Burlington Has to Bow to the Inevitable—Scores of Citizens Prove It.

After reading the public statement of this representative citizen of Burlington given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this: Mrs. L. Loy, Dixie St., Burlington, N. C., says: "I know Doan's Kidney Pills to be a good medicine for kidney trouble and I willingly endorse them. A member of my family suffered from weak kidneys for several years and at times was unable to attend to her work. I got a supply of Doan's Pills from the Freeman Drug Co., and their use made a wonderful improvement."

Progress Is Satisfactory.

Washington, D. C., March 9.—Senator John H. Bankhead, chairman of Representative Oscar W. Underwood's national campaign committee, in a statement today announced that the progress of Mr. Underwood's candidacy for the Democratic presidential nomination was altogether satisfactory.

"We have had hundreds of expressions from all parts of the country pledging support," he said. "These proffers have come from quarters wholly unexpected, and in many instances from people and sections hitherto believed to be committed to other candidates."

"Mr. Underwood has had numerous calls to make public addresses during the campaign, but these he has consistently declined because of his high conception of a complete and full performance of the duties involved in his position as majority leader of the house."

According to all reports the old Dominion will soon have the Allen gangue housed.

If Taft is nominated and Wilson should be elected, I think you so will be popular.

If you desire Republican prosperity and plenty be sure to pay your poll tax before or on May 1st, otherwise you can not vote.

The Union Republican says: "The North Pole and the South Pole having been captured, the only thing now left is a dash for the November polls."

In New York a woman aged sixty, is suing a youth of nineteen for breach of promise. He should be made to marry her and then she should be immediately arrested for kidnapping.

Does prohibition pay, is a question which is being asked over and over every day. And it should be answered, if the officers of the law are energetic and fearless in performing their duty.

Its the ripping brooklet that makes the noise while the gigantic stream moves on with force and power. So it is with the Underwood boosters as compared with the Taft or Roosevelt forces.

The New York Herald, which has become recognized for the accuracy of its political forecasts now predicts the nomination of Taft and says that Roosevelt has no chance. This conclusion appears to be based on the fact that the support which Roosevelt is getting from malcontents and political outsiders in the Republican party.

The riot and killing in Carroll County Virginia has a peculiar significance because the victims were officers of the court. The tragedy indicates an element of citizenship which regard neither the spirit of the law nor the prompting of their own inward feeling. Crime is a heinous and desperate thing and if prompted by whiskey is what we might determine crazy crime.

We Wonder Where the Money Goes.

The Board of County Commissioners met in adjourned session Monday, March 11th and borrowed \$15,000.00 to take care of some outstanding notes now due and to meet the necessary expenses of the county. We wonder if the county is not collecting enough to meet its necessary expenses. We are surprised that our so-called good government, Democratic Government, if you please, should necessitate the borrow of money to meet the current expense of the county. We wonder where the money goes?

Origin of Dawg Song
 The Dawg Song which has been going the rounds of the papers

has been traced back to Germany for its origin. It being a cradle song of the Fifteenth century. The German for the first verse of the song is:

Jedema! ich in's Dorfchen komm'
 Stossen die Jungens mein, Hund herum,
 Mir ist's egal was sonst sie thun
 Sie durfen nicht stossen mein Hund herum!

The English translation being:
 Every time I come into the little village,
 The boys knock my dog around.
 It's all the same to me what else they do;
 They must not knock my dog around.

We are told the child-like Ozark mountaineer hums for his own delectation a lay made for the German child. This was doubtless sung to the children by German born parents, as we use "Rock a bye baby."

Taft Roll Growing.

Of the delegates chosen this week, 32 additional instructed Taft delegates help cinch the President's renomination. Fourteen delegates were instructed for Mr. Roosevelt, bringing his total strength to 15. Senator Cummins has two, President Taft now has 133, scattered through 14 of the commonwealths of the Union, of which number, despite ludicrously extravagant claims to the contrary, only 12 are involved in threatened contests.

Senator Cummins was able to hold one district in Iowa, while President Taft received instructed delegates from two. Popular primaries were held in Indiana, and Senator Dixon's strongest argument was demolished by overwhelming Taft victories in the Indiana districts. The week also witnessed the solidification of the Virginia delegation, which will go to Chicago to press the renomination of Mr. Taft.

