

CONSECRATION OF THE CHURCH OF THE HOLY COMFORTER

A Red Letter Day for the Episcopal Church in Burlington.

Judging from the congregation present and the number of people that had to be turned away, it would appear that most of the people in Burlington turned out on Sunday, Nov. the 5th, to witness the consecration of the magnificent new Episcopal Church. The Church is built of granite with an imposing Gothic tower 18 feet square and 70 feet in height. The nave is 40 feet wide by 70 feet long with an open roof 40 feet to the apex supported by arched timbers. It has 3 aisles and will seat 400 people, with an 8 foot crossing from tower entrance and ample space in front of the chancel. The chancel is 24 feet wide by 32 feet deep. The Altar is properly elevated, there being 7 steps in all from the floor of the nave. The chancel is lighted by triple windows on each side, the east wall being occupied by a retable surmounted by a triple window of the Annunciation, Ascension, and Resurrection. To the right of the chancel is the organ chamber containing the new two manual pipe organ, which delighted all and sustained the reputation of the Estey Organ Co. To the left of the chancel is the extension containing the sacristy, clergy room, choir room, etc. The large west window represents Christ blessing little children. It is a noble and inspiring building in every detail; indeed it is one of the very finest Church buildings in the state. The interior finish is in dark oak, (real oak), the pews and choir stalls are also of oak, the whole interior finish and arrangement are perfectly harmonious and strikingly dignified. The beautiful church and the splendid lot on which it stands were given by Mr. Lawrence S. Holt, Sr. and his wife, Margaret Erwin Holt, as a loving memorial to their little daughter, Emily Parish. It is appropriately named the Church of the Holy Comforter. This noble gift to God will always be a joy and comfort to the generous donors, and will but enhance their happiness and joy when they shall have entered into the nearer presence of the King. Long after they shall have been gathered home, it will be standing there in its stately and imposing proportions, witnessing to God and His truth, the symbol of evangelical truth, and Apostolic Faith and Order. What the splendid building cost is known only to God and the generous donors. It certainly must have cost at least \$50,000. Especially if we include the site on which it stands. Besides the building and the two large windows given by the donors, there are several memorials: A window given by Mr. Manly Baker and his sister Mrs. F. L. Williamson, as a memorial to their father and mother. A window by Mrs. Willis L. Bryant, in memory of her husband. A Processional Cross given by Mr. and Mrs. James H. Holt, as a memorial to their little daughter Olive; and a beautiful receiving silver basin given as a memorial to Mrs. Holt's father; an exquisite chalice and paten given by Mrs. Margaret Lowry, Mrs. Florence Holt Brooks, Mrs. Bertha Holt Clark, as a memorial to Elizabeth Bill Holt, wife of Lawrence S. Holt, who also gave as a memorial, a white set of exquisitely embroidered Altar vestments of churchly teachableness. The music of the vested choir of 37 voices was a feature of the service. The Choir Master and organist, surely deserves unstinted praise and commendation. E. E. Seton Blyth came to the church only a few months ago. He formed this splendid choir and trained them within the past few months. No such musical program was ever heard in the

town as that which this choir rendered at the Consecration Service. The procession entered the church singing the inspiring strains of "Rise crowned with light, Imperial Salem rise." The Bishop and other Clergy followed the choir repeating alternately the 24th Psalm. The visiting Clergy were: The Venerable Archdeacon Osborne of Charlotte, The Reverend Thomas L. Trott of Durham, The Reverend George W. Lay and The Reverend Milton A. Barber of Raleigh, the Reverend Walter J. Smith of Charlotte, and the Reverend S. J. M. Brown, of Coolemeec. The Petition for Consecration was read by Mr. S. A. Steele, Secretary and Treasurer of the Parish, the Instrument of Donation, viz: the Title Deed conveying the property to the Diocese, was read by Mr. F. L. Williamson, Junior Warden. Standing on the second choir step Mr. Lawrence S. Holt, Sr. requested the Bishop, as President of the Trustees of the Diocese to accept the gift of the church and lot; the Bishop in well chosen words accepted the Legal Documents and solemnly placed them on the Altar. One provision of the conveyance of the property to the Diocese, was that the pews should never be rented or sold. The Instrument of Donation was read by the Reverend Walter J. Smith. The Consecration Service was preached by the Right Reverend Joseph Blount Chestnut, D. D. Bishop of the Diocese. The offering at the Consecration Service, which was quite generous, will be used in placing in the church a suitable memorial of the Consecration of the building. An interesting feature of the morning Service was the Baptism of little Rufus Wheelwright Clark the infant grandson of the donors of the beautiful church. The water used, was brought by the grandparents from the River Jordan in Palestine. At the night Service the Bishop made his annual visitation of the Parish, and confirmed a class of 9 members presented by the faithful and indefatigable Rector, the Reverend John Benners Gibble. The sermon at this service, was preached by the Reverend Milton A. Barber, a former Rector of the Parish. The church at this service was also crowded to the doors. It was a great and glorious day for the Episcopal Church in Burlington. With the splendid equipment which the Parish now has, we feel that a new day has dawned for this old Apostolic Church of the Anglo Saxon race.

Box Party

The Box Party at Bellemont was a success. The crowded house seemed to enjoy it all. Mr. Chas. L. Sharp won the prize, twelve nice bananas in the banana contest. Misses Stella Nicholson, Lenna Clapp, Floy Wood, Margaret Love of Graham and Opal Nicholson of Burlington, Messrs Geo Nicholson, of Burlington, Ernest Shoffner of Elon College, Chas. Love and Walter Cole of Graham were visitors in our community Saturday and Sunday. They attended the Box Party at Bellemont.

Both Improving

Both Mr. Jim Workman and W. F. Crumpton who were seriously shot more than a week ago are improving. Abe Conklin the man who shot Crumpton was arrested at Norfolk. Crumpton is still at St. Leo's Hospital Greensboro. It appears now that both will recover.

TAKE FAITH CURE

Afflicted Lay Cames Aside at Healers Mystic Passes.

Washington, Nov. 6.—A large audience of fashionably dressed men and women stood awed and believed their eyes when they saw Bishop Oliver Sabin, of the Evangelical Christian Science church, pass his hands gently over the faces of six lame, blind and ill persons and then saw bandages, eyeglasses and canes thrown aside and the afflicted ones regain what appeared to be good health. The sick were apparently as surprised as the spectators, and in a moment were gathered around Bishop Sabin clasping his hand and calling down blessings on him.

In expectation that Bishop Sabin would give a public exhibition of the power of mind over matter, a score of men, women and children, suffering from everything from blindness to headaches went to him for treatment, and more than 200 spectators gathered in the small ballroom of Rauscher's to see what would happen. Many came assisted by friends or carrying canes; others had bandages about their heads and on the faces of several were expressions of intense pain.

