North Carolina Mooses.

The Bull Moose Party named a State ticket in North Carolina. They named one man for an office who doesn't want one but if the people of this Commonwealth would call his bluff and name Jas. N. Williamson, Jr., as Corporation Commissioner they would secure the most able and best qualified man that ever held this office. Mr. Williamson is a successful cotton manufacturer and owns several retail stores. He is one of the largest shippers in North Carolina. He is a well educated, well poised and eminently successful. We are not advocating the Bull Moose party nor have we anything to say to its discredit, but if "a square deal" is really wanted by those who have been complaining against unjust, discriminatory and excessively high freight rates, they can secure it by voting for men qualified to administer the duties of Corporation Commissioner. Mr. Williamson is head and shoulders above every candidate named by any other party. The late Henry Clay Brown was qualified by reason of long service as clerk to the Commission and his real desire to remove the burdens imposed by the railways; Mr. Williamson is qualified by actual experience as a large shipper and a selfish and public desire to remove these acknowledged evils. Party lines should be broken to get a qualified man. Without exception Jas. N. Williamson, Jr., of Alamance is the strongest man who has ever become a candidate for the office of Corporation Commissioner in North Carolina. — Merchants Journal and Commerce.

Notice to Teachers.

The fall examination to public school teachers will be held in Graham, Thursday, and Friday, Oct. 10th and 11th. This is the last public examination for the year. The first day is set apart for white teachers and the second for colored.

Gettysburg in 1913.

On the 1st, 2nd and 3rd days of July, 1913, there will be a national and never to be forgotten reunion of the surviving veterans of Americans' great Civil War on Gettysburg field, and the grand procession ever forced on earth will march under one flag over the ground, which half a century before, were crimsoned with the blood of brothers, who are now united in one common bond of brotherhood.

It is befitting that the gallant survivors of the greatest battle ever fought on the continent, and their comrades of four long years of war, denotation, deaths, tears and mourning, should have the Chief Magistrate of a restored Union, ride at the head of the Union and Confederate heroes, who still remain with us to march shoulder to shoulder on the fiftieth anniversary of the battle fought between Americans, with a valor and heroism unbefore known to the nations of the world.

The American people will soon decide who is to lead the procession at Gettysburg. I predict that it will be Colonel Roosevelt the gallant rough-rider of the Spanish-American War. Gettysburg in nineteen hundred and thirteen, without a Roosevelt in the saddle, will be a funeral procession and a nonmental failure, so let the Union and Confederate soldiers, whose camp-fires lighted up the valleys and hilltops of the southland, in the long ago, rally on the colors next November and vote for Theodore Roosevelt, who never has been led by bosses, nor is he a Sir John Falstaff warrior, but a leader of leaders, and a captain of captains, whose watchword is "We stand at Armageddon, and battle for the Lord."

Frank C. Mosier, 19th Penna. Inf. Vols. Pittston, Pa., Sept. 3, 1912.

Two native born Pennsylvania Dutch farmers from Lancaster County called on us last week, and informed us that we should tell the Eastern farmers of our fertile lands, our genial climate and our hospitable people; and that the Pennsylvania farmer would come South instead of going West. Therefore it behooves us to tell our Northerner in true, clear and concise terms of our Sunny South land and unto him daily a real welcome and invitation to come and till the hundreds of acres of fertile cotton, tobacco, corn and wheat land of North Carolina. Brethren, we have a far better country than we think. That's why so many native born are returning to the Tar Heel land every year.

Uncle Sam may soon be able to hold up his head among the civilized nations that have the parcels post.

To the Progressives Executive Committee.

Burlington, N. C., Sept. 25, '12. To the Progressive Executive Committee of Alamance Co. Gentlemen:— You are earnestly urged to meet at Roosevelt Headquarters in this City on Tuesday morning, October 1st, at eleven o'clock with our county candidates for the purpose of discussing and formulating plans for the management of the campaign in Alamance County. This will be one of our most important meetings and I have purposely named this day for the reason that our great leader, Col. Roosevelt, will speak to the people of the County during the afternoon of that day. Please advertise this thoroughly in your neighborhood and let us turn out one of the largest crowds ever assembled.

I suggest and urge that you call meetings in your various precincts for next Saturday and elect a Precinct Executive Committee in accordance with the plan of organization adopted by our County Convention last Saturday. Please be prepared to report your action when you come to the meeting on October 1st.

It gives me pleasure to say that our ticket has been most highly complimented from numerous sources, so much so, in fact, that I am more hopeful of success now than I have ever been.

I earnestly urge you to act promptly in the election of your precinct Committees and to allow nothing to prevent your being present at the meeting of the County Committee.

Yours for success, W. W. Brown, Ch'n, County Executive Committee.

Committee Appointed to Welcome Col. Roosevelt

In response to call issued by Mayor Freeland and the Chamber of Commerce a number of citizens met in the Mayors Hall Tuesday night and selected the following committee to have charge of arrangements for the coming of Col. Theodore Roosevelt next Tuesday October 1st. Ex. Mayor Barrett, J. L. Scott, J. P. Albright, E. S. W. Dameron, B. R. Sellars, W. E. Sharpe, Mayor Freeland, E. A. Holt, W. W. Brown, D. E. Sellars, W. P. Ireland, Esq. W. A. Hall, Capt. J. A. Turrentine, J. C. Holt, J. M. Cook, J. W. Murray, with Mr. J. W. Cates as chairman of the committee.

