

THE STATE DISPATCH

A REPUBLICAN NEWSPAPER DEVOTED TO THE UPBUILDING OF AMERICAN HOMES AND AMERICAN INDUSTRIES.

VOL. V.

BURLINGTON, N. C., MAY 22, 1912.

NO. 2

AN OPEN LETTER TO MR. E. S. PARKER, JR.

Dear Mr. Parker:—

I have read your letter concerning the county finances which appeared in The State Dispatch last week (May 15th) and I desire to thank you in behalf of the tax-payers, especially the republican contingent, for your interest in these important matters which so vitally affect all the taxpayers, whether democrats or republicans. You did exceedingly well to secure as much information as you did, but there are other things just as important, in fact more so, than those you have given us, that the people want to know about, and inasmuch as the citizens of the county regardless of party affiliations have confidence in your veracity and perfect faith in your integrity, and without trying to involve you in any controversy or even a desire to do so, will you not undertake to enlighten the tax payers by whatever means you are able to command just how much money has come into the hands of the county treasurer, or board of county commissioners to be expended by them or their order covering the periods named by Clerk Johnson in his letter to you of May 10th, 1912. And will you be kind enough to ask your informant who ever he may be, just to give you the exact figures without any frills or flourishes of explanations which is intended or liable to confuse the mind of the average tax-payer. I was surprised to see you say that you believed the letter of Clerk Johnson would do for many what it had done for you, enable them to understand how the county finances had been handled by the commissioners elected from both parties, it puzzles me to see how you know any more about how it is handled now than you did before, unless you have some inside information not possessed by the rest of us, if you were appointed a receiver of some Rail Road system or other corporation, and served two or four years and when you came to make your report to the court that appointed you, and merely handed the court the amount expended and for what purpose, without showing what the income during your administration was, do you think the court would receive it and say that it was satisfied that the creditors and stockholders would be enabled to understand how the finances had been handled by the trustee. Of course you know the court would reject the report and order you to show all the receipts and from what sources, as well as the disbursements and for what purpose. Now this is what the Tax Payers of this county want, they not only want to know how much money has been spent and for what purpose, but they want to know how much has been received and from what sources, they are entitled to know this, and if you can help them out in this respect, you will be rendering a service that no other citizen has rendered, and for which the tax payers will be under lasting obligations to you. It has been the custom in this county for years by both democrats and republicans to publish a county exhibit every two years showing the disbursements and to whom made, but never a word about the receipts and from what sources. I condemn the republican board for this slack method of doing business just as harshly as I condemn our opponents, and it should not be permitted, no matter what party holds the reins of county government. No one so far as I have heard or saw, accuses any official of dishonesty, but the charges and counter charges that you speak of was made for the purpose of showing that the persons representing one party was just as capable to administer the county affairs as the other, but you will remember that the speakers representing the party to which you belong do not accord us this much ability or honesty of purpose, and if they personally believe what you say you do, that no political capital can be made for either party from an accurate statement of what has been done, they are careful and very careful not to intimate as much in the presence of their own political household and you had better be careful in doing so, or you will find yourself outside the pale of the democratic fold, read out of the party, there is one thing that your party will not tolerate, unstinted praise of republican officials, whether in county state or nation. There is one other service that we will be glad to have you render, if you can do so without too much trouble, and without impairing your party standing, and that is to have the greatest of all explainers to explain how the board of county commissioners composed of Geo. T. Williamson, T. B. Barker, W. E. Vincent, B. S. Robertson, and T. F. McVey, three republicans and two democrats spent in 1907 \$29,622.65 and in 1908 \$40,144.27 making a total for the two years of their administration \$69,766.92 and only left a floating indebtedness of \$9000.00 Nine thousand dollars, when the board who succeeded them spent in 1909 only \$30,261.34 and for 1910 only \$39,263.98 making a total of only \$66,425.32 or three thousand less than the board controlled by the republicans, and yet they left a floating indebtedness of \$21,000.00 this last named board was controlled by the democrats, the taxes for 1909 and 1910 were certainly more than for 1907 and 1908, these are the things that the tax payers regardless of party want explained? They cannot understand how or by what mathematical calculation one board can spend more, and yet leave a less floating indebtedness, while another can spend less and leave a larger floating indebtedness. You other can spend less and leave a larger floating indebtedness. You will readily see how this kind of explanation does not explain to the average laymen, and if you will straighten us out upon this and the other propositions referred to, we promise not to again trouble you at least until you regain your party regularity should it become impaired from your efforts to enlighten a thick skulled political constituency. Thanking you in advance for whatever further interest you manifest in our enlightenment, I have the honor to remain Very Respectfully,
J. ZEB. WALLER.

With the City Fathers.

The regular semi-monthly meeting of the city fathers was held Monday night. The regular routine business was disposed of and this being the time to renew the license for the pool room application was made by Mr. Emanuel May, the vote being three favoring and five not favoring granting these license. Those favoring granting the license were Aldermens Holt, Scott and Williamson. Those opposing, Apple, Ireland, Rogers, Stout and Faucett. A motion was offered by Scott that Main Street be put in passable condition and if necessary the money be borrowed to do the work. The vote was tied, the Mayor favoring the opinion of the affirmative.

