A REPUBLICAN NEWSPAPER DEVOTED TO THE UPBUILDING OF AMERICAN HOMES AND AMERICAN INDUSTRIES.

VOL. IV.

BURLINGTON, N. C., NOVEMBER 1, 1911.

NO. 25

## PIEDMONT RAILWAY AND ELECTRIC CO. ELECT OFFICES

The following officers and directors were elected at a recent meeting of the Piedmont Railway and Electric Company:

J. W. Murray, President, J. H. Hardin, Vice President, Jas. M. Mullen of Richmond, Secretary, E. S. Parker of Graham General Council, Dr. J. N. Taylor Surgeon Directors: J. H. Hardin, J. M. Cook, J. W. Murray, Jas. Mullen, an attorney of Richmond, E. S. Parker Jr., Jno. R. Paschall, President of Westmoreland Lumber Co., Richmond, C. Boice, President of Boice Lumber Co. Warner Moore, President of Dunlap Flour Mills and H. D. Echelberger, capitalist of Richmond.

The express service which has been put on between Burlington, Graham and Haw River runs punctual on the following schedule: Leaves Main Street Burlington 9:05 a. m. for Graham leaves Graham 10:00 a. m. for Haw River leaves Haw River 12:20 for Burlington.

Leaves Burlington in the afternoon 2:20 Graham 3:40 and Haw River 4:20 each day. The rates for carrying goods are very reasonable as will be seen by the following: Each package from and to either of the above points weighing under 25 lbs. 10 cents and from 25 to 100 lbs. 15 cents. Packages weighing more than 100 lbs to 400 lbs received and transported at the above rate for such excess over 100 lbs.

These express cars give great convenience for people in all of the three towns. Which is evidenced by the number of merchants who have already patronized it, the Burlington Grocery Co., who shipped produce to Graham last week, being the first. Making it possible for the merchants to do business on less capital by ordering over phone and receiving goods every day if necessary. The consumer is even more convenience by the express service of this company than the merchant, making it practically the same as living in a town with the accommodations of all three Burlington, Graham and Haw River.

Stations will be erected for the benefit of the traveling public at Haw River, Junction, opposite Travaria Mills and at Plaid Mills. Work will be begun on the Theater, skating rink and dancing hall at the Park at an early date. It is hoped to have these completed by the first of March. The thirty five acre growth at the Park will be laid off into gravel walks. Rustic seats and swings will be placed in the grove. With an expenditure of several thousand dollars it is hoped to make the Park the playground of the three towns Burlington Graham and Haw River.

## MAN SHOT NEAR OSSISPEE

A bad shooting affair occurred Saturday night near Ossispee Cotton Mills when Abner Conklin shot and dangerously wounded Thomas M. Crumpton, both of Ossispee. The men with other men had been out of possum hunting when they decided to play cards during which they became enraged and quarreled, Conklin shooting Crumpton through the back. Conklin is still loose. Crumpton was carried to Greensboro to St. Leo's Hospital Monday but is in a serious condition and his recovery hardly expected. Several reports have it that he is dead but this is only rumor appears not to be substantiated.

### Box Party.

The Bellemont Public School will give "A Box Party" for the benefit of the school, on Saturday night, Nov. 4th. Splendid music furnished by a string band. Let everybody come out and partake of a good supper, enjoy the good, old-time music, thereby helping a good cause.

The man who howls the loudest about the out rage of speeding is the first to run over somebody when he gets into an auto.

## ORGANIZATION OF PIEDMONT DEVELOPMENT CO.

The Piedmont Development Company has recently been organized with Mr. Jno. M. Cook as President, J. H. Hardin as Vice President and A. L. Davis Secretary and Treasurer. This company jointly with the North State Realty Company will work the suburban property on the car line between Burlington and Graham. This property will be laid off into streets and lots, beautified and will be put on the market at an early date at reasonable prices.

Both the Piedmont Development and North State Realty Company are strong companies. The capital of the one being \$120,000. They are prepared to assist people wishing to own their own homes by building houses and allow same to be paid for on the rent money plan. This section will be known as Burgrahaw.

Buy a home in Burgrahaw with rent money, will be the slogan.

### Consecration Service.

Rt. Reverend Joseph Blount Cheshire, D. D. Bishop of the Diocese of North Carolina, together with several of the Diocesan Clergy, will consecrate the new Episcopal Church building on next Sunday, November the Fifth, at 11:00 A. M. The church will be consecrated at The Church of the Holy Comforter. The front doors of the church will be open to the public promptly at 10:30 when the first bell rings. A most cordial welcome is herewith extended to the public.

At 7:30 P. M. There will be Evening Prayer and Sermon by The Reverend Milton A. Barber, a former Rector; and the Bishop will administer the Holy and Apostolic Rite of Confirmation, or The Laying of hands, upon a class that has been prepared by the present Rector, The Reverend John Benner Gibble.

A vested choir of about 35 boys, men and women recently trained by Mr. E. Seton Blyth, pipe organist and choir director, will render the music.

## OFFICERS FIND NOTHING IN DALTON "GRAVES"

Dalton, Ga., Oct. 25.—After digging, panting and sweating for about an hour over two "graves found on East Lake hill, Recorder J. A. Longley and Policemen Jackson, Manus and Harden discovered nothing.

The finding of the two "graves" sent a shiver over the city. They were unusually natural, being just large enough to comfortably hold the dead body of a medium-sized man, and it was with a feeling of misgiving that the police drove their shovels into the dirt.

A rain had fallen since the graves had been filled in, and the dirt was closely packed, causing no little trouble in shoveling it out.

After firm earth had been struck and there was no sign of a dead man, the "diggers" were informed by a little girl, who had curiously looked on, that an old man had made the excavations "in a search for gold."

The tired and nerve-shattered men didn't have the energy to demand why she had not spoken sooner.

A large crowd of curious ones had gathered to view the grown-up find, but the occupants of the patrol wagon which had been used to convey the police to the scene of the "tragedy," jumped out at a convenient corner and quickly disappeared.

Postal Savings Banks For Asheboro and Siler City.

Washington, D. C., Oct. 26.—Asheboro and Siler City were designated today as depositories for postal savings funds, effective November 23.

## IN DEFENSE OF HONOR

### Mrs. McRea Calmly Tells Story Of Opelousas Tragedy

Opelousas, La., Oct. 30.—Mrs. Zee Runge McRea, charged with the murder of young Allan Garland in her home September 21, last, sat for six hours today in the witness chair telling a dramatic story of the incidents leading up to the tragedy and reiterating her statement that she killed Garland to protect her honor and because she feared he would do her bodily injury.

Several times during the course of her testimony the witness manifested signs of excitement, speaking distinctly, but at intervals so rapidly that it was impossible for the court stenographer to take down her statements.

Throughout the day the courtroom was crowded with spectators, many of whom stood in chairs in moments of intense interest, in their efforts to see the defendant on the witness stand.

Mrs. McRea denied absolutely the existence of any undue friendship between herself and Garland but admitted that she and the deceased often were together adding that her children were always with them.

The defendant's testimony was complete, but details of certain incidents at the time of the killing apparently were obscure in her mind because of the excitement of the moment.

After questioning the witness concerning facts previous to the killing, Mr. Dubisson for the prosecution, asked: "Now, Mrs. McRea, tell me why you shot Allan Garland?"

Did you shoot him because he insulted you or because he insulted you or because you feared he would do you some bodily harm?"

"Because I feared he would do me bodily harm," replied the witness.

"Did you believe he was going to assault you there in your home at 10 o'clock in the morning with your two children there and two servants in the yard?"