This committee are to appoint such other committee as they may see proper and are to give the board of Aldermen an invitation, also an invitation will be sent the Secretary of the Ministerial Association inviting the ministers of the town, to act as a part of this committee. It is hoped to have the Chamber of Commerce out in full force wearing badges.

The City Graded School, Graham Graded School and Haw River Graded School will all be ask to close and come to hear this greatest American citizen. While students at Elon College and Whitsett are especially invited. It is hoped to have the largest crowd of people present that has ever gathered at Burlington and to this end all committees are working. It has been suggested that all the whistles of the various mills blow upon the entering of Col. Roosevelt's train. Music for the occasion will be furnished by one or more bands. This may be your only change to hear and see the man of whom you have heard so much. Remember you have a cordial welcome to come to Burlington Tuesday October 1st, to see and hear "Teddy". Don't miss the opportunity.

An old "cullud brother" called on a publisher the other day and asked him if he could "make a spellin' book." On being answered in the affirmative the darkey inquired the price, saying that he and his wife had been thinking for sometime of getting one for the children, as they were not able to send them to "no college nor nuthin'."

He said he could get one at the store for ten cents, but thought perhaps he could have one made cheaper. Being told that it would cost him several hundred dollars to have a single issue of a spelling book printed, he opened wide his mouth displaying his ivory, his eyes enlarging to something near the size of saucers and starting off up the street like a "streak of greased lightning" was heard to exclaim, "Dat man's de biggest fool I eber seed; spec I haff to go to de store after all!"

Uncle Joe—Yes Tommy, it is quite possible that there are people in the moon.

About Mr Porter

When the delegates were chosen for the Republican national convention, the Sixth Indiana district was for Roosevelt. It was not contested by the Taft forces. Porter wanted to go as a national delegate, but there was doubt among many Roosevelt men as to his loyalty. He protected, and went so far as to sign a written pledge to support Roosevelt throughout the convention if he were selected. He was elected.

He broke every promise he had made, and violated his written pledge. He voted for the Taft forces, or refused to vote at all of every roll call at the Republican national convention. When he came home he was ostracized politically by all politicians who believe a man in public life should at least keep his word.

Last week he was rewarded for his treachery and deliberate deception by being made a member of the Taft executive committee of Indiana. He couldn't be elected dog pelt in his own district.

Such is the political charter of the man whose support of Taft is being advertised throughout the east as a great asset. Philadelphia Times.

Sunday Papers.

Realizing that the public generally is interested in the pending political contest, and that their only source of information is through the Newspapers, I have decided to distribute all papers on Sundays from now until after the election, provided of course this course meets the approval of the post office department on Sundays. Trusting this action will meet with favor by all classes of our citizens, I have the honor to remain, Respectfully, J. Zeb Waller, Post Master.

Resolutions Of Respect.

From Jr. O. U. A. M.

Whereas Our Dear Heavenly Father in his all wise providence has seen fit to remove from earth to reward our beloved brother J. C. Shepard therefore be it resolved (1) That we bow in humble submission to him that doeth all things well.

(2) That while we have lost one of our most faithful members we feel that our loss is his gain. (3) That we assure the bereaved family of our most sincere sympathy in this trying hour. (4) That a copy of these resolutions be spread on our minutes a copy be sent to the grief stricken family and copies to our city papers for publication.

Mebane, N. C. Sept. 23 1912

Mr. Editor:—

I want to call your attention, also the attention of the people of Alamance and surrounding counties, to the great North Carolina State Fair which will be held in Raleigh from October 14th to 19th inclusive.

The County Fairs and other fairs in North Carolina are doing a good work in the way of educating the people along economic line in agricultural, horticulture, and in the improvement of live stock of various kinds; however, the North Carolina State Fair is a State Institution and is making wonderful progress along these lines and should be patronized by the entire state. There is no fair in the south that has made the progress that the North Carolina State Fair has made within the last few years. There has just been completed a large, modern concrete building to be used exclusively for agricultural exhibits, and also a large concrete building to be used exclusively for poultry, the management contemplates making other very decided improvements in the near future, and with the co-operation of the farmers and manufacturers of North Carolina the management hopes to make this the greatest Fair of the entire South.

The management also wants to call the attention of the people to the fact that the fair is now run on an absolutely clean basis having eliminated all objectionable side shows, and there will be no shows allowed on the grounds which would be the least bit objectionable to anyone. This year the management is making an extraordinary effort along agricultural and horticultural lines, and stock especially and expects to have the greatest exhibit along these lines that has ever been shown at any fair in North Carolina.

The management also wants to call attention of the people to the fact that this Fair belongs to the state and all of the receipts and proceeds are paid out in premiums and in making improvements to take care of the largely increased exhibits.

We urge the farmers of North Carolina to take advantage of this opportunity and if they have any products of their farms which they would like to exhibit, ask that they will immediately, trust that every farmer will make an effort to visit this State Fair in October as it will repay anyone to do so.

Very Respectfully
W. E. White
Member Executive Committee for Alamance County.

LOST—At carnival in Graham a Ladies Gold Watch with black Fob and charm attached. A Liberal Reward will be paid when returned to the Dispatch Office.

HAW RIVER ITEMS.

We are hoping for rain. M. W. Moore of Ash was in town last Tuesday. We were glad to see him. We were school-mates and our mind went back to former years. The land is so dry there is not much of a turnip crop sowed.

J. L. Vest is in town in the picture business. He seems busy all the time.

On last Sat. the mill stood and gave the Sunday schools a chance for their annual picnic which was greatly enjoyed by old and young at Harden's Park. They were carried over the car line which was delightful to them and at twelve o'clock and as good a dinner was prepared and spread as appetite could crave Plenty for all and plenty left so if anyone did not get dinner it was their own fault all honor to the ladies of Haw River. They know how to prepare for such occasions.

