Morning Prayer 11: A. M. Evening Prayer 7:30 P. M. Sunday School 9:30 A. M. Confirmation Lecture 3:30 P. M. The public cordially invited. Pews free. Polite Ushers, and a large vested choir.

### Services at Reformed.

In the Reformed Church here next Sabbath at 11 a. m. Rev. J. D. Andrew, the pastor, will preach on the subject: "Fellowship and Service."

At 7 p. m. his subject will be: "The Young Lady and Leap Year."

As always, rich and poor, old and young are most cordially invited.

### What Relation?

We don't know what bearing this has on farming but we suppose it must have some since it was clipped from The Progressive Farmer:

"The world has probably never known a more audacious fakir than Dr. Frederick A. Cook. Having made a pile of money taking the public before his exposure, he is now making an additional pile telling the people how he did it. Dr. Cook has recently lectured at several places in the South."

### Meeting of Civic League.

There will be a meeting of the Civic League Thursday night, February 8th. At this time the By-laws will be submitted and ward officers appointed. Every man, woman and child who is interested in civic improvement will please attend. Place of meeting to be announced later.

### STATE EXECUTIVE COMMITTEE TO MEET

Notice is hereby given that a meeting of the Republican State Executive Committee will be held in Raleigh, N. C. on Wednesday, February 28, 1912, at the Yarrowborough House at 1:30 P. M.

The object of the meeting is to designate the place and date for holding a State Convention to name delegates at large to the Republican National Convention and for the transaction of such other business as may properly come before the State Committee.

This meeting at the beginning of the National and State campaign is important and you are urged to be present.

Be kind enough to write and indicate your purpose of attending.

Respectfully,  
Jno. M. Morehead, Chairman  
Gilliam Grissom, Secretary

### New Pipe Organ.

An order has been placed with in the past few days for the purchase of a new Estese pipe organ to be placed in the new Presbyterian Church at this place. This is the second pipe organ for our village the Episcopal Church having installed one only recently. The purchase price of this last one is \$2800.

### Life In Chatham.

Harp of North Carolina, that mouldering long hast hung, get on the job again. It is from Chatham County, famed home of rabbits and mendacity medalists, that sweet strains now arise. The Route 2 Correspondent of The Siler City Grit deserves, without contending, the county Laureateship by these appealing lines:

It happened the other Saturday night  
The earth put on its mantle of white;

But I was sound asleep and did not know  
Till morning the ground was covered with snow.

Let it snow and blow, let it hail and sleet  
Just so I have plenty of bread and meat;

Plenty of firewood and a roaring fire  
In cold weather is my heart's chief desire.

Corn in the crib and meal in the barrel,  
Peace at the fireside and folks that won't quarrel;

Sugar in the gourd, money in pocket  
Baby in cradle and pretty wife to rocket.

Let the turkeys gobble, let the rabbits go,  
I won't trudge after them in this slippery snow.

With pencil in hand close to the fire I'll sit  
And write items for The Siler City Grit.

It is in Chatham County that they stop trains to permit rabbit hunts, or even run trains backward along some rabbit's trail.

If Chatham County were Indian, it would erect to the rabbit a lofty totem-pole; if it were one of the ancient Mediterranean nations, it would erect a statue of a gigantic rabbit with ears forty feet long.

Such is the rabbit to Chatham, and yet we find a Chatham bard preferring before the rabbit chase quiet joys at home.

Could there be a finer exemplification of the fact that unless the most fundamental, natural instincts of man are gratified all is vanity—not only the high-priced artificialities of the city but even the call of the snow-covered wild?

In Chatham this balance is most evenly adjusted when weather conditions are such as both to encourage rabbit hunting and likewise emphasize by cold without the pleasures of the fire-lit, cradle-encircling home.

Route 2 Correspondent's lay reminds us of the Saturday night scene within the simple Scottish home where Robert Burns watched his parents' wee bit ingle blinkin' bonnyly. We accord it high praise for its unaffectedness and its truth. Editor Ike London, stimulate Route 2 Correspondent's Muse by every means you can!—Charlotte Observer.

### MOREHEAD TO BE HOST

Supporters of State Chairman John Motley Morehead throughout the state are receiving thru Gilliam Grissom invitations to attend a banquet to be given by Mr. Morehead in the Yarrowborough hotel, Raleigh, as a preliminary to the meeting of the Republican state committee in that city February 28. The invitation states that the banquet is given by Mr. Morehead complimentary to the state committee.

### Call Meeting

Bula Lodge No. 409 A. F. & A. M. is called to meet next Monday night at 7:30 for the purpose of transacting any business that may come before the Lodge. All members are urged to be present, as it will be determined at this meeting as to where we will have our lodge room in the future. The committee has recommended the Freeman building and the matter has been deferred until next Monday evening for a final decision. There will also be Second Degree work.

### Long-Maffitt

Mr. Ben C. Maffitt, who for a number of years has been one of the most faithful employes of the Charlotte waterworks, was married last night at 8:30 o'clock to Miss Sadie Long, a daughter of Mr. and Mrs. W. J. Long of Burlington. For several months Miss Long has been engaged as stenographer with the waterworks office and it was during the association made possible by their respective positions that the courtship started which ended so happily last evening.

The young couple were married by Rev. Dr. A. A. McGeachy at the manse of the Second Presbyterian church, the ceremony being witnessed by only a few intimate friends of the contracting parties. Mr. Maffitt is one of the most popular young men of the city. He is a son of Mrs. L. C. Maffitt and by reason of the duties which fell to him in the capacity of a public servant, he has drawn around him a host of intimate and substantial friends. The bride of the evening is a young woman of striking beauty and attainments. The young people have the well wishes of numerous friends in their new relationship in life.—Charlotte Observer.