"No, sir, I thought he was going to take my gun from me and I shot him to defend my honor," replied the witness.

### The M. P. Baraca Day.

The Baraca Class of the Methodist Protestant Sunday School observed last Sunday as "Baraca Day." Thirty-one members of the class and ten visitors were present. The attendance was not as good as expected, otherwise the event was a success. An excellent program was rendered, consisting of male quartettes, addresses etc., which made the hour pleasant, interesting and profitable.

The occasion was the celebration of the second anniversary of the class as a Baraca class, and to raise funds for the erection of a class room. The offering, together with pledges, amounted to about \$150.00.

The chief feature of the occasion was an address delivered by the president of the class, Mr. J. H. Boon. Mr. Boon discussed the Baraca movement in general, explaining the origin and platform of the Baraca organization. Mr. J. G. Rogers, Supt. of the Sunday school, also made a short talk, particularly to the Baracas.

This Baraca class is one of the most progressive and enthusiastic classes of the town, and is carrying out the motto of the Baraca organization, "We Do Things."

### May-Garvin.

Mr. Emanuel May and Miss Ethel Garvin were married Thursday night at the home of the bride's parents by Rev. J. A. Hornaday. The affair was a beautiful quiet home wedding. Immediately after the ceremony they left for Greensboro in an auto en route on train which leaves there about midnight for Alabama, where Mr. May will canvass for nursery stock. They will be gone until about December 15th. Both are popular and have many friends who wish them much happiness.

Aeroplanes have gone to carry mail and soon the jaded messenger boy may be supplied with wings.

## SHOOTING AFFAIR

Jim Workman was shot at the City Power house shortly after midnight Saturday night by Dan Austin, colored. Workman, Austin, the son of O. P. Dickerson and Ben Shavers colored were at the Power house when Workman and Austin got into a dispute as to which was the best man, a scuffle followed and as a result Austin discharged a revolver three times one ball entering one of Workmans eyes and one entering the thigh. Workman was carried to the home of his mother in north Burlington and medical assistance summoned. He is in a very critical condition and hardly expected to recover.

In connection with the physicians of the town Dr. Turner of High Point was called. Miss Daisy Wilson a trained nurse recently completed her course in Philadelphia is with him.

The negro was placed in jail awaiting further developments of Workman's condition.

Workman lives with his mother in North Burlington and has for the past two or three years been delivering bread for the Dixon Bakery. He is about seventeen years old, but unusually large for his age.

Austin is a married man about twenty-five years old and has been firing for Dixie Mills.

### Horse Badly Bruised

Sunday evening while returning from a drive Mr. "Bud" Dixon left his horse standing in front of the residence of Mr. J. C. Squires while he went into the house to speak to Mr. Squires. While standing there an auto and the street car came along at the same time and in passing the auto driven by Mr. Marlette ran into the horse badly bruising it, so it is at the hospital for treatment.

### At Montwhite Theatre

The Thief one of the greatest plays ever seen in the south will be given at Montwhite Theater Friday night November 3rd.

Direct from a years run in New York the triumph of the century one of the best plays of the season.

Cars will wait after the show.

The New York Herald forecasts presidential election timber as follows:

Wm. H. Taft, of Ohio. Woodrow Wilson, of N. Jersey. Champ Clark, of Missouri. Robt. M. LaFollette, of Wis. Thomas R. Marshall, of Ind. Judson Harmon, of Ohio. The chances are given in the order here named.

## BRIDE OF SIXTEEN FOUND MURDERED

Albuquerque, N. M., Oct. 28.—With the noose of a lasso about her neck and her body covered with bruises, indicating, according to the authorities, that she had been dragged around the room until dead, the body of Mrs. Gertrude Griego was found Tuesdays in her home at San Rafael, 100 miles west of here. She was sixteen years old and a bride of only a few weeks.

Torbio Griego, her husband, and his mother, who asserted that they spent Monday night in rooms adjoining the one in which they heard no unusual noise during the night, were arrested and brought here today. They will be held pending an investigation.

### Woodrow Wilson Comet

A very brilliant comet may be seen these mornings about 20 degrees northeast of Venus, the bright morning star. The Yellow Jacket Astronomical Department has dubbed the new visitor Woodrow Wilson, since the head of the comet, seen through the telescope, appears to be surrounded by a dense mass of gas and vapor and seems to change every day.

### Wrights New Machine

Kill Devil Hill, N. C., Oct. 24. In a fifty mile gale to-day Orville Wright went aloft and remained virtually stationary in his glider, with which he is conducting experiments in trial stability. He was up 9 minutes and 45 seconds and maintained an altitude of approximately 150 feet.

The record-breaking "flight" was the seventeenth of the series that began to-day when the rain ceased. The first glide lasted on ly 54 seconds, each lengthening until the final one. The success of the experiment is understood here to mark a long step forward in the science of aviation and to point the way towards solving the problem of automatically preserving the equilibrium of heavier-than-air machines.

When Lorin Wright and Alexander Ogilvie, the English aviator, brought out the machine for the initial flight the wind gauge showed that the gale was thirty-five miles and refreshing. Sand carried by the wind pelted the aviators, the tiny particles cutting like small shot. In the opinion of the experimenters no more trying weather conditions, under which to make the test of the machine, could be found.

The glider was equipped with a rear rudder of 24 foot spread. In front, to preserve the balance, a 10-pound bag of sand was swung on the end of a rod extending eight feet in front of the aviator's seat.

The ailerons, or balancing wings on the sides of the machine were adjusted and Orville Wright lifted himself into the seat.

"Let it go," he shouted. Lorin Wright and Ogilvie thrust the glider into the face of the rising gale and it shot up. Again and again this was repeated, each flight becoming lengthier until for almost ten minutes Wright soared like a brooding buzzard on the rush of a fifty-mile gale.

## TURKEY REJOICES IN FLIRTING BELLES

Maidens Have Cast Aside Their Veils and Learned to Make Googoo Eyes.

Los Angeles, Oct. 26.—"The maidens of Turkey have learned to make American goo-goo eyes—they have learned to flirt like an American belle or a Paris girl."

So said Sidney Bey, discussing the new regime in Turkey. He was formerly second secretary to the Turkish Embassy at Washington, afterward acting consul general in New York. Sidney Bey is here with his wife, handsome and talented, who had the distinction of being the only woman dwelling in the Turkish Embassy. He went on:

"In the old days a woman in Turkey couldn't flirt, because her glances were wasted on the wrong side of her veil. Now she can use her eyes to advantage, and she knows it, and is glad she does not wear the veil."

"Under the old regime a lover never saw his bride until after the ceremony was over and the wedding feast done. Then he lifted her veil with some misgivings in his heart, for he had married the woman of his mother's judgement."

"In these days the American courtship is carried on in Turkey. The young man calls at the girl's house, and even goes so far as to take her out for a walk, just like the American or Englishman. Then he poses the question, and if she accepts they are eventually married, if some other fellow does not come along whom the girl might like better."

### Regular Hurricane Weather.

Jacksonville, Fla., Oct. 26.—Regular hurricane weather has passed throughout this vicinity with brisk wind and intermittent showers. St. Augustine a clear night with no indication of a storm in that locality. A special from Miami says the barometer reading tonight is 29.92 with a brisk southeast wind, but clear weather.

If it were not for Africa Europe might be reasonably law abiding.

## MEETING

### ALAMANCE TEACHERS ASSO'N

Graham, N. C. Saturday, Nov. 18, 1911. 10:00 A. M.

