Gave Up Hope

"I suffered five years, with awful pains, due to womanly troubles," writes Mrs. M. D. McPherson, from Chadbourn. N. C. "They grew worse, till I would often faint. I could not walk at all, and I had an awful hurting in my side: also a headache and a backache.

I gave up and thought I would die, but my husband urged me to try Cardui, so, I began, and the first bottle helped me. By the time the third bottle was used, I could do all my work. All the people around here said I would. die, but Cardui relieved me."

TAKE

For more than 50 years, Cardui has been relieving. woman's sufferings, and making weak women strong and well. During this time, thousands of women have written, like Mrs. McPherson, to tell of the really surprising results they obtained by the use of this purely vegetable tonic remedy for women.

Cardui strengthens, builds, restores, and relieves or prevents unnecessary pain and suffering from womanly troubles. If you are a woman, begin taking Cardui, today.

The Patients he has restored to Health after they had given up all hope of being Cured are numbered by the Thousands. • He is a kind, generous, emocratic gentleman to meet, of high cholarly attainments, and dignified per: mality. Coupled with a Brotherly inter-

t, in all who seek his advice. He does of take a Patient for Treatment unless he can foresee a Cure of the Case. The most commendable feature of his work, and one that appeals to the ordinary sick person, is the fact of his charges being so reasonable and moderate as to make it within the reach of even the very poor At no time do the charges amount to more than \$7,00 a month or about \$1.50 a week. He gives his own medicines, and there are no extra Charges. It takes him never more than from four to six Months to Cure a Case under Treatment. All Cases, even those who have been given up as Incurable or Hopeless, have health by this Brilliant Physician and the wonderful methods he employs.

If you want to meet him and have him examine you, go to see him, and talk the matter over with him. It will cost you nothing if he does not put you under treatment. If he takes your case, it will cost you a very small sum to get well.

Remember the Date and come early.
