Watson-Homewood

A beautiful home marriage occurred this afternoon at two o'clock at Springbrook, the spacious country home of Mr. J. F. Homewood, near here, when his daughter, Elizabeth, became the bride of Mr. Charles Edgar Watson, of Elm City. There were present many interested friends and relatives of both parties. The parlor where the ceremony took place was beautifully decorated in potted and cut flowers. Miss Florine Robertson presided at the piano and rendered the bridal chorus "Lohengrin" as the bridal party entered. First came the groom with his best man, his brother, Mr. Henry Watson, of Elm City. The bride then entered with her maid of honor, Miss Lois Reitzel, of Hartson. They took their places before the officiating minister, Rev. J. B. Gibble, rector of the church of the Holy Comforter, pastor of the bride. The beautiful Episcopal service was used in joining the lives of these young people. "Traumerer" was played softly during the ceremony. Immediately after the bridal party drove to the station and Mrs. Watson left on the train for the city. The bride wore a handsome gown of blue, hat and gloves to match, and carried a white prayer-book and a bouquet of lilies-of-the-valley. The maid

O. F. Crowson Buys Durham Sun.

Durham Feb. 3.—The property of the Durham Sun Publishing company was resold at public auction by order of Judge Cook this afternoon. The purchaser was O. F. Crowson of Burlington former owner of the Burlington News. The price paid was \$4,000. The sale was confirmed by Judge Cook and Mr. Crowson takes charge Monday. The property was sold Wednesday to R. O. Everette of Durham for \$2,210. This bid was raised several times before the receiver made their report to the court this afternoon. In view of the fact that there were still a number of bidders interested in the property, Judge Cook thought the fairest way would be to order a resale with the understanding that the highest bidder would take over the property at once. The crowd went from the courtroom to the lobby of the courthouse and the property was resold. R. W. Haywood, of Richmond former owner of the Greens

Over Taxed

Hundreds of Burlington Readers Know what It Means.

The kidneys are overtaxed; Have too much to do. They tell about in many aches and pains—Backache, hip pains, headache. Early symptoms on kidney ills. Urinary troubles, Bright's disease, dropsy follow. A Burlington citizen tells here the way to keep the kidneys well.

Mrs. Ella Hughes, Dixie St., Burlington, N. C., says: "I gladly verify the statement I have previously given, recommending Doan's Kidney Pills. This remedy never fails to bring me entire relief when I have occasion to use it. I suffered from backache, caused by weak kidneys and I also had dizzy spells. Since I got Doan's Kidney Pills from the Freeman Drug Co. and used them, I have had no serious trouble of this kind. I am always glad to give this preparation my endorsement."

A BILL

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled. That for the purpose of ascertaining the practicability of establishing a town mail delivery service for the free delivery of mail matter at every incorporated city, town, village, or borough containing a population of not less than one thousand within its corporate limits, according to the last general census taken by authority of State or United States law, and having a post office of the second or third class the Postmaster General be, and he is hereby, authorized and directed to conduct an experiment by establishing such service according to rules to be prescribed by the Postmaster General, who may adopt suitable regulations as to sidewalks, gates, numbering of houses, naming of streets and the placing of approved mail receptacles at the door or entrance of residences or offices:

PROVIDED, That letter carriers of the town delivery service shall upon appointment receive a salary not exceeding six hundred dollars per annum, and after one year's service may be promoted to seven hundred and twenty dollars; and no carrier shall receive a compensation in excess of nine hundred dollars per annum, at a post office which produced a gross postal revenue, for the preceding fiscal year, of less than six thousand dollars: PROVIDED further, That such status as have heretofore been enacted with reference to the City Delivery and Rural Delivery Services are here by extended to the town delivery service, so far as applicable, and the sum of three hundred thousand dollars is hereby appropriated, out of any money in the Treasury not otherwise appropriated, or as much thereof as may be necessary, to enable the Postmaster General to establish a system of mail delivery in accordance with the provisions of this Act.

North Carolina Child Labor Committee.

The following gentlemen make up the North Carolina Child Labor Committee:

Chas. B. Aycock, Raleigh; J. W. W. Bailey, Raleigh; Jos. Elmont Cheshire, Raleigh; Robert F. Campbell, Asheville; J. J. Hall, Fayetteville; Thos. J. Jarvis, Greenville; Julian S. Carr, Jr., Durham; Henry A. Page, Aberdeen; William L. Potent, Wake Forest; Hubert A. Royster, Raleigh; A. M. Scales, Greensboro; W. E. Stone, Raleigh; R. T. Vann, Raleigh; Heriot Clarkson, Charlotte; Julius L. Foust, Greensboro; Robert Strange, Wilmington.

These names, within themselves, give assurance that the Committee is engaged in work that is not only good, but beneficial. It may be well, however, to explain to the State at large just what this Committee feels should be done.

The Committee is a sort of self-constituted guardian of the childhood of the State. There are defects in the present child labor law which permit the employment in factories of children at ages when they should be either in school or out in the open air, and which also permits the employment of children at night. The North Carolina Child Labor Committee believes that the time has come when the State should say that her innocent children should not be employed at work which will be hurtful on the one hand to their physical growth and which will prevent their mental and spiritual development on the other; and especially that children should not be made or allowed to work during the night hours at the very time that nature has provided for their rest and growth.

