GOOD WORK

Done Daily In Burlington. Many Citizens Tell of It.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Burlington still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

J. A. Harder, Davis St., Burlington, N. C., says: "I was troubled a great deal by backache and dull pains through my loins and sides. I often noticed that the kidney secretions were unnatural and passed entirely too frequently. Upon a friend's advice, I decided to try Doan's Kidney Pills and procured a box at the Freeman Drug Co. I had used them but a short time before my kidneys were restored to their normal condition. I heartily recommend Doan's Kidney Pills to all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other."

Governor Harmon has pardoned a chicken thief. That's a bid for votes that should alarm the Governor's opponents.

Insect Bite Costs Leg.

To avert such calamities from stings and bites of insects, use Bucklen's Arnica Salve promptly to kill the poison and prevent inflammation, swelling and pain. Heals burns, boils, ulcers, piles, eczema, cuts, bruises. Only 25 cents at Freeman Drug Co.

HELPFUL HINTS ON HAIR HEALTH.

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat-band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store, FREEMAN DRUG CO.

It seems to have been lost in oblivion, and Bryan soaked into Ryan.

It seems but probable that a man who would make application for a teacher's pension would accept a campaign fund.

Among the many kicks registered in our office the present week about bad roads comes a strong one from Boonstation Township.

The Wilson-Watterson Wrangle.

Break in the Democratic party caused by the Wilson-Watterson wrangle grows worse from day to day, and each day brings a new reply.

Mr. Wilson claims Mr. Watterson had solicited campaign funds from his friend Mr. Ryan which Mr. Wilson, manager Mr. McComb refused to consider. Mr. Watterson calls Mr. Wilson a liar, and in fact each claim the other "lied."

This is a pretty wrangle for men who claim to be leaders of the Democratic party to be engaged in.

In our estimation, the word liar should be used sparingly, and especially by leaders who are seeing the leadership of a great nation.

Misconduct of Large School Boys

We are informed that unless better conduct on the part of the large school boys is had in the future as they go and come from school the town officials will take steps toward this end.

No official of the town desires to arrest a school boy and bring him into the courts for trial but duty demands that order be preserved and unless better conduct is deported in the future such will be the case.

We are sure it is often unthought of on the part of the boys who do not consider. However a bit of warning if properly taken may suffice as a preventative and save the parents of our boys trouble. It is but nature for boys to enjoy amusement but frequently no consideration or care is given to where amusements end and many times our youths make themselves liable when they least intend.

Taft on Reform Nostrums.

President Taft is scheduled to make a tour in his home state, Ohio, this week. During this tour he will speak seventeen times. What might be determined the keynote of these speeches was sounded in the address which he delivered before the Ohio Society of New York.

He mentioned in illustration that greenbackery, populism and free silver at sixteen to one all have held their sway and found a considerable part of Ohio people who were willing to try the experiment of each new doctrine which was to take away from man the necessity of labor and make the deserving rich. He

to the assembled Ohioans that we have now reached a period when a new series of nostrums are being preached through-out the old state. Concerning these new nostrums the President will undoubtedly have something more to say in the seven-teen talks which he is scheduled to deliver before the close of the current week.

Ever since the thirteen original colonies went into the governmental business on their own account there have been those whose conception of the meaning of popular government is that it can be made and must be made a panacea for all human ills, and this element apparently believes that government can be so formulated as to counteract the weaknesses and frailties of human nature. In his speech at the Ohio feast the President commented with good-natured sarcasm concerning the transcendental optimists in politics who are "against the things that are and are in favor of new ideas which are to metamorphose our entire institutions and bring about a condition where only the just shall have luxury and only the undeserving be poor." He declared that, as is the case with all political nostrums, the radical governmental remedies that are now being advocated expect the reform to proceed, "not from a change in the individual, but to be provided in the machinery of government under which the individual lives and has his being. It is to impose upon the government a responsibility for the happiness of the individual that it never had before."