In Missouri, eight counties in the Fourteenth district have already elected 89 Taft delegates to the district convention, which will be composed of 174 delegates. Galloway county chose a solid Taft delegation to the Ninth district convention. Jasper county has endorsed the President for renomination.

In Kansas, where Governor Stubbs is leading the opposition, the state committee endorsed the President by a vote of 45 to 14, and similar endorsements came from the committees of the First, Third and Seventh districts.

Colorado contributed through the action of the Denver city committee, 421 of its 422 members supporting the resolutions endorsing Mr. Taft for renomination. Pueblo county chose a solid Taft delegation to the state convention.

The Tennessee state convention, which renominated Gov. Ben W. Hooper, endorsed the President for renomination. In the Seventh Kentucky district the committee, with one dissenting vote, took similar action. Michigan counties are steadily falling in line, the Bay and Iron county delegations to the state convention being instructed for Taft.

One of the gratifying developments of the week has been the unanimity of sentiment evidenced by the business men of the country. Following the action of the Union League Club, of Philadelphia, whose membership, by a vote of 1,112 to 133 endorsed President Taft, business men of Pittsburgh effected a Taft organization; the Union League Club, of New York, went on record in opposition to the third term movement, and business organization in other large cities throughout the country are taking action in line with this sentiment. Organizations composed of men of German birth or descent are following the lead of the Social Turner Society of St. Louis, in declaring against a third term for any American president, and the action of the railroad men at Columbus, in declaring for Mr. Taft indicates that organized labor recognizes Mr. Taft's persistent and successful interest in its behalf.

Mothers' Meeting.

Regular monthly meeting of the W. C. T. U. will be held at Mrs. J. H. Vernon's, Monday afternoon at three o'clock, Mar. 25th. All mothers, whether members or not, are asked to join the Round Table Discussion after the reading of an article entitled "Better Motherhood."

Resolutions of Respect.

Whereas, in the providence of our Heavenly Father, our beloved fellow-member John D. Apple has been removed from our midst. Therefore be it resolved:

1—That we, the Baraca Class of Front Street Church, Burlington, N. C., do most deeply deplore, both personally and collectively, the loss of our beloved fellow-member and we feel that his death has caused an irreparable breach in our ranks.

2—That, while we do thus deeply and sincerely deplore his death we are proud of his splendid Christian character and life—his fidelity to his church and its duties, his devotion to our class and its interests, the beauty and purity of his moral life, his high sense of duty and courage as a citizen of the community and his warm-hearted sincerity, candor and kindness as a personal friend; and we do most heartily commend the splendid example of his life character to all who would emulate the noblest virtues of Christian manhood.

3—That we hereby extend our most heart-felt sympathy to his bereaved wife and relatives, and hold out to them all the sweet consolations of Christian faith and hope.

4—That these resolutions be spread upon the minutes of this class and published in the next issue of the local newspapers and in the Raleigh Christian Advocate. Resolutions adopted by the class.

Front Street M. E. School School through the undersigned committee heartily concur in the above resolutions.

Jos. A. Iseley,
 Mrs. W. E. Hay
 E. W. Atwater.

Important Notice.

The Sunday School officers and workers of the county will take notice that the date of the County Convention at Elon College has been changed from the fourth Saturday and Sunday in this month to the fifth Saturday and Sunday, March 30th and 31st. All townships are requested to have their conventions at once and make their reports either to the county Secretary or President.

L. W. Holt, President.

Roosevelt Believes Stubbs Wide Awake.

Oyster Bay, N. Y., March 14. Colonel Roosevelt assumed a look of innocent surprise when asked tonight if he had heard that Governor Stubbs, of Kansas, had protested, by telegraph, to President Taft, against the use of Federal patronage in the Kansas primaries. The ex-President exclaimed:

"Did Governor Stubbs send such a telegram? Well, the Governor is wide awake, anyhow."

The former President spent tonight in conference with George Rublee, a New York lawyer and Dean Lewis, of the University of Pennsylvania law school, both of whom are active in the Roosevelt move. He put the finishing touches upon the speech he is to make in New York next Wednesday night on the right of the people to rule. From all that can be learned, the colonel's speech is to be a comprehensive attack upon his adversaries.

The colonel wound up his jury duty at Mineola today, when he was excused by Justice Putman.

As the colonel was leaving the court the clerk told him he had \$38.70 coming to him for jury service a mileage. "I haven't any mileage owing me," replied the colonel, with a smile. "I came here in my automobile." Just the same the clerk will send the colonel an order on the county for the full amount.