## PROGRAM

- 1—Reading Course Supt. S. G. Linsay.
- 2—School Administration Supt. J. B. Robertson. Union Dinner in the new town hall.
- 3—Demonstrations Lessons in 2 Grade (a) In spelling (b) In numbers Miss Lucy Barch.

Every teacher in the public school work in the county is expected to be present at this meeting. The association is a very vital part of our school work and must not be neglected. It is the public duty of every teacher to be present. Public duty should be placed ahead of private business or personal convenience, and the teacher who can not rise to this conception ought to change her vocation.

J. B. Robertson, Supt.

### Petticoat Brings Luck.

Fifty-five years in one family and worn by eighteen brides, the famous Stroud petticoat, is on its way to Texas to serve here for the eighteenth time as the "some thing old" of the bridal costume.

The first owner of the petticoat is Mrs. Aaron Nunnally, of Atlanta, Ga. Fifty-five years ago when Mrs. Nunnally was Miss Emma Stroud she made the garment while a pupil in the Baptist Female College of Madison Ga.

She wore it on her wedding day and it was then packed away, to be used years later by her daughters on their wedding days. It has served as part of the wedding finery of Misses Mattie Dora Laura and Mamie Nunnally. It has always been at the disposal of the family, and it is believed to have brought good luck to all who have entered married life under its auspices.

The garment has been shipped to McKinney, Texas, for a grand daughter Miss Rosa Hines, who is soon to become a wife.

### Wife Of Murderer Turns Cold Shoulder

The following letter from the wife of Ross French, the Cherokee Indian, who is in jail at Asheville, charged with the murder of Miss Ethel Shuler, of Birdtown, over two weeks ago, to the sheriff of Buncombe county, explains itself:

"Birdtown, October 13, 1911. "To the Sheriff of Buncombe County, Asheville, N. C.:

"Dear Sir: You will please see the jailor and tell him I don't want him to mail me any more letters from Ross French, as I will not receive them.

"Yours truly,

"MELINDA FRENCH."

## ONLY ONE "BEST"

Burlington People Give Credit Where Credit is Due.

People of Burlington who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and one that is backed by cures in Burlington. Here's Burlington testimony:

Mrs. R. L. Wheeler, Lakeside Avenue, R. F. D. 2, Burlington, N. C., says: "I am a strong believer in Doan's Kidney Pills, as they cured me of backache, and other annoying symptoms of kidney complaint after remedies had failed. My back was certainly in a wretched condition. I could hardly climb a flight of stairs and it was impossible for me to stoop. I was also bothered by dizzy spells and headaches. A relative finally advised me to try Doan's Kidney Pills and I did, so with satisfactory results. My health began to mend at once and I now feel like a different woman."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### A Father's Vengeance

would have fallen on any one who attacked the son of Peter Bondy, of South Rockwood, Mich. but he was powerless before attacks of kidney trouble. "Doctors could not help me," he wrote "so at last we gave him Electric Bitters and he improved wonderfully from taking six bottles. It's the best kidney medicine I ever saw." Backache, Tired feeling, Nervousness, Loss of Appetite, warn of kidney trouble that may end in dropsy, diabetes or Bright's disease. Beware! Take Electric Bitters and be safe. Every bottle guaranteed. 50c at Freeman Drug Co.

### President Taft's Look Into the Future.

President Taft, writing of "The Dawn of World Peace," in the November WOMAN'S HOME COMPANION, takes the following position with relation to the arbitration treaties now up for adoption between England, France and the United States:

"With the ratification of the treaties with Great Britain and France, we may hope that treaties with other nations will follow. After a time, if our treaties stand the test of experience and prove useful, it is probable that all the greatest powers on earth will come under obligation to arbitrate their differences with other nations. Naturally, the small nations will do likewise, and then universal arbitration will be more of an actuality than an altruistic dream."

Bryan's declaration that he will not be president has not yet provoked any democratic chorus of "Come on in, the water's fine."

### Trust Buster.

Let's see, it strikes us that this same Governor Harmon, was the Attorney-General in President Cleveland's cabinet, and he is the same gentleman that allowed the Sherman antitrust law to lie dormant on the statutes, didn't even pretend to enforce it, and to think that the great "trust buster" Democratic party would send away up to Ohio, and have him to come to the old North State to tell us how to "bust the trusts" after our own dear Willie had promised to turn the trick for us. —News-Dispatch.

### FREE IF IT FAILS.

Your Money Back if You Are Not Satisfied With the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxative or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold only at our store, The Rexall Store, Freeman Drug Co.

### Starts Much Trouble.

If all people knew that neglect of constipation would result in severe indigestion, yellow jaundice or virulent liver trouble they would soon take Dr. King's New Life Pills, and end it. It's the only safe way. Best for biliousness, headache, dyspepsia, child and debility. 25c at Freeman Drug Co.

### The Corn Boys and Tomato Girls

One of the most noticeable things for men who were looking for something of real worth at the State fair at Raleigh last week was the exhibit of the Boys Corn Club and tomatoes and other canned goods exhibited by girls of the Tomato Club. These are of real worth to boys and girls of the South, because they instill into their young natures a liking for the improved methods of agriculture and at the same time stimulate interest among older people. —Marshville Home.

### Got a Bloodhound

A bloodhound said to be one of the finest ever brought here is in the keeping of the authorities at the county jail. This dog is registered, has a fine pedigree and has taken prizes at fairs in Tennessee. He was due to arrive here two weeks ago, but was kept in Tennessee to trail a murderer of a chief of police whom he caught. He is the joint property of Sheriff N. H. McGeachy, Deputy J. McD. Monaghan, Dr. B. J. Fitzmorris and Policeman W. L. Cox. —Fayetteville Observer.

The Freeman Drug Co. has just opened up a fine line of T. W. Woods & Sons Turnip Seed. Any kind you want.

## O. P. HEATH & CO. FAIL

Salisbury, Oct. 23.—In Federal court here late this afternoon, O. P. Heath & Co., one of the largest cotton firms in the South with headquarters in Charlotte and branch offices in a number of cities throughout the cotton belt, filed a petition in voluntary bankruptcy. Judge James E. Boyd promptly adjudged the petitioner a bankrupt and referred the petition to W. S. O'B. Robinson Jr. of Charlotte, referee in bankruptcy. Maxwell & Keerans of Charlotte represented the petitioner. The liabilities of the bankrupt firm, as given in the petition exceed \$1,000,000, while the assets are only about \$200,000.

Carpenter, Baggott & Co. of New York has a suit against O. P. Heath for \$15,463.90 which was to have been heard in Federal court here tomorrow, and this suit probably hastened the bankruptcy proceedings. The suit was first instituted in Charlotte and was later removed to Salisbury.

Bankruptcy proceedings were evidently anticipated by the creditors, as Carpenter, Baggott & Co., the plaintiff in the above suit, wired to the clerk of the Federal court today to know if bankruptcy papers had been filed. Clerk H. C. Cowles wired back that they had not, and only a few minutes later the papers were filed.

### Balked At Cold Steel.

"I wouldn't let a doctor cut my foot off," said H. D. Ely, Bantam, Ohio, "although a horrible ulcer had been the plague of my life for four years. Instead I used Bucklen's Arnica Salve, and my foot was soon completely cured." Heals Burns, Boils, Sores, Bruises, Eczema, Pimples, Corns. Surest Pile Cure 25c at Freeman Drug Co.