The Bishop, who left the church of Mary Baker Eddy several years ago, because, he explained it, he believed it was being run to fill the pockets of Mrs. Eddy with money, was exhausted physically after he had administered treatment to four women and two men.

Before beginning the treatments the bishop assailed the late Mrs. Eddy and her followers of the "mother" Christian Science church, Alexander Dowie and Frank W. Sanford, leader of the Holy Ghost and Us-sect. He declared that all of these "social religious leaders" were merely out for money and cared nothing for saving souls or healing ailments. He characterized them as "fakes, frauds and false leaders."

A woman, who said she was Mrs. J. F. Maney, of 614 Nineteenth street, apparently was suffering more than the others, and the bishop called her. About her head was a bandage and she complained that abscesses had formed on her eyes, and that she had been totally blind in one eye for nine weeks. Her husband was with her and confirmed her story. She groaned and twitched in pain.

Pushing back the bandage about her head and looking straight in her eyes, Bishop Sabin slowly and soothingly passed his fingers over her brow. He said nothing aloud, but muttered a prayer below his breath, all the while making mystic passes before the woman's eyes.

Everyone watched breathlessly, and even the skeptics displayed a deep interest in what was transpiring. Several moments passed and then the watchers saw a smile about the corners of the stricken woman's lips, and the eye which had been closed, slowly opened. For a brief moment the woman stared about her as in a dream, and she trembled and gasped as if fighting for breath.

All the while the aged bishop continued his gestures, gazing intently at the patient. Suddenly the silent throng heard Mrs. Maney gasp aloud, and her hands went to her face. Her sight had been restored.

Bishop Sabin stepped back and smiled. "Do you feel better?" he asked.

"Why, I feel fine," the woman replied. "All the pain seems to be gone, and I can see with both eyes. I do not understand it all. My eyes for nine weeks have felt as if they were burning up, and several physicians have failed to make them better. I could not open my right eye at all, and have been using my left eye entirely."

Another woman, who said her name was Mrs. Annie Reed, 36-24 Fourteenth street, northwest, and who complained that she was suffering from neuralgia and rheumatism in her head and foot, and who carried a cane, was next led forward. Passing

his hands lightly over her head and back, and praying in the same manner as before, Bishop Sabin treated her silently for a few moments, and then she, too, smiled and said the pain had vanished.

After the six persons had been treated, others crowded forward, but the bishop waved them back. Persons who had gone to the meeting anxious to be cured, but who confessed skepticism, were now eager that he try their cases. He sank into a chair, however, and refused further treatment. He was mentally exhausted, he explained.

"I wish I could help you all," he said, "but I find I am completely tired out. The work exhausts both the body and the mind, and it is impossible to cure many at one time. But if all others will come to me I will be glad to do everything possible for them."

Those who apparently had been cured wonderingly inquired what the bishop had done to drive away their pain. They seemed hardly able to believe what had transpired.

"There is nothing wonderful about cure," explained Bishop Sabin. "Any one can do likewise after a little study. In order to cure it is imperative that persons understand three things: First, who and what is God; His relations to us and the universe. Second, who is man, how was he created, by whom, what were his rights, and what his rights are now; what his relations are to God and to all surrounding things. Third, the language between God the Father and man the child."

"If you understand these things, you have the science of metaphysics at the end of your fingers, and you can demonstrate anything you wish. The reason why the world can't heal the sick is because they do not know how to pray. They do not know to whom to pray."

"When I healed these people, I merely prayed to God that they might be healed, and placed my hands on the injured parts in order that they might feel my prayer and be strengthened. They felt the influence of mind praying to the Almighty that they might be well, and feeling this, they believed that they were well, and therefore were cured. I did not cure; God did."

Bishop Sabin warned the audience not to scoff at physicians and attack them as grafters. Too much of this is done by so-called "New Thinkers," he said. He advised all suffering with contagious diseases to consult a physician at once, in order that the law might be complied with.

MAIL POUCH LOST

And With it Went Package Containing \$20,000.

Greensboro, Nov. 7.—That a United States mail pouch, routed from Raleigh to New York, and containing \$20,000, disappeared in a manner very similar to a recently reported \$20,000 theft of a mail pouch at Lynchburg, Va., became known here yesterday, though it has been impossible to secure any official statement concerning the details of the robbery. It is admitted that the Raleigh pouch disappeared after being received for by a mail clerk on a northbound train passing here and that postoffice inspectors are working desperately on the case, though as yet without a tangible clue.

The story that came to light yesterday afternoon reveals the fact that about three weeks ago a registered pouch was sent from Raleigh to a New York bank. The pouch was delivered by the Raleigh postoffice to the mail clerk on train No. 143, and in turn by him to the postoffice at Greensboro. The local office in its turn holds the receipt of the mail clerk on northbound train No. 38, and it was after delivery to him at the local station that the package disappeared. The name of this party is withheld by officials, though it is admitted that he has been suspended from the service pending investigation.

Just where this valuable pouch disappeared is not known, though in view of the similar disappearance of a pouch at Lynchburg, the theory is advanced that the loss of both can be accounted for through the same person or parties. It looks like a shrewd game has been played and from the outside it appears that the government detectives are as much at sea as are others who are trying to trace the packages.

According to the details gathered here the clerk who last signed for the package remembers seeing it lying on a truck under the local station shed and was in fact not aware of its loss until he reached the end of his run and found himself unable to account for it. Postoffice officials here declare they have known this clerk and the impression is that none believe he is a party to the theft. It is said his dismissal for the time is due to carelessness.

In reply to direct questions officials here yesterday declared they did not know from whom or to whom the package was sent that they did not know what postoffice inspectors were doing, or in fact anything, regarding the matter other than that the package was handled by this office and that it later disappeared. The postoffice inspectors are even more reticent and appear annoyed that the fact of the theft had leaked out.

A Pleasant Outing.

On last Friday afternoon Class No. 7 of the First Presbyterian Sunday School, composed of about 12 or 15 boys, accompanied by their Teacher, Miss Dora Teague, and about an equal number of their girl friends enjoyed a Trolley ride to Haw River and return. They had a special car, and had a most delightful trip. Fruit and ice cream were served on the car. The young people enjoyed themselves thoroughly and pronounced the occasion a most pleasant one indeed.

"Teddy's" Obituary.

Mr. and Mrs. J. H. Hawks of Route 9 have had the misfortune of losing their famous dog "Teddie." It is believed she came to her death as a result of being poisoned by an enemy, as her life had been threatened.

She was Mrs. Hawkes protection and their friends are in sympathy with them. "Teddie" was a fine dog, being presented by the President of the Shaftesbury College of Baltimore Md., was a Great Dain. Her remains were buried and her grave covered with beautiful flowers. That goes to show how she was loved for her obedience and faithfulness to the end and never harmed any one.

In Honor of Miss Hornaa.