The Child Labor further believes that in addition to placing upon the statute books the proper sort of laws for the protection of children, machinery should be created for the inspection of and enforcing that the law is obeyed.

Field Secretary.

NOTORIOUS BLOCK-ADER TAKEN

Raleigh, Feb. 1.—United States Marshal Claudius Dockery has recaptured H. M. Hancock, one of the most notorious blockaders. Chatham and Moore counties have known his distillery was broken up six months ago, and before officers could take him into custody, assaulted and nearly cut to death a neighbor, whom he charged with having reported him to revenue officers. A few days thereafter he was arrested and put in Sanford jail. In less than a week he cut out and evaded the officers until yesterday, when he was captured near Siler City, where he was engaged in distilling. He was brought to Raleigh and is now in Wake county jail. There was a reward of \$200 offered by the Department of Justice.

Was White Man's Choice

"Governor Cole Blease was not loaded upon South Carolina by the votes of the ignorant negroes; no negro, ignorant or otherwise had any in the matter. He's in Wade Hampton's chair because South Carolina white men—voting all by themselves in a Democratic State primary—put him there."

This is the very just comment of The Hartford Courant, and it is the severest thing that has been read by anybody about the situation of things in Lower Carolina. It does not reflect so much on Governor Blease as it reflects upon the people—the white people—of South Carolina and if they do not squirm under it they are indeed, lost to all sense of decency. But for their votes, Blease would not have been elected Governor of their State; but for their votes Blease will not be re-elected. Talk about the primary system of choosing candidates for public office after the experiences the people of South Carolina and the people of Alabama have had with this device of the Devil:

It is a long cold spell that never warms up.

Stopped Those Pains

Timberville, Miss.—Miss Gertrude Gutlin of Timberville writes: "I did not know anything could stop those womanly pains, from which I suffered for two years, until I tried Cardui. I had been troubled with various female ailments, but they were cured in a little while, thanks to Cardui." Cardui is especially adapted for use by ailing women. It relieves headache, backache, dragging feeling, irregularity, nervousness, misery and womanly weakness. It is safe. It is reliable. It does the work. Will you try it? Please do.

Pay Your 1912 Road Tax

The Special road Tax of \$1.25 for the year 1912 is now due, and payable until April 1st after which time we are not allowed to receive it and all persons; who are liable, are required to give three days work. For convenience of all I have placed the books at the cotton mills, and at other public places, so that it will not be necessary to come to town to pay. The Sheriff and his deputies will also receipt for his tax.

Yours Truly,
Albert J. Thompson,
Treasurer
Alamance County.

Terrible Picture of Suffering

Clinton, Ky.—Mrs. M. C. McElroy, in a letter from Clinton, writes: "For six years, I was a sufferer from female troubles. I could not eat, and could not stand on my feet, without suffering great pain. I had lost hope. After using Cardui a week, I began to improve. Now I feel better than in six years." Fifty years of success in actual practice, is positive proof, furnished by those who have used it, that Cardui can always be relied on for relieving female weakness and disease. Try Cardui, today, now!

Flying Men Fall.

Victims to stomach, liver and kidney troubles just like other people, with like results in loss of appetite, backache, nervousness, headache, and tired, listless, run-down feeling. But there's no need to feel like that as T. D. Peebles, Henry, Tenn., proved. "Six bottles of Electric Bitters," he writes, "did more to give me new strength and good appetite than all other stomach remedies I used." So they help everybody. It's folly to suffer when this great remedy will help you from the first dose. Try it. Only 50 cents at Freeman Drug Co.

Mr. Hitchcock's proposition for government ownership of the telegraph lines will doubtless strike Representative Berger, socialist, as a step in the right direction.

Heavy Suit and Over Coat Weather

THE bitter cold days of winter are here and with them comes the desire for a warm, snug overcoat, and right here we would like to tell you of our great stock of them. You could not find a more attractive line of overcoats and men's heavy suits anywhere, and we doubt very much if you could find a line where comparison would be justified.

Entered as second-class matter May 30, 1908, at the post office at Burlington, North Carolina, under the Act of Congress of March 3 1879.

Wednesday, Feb. 7, 1912.

Judging from the recent row we judge Mr. Woodrow is all his name indicates.

And they do say. That The Chamber of commerce has come to life again. So note it be.

What are you doing to boost your town. Join the boosters club and get busy.

The Democratic senatorial scramble has been swallowed up by the Watterson-Wilson Presidential wrangle.

A wide awake police force and blind tiger can not live together in the same town. Which have we here?

Get ready to enter the contest. Its going to be the biggest thing ever attempted by any News Paper in the south.

Have you paid your poll tax. This is Presidential year, and unless you pay your poll tax you cannot vote. Pay now, do not wait until the last moment.

Some one has said. The net result of the discussion about candidate Woodrow Wilson is that he has lost ground.