## Five Rules for Women Talkers.

In the November WOMAN'S HOME COMPANION a contributor advises women on talk. Five rules are laid down:

1. Don't tell long stories, or even short ones, unless you have an especial gift for it.

2. Remember that talking about yourself is an indulgence, and, as such, should be strictly limited.

3. If another woman tells you of some sensation or experience of her own, don't immediately cap it with one of yours. "Swapping tastes" is one of the lowest order of conversation. I have been in circles where the talk consisted in each woman's taking her turn in telling how she thought or felt about some commonplace subject, such as the digestibility of shell-fish, or liability to colds.

4. Never lose consciousness of the proportion of the talk you are usurping, and, if you talking more than your share be sure that the quality matches the quantity.

5. Discriminate always between talk for own pleasure and talk for your friends'. People constantly tell the stupidest anecdotes because these have become charged with some extraneous charm impossible to transmit. Perhaps the occasion when it took place was important because some particular person was there, and every detail of it has taken on a radiance visible only to the narrator.

### Aviation Meet in Salisbury.

Spencer, Oct. 26.—A big aviation meet has been arranged for Salisbury November 17 and 18, when exhibitions will be given by the Curtiss Aviation company. The Curtiss machine will be used and the daily flights will be made from Fair park under the auspices of the Salisbury-Spencer Street Railway company. It is expected that several hundred visitors will be in Salisbury for the event.

## Worked the Preachers Through A Marrying Game.

A dozen preachers are condoling with each other over the loss of good money, of which they were defrauded by a confectioner and a woman accomplice, who repeatedly presented themselves for marriage and also presented false \$20 bill in payment of a \$10 fee.

Under the names of Gustave Foster and Amanda Thomas, an elderly but apparently loving pair, at various times presented themselves at the parsonage of the several preachers and desired to be married.

After the ceremony had been performed the man said:

"I wish, sir, that I could reward you with \$20 for this kind act of yours, which makes a happy ending to a courtship lasting many years, but my purse is somewhat slim and I can afford but \$10."

So saying, he tendered a \$20 bill and the clergyman, well pleased to have performed this noble office, as well as to get a windfall of \$10, gave him back \$10 in real money.

"I tried to buy a book of sermons with my \$20 bill," said the preacher who told story, "but was repulsed by an angry salesman; who threatened to have me arrested."—Chicago Dispatch.

### Saved Many From Death.

W. L. Mock, of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do," he writes, "is to recommend Dr. King's New Discovery for weak, sore lungs, hard colds, hoarseness, obstinate coughs, lagrippe, croup, asthma or other bronchial affection. For I feel sure that a number of my neighbors are alive and well today because they took my advice to use it. I honestly believe it's the best throat and lung medicine that's made." Easy to prove he's right. Get a trial bottle free, or regular 50c or \$1.00 bottle. Guaranteed by Freeman Drug Co.

## CAUSES MUCH DISEASE.

Advice About Stomach Troubles and How to Relieve Them.

Do not neglect indigestion which may lead to all sorts of ills and complications. An eminent physician once said that ninety-five per cent of all the ills of the human body have their origin in a disordered stomach.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be among the most dependable remedies known for the relief of indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin one of the greatest digestive aids known to medicine. The relief they afford is very prompt. Their use with persistence and regularity for a short time tends to bring about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets help to insure healthy appetite, aid digestion, and thus promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk: If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes: prices 25 cents, 50 cents, and \$1.00. Remember, you can obtain them only at our store—The Rexall Store, Freeman Drug Co.

## Stubborn Case

"I was under the treatment of two doctors," writes Mrs. R. L. Phillips, of Indian Valley, Va., "and they pronounced my case a very stubborn one, of womanly weakness. I was not able to sit up, when I commenced to take Cardui."

I used it about one week, before I saw much change. Now, the severe pain, that had been in my side for years, has gone, and I don't suffer at all. I am feeling better than in a long time, and cannot speak too highly of Cardui."

**TAKE CARDUI The Woman's Tonic**

if you are one of those ailing women who suffer from any of the troubles so common to women.

Cardui is a builder of womanly strength. Composed of purely vegetable ingredients, it acts quickly on the womanly system, building up womanly strength, toning up the womanly nerves, and regulating the womanly system. Cardui has been in successful use for more than 50 years. Thousands of ladies have written to tell of the benefit they received from it. Try it for your troubles. Begin today.

## FROM THE TROPICS TO HEAL US

In Central America many natives are gathering the seeds of this plant, Cedron Seed, a rare medicine that has valuable curative powers. But few drug stores carry this seed, owing to the high cost of the article.

This country is a large consumer of this costly seed because it enters into the famous catarrh remedy, Peruna, sold the world over.

## Thanksgiving.

In his Thanksgiving proclamation President Taft calls attention to the prosperity of our nation, the bounteous harvest and freedom of hatred with any nation. Living in peace, harmony and plenty we have much to thank our kind Creator.

Therefore President Taft calls upon every person to set aside the 30th day of November and enter into his place of worship and thank the Lord for His goodness and bounteous mercy.

## Rough and Roudy

The crowd of youngsters who styled themselves the Halleen, party was rough and roudy last night, instead of contenting themselves with innocent amusement and fun they went in to paint the town red, tearing down signs removing doorsteps and piling old boxes and other rubbish upon the streets and sidewalks, not satisfied with this they tried to beat up the garbage cans and break everything in sight. The policemen either looked on in silence or took to the woods. There is no greater crime except murder than destroying public and private property and these youngsters ought to be taught a lesson. If their parents have no more interest in the proper bringing up of their children than to allow them to stay out upon the streets and other places all night not knowing or seeming to care where they punish the roudies and if need be humiliate the parents. What a pity that young boys cannot restrain themselves from these acts of lawlessness, and if they cannot, then they should be punished like other criminals. It is up to the city officials to protect both public and private property, and if they fail to do it, they are guilty of malfeasants in office and should be indicted and removed. What has become of the law abiding conservative christian men and women of this town. You had better be up and doing if you would restrain the lawless and evil doers before they take the town.

## Who Is Responsible?

Our neighbor, the News, complained last week that the boys and school children were pestering the street car people, and even going so far as to rock the cars, breaking windows, doors, etc. Now we deplore such conduct, and it should be stopped, but what more can you expect, when they are taught and encouraged by Democratic parents and Democratic politicians to interrupt, hoot at, and otherwise make themselves boisterous and disagreeable at public speakings participated in by Republicans and other parties opposed to Democracy, they have even been taught and told that it was smart and the proper thing to do to tear up Republican literature and announcements of Republican speakings, going so far as to

tear down and destroy the picture of the candidate of the Republican party for President, and having been taught this, now that they turn their attention to other acts of mischief pending the time for the campaigns to open. You cry aloud against these practices, as though they were something new and unheard of. You are just reaping what you have been sowing these many years, and while it is wrong, dead wrong, and should be stopped, you should remember the biblical injunction that whatsoever you sow, that also shall you reap. Take these ostentatious and mischievous youngsters in the closet, close the door tight, and make this concession to him: "Yes, I have taught you to do these things to the Republicans and others who dared oppose us Democrats, but you must not do it to us, and therefore I am going to flog the hide off of you." This will not atone for the things you have taught him, but it may be some satisfaction to your own feelings, and unless you have changed wonderfully since the last campaign it will not atone for the future, but let us hope that your own folly has taught you a lesson.