### Miss Davis at Graded School.

The popular little play, "Merely Mary Ann," impersonated by Miss Davis, one of the faculty of St. Mary's School, Raleigh, will be given in the Graded School Auditorium on Monday night, Jan. 29. There will also be several good vocal selections by well known musicians of Burlington and Graham. Admission 35, 25, & 15.

This will be given for the benefit of the Woman's Guild of the Episcopal Church.

### The Balkey Party.

Barney Oldfield, the racer, in company with a Washington friend, was driving in a big car along a road in the interior of Virginia when they met an old-fashioned couple. The frightened country people jumped to the ground and the motor car came to a halt.

Observing the consternation of the startled couple, Oldfield left his car and stepped toward them.

"If you will let me," said he, "I'll lead your horse past our machine."

"Never mind the horse, stranger," said the countryman; "you lead my old woman past that thing and I'll get the horse by all right."—New York Herald.

### New Drug Store.

Dr. H. M. Montgomery will begin the erection of a new brick building to be used for a drug store on the corner of Davis and Tucker Streets in the near future.

The building will be 20 by 60 and will be finished by the first of April. The building will be on the corner next to the new building recently built by the Holt-Engine Co.

### A New Law Office for Graham.

Mr. William I. Ward, an Alamance County boy, who recently obtained his license for the practice of law, and who for several months has been associated with Mr. W. H. Carroll, at his office at Burlington, preparatory to entering into the active practice of his chosen profession, will this week open up an office for himself at Graham, N. C. These two popular lawyers will continue to association each other in the trial of cases where the services of both is desired.

We wish Mr. Ward great success in his new field and feel assured that with his attainments now secured that he will soon forge to the front in the legal profession.

Remember Monday night, Jan. 29th, Miss Davis will be at the Graded School.

Col. Roosevelt is chopping wood at his Sagamore Hill estate, but wait until he gets out his saw.

### Surveying to Saxapahaw

A recent conversation with Mr. Hatch Manager of the Electric Railway and Traction Co., informs us that two surveys have been made from Graham to Swepsonville for the building of a proposed line for the company. The one survey follows the macadam road while the other goes the old still house branch road. The distance of these proposed lines is about four and one-fourth miles to the Swepsonville Bridge. The survey is being made on through to Saxapahaw a distance of about sixteen miles by the old dirt road.

Work has opened again on the Power house which it is hoped to have completed in about fifteen days.

The recent bad weather has greatly hindered the work not only of the survey force but over the entire track. The management of the force is to be congratulated for the excellent service rendered during the freeze and snow.

### He Never Could Get Enough Courage to Propose to the Girl

In the February Womens Home Companion Margaret E. Sangster, writing in an article on "Sweethearts and Wives," tells about the timidity of certain lovers and makes the following report of a Virginia man who cherished a passion for a woman of rare loveliness for thirty years. He made a call upon her once a week. Mrs. Sanster goes on to say:

"Promptly as the evening returned he dismounted from his horse at her gate, and a servant took charge of it while, hat in hand, he advanced up the long avenue and stepped upon the white-pillared porch of the old colonial house. She was a slim, slender girl and he a gallant youth when their courtship began. They were both gray-haired and middle-aged when it ended in the sudden death of the lady. No one ever understood why the two, who were lover and sweetheart, did not become husband and wife. The county in which both were favorites never ventured to question either about their secret, nor was anyone surprised that when the custom of years was ruthlessly broken by death, the man lost interest in things around him and rapidly sank into a melancholy old age."

### Music Makes Cows Yield More Milk

Milwaukee, Wis., Jan. 20.—J. Gilbert Hiccox, bank director and farmer producing milk of quality has discovered that the use of a cheap phonograph has increased the producing value of his herd of seventy blooded cows two quarts each day. As the milk sells to the exclusive set at twelve cents a quart, this makes his music worth \$1,000 a year to the farm.

He tried the experiment on the theory that music at milking time would make the cows less inclined to be nervous. He was right. Bossy under the soothing influence, yielded all the milk she possessed. Waltz music proved the most satisfactory from the cow standpoint. Ragtime agitated rather than quieted the bovine nerves.

### Release British Banker From Jail is Demanded.

El Paso, Jan. 20.—The British ambassador at Mexico City has received instructions from his home to demand the release of George W. Ham, a banker, held in prison in Mexico City. Ham has been in prison two years for being involved with financial transactions which wrecked the Mexican Packing Company. It is alleged that he is held in jail without being given a hearing.

### Two Killed in Collision.

Martinsville, Ind., Jan. 17.—Two men were killed and six others injured, one probably fatally, when a limited interurban car, outbound from Indianapolis, on the Indianapolis and Martinsville line, ran headlong into a work train four miles out of Martinsville this afternoon.

### Too Much for Him

One day a teacher of mathematics went shopping with his wife. He tagged along listlessly from counter to counter until they came to the dress trimmings department and there, he found something in his line. Said his wife to the saleswoman:

"How wide is that gold-spangled black crepe?"

"Three-eighths of a yard," said the girl.

"How much is it a yard?"

"Three dollars."

"Well," said the professor's wife, "how much of three-eighths wide material will it take to put four six-inch strips around a two and three-quarter yard skirt that is seven inches narrower at the knees than it is at the bottom, and how much will it cost?"

At the first mention of those figures the professor's head began to reel, and it reeled still more when his wife and the girl got out pencils and paper and began to do their sum. Presently his wife said:

"Here, dear, you know all about mathematics. Help us solve this problem, won't you?"

