## Gave Up Hope

"I suffered five years, with awful pains, due to womanly troubles," writes Mrs. M. D. McPherson, from Chadbourn. N. C. "They grew worse, till I would often faint. I could not walk at all, and I had an awful hurting in my side: also a headache and a backache.

I gave up and thought I would die, but my husband urged me to try Cardui, so, I began, and the first bottle helped me. By the time the third bottle was used, I could do all my work. All the people around here said I would die, but Cardui relieved me."

### TAKE The Woman's Tonic

For more than 50 years, Cardui has been relieving woman's sufferings, and making weak women strong and well. During this time, thousands of women have written. like Mrs. McPherson, to tell of the really surprising results they obtained by the use of this purely vegetable, tonic remedy for women.

Cardui strengthens, builds, restores, and relieves or prevents unnecessary pain and suffering from womanly troubles. If you are a woman begin taking Cardui, today.

Miss Alva Clayton of Brevard one of the efficient teachers in the Graded School left Saturday morn ing for her home the School having closed Friday last. She was a popular young lady and we sus pect she carried somebodys heart with her.

Thrilling Experience.

To hear the thunderous roars of the mrn-eating kings of the forest, to feel their hot breath wafted through the barred windows of a tiny cabin in the jung-les is certainly thrilling.

Fritz Brunner, the famous animal trainer with the John H. Pparks Shows, which are are to exhibit here next Saturday Apr. 13 was raised in a cabin in the wilds of equatorial Africa. His father was an agent of the Royal Zoological Society of Germany, and cpent many years securing specimens for that institution. Hence from childhood Mr. Brunner was accustomed to hear nightly the roars of monster lions, the hideous tiger's growls and the snarling leopards and hyenas, which would engage in deadly combats around the cabin, often hurling their huge weights against its frail walls and scampering over its roof. As he grew up in these suaroundings he became a fearless hunter, meeting the wild denizens of the forest face to face and engaging in fierce struggles with the infuriated beasts. He afterwards' be-came a trainer, and his absolute mastery over the brute creation is not equalled by any living man.

A laage steel enclosure will be erected in the center of the exhibition tent, into which the forocious animals will be turned loose. Mr. Brunner will then enter the enclosure, unarmed, and put them through a remark-able series of performances, that will vividly illustrate their tremendous strength and agility. It is a thrilling, hair raising sight