In this age of high living it is difficult to see just what the merchants will sell us for these new half cent pieces.

New Building

The old building adjoining The Freeman Drug Store has been moved away and the foundation is being prepared for a new brick structure ninety by thirty, two stories. This is being built by Mr. W. E. Sharpe and will be rented to I. J. Mazur who will move his stock of dry goods in as soon as the building is complete which will be not later than October the first.

Shoe Shop To Move.

C. D. Whitsell has recently made preparations to move his shoe shop from over Holt-Cates store to the building which was formerly occupied by Cates undertaking establishment which has been divided and the half will be used by Mr. Cates and the other by Mr. Whitsell. Mr. Whitsell is arranging one of the most up-to-date shops in this section of the state.

Birthday Reception

Miss Cad Willis, the youngest daughter of sweet sixteen summers, of Mr. F. P. Willis gave a delightful birthday reception at the home of her Aunt, Miss Florence Albright, on Broad Street Thursday night.

The occasion had been planned for Wednesday night but was postponed on account of the inclement weather.

The spacious hall, adjoining parlor and dining room was all aglow and thrown open to the pleasure of the guest.

After playing innocent and amusing games the guests were served dainty, delicious refreshments consisting of cream, cake and luscious strawberries. The evening was much enjoyed. Miss Willis with the aid of her sisters proved a charming hostess. The hostess was the recipient of many beautiful and useful presents as a remembrance of the occasion.

Those who were permitted to enjoy the evening were:

Misses Flora Bell Morrow, Evie Lamb, Agnes Faucett, Ruth Lea Holt, Pauline Coble, Halthea Mebane, Mary Teague and Bessie, Laurie, and Mamye Willis.

Messrs. Erwin Montgomery, Robert Long, Paul Davis, Ralph Holt, Herbert Coble, Wade Huffman, Freyzer Williams and Edward Morgan.

Jr. O. U. A. M. Public Meeting

A public meeting of the Juniors was held Friday night at the Graded School Auditorium, beginning at eight o'clock. The program was interspersed with string music furnished by Messrs. Elder and Renigar. The song "America" was sung by the order, followed by prayer by Rev. T. E. Davis of the M. P. Church. Hon. E. S. W. Dameron welcomed the members and visitors who was responded to by J. D. Kernodle of Graham. The address of C. B. Webb of Statesville was full of good sound truths on the principles of the order, and had in its trend of thought what the order is and stands for at large. Judge N. L. Eure of Greensboro, in a vivid picture told of the educational advantages which the order offers. His address being full of humorous illustrations. Mr. J. W. Sechrist of High Point, a National representative of the order, told of the Orphans Home at Tiffin, Ohio. Geo. D. Smith of the local order gave some statistical facts telling that the order at this place was organized fifteen years ago with only seventeen members present and at present there are three hundred and seventy-three, and the ambition of the members is to soon reach four hundred. With the pronouncing of the benediction by Rev. Davis the exercise was concluded. The crowd present was composed mostly of Juniors, altho many visitors were present.

Dixon Claims Ohio For Roosevelt.

Senator Dixon, manager of the Roosevelt campaign claims Ohio went for Roosevelt Tuesday by 50,000 majority and that Roosevelt will get forty-four of the forty-eight delegates.

The following is Mr. Dixon's statement:

"Theodore Roosevelt will be nominated as the Republican candidate for President on the first ballot at Chicago, and will be elected in November by the biggest majority ever given a presidential candidate. This is the end of the contest."

No statement was issued by the Taft managers tonight. It was stated at the President's headquarters that more complete returns would be awaited before comment would be made. Both headquarters were besieged by members of Congress and political leaders tonight for news of the Ohio fight.

Light hearted Mexico does not let a little thing like a general uprising interfere with its fiestas.

Once more Senator Loggins has to hook his legs around that expensive senate seat to hold on.

A Delightful Occasion.

The Philathea Class of the Methodist Protestant Sunday School delightfully entertained the Baraca class of the same school last Thursday evening at Harden's Park from eight to eleven.

Both classes met at the church about 7:30, where they awaited two trolley cars which had been chartered for the occasion. Arriving at the Park the jolly crowd found it well lighted and everything enjoyable. The cool, refreshing evening breeze added much to the comfort of the gathering. Games were indulged in by the young people, and some beautiful selections were rendered by a male quartette composed of Messrs. G. L. Amick, Walter Thomas, T. A. Amick and E. L. Way.

After an hour of pleasure and enjoyment the crowd was waited on with a most delicious selection of fruits, cakes, refreshments etc., of which all partook with great pleasure and satisfaction. Just before the crowd dispersed, Mr. J. H. Boon, President of the Baraca class, called the Baracas together and announced that he would entertain a motion to extend a vote of thanks to the Philatheas for the beautiful and delightful manner in which they had entertained the crowd. The motion was properly made and carried by the Baracas, their voices being lifted to a high note in voting "aye!" repeatedly.