Two Kinds of Girls

Deliver us from the modern girl if she is the kind that is always seen on the streets who, if turned loose in a kitchen, would not know the difference between a skillet and a sauce-pan, who knows not the difference between "saltrising" and any other kind of bread. Woe unto the man who is so unfortunate as to get one of these "creatures" for a helpmate. For should the cook fail to turn up—a most likely happening—any one of these frosty mornings, he must go breakfastless to his work or else suffer the pangs and horrors of indigestion caused either by his wife's leaden biscuits or the fare from some downtown restaurant. Give us the old fashioned sunbonnet girl who knows how to prepare a meal which shall really satisfy the inner man. —Gastonia Gazette

Plan Big Celebration

Greensboro, March 16—The directors of the Guilford Battle Ground Company and President Paul W. Schenck are planning for the biggest celebration, that has ever taken place on this historic field when the memorial to General Nathaniel Greene is unveiled, which will probably be July 4, 1913. This will be one of the largest and most handsome statues ever erected in the South and will be built at a cost of \$30,000 to the memory of General Greene and his generals who participated in the battle. The design has already been selected and work on it will be pushed forward as rapidly as possible.

The celebration on July 4 this year will be held as has been the custom for two decades. The principal event of the occasion will be the unveiling of a monument to Maj. Joseph M. Morehead for many years president of the Guilford Battle Ground Company and one of the principal promoters of the Company that has preserved the battlefield in its entirety and making of it a charming and inviting park.

President Schenck announced at a meeting of the directors yesterday afternoon that the state of Delaware is wording on a suggestion to place a monument on the grounds to the memory of Delaware soldiers who participated in the battle.

VITAL FACTS ABOUT WILLS.

An Educational Advertisement By The Alamance Loan & Trust Company.

Everyone, perhaps, has a vague idea of the nature of a will; BUT FEW PERSONS realize its IMPORTANCE; and FEWER STILL are aware of how difficult it is to make an UNOBJECTIONABLE will.

An Authentic authority on the subject says: "Eminent lawyers, not practised in this peculiar branch of law, have often failed in making their own wills, both in this country and in England. There is nothing one can do, in reference to which it is more certain that he needs legal advice, and that of a trustworthy kind."

IF YOU PLACE THE MATTER IN OUR HANDS you can rest assured that there will be no flaw in your will; we also allow you to SELECT YOUR OWN LAWYER TO DRAW YOUR WILL AND WE WILL PAY FOR IT.

WE WILL ALSO TAKE CARE OF IT IN OUR FIRE AND BURGLAR PROOF VAULT.

THIS IS AN IMPORTANT MATTER, and should not be put off.

Come in and talk it over with us today.

A TRAGEDY IN A COURT

Judge, Sheriff, States' Attorney Killed.

Hillsville, Va., March 14.— Eighteen outlaws of the Blue Ridge Mountains today participated in an unprecedented crime here. They attempted by assassination to wipe out all the officers of the law in this, the county seat of Carroll county. Nine of these men are still in Hillsville, heavily armed and defying the residents. The list of the dead is as follows: Judge Thornton L. Masie, shot three times. Sheriff L. F. Webb, shot four times. Commonwealth Attorney William Foster. Wounded and in a serious condition: Floyd Allen, leader of the "Feud Gang," shot two times. Others wounded: A. C. Cane, juror, shot twice. Stuart Worrall, spectator. C. C. Fowler, juror, shot twice. Dexter Goad, clerk of the court, shot once in trying to wrest pistol from Allen. The scene of the wholesale murder was the quaint little old-fashioned red brick county court house. There had been reports that an attempt might be made to rescue Floyd Allen, who himself had aided a prisoner friend recently to escape from the county officers. The trial had been in progress for several days, however, without any indication becoming public of the carefully planned plot of the Allen brothers and their associates. Floyd Allen had been found guilty and had called for sentence today. The stuffy little courtroom, with its coal stove and crude furniture, was crowded. Sidney and Jack Allen were among the first arrivals and were seen to take their places near the rail marking the enclosure for prisoner and counsel engaged in the case. Standing nearby were a number of their associates and friends from the Blue Ridge Mountains.