Rev. Mr. Bass of Scranton, S. C. preached at the Baptist church Sunday night at 7:30 to the delight of our people. He preached a strong sermon.

Dr. Wicker preached Sunday morning at the Christian church at the regular hour. The Dr. always comes to us with a delightful message.

The Aycock graded school will open Sept. 23 with Prof. Smith of Sylvia as Supt. we expect it will be a success. Will give the teachers names next week. We look for a large attendance and a good year's work. Prof. Smith is very busy this week getting ready for the opening. Parents come and everybody invited to attend the first morning at the opening.

Miss Emma Cate who spent a few days with her parents last week, Mr. and Mrs. John C. Cate left for Petersburg to resume her work. Miss Emma is O. K.

Mr. M. J. Davis of Warrenton N. C. is canvassing our town in the interest of a well gotten up Bible nicely arranged for studying the Sunday School lesson.

Mr. and Mrs. J. H. Blackmon are visiting his old home in the eastern part of the state and to look over the paths of his youthful days. He will show her the beautiful trucking field of the east. We hope their trip will be pleasant as they grasp the pleasures as they go and return at the proper time much refreshed.

Rev. Bass of S. C. will preach at the Baptist church Sunday evening Sept. 22 at 8:30 P. M. Everyone invited.

Rev. G. L. Curry will begin a series of meetings Monday night after the first Sunday in Oct. Everyone invited to come and help in the good-work and enjoy a blessing.

M. C. B. Wright was in town for a few hours very pleasantly. We are always glad to see him.

Where is the young man who got in the buggy with his best girl and tried to drive off before he unhitched his horse. We wont tell on you this time.

To The Public.

I understand my name was before the Progressive convention at Graham Sept 21st for Registrar of Deeds of Alamance County.

This was done without my knowledge or consent, while I am deeply grateful to my friends for the confidence they repose in me. I have not been and would not accept a nomination for any office in Alamance County. Haw River N. C. Sept 23rd, 1912.

Bula Lodge No. 409, A. F. and A. M. will meet next Monday night in lodge room over Freeman's Store for the purpose of transacting any and all business coming before it. J. H. Vernon, W. M.

Urinary disorders quickly follow; drowsy and finally bright's disease.

This is the downward course of kidney ills.

Don't take this course. Burlington residents should profit by the following experience.

Mrs. P. W. Halthcock, Mill St. Graham, N. C., says: "I gladly confirm the public statement I gave three years ago recommending Doan's kidney pills as I have not had a symptom of kidney trouble since that time. I was subject to attacks of backache and a feeling of distress through my kidneys. I also had dull headaches and felt languid and run down. Finally I got Doan's Kidney Pills and I had not used them long before my trouble disappeared. Another member of my family has also taken Doan's Kidney Pills with good results.

No Hazing At Elon—
Christian Sentiment Keeps It Down—
President Harper To Students.
Elon College, N. C.
September 16, 1912.
This morning at the first regular Chapel Service since the horrible tragedy at Chapel Hill, President Harper expressed deep regret for the unfortunate occurrence and sympathy for the University and the bereaved and sorrowing friends of the dead and the hazers and for the hazers and the hazers themselves.
"But," continued President Harper, "no amount of sympathy for those affected by this tragedy should darken our vision of the real issues involved. Hazing is wrong, not because young Rand is dead, but because it strikes at one of the primal constituents of gentility. A gentleman will not enjoy himself at the expense of another. College men should never engage in any sort of fun-making in which all the participants cannot enter with relish and equally enjoy."
"It is no excuse for the hazers to say that the death of young Rand was accidental. It was accidental in the sense that it was not premeditated, but it was not accidental in the sense that young Rand was to blame for it. He was forced into the circumstances that led to his death. No citizen has the right to force another to do anything, save by due process of law."
"The way to stop hazing is to put in the hearts of the hazers a higher principle. The gospel of Christ, the golden rule, lived in individual hearts, will put an end to it. If the sentiment, the spirit of our Colleges shall become essentially Christian we shall see an end of hazing. Hazing can not thrive in a Christian atmosphere and that is why it has never got foot-hold at Elon, where every student regards every other as his brother."

GREATEST ATTRACTION OF THE SEASON.
With the elaborate looking and specially designed posters and lithographs of Sun Brothers' Big Shows, seen o., the local billboards and dead walls announcing their appearance here on Thursday, October 10, there are many to receive the old contention that the tending show harms a city in what it takes away from it.
The paper considers that the show brings, to say nothing of the show dollars left behind in the nature of feed bills, license fees and other forms of paic claims, the volume of fun and delight bequeathed to the amusement-loving element of citizen-ship brings us in debt to the showman.
We despise the cynical growling that is provoked by the occasional invasion of folks who earn their living by exercising their talents of making the world happier.
The man who begrudges the patriotism is himself a very poor pattern of the virtue that he preaches. The Sun Brothers' Shows are making their twentieth annual tour, and they are bringing this season the greatest amusement effort of their long managerial career. There is a greater collection of wild beasts, trained animal novelties and many star European and American performers.
The show gives two complete and unabridged performances daily, in fair or rainy weather, at 2 and 8 p. m. On the morning of show day and on the exhibition grounds, directly in the front of the main entrance, will be presented upon a magnificent scale a series of "thriller" tree exhibitions.