Speaking of the political nostrums in the large and general, the President conceded that, for the most part, there is nothing in the effort that if being made to introduce them which violates the principles of justice and righteousness. The same can, of course, be said of greenbackism, free-silver coinage and the now universally recognized mistaken nostrums of the past. "But," declares the President, "when this set of reformers offer their remedies for defects in the administration of justice they do violate utterly the fundamental principles of righteousness and justice." The President described in brief some of the methods of procedure that are proposed in applying the comparatively newly invented remedy, the recall, the judiciary. He pointed out that under one form of the recall, as it is supposed to apply it to the judiciary, the judgment of the highest court upon the question of the constitutionality of the laws might be referred to popular vote to determine whether or not the court was right in its opinion. It ought to be apparent to the most casual observation that such a use of the referendum is subversive and disorganizing of the basic principles upon which the courts are established. The President's conclusion is that "to take away from the courts that element of independence, that power to determine right and justice, is utterly to destroy the administration of justice and make it as dependent upon despotic rule as if we had one-man power in the government."

There is one fact which the propagandists of the new-fangled theories that are to save the people from imaginary ills would have popular observation ignore. To this particular fact the President called attention in his speech before the New York Ohio Society. This tremendously important fact is that "we are enjoying today a greater per capita holding property by the individual than ever before in the history of the country. Never before have the farmers been as prosperous, and rarely before have the workingmen had higher wages. Never before has the equality of opportunity manifested itself as it does today in

Ohio and all her sister states. To be experimenting with political nostrums just now is like unto a man who is well taking an advertised medicine just to see if it will not make him better. Our popular scheme of government obviously needs nursing and careful attention, and not newly discovered remedies.

How-Dy-Do

How-dy-do Mr. Voter, I don't reckon you know me do you? Won't you let me come in and sit down and talk awhile? My feet are cold and my back is thin and empty and I am feeling mighty blue. I've been this way before but it was a mighty long time ago and things were not like they are now. You will notice that there is moss on my back, but that need not create any concern.

Let's sit down here and talk things over.

I have been a bold bad man from Bitter Creek and the devilment that is set down to my credit is a awful guess.

I have tried to tare up this country once and make a junk shop out of it and destroy the American flag. I have set up many a night planning how I could beat the folks who were opposing me. I have committed political theft so often that my memory staggers at the record. I have even tried to run this country after my own plans and I came blamed nigh busting the whole thing into smithereens. I made times so hard that people had to eat their soap-grease to escape starvation. I have cussed out nearly every body at one time and another and considered myself the most incompetent contraction that ever tore down the political pike. Maybe you have guessed who I am. My name is Democracy. But I've repented.

Now, Mister, don't you think I should be permitted to have the strings to Uncle Sam's apple cart and let me drive the old thing awhile?—Yellow Jacket.

Mileage Bill

Columbia, S. C. Jan. 28—A bid of great interest in this State especially among the traveling men is the so-called "mileage bill" which would require railway companies selling mileage books to "pull" the mileage on the trains instead of having it exchanged for coupons as is the case now. The hardest fight of the session in the General Assembly was caused by this bill last year days being occupied with consideration of alleged merits. It was finally left at adjourned debates when the session was over, the debate being adjourned until February 1, 1912. It is now on the calendar for that date. Advocates for the bill and its opponents are equally determined and the stormy battle of last year bids fair to be renewed.

New York, Jan. 28.—"Not a word; not a word, gentleman," was Governor Woodrow Wilson's reply to a group of newspaper men who met him on his arrival here tonight from Providence in the expectation that he might have something to say regarding Col. Henry Watterson's suggestion for a "Coart of honor" to decide whether the Governor's campaign manager had authorized the solicitation of campaign funds from Thomas F. Ryan. The Governor, after stopping here over-night, will leave for Trenton to be present when the Legislature meets in the morning.

"Yes I have read Colonel Watterson's statement in the morning papers," said the Governor with a smile, "but I have nothing to say."

"But the Colonel says he has the proofs, Governor" he was reminded.

"Nothing more to say" he reiterated. Governor Wilson will leave Thursday for a speaking tour in the South, which will include an address to the Virginia Legislature at Richmond.

Good Wheat Yield.

(Lenoir News.)

Mr. P. A. Sudderth tells us of a profitable wheat crop he raised a year or so ago on an acre of "old field" land. The plot had been in pasture, and was overgrown with brambles and briars. He cleared it up and then broke it especially deep and well. He drilled in the wheat, using 400 pounds of fertilizer to the acre. The wheat did well and he harvested 25 bushels of very fine grain from the one acre, which he sold at \$1.15 per bushel. He estimated the straw to be worth at least \$10.00, which paid for all the work incident to preparing the land, buying seed and fertilizer and making and harvesting the crop. A clear profit of \$28.25 is pretty good for an acre of "old field" land, but shows what good intelligent preparation and culture will do.