A most delightful occasion was the reception given last Friday night by Miss Jennie Vaughn at her home to the Philathea Class of the M. E. Sunday school, in honor of Miss Dora Hornaday, a member of the class, who was married today.

The parlor, sitting-room and dining room were one gorgeous blaze of color, thousands of rich red, yellow and green autumn leaves being used for decorations. Immense banks of potted plants and vases of cut flowers were also used in profusion. The guests were received by the class president and secretary and escorted to the parlor to await the coming of the bride elect. As she entered, accompanied by the hostess, to the strains of the "Bridal Chorus" every guest rose to greet her and gave her a hearty welcome.

A delightful program was rendered by the members, the vocal solos of Mrs. W. A. Carter, the recitations of Misses Hornaday and Story and the delightful speech of the teacher, Mr. E. S. W. Dameron, deserving especial mention. After this Mr. Dameron presented to the honored a handsome cut-glass compot, a slight token of the love of the entire class for her. She accepted it in a few happy words.

The invitation to the dining-room was the next engrossing feature. The table was a dream of beauty. Much merriment was provoked by the menus, which contained such baffling dishes as "Group of Islands," "Hidden Tears," "Sidewalk Slippers," "Old Maid's Comfort," etc. All turned out to be something delightful and the supper was very much enjoyed.

About thirty guests enjoyed Miss Vaughn's splendid hospitality and paid tribute to the much loved member who is leaving here.

"The Thief."

"The Thief" presented at Montwhite Theatre Graham Friday night was unusually fine. It presented a young woman, a woman of society who stole to keep her husbands love by attiring herself in fine costume. The difficulty role of the wife was handled by Miss Ddythe Ketchum who made an appalling figure and whose stage actions were graceful and of a high order. As her husband discovers her crime she falls to his feet arises and in broken tones tells the motive which prompted her.

Quite a number of high classed theatrical performances are booked for this season at Montwhite and will be well patronized showing an appreciative spirit to the congenial manager Mr. Don Scott.

Notice to Young People

There is nothing in the moral, spiritual or physical universe that makes marriage respectable, but love. Without it there can be no marriage, only a wretched miserable form, that rapidly degenerates into a loathsome, demoralizing burden. The time to marry is when love demands it, and not simply because the kitchen needs a cook, the dining table a figure head in muslin or silk or the cucumber vines somebody to kill the bugs on them. The one to marry is the woman you love, and no other one. That, and that alone should decide. Riches may take wings and flee away; beauty may fade; good health is a very excellent and desirable thing in man or woman, but the circumstances of an hour or a moment may ruin the best of health. A man who marries from "married considerations," usually gets what he deserves—its full equivalent in unhappiness. A man who marries for beauty, learns as no other man can learn, how hideous and loathsome it may become. So, young man, take love for your guidance in this matter, remembering that it demands the best and noblest in you—that it is sacred and holy and divine, for it is of God.—Chapel Hill News.

THE TRUE TEST

Tried in Burlington—It Has Stood the Test.

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Burlington. Kidney sufferers can hardly ask for stronger proof than the following:

Mrs. Sarah Andrews, Webb Ave., Burlington, N. C., says: "I am always willing to give Doan's Kidney Pills my endorsement, knowing from personal experience that they are a good remedy for kidney trouble. I suffered a great deal from pains in the small of my back and I had such bad headaches and dizzy spells that I could not get around. Finally I decided to try Doan's Kidney Pills and got a supply from the Freeman Drug Co. They restored me to better health than I had enjoyed for years, not only strengthening my kidneys, but driving the pain away." (Statement given Dec. 19, 1907.)

A LASTING EFFECT. On January 14, 1911, Mrs. Andrews was interviewed and she said: "I am glad to make the fact known that the cure effected by Doan's Kidney Pills three years ago has been permanent. My health since that time has been excellent."

A GREAT DISCOVERY.

Certain Ingredients That Really Promote Hair Growth When Properly Combined.

Resorcin is one of the most effective germ destroyers ever discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its natural nourishment, and also creates a clean, healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin, although not a coloring matter or dye, is a well-known ingredient for restoring the hair to its natural color, when the loss of hair has been caused by a disease of the scalp.

These ingredients in proper combination, with alcohol added as a stimulant and for its well-defined nourishing properties, perfect perhaps the most effective remedy that is known for scalp and hair troubles.

We have a remedy which is chiefly composed of these ingredients, in combination with other extremely invaluable medicinal agents. We guarantee it to positively cure dandruff and to grow hair, even though the scalp in spots is bare of hair. If there is any vitality left in the roots, it will positively cure baldness, or we will refund your money. If the scalp has a glazed shiny appearance, it's an indication that baldness is permanent, but in other instances we believe baldness is curable.

We want every one troubled with scalp disease or loss of hair to try Rexall "93" Hair Tonic. If it does not cure dandruff and grow hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. We print this guarantee on every bottle. It has effected a positive cure in 93% of cases where put to a practical test.

Rexall "93" Hair Tonic is entirely unlike, and we think, in every particular, better than anything else we know of for the purpose for which it is prescribed. We urge you to try this preparation at our entire risk. Certainly we know of no better guarantee to give you. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store Freeman Drug Co.

NOT A JUROR ASSURED

Los Angeles, Cal., Nov. 4.—The only talesman who had been considered assured of acceptance by both sides in the McNamara murder trial virtually was removed from consideration today and at the end of four weeks, it could not be learned that any juror was even fairly certain to remain in the box.

Seaborn Manning, 65 years old, a farmer and the talesman who had seemed agreeable to both sides, is physically unsuited for jury service in a long trial, according to four of Manning's fellow-talesmen who waited upon Judge Bordwell and told him Manning's condition.

Judge Bordwell took the matter under advisement. Attorney Clarence S. Darrow, chief counsel for the defense, said he feared it would be impossible to retain Manning.

Other possibilities as permanent jurors are talesmen Bain, Green and Sam Mendenhall. Of these Green appeared to stand the best chance, although he admitted having an acquaintance with District Attorney John D. Fredericks.

Bain, who formed the first labor union in Los Angeles, and Mendenhall who has given evidence as being tender-hearted, may be challenged.

Former Bank Cashier Paroled From Prison

Leavenworth, Kan., Nov. 2.—Frank H. Nicolai former assistant cashier of the City National Bank of Auburn will leave the federal prison today on parole.

Warden McLaughrey informed Nicolai he could leave yesterday, but Nicolai said he preferred to stay until his successor in a small confectionery managed by the penitentiary, was appointed.

Nicolai was received here December 2, 1909 to serve five years for embezzling \$5,000.

A Four-year-old Scholar.