Bridges Time and Space

IT WAS A QUESTION of life or death, and the victim's life hung by a slender thread. A difficult operation was necessary. To be successful the operation must be performed at once. The services of a specialist were required, but he was in a distant city.
The specialist was reached over the Long Distance Bell Telephone, the case described and the operation arranged for.
The sufferer's life was saved through the ability of the Universal Bell Telephone Service to bridge time and space.

MOLES and WARTS
Removed with MOLESOFF, without pain or danger, no matter how large, or how far raised about the surface of the skin. And they will never return, and no trace or scar will be left. MOLESOFF is applied directly to the MOLE or WART, which entirely disappears in about six days, killing the germ and leaving the skin smooth and natural.
MOLESOFF is put up only in \$1.00 bottles. Each bottle is neatly packed in a plain case, accompanied by full directions, and contains enough remedy to remove eight or ten ordinary MOLES or WARTS. We sell MOLESOFF under a positive GUARANTEE if it fails to remove your MOLE or WART, we will promptly refund the dollar.

The Case of LaFollette.
Clay idols crack. Among the Progressives of note, who, since the organization of the party on a national scale, have not connected themselves with it, no case is more regrettable, and from some points of view, more pathetic than that of Robert M. LaFollette of Wisconsin.
His present course, bitter and vindictive toward the new party, affords unfortunate proof that his career, excellent enough up to a certain time, had in its impulses more of the personal equation than to regard for the general welfare.
A feeling of sympathy and regret was manifested through the country on the occasion of the Senator's loss of self-control in his Philadelphia speech, which feeling has very generally changed to one of surprise and discontenance. His present attitude is that of a disappointed man; one who, failing miserably in his ambition, apparently forgets that general principles are at stake in this campaign, that they are of tremendous and overtopping importance as compared with the political welfare of the individual, and that statesmen and politicians, like other men in other fields, must subordinate their own desires to circumstances and the needs of the occasion. Mr. LaFollette has failed under the test.
As a matter of simple fact, Senator LaFollette began to over estimate himself at an early date; he imagined himself a popular idol with the people of the entire country, when, in reality, his popularity and his force was confined largely to his own state. He is not of the growth from which comes presidential timber. Locally, he had done well, accomplishing many desirable things, but in a national way, his influence was almost imperceptible. Yet this man dreamed of a presidential nomination; that denied him, he exhibited nothing of what is popularly called "the sporting spirit." He did not accept defeat gracefully. On the contrary, he has turned venomously upon the great new party seeking to make possible the political regeneration of the country, and, so far as he can produce results, is striving to hamper that organization in its progress. Unfortunately for Mr. LaFollette, the animus of his course is too widely understood. He cannot injure the Progressive Party. The venomous assaults of a disappointed man lack effectiveness, because of their very nature. They are lost in a great national campaign. LaFollette's day is of the past.

For President:
 Theodore Roosevelt.
For Vice President:
 Hiram W. Johnson.
OUR PLATFORM:
 THE PEOPLE SHALL RULE.
OUR WATCHWORD:
 A SQUARE DEAL TO EVERY MAN.

The Autumnal rains are upon us.

Forty days and Forty nights and the battle will be over.

Hear Col. Roosevelt at Burling-
 ton, Oct. 1st, about 2:45 P. M.

It may be The State Dispatch is a failure, but we received Monday one hundred subscriptions from the state of Pennsylvania, the Grand Old Keystone State.

We would like to know of Maj. Stedman if he voted for the new Sunday Post office regulation? Its a very fine piece of class legislation.

The bond election was just fine says Capt. Troy, and he assures us that every legitimate effort will be made to secure the road for Burlington and Alamance County.

Its a political fight of the Progressives against the field. In Kansas the Republicans have made subway contracts with the Democrats to defeat the Progressives regardless of principal or price; but right shall win.

We suggest to Mr. Taft that he had better withdraw from the battle by remembering the following lines:

"He who fights and runs away,
 May hope to fight another day;
 But he who is in battle slain,
 May never hope to fight again."

Just before the National Election is a fine time to try free city mail delivery for Graham, Liberty, Burlington and a number of other towns in North Carolina. The Postmaster appoints the carriers, no examinations required. William Howard you are sadly mistaken. The Tar Heels are not quite so cheap after all.

The Progressive convention held in Graham, last Saturday, was the best attended we have ever seen. Everything was done in a harmonious systematic business like manner. A strong ticket of clean representative men for the various offices of the county was named.

Like some other statesmen, the prohibition nominee rejoices that there is no limit to the number of time a man may be a candidate.

Be Happy!

Happy the girl, or woman, who has never suffered from any of the diseases of womanhood! Or, if she has been a sufferer, happy is she if she has learned of the wonderful benefits of Cardui, the woman's tonic!

Cardui is a gentle, tonic remedy, for women's ailments. It is a natural medicine—safe, harmless, purely vegetable. It has been in successful use for more than 50 years. It has cured thousands. It should do the same for you.

TAKE The CARDUI Woman's Tonic

Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic on earth, as good as Cardui. I used it with the very best results. I had backache and nearly everything a woman could suffer with, until I took Cardui. Now, I feel better than I have for two years. I shall always recommend Cardui to other suffering women. I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardui is safe and reliable. Try it today."