But the professor said: "Excuse me I feel faint. I must get a little fresh air," and ignominiously fled.

His wife came home with exactly the amount of material required, and the professor took her word for it that she didn't pay a cent too much.—New York Times.

### Interesting Decision.

Asheville, Jan. 19.—Special. In connection with a bankruptcy case this morning, Judge James E. Boyd in the district court of the United States, made a decision of vital interest. It was that partners should not be allowed a personal property exemption of \$500 out of the partnership have been paid. He held that the partnership is an entity, and would not come under the exemption provision of the State constitution. The ruling is all the more interesting because it is said that the Supreme Court of North Carolina has rendered a decision to the contrary.

Judge Boyd said he had long had his mind settled on the subject but that he had not had it brought squarely to his attention until recently, when two cases of the kind were before him.

### Finds His Mother.

Waxhaw, Jan. 22.—Mr. Ralph Carraway was a happy young man last evening, when he boarded the train in Waxhaw, to go as fast as it would take him to see his mother, whom he had not seen since childhood, and whom he never expected to see again. The life-story of young Carraway reads like a romance.

In 1902, Ralph Carraway and his sister, when they both were small were put in the orphanage at Charlotte. They had no remembrance of their father, who had died some years before. The boy had not been in the orphanage long before he ran away, and drifted about, finally settling with Mr. A. A. Haigler, of Waxhaw. For the past ten years he has made his home with Mr. Haigler, working with him day by day in the blacksmith shop, and was looked on as almost one of the family.

Ralph Carraway had often said if his mother was alive he did not know it. He had not heard a word from her or about her for ten years, and it was his belief that she was dead.

The little sister, who was with him in the orphanage, now a grown young lady, he learns, is alive, and she and the old mother live together at Gum Neck.

Young Carraway appears to be about 21 or 22 years' old. He is industrious, honest, kind, and will be much missed in the honest smithy's home, as well as the old Waxhaw blacksmith shop, where for these many years has been at the flaming forge and has made the anvil ring.

Miss Davis, an impersonator, will be at the Graded School, Monday night, January 29th.

Dr. Sun Yet Sen is President of the United States of China if he can stay put.

### County Teachers In Session

The Alamance County Teachers Association held a most interesting session in the court house in Graham on last Saturday. Although the roads were very muddy, the attendance was representative the entire session was full of thought and pointed practical suggestions for the teacher, and interest and attention were without a break to the end.

The session was opened by singing "Work for the night is coming." After this song all joined in the Lords prayer, after which the active work was begun.

Prof. J. A. Bivins of the State department of Education took up that part of the Reading course that deals with child study and organization. His lecture was practical, timely illustrated and good. It was the kind that makes the teacher feel that he has something to carry away.

At the conclusion of the address of Prof. Bivins, Supt. Robertson passed to the teachers copies of a new and home made song that he stated had never been sung. It is entitled "Alamance" and is set and sung to the tune "America." The fourth verse is a duplicate of our loved America. The association readily sang the other three verses of Alamance which runs as follows:

### ALAMANCE.

Tune—"AMERICA."

My country 'tis of thee  
Sweet land of chivalry,  
Of thee I sing;  
Land where first patriots died  
Land where they stood when tried  
From every one betide  
Let freedom ring.

My native country thee,  
Land of the noble free,  
Thy name I love;  
I love you Alamance,  
I love each leaf and branch,  
Whe'er it has a chance  
On thee to grow.

Let every one who lives  
In this dear county now,  
Help us to sing—  
Sing of the deeds to dare,  
Upon a field so fair,  
Their own dear lives to share  
For freedom's sake.

At the conclusion of this song the Supt made several important announcements concerning the county work; and concluded his announcement by telling of the passing away a few days ago of Mr. James I. White. Mr. White had been a member of the county Board of Education for several years, a public school teacher 50 years and a charter member of the County Teachers Association. The Supt. spoke very feelingly of the fact that Mr. White was a thorough teacher, a loyal friend to education and a courteous gentleman of the old Southern type. Whereupon the association unanimously passed a motion appoint a committee to draft appropriate resolutions.

A union Dinner was then served in the town hall; the Graham Graded School teachers were kindly serving. While the teachers chatted around the festive board, E. P. McClure, of the firm of Green & McClure, played some splendid selections from a new Phonograph and all went merry through the dinner hour.

The feature of the evening was the demonstration lesson in reading by Miss Mary Carter, teacher of the first Grade in the Graham School and a conference made from observations from the lesson taught. The conference was led by Prof. Bivins. A dozen or more beautiful little girls of Graham were present to do the reading. The lesson was so aptly taught and so well recited that it might be called a model lesson. Salient points that were saw characterized the lesson from start to finish as were pointed out in the conference by the teachers present. The conference closed the session of the day. As the teachers passed out of the hall several with the longest experience claimed a place for this meeting among the very first in the history of the county association for interest and real practical benefit.

**Corpse Came to Life.**

Asheville, N. C., Jan. 17.—Supposed by his family to be dead, Robert Smith, a 70-year-old resident of the hominy section, was prepared for burial by them in the best room of the farm house Tuesday and covered with a sheet. News of the death being circulated in the neighborhood, many friends called to express sympathy and these were invited in to view the corpse. They were massed in the room when the sheet was removed and Smith's face was made visible, but none remained when he opened his eyes and asked, "It's raining, ain't it?" Some went out through the door, but others preferred windows, whose sashes they took with them. For some time no one returned. Smith died again next day, and, after a physician had pronounced him dead, he was buried.