## We Were Sincere.

In voicing our regrets in last week's Dispatch, against the retirement of Bro. Crowson from the journalistic field, and especially the editorship of the News, we were truly sincere. But it seems that Bro. Crowson is like the old woman who said that she could not die satisfied unless she had the last word on her old man. Now if Brother Crowson cannot leave Burlington without having the last word with the Dispatch we are willing for him to have that pleasure. We are, indeed, sorry to lose him from the newspaper field and the citizenship of Burlington. There are many things we might say that would be both unpleasant and embarrassing to Bro. Crowson in reply to his article in last week's issue headed, "Yes, From Experience," but we have no ill will against our neighbor and friend, and we are not longing for the last word. If leave us you must, and will, we want you to go with no rancor in your heart toward us, any of our stock holders or officers. We have fought you fair, and with what ability we possessed when you attacked our position, or the principles for which we stood, how well we have succeeded we leave to our three thousand subscribers and critics who regularly read the Dispatch three hundred and sixty-five days in the year. We have had many a pleasant bout with you regarding the local and national political conditions as they then existed, you have won your laurels, made your fortune and retiring, we do not want you to have to retire under fire, it's not manly, you know. You have filled a useful field in Burlington and surrounding country, and once upon a time you stood for peace, law and order, you were against every semblance of wrong, but for some time past you have taken such matters more easily, which has caused your friends much concern, they have been in a quandary whether to attribute your seeming change of heart to the fact that for the past two campaigns you have been the money dispenser for your party in this county, and having handled such large sums needed to coax the doubtful voters, you have become identified with the interests, or to the fact that you had made up your mind to quit the newspaper field that you thought it best to take these matters as mere incidents in the human political life, or having gotten tangled up as money dispenser and rounder up of the fleeters, you had to make promises that you would assume a more friendly attitude to

the powers that be, all of which have been cleared up since your last issue, and your invitation to us to join you for a moneyless campaign and an honest ballot. Now Bro. Crowson, teach your registrars and judges of election that it is just as wrong to steal votes from the Republicans as to take money from the bank, and we are with you and for you in everything that tends to uplift the moral standing of man. With this we wish you a bon voyage to, and success in your new field.

The Stevens-Duryea team in the Gliddon Tour finished at the head all the head of all the cars in the contest which were driven by amateurs. It led the cars entered and driven by owners, coming in second only to a factory team, entered by its builders, and driven and cared for by factory employees.

Two of the Stevens-Duryea came through with absolutely clean scores. Only 12 other cars out of the 64 which started from New York had perfect scores when they reached Jacksonville. The single penalty the Stevens team suffered was imposed on the driver of one car for careless driving and not for any fault of the machine.

The general feeling among the tourists when they reached Jacksonville, and among automobile enthusiasts generally, seemed to be that the Stevens-Duryeas, being stock cars in the hands of amateurs, gave the most remarkable performance of the run by coming in second. An examination of the team when it rolled into Jacksonville through the last 90 miles of deep sand in a drenching rain, showed the cars in as good condition as the day they left the factory, except for scratched and mud bespattered paint. They made an extraordinary record for reliability and consistent running.

A New York man is seeking heart balm from a lady who taught him the "eye-kiss." He evidently found her an optical delusion.

## Tobacco Growers:

We know that Warehousemen on the small markets promise you "highest prices." They mean, their markets; but they do not, and cannot mean "highest prices," because they know and we know, and we want you to know, that without keen competition, "highest prices" cannot be obtained.

The more people there are wanting a thing, the more that that thing will be in demand.

Now, our buyers want tobacco, they want it because the other fellow wants it, and wants it bad. Our market is not limited to the buyers of the Big Companies, we have from five to ten times as many Independent Buyers as any other market, and they buy several million pounds annually. To do this, they BID HIGHER than the Big Buyer, and in the meantime they are making the Big Buyer bid up to the "top notch," on their purchases. That, is the effect of competition, and that is why Danville stands pre-eminent as the "Leading Loose Leaf Tobacco Market."

Now, don't take any chances on doing "as well" on some other market, but sell in Danville, and KNOW that you are doing the BEST.

The Danville Co-Operative Warehouse Company is the best agency in the business today for the sale of "Loose Leaf Tobacco."

Operating six large warehouses, known as Acree's, Banner, Central, Holland's, Planters and Union, which are unexcelled as to location, lights, floor space, and accommodations, and conducted by the ablest corps of men ever engaged in the business, with ample capital, and every known facility, we offer you not only "highest market prices," but a CERTAINTY of "higher prices" than can be obtained elsewhere at any time.

Every assistance, courtesy and accommodation is personally extended to our patrons and friends, both at selling time and crop growing time.

We solicit your patronage on these grounds, and can, and will verify our claims.

Your friends truly,

**Danville Co-Operative Warehouse Co.**

Danville, Virginia.

## PREACHER WINS

### FIRST LAW POINT

Boston, Oct. 27. —Attorneys, for Clarence V. T. Richeson, the clergyman accused of the murder of Avis Linnell, succeeded in defeating the plan of the prosecution to compel the defense to produce before the grand jury letters taken from the minister's rooms after his arrest. Robert Burns, a private detective employed by the defense, who took the various articles from Mr. Richeson's apartments and who had been subpoenaed, failed to appear before the grand jury, and it was understood that the District Attorney intended to question him regarding the documents, but after a conference with Judge Geo. A. Sanderson today at which both sides were represented, the intention was apparently abandoned.

District Attorney Pelletier said afterwards that Burns had asked for a list of the papers and articles taken from Richeson's rooms, but declared he had transferred them to the attorneys representing the defendant. He added: "I do not know of any law by which I can compel counsel for the defense to produce those papers."

It is understood that the articles upon which the Government places much importance includes a number of letters written to Richeson by women, including Miss Linnell.

The special session of the grand jury which has been sitting on the case for the past two days, failed to complete the examination before adjournment was taken this afternoon, until Monday morning.

It is probable however according to District Attorney Pelletier that all the witnesses will be heard by Monday evening. This would indicate that a report as to whether an indictment has been found may be expected Monday night.

Persons who have been convicted of the crime of murder and sentenced to the State Prison for life, are not eligible for the office of Sheriff.

## GUILFORD FARMER DIES OF INJURIES

Greensboro, Oct. 26.—Turner S. Tickle a young farmer of East ern Guilford died early this morning of injuries he received yesterday when he was thrown from his wagon in a runaway. The wagon was loaded with new corn at the time, and both wheels passed over his body. He never fully regained consciousness after the injury. He was a son of the late C. A. Tickle, once prominent in state politics.

## LEAPED INTO PIT CONTAINING BEARS

Lima, Ohio, Oct. 28.—In an attempt to end her life while suffering from despondency, Miss Anna Harter, 33 years old, today leaped into pit at the city park in which were confined two large block bears.

The bears, however, refused to harm her and she was found in the pit some time later by Lee Stuckey, a park attache. The bears attacked him when he went to the woman's rescue and drove him from the pit, but he subdued them with a stream of water from a hose and dragged Miss Harter from the enclosure.

Miss Harter recently lost \$500 and this is believed to have preyed on her mind.

## Shoots Two Then Kills Himself

Parkersburg, W. Va., Oct. 29. A tragic climax to the sensational episodes in the life of Carroll A. James, during the past few weeks came this morning when, in an effort to exterminate his wife's entire family, he succeeded in killing Mr. and Mrs. William A. Pritchard, his wife's parents, at their home in Parkersburg, desperately wounding his wife and then killed himself.

James first shot his wife in the hip and then killed her parents. His four-year old daughter, clinging to his neck as he ran to the rear of the house and shot himself. She did not let go until he struck her a forcible blow in the face which, however, did not seriously hurt the child. The tragedy is the finale of a series of sensational episodes. A week ago James shot and wounded a man who he said, he found in his wife's room when he returned home unexpectedly.