If the Hon. Thos. Fortune Ryan would offer it as a pension we guess the Doctor would not object. Why does he not substitute it in the place of the Carnegie pension fund.

Has any thing been done to the public roads in Cobles and Pattersons townships, if not we hope our county commissioners will order something done at their next meeting.

The Virginia Board of Education recommends that every high school teacher should be a college graduate. A mighty good recommendation, but in our opinion should not only be a recommendation but a requirement.

The Fine old gentlemen, Marse Watterson, Says that Governor Wilson the moses that is going to lead the democrats out of the mire of despair. Is the biggest liar that ever come down the pike. This is the boasted democratic harmony with a big H.

It begins to look as if we needed a Davis like Bro. Davis of the Anti-saloon league in this town. There certainly are lots of booze selling, booze drinking and booze fighting going on and yet the policemen know nothing, or if they do, they do nothing.

Subscribe for the Dispatch. This is a Presidential year. If you are a democrat you want to know what we are saying about your party. If you are a republican you want to keep posted. You ought to have the Dispatch no matter what you are. Even prohibitionists, populists, and middle of the Roaders find it good reading.

And Bro. Davis of the Anti-saloon league actually called names in Raleigh and yet the Solicitor for that district and the city policemen want more evidence. When an official don't want to know a thing, you cant make him know it. See.

Parcels-Post Should be Defeated

In recent years congress has shown that it could do almost any thing, and would do nearly that much. Therefore let us not be surprised if it takes across its knee the middle man and the consumer, and give to a half dozen mail order houses the largest, sweetest stick of candy in the box, which is to say if the parcels post measure become a law at this session of congress we need not be surprised. However we trust we may have more confidence in the aggressiveness of those who have thought over this nefarious proposition long enough to appreciate its merits.

It is always well to look twice at anything that glitters on the surface or at a distance. Do not be deceived by gorgeous glamour. That which promises much often yields less. There is no short cut to prosperity and mental comfort. We do not move by leaps and bounds. If we accept a system which revolutionizes old customs and business notions we will pay for it. There is compensation for all things. Would we consider the parcel post a blessing? Never, but a disguise, a burglar and we fear its friends and many of them are deceived while others are trying to deceive. The money that North Carolina earns is hers, and the money that the people of Alamance County earn belong to them, in the sense that they should keep it at home instead of sending it to two or three cities for the necessities of life which they could buy from the home merchants who help his neighbor to pay the expenses of the government, signs good road petitions, helps to build school houses and churches, to say nothing of the town tax he pays every year for the building of streets, side walks etc. Would the farmer aid in a scheme which would induce the consumer to buy all his eggs and produce from Canada when he could get it at home. Would the physician endorse a plan whereby his people should come to look to the quack doctors of distance cities for their physical ministrations? Certainly not. Then why should we welcome a scheme which will break the middle mans back as sure as the sunshines. This fact should seem clear to any open mind. If the Government goes into partnership with a half dozen mail order houses, agreeing to do the hauling for a part of the proceeds where does your home merchant who has done nothing to be condemned for, come in. We readily admit that there are to many middle men, some of whom depend for their living on the useful ones, these should be eliminated, but not at the detriment of the useful ones.

What Next?

The democrats becoming thoroughly alarmed at the spontaneous outburst of popular enthusiasm for the nomination of former President Roosevelt for the Presidency, have introduced a resolution that no man be eligible for President the third time. This is done to head off the nomination of a popular candidate. The next move will be: A bill to prevent the Republican party from nominating any man for president that can beat a democrat. This is the only way to get a democratic President, and this move may be looked for next.

Asses And The Ox.

Buy The Durham Sun.

Mr. O. F. Crowson, a resident of this city, and the former editor and owner of the Burlington

News, who is so well and favorably known to our people, has purchased the Durham Daily Sun. We understand that he has others associated with him in the undertaking. That he will make a success of the venture goes without saying.

Mr. Crowson is an able Newspaper man, having had years of experience, in fact he is a veteran in the business. And he is very much like a sailor, in that once upon the sea, never satisfied except upon the sea. Mr. Crowson has tried to quit the Newspaper field and follow other pursuits, but like the sailor he always returns to his first love. The people of Burlington who have felt his influence, and appreciated his foresight in the up-building of the city regret to see him leave, and had hoped that he might find some other vocation to his liking. Mr. Crowson has done much for Burlington and is identified with many of the business interests of the city and he will retain his connections and continue to reside here. The business interests as well as the Newspaper interests of Durham are to be congratulated upon securing such a progressive and veteran Newspaper man, whatever he goes into is with push and vim, and the sleepy eyes as well as his competitors, might as well set up and take notice.

Sportsmen take Notice.

The bird law closes March 1st. The law in Alamance County protects the robin, partridge or quail dove, lark from March First to November 15th, and also requires that all bird dogs be kept tied or from running at large during the months of June, July and August. It is not generally known that it is also unlawful for any one to shoot birds on the ground. Mr. Henderson Gantt, a well-to-do farmer of Rowan County, had to pay a fine of \$20.00 last Tuesday in Judge B. B. Millers court, Salisbury, for shooting birds in a huddle, before they were flushed.