**1,156,622 Cattle Killed in 3 Years by Company.**

Chicago, Jan. 16.—In an effort to refute the charges made by the government, the defense in the packers' trial today submitted figures from the books of Morris and Company, showing that in 1907, 1908, 1909 and 1910, 1,156,622 cattle were killed at the company's Chicago plant on which total net profits realized by the sale of fresh meats and by-products was \$1,008,215.76 or 87 cents a head.

The next profit on fresh meat in this period was one-eighth of a cent a pound, according to the books of the company.

This information was brought out in the cross-examination of Witness Harry A. Timmins, chief accountant for Morris and Company. He explained the accounting system in use by Morris and Company and assumed personal responsibility for the various changes made in the amount of the allowances for by-products in figuring the test cost of beef.

The witness said he ordered the changes without consulting with the defendants, Edward Merris and Louis H. Heyman, and denied ever conferring with representatives of Armour and Company, Swift and Company and the National Packing Company in figuring the test cost of beef.

**RICHESON'S FATHER WILL STAND BY HIS SON**

Lynchburg, Va., Jan. 18.—"It's a lie, and there is not a word of truth in it," declared Thomas V. Richeson, father of the condemned murderer of Avis Linnel, now in Boston awaiting execution for his crime, when asked today if the report from Boston that he had disowned his son because of his confession of guilt was true.

When first asked about the report Mr. Richeson who is pressed down by grief, turned abruptly from his would be interviewer and walked away, refusing to talk. Later his son, R. E. Richeson, a half-brother of the condemned minister, made this statement:

"Father is terribly broken up, crushed. He says he will stick to Clarence."

Shortly after this, Mr. Richeson went to a local newspaper and made this statement:

"Yesterday one of the Boston papers came to my home stating that I had disowned and deserted my son. It is a lie. I am his father and will stand by him through it all. I want him to see in the Boston papers that I will stand by him and will not desert him now. I do not uphold him in his sin, but even disgraced and degraded, I am his father and will always be. Please correct the statement that I have disowned him."

With this the elder Richeson turned with a sob and started quickly to leave, apparently bordering on a breakdown.

"Will you go to Boston soon?" was asked.

"I don't know," he said with a suppressed sob and left the office crying.

No more would he say, but the old man is heart broken. This is the first time he has been away from home since his son's confession.

**MORE OF ROYALTY TO VISIT AMERICA**

London Jan. 18.—The Duke and Duchess of Connaught, uncle and aunt of King George V, will leave Canada for New York next Sunday to pay the visit to the United States.

The International News Service at the same time told exclusively of the coming visit of the Duke of Argyll, another uncle of the king.

The confirmation of the statement that the governor general of Canada would visit the United States was cabled back to London from New York and aroused great interest and satisfaction here. It is looked on as an event of deep political significance in view of the efforts that are being made for closer relations between United States and Great Britain.

Now it is learned that King George and Queen Mary may visit the United States, and that the king in accepting the Duke of Connaught's invitation to attend the opening of the new transcontinental railroad in Canada in 1914 will extend his visit to Washington and New York.

**A STUBBORN BLAZE**

Rocky Mount, Jan. 18.—A fire, which has slowly but surely been destroying over four hundred tons of coal has been burning in the Atlantic Coast Line yards at South Rocky Mount for the past several days. It is not known what caused the blaze. The men at the railroad shops have been working in vain to extinguish the blaze, it being impossible to cope with the situation, but they are managing to save some of the pile from around the edges, the seat of the fire being directly in the center of the huge pile.

When discovered several days ago, it had already eaten a large hole down towards the bottom, and the pile could be seen slowly caving in, and as yet the men have been unable to see the blaze, although at all times huge volumes of smoke are pouring from the top of the pile. The loss is hard to estimate, owing to the fact that it is not known how much of the coal can be saved.

The Republican National Convention will meet in Chicago, June 15th, and name the next President. The Democrats will meet in Baltimore on June 25th and give each other black eyes and incidentally name an "also ran."

**HOW ABOUT GRAVY AS A SUBSTITUTE**

Chicago, Jan. 19.—Sixty cents a pound for butter was said to be the price to which retail dealers in Chicago looked forward. Quotations this evening reached forty-seven cents, the highest in the city market history.

This additional burden on the cost of living was blamed by the storekeepers to scarcity resulting from the recent severe weather conditions, but other persons were not slow to ascribe the advance to an alleged trust which has been under investigation by Federal authorities.

**Pains All Over!**

"You are welcome," says Mrs. Nora Guffey, of Broken Arrow, Okla., "to use my letter in any way you want to, if it will induce some suffering woman to try Cardui. I had pains all over, and suffered with an abscess. Three physicians failed to relieve me. Since taking Cardui, I am in better health than ever before, and that means much to me, because I suffered many years with womanly troubles, of different kinds. What other treatments I tried, helped me for a few days only."

**TAKE The CARDUI Woman's Tonic**

Don't wait, until you are taken down sick, before taking care of yourself. The small aches and pains, and other symptoms of womanly weakness and disease, always mean worse to follow, unless given quick treatment.

You would always keep Cardui handy, if you knew what quick and permanent relief it gives, where weakness and disease of the womanly system makes life seem hard to bear. Cardui has helped over a million women. Try it.

Wednesday, Jan. 24, 1912.

O, Woodrow, Woodrow, have you not said too much?

What about a few coal cynders on the sidewalks in North Burlington.

William Jennings and Woodrow go hand in hand. What a pretty couple.

The last attack the Democrats have made on Harmon is that he is a Wall street man.

The Democrats now are loom- ing up Marshall, but Bryan and Wilson are still in the way.