Judge Masie went about the sentencing of the prisoner in the usual matter of fact way, but the words "one year at hard labor" had scarcely passed his lips when there came the crack of a revolver. In an instant this was followed by a volley of shots and the judge, who had partly risen at the first shot, lay dead and bleeding on the bench. Commonwealth's Attorney Foster was sitting directly in front of the bench and was next to succumb to the well-directed shots of the suddenly turned outlaws, who had taken what they deemed justice into their own hands. The brothers and their friends must have been well armed, for it seemed to spectators who escaped from the bloody courtroom, that fully one hundred shots were fired. In the first fusillade several jurors had been wounded, Blankenship probably fatally. Sheriff Webb, using his own revolver, made for the prisoner, who had joined in the shooting, with an oath, and a declaration that he would never go to jail, but the officer was stopped by a perfect hail of lead and crumpled into a lifeless heap on the floor. By this time the shooting in the courtroom had become general and there was a wild rush of the unarmed for windows and doors. Dexter Goad, clerk of the court, received a bullet wound in the neck. The Allens, including the prisoner and their friends, after the killing of the sheriff, backed slowly out of the courtroom, holding all would-be pursuers in check at the point of revolvers. Once outside, some of them made a dash for the mountains on horseback. The others engaged in a pitched battle with a posse. Floyd Allen is lying in a hotel room suffering from two gunshot wounds in his stomach and one in his side, and a broken leg. His leg was broken as a result of being trampled upon by infuriated spectators who witnessed the shooting. Following the escape of Jackson and Sidney Allen, pursued by the only remaining officer, Floyd Allen was removed to the hotel room where his son, Victor, heavily armed, stands guard and threatens to shoot anyone who attempts to enter his father's room. The wounded man refused the aid of surgeons and it is believed he will die before morning.

Special officers are being rushed into the county to help in running down the murderers. Governor Mann is holding two companies of militia in readiness in case the Allens and their friends gather recruits in the mountain fastness. The village was thrown into a ferment. The wiping out of the law officers left affairs in the hands of untrained citizens but nearly every man in this section of the county has joined in the hunt.

The cause of today's assassinations dates back to last fall when a deputy sheriff arrested a nephew of Floyd Allen on charge of illicit distilling. Enroute to jail Allen intercepted the sheriff and beat him into insensibility with the butt of a pistol and brass knuckles. Leaving the officer dead he spirited the prisoner away and secreted him. Allen was on trial today for the assault. At the December term of court Judge Masie was informed that the officers feared to arrest Allen and the court then announced that he would have Allen brought to justice if he had to go out of the county to get men to arrest him. Friends of Judge Masie warned him then that his words were indiscreet and that his life was in jeopardy. Allen was never arrested, but furnished bond for his appearance at this term of the court, being tried yesterday and sentenced pronounced today.

Richmond, Va., March 14.— "Rather than indicate a fear of lawbreakers by sitting on the bench with a weapon in my pocket, I prefer to be killed in the administration of justice," was the statement made by Judge Masie only last night to a friend who urged him to take steps for his own protection against the lawless element he had determined to bring to justice. Commonwealth's Attorney Foster said this morning just before he walked into the courtroom that it would probably be his last day on earth. It was expected that trouble would follow the rendering of a verdict if the jury should convict.

DIG COUNTY COMMENT FOR ALAMANCE

Supt. Robertson Gives out Plans for Working out Educational System Grand Parade of All School Children of the County Graduation from the Public Schools Policy in Outlined

In the early part of the fall the Supt. of schools announced through the papers that a regular system of graduation from the Public Schools would be formulated and announced this scholastic year. This announcement is made in compliance with that promise. For fifty years we have had in the county and in the state a public school system. This system through rude and undeveloped through much of its history, has done much for general progress and common uplift. It has done a great work in the past and it is destined to do much more in the future. One thing that has been lacking in the past has been exactness in its scope. There was no end to it and hence no end to be reached by the student. The student either went till he got tired or got married or got too old. But as for reaching the end this he did not and could not hope for because there was no end to be reached. Such a system was void of definite aim and hence incomplete. In order to give finish to our system, to set a goal to be reached, and an incentive to the student to finish and complete the work of the course, and to fix a standard and to give credentials for entering our State High Schools, we institute the following plans and policy: For all students of the county who have completed the Public School course examinations will be held on the last Saturday in March or March 30th at the following places: Maywood, Cross Roads (In Pleasant Grove Township) Hawfields, Spring, Sylvan, Friendship and in the Superintendents office at Graham. These examination will be uniform for every place and will be based on the Public school studies which are as follows:— spelling, reading, writing, arithmetic, drawing, language, English grammar, geography, North Carolina history, U. S. history, Civil government, Agriculture, Physiology and Hygiene. Any student in the county who has taken the above studies has the right to take the examina-