Perhaps the most marvelous infant prodigy on record was Christian Heinecker, born at Lubeck, February 6, 1721. At the age of 10 months he could speak and repeat every word which was said to him, when 12 months old he knew by heart the principal events narrated in the Pentateuch, in his second year he knew most of the Bible by heart and before he was 3 he learned to speak Latin and French. In his fourth year he employed himself in the study of religion and the history of the church and is as a scholar spread so that the king of Denmark sent for him and was amazed at his learning. But before he was 5 years of age he fell sick and died and saved the world a horrid nuisance.

Editor J. P. Caldwell's Condition is Serious.

Charlotte, Oct. 30. — The friends of J. P. Caldwell will be deeply concerned to learn that the veteran editor has been growing weaker during the past few days and that his condition is now regarded as serious, if not critical. He did not rest well last night and seemed slightly weaker this morning, according to news from his bedside, but his mind remains clear, active and coherent. His principal trouble has been unsteady respiration, while a tendency toward drowsiness also occasions some degree of alarm.

Frank M. Caldwell went to Morganton Sunday to be with his father.

Drifted at Sea for 31 Days.

New York, Nov. 3.—Blown out to sea in a rowboat from the coast of South America, Arango Rodriguez, a Spaniard, formerly employed on the Panama canal drifted about for 31 days and was nearly dead and despairing of rescue when the British steamer Ikaria picked him up. The Ikaria reached here today from Buenos Ayers bringing the east-way.

We cannot take Champ Clark seriously as a candidate until he starts a weekly newspaper or begins a serial story in some 10c magazine.

PE-RU-NA THE GREAT TONIC

Saved Many From Death.

W. L. Mock, of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do," he writes, "is to recommend Dr. King's New Discovery for weak, sore lungs, hard colds, hoarseness, obstinate coughs, lagrippe, croupe, asthma or other bronchial affection, for I feel sure that a number of my neighbors are alive and well today because they took my advice to use it. I honestly believe its the best throat and lung medicine that's made." Easy to prove he's right. Get a trial bottle free, or regular 50c or \$1.00 bottle. Guaranteed by Freeman Drug Co.

AVOID HARSH DRUGS.

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages: 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Remember, you can obtain them only at our store — The Rexall Store Freeman Drug Co.

Hallowe'en was properly celebrated but the spooks were mostly small ones.

And still the report of the revolver causes the song of the mocking bird to be hushed.

We join hands with the press of our nation and welcome Maj. Hemphill to the Editorial Chair of the Charlotte Observer.

The Massachusetts minister has been indicted for murder in first degree and trial set for January. Great sensation will cluster around the hearing.

The Manager of the Arcade picture theatre of Durham who showed the Binford pictures was fined only one dollar. Seems that the legal side of the situation was not so opposed to the pictures as was thought.

RETURNS FROM ELECTION TUESDAY

Both the Republicans and Democrats won and both lost grounds in the election Tuesday.

In Massachusetts Governor Foss (Dem.) claims his re-election by a reduced plurality of about 12,000.

The Republicans made decided gains in New York, the state changing from a Democratic majority of 24 in the assembly to an overwhelming Republican majority.

Governor Dix was re-elected by a small majority.

Returns indicate that New Jersey will be controlled in both branches of the legislature by the Republicans. Gloucester county which was in doubt elected a Republican senator, making the stand, 11 Republicans, 10 Democrats. The assembly will be made up of approximately 38 Republicans to 22 Democrats. Last year's assembly consisted of 42 Democrats and 18 Republicans. Several of the men advocated by Gov. Wilson were defeated.

Columbus, Cincinnati and Cleveland, Ohio, go Democratic by decisive plurality, with a large vote of the Socialist.

Kentucky which has been in the balance goes Democratic.

Rhode Island goes Republican by increased plurality.

Alvah H. Martin, Republican national committeeman from Virginia, won a decisive victory at home when in face of a great fight with state issues drawn, he was elected clerk of the Circuit court of Norfolk county by a majority of more than 600 over his Democratic opponent, C. W. Coleman, who failed to poll as many votes as he received in the Democratic primary.

Judge Edward C. O'Rear, of Mt. Sterling, Ky., Republican candidate for governor, has lost his (Montgomery) county, his own home, by about 407, according to the figures of the Republican organization. Clark county, which gave Bryan a majority of 625, has gone 960 for McCreary, Democratic candidate for governor.

Edward Schoeneck, Republican, re-elected mayor of Syracuse, N. Y. by 14,799 votes, a plurality of 4,212.

Utica, N. Y. elected a Republican mayor by a majority of 300.

MODERN BORGIA TRIES SUICIDE

Chicago, Nov. 4.—Mrs. Louise Vermilya, who yesterday was named in a warrant charging murder as a sequel to the deaths of Policeman Arthur Bionette and eight other persons who in the last eighteen years lived under her roof, was watched closely tonight by physicians who feared her death at any time. An incident in her dining today which the police and physicians declare was an attempt by her to commit suicide, by means of poison mixed with pepper, was the cause.

When eggs were served to the woman by the police, nurses who were watching her pending her recovery from an illness, she objected to the black pepper with which they were to be seasoned. "In the pantry there is some

white pepper in a paper bag," she told the nurse. "I'd prefer some of that, if I might have it."

The nurse by the odor of the light colored substance in the bag determined it was pepper and allowed Mrs. Vermilya some of it. Soon after she became ill. Doctors were called and the contents of her stomach taken for analysis. Under antidotes she recovered from the effects of the supposed poison for the police were convinced she had mixed a vermin poison with the pepper—though she seemed weak from the vigorous measures of physicians to prevent death.

The "pepper" was taken to a druggist who, after an examination, told the police he thought the condiment was mixed with an arsenical rat poison. The remainder of the compound was sent to a city chemist.

The incident has pointed to a new possibility of the method by which Mrs. Vermilya worked upon her alleged victims.

Representatives of the coroner brought to Chicago tonight parts of the remains of Conductor R. T. Smith who died of stomach disorder not clearly defined while a roomer at the Vermilya home. They will be examined for traces of poison.

Mrs. C. A. Alberting, sister of Frank Brinkamp, first of Mrs. Vermilya's assistants who dies, said today she would issue a statement relating to her brother's death the moment Mrs. Vermilya actually was arrested. She declined to indicate the nature of the information she promised to disclose.

DURHAM GIRL DIES FROM COLLISION

Durham, Nov. 3.—Miss Callie Couch a sixteen year old school girl of Durham died today from injuries received while playing an old-fashioned game of ball last Tuesday with a young man of this city, Thomas Shepherd.

Young Shepherd's front teeth stuck in her head and were broken off. The teeth fractured the young lady's skull.

Later reports have it that Miss Couch is not dead but improving.

Tobacco Growers:

We know that Warehousemen on the small markets promise you "highest prices." They mean, their markets; but they do not, and cannot mean "highest prices," because they know and we know, and we want you to know, that without keen competition, "highest prices" cannot be obtained.

The more people there are wanting a thing, the more that that thing will be in demand.