June 18th is the date and Chicago the place where the next President of the United States will be nominated.

The beautiful sunny days give an invitation to the winter girl to come out in her slippers and furs.

The Progressive Farmer thinks Dock Cook one of the greatest fail- ured of his age. Well that's Doc's a Democrat.

We wonder why Wilson and Harvey should fall out after hav- ing been friends so long. But, then the best of Democrats, if any there be, will fall out when they learn each others rascality.

Democratic Presidential tim- ber is wonderful plenty this year—Harmon, of Ohio; Under- wood, of Alabama; Clark of Mis- sissippi; Marshall, of Indiana; Folk, of Missouri and Wilson, of New Jersey. Besides these eminent men they have a string of dark horses hitched out in the woods—Dix, of New York; Foss, of Massachusetts and Bryan, of Nebraska. Isn't that a string, all wanting to be president of the United States?

**A Hint to the Farmers.**

A recent declaration by Rep- resentative Lever, chairman of one of the important sub-com- mittees on agriculture, declares war on the butter trust. The sharpe advance in the price of butter coupled with the predic- tion that the advance will con- tinue until it reaches sixty cents a pound arouses the people. The idea of Representative Lever is to reduce the tax on oleomargar- ine from ten cents to less than one. With the price of beef and but- ter ranging high seems to be a hint to our farmers to raise more cattle and give more attention to stock farms and less to the rais- ing of cotton. With our vast acres of pasture it looks reasonable that our farmers might drive the oleomargarine substitute out of the field and supply the demands of our people with the original article.

A hint to the wise is sufficient, why not press the battle.

The Dispatch a year for \$1.00.

**Mr. Wilson and Col. Watterson.**

When Governor Woodrow Wil- son first emerged into the politi- cal arena, he carried with him a quality that had scarce been seen before, the power of speaking scholarly thought in colloquial language. His political airs as they fell from the stroke of his pen were in the forms of epi- grams bit. His aphorisms reach- ed the spot. His speeches were like the best of food, highly fla- vored.

But alas! this seemingly digni- ty has been dulled as it would ap- pear by his much speaking. That this should be true was to be ex- pected of a man who necessarily says every day twice as much as he knows. If Woodrow Wilson could cut loose from his much speaking to proportions of one column a week he might teach the country something while learning a great deal more him- self.

But of all his blunders none are weighing so heavily upon him at present as his ungracious attitude toward colonel Harvey, the publisher of Harper's Week- ly, who has been a constant and admiring friend of Mr. Wilson through thick and thin and who always rallied to the front in his behalf. Mr. Wilson, by telling Col. Harvey that his publication was doing him more harm than good, deepened a channel be- tween the two which perhaps will never be filled. Col. Watterson, Editor of Courier-Journal, hast- ens to the rescue of Col. Harvey and as is seen by many makes the nomination of Mr. Wilson al- most an impossibility. In speak- ing of Col. Watterson, Mr. Wil- son calls him a "fine old gentle- man" whether with mistaken ef- fort to palliate, or with intent to make an enemy, we are in doubt. What we are not in doubt of is that, barring apoplexy, such a description is certain to make of the venerable Editor a fighting man.

Col. Watterson can be peaches and cream to the point of making smack the lips of a female insti- tution, but to call him nice is to give the deepest insult that can be handed to genuine virility. While a gentleman in the heat of battle he can act most ungentle- manly.

Let this be as it may we await to see what will be the termina- tion.

**The Butter Agitation.**

Washington, January 21.—The increase in the price of butter ordered by the Elgin Butter Board and the prediction that the commodity would go to 60 cents a pound has given impetus to the campaign in Congress for a reduction in the oleomargarine tax. Chair- man Lever, of the sub-committee of the House Committee on Ag- riculture, which has been consid- ering the oleomargarine bills, will recommend a bill to the whole committee tomorrow de- signed to lower the tax on oleo- margarine from 10 cents to less than one cent a pound. The bill provides a fine and imprisonment for the sale of oleomargarine un- der the guise of butter. The chairman hopes to get it through

**the House within a month.**

It is believed this will do some- thing to lower the cost of living. Letters from women's clubs, la- bor organizations and various civic bodies have been sent the committee in great numbers since the butter market quota- tions from Elgin have become generally known.

**DEVELOPMENTS IN TRIAL BEEF TRUST**

Chicago, Jan. 19.—Several thousand original memorandum cost sheets for beef used by Armour and Company at its South Omaha plant between March and September, 1910, were introduced in evidence by the government in the packers' trial today. They are the first original data dealing with the actual figuring in the trial, and show the allowances made for by-products by the test cost system. This system, the government declares, was used by the packers as the basis of fix- ing prices.

The sheets were produced by Edward J. McAdam, office man- ager at the South Omaha plant of Armour & Company.

Earlier in the day Everett B. Dill and Perry N. Waterhouse, formerly managers of the Nation- al Packing Company at Boston, from 1908 to 1906, testified that it was the practice for the rep- resentatives of Armour & Com- pany and Morris & Company to exchange memoranda of the daily shipments, margins and selling prices.

They said that in this way the representatives of each company knew what the other was doing. Sometimes this information was obtained by telephone, and at other times the branch managers made the rounds of the other offices to get the figures.

Waterhouse testified that when he was in charge of the National Packing Company's business in Boston, the managers met every Saturday to exchange this infor- mation. He said they made daily and weekly reports to the main offices in Chicago regarding the price obtained on sales.

**THE DYING CONVICT BANKER RELEASED**

(By the Associated Press.)