This was followed by a few remarks by Mr. Boon, in which he told the Philatheas that they had highly and royally entertained the Baracas and he gave them the assurance the Baracas were truly thankful for, and appreciated the entertainment. The hour for departure came all too soon.

The cars were on the side-track at 10:20, and the happy company, about 150 in number, boarded the cars immediately after their arrival, and was taken to the west end of the car line at Plaid Mills without making any stops. On the return the cars made the usual stops along the line until the entire crowd had gotten off, going home feeling very grateful toward the Philatheas for the pleasant ride on the cars and the splendid entertainment.

Thus an evening of real pleasure was enjoyed, and the occasion will be long remembered by all who were so fortunate in being present and participating.

Mr. Pritchard Cannot Come.

Supt. City Schools, Burlington, N. C.

Dear Sir:— You have no idea how much I regret to write this letter. I find at the last moment the court of appeals will be in session until the 31st, and I will be required to stay here, which, of course, will render it impossible for me to get to your place on the 24th. At the time I agreed to go to your place the court was in session in Richmond and I thought I would be able to come to your place, but I find that I cannot get away. I greatly appreciate your cordial invitation and words are inadequate to express my regret on not being able to be with you.

With best wishes, I am Sincerely yours,

Signed: J. C. Pritchard.

Graded School Commencement.

The Baccalaureate sermon of the Graded School was preached by Rev. R. C. Craven of Durham, N. C., Sunday night at the M. E. Church. It was a masterly production, delivered in a fluent and oratorical manner. The crowd was large, the house being filled to overflowing.

On Tuesday night the annual musical recital was interesting and drew a large crowd.

Tonight Wednesday, the annual Senior reception will take place. Thursday night will be class night and Friday night the regular literary address.

CLARENCE RICHESON WENT TO HIS DEATH WITHOUT A TREMOR

Boston, May 21.—Clarence V. T. Richeson was electrocuted at 12:17 this morning.

The current was turned on at 12:10.2, and the prisoner was declared totally dead at 12:17.

The former Baptist clergyman, confessed poisoner of Avis Linnell, of Hyannis, his one-time sweetheart, was outwardly calm when he entered the death chamber and he maintained his composure while the straps and electrodes were being adjusted as he sat in the electric chair.

Richeson walked to the chair erect, eyes straight ahead until he sat down. Then he closed his eyes and kept them shut until the end.

Seated in the chair, he was asked a series of questions by the Rev. Herbert S. Johnson, his spiritual adviser.

During his answers he said: "God will take care of my soul and I pray for all, I forgive everybody."

The last of the questions was: "Are you willing to die for Jesus sake?" The reply in an even, well modulated tone, was simply, "I am willing to die."

The current applied was 1,900 volts, eight amperes. One application was sufficient.

When the officials and witnesses of the execution entered the death chamber after walking through the prison yard in a pelting rain they heard sounding through the walls the strains of song. It was Richeson and his spiritual advisers, Mr. Johnson and Chaplain Stebbins, singing. Distinctly audible as they closed were the words: "For I know, what e'er befall me, Jesus doeth all things well."

Richeson left his cell smiling at 12:08. Before starting on the death march he shook hands with William A. Morse, his counsel, who at the last moment had been admitted as a witness of the execution, and with the two chaplains the Rev. M. J. Murphy, the Catholic prison chaplain, being also present.

Then he said: "I'm ready," and walked on. He was dressed plainly in a black chevot suit, a frock coat, white vest, white shirt, turned down collar and a black bow tie, with gold studs in his shirt front, and with low black shoes, brightly shined. His head was shaved down the middle.

The party then entered the chamber, Richeson, accompanied by the clergymen, followed soon after, the unfrocked minister appearing as calm as either of his companions.

Among many letters addressed to Richeson which were opened by Warden Bridges today was one which was found to contain cyanide of potassium. It was

mailed from station N., New York city, on May 19, at 3 p. m. It contained no clue to the sender, the powder being enclosed in a small sub-envelope marked, "headache powders." An analysis developed that it was poison of the same nature as that which killed Avis Linnell.

Attorney Morse said that he advised Warden Bridges to make public the fact of the receipt of this powder. Richeson was entirely innocent of any knowledge of it having been sent, the attorney declared. He added that he had every reason to believe the condemned man had no expectation of any such means of death.

Richeson reflected yesterday that he probably had less than 12 hours to live, and expressed a desire to see his brother, Douglas Richeson, of Chicago, who is in the city. The former clergyman told his spiritual adviser, the Rev. Dr. H. S. Johnson, that he could meet his brother without fear of collapsing. He had reconciled himself to his fate, he added, and felt that he was at peace with God and the world.

Douglas Richeson decided that he would not go to his drother.