We here in America, hold in our hands the hope of the world, the fate of the coming years, and shame and disgrace will be ours if in our eyes the light of high resolve is dimmed, if we trail in the dust the golden hopes of men.
 The above is the language of the greatest living American and indicates in the fewest words the character of the distinguished statesman who will be the guest of this City next Tuesday. Burlington will be proud of the opportunity to honor Col. Roosevelt and the indications are that we will have with us that day one of the greatest crowds ever assembled in Alamance County. It is planned to make the reception of the Colonel, in a great measure, a non-partizan one and the State Dispatch wishes now to express its high appreciation of the kind offers of our Democratic friends to aid in tendering to this great man a most cordial reception to the soil of Alamance the land of heroes and patriots. If the Colonel should again be called to preside over the destinies of this nation, he will belong to us all, just as will Gov. Wilson in case he should be elected President. Every boy and girl in Alamance County should make an effort to see and hear Col. Roosevelt on next Tuesday. In after life, when their now youthful boyish and girlish features will take on the firmer lineaments of mature manhood and womanhood, and in their last declining years, when their locks are silvered and whitened by the stress of time upon this earth, it will be a pleasure to recall that day in Burlington in 1912 when the greatest statesman of the Twentieth Century spoke words of encouragement and sympathy to the vast audience that heard him on that day. Let every body come. It will be a day of profit as well as pleasure to us all.

 Layton—Florence.
 A beautiful church wedding was witnessed by a few invited friends Tuesday night at eight-thirty at the Episcopal church when Miss Minnie Layton and Mr. Geo. Florence were married. While the beautiful strains of Mendelssohn's wedding march sounded from the pipe organ presided at by Prof. Blythe the bride and groom met Rev. J. B. Gibble the officiating minister and Miss Hortense Rimmer, a friend of the bride who gave her away, at the altar where the ring ceremony was used.
 Both the bride and groom are popular in our midst the groom being a telegraph operator of Greensboro.
 Immediately after the ceremony Mr. and Mrs. Florence left in an automobile for Greensboro where they caught a north bound train for a visit to Washington, Baltimore and Norfolk.
 They will be at home at Greensboro after November 1st.

Leon Sanders Out For Roosevelt And Straus.
New York, Sept. 15.—Justice Leon Sanders, of the Municipal Court, long prominent in Democratic politics on the East Side, has left his party to become a Progressive. In making this announcement yesterday he predicted that Roosevelt and Straus would carry the East Side at the coming election and said that thousands of his people who had previously lost interest in politics would come out this year and vote the Progressive ticket.

"Roosevelt's personality, Mr. Straus's popularity and the magnificent platform upon which they stand will sweep the East Side," said the judge. "There are thousands on the East Side who have not voted for years because of their disgust with machine politics. Some of them have gone over to the socialists, but this fall they will vote the Progressive ticket, realizing that the principles of the Progressive party are opposed to the political boss. Most especially is there enthusiasm for the new party and the new ideas among the young men of the East Side, and it is to them and their votes that we are looking for a victory in the fall."
"I believe," continued "that Mr. Straus is an ideal candidate and that his nomination establishes a standard for executives that has never before been attained and if he is elected he will give us the cleanest administration that this state has ever had. He is a statesman, diplomat and public spirited citizen and I have no doubt of his election."

Justice Sanders recently returned from Europe, where as president of the Hebrew Sheltering and Immigrant Aid society, he was interested in forming with Israel Zangwill, Lord Rothschild, Dr. James Simon, of Berlin and J. L. Greenberg, the editor of the Jewish Chronicle, the international board that will attempt to regulate and send to the right places Jewish immigrants. He said that he was particularly impressed with the old age lunatics in Germany and is enthusiastic over the idea. He began then, he says, to consider joining the Progressives and recently made up his mind to cast his political fortunes with them, though his Democratic friends warned him that he is sacrificing his chances for judge a higher court.

The worst feature of the vacation season are the jokes they print about it.

An Appeal to Louisianians.

The American people are the verge of a great national election, spelling defeat and death of the Republican party and assuring stability of the national progressive party, headed by Col. Theodore Roosevelt the man who fostered it.

Roosevelt is without doubt the best man to occupy the president's chair, to receive the highest honors within the power of the American people to give.

With Roosevelt again our president, at the helm of our great ship of state, to guide our nation's destinies, we will ride through the storms of the future in safety.
The solemn duty of selecting a President of this country is the most responsible task of the American citizen and should the people fail in the proper selection of a leader, bringing occasion for a lack of confidence and feeling of unrest throughout the commercial sphere, and its' accompaniment prevailing demoralizing conditions throughout our domain, together with business stagnation and multitudes of the unemployed, clamoring, begging, busuching, increasing with every succeeding moment the bread lines of the country, then that remorse attacks the vitals of our manhood, awakening this slumbering feeling of responsibility to its full height of study.
We should not forget the president is a representative of the people by the people and for the people as well as a defender exercising a powerful influence for good or evil upon our daily existence and is responsible in a great measure for the happiness, health welfare and inforcements of any man, woman and a child in the United States.
Then why should the sons of Louisiana hesitate? Why should the sons of the son of the south linger, rallying to the support of an enemy?
I have always voted as a regular democrat, but the principles of the party I have found wanting. A tariff for Revenue only to run this great government on an economical bases, how ridiculous it does sound, and after fifty years of effect, have succeeded in electing one man Grover Cleveland and how fresh in the minds of the people is the remembrance of the awful panic during this democratic regime.
Fellow citizens why support a party inimical to your interests? Would you invite an enemy to dine at your table?
Then why vote for the party whose very principles are antagonistic to our industries.
Seven months ago, sugar one of our foremost industries was cut off and the history of that fight made while a great portion of Louisiana was inundated due to high waters of the Mississippi, is known from Canada to the Gulf of Mexico, from the Atlantic to the Pacific Oceans.
I ask you my friends which was our enemy.
Did not Louisiana appeal to the Republican to prevent this midnight stroke?
Was this not very undemocratic on the part of Louisiana?
And fellow citizen was it not the Republican who saved us from our false friends; saved our foremost industry; prevented the passing of FREE SUGAR BILL, saving many thousands from pauperism.
I have written the abovenot in support of the Republican party but to show that the Republican party preferable to the Democratic party.
To protect our industries, our representatives vote for Republican measures, thereby gaining their support. Louisiana's representatives are Democrats in name only. Two white parties for Louisiana are now assured, the national progressive party the Democratic party and let me say to you my friends, the Progressive may not show a majority on November 5th, but Louisiana will give Colonel Roosevelt a large vote, a great deal larger than the Republican will pole as I concede them five more, and at the most.