SALE OF REAL ESTATE.

By virtue of the power contained in a certain Mortgage executed to the undersigned on the 5th day of Nov., 1909 and duly registered in the office of the Register of Deeds for Alamance County, North Carolina, in Book No. 46, pages 273 to 279, to secure the payment of a certain Bond, conveyed certain real estate, and whereas default having been made in the payment of said Bond and interest, the undersigned will expose to public sale to the highest bidder for cash at the Courthouse door of the county of Alamance, on Sat. the election lottery. There were three donkeys once upon a time within whose reach a bundle of fodder was hung. Each of them might have nibbled quietly at the leaves of the provender nearest his nose and so all have gotten the chance for a satisfactory feed. But they must need snarl and bite for exclusive possession, and so finally, while they were absorbed in their selfish struggle, a republican ox came up on the other side of the fence and marched off with the prize. The harmony dinner came off just three weeks ago and the prospects of democratic success have already been lowered by 30 per cent through bickerings among democrats.—Va. Pilot.

A Marriage and an Auction were "Scrambled."

A Pumpkinville editor was full of hard cider and got a sale bid and a marriage mixed. The description ran as follows: William Smith, the only son of Mr. and Mrs. Josiah Smith, was disposed of at public auction to Lucy Anderson, on my farm one mile east of here, in the presence of 70 guests including the following to-wit: Two mules, twelve head of cattle. Rev. Jackson tied the nuptial knot averaging 1,250 pounds on the hoof. The home of this charming bride was tastefully decorated with seawash clam spade, one sulky rake, one feed grinder, one set of double harness, nearly new, and just before the ceremony was pronounced Mendelssohn's inspiring wedding march was given by one milch cow to be fresh next April, carrying a bunch of flowers in her hand and looking charming in a gown made of light spring wagon, three boxes of apples, three racks of hay,

one grind-stone, monsigne de coie, trimmed with about 100 bushels of spuds.

The bridegroom is well known here, and a popular young man, and has always stood well among society circles of twelve Berkshire pigs, while the bride is an accomplished and talented school teacher of a splendid drove of Poland Chinas—pedigrees if desired.

Among the beautiful presents were two sets of silver knives and forks, spring-harrow, one wheel barrow, go-cart, and other articles too numerous to mention.

The bridal couple left yesterday on an extended trip. Terms: 12 months time responsible parties, otherwise spot cash. Lunch will be served at the stable. After this, Mr. and Mrs. Smith will go to housekeeping in a cozy little home at the corner of Mail and Dr. R. L.—Cranby, auctioneer.

Sensational Arrest.

Greensboro, Feb. 4—A decided sensation was created here by the arrest of Ralph J. Sykes, secretary and treasurer of the drug firm of Coyers & Sykes, on a warrant charging retailing. Mr. Sykes was arrested Saturday night, after an all-day proceeding, in which the ad testificandum procedure was resorted to, but the entire matter was handled secretly and it did not become known until this morning that such a serious charge had been made. The arrest was quietly made and Mr. Sykes recognized for his appearance in the city court later.

It now develops that the firm of Conyers & Sykes, which enjoys a license to sell whiskey on physicians' prescriptions, has been under police suspicion for several weeks and that Saturday, Commissioner of Public Safety Brown, Chief Iseley and Judge Fure summoned John R. Coble, a former saloon keeper and large Elm street property owner, and under the stress and sweat of the ad testificandum, forced an admission that he had been getting whiskey from Sykes. It was upon this admission that the warrant was drawn and which the State expects to secure a conviction upon.

Mr. Sykes has been manager of the drug store, and several months ago secured license to sell whiskey on prescriptions. His store is one of the leading ones here and is one of the prettiest in design and furnishings in the State. He has made no statement of the matter, though he has employed eminent counsel and says he will fight the charge. It is understood that the defense will be that Mr. Sykes loaned Coble some whiskey, though Mr. Sykes neither confirms or denies this understanding, which is based on statements of his friends.

A DANGER.

Do Christian people know that loyalty to political parties is allowing the Roman Catholics to get hold on our government? They oppose our public school system, have got the Bible expunged from the schools, and have got the government to rule that no Protestant teacher shall talk Protestantism either in the school or out in the Philippines. In many of the cities they now have control. Protestants must awake or they will soon find themselves bound hand and foot. What the beast has done, he will do again. Inform yourselves, my good people, and do not be slow about it. Do not place too much confidence in political parties or politicians.—Christian Leader.

HAD MONEY TO EAT

Atlantic City, Feb. 1.—Robert Meyerhoff, a retired business man of large means, for eighteen years a resident of Atlantic City, celebrated the seventy-eighth anniversary of his birth in great manner.

This is going to be a family affair," he said to the proprietor of the Hotel Beaumont in ordering a dinner for fourteen. "Give me the best the house has. What do I want? You know better than I do. I haven't time to bother. You do it."

So the hotel man got the feast ready. By noon Mr. Meyerhoff's sons and daughters and their wives and husbands were in the hotel. But he would not let any of them peep into the banquet hall until 1 o'clock, the fixed hour. Then the doors were opened.