One of the most remarkable affairs we have ever heard of transpired in Rockingham county the other day. A Baptist pastor had called in a brother preacher to help him in a revival. At the close of the meeting the congregation presented the regular pastor with a dray load of provisions and a purse of money. They also gave the visiting evangelist a purse, but it was just half as large as that which they presented to the regular pastor. Usually the visiting brother gets it all. The poor hardworking pastor who stays on the job for twelve months in the year is forgotten, and the congregation grows exceedingly liberal towards the visitor who tarries a week or ten days. And often the church that contributes so generously to the peripatetic preacher is behind in the regular pastor's salary. We are glad to find one church with a sense of proportion and a disposition to bestow reward where it is deserved.—Richmond Va.

## Tricks of the Baseball Field.

Blocking a base-runner is another of the tricks constantly resorted to. It has to be done skillfully, just enough to throw the runner out of his stride, but not enough to warrant the umpire in declaring it a case of intentional interference. Ty Cobb, probably the fastest base-runner in the country, some time ago tried an experiment. He made the circuit of the bases, when no basemen were present, in thirteen and one-fifth seconds, passing each bag close to the inside corner. Then at a subsequent time he made the circuit with each baseman in place acting just as he would in a game. Not one of the basemen did anything that an umpire would call interference, yet before Cobb got around he was actually interfered with five times. Each baseman stood by the inside corner of his bag, compelling Cobb to go on the inside, thus increasing considerably the size of the circle he made. The short-stop contrived to keep in the runner's path just long enough to shorten his stride between second and third, and then, running across the line from third to home as if to back up the catcher, he again made the runner shorten up his stride, yet avoiding actual contact in each case. It took Cobb two and a half additional seconds to make the circuit because of this interference. Such are some of the "tricks of the trade," and the rules are constantly being changed to stop them, with more or less success. But in spite of all hooliganism that creeps in, the sport remains a fairly clean one, on the whole. Gambling on the grounds has been eliminated to a remarkable degree, and there is seldom any basis for suspicion that a player has "thrown" a game. For a national game it is certainly far ahead of cock-fighting, bull-fights and horse-racing. Current Literature (November).

## Spit, Quit, Fit.

Hines, Ala.—In a letter from this place, Mrs. Eula Mae Bradley says: "I used to spit up all I ate. I was tired and sleepy all the time. My head ached, and I could hardly drag around. ## Making Ranches into Farms.

Driving along the streets of San Antonio—"SanAntone," the Texans call it—you pass at intervals luxurious homes shining with considerable newness. "Whose?" you ask. "Rich rancher—bought land for a trifle and sold out to farmers—worth half a million." Repeated is the story until one gains the impression that the small farmer has taken the Southwest. To a degree he has—or is on the way to do so. His immigration came naturally. When the homesteads of Kansas and Nebraska had been exhausted and the Oklahoma rush had over-run the fertile Indian reservations, the only outlet remaining was the ranch country of the farther Southwest.

There were millions of acres used only for grazing, yet with possibilities of agriculture. Up in the middle states were thousands of farmers seeking a place where they could obtain for investment more acres than they could buy at home. The railroads saw benefit to themselves by colonizing the unbroken reaches of the plains. Shrewd organizers were ready for a venture. Out of this came the greatest land movement known in the history of the West, not excepting the westward trek of settlers soon after the close of the Civil War.

It was thoroughly planned. Tons of "literature" were scattered through the agricultural States of the Mississippi valley. Special rates were made for home-seekers' excursions. Twice a month "home-seekers' day" saw the trains run in four or five sections, each filled from the front seat of the "smoker" to the rear berth of the last Pullman. Land companies were equipped with their own special cars, with dozens of automobiles at the destination and the pick of the wide-awake, hustling agents who could paint the prospects in most glowing colors.—From "The New Era of the Ranch Lands," by Charles Moreau, in the American Review of Reviews for November.

## Glidden Tour.

The keen rivalry between owners driving their own cars, and mechanics driving for factories by which they are employed has been one of the interesting and amusing features of this year's Glidden tour. Most of the cars were driven by their owners, and many of these were wealthy Southerners who entered the contest partly from an interest in good roads, and partly from the enjoyment of a fall outing.

To them the contest has been a holiday excursion with zest added by the element of competition. But to those towns which were manned by factory mechanics, it has been a matter of grim business, calling for all the skill and care possible. The result has been, that while overspeeding and heedlessness of consequences has landed some of the amateurs in the ditch, and pounded their cars incessantly, the professionals have got the most out of their machines over every foot of road, and saved them in every way they could.

The Atlanta Chamber of Commerce team of three Stevens-Duryeas—one driven by a vice-president of the Chamber, another by a former Georgia Senator, and the third by a prominent motor-car enthusiast—vied with the professionals from the start. The only trouble it had was the ditching of one of the cars, due to careless speeding on a crooked, slippery highway where the driver tried to negotiate too sharp a corner in order to pass some loiterers ahead. This mishap, early in the run, was a lesson, and the sufferer took no more chances, the Stevens-Duryea trio maintaining an otherwise perfect score.

## "ANTITOXIN"

How It Was Discovered and What  
It Is.

"As has been previously stated, it is not the diphtheria germ that produces the constitutional effects seen in diphtheria, but it is the absorption and diffusion into the blood of a poison produced by the growth of the germs in the throat and their action upon the cells of the body. When once this poison is in the blood no amount of local treatment to the throat or affected parts will have any effect on the poison. The poison is as specific in its action as any poisonous drug, and the quickest and surest way to overcome any poison is to administer the proper antidote. Antitoxin is a specific antidote for the poison of diphtheria, as is shown by the great reduction in the death rate of the disease since its discovery. This great life-saving remedy, which has robbed diphtheria of its terrors, was discovered in this way: It was found that after diphtheria germs had grown in beef tea for some time it contained a substance which, when injected into an animal, would kill it, even after all the germs had been destroyed. Experiments upon animals soon showed that by administering small quantities in the beginning the animal did not die, and, that after administering several doses, increasing the amount each time, an animal could soon stand at one dose, without any effect, what would easily have killed him if injected for the first time. It was now found that an animal thus treated would not develop diphtheria, even if inoculated with the virulent germ. Thus it was discovered that animals immunized in the manner described contain in solution in their blood serum a substance capable of neutralizing the poison, or toxin of diphtheria, and resisting the invasion of the germs. This substance on account of its action against the toxin of diphtheria was called Diphtheria Antitoxin. The earlier investigators used sheep, dogs and goats to carry on their investigations, but now all commercial manufacturers of antitoxin use horses. The horse is readily immunized and gives large quantities of blood, which clots readily and yields a beautiful clear amber serum. This serum undergoes further treatment, and is put up in syringes ready for use. The manufacture and preparation of all antitoxin for interstate sale, now on the market, is under Federal control, and all products must comply with the Federal requirements. Some people are prejudiced against the use of antitoxin, fearing that it affects the heart or produces paralysis. In this they have mistaken the results of diphtheria for that of antitoxin results which would not have happened had antitoxin been given early enough and in large enough doses. It is true that antitoxin sometimes produces slight skin eruption "hives," but that soon passes off with no ill effects to the patient.

We feel that we can truthfully say, the greatest danger in diphtheria is the failure to give antitoxin early enough and in large enough doses."

## Home-Made Perfume

A girl well known for her daintiness conceived the idea of compounding her own perfume at home, and now several of her friends are thanking her for the suggestion.