Now, our buyers want tobacco, they want it because the other fellow wants it, and wants it bad. Our market is not limited to the buyers of the Big Companies, we have from five to ten times as many Independent Buyers as any other market, and they buy several million pounds annually. To do this, they BID HIGHER than the Big Buyer, and in the meantime they are making the Big Buyer bid up to the "top notch," on their purchases. That is the effect of competition, and that is why Danville stands pre-eminent as the "Leading Loose Leaf Tobacco Market."

Now, don't take any chances on doing "as well" on some other market, but sell in Danville, and KNOW that you are doing the BEST.

The Danville Co-Operative Warehouse Company is the best agency in the business today for the sale of "Loose Leaf Tobacco."

Operating six large warehouses, known as Acree's, Banner, Central, Holland's, Planters and Union, which are unexcelled as to location, lights, floor space, and accommodations, and conducted by the ablest corps of men ever engaged in the business, with ample capital, and every known facility, we offer you not only "highest market prices, but a CERTAINTY of "higher prices" than can be obtained elsewhere at any time.

Every assistance, courtesy and accommodation is personally extended to our patrons and friends, both at selling time and crop growing time.

We solicit your patronage on these grounds, and can, and will verify our claims.

Your friends truly,

Danville Co-Operative Warehouse Co.
 Danville, Virginia.

SUITOR ABDUCTS GIRL

Norristown, Pa., Nov. 3—Sixteen year-old Frances Cycole was kidnapped here this evening and carried off by force by three men. After being placed in a wagon the girl was driven away, but no before several shots had been fired from a revolver and the father of the girl, Anconri Cycole had been roughly handled.

Cycole told the police that a rejected suitor, who conducts a marbler shop in Bridgeport, was one of the kidnapers. He has been wanting to marry Erancea for several months, but her parents had objected.

While the Cycoles were eating supper this evening Frances was summoned to the front door of their residence, 543 Sandy street. She had no sooner reached the front steps when she was seized by three men and carried to the wagon. The girl fought with the men, and her cries attracted her parents. The father secured a revolver and fired three shots at one of the men, whereupon he was knocked down by a blow on the head with a club. Cycole told the police that he recognized one of the men as a rejected suitor of the girl.

The kidnapers then drove rapidly away in the direction of Philadelphia.

Joseph Perualli and Joseph Ica, vetti, who drove the team, were captured on the river road near West Conshohocken. They told the officers that the girl and the three men had left the team at Spring Mill. The men who did the driving were directed to return to Norristown by the way of West Conshohocken.

The two men said that they were paid \$5 each for the part they took in the kidnapping. Burgess Lattimore committed the defendants for a hearing.

THE BEATTIE APPEAL

Richmond, Va., Nov. 4.—Lawyers for Henry Clay Beattie, Jr., under death sentence for the murder of his young wife, have filed with the supreme court of appeals, a petition for a writ of error. This constitutes an appeal from the judgment of the court at Chesterfield, which sentenced Beattie to be electrocuted November 24. Unless the court gives a decision before the day set for Beattie's execution, this move will act as a stay.

The points of the appeal are "in the breast of the court." All that can be learned is there are eleven points. Judge Keith will consider and pass it on, with whatever recommendations he makes, to their members of the bench—Buchanan, Cardwell, Harrison and Whittle. Usually the other judges with the one who takes the first impression of an appeal.

Should the court decide to issue the writ it will fix the date for hearing the appeal. Meanwhile the execution of the death sentence is suspended. Beattie remains imprisoned in Richmond city jail, instead of being carried to the condemned cell of the penitentiary.

During the thirty-two years that have elapsed since the atrocious crime was committed Abernathy has lived a few miles from Spartanburg until recently, when he removed to Blacksburg. Some time ago, according to the testimony heard at the preliminary trial today, Abernathy, while partly intoxicated, stated to a party of young boys that he had killed a man named Abbott in Spartanburg and had placed his body on the tracks of what is now the main line of the Southern Railway. A train mangled the corpse and the verdict of the coroner's jury at the time was that the deceased came to his death by being run over by a train.

G. A. Abbott, a brother of the dead man, heard that Abernathy had declared he killed William A. Abbott and disposed of his body in the above manner, and the dead man's brother started an investigation which led to the arrest. Among the witnesses were the boys who swore that Abernathy had stated to them that he had killed Abbott. Magistrate Gant found probable cause and held the defendant for the court of general sessions.

**BRUTAL CRIME UNCOVERED
AFTER LAPSE OF 32 YEARS**

Spartanburg, S. C., Nov. 3.—After a lapse of thirty-two years Richard Abernathy was today bound over to higher court on the charge of murdering William A. Abbott, a printer, in Spartanburg 1879. It is alleged that Abernathy killed Abbott because of the latter's relations with the wife of the defendant's uncle. He then placed the dead body on the railroad to be mangled by a

Public Health Dept. of W. C. T. U.

Edited by Mrs. R. L. Boyd, : Supt.

The curfew ordinance is in the interest of health as well as morals. If we may secure that which will keep the boys and girls off the streets after 8 P. M., from October to March, and after 9 P. M., from March to October, we shall be doing foundation work in healthy living. Under cover of Darkness lurk the evils which may finally send your boy to utter ruin. The task of bringing up a boy or girl is not an easy one when environments are all that could be desired, and too often they go astray even under the most rigid discipline, hence, all the more need protection until these morals are firmly established. Not only from the standpoint of morals but from the viewpoint of health should this matter be considered.

In the strenuous age in which we are living, the adult too often is compelled to drop out of the ranks, disabled. What can we expect of the men and women of the coming generation if we, as parents, allow them to waste their vitality while they are yet children? The growing boy should have the quiet of the home in the evenings, that his energy, used up during the day, at school or at work, may be amply repaired by refreshing sleep. If your sixteen-year-old boy has formed the habit of staying away from home three or four evenings in a week, suppose you accompany him for a few evenings and see for yourself what the attraction is. If you are not careful you may run up on a "blind tiger" or a "gambling den" or something even worse, if one evil can be greater than another. Because the town is small is no reason why these evils do not exist here—THEY DO EXIST.

Protect the boys and girls; demand laws that will protect them and having those laws, demand enforcement of them. Then, if after reaching maturity, after character has been formed, they fall in their weakness, you will find some consolation at least in knowing that you did your duty as parent.

Are you doing anything to better conditions in your town or are you sitting idly by, criticizing and grumbling at those who are making an honest effort? That selfishness which is common to the human family prompts us to do the latter. We plead especially for the youth of our town. Deal kindly with the erring one and teach him that it is essential that he be kept as pure as his sister. "A good man is the noblest work of God."

EDITOR CHOOSES WOMEN JURY AND IS ACQUITTED

Los Angeles Nov. 3.—California's first woman jury was empaneled at the suburban town of Watts today to try the case of A. A. King, editor of a local news paper, who was charged with publishing an article in violation of a city ordinance.