Mr. Meyerhoff took his seat at the head of the table, and assigned Albert Meyer to the place opposite. The guests were hard-

Loses Savings of Years.
Goldsboro, Feb. 3—Mr. Lewis E. Pate of Patetown came to this city to do some trading and brought the money which represented the savings of himself and wife for several years, and after going the rounds of the city, discovered that he had lost, or someone had stolen, \$180 from his coat pocket. Mr. Pate is a one-armed man and though industry and economic living had saved this money for a "rainy day," and the loss falls heavily upon him indeed.—Charlotte Observer.

LOOKS bad, doesn't it?
It would have looked much worse, though, if it had been you instead of Mr. Pate wouldn't it?
If Mr. Pate had taken the precaution to put his money in the bank and a check book in his pocket this notice would never have been in the paper. When he found his check book gone the bank would gladly have given him another.
Don't be like Mr. Pate. Deposit your money with us and pay your bills by check the business way.

NOTHING TO LOSE. ALL TO GAIN.
Your name in connection with a notice like the above would look bad in the paper.

ly seated when one of the daughters who had just lifted her napkin cried, "What's this?"
"Yours," answered Meyerhoff. Under every napkin except that of the host was a new \$100 bill. "Is it a souvenir or a favor?" asked another daughter.
"Play it both ways across the board," laughed Mr. Meyerhoff. "Make it a souvenir unless you need it as a favor."

IT WAS A BLOODY BATTLE FOR LIFE

Lawrence, Mass., Feb. 2.—A mysterious quadruple murder in which two men and two women were killed was revealed tonight by the discovery of the bodies of the victims in a tenement house in the heart of the city.

The dead are: Mrs. Annie Denis, aged 35 years; Mr. and Mrs. Joseph Favis, aged 35 and 30 years respectively, and an unknown man.

A disturbance was heard in the Favis apartment about 3 o'clock this morning by the family which lives downstairs, but no investigation was made. When no member of the household appeared during the day, however, the police were called in.

The body of the unknown man was found in the kitchen with the throat cut and knife wounds on his body. In a corner were the bodies of Joseph Favis and his wife, both of whom had evidently met death during a bloody battle for their lives.

In a bed room adjoining was found the body of Mrs. Denis. Her throat had been cut.

The police say no connection between the murders and the mill strike here is apparent. It is believed the murderer escaped by a rear door, as bloody foot prints were found on a stairway leading to it. The police have no clue.

THIRTY YEARS OF SOUTHERN UPBUILDING

Only by contrasting the South of today with the South of thirty years ago can one get a viewpoint from which to study the progress that has been made and to forecast the future. Marvelous things have been achieved. Still more marvelous achievements will be made. Much has been done, but there are limitless resources to be developed; limitless opportunities to be utilized.

The cumulative power of the work for Southern upbuilding of the last third of a century is beginning to have its full effect. The attention of the whole world is now being centered on the South. As never before, capitalists, manufacturers, merchants, investors, farmers and health-seekers are studying the South. Without fully understanding the work of the past thirty years no one can correctly measure the possibilities of the future. One must know the progress made and the resources in soil, climate, minerals and water-powers awaiting utilization, in order to rightly understand the situation. In order to meet this need, the Manufacturers Record is preparing to publish, in celebration of its thirtieth birthday, "Thirty Years of Southern Upbuilding," under which general title will be graphically presented the advance in the material upbuilding of this section, with a broad survey of its vast and varied resources and advantages.

The publication will be epoch-making. Into it will be gathered a more complete and comprehensive survey of what has been accomplished and of what will be achieved than has ever before been presented to the public.

Every man interested in any way whatever in the South, whether living in this section or in the North, or the West or abroad, will necessarily want that publication. He will need it. It will contain facts which he can secure nowhere else. It will be a treasure-house. For years to come it will be consulted by managers of great industrial and investment interests seeking to make their plans for the extension of their operations along intelligent lines. It will be studied by students of economic history, by writers and speakers, educators and public generally, who find it a storehouse upon which to draw.

Every man interested in the progress of the South should have a bound copy for his library, as well as a copy for his office.

The price of this thirty-year anniversary publication will be, in paper cover, 50 cents; in cloth, \$1.25, and in Russia leather, \$2.

The South as viewed by people of other sections will prove an especially valuable feature. This will be covered by important articles and letters by many of the foremost experts and leaders in finance and industry outside of the South. They will tell how the South is regarded in scientific circles and in the financial and industrial centers of the country.

MAYOR GAYNOR GIVES ADVICE TO THE GIRLS

New York, Jan. 31.—Leap year possibilities and the proper time to boil eggs were among topics discussed by Mayor Gaynor in an address today before 126 girls of the Senior class in a public school.

"The tidy woman who knows how to sing a little, and dance a little, and jump through the hoop a little, if necessary, and knows how to cook—she is the woman worth having," said the Mayor.

Other excerpts from his advice to the girls:

"Look as pretty as you can."
"Be able to write a nice gossipy letter."
"Don't trouble yourself about the future. You will come out all right."
"Learn how to make your own dresses and your own hats."
The Mayor was shown an exhibition of cooking that some of 14-year-old girls had done and he asked them how long it would take them to cook him a egg.
"Six minutes," a girl answered, and the Mayor fled in dismay.