Washington, D. C., Jan. 18.— President Taft today commuted, to expire at once the sentence of Chas. W. Morse, the New York banker, serving a fifteen year's sentence in the Federal prison at Atlanta. The commutation was granted because of Morse's phys- ical condition and on the recom- mendation of Mr. Wickersham and Surgeon-General Torney, of the Army.

Bath, Maine, Jan 18.—The news of the pardoning of Chas. Morse by President Taft aroused the city of Bath, the birthplace of the financier, to a high pitch of excitement and joyousness to- night. A band was at once called out and bon-fires were lighted on the green at Sagadopic Square. Led by the band, sever- al hundred men marched through the streets, burning red fire and cheering for Morse and Taft.

**When Every Dollar Counts**

If you sat shivering in your bare rooms, with no coal or wood, scant clothing and the wind whistling through the house; if your little children cried for bread, and would not be quieted because you had none to give; if you were sick and cold and pen- niless, what would you think of those near by who reveled in warmth and plenty, with the fire glowing, the table heaped with good things, but who had no ear for the cry of the unfortunate? This is a terrible thing for the poor. Hundreds are in bitter want, thousands for insufficient food and clothing and their small supplies of fuel are exhausted. Every charity organization has more calls for aid than can be met with the funds in hand. "He that giveth to the poor lendeth to the Lord." This is the time the poor appreciate help, when it may mean life or death to them. Checks, cash, food, cloth- ing, fuel, medicines—all are needed, and at once. Charity be- gins at home, but it does not stop until it has relieved the suffer- ing and comforted the dis- tress of all within its range.—Bal- timore Sun.

**When Electric Chair Is Mentioned He Shudders**

Boston, Jan., 22.—Clarence V. T. Richeson condemned prisoner of Avis Linnell, is on the verge of collapse and guards at the Charles street jail are watching his every movement.

His condition is so precarious that the guards have not told him that Silas Phelps, who killed Sheriff Haskins of Monroe Bridge must die. On the hope that Governor Foss would commute Phelps sentence, Richeson hased his faith that his own sentence would be commuted.

Every day he asked about Phelps.

"Has the Executive Council commuted his sentence?"

Richeson fears the death chair He is thoroughly familiar with its details and shudders when discussing them with Harry Butts, his negro cellmate.

**BRITISH LABOR WAR ENDS**

Manchester, England, Jan. 10.—The dispute in the cotton trade which culminated in a look-out affecting about 300,000 men on December 27, has been settled. The question at issue between employers and workers was the employment of nonunionist labor.

All the mills will be reopened on Monday. The operatives by a two to one vote agreed to accept a truce for a year. This is regarded as a victory for the employers. The rank and file of the operatives are satisfied with the settlement, but the union leaders are displeased with it as their difficulties in persuading nonunionists to join the unions will be increased.

**VOICE ALWAYS LEAVES HER WHEN IN NEBRASKA**

Boulder, Col., Jan. 20.—A case that has aroused considerable interest among local physicians is that of Miss Elma Clark, who left here a week ago for Dillion, Neb., but was compelled to return to Boulder, having lost control of her voice in less than ten hours after her arrival in Nebraska. She was accompanied on the return trip by her sister, and the two ladies are stopping at the home of their uncle, William Clark, No. 1141 Eleventh street.

The case is a most unusual one and has completely mystified her physicians in this city. Since coming here nearly four months ago Miss Clark has made three trips to her home at Dillion, and each time she lost her voice a few hours after her arrival at that place. On her last trip she arrived at 1:30 Sunday afternoon, and at 10 o'clock that night she was unable to speak above a whisper.

Miss Clark says that it will take her from thirteen to sixteen days to recover her voice again. It took her nine days to recover complete possession after her first trip and thirteen days after her second trip. Although she was in Nebraska less than three days on her last trip she lost nine pounds in weight.

The young lady's parents have signified their intention of leaving their home at Dillon and taking up a residence in Colorado.

**Gives Up Quart of Blood.**

Gary, Ind., Jan. 22.—Dr. Theodore B. Templin, of the city, last night suffered the loss of a quart of blood by transfusion that his wife might have a chance to gain strength after having suffered severe hemorrhages.

Silver and rubber tubing connected an artery in the physician's wrist with a vein in his wife's arm. The Doctor bore up well under the ordeal, and Mrs. Templin has a good chance to recover.

## COURT HOUSE WRECK

Danville, Ind., Jan. 11.—Tuesday evening, shortly after 8 o'clock, the supports of the iron roof over the court house gave way and the roof and ceiling fell with a terrific crash into the court room crushing seats, benches, chairs, railings in one confused mass. The strong second floor prevented any damage to the offices below but from the second floor up, the building is a wreck that baffles description. Bricks, laths, iron roofing, the iron rods and bars which have been supporting the roof lie in one confused pile, covering the entire floor. The heavy wooden benches were crushed as if they were paper.

To prevent danger from fire, the electric light wires were cut immediately, Tuesday night. Very little of the true condition could be seen that night on account of the darkness and the unknown danger from the walls which still stood. Nothing could be done but wait until daylight yesterday when the completeness of the wreckage could be seen.

The noise was heard for blocks there was first a slight sound as of something slipping. Then an increasing roar and the final crash. The shock was felt in distant parts of town. People poured out of the stores. Those in the Odd Fellows' hall came to the street in a hurry. The first thought was that the boiler had exploded. But the truth was soon learned as the cloud of dust settled and the stars could be seen when one looked where the roof had previously been.