King had consented to being tried by woman jury, expressing the belief that he would get a fairer trial than he would men occupied the box. His faith in woman was rewarded by an acquittal after 20 minutes deliberation by the fair occupants of the jury box.

The case which was without precedent in California history was tried in the courtroom of Justice Cassidy. The first test of the women's new citizenship rights attracted the whole town. The courtroom was crowded to the doors with the husbands and friends of the 33 married women 27 years old "and over" who had been subpoenaed as jurors.

During the examination of the venire one of the prospective jurors asked the judge if it was permissible to wear her hat in the jury box. The judge smilingly answered that it was entirely optional with the jurors. Part of the women continued to wear their hats while the others removed them.

\$20,000 TAKEN FROM THE MAIL

Lynchburg, Va., Nov. 3.—A registered package, containing \$20,000, a remittance from a Bluefield, W. Va. bank to its New York correspondents, it is said, disappeared from the mails Friday night between Bluefield and Charlottesville, Va. The pouch containing the remittance came here Friday night over the Norfolk and Western railroad and was handled through the mail transfer to the Southern Railway at the West End station. Soon after leaving Lynchburg a clerk on the Washington train telegraphed a report that he was short the package and that his way-bill did not correspond with the number on the registering lock attached to the pouch. Four or five postal inspectors are working on the case here.

Taft Grows Stronger

Seth Bullock, of South Dakota, United States marshal and friend of Presidents, is in Washington with a glowing story of the trip President Taft is just ending. Mr. Bullock traveled with President Taft several days, and left him "because he kept such bad hours," he said today.

"Mr. Taft will be renominated of course, unless the East goes crazy," said Mr. Bullock, "and South Dakota will be for him, no matter what the opposition says about it. The President's trip has been a great success. A man who has traveled with two Presidents on trans-continental tours says that the crowds are twice as big this time as two years ago."

Mr. Bullock who is a close observer of Western politics says that no one in the West believes that Senator LaFollette will be nominated. He expects to see President Taft grow stronger every day until his nomination.

That Charles D. Hilles, secretary to the President, is a good man in the right place is the judgment of the West as brought to Washington by Mr. Bullock. Mr. Hilles' work in connection with the trip of the President has, he said, been the best possible and has made new friends for Mr. Taft.

TAFT'S RECORD BREAKING TRIP

Will Take Several Days Rest and Golf Playing Before Resuming His Trip—Has Already Traveled Over 13,000 Miles—Other Interesting Statistics About His Tour.

Hot Springs, Va., Nov. 3.—President Taft has brought his second tour of the country to a temporary halt. He expects to enjoy rest here until Monday and will play golf and take everything easy. According to official figures, the "swing round the circle" was the longest ever taken by a President. Going from Beverly to Hot Springs, by way of Seattle, San Francisco, Los Angeles, Washington and a few hundred other cities. President Taft traveled 13,436 miles, beating his own previous record by about five hundred miles. Before returning to Washington, Mr. Taft visits Ohio, Kentucky, Tennessee, adding 1,834 miles more. He passed through twenty-six states, making speeches in twenty. The President was "on the road" 48 days since leaving Beverly. He made 306 speeches; spoke to one and a half million persons. Almost five million caught a glimpse of the President. In seven weeks the President was away, he was never out of touch with the White House. More than 4,800 letters and telegrams were received on the trip and the mails and telegraph were kept busy daily.

Ten Commandments For Women.

A Chicago preacher has formulated two new sets of commandments. One, for husbands, he discussed two Sundays ago. The other, for wives, was the topic of last Sunday's sermon.

- They follow:
- Thou shalt have no man except thy husband.
- Thou shalt place no club, social circle, organization or missionary society before thy home.
- Thou shalt not waste thy husband's substance on gay raiment.
- Thou shalt not let the petty vexations of the household disrupt the family.
- Thou shalt not regale thy family with idle gossip.
- Thou shalt not fret thyself because thy neighbor's house is greater than thine.
- Thou shalt not serve punch to thy guests nor put up prizes at thy whist parties.
- Thou shalt not pronounce thyself delighted to see an unwelcome caller.
- Thou shalt not wear showy dresses over shoddy underwear.
- Thou shalt not allow thy Bible to gather dust.
- Pretty good advice, all of it, but we cannot conceive of human authority sufficient to compel obedience. If divine law, the principles of which already forbid the violation of these precepts, is not sufficient, surely no mere husband or preacher either, for that matter, can succeed in their enforcement. You may advise, brother, but your experience has probably already taught you that your advice will not always be heeded.

HOLD COTTON FOR 13c AND REDUCE ACREAGE

Columbia, S. C., Nov. 3.—Urging the holding of every available bale of cotton until September 1, 1912, if necessary, for a price of 13 cents a pound and the reduction of the acreage next year to not exceeding 60 per cent of the arable lands of the farmers, telegrams were dispatched today from the office of E. J. Watson, president of the Southern Cotton Congress, to each Commissioner of Agriculture and each State president of Farmers' Unions in the States throughout the cotton belt. The plan aims to effect an immediate and belt-wide retirement of the cotton from the market and follows an action taken by the farmers' convention here last night. In substance the plan calls for books of agreement to be opened in every county throughout the belt in which farmers will be asked to sign pledges to hold a stated number of bales of cotton until September 1 or until a price of 13 cents is reached. Farmers are also asked to pledge themselves not to cultivate more than 60 per cent of their lands in cotton next year. An assessment of 2 cents a bale is called for from cotton growers to pay expenses of the campaign.

HERO AT WAYNESVILLE

Rare Presence of Mind and Bravery Shown at Fire.

Asheville, Oct. 30.—Displaying unusual presence of mind for a child, Edgar Applegate, the four-year-old son of Mr. and Mrs. James E. Applegate, saved himself from death by suffocation by hiding in his mother's trunk when a fire, which he started by playing with matches, gutted his home at Waynesville early this evening. His mother, who was asleep in an upstairs room when the house took fire, was rescued by neighbors, who carried her into the open air. No one seemed to know that there was anyone else in the house until the mother, regaining consciousness, screamed that her boy was in the burning building and made an effort to rush back into the flames. She was held back, however, and several men attempted to enter the house but were driven out by the smoke and flames.

It was then that Theodore McCracken, a business man of Waynesville, displayed heroism for which the citizens of Waynesville say, he should be given a Carnegie medal. Four times he dashed into the burning house and was driven back. On the fifth trip he entered the kitchen through a window and heard the muffled cries of a child, which apparently came from a steel trunk back of the kitchen door. McCracken seized the trunk and rushed through the doorway, which was filled with flames, to the yard. The lid of the trunk was lifted and beyond being badly frightened, the boy was found unharmed inside.