A treasury official says that the average life of a one-dollar bill is fourteen months. The few that come our way are usually broken about fourteen seconds after we get our hands on them.

WANTS A SQUARE DEAL

In a recent issue the Biblical Recorder calls attention to the poor system of public schools in North Carolina and shows how conditions could be improved. The Recorder says that the country boys and girls have advantage of ninety-three days' school term a year, and as a matter of fact, many of them have only eighty days, and in many instances, the schools are so far apart the small children cannot attend in the wet or cold weather. The Recorder says:

"North Carolina is not giving the boys and girls of its elementary schools a square deal. In proof, let us make three comparisons.

"(1) Compare our schools with those of other States. In his Foundee's Day address at the Greensboro Normal sometime ago, Mr. Clarence Poe stated that the average child outside of North Carolina has a 50 per cent better chance for an education than the average boy or girl in the State. The average length of the school term in North Carolina is 101 days, while in the entire United States it is 155. Japan, a heathen country, with one tenth of our wealth gives its country boys and girls a term of ten months. In North Carolina, the country boys and girls are getting 93 days, for the 101 days include both rural and city schools.

"(2) Consider the State's distribution as its educational funds. For the benefit of the 735,000 children of school age in its borders the State gives annually \$225,000 to its elementary schools, and \$604,500 to its higher educational institutions. In other words, out of the State Treasury is going more than \$100 annually to each student in the higher institutions, about \$12 to each student in the high schools, and only 30 cents for each student in our elementary school.

"(3) Think also of the State's sources of revenue for its educational work. The law requires every man to pay 21 cents on the \$100 for State purposes; but out of this State fund thus impartially collected the Legislature gives back unequally to the children as above stated. Moreover, the last legislature ignored the need and call of the public schools for more money out of the State Treasury; for though it made an advance from 18 to 29 cents on the \$100, this does not come out of State funds; but is an extra tax levied, collected and spent in each individual county.

"Manifestly, our common schools are not getting from the State what they deserve. We are profoundly convinced that they should have much more money out of the treasury than at present in order to have more competent teachers, better equipment, and longer terms.

"To the next Legislature we look for improvement here. And this good hour is the time for the people of North Carolina to see that no man sent to Raleigh next winter who will ignore the common schools or refuse to give them a square deal."—Caucasian.

DOUGHTON SAYS MR. WILSON WEAKER MAN THAN PEERLESS ONE

Washington, D. C., Feb. 1.—Woodrow Wilson, if nominated for the presidency, could not poll one third as many votes as William J. Bryan, said Representative Robert L. Doughton, of the Eight North Carolina district, at his office in the house office building today. "I have not said who shall be for for the nomination," continued Mr. Doughton, "but whenever the Democrats nominate that man, they will have to declare for the Sherwood pension bill. Speaker Clark may have injured his cause for the nomination by voting for the bill, but in my opinion if he is nominated this one thing will get him a lot of votes, and any man we nominate who declares against the Sherwood pension bill will just as surely be defeated."

"I am against the pension bill and voted against it in the house. But I have not lost sight of the fact that it is going to play a great part in the national politics this fall. Oscar Underwood, of Alabama, in my opinion, measures up to every requirement for the Democratic nomination, but his vote against the Sherwood bill has lost him any chance of being elected, should he be nominated."

And there are other Democrats in the house who think just as Mr. Doughton does. They realize that Woodrow Wilson is too much of a theorist, has too many Bryan policies, and has made too many attacks on organized labor to become President. It is true Mr. Wilson has a publicity bureau that is hard to beat. He has selected some of the most aggressive newspapermen in the country to run his publicity campaign. He maintains offices in New York and Washington and has representative, who receive high salaries to get his campaign documents in the daily papers. Conservative people here are beginning to ask how a poor school teacher got such enormous sums to foster these bureaus.

Shoots Man Who Eloped With Wife

New Orleans, La., Feb. 1.—Several revolver shots fired in rapid succession, in the crowded corridor of the main postoffice this afternoon by J. H. McAdoo of Shreveport, La., an irate and greatly excited husband, marked the final chapter in the story of the elopement several weeks ago of Mrs. McAdoo with John J. Dailey, a hotel man of St. Louis and Shreveport, besides causing a general scramble for the street of frightened patrons of the office. Dailey was shot in the leg. All were arrested.

According to the police McAdoo said he had traced his wife and Dailey from Shreveport, to Lake Charles, Beaumont, Houston and other places and losing trace of them discovered the pair in this city. Seeing them together several days ago, McAdoo says he approached his wife for an interview and shook hands with Dailey who appeared to be friendly. He said Mrs. McAdoo wanted to return to her home but she said she was afraid of Dailey. Upon seeing them together today McAdoo says he lost control of himself and began firing. Mrs. McAdoo rushed between the men but was uninjured. McAdoo is a traveling salesman for a tobacco firm in Shreveport. Mrs. McAdoo was a clerk in the Shreveport hotel with which Dailey was connected.