The condemned man slept soundly for four hours yesterday morning, after being awake nearly all night. He was calm and even cheerful at times during the night, occasionally singing a hymn or repeating his favorite scriptural passages.

Death of E. Long.

WHO IS NEARER THE TRUTH?

M'Kinley Says Taft Has Reached 549.

Washington, May 18.—Representative M'Kinley, head of the Taft national campaign, today issued the following statement:

"President Taft yesterday came into absolute control of the Republican national convention, which meets in Chicago in June. His list of delegates to that convention by the action of State and district conventions in Montana, Idaho, Arkansas, Texas and North Carolina reached a total of 549 delegates, or nine more than enough to control. At the same time Mr. Roosevelt gained enough delegates to make his total of instructed, pledged and contested delegates 349, all told, or 200 less than President Taft's total and 191 votes short of control of the convention."

Senator Dixon Says 600 For Roosevelt.

Washington, May 18.—In a counter statement Senator Dixon, head of the Roosevelt campaign, said that "Mr. M'Kinley's claim of delegates is as preposterous now as it was in March when he claimed 709 sure delegates for Taft. Roosevelt has today, elected in sight, more than 600 delegates."

The statement credited Mr. Roosevelt with 497 delegates now and continued: "To this total must be added not less than 60 Roosevelt delegates to be elected in Ohio, South Dakota and New Jersey. This brings the Roosevelt strength to 557. There should be added as reserve Roosevelt strength in the Chicago convention the 40 Progressive, anti-Taft delegates elected in Iowa, North Dakota and Wisconsin, making the Roosevelt total 607, without counting contests."

FLOYD ALLEN, FIVE YEAR GANG LEADER

Wytheville, Va., May 18.—Floyd Allen's jury today found him guilty of murder in the first degree. Death in the chair is the penalty.

After a night of deliberation which at one time threatened disagreement, the jury court this morning announced its verdict. Sentence deferred, as Allen may be a witness in the trials of men who are also charged with the five murders in Carter Hillsville on March 1, the Allen gang swooped out of the Blue Ridge and wiped out the human family. The institution. Clerk C. the only official who escaped.

A sparsely filled courtroom heard the end of the trial. It was thought that fear of an such as marked the verdict at Hillsville might today. It was impossible to enter the room.

The other prisoners will be tried immediately. Claude, Friel and Victor Byrd Marion and Sidna are under indictment for the murders, while Sidna Allen, ley Edwards, two other members of the gang, are capture in the fastness of Blue Ridge.

When court opened today a jury was called in and the man questioned by Judge.

The jurors declared that a number of points of doubt existing in the panel and doubtful whether a verdict reached. Judge Staples declared the case was one of magnitude, he felt he must bring the jury back with a few minutes of caution and advice. When a number of minutes were thrown together in consultation for a long period with all their thoughts and intentions centered upon the case, it was but natural that there should be a tendency to views and positions. At this juncture, he said, there is another tendency of the mind to fix deep rooted and mind unwarranted opinions. Earnest effort to convince the jury had not been sworn to, er than to reach one on the guilt or innocence of the accused. He said if the jury of that issue in an individual opinion, they wrong to themselves, tended violence to their obligation and grave either to the commonwealth or the accused.

The jury again retired was but a short time before a verdict was reached. The court reassembled to read the verdict of "guilty charged in the indictment."

Judge Staples held the verdict was not the proper form. The man then explained the verdict was one of guilt in the first degree, the penalty of electrocution.

Floyd Allen was charged with this time murder of Commonwealth Attorney William M. Foster in the Carroll courthouse at Hillsville last week when the trial of Floyd Allen culminated in the killing of the persons—Presiding Judge L. Massie, Prosecutor J. M. Foster, Sheriff Webb, Miss Elizabeth Juror Augustus Fowler. The shooting in court created a sensation and sent a thrill of horror throughout the country.

The tragedy created in the little mountain side Hillsville where the man always held the Allen in deadly terror. Several of the Allen family were shot, but five of the men escaped to the mountains. Rewards for their arrest were three of them being but Sidna Allen, leader of the gang, and Wesley Edw. nephew, still are at large.

The other prisoners, expected, will be tried immediately. On the first ballot taken by the jurors the vote stood 10 to 1 in the first degree murder in the second degree. This vote remained unchanged until Judge had addressed the jury this morning after they pronounced they were reached an agreement.

The verdict came as a surprise as it was the jury was hopelessly one of the twelve men.

FLOYD ALLEN, FIRST OF THE OUTLAW GANG TRIED, CONVICTED OF MURDER

Wetmore, Va., May 17.—Floyd Allen's jury today found him guilty of murder in the first degree. Death in the electric chair is the penalty.

After a night of deliberation which at one time threatened a disagreement, the jury filed into court this morning and delivered its verdict. Sentence was deferred, as Allen may be called as a witness in the trials of his kinsmen who are also charged with the five murders in Carroll court at Hillsville on March 14, when the Allen gang swooped down out of the Blue Ridge and all but wiped out the human fabric of the institution. Clerk Goad was the only official who escaped.