WILL BE FIFTH THURSDAY

"When is Thanksgiving?" has been frequently asked this fall, especially by football fans whose favorite battles of brain and brawn are annually fought out on the day officially set apart for the giving of thanks. The fact that this November has a surplus of Thursdays, five in all, gave rise to some difference of opinion. President Taft set this matter at rest this week by naming the last Thursday, November 30.

An interesting contribution to the subject has been made by the Atlanta Librarian, Miss Katharine Wooten, who says: "I have had the Messages and Papers of the Presidents' carefully gone over and find the following Thanksgiving proclamations issued by the various Presidents:

- "Washington, Thursday, November 26, 1789.
- "Washington, Thursday, February 19, 1795.
- "John Adams, Wednesday, May 9, 1798; Thursday, April 25, 1799.
- "Madison, third Thursday, August, 1812; second Thursday, September, 1813; Thursday, January 12, 1814; second Thursday, April, 1815.
- "All of these proclamations were issued after a joint resolution of Congress asking for the proclamation in each case, and generally celebrated some victory.
- "Lincoln on April 10, 1862, issued a proclamation recommending that the people as they assembled weekly to worship return thanks for the signal victories to the land and naval forces." Thursday, August 6, 1863, set aside as day of Thanksgiving for victories over the insurgents." November 26, 1863, set aside as day of Thanksgiving (last Thursday), November 24, 1864.
- "Years on which Thanksgiving Day has fallen on the fifth Thursday in November are: 1866, November 29, Thursday, Johnson; 1871, November 30, Thursday, Grant; 1876, November 30, Thursday, Grant; 1877, November 29, Thursday, Hayes; 1882, Nov. 30, Thursday, Arthur; 1883, November 29, Thursday, Arthur; 1888, November 29, Thursday, Cleveland; 1893, November 30, Thursday, Cleveland; 1894, November 29, Thursday, Cleveland; 1899, November 30, Thursday, McKinley; 1900, November 29, Thursday, McKinley."
- "If the sugar trust is not a trust and controls 42 per cent of the supply, who controls the other 58 per cent?" The sugar trust, we reckon.

TURKS CONFINE ITALIANS WITHIN FORTIFICATIONS

Constantinople, Nov. 2.—The commander of the Turkish forces at Tripoli telegraphs his government under date of October 30 as follows:

"The Turks have occupied all the forts surrounding the town. The Italians are demoralized and do not dare to venture outside the zone of fortifications."

Malta, Nov. 2.—It is reported that the whole Italian fleet has left Tripoli for Turkish waters. The Italian government has suppressed direct sailings between Tripoli and Malta owing to the leakage of news to foreign papers. All the mails from Tripoli have now to run the gauntlet of censorship at Sicily.

Tripoli, Nov. 2.—The Turks this morning brought up a few guns to the south of El Mosre and opened fire. This was not effective, as most of the shells failed to explode. The Italian artillery soon silenced the guns and forced the enemy to retire.

About 5 o'clock last evening Turks appeared before the line of defenses and forced the Eighty-second Italian infantry to fall back from their position. The cruiser Carlo Alberto soon located the Turkish artillery and by a well-directed and vigorous fire silenced it.

THE PRICE OF COTTON AND THE POLITICAL SITUATION.

Significant Relation Between Tariff Activity and Losses of Cotton Growers Arouses the South.

In the appointment of a delegation of cotton growers at the North Carolina state fair recently, with instructions to attend the meeting in New Orleans having for its purpose the holding by farmers and others of a considerable proportion of this year's cotton crop and the curtailing of next year's acreage, is to be found one of many indications of dissatisfaction existing over the present political relationship to the price of cotton.

It is said that President Taft's reciprocity campaign and the Underwood tariff bills not only adversely affected general business during the year 1911, but specifically caused the cotton manufacturers to lose, by shrinkage and decreased volume of trade, between \$50,000,000 and \$100,000,000. Crippled and with a prospect of more tariff agitation in 1912, cotton manufacturers have naturally been unable to make purchases of cotton in the usual way, with the result that, with a full crop, political agitation has created a decline in the price of the staple thus far from 14 cents per pound to 9 cents per pound, with many predictions from well posted quarters that a much lower range will be experienced.

It is further claimed that without the extra session for the discussion of reciprocity the Underwood tariff measures would not have been introduced and in consequence there would have been but little probability that cotton would have declined under the force of a full crop lower than 11 cents per pound instead of registering in price the low water mark for years, as it does today. The farmers in the south and the manufacturers of cotton generally are charging up a loss on this year's crop of not less than \$175,000,000, which loss they claim is directly traceable to political influence.

ONE DAY ONLY.

To see all of his regular Patients and such new Cases, as may wish to consult him. Dr. Packard enjoys a state-wide reputation, among the profession and the Public of North Carolina, where for more than 25 years he has devoted his entire time to the Study, Treatment and Cure of Chronic Diseases. The Doctor has had wonderful success in his chosen work, that of curing chronic sufferers, Men, Women and Children. The Patients he has restored to Health after they had given up all hope of being Cured are numbered by the Thousands. He is a kind, generous, democratic gentleman to meet, of high scholarly attainments, and dignified personality. Coupled with a brotherly interest, in all who seek his advice. He does not take a Patient for Treatment unless he can foresee a Cure of the Case. The most commendable feature of his work, and one that appeals to the ordinary sick person, is the fact of his charges being so reasonable and moderate as to make it within the reach of even the very poor. At no time do the charges amount to more than \$7.00 a month or about \$1.50 a week. He gives his own medicines, and there are no extra charges. It takes him never more than from four to six Months to Cure a Case under Treatment. All Cases, even those who have been given up as incurable or hopeless, have been Cured and restored to perfect health by this Brilliant Physician and the wonderful methods he employs. If you want to meet him and have him examine you, go to see him, and talk the matter over with him. It will cost you nothing if he does not put you under treatment. If he takes your case, it will cost you a very small sum to get well. Remember the Date and come early. Tuesday, Nov. 14th.

RURAL CARRIER ITEMS

Oakdale Dots.

Crowded out last week.

The committee of Oakdale wishes to state that their school will open 2nd Monday in Nov. (13th) They hope to have a full turnout the first day.

The convict force did some good work on our roads several weeks ago, but there is more needed. They only spent one week. Now we all know there is 12 months in a year and 12 townships in the county. We think the convict force ought to give each township a month's work. Patterson township has been greatly neglected by the county authorities. We pay our taxes as freely as anyone and receive as little attention as any. We did not get any of the highway money or any advantage of it unless we went a long way out of the way to get it. As the money is now spent and road finished I think the people ought to know how and where the money was spent. We ought to ask the highway commission to give us an itemized statement showing where every dollar was spent, and if they are not ashamed of it we think it will be done.