Perhaps the cause of the accident will never be known. It was not caused by the ice and snow for the snow was light on the roof. The extreme cold weather was probable immediately responsible. The cold caused the iron supports to contract. They were weakened by age and rust. They rested on a plate of four inches. Perhaps the soft brick were crumbling. The defect was in the supports of the roof. Some years, an architect, after examining the building urged that a new roof with new supports be put on.

The good fortune of the affair is that it occurred at night when the building was deserted. Had it occurred when the court room is packed, as it frequently is, hundreds of people would have been killed.

### What Makes A Woman.

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. It's a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless, worn out feeling. "Electric Bitters have done me a world of good," writes Eliza Pool, Dewey, Okla., "and I thank you, with all my heart, for making such a good medicine." Only 50 cents. Guaranteed by Freeman Drug Co.

### Newlands Not Candidate.

Washington, Jan. 18.—Senator Francis G. Newlands of Nevada, today declined to permit the use of his name as a candidate for the Democratic Presidential nomination and declared himself to be in favor of Governor Woodrow Wilson of New Jersey.

Senator Newlands had received the endorsement of the Nevada Legislature as well as pledges of support from several Pacific and inter-mountain States. In his letter of declination to Clay Tallman, chairman of the Nevada Democratic State committee, Senator Newlands says:

"The movement for higher political standards inaugurated by Bryan has made a profound impression upon both parties and has produced a new crop of statesmen differing in ideals and standards from those of a previous generation. Among these Woodrow Wilson has become a national voice and has become, to a greater degree than any one else except Bryan, representative of the Democratic conscience.

"It is evident that the big interests have isolated Wilson from all the other candidates and have made him the special object of attack. This is all the more reason, therefore, that the Democrats of Nevada and the West should reorganize him as the true progressive leader and rally to his support."

## WIDOW MARRIES CALLOW YOUTH

Richmond, Va., Jan. 19.—December and May were united yesterday when Eddie Carrington, 21, and Mattie Robinson, 47, were launched on the matrimonial seas by "Parson" Mike Macon, special commissioner of the Hustings Court, after wedding clerk "Billie Breeden had issued the necessary permit.

The pair vowed they loved each other dearly, and consequently the parson just had to tie the knot whether he disapproved of their ages or not. The ceremony was pulled off in the parson's private office, with only two or three witnesses on hand. Both Carrington and his bride hail from South Richmond. This is her second venture on the marital seas. The couple are colored.

### INDIAN GIRL AN HEIRESS

Kansas City, Mo., Jan. 18.—Attorneys for Henry C. Simpson, who died in this city three weeks ago, today instituted search for an "Indian maiden" somewhere "in the Southwest" who is heiress to \$160,000 of the Simpson fortune.

That Simpson was wealthy was not known generally until his death. His estate amounted to \$322,000, and was left in the care of his son, Henry, as executor. After the death of his first wife, more than 25 years ago, the elder Simpson is said to have married an Indian. It is for a daughter by this marriage that the son seeks. The daughter is said to have returned to live with her people, the Navajos.

### Notice of Re-Sale of "Richmond Hill" Property.

Under and by virtue of an order of the Superior Court of Alamance County, made in the special proceeding entitled E. S. W. Dameron, adm'r of J. C. Bradsher, dec'd, plaintiff, vs. J. P. ## SYSTEMIC CATARRH RELIEVED BY PERUNA.

My Husband Also Uses Peruna.

Mrs. Della May Samuels, whose picture accompanies this testimonial and who resides at 888 N. Conde St., Tipton, Ind., writes The Peruna Co., as follows: "Eight bottles of Peruna completely cured me of systemic catarrh of several years standing, and if my husband feels badly or either of us catch cold we at once take Peruna."

### Stomach Trouble.

Mrs. Wilson Robinson, 704 Nessel St., Toledo, Ohio, writes: "I feel like a new person. I have no more heavy feelings, no more pain, don't belch up gas, can eat most anything without it hurting me. I want to be working all the time. I have gained twenty-four pounds."

"People that see me now and saw me two months ago seem astonished. I tell them Peruna did it. I will say it is the only remedy for spring and all other ailments."

### JOHNSON BLACKLISTS NEW YORK BOXERS

Chicago, Jan. 18.—Jack Johnson, the world's champion heavyweight, has a scheme whereby he believes he can get even with the New York Boxing Commission for not allowing him to box in the metropolis. The champion says he will place on the black list any fighter who boxes in New York.

The reactionaries are also having a turrrible hard time in China.

### ONE MILLION DOLLARS FOR A GOOD STOMACH.

This Offer Should Be a Warning to Every Man and Woman.

The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.

His misfortune serves as a warning to others.

Every one who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is commonly caused by an abnormal state of the gastric juices, or by lack of tone in the walls of the stomach. The result is that the stomach loses its power to digest food.

We are now able to supply certain missing elements—to help to restore to the gastric juices their digestive power, and to aid in making the stomach strong and well.

We know that Rexall Dyspepsia Tablets are a most dependable remedy for disordered stomachs, indigestion, and dyspepsia.

We want you to try them and will return your money if you are not more than satisfied with the result.

Three sizes, 25 cents, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store.

### ECZEMA CURED

Pimples Disappear and Complexion Cleared Over-night.

New York.—Thousands are taking advantage of the generous offer made by the Woodworth Co. 1161 Broadway, New York City requesting an experimental package of Lemola, the new skin discovery, which is mailed free of charge to all who write for it. It alone is sufficient to clear the complexion over-night and rid the face of pimples in a few hours. On the first application of Lemola the itching will stop. It has cured thousands afflicted with Eczema, Teeters, Rashes, Itching and Crusting of skin scalps of infants, children and adults. It is good for the preservation and purification of the skin, scalp, hair and hands for the prevention of the clogging of the pores the usual cause of pimples, blackheads, redness and roughness and also the treatment of burns, scalds, wounds, sores, chapping as well as the toilette and nursery.