Guinea Pig Hero is Private Car Passenger.

New York, Jan. 27.—The guinea pig which survived the fire in the Equitable building and after 16 days was found alive and kicking in the ruins, has been presented to Henry W. Ward, a millionaire of Newport and Washington. Mr. Ward carried the four-footed little hero of the fire to Washington in his private car.

Found In A Celler

Boston January 28.—A \$10,000 painting which has been lost to the world for a century has been discovered in Boston. It was found covered with grime and dirt in a North End cellar by a junk dealer. Not until it had been cleaned was its value learned.

The painting is by Anthonie Palamedes Staeverts, of the old Dutch school, who lived in the early part of the seventeenth century which makes the painting about 300 years old.

Pay the Editor in Kansas

Howard Courant. In my thirty years and more of newspaper proprietorship I've made some funny trades on subscription. Aside from the stove wood and native coal we used to be so anxious to get I've traded the paper for fruit, poultry garden products and nuts. I once took two young mocking birds on subscription, and they turned out to be catbirds. A man once tried to trade me a young coyote for a subscription, but I balked at that. Then he asked me as an accommodation to kill the young beast, so I took my gun and accommodated him. Trades of this kind are not so often offered as in former times, but last week I took in a half bushel of peanuts on subscription.

Fire at Altar Stopped Wedding.

San Francisco, Jan. 2.—Just as the officiating minister raised his hand to begin the marriage ceremony of Miss Eva Anne Browne and James H. Yohe, of Pittsburg, Saturday the decorations of the altar broke into flames and the service was postponed until the men of the party put out the fire.

ASK YOUR NEIGHBORS ABOUT OUR CHRISTMAS SAVINGS CLUB

Hundreds of them have joined and are delighted with the idea of saving a little every week and getting it in a lump some two weeks before Christmas, just at a time when it will come in handy for presents.

You Can Become A Member Any Time This Week

\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$

Instead of the Club running fifty weeks beginning Dec. 25th, 1911 as formerly advertised, it will run only forty five weeks beginning Jan. 29th, 1912. This is a better arrangement than formerly as there will be no back dues to pay. Those who have paid for the five past weeks, will be credited for the same number of weeks in advance. As the Club runs only forty five weeks instead of fifty weeks, the amount of each class that will be paid out two weeks before Christmas will be as follows:

- Class No. 1—\$10.35 and interest at 4 per cent.
 - Class No. 2—\$20.70 and interest at 4 per cent.
 - Class No. 5—\$51.75 and interest at 4 per cent.
- This is the same proportion as formerly advertised—simply five payments less.

SHARP CORRESPONDENCE RELATIVE TO WILSON-HARVEY INCIDENT MADE PUBLIC

Washington, Jan. 26. Interest in the controversy between Woodrow Wilson and Col. George Harvey and Col. Henry Watterson over Mr. Wilson's aspirations for the Democratic presidential nomination were revived tonight when Colonel Watterson gave out correspondence that had passed between himself and Senator B. R. Tillman, of South Carolina, yesterday and today. The correspondence indicated that the break between Colonel Harvey and Colonel Watterson, on the one hand, and Mr. Wilson, on the other, was due to Colonel Watterson's appeal for financial aid to Thomas F. Ryan, of New York. The correspondence follows:

Washington, D. C., Jan. 25. "My Dear Sir:—Referring to the so-called Harvey-Watterson incident, I find you quoted by newspapers of this morning to the following effect: 'I had given Henry Watterson credit for more so than to try to foist off a story like this with the material facts concealed. The man who makes a public statement with the material facts concealed' is little other than a scoundrel. I have the right, therefore, to demand of you upon what warrant of authority you make this serious accusation against me, and to ask a reply through my friend, the Hon. Swager Sherley, of Kentucky."

"With great respect, "Henry Watterson. "Hon. B. B. Tillman, United States senate."

Washington, D. C., Jan. 26. "My Dear Sir:—In your note of January 25, handed me by the Hon. Swager Sherley, you call my attention to an interview which I had given out in reference to the Harvey-Watterson-Wilson incident in which I say, 'I had given Henry Watterson credit for more sense to try to foist off a story like this with the material facts concealed.'"