Mrs. Julia Spoon, the young wife two or three weeks of Fred Spoon, met with a very serious accident last Saturday while riding in a wagon. The team became frightened, and she and Miss Vallie Spoon sprang from the wagon. As she fell she struck her head on the ground, effecting the spinal cord. She was unconscious for several hours. We hope it will not prove fatal.

Mr. June Hornaday has gone into farming this year and has such corn crop that he has decided he can not shuck it himself, and hands are so scarce that he has bought him a new shredder.

Mr. Lon Smith has gone to Mississippi to deliver fruit trees. Farmers are very busy gathering corn and cotton, both of which are very good; and sowing small grain the weather will admit. We have had abundance of rain this fall.

He was an honest upright man until his mind gave way. He was laid away at Mebane. We pay this tribute to him, believing that he was a good old man.

We want Capt. J. H. Hardien to hasten the work on the waiting room for the car line at Haw River. You remember how rainy it was Monday. We are going to give you good time, and if you do not come on with your work we will complain again. In the meantime don't forget the light.

The Oyster supper given by the M. P. church Saturday night at the Y. M. C. A. building was a success. We did not learn how much the receipts were, somewhere near thirty dollars gross receipt.

Rev. G. L. Curry will begin a series of meetings at the M. P. church Wednesday night the 8th. everyone invited to attend. We do think when the servants of the good Lord enter into the good work the church members should come up to the help of the Lord against sin and darkness and not make church going a secondary matter, but bring all the tithes into the house and prove the Lord and see if He will not pour out a blessing upon us.

We take off our hat to Miss Carrie Albright for a nice pie melon she sent us by our genial rural carrier. She know exactly how to cheer one who seems cast down on a dark cloudy day. Long may they both live to bless humanity.

Lexington, Nov. 2.—This afternoon at 2 o'clock the body of an unknown negro was found by the Southern railway tracks a mile and a half north of Lexington. The body was lying several feet from the tracks, partly hidden by weeds. Cornor Peacock of Thomasville was notified and came through the country in an automobile. He summoned a jury and went to the scene of the killing. The jury verdict will not be known before morning. It is generally believed that the negro was a victim of the "deadly double track," which has claimed many victims in this section during the last five years.

Winston-Salem, Nov. 5.—After several weeks of Sunday closing, the postoffice here will again be open seven days of the week, observing on Sunday the opening of the general delivery window for one hour the distribution of mail to boxes and the delivery of special delivery letters. This information came Friday morning in letters received by Secretary J. S. Kuydendall of the Winston-Salem board of trade and Postmaster C. A. Reynolds from Mr. C. P. Granfield, First Assistant Postmaster General.

The decision of the department to close the postoffice entirely on Sundays came as a result of a petition which apparently was not fought off very vigorously by the postmaster. The general public, including most business firms of consequence, afterward got up a petition asking that the Sunday service be restored, and the Postoffice Department recently sent an inspector here to find out how things stood.

The following paragraph from the Assistant Postmaster General's letter to Mr. Kuydendall is particularly interesting: "As you are doubtless aware, the sentiment in favor of Sunday closing is spreading over the entire country, because of the equity in the principle of allowing postal employees one day's rest in seven. This practice is one which is apparent in every large business concern today and was recognized and approved by Congress in its last session."

He summoned a jury and went to the scene of the killing. The jury verdict will not be known before morning. It is generally believed that the negro was a victim of the "deadly double track," which has claimed many victims in this section during the last five years.

Winston-Salem, Nov. 5.—After several weeks of Sunday closing, the postoffice here will again be open seven days of the week, observing on Sunday the opening of the general delivery window for one hour the distribution of mail to boxes and the delivery of special delivery letters. This information came Friday morning in letters received by Secretary J. S. Kuydendall of the Winston-Salem board of trade and Postmaster C. A. Reynolds from Mr. C. P. Granfield, First Assistant Postmaster General.

The decision of the department to close the postoffice entirely on Sundays came as a result of a petition which apparently was not fought off very vigorously by the postmaster. The general public, including most business firms of consequence, afterward got up a petition asking that the Sunday service be restored, and the Postoffice Department recently sent an inspector here to find out how things stood.

The following paragraph from the Assistant Postmaster General's letter to Mr. Kuydendall is particularly interesting: "As you are doubtless aware, the sentiment in favor of Sunday closing is spreading over the entire country, because of the equity in the principle of allowing postal employees one day's rest in seven. This practice is one which is apparent in every large business concern today and was recognized and approved by Congress in its last session."

Several of our people attended court this week. Some of them were jurymen, others just to see and hear.

Mrs. J. P. Kern, of Riverside farm was, in town Monday. We are glad for him to visit us.

Miss Flora Thompson, daughter of Mr. and Mrs. F. H. Thompson, an accomplished lady and one who has taught in the Graded school here for the past four years and is well qualified to teach has accepted r school in Georgia and left Wednesday to take charge. She will make much more than she did here. Miss Flora is an attractive lady and good christian Sunday school and church worker, and always seems cheerful and gay. We hope she will succeed in her new field of work.

Mr. H. E. McPherson left last week for Rocky Mt. to deliver and collect for fruit trees. We wish him success with his business.

Old Uncle Madison Crawford, an honorable colored man, who was carried to the Asylum at goldsboro not long ago, died there and was brought home last Monday, 6th, for burial. He was liked very much by white and colored. He hauled many loads of wood here, and is kindly remembered by a great many people here and in the country. He was an honest upright man until his mind gave way. He was laid away at Mebane. We pay this tribute to him, believing that he was a good old man.

We want Capt. J. H. Hardien to hasten the work on the waiting room for the car line at Haw River. You remember how rainy it was Monday. We are going to give you good time, and if you do not come on with your work we will complain again. In the meantime don't forget the light.

The Oyster supper given by the M. P. church Saturday night at the Y. M. C. A. building was a success. We did not learn how much the receipts were, somewhere near thirty dollars gross receipt.

Rev. G. L. Curry will begin a series of meetings at the M. P. church Wednesday night the 8th. everyone invited to attend. We do think when the servants of the good Lord enter into the good work the church members should come up to the help of the Lord against sin and darkness and not make church going a secondary matter, but bring all the tithes into the house and prove the Lord and see if He will not pour out a blessing upon us.

We take off our hat to Miss Carrie Albright for a nice pie melon she sent us by our genial rural carrier. She know exactly how to cheer one who seems cast down on a dark cloudy day. Long may they both live to bless humanity.

Lexington, Nov. 2.—This afternoon at 2 o'clock the body of an unknown negro was found by the Southern railway tracks a mile and a half north of Lexington. The body was lying several feet from the tracks, partly hidden by weeds. Cornor Peacock of Thomasville was notified and came through the country in an automobile. He summoned a jury and went to the scene of the killing. The jury verdict will not be known before morning. It is generally believed that the negro was a victim of the "deadly double track," which has claimed many victims in this section during the last five years.