Tries Insanity Plea

Woodcliff, N. J., Feb. 2.—The theft of a loaf of bread by Matthew Harbeson, son of a millionaire brick manufacturer for which he was sentenced yesterday to serve thirty days in jail, prompted his relatives to take steps today to have alienists examine him. His mother, Mrs. Julia Wood Harbeson said that her son had been "erratic" for some time and believes his eccentricities were due to the many wounds he received in duels fought while he was a student at Adel University in Germany. In all, she said he fought thirty-seven duels and once was so seriously injured that a portion of his skull had to be cut away. She said her son had plenty of money and his theft of bread was inexplicable except in the light of his ill-health.

Harbeson was arrested and sentenced on the complaint of a grocer who had been missing a loaf of two of bread daily for several weeks. The prisoner's grandfather was Robert Morris, signer of the Declaration of Independence.

600 EMPLOYERS OF VIRGINIAN STRIKE AT PRINCETON

Richmond, Va., Feb. 1.—A special from Princeton, W. Va., says more than 600 shop employes of the Virginian Railroad walked out this morning and refused to return to work until the promises which they assert, made them by the railroad company concerning the re-employment of certain shop men are carried out.

It was in the nature of a sympathetic walk-out and in which every employe of the various departments joined. The shops are idle and unless some settlement is quickly reached it is declared, that the tie-up may become general along the entire system.

Representatives of the various unions met in joint session immediately following the walk-out and held an extended conference. None of the officials it is said would discuss what action was determined upon, but it is learned that the principal cause that promoted the difference was the failure of the company to take in to service a number of employes that were recently laid off because of lack of work at that time. However, it is declared that since more men were needed the company declined to re-employ those who had been temporarily furloughed and gave preference to outsiders.

It is said that a formal ultimatum will be made to railroad officials setting forth the demand of the men. Officials of the railroad at Princeton, it is averred, will not discuss the matter all inquiries being referred to headquarters at Norfolk.

Georgetown Notes Severe Earthquake

Washington, Jan. 31.—An earthquake of unusual severity was recorded today on the seismographs at Georgetown University observatory. The shocks began at 8:34 o'clock and lasted until 4:02 reaching their greatest force at 3:38.

According to Rev. F. A. Tondorf in charge of the observatory the tremors moved in an easterly and westerly direction and the seat of the disturbance was estimated to be about 2,000 miles from Washington although Father Tondorf was unable to suggest the place because of the lack of necessary data.

A LIBERAL OFFER.

We Guarantee to Relieve Dyspepsia. If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets, is carefully prepared so as to develop its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid. Without it the digestion and assimilation of food are impossible.

The Carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on your own personal purchase. Three sizes, 25 cents, 50 cents, and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store. **FREEMAN DRUG CO.**

LOST APPETITE AND HOPE

Neglected Cold Caused Complication, Promptly Restored by Peruna.

Mrs. Rosa Boyer. A month I felt better than I ever had before.

Mrs. Rosa Boyer, 1421 Sherman Ave., Evanston, Ill., writes: "If any one has reason to prize Peruna it is surely myself. 'Last spring I became so run down from the serious effects of a lingering cold, that several complications united in pulling me down. I could neither eat nor sleep well, and lost flesh and spirit. 'I finally tried Peruna and it did wonders for me. In two weeks I was like another person, and in a month I felt better than I ever had before. 'I thank Peruna for new life and strength. I send you two pictures, so you can see what Peruna has done for me.'"

Never mind the cold, somewhere, somebody is editing spring seed catalogues and spring poetry.

CONFIDENCE.

We Back Up Our Statements With Our Personal Reputation and Money.

We are so positive that we can relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail.

We think that it is worse than useless to attempt to cure constipation with cathartic drugs. Cathartics may do much harm. They may cause a reaction, irritate and weaken the bowels, and make constipation more chronic. Constipation is often accompanied and may be caused by weakness of the nerves and muscles of the large intestine or colon. To expect a cure you must therefore tone up and strengthen those parts and restore them to healthier activity.

The discovery of the active principle of our remedy involved the labor of skillful research chemists. This remedy produces results such as are expected from the best of the best-known intestinal tonics, and it is particularly prompt in its results.

We want you to try Rexall Orderlies on our guarantee. They are exceedingly pleasant to take and are ideal for children. They apparently act directly on the nerves and muscles of the bowels, having, it would seem, a neutral action on other organs or glands. They do not purge or cause inconvenience. If they do not positively cure chronic or habitual constipation and thus relieve the myriads of associate or dependent chronic ailments, your money will be refunded. Try Rexall Orderlies at our risk. Three sizes of packages, 10c., 25c., and 50c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. **FREEMAN DRUG CO.**

---Lower Than Ever in Price

There have been no mistakes to correct---no experiments to try out---but conveniences have been added and a marked reduction in price made possible through larger production and added factory facilities.

Some of the original and exclusive features which have made FORD Model T the most popular and serviceable car in the world:

Marvelous Simplicity in Design—Few parts, but every part in harmony with scientific principle. There is nothing superfluous in Ford design, every part has its specific place, making a chassis compact, clean cut, neat, with great strength.