tion at any place that is most convenient to him. The papers of the applicants will be graded and the certificates of graduation will be presented on graduation day. These certificates will not only be a seal set upon the work of the Public school course but they will also serve as credentials for entering our State High schools which give free tuition to High School students. The graduation day or commencement day as it is coming to be called will be the last Saturday in April or April the 27th. The commencement will be held in Graham on the grounds of the Graded School. The program is now being formulated and will be in the main as follows: 10:45 gathering of all students of the county on the Graded School grounds under their respective township banners. 11:00 Grand parade of all students led by the Oneida brass band. 11:30 literary address. 12:30 presentation of certificates of attendance, prizes of attendance and certificates of graduation. Dinner, 2:00 p. m. debate, Resolved: That the state is doing its duty Educationally.

A more nearly accurate and more detailed program will be announced later. The Brass Band will furnish music through the entire program. There will be appointed soon a marshal from each township who will have the oversight of all the schools in his township. Each marshal will see that his township is provided with a large banner to head the schools in his township and each school will have a smaller banner to designate its students. The Piedmont Railway and Electric Co., has kindly offered a liberal percentage of its entire receipts that day towards defraying the expenses of the occasion. We ask all teachers and students and committeemen and friends of education to give a united effort in making this commencement occasion by far the greatest educational gathering in the entire history of the county and in every respect a great success. J. B. Robertson, Supt. of Schools.

HAW RIVER ITEMS.

Dr. Wicker preached a most excellent sermon at the Christian church Sunday morning. He gets better.

We are hoping the ground hog has gone and that gentle spring has come and the mud is drying away.

The river was higher than it has been in a long time. No damage here that we have heard of.

Despite the rain and flood J. H. Blackman, Sr., did on last Thursday the 14th go to Reidsville and entered the home of Mrs. Minnie Adams and took her by the hand and went into the presence of a priest (we did not learn his name) and were made one according to the Divine institution. They came to his home Friday. He somewhat surprised many of us. May their journey through life be a pleasant one. Mrs. Blackman is kindly remembered as Mrs. Adams and before that she was Miss Minnie Gillespie, a very charming lady. The Esq. was fortunate in winning her hand.

Mr. and Mrs. Virgil Clark are rejoicing with exceeding great and unspeakable joy and altogether full of love, on the arrival of a ten lb. boy in their home Saturday night. Congratulations to them.

Our Rural carrier was water bound Friday, last. Some of the patrons were disappointed but he could not help it.

Mrs. J. V. Wynn of Danville, Va., with three sweet little girls spent a few days last week very pleasantly with her aunt Mrs. G. W. P. Cates. She left Thursday evening for her home in Danville Va. We hope her visit was full of enjoyment and she will come again.

Mr. and Mrs. R. H. Jobe are enjoying happiness in the superlative degree. Despite the dark cloudy days and heavy rain and high water the sun did shine in their faces. The gentleman arrived Saturday night and Mr. Jobe insisted on proclaiming the event from the top of Trolinwood factory. Congratulations to them.

Sparks Circus Coming.

On Saturday of last week the General Advance Representative for the Sparks shows was in town making contracts and paving the way for the coming of the big circus. Immense quantities of provisions of all kinds were contracted for from our local merchants, and Saturday, April 13th is the date the big show is to exhibit here.

From now until show day hardly a day will pass but what one or more agents of the circus will be in town looking after details, promoting public interest and thoroughly advertising the surrounding country. This circus employs over 50 people in the department of publicity alone.

The advance man, who is a very genial gentleman, volunteered the information that April 13th, the date of the circus is here happens to fall on the regular weekly salary day of the show, and that the 300 and over employes with the show would be paid the aggregate sum of \$6000—a tidy little bunch of money to be turned loose in our midst.

The circus agent has in his possession many newspaper criticisms of the show and they all speak in glowing terms of the excellent entertainment given and the honorable methods employed by the show management in doing business with the public—no gambling or short change artists being allowed among its employes.

Our people will undoubtedly turn out en masse if the weather is at all favorable.