"You demand to know, 'upon what warrant of authority you make this serious accusation against me.'"

"In your statement to the press you described in detail the rupture between Governor Wilson and Colonel Harvey, but said nothing as to what caused it. All the leading papers of the country seem to know why Governor Wilson severed relations with Colonel Harvey, and you, as a leading newspaper man and self-confessed expert groomer of presidential candidates, must have known it at the time your statement was published. I properly concluded that you knew the reasons for the rupture, and when you made public the manner in which it occurred without giving the causes, you were unquestionably concealing the material facts."

"Very respectfully yours, (Signed) "B. R. Tillman, "To Col. Henry Watterson, Washington, D. C."

Washington, D. C., Jan. 26. "My Dear Sir:—I have never pretended to be a groomer of presidential candidates, expert or otherwise, but I desired your good opinion and wrote with that, as well as the truth of this matter in mind."

"I am with you, senator, in wishing a Democrat and not a pseudo-Republican for our presidential nominee. It was no less from a sense of party duty than justice as between man and man that I made the statement to which—upon a total misapprehension of the facts—you take exception."

"I have been aware for nearly a week that recognized spokesmen for Governor Wilson were industriously circulating the story that the real reason why Governor Wilson broke with Colonel Harvey was that Colonel Harvey had tried to bring Thomas F. Ryan into the governor's campaign. But until you gave credence to the story, it could not be investigated with any responsible authority. Its origin was mysterious, its circulation suspicious. Consequently there has been up to this time nothing either to deny or recognize."

"Vow, senator, I know, of my own knowledge, that story is a lie made out of the whole cloth. If any person ventures to question this assertion, I have in

my possession proof conclusive which I hold myself ready to place before your honest and truth-seeking mind. "I do not accuse Governor Wilson of originating or circulating this invention, manufactured to make a hero of him at the expense of the friend who has most effectually served him. I do not assume that he is aware of the dastardly work being done by his alleged agents, but the fact remains that Governor Wilson knows as well as I do that the story is false. He may, or may not, feel that he owes any obligation to Colonel Harvey. That is a matter of which he must be the judge. But I do insist that he owes it to his honor to repudiate that story and to disavow those who are striving to inject the calumny into the public mind."

"At Governor Wilson's instance, I had undertaken to assist his accredited managers in raising the considerable sums of money needful to the prosecution of his campaign, and in this my efforts were not wholly unfruitful. As the business proceeded, the name of Thomas F. Ryan, not unnaturally came into my mind. He is a Democrat. He is a Virginian. He is my friend. Knowing him to be a disinterested man, having no axe to grind, I hoped that I might induce him to help out what I believed a worthy cause. Governor Wilson's managers were delighted with the suggestion. Colonel Harvey had nothing whatever to do with it, and, as far as I am aware, knew nothing whatever about it."

"Throughout this unhappy affair, I have been an unwilling witness—in its consequences, somewhat of an innocent bystander—having been up to the hour of the Harvey incident, a sincere believer in Governor Wilson. "He is a man of ability. In some ways he might prove a candidate of availability, but I fear that if he became our President we might discover all too late that he possesses personal peculiarities which would prove disastrous. We want in the White House a man of broad intellect, as well as polished intellect, a heart grateful and kind, no less than daring."

"I remain, with great respect, "Your obedient servant, (Signed) "Henry Watterson. "To Hon. B. R. Tillman."

CATARRH OF THE STOMACH

Could Hardly Eat. Gradually Grew Worse. Relieved by Peruna.

Mr. A. M. Ikerd, Ikerd, Box 31, West Burlington, Iowa, writes: "I had catarrh of the stomach and small intestines for a number of years. I went to a number of doctors and got no relief, and finally one of my doctors sent me to Chicago, and I met the same fate. They said they could do nothing for me; said I had cancer of the stomach and there was no cure. I almost thought the same, for my breath was offensive and I could not eat anything without great misery, and I gradually grew worse. "Finally I concluded to try Peruna, and I found relief and a cure for that dreadful disease, catarrh. I took five bottles of Peruna and two of Manalin, and I now feel like a new man. There is nothing better than Peruna, and I keep a bottle of it in my house all the time."
