 1,000 Acres of Valuable FARM LANDS

25 to 200 Acres in Each Tract, in Alamance County, near Burlington, N. C.

### Tuesday, August 29th, 1911

### The Celebrated Holt Farms, the finest farms in North Carolina.

### FREE CARRIAGES WILL MEET ALL TRAINS. : : : FREE BARBECUE

### Terms: One-Fourth Cash, balance in 1, 2 and 3 Years

### GOOD SCHOOLS, RURAL TELEPHONE, FREE MAIL DELIVERY, GOOD ROADS

These are the celebrated L. B. and W. E. Holt farms, five miles from Burlington, near Alamance Creek, in one of the best sections of North Carolina. They have been used as stock and grain farms and the work of improving and developing the soil has been going on for a generation, until to-day they are in a high state of cultivation. The soil is the rich, productive dark red soil which has made Piedmont North Carolina famous.

This Company originally purchased 1700 acres with three home places and have sold two of the home places together with about 700 acres, and have decided to divide the remainder up into smaller tracts so that all may have a chance to get some of this valuable land at auction price and on easy terms. With such productive soil in such high state of cultivation small tracts should appeal to the public. In the famous western sections immense crops are produced on 25 and 50 acre farms, where intensive farming is conducted and on these lands a farmer should secure a large yield on small acreage. In fact we consider that the sale of this land in small farms will be the beginning of a revolution of the farming industry in this section and will result in a neighborhood of small highly cultivated farms, which will mean so much to our community. This property is situated in a splendid neighborhood. The new macadam road has just been completed to the Alamance Mills, within a few hundred yards of this property and will probably at an early date be completed through these farms, as the main highway to the southern part of the county and to the celebrated Alamance Battle Ground passes through these farms, and a bill has already been introduced in Congress to make this road a National highway. The road has recently been graded and improved and when macadamized will be one of the best in the State. The State High School is located only two miles away. There are churches and schools near these farms. Rural telephone lines and rural mail delivery gives it all the modern conveniences, while they are only five miles from Burlington, the chief town of Alamance county.

We have divided this property up into small farms of from 25 to 200 acres, there being 30 farms in all. On the 298 acre farm is the handsome L. B. Holt farm, with modern barns, granaries, etc. Each farm is well watered and has fine timber and wood in abundance.

The following is a description of each farm in the sub-division:

DESCRIPTION	DESCRIPTION
No. 1—Contains 51 and 55-100 acres, adjoining R. A. Coble and Alamance Road. Well watered, about 30 acres under cultivation, balance in wood.	No. 9—Contains about 75 acres; lying on Alamance Creek; well wooded and watered; about one-half in cultivation, and on this tract is a fine tract of bottom land, one of the finest in the county.