A sparsely filled court room heard the end of the trial. Some thought that fear of an outbreak such as marked the adverse verdict at Hillsville might be seen today. It was impossible, however. Officers searched all who entered the room.

The other prisoners probably will be tried immediately. Claude, Friel and Victor Allen, Byrd Marion and Sidna Edwards are under indictment for the murders, while Sidna Allen and Wesley Edwards, two other members of the gang, are defying capture in the fastness of the Blue Ridge.

When court opened today the jury was called in and the foreman questioned by Judge Staples.

The jurors declared there were a number of points of difference existing in the panel and it was doubtful whether a verdict could be reached. Judge Staples declared the case was one of much magnitude, he felt he must send the jury back with a few words of caution and advice. He said when a number of men were thrown together in intimate isolation for a long period of time, with all their thoughts and attentions centered upon one matter, it was but natural there should be a tendency to different views and positions. Along with this tendency, he said, there was another tendency of the human mind to fix deep rooted in ones mind unwarranted opinion in an earnest effort to convince others.

Judge Staples declared the jury had not been sworn to do other than to reach one conclusion—the guilt or innocence of the accused. He said if the jurors lost sight of that issue in any private individual opinion, they would do wrong to themselves, an unintended violence to their solemn obligation and grave injustice either to the commonwealth or the accused.

The jury again retired and it was but a short time before announcement was made an agreement had been reached. When court reassembled the foreman read the verdict of "guilty as charged in the indictment."

Judge Staples held that was not the proper form. The foreman then explained that the verdict was one of guilty in the first degree, the penalty being electrocution.

Floyd Allen was charged specifically at this time with the murder of Commonwealth's Attorney William M. Foster, prosecutor in the Carroll county courthouse at Hillsville last March when the trial of Floyd Allen culminated in the killing of five persons—Presiding Judge Thornton L. Massie, Prosecutor William M. Foster; Sheriff L. F. Webb; Miss Elizabeth Ayres and Juror Augustus Fowler. The news of the shooting up of the court created a sensation and sent a thrill of horror throughout the country.

The tragedy created a panic in the little mountain side town of Hillsville where the inhabitants always held the Allen clansmen in deadly terror. Arrests of several of the Allens followed the shooting, but five of the principals escaped to the mountains. Rewards for their arrest resulted in three of them being taken, but Sidna Allen, leader of the gang, and Wesley Edwards, his nephew, still are at large.

The other prisoners, it is expected, will be tried immediately. On the first ballot taken by the jurors the vote stood 10 for murder in the first degree and 2 for murder in the second degree. This vote remained practically unchanged until Judge Staples had addressed the jurors again this morning after they had announced they were unable to reach an agreement.

The verdict came as a distinct surprise as it was thought the jury was hopelessly divided. One of the twelve men is known

to have said previous to being summoned for jury duty that "you can't always get justice in courts and maybe the Allens were not far wrong," and the attorneys for the commonwealth had made arrangements to arrest him on a charge of perjury should he bring about a disagreement. This morning he agreed to a verdict.

The commonwealth announced a change of the plan of trying Claude and Victor Allen jointly and that they would next take up the case of Claude on the indictment charging him with the murder of Judge Massie. The trial will begin Monday and a venire of men has been summoned from which it is hoped to get a jury without all the delay experienced in the trial just completed.

In discharging the jury today Judge Staples thanked them for their patience and promised that none of them would be called upon to do jury duty for two years.

Attorneys for the defendant announced after court adjourned that they would ask for a writ of error. The charge delivered by Judge Staples this morning was said, touching on points upon which the Virginia Court of Appeals had never passed.

The prisoner's wife sat beside him. She was dressed in black and wore a large poke-bonnet so that her face could not be seen.

Allen seemed brighter this morning than on yesterday, evidently expecting a mistrial, but he was the picture of despair when the verdict was read.

"Floyd Allen Got Fair Trial."

Bristol, Tenn., May 17.—"Floyd Allen got a fair trial," declared Judge N. P. Oglesby, who returned to Bristol this afternoon after spending three weeks in defense of the Carroll county clansmen. "Judge Staples was fair to the defense throughout."

Judge Oglesby said that a writ of error would at once be asked. Under the Virginia practice an appeal does not come as a matter of right but only by permission of the higher court after it has considered the grounds for appeal.

Judge Oglesby said that Floyd Allen's case was prejudiced by the fact that during the trial he was so heavily guarded as to give the impression to the jury that he is a desperado that even though his leg is broken, is likely to shoot another court.

Judge Oglesby is more hopeful of saving young Claude Allen, whose trial will be begun Saturday.

Boston Shop Girls Attending a School of Salesmanship.

According to the article in the June Woman's Home Companion, the proprietors of five of Boston's largest department stores are sending a number of their sales girls to attend courses in a school of salesmanship. According to the article, the girls go three hours a day for five days a week and receive full pay for the time thus occupied. Following is an extract from the article.