My vote I will cast for Colonel Roosevelt and every effort within my power will be made to convince my friends that the Col is the best candidate to support.
Yours truly,
E. Weidig.

It also gives the population of each state according to the census reports of 1890, 1900 and 1010, the population of about 20 of the largest cities in each state, a calendar for 1912 and 1913 and much other useful information.

Caught in a Rain.

Douglasville, Tex.—"Five years ago I was caught in the rain at the wrong time," writes Edna Rutherford, of Douglasville, "and from that time, was taken with dumb chills and fevers, and suffered more than I can tell. I tried everything that I thought would help, and had four doctors, but got no relief. I took Cardui, the woman's tonic. Now, I feel better than in many months." Cardui does one thing and does it well. That's the secret of its 50 years of success. Try Cardui.

Terrible Picture of Suffering

Clinton, Ky.—Mrs. M. C. Mc Elroy, in a letter from Clinton, writes: "For six years, I was a sufferer from female troubles. I could not eat, and could not stand on my feet, without suffering great pain. I had lost hope. After using Cardui a week, I began to improve. Now I feel better than in six years." Fifty years of success in actual practice, is positive proof, furnished by those who have used it, that Cardui can always be relied on for relieving female weakness and disease. Try Cardui, today, now!

Split, Quit, Fit.

Hines, Ala.—In a letter from this place, Mrs. Eula Mae Bradley says: "I used to split up all I ate. I was tired and sleepy all the time. My head ached, and I could hardly drag around. Since taking Cardui, this has entirely quit, and now I feel quite fit." Mrs. Bradley suffered from nervous indigestion. Cardui builds up the nervous system, and strengthens the womanly constitution. That's why Cardui helped Mrs. Bradley and why it will help you. Try it.

Report of the Water Power Commission

City's water supply
Burlington, N. C. Sept. 1912.—To the Hon. Mayor and Board of Aldermen, of the City of Burlington.
We, the Water and Power Commission of the City of Burlington, advise your body of the status of the City's water supply.
As you are aware the water supply has been depending upon a well which has been beginning to run dry. At the time the number of consumers was limited and the course had ample water and as the number of consumers increased our well began to run dry and we were able to arrange for Bellevue Mills Co. for their deep well, and at our one air compressor efficient to pump both wells is the City's and Bellevue well, however, but more recently and the failure of the City one Air Compressor unable to supply sufficient water, in consequence this we have been unable to obtain the loan of a compressor from the Elmira this has now been installed, working this compressor direct on the Bellevue well, are getting an additional which we think is about 200 gallons per minute, but the use of this well only on Sunday and so will hold up, the cost to being \$18.00 per week.
You are doubtless aware the Sydnor, Pump and have a contract with the deep well, and they here at work on a well about April 1st, the well was located at a power house, and a depth of about 100 feet and not finding any water it was thought by the Commission and the contractor to discontinue work at the power house, and a driller spent some time in drilling, another location was decided to make another well on a lot situated on Tarp near Ireland which about one fourth of an acre was purchased from Mr. Anthony, at a cost of \$100.00. This location another well was once started and after about sixty-six feet the contractor was compelled to abandon the well on a striking some drifting material. He then began on a third well on said lot, at a distance removed was thought far enough to come, the difficulties in the previous well on however he has already the same drift formation this time is only twenty feet deep.
At this point we wish your attention to the location of the well to be attacked by the Sydnor and well Co. to Mr. E. J. of this Committee. We confess that we have no confidence whatever in the ability of any one to furnish a well that will take care of our other words we figure to mean an expenditure of Five Thousand dollars to get a well of about 100 feet depth, and a well spent this amount no assurance that the well will produce more than thirty-five to forty gallons per minute, and will give the results which will cost the expense.
You will remember the beginning of the installation of our water system the Engineer and Water and Power Committee advised the best water supply in any nature, and that manner in which a well and reliable supply obtained for the city was building an auxiliary plant at some suitable place on the Haw River, however, Engineer in his specification estimated the cost of the necessary pipe line, pumping and filter plant to be about \$100,000. The time there was a deal of prejudice against water from Haw River, citizens preferring to take on a deep well proposition fact coupled with the fact that the City had no money warranted your Commission in using the deep well city's water supply. Report of the Water Light and Power Commission, On the City's water supply.

Burlington, N. C. Sept. 2nd, 1912.—To the Hon. Mayor and Board of Aldermen, of the City of Burlington.

We, the Water and Light and Power Commission of this City, deem it necessary at this time to advise your body of the alarming status of the City's water supply.