Of course this girl knew that the basis of all perfume is essential oil; that is, the original perfume or oil from which all odors are made. From an importing chemist she found that the price of half a dram of this oil was quite beyond her pocket and would make enough scent to last one person an entire lifetime. Not at all daunted in her determination to secure an agreeable perfume, she invited several friends to share her idea, plus the divided cost of the essential oil. They were delighted at the prospect of delightfully perfumed water for their dressing table and both at a comparatively small cost, so the original perfume was purchased.

Enough money was expended to secure an excellent quality of essential oil, and to it was added deodorized alcohol to make it of the desired heaviness. The oil was acrid in its raw state, but the druggist explained this was only because of its strength, which proved to be correct, for when the alcohol was added it became deliciously fragrant and delicate.

The amount of alcohol to be added depends entirely upon the quality of the oil and the heaviness of scent to be attained. Spirits of wine may be used instead of alcohol. The best way to try it by adding the deodorized alcohol or wine until no trace of acidity remains.

Obvious perfume is never a mark of refinement. Avoid odors that become stale easily, as they are often most disagreeable in their disappearing state. Lily odors are much more liable to cloy than the more evanescent ones, such as rose, violet, lavender or lilac. A bouquet of flowers is a novel idea liked by many.

## Aviators Narrow Escape

Fayetteville, Oct. 26.—While making a trial flight at the Fayetteville fair grounds in a Strobil biplane today Aviator K. Belton of Chicago fell thirty feet to the ground and narrowly escaped death through the fortunate landing of his machine on the edge of a ditch which threw him forward on his head; otherwise the weight of his engine might have crushed the nifty aviator, who arrived here only this morning to fly the machine which Harry Levan had abandoned on account of the perilous circumstances surrounding the flights which were to be made here.

Belton ascended perhaps forty or fifty feet and dropped when his engine went dead. For some moments the intense excitement reigned among the spectators. It was thought at first that the aviator was dead but he arose from the ground with his head and face blood-covered. His injuries proved to be only bruises, and he received medical attention and walked the length of the field to his tent and was later taken in a doctor's motor car to the Highsmith hospital.

## Fashion and Woman's Toes.

New York World.

A German professor warns American women that they will lose the little toe from each foot if they do not revolt from "the slavery of fashion" and wear larger shoes. Tight shoes, he argues, by deforming the great and little toes, retard the circulation; slower circulation means colder blood; colder blood is a reptilian characteristic. Ergo, the approximation of women to lizards.

The professor's anatomical syllogism is ingenious, but the flaw in it consists in the fact that fewer women nowadays wear tight shoes than within a generation at least. Their feet have been emancipated as a result of their greater devotion to athletic sports, and at a recent convention of shoe manufacturers it was announced that the average size of women's shoes had increased.

Nor is it likely that Nature would allow the complete atrophy of any of the toes even if fashion favored it. She shows herself loath to give up any part of the human mechanism. Having retained the vermiform appendix through the ages since man's ascent from the ape, it is impossible that she will ever dispense with even the smallest of the toes.

If it were not for Africa Europe might be reasonably law abiding.

## 90,000,000 Kings and Queens.

Nobody should be hungry in this country. This year the farmers have raised wheat enough to give each family 10 barrels of flour, 150 bushels of corn, 50 bushels of oats and 43 bushels of potatoes. Somebody has to dispose of all that food, and if it is not eaten in the United States it will be exchanged for cash in other countries and thus play a part in the general plan of living. There is a good deal talk about Americans wearing out those food supplies by much handling in the commercial places, and there is no doubt the cost of living is advanced by that much handling, because each handler demands a profit for his work. There is a possibility that the entire people might live cheaper if they would insist on taking the produce direct from the farms or the mills where it is prepared for the cooks, but the handlers, who are called middlemen by the reformers, and evidently a natural product of the American habit of depending on somebody to wait on each family or community. So long as we are all kings and queens and insist on being waited on by these servants of the public we must pay the price and let it go at that. It is more expensive than anything the old dynasties could afford, and that is why it looks so large to the ninety million kings and queens of the United States. —Worcester Telegram.

## Taft On the Parties.

Addressing the banqueters at Minneapolis, President Taft overflowed with political benignity, and, looking about the board, solemnly declared that it was practically impossible in these days to distinguish a Democrat from a Republican, saying that the parties present as many shades or complexions as the Philippine Assembly when he witnessed that body. This is a fine presidential sentiment to which to give expression at times, but the old question of what is a Democrat or what is a Republican remains just about as much in point as it ever did. Mr. Taft is very kindly and generous in his distribution of praise, irrespective of parties, and is not disposed to capitalize the enormous feat that he himself has played in placing effective nationalism upon such a high plane as to leave for the unsettled elements of the two parties the carcass of outworn political expedients.

In these days there is much ado made over direct government versus representative government, and the friends of the commission form of government for cities, the use of the referendum, the initiative and the recall are not disposed at the present time to pay much attention to their respective party standards. But so far as the Republican party is concerned, this is only a passing condition, as that party stands for the progress of federal aid in any direction the American people desires them to take and for the formation of an ever new body of public sentiment. It will be found that all Republicans will get together upon the Republican platform, even though they may have diverse in regard to some matters of procedure.

So that President Taft, had he been disposed to offer a definition with a distinction, might well have said that a Republican is one who provides the factors of progress and knows how to use them, while a Democrat is one who supplies talk about progress and abuses those who progress.

"A Welcome Chance to  
Those Who Suffer."

Coming to Burlington, N. C.  
On Tuesday, Nov. 14th, 1911.  
To Stay at Hotel Ward.  
**Dr. Francis S. Packard**  
of Greensboro, N. C.  
One Day Only  
Consultation and Examination  
Confidential. Invited and FREE.  
**ONE DAY ONLY.**

To see all of his regular Patients and such new Cases, as may wish to consult him. Dr. Packard enjoys a state-wide reputation, among the profession and the Public of North Carolina, where for more than 25 years he has devoted his entire time to the Study, Treatment and Cure of Chronic Diseases. The Doctor has had wonderful success in his chosen work, that of curing chronic sufferers, Men, Women and Children. The Patients he has restored to health after they had given up all hope of being cured, are numbered by the thousands. He is a kind, generous, democratic gentleman to meet, of high scholarly attainments, and dignified personality. Coupled with a Brotherly interest, in all who seek his advice. He does not take a Patient for Treatment unless he can foresee a Cure of the Case. The most commendable feature of his work, and one that appeals to the ordinary sick person, is the fact of his charges being so reasonable and moderate as to make it within the reach of even the very poor. At no time do the charges amount to more than \$7.00 a month or about \$1.50 a week. He gives his own medicines, and there are no extra charges. It takes him never more than four to six months to Cure a Case under Treatment. All Cases, even those who have been given up as incurable or hopeless, have been cured and restored to perfect health by this Brilliant Physician and the wonderful methods he employs. If you want to meet him and have him examine you, go to see him, and talk the matter over with him. It will cost you nothing if he does not put you under treatment. If he takes your case, it will cost you a very small sum to get well.

Remember the Date—  
and come early.

## ECZEMA CURED

Pimples Disappear and Complexion Cleared Over-night.

New York.—Thousands are taking advantage of the generous offer made by the Woodworth Co. 1161 Broadway, New York City requesting an experimental package of Lemola, the new skin discovery, which is mailed free of charge to all who write for it. It alone is sufficient to clear the complexion over-night and rid the face of pimples in a few hours. On the first application of Lemola the itching will stop. It has cured thousands afflicted with Eczema, Teet-ers, Rashers, Itching and Crusting of skin, scalps of infants, children and adults. It is good for the preservation and purification of the skin, scalp, hair and hands for the prevention of the clogging of the pores the usual cause of pimples, blackheads, redness and roughness and also the treatment of burns, scalds, wounds, sores, chapping as well as the toilette and nursery.