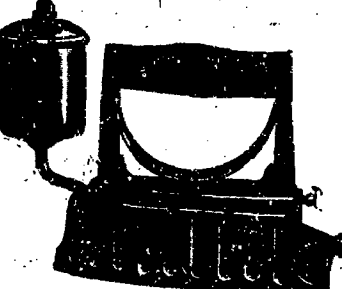

"In many instances the students, after completing the course have received higher wages, some having been advanced from six to twelve or fifteen dollars a week. Some have become buyers for departments. The girls are instructed in the business arithmetic and in the use of sales slips and like devices; in textiles, color, and design, so as to be prepared to give intelligent aid to a customer, and also in hygiene. Representatives of the cooperating stores give lectures on methods of selling and on store problems. The students are in turn required to make practice sales of goods in the classroom to teachers and visitors, while the others take notes and criticize.

"Practical talks on many subjects are given with the purpose of arousing a feeling of responsibility, instilling a regard for system and attention to details, encouraging the development of pleasing personality, suggesting the best uses of leisure time, and, in general, setting higher standards, opening new vistas, and by stimulating and liberating the minds of the students, helping them to become not only abler saleswomen, but also better, broader, happier women."

The Pool Room and Grotto are lost sight of when the City Fathers meet.

Sunday was known as a record breaker for numbers in all the Sunday Schools.

The Methodist Sunday School appears to have outclassed its own record when 689 was present Sunday.

One question being asked by many is, Will Roosevelt bolt the convention and run independent if not nominated? Certainly, Teddy has the interest of the party at heart.

Through the grim darkness of the night slightly after midnight Tuesday morning the Rev. Clarence V. T. Richeson paid the penalty for the cruel murdering of his former sweetheart. And another soul was dashed into the unknown fanthoms of the hereafter. As the electric current was dashed through his body a life was extinguished which instead of being pure and white as the rose of spring, was tainted and rotten at heart. And as the heart speaketh forth its throbs in words and deeds it betrayed the guilty conscience, and the deeds of the flesh became manifest to the world.

The Republican Splits Of The Past.

It will be recalled that in 1872 the Republican party was also seriously divided and it was feared that the national ticket would be defeated, so serious was the split before the National Convention, but the Republican party is fortunate enough in that while it often fights hard within itself before the convention, yet after the national ticket is nominated all hands as a rule get together and pull hard for the election as they did in 1872, and it is believed this will be the case in 1912.

Clark's Record

The republican leaders believe that it will be comparatively easy to defeat the Democrats this fall if Speaker Clark is nominated. In the first place he has been a most prolific talker and has said many indiscreet things. His break about "reciprocity with Canada leading to annexation" was the cause of the Canadian defeat of the reciprocity treaty. He has also said bitter things about Grover Cleveland and his followers. Several times in his speech making career he has threatened to "cut somebody's throat" and otherwise made a record that would defeat him. So it will be readily seen that the Republicans have a great deal to be hopeful for, and while they have their bitter fights yet the Democratic camp is also in an unhappy position.

to know that the moral condition of our town at present is better than it has been for some time. Judging from the number of arrests and trials.

Commencement Days.

As the seasons continue to roll we are again reminded that we are nearing the end of another scholastic term and that the commencement days are upon us. The days of gladness and sadness, the days when many hearts are filled to overflowing because of homesickness and others stricken with pain because the fair face of some one will be separated.

Many parents who have been stiving and toiling in an earnest endeavor to send their son or daughter to school looks and listens anxiously to the graduating exercises as the laurels and flowers of honor are being placed upon this son or daughter. How beautiful when it is remembered how valuable these honors are and that the most costly and precious jewel or gem is in no wise to be compared with the training of the human mind.

Did Right This Time

The City Alderman may not always do the proper thing according to our view, but they certainly did the right thing the other night when they decided to macadam main street with five foot sidewalks upon each side leading to the cemetery. Now let them finish up what work they have commenced, and when they are through, and the citizens have paid their part of the sidewalks and there is any money left, then lay out new work. It is so easy to agree with any one when they are doing something we want done, and so easy to find fault when they go contrary to our wishes. We believe in giving praise where praise is due, and censure where it is deserved. Now lets all get together for a bigger and better town. After all this is our town, and what affects one affects all. Pull together now for the best town in the state.

The Democratic Situation

Furthermore, the Republicans have much to feel encouraged over on account of the situation which confronts the Democratic Camp. It has gradually leaked out why William R. Hearst who is sometimes a Democrat, and sometimes a bolter is at the present time so vigorously supporting Speaker Clark for the Democratic Nomination. The reason why Mr. Hearst is giving his support to Mr. Clark is because Clark is a Western man, and if nominated the Democrats of course will pick out "an Eastern man" to run with him, and Mr. Hearst believes that "he will" be that "Eastern man" and if he is not, those who know him believe that he will bolt the ticket because he is not apt to support any ticket unless it offers something for "Willie Hearst."