## COTTON MARKET LOOKS PROMISING

New Orleans, Jan. 21.—This week in the cotton market promises more activity than last. In the first place the cotton mills of England will again be running according to the agreement reached Friday between the employers and their men, and this ought to mean more activity in the spot department of the Liverpool market which would stimulate trading on this side.

With English mills running full time again, mill takings ought to increase and cause the week-end statistics to take on a less bearish look.

On Tuesday the last of the semi-monthly reports on ginning by the Census Bureau will be issued. The trade expects bearish figures which some operators say already have been discounted by the decline of this last week. This report is also generally expected to clinch belief in a total crop of at least 15,500,000 bales. The spot markets of the South will be closely watched this week for signs of anything extraordinary in the demand to fill end of the month shipments.

It is claimed by the bulls that shipments this month will be large, and they believe that shipments this month will be large, and they believe that shippers have not yet covered all their wants.

Better weather throughout the week probably would have a considerable bearish influence on prices.

REST AND HEALTH TO MOTHER AND CHILD. Mrs. Winslow's Soothing Syrup has been used for over SIXTY YEARS BY MILLIONS OF MOTHERS FOR THEIR CHILDREN WHILE TEething, with PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALLAYS ALL PAIN, CURES WIND COLIC, and is the BEST REMEDY FOR DARKGEE. IT IS ABSOLUTELY HARMLESS. ### Students Jump For Lives.

Rochester, N. Y., Jan. 17.—"White House," on the edge of the campus of Alfred University, at Alfred, occupied by students as a dormitory, was burned to the ground shortly after midnight and a dozen students were forced to jump from the upper windows into snow banks to save their lives. The fire started in the basement and spread with rapidity, cutting off escape by the stairs. None of the students were seriously injured. The loss will not exceed \$10,000.

### Bephania Aground.

ONE DAY ONLY.

From a Late Snapshot

To see all of his regular Patients and such new Cases, as may wish to consult him, Dr. Packard enjoys a wide reputation, among the profession and the Public of North Carolina, where for more than 25 years he has devoted his entire time to the Study, Treatment and Cure of Chronic Diseases. The Doctor has had wonderful success in his chosen work, that of curing chronic sufferers, Men, Women and Children. The Patients he has restored to Health after they had given up all hope of being Cured are numbered by the Thousands. He is a kind, generous, democratic gentleman to meet, of high scholarly attainments, and dignified personality. Coupled with a Brotherly interest, in all who seek his advice. He does not take a Patient for Treatment unless he can foresee a Cure of the Case. The most commendable feature of his work, and one that appeals to the ordinary person, is the fact of his charges being reasonable and moderate as to make it within the reach of even the very poor. At no time do the charges amount to more than \$7.00 a month or about \$1.00 a week. He gives his own medicine, and there are no extra charges. It takes him never more than from four to six Months to Cure a Case under Treatment. All Cases, even those who have been given up as Incurable or Hopeless, have been Cured and restored to perfect health by this Brilliant Physician and his wonderful methods he employs.

If you want to meet him and have him examine you, go to see him, and talk to him over with him. It will cost nothing if he does not put you under treatment. If he takes your case, it will cost you a very small sum to get well.

### "STARVATION DOCTOR" ON TRIAL FOR MURDER

### DIES ALONE IN HER STATEROOM

Seattle, Wash., Jan. 20.—Miss Dorothea Williamson, who, with her sister Claire, was heir to an Australian estate of \$500,000 continued her testimony at Port Orchard today in the trial of Mrs. Linda Burfield Hazzard, a "starvation doctor." Mrs. Hazzard is accused of murder in the first degree, the charge being that she starved Claire Williamson to death.

Dorothea told of her diet while she and Claire were patients of Mrs. Hazzard in Seattle. She said she was given two meals a day, each consisting of a cup of water to which asparagus or a tomato had been boiled. Sometimes orange juice was substituted.

After two weeks of treatment Dorothea was unable to walk and experienced delirium and fainting spells.

On April 22 when Dorothea was very weak and she and her sister were placed in separate ambulances, conveyed to the warf and embarked for the Hazzard sanitarium at Olalla.

Soon after their arrival Dorothea was permitted to see her sister. The latter was little more than a skeleton covered by a parchment of skin.

Dorothea herself ravenous for food, begged Mrs. Hazzard to give her sister milk, honey, crackers or tea biscuit, but Mrs. Hazzard sternly refused.

New York, Jan. 22.—Mrs. Geo. B. Eastin, of Washington, D. C., the widowed daughter of General J. B. Castleman, of Louisville, Ky., a year ago went abroad in search of health. At Havre, a week ago, she boarded the steamer Savoie in a very weak condition her legs being partly paralyzed. She was unaccompanied and occupied a stateroom alone.

The steamer encountered very heavy gales all the way across, and on Friday last Mrs. Sartin complained of her ill health. On Saturday she sent a wireless to her nephew, J. S. Carroll, of No. 59 West Forty-sixth street, this city, asking him to meet her when the vessel reached port.

Between 1 and 2 o'clock on Saturday morning she died of apoplexy. There was no stewardess by her side to render aid, and there was no one near to hear any cry for aid that she may have made. Her death was not known until 8 o'clock when the ship's doctor was called in. He said that death had set in fully seven hours before he was notified.

Mr. Carroll and his sister met the steamer today, unaware that their aunt was dead. Arrangements were made for the shipment of the body to Louisville where the burial will take place.