## Terrible Picture of Suffering

Clinton, Ky.—Mrs. M. C. McElroy, in a letter from Clinton, writes: "For six years, I was a sufferer from female troubles. I could not eat, and could not stand on my feet, without suffering great pain. I had lost hope. After using Cardui a week, I began to improve. Now I feel better than in six years." Fifty years of success in actual practice, is positive proof, furnished by those who have used it, that Cardui can always be relied on for relieving female weakness and disease. Try Cardui, today, now!

## RURAL CARRIER ITEMS

## HAW RIVER ITEMS.

Rev. Mansfield of Burlington who is selling books spent Saturday night and Sunday in Haw River very pleasantly.

Miss Julia Blackmon spent a few hours in Burlington last week on business.

Mrs. Annie Loy of Burlington spent some time with her parents last week, Mr. and Mrs. J. R. Stuart.

The Southern R. R. has had their platform repaired and it is much better. We think the business is such that our place should have electric lights put in at the station and some other convenience that is real necessary to the traveling public.

The Baptist church at Haw River expects to have a public installation of their pastor the 5th Sunday night in Dec. 1911. Rev. J. C. Hocutt is the man to be installed. Every one invited. All the churches of the town are invited to attend.

Rev. W. P. Campbell will preach at the Baptist church the first Sunday in Nov. it being the 5th.

Miss Nannie Lashley went to Hillsboro Saturday to spend Sunday with her brother George Lashley. She returned Monday and reported a pleasant trip.

The grey horse must have been sick. He has not showed himself in east Haw River in several Sundays.

Mr. J. B. Sykes and wife are enjoying happiness in the superlative degree over the arrival of a sweet little girl that arrived Sunday night in their home.

Messrs. J. S. Simmons, G. M. Bason and G. A. Blackmon in company with Joe Terrell and his mother attended court in Washington, N. C. last week as witnesses for Joe Terrell vs. the Telephone company. They returned home in due time and reported a fine country and good prospects for living down there.

Joe and his mother returned Sunday well pleased at the judgment

of the court in Washington, N. C.

Mrs. W. H. Anderson that untiring and zealous woman who never falters at whatever she undertakes went to Winston-Salem last week as a representative of the Daughters of the Confederacy from this county and returned home and reported one of the grandest times of her life.

The meeting was a success and the feeling for the old vets was great. She said it was her good fortune to be taken care in the home Dr. H. A. Brown who has been pastor of the Baptist church at that place for 34 years. It must have been a real benediction to have been in the home of that old saint who lives in heaven every day. Long may Mrs. Anderson live to bless humanity.

W. J. Crutchfield who has been in Ga. for the past month collecting for a store company is spending a few days at home with his family, will canvass a part of this state in a short while.

The Graded School under the management of Prof. Wright is moving on nicely. So far as we can learn the children are eager to go.

Dr. J. W. McPherson went to Greensboro Monday to see Henderson Smith undergo an operation at the Leo Hospital. The young man is a son of Mrs. Emma Smith of Haw River.

The many friends of Mrs. Tignal Lashley will regret to learn that she is confined to her room. We hope she will soon be out.

Mr. and Mrs. Lonnie Crawford of Mebane spent Sunday evening at Haw River with the family of Mr. and Mrs. G. W. P. Cates. Come again, brother and sister, we were glad to see you.

Dr. E. C. Laird is practicing medicine here and goes among the people when they want him. He has many friends here that love him.

Mr. B. L. Simpson of Altamaha spent Sunday with his brother

H. H. Simpson very pleasantly. Also he was accompanied by his son-in-law Mr. Goin. We like for good people to visit us. Come again.

Our operator had made his arrangements to go home Sunday morning but owing to his eyes being heavy with sleep he missed seeing his mother, also some other valuable attraction. Clifton be up to time the next opportunity.

Mr. McKeever and wife spent Sunday with H. H. Simpson and family very pleasantly.

Mr. A. H. Simpson spent some days last week with his parents Mr. and Mrs. H. H. Simpson. He has many friends here. He returned to Greensboro Saturday to resume work as yard clerk for the Southern Ry. Co.

## R. F. D. No. 7.

Miss Lillie Turner who is at the State Normal College at Greensboro this year came down Friday to see her parents, return ing Sunday evening.

Mrs. J. A. Powell of Warsaw, Duplin Co. visited Mrs. J. M. Turner last week. They were school mates in girlhood but had not met for thirty years through they had kept in touch by correspondence.

Miss Birdie Holt is visiting relatives in Reidsville this week.

Mr. Raymond Holt who has been in Charlotte for some time is at home for awhile.

Miss Nannie Cude of Guilford Co. who has been visiting at Rev. W. W. Cudes returned home this week.

There came very near being a serious accident Sunday as Rev. J. A. Burgess was on his way to fill his appointment at Mt. Hermon. The young horse that he was driving became frightened at some plank that were loose on a small bridge he was crossing and ran away throwing the pastor out and running the buggy over him. He escaped however with a few scratches and bruises and was able after a short while to go on and fill his appointment. It seemed like a mericle to those who saw the accident, that Bro.

Burgess was not killed.

A gloom of sadness passed over our community last Thursday morning when it was learned that Mrs. Emily Sharpe wife of Mr. William G. Sharpe had passed from labor to reward. Mrs. Sharpe was aged 79 years, 1 month and 20 days. Truly a mother in Israel has fallen. She had faithfully served the Lord for over 60 years and her remains were laid to rest in the cemetery at Mt. Hermon to await the resurrection morn.

Her family desire to return their heartfelt thanks to the friends who were so kind to them during the illness and death of their loved one. May the Lord bless all who were so kind and sympathetic to us during our trying hours.

Mr. Charles H. Isley of "Hill top" has gone to Burlington to accept work with the street car company as conductor. When we visit the city we will try to get a ride on Captain Isleys car.

Mr. D. S. Hall carrier No. 5 from Burlington lost his gold watch last week and will reward the finder if he will return it to him or leave it at the Burlington Post Office for him. Dan says it is a ladies size watch.

Think of it! The idea of a rural carrier having a gold watch! It's his wives watch and he, to avoid trouble will pay a handsome reward to get it back at once and no questions asked either.

## R. F. D. No. 8.

Mrs. J. W. Matlock and children, of High Point, N. C., spent last week on No. 8 visiting at R. A. Matlock's.

Ura Paschal, of Greensboro, N. C., is visiting at W. A. Paschals this week.

Thanks to J. C. McCullock, John Conklin and Mrs. R. L. Foster for nice potatoes and Turnips last week.

W. M. Kenion, of Hillsboro, spent one night with us last week.

Dan Hall, our clever No. 5 carrier had the misfortune to lose a nice gold watch last week, ladies size. The finder will please re-

Rev. C. O. Durant will preach his last time for this year at Bethel Sunday evening at 3 o'clock Nov. 5th. The public is cordially invited. Bro. Durant has served these people for several years and is well liked.

We wish to thank some more of our friends for work on the roads. A little work at the right time does a lot of good. If there is a bad place in the road along your farm, get out and fix it. It won't take long and you will not miss the time. It helps the looks of your place. Drainage is what is needed most. Keep water out of the road and it will not get bad.

Well, we are feeling good these days. Plenty of 'taters, turnips,

Rabbits and 'simmons are getting ripe. We can live a whole lot cheaper. Now if it were not that we have to have some heavier clothes on account of cold weather we'd be happy.