In view of the great Hearst wealth of \$50,000,000 and the string of powerful newspapers, he is enabled to make an effective fight to secure the Democratic Nomination for Mr. Clark.

Preacher Slain In A Pistol Duel

Waycross, Ga., May 19.—Clifford Bennett, a Baptist preacher was killed and Carey Bennett, a cousin, was injured in a pistol duel near here today. Two bystanders also were slightly hurt by stray bullets. Clifford Bennett, who is wealthy, has been separated from his wife for some time and the wife filed suit for divorce yesterday. The shooting is said by friends of the two men to have been due to young Careys attentions to his cousin's wife.

The cousin had been notified to keep away from Milwood, the village where Clifford lived, and today got off the train in company with two young women, for the first time in several months. Clifford was at the station, and it is said the shooting began immediately. A brother fired over his shoulder, striking Carey in the hand. The latter then returned the fire, shooting Clifford three times.

Carey was arrested when he went to the doctor's, four miles from the scene. Further trouble was expected, because of the prominence of the participants, but every thing was quiet tonight.

Democrats Make Many Mistakes.

Mr. Editor:—
Dear Sir: I see in the last proceedings of the County Commissioners that about all or the most they done was to exempt people from paying their part of the tax. Or rather calling it erroneously inlisting. It seems that they waited a long time to find out that it was listed wrong. We cannot see how the good democrats could make so many mistakes they had the law made "or rather made it" to go through so many hands that I cannot see for my life how so many mistakes could be made. The time is here for listing or at least the list taker is around doing the job. I never heard of it before in May. A NEW LAW I suppose. I notice also that all the complaints come from in or near Burlington and Graham where they have all the good roads, good money and none where they have bad roads on the outside of the County. Please tell us what debts was paid with that \$17,000 borrowed in February.

(From The St. Louis Republic)
A heavy truck loaded with kegs of liquor was jolting across a line of downtown car tracks when one of the kegs toppled and fell from the top of the of the pile into the street. It was smashed, so the truckman whipped up his team and went his way without stopping. The rum flowed out over the street—one little dent in the paving collecting a visible puddle of it.

In a few minutes a pigeon came fluttering down to drink at the pool thus fortunately provided for thirsty birds. The initial taste was a surprise, but a second and a third soon followed and soon the pigeon tottered fluttering away, too overcome to fly. Other birds seeing him there and anxious to wet their parching throats on so sultry a day, followed their brother in his path of wicked intemperance.

Five minutes later a passerby was astonished to see a dozen pigeons in the gutter of the otherwise deserted street, some dancing drunkenly, others already sound asleep. A few feet away a hound of disreputable appearance was creeping up slowly and a trifle unsteady, on his unsuspecting and bibulous quarry. As he was almost among the birds his feet went suddenly in several directions and he lay in the gutter growling sleepily to himself, for he too, was drunk.

Wilmington Officer Is Shot By A Negro.

Wilmington, May 19.—Mounted Policeman R. J. Thompson, who was shot and seriously wounded early this morning in an alley in the eastern part of the city by a negro, whose identity at the time was not known, but has since been arrested, is regarded as in a very precarious condition at the hospital, and it is said that he has small chance of recovery.

Policeman Thompson was called to the home of a woman by a disturbance, it being alleged that two negroes had broken into a house. As the officer approached one of the men fired at the officer who quickly returned the fire.

The officer was struck in the breast, the bullet penetrating the left lung and barely missing the heart. He fell. The negro did not stop. A fellow officer who heard the shooting came up and notified headquarters.

This morning Beattie was arrested as he was about to board an outgoing train at Hilton bridge. He attempted to take the "billie" and pistol away from Officer Wood, who arrested him, and who was forced to shoot him. It was found that the negro was wounded in the knee by a bullet from Officer Thompson's revolver the night before. Feeling is running high against the negro, who was taken to jail after his wounds were dressed and should the officer die it is not at all improbable but there would be a serious demonstration.

DECLINE IN TUBERCULOSIS DEATHS

In the decade from 1901 to 1910, the death rate from tuberculosis in the United States declined from 196.9 for each 100,000 persons living to 160.3, a decrease of 18.7 per cent, while the general death rate, including all causes of death, declined only one-half as fast, or at the rate of 9.7 per cent, from 1655.0 to 1495.8.

These figures were given out in a statement issued by The National Association for the Study and Prevention of Tuberculosis. They are based on data abstracted from reports of the United States Bureau of Census, and cover the registration area in this country. According to the statement, the tuberculosis death rate has declined steadily since 1904, when it was 201.6. On the other hand, the general death rate shows a fluctuation downward in general trend, but not as steady as the tuberculosis rate.

The decline in the tuberculosis death rate in the last ten years means a saving of 27,000 lives at the present time. In certain cities, such as New York, Boston, Cleveland and Chicago, and in States like Massachusetts, Rhode Island and Connecticut, the decline in the tuberculosis death rate is much more marked than in the country at large.