As you are aware the city has been depending upon one five hundred foot well which in the beginning furnished about eighty gallons of water per minute, at that time the number of consumers was limited and we of course had ample water, later and as the number of consumers increased our well began to fail, and about twelve months ago we were able to arrange with the Bellevue Mills Co. for the use of their deep well, and at that time our one air compressor was sufficient to pump both wells "that is the City's and Bellevue's," but more recently and since further failure of the City well our one Air Compressor has been unable to supply sufficient air for both wells, in consequence of this we have been unable to use the Bellevue well, however within the past few days we have obtained the loan of a Compressor from the Elmira Mills Co. this has now been installed and working this compressor direct on the Bellevue well we are getting an additional supply, which we think is about thirty gallons per minute, but we have to use of this well only at night and on Sunday and so long as it will hold up, the cost to the city being \$18.00 per week.

You are doubtless aware that the Sydnor, Pump and Well Co. have a contract with the city for a deep well, and they have been here at work on a well since about April 1st, the first well was located at a point near the power house, and after drilling to a depth of about 160 feet and not finding any water whatever it was thought best by the Commission and the contractor to discontinue work at that point. Your Committee with the well driller spent some time in selecting, another location and finally decided to make another attempt on a lot situated on Tarpley street near Ireland which contains about one fourth of an acre and was purchased from Mr. Geo. W. Anthony, at a cost of \$200 at this location another well was at once started and after getting down about sixty-six feet the contractor was compelled to abandon the well on account of striking some drifting rock formation. He then began work on a third well on said lot purchased from Mr. Anthony, and at a distance removed, which was thought far enough to overcome the difficulties encountered in the previous well on said lot, however he has already found the same drift formation and at this time is only twenty-two feet deep.

At this point we wish to call your attention to the letter here attached by the Sydnor Pump and Well Co. to Mr. Eugene Holt of this Committee. We are frank to confess that we have no confidence whatever in this ability of any one to furnish well that will take care of our needs. In other words we figure that it will mean an expenditure of about Five Thousand dollars to continue and get a well of about five hundred feet depth, and after having spent this amount we have no assurance that the water supplied therefrom will be more than thirty-five to forty gallons per minute, and will in no wise give the results which will justify the expense.

You will remember that in the beginning of the installation of our water system that your Engineer and Water and Sewerage Committee advised that at best a water supply from deep wells would be only of a temporary nature, and that the only manner in which a permanent and reliable supply could be obtained for the city would be by having an auxiliary pumping plant at some suitable point on Haw River. However, the city Engineer in his specifications estimated the cost of the necessary pipe line, pumping station and other plant to be about \$20,000. At the time there was agreed that of prejudice against using water from Haw River, our citizens preferring to take chances on a deep well proposition, this fact coupled with the lack of necessary funds to get the river supply warranted your Committee, in using the deep well for the City's water supply. Your Committee has given this water supply considerable thought. We view it as a very serious matter. A large number of our citizens

who wish water have not been taken on because of the inadequate supply. Several of our large manufacturing concerns would also like to buy city water were the supply available. Then again a very serious matter which ought to be given much thought and attention is the fact that we are unable to furnish any water whatever for the flush tanks which are installed in our sewerage system. There ought to be at least thirty-five to forty thousand gallons of water per day put through these flush tanks, this quantity should be increased in dry weather. These conditions make it absolutely clear in the minds of your Committee that it is impossible to get sufficient and adequate water supply from deep wells at a cost which the city could possibly afford.

You are aware that we are furnishing water to consumers at short intervals of three times per day as follows, five thirty to six thirty a. m. eleven to twelve noon and from six to six thirty in the afternoon, or a period of only three hours out of every twenty-four hours. Some of our citizens have no other water supply than that of the city connection, and you can really understand the inconvenience and embarrassment of such limited service.

Your Committee wishes to go on record at this time as, favoring the water supply recommended by the city engineer in his plans and specifications of February 1908, copy of which is here attached, and which briefly stated consists of an auxiliary pumping station at a point on Haw River above Glencoe Dam, three miles from the present power houses.

Respectfully submitted,
Water, Light and Power Commission.

DETECTIVES GET \$12,500 FOR CAPTURE OF ALLEN'S

Richmond, Va., Sept. 20.—The State of Virginia settled today with detectives who were employed to capture members of the Allen outlaw band which "shot up" the Carroll county court on March 14. Including previous settlements, about \$12,000 has been paid by the Commonwealth. Governor Mann today gave W. G. Baldwin a warrant on the State auditor for \$2,000, the amount of the rewards offered for the capture of Signs Allen and Wesley Edwards. Detective Baldwin stated that Miss Maud Iroler, who went to Des Moines to marry Edwards, and who unwittingly led to his arrest, did not betray him and would receive no part of the reward. The real information which the detectives wanted, according to Baldwin, was given by her father, Frank Iroler, who will be offered \$500 for his services. There has been no intimation from Iroler as to whether or not he will accept.

That Indiana Flop.

Taft newspapers are giving liberal space to the reputed loss Roosevelt has sustained in Indiana by Enos Porter, who was a Roosevelt delegate to the Chicago Republican convention, announcing he "is through with the Roosevelt crowd" and being appointed a member of the Taft state executive committee.

Porter is through with the Roosevelt crowd in Indiana sure enough. The Roosevelt crowd kicked him out as a political scalawag.

After District Attorney Whitman has located the graft it may make it easier for the cops to collect it.

Communication from Mr. Troy.