A Car of Vanadium Steel (scientifically heat-treated), the strongest of all steels under tensile stress and against vibration and shock.

Ford Magneto built into the motor. No wearing surfaces, no moving wires, no ignition troubles.

Ford Planetary Transmission. Motor always connected with car. Transmission always in gear; when the car is running on high speed the gears are quiet. No crunching or stripping of gears.

No Weight on Moving parts. This assures durability, economy and long service.

Ford Spring Suspension. The axles are attached to the car at the extreme points of the springs, thus giving the utmost flexibility, smoothness in riding, and least wear on tires.

Ford Rear Axle. No truss rods. Look at it, no weight but its own to carry; think of the saving in wear this means to the rear tires.

Simplicity in Operation. The movement of the car may be controlled by the feet, the hands need never be taken from the steering wheel.

Light Weight. Ford Model T is the lightest in weight of any four cylinder car in the world, size, power and capacity considered. It has 60 pounds to the horsepower. It costs money to move weight. If weight is an advantage in a motor car, why don't the makers of heavy weight cars advertise the fact?

Accessibility. Every part of the mechanism of Ford Model T is easily accessible. There is nothing intricate—nothing confusing. It is as simple as A B C.

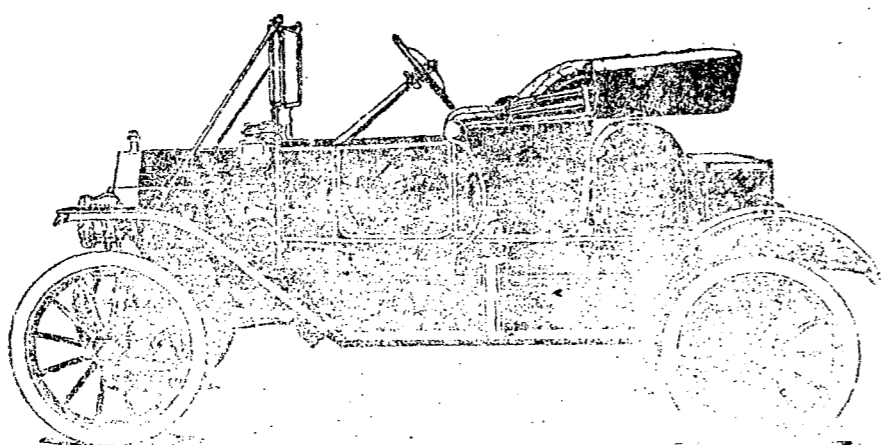

Cheapest to Maintain. Ford Model T is an exceedingly economical car to keep. It goes from 20 to 28 miles on one gallon of gasoline. It is equally economical with oil, and gives from 5,000 to 8,000 miles on one set of tires.

Ford Service for Ford Owners is a feature which must not be forgotten. No matter where you are, with your Ford car, if accident or trouble occurs, you are sure to find immediate service right at hand. Over four thousand individual dealers, each one carrying a supply of Ford parts in stock all the time, each one anxious and prompt to assist Ford owners. Ford service for Ford owners is an exclusive advantage. It is a worldwide advantage. No matter where you go, the Ford dealer is there waiting for you.

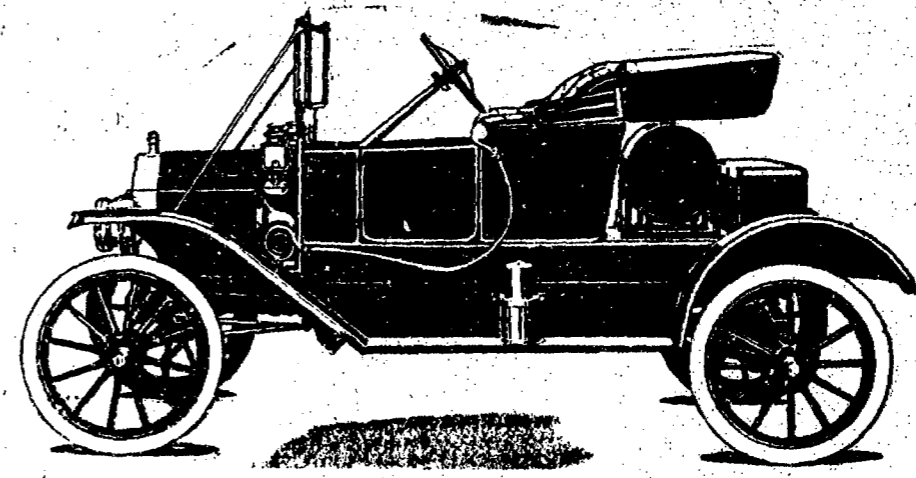

No Ford Cars Are Sold Unequipped. When you buy a Model T you get a whole car.

We would like to have you write for our series of books, illustrated and fully descriptive of the various features of Ford Model T cars. Send for the series. It won't cost you anything.

Business men are solving the problem of delivering all kinds of merchandise with the Ford Model T delivery Car---It is proving the Quickest and Most Economical for all general purposes.