The National Association says that there are many factors working together to cause the decline in the tuberculosis death rate, such factor as the change in the character of our urban population, increased sanitation, and better housing, but probably as potent a factor as any has been the nation wide anti-tuberculosis campaign.

Attorneys Are Summing Up
Wytheville, Va., May 13—The Allen jury was today instructed by the court on the law of murder conspiracy and self-defense, and attorneys on both sides began summing up the case.

Washington, D. C., May 18—Never before has there been such widespread interest in the Southeastern States as is now being manifested throughout the North and West. The resources and opportunities of the entire section are better known than ever before and the agents of the Land and Industrial Department of the Southern Railway Company are meeting with encouraging success in the solicitation of farm settlers and the establishment of new industries.

Outlook for Wheat and Corn.
The first government crop report of the season gives the condition of winter wheat as a little better than the trade expected, but the difference is slight.

It is altogether likely that farmers plowed up wheat this spring which they would have allowed to run into the harvest in several years. With half a crop or less of wheat in sight they evidently regarded the chance of making a full crop of corn in its place with much favor.

ling for cash in Chicago at 80 cents a bushel, and for delivery next September at 75 cents. Corn should have a good chance this year because the subsoil is full of moisture throughout the corn states. It is also an easy crop on the soil, and it responds generously to cultivation and proper fertilization. When ripe, corn may be allowed to stand in the fields, whereas wheat and other small grains must be cut at once to prevent shelling.

Richeson Is Sane; Must Die in Chair.

Boston, May 16.—Clarence V. T. Richeson's last hope of escaping the death chair next week for the murder of Avis Linnell, of Hyannis, expired tonight when Governor Foss announced that he would not refer Richeson's petition for commutation of sentence to the executive council.

The commission found that Richeson was sane at the time of the murder and that he is sane at present.

In the death chamber at Charleston the prisoner has borne himself calmly since he was transferred from the Charles street jail Tuesday. It was apparent that he still hoped that clemency would be extended to him, and it was believed today this alone was keeping up his spirits.

The statement issued by Governor Foss shows that the alienists found that Richeson's family was afflicted very generally with insanity and that the condemned man himself is a neurotic, a somnambulist and a neurassthenic and subject to hysterical insanity.

SETTLERS COMING SOUTH

Washington, D. C., May 18—Never before has there been such widespread interest in the Southeastern States as is now being manifested throughout the North and West. The resources and opportunities of the entire section are better known than ever before and the agents of the Land and Industrial Department of the Southern Railway Company are meeting with encouraging success in the solicitation of farm settlers and the establishment of new industries.

Bryan Hits Back

Columbus, O., May 16—William
Jennings Bryan replied today to
the statements made by Governor
Harmon in a speech at Akron
last night that Bryon supported
his candidacy at St. Louis. In a
telegram to Harvey Garber,
leader of the anti-Harmon move-

said:

"Please give out the following
answer to Governor Harmon's
Akron speech. Mr. Harmon is
at liberty to secure affidavits
from Mr. Baumgartner but he
is not able to change facts. I
not only refused to support Gov
Harmon at St. Louis but I gave
Mr. Baumgartner reasons that
seemed to satisfy him.

The members of the county court
declare they will issue no more

Spoon are doing a good business
this year in strawberries. They
are very fine this year, bring
good prices.

The farmers are very much be-

route on the account of so much
rain. One man has said when
the ground was dry enough to
work he would look up and see
another cloud coming.

Dr. Spoon has added some
more to his store house and en-
larged his stock of goods.

It is rumored that Mr. Sam
Buckner will go to Liberty. We

speaking ill of any one. For
the last several years her and
her sister Polly lived alone. She
has been almost blind for a long
time. She leaves the only sister
Polly behind, and many friends.

THE TITANIC.

Did you hear of the sinking of the Titanic, which occurred down on the eastern Atlantic. It had started across the sea to its other shore, but sinking drowning many hundred, who have gone, to drown no more.

It was a fine and monstrous ship; It measured 175 feet in height, And 882½ from tip to tip.

About April the first she started from her town, But striking an ice berg, The White Star went down.

It went down carrying, Many hundred bodies away In the most saddest and darkest part of the day.

From other ships messages had been sent out, That there was an iceberg some where near about.

But they didn't receive the news in time, So after all it wasn't worth a dime.

The wireless Telegrapher sat at his post Sending out messages from coast to coast.

That there was a large ship about to sink; The name is the White Star; Come and help us no matter where you are.

But as it being that part of the day All the ships were too far away.

As the skies began to redden and the ship started down The wireless Telegrapher jumped in the sea And caught a life boat which was sailing around.

Arthur H. Rostron was a brave and fearless man, He saved many lives which he carried to a distant land.

Say boys and girls if you don't want to get a dip You had better stay off of such a monstrous ship.

S. R. Allred, Union Ridge.

The above poem was composed by S. R. Allred a Union Ridge boy of only twelve summers while enroute to the city of Burlington.