Graham, N. C., Sept. 19, 1912.
Mr. Editor:—In a private letter from President T. O. Troy, received yesterday, he uses the following language: "Before leaving for Va. this morning, I must drop you a line to congratulate you and your co-workers there on the result of yesterday's election. I should have, of course, been glad to see Alamance 'MAKE IT A TOTAL LOSS,' but it is not unreasonable that two of the less important townships should have gone adversely and I do not feel that their failure need necessarily prove fatal to our efforts. You have no doubt learned of the situation in Greensboro. It was a complete success. While I have always felt tied to this proposition, personally, I must in the spirit of appreciation of the efforts of the Greensboro and Alamance people feel stimulated to try even harder than before to give you a railroad, and this shall be my greatest aim. I would be glad for you to express my views to those friends of ours who worked with you so earnestly in this matter."
"In the meantime I will see you and we will talk over the matter fully."
Very Respectfully,
Jacob A. Long.

Religion and Medicine

S. B. HARTMAN, M. D.

Is there any intimate relation between religion and medicine? Yes, there is. The old-time healer was also the priest. Theology and medicine have not maintained a separate existence very long. They used to be one. Yes, there is an intimate relation between religion and medicine. It is well known of a person who eats with unthankfulness and ill-natured spirit, that his food will not have the same effect as if he were in a kindly mood. The same is true of medicine. If a person swallows a medicine with suspicion, has no faith in its action, is more or less afraid of the one who gives him the medicine, it cannot do him as much good as if he had unwavering faith in it. The mind has a wonderful influence over the body. Those who believe that

a loving Father controls the destiny of mankind are a great deal better prepared to meet the vicissitudes of life and to overcome disease than the one who has no such faith. A truly religious man makes a better patient than an irreligious man. In using the word religion I am not referring to any particular kind of religion. The Jew and the gentile, the Catholic and the Protestant, each have a religion in which they believe. They also agree in the essentials. A religious man may believe that it is necessary for him to use every means in his power to get well. He may believe that it is perfectly proper for him to employ doctors and take medicines. But he also believes that when he has done the best he can there is a higher power that has charge of his affairs, that absolute justice will be done him, that no evil thing can befall a good man. He goes forward with confidence, sick or well, rich or poor, and gets a great deal more comfort out of life than the man who has no religion. I have found myself saying many times to people who have a chronic ailment, "You need religion as well as medicine. You need faith in an overruling providence that guides everything to wise ends; that the affliction of disease teaches a lesson that every one should strive to learn."

This does not mean that sick people are to sit down and trust that an overruling providence will do everything. Nothing of the sort. He is to use remedies guided by his best judgment, but in the use of them he can believe that all things are well and that in the end all things will come out right. Any medicine has a better chance to cure a man who holds such a faith. Some men are so faithless and unbelieving, so restless and desperate, their minds so unsettled, that even the best of medicine has little chance to do them any good. Therefore I say that religion is often quite as necessary

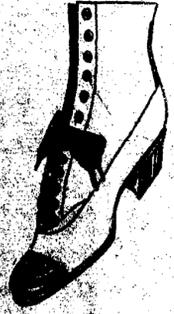

as medicine, that the want of religion frequently defeats the action of the best medicine. Many a chronic invalid has searched in vain for a physical remedy simply because he has lost his grip on vital religion, the religion that not only provides salvation in the world to come, but soundness of body and mind in the world that is. Yes, there is a most intimate relation between medicine and religion. Other things being equal, the irreligious man stands a poor chance of getting well when he is sick, while the religious man frequently gets well in the most astonishing way after the doctors have all given him up to die. With a firm faith in a rational religion and an obedient use of the right remedy a great many hopeless invalids could be restored to perfect health. Well, you have made it clear as to what you mean by religion. But what is the remedy you would recommend? Of course I would recommend different remedies for different conditions. But the particular remedy that I am interested in at this time, the remedy that meets more chronic ailments than any other remedy I know of, is Peruna. Peruna is a remedy for that multitudinous group of ailments that are dependent upon catarrhal derangements. I am furnishing a book on catarrhal diseases which I send to any person free. In this book I explain quite fully the uses of Peruna. Those who do not care to wait to send for the booklet at this time will find information and instruction as to the general uses of Peruna explained within the wrapper of each bottle. PERUNA IS FOR SALE AT ALL DRUG STORES. SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

The Most Flexible Shoe in the World

Put on a new pair of Queen Quality Shoes and you will find them surprising-supple and comfortable. They never require "breaking-in."

This is due to the wonderful flexible sole. It makes Queen Quality Shoes as comfortable, when new, as when old. There is no stiffness, no pinch—no new shoe feeling.

Once learn the ease and comfort of wearing Queen Quality Shoes and you'll never go back to the old "breaking-in kind."

Remarkable for Correct Fit and Durability

Every Queen Quality Shoe is correct in construction. You not only get a comfortable but a scientific fit, giving freedom to the foot and at the same time retaining the beautiful lines of high-class footwear.

Perfect fit always means more durability, because there is less strain. But in addition Queen Quality Shoes are made of the highest grades of leather and fabrics. That is why they are so durable and so economical.

Priced at \$3.50 to \$5.00 per pair.

A few specials at \$6.00.

GOODMAN, BECKMAN & CO
Good Clothes

This Store is Most Abundantly ready to meet the Demands of Men and Boys Clothing.

Most Complete Showing of Apparel

That We Have Ever Offered.

Our Clothing Department has never shown as many Exclusive Patterns, embracing the prevailing New Fall Colorings of Blues and Browns in the rich two tone effects. We offer the usual Excellent Workmanship that has made this establishment one of prominence for many seasons.

It is a well known fact that our Furnishing Section is always in the front rank in the offerings of Hats, Men, Ladies and Children's Shoes, Shirts, Neckwear, etc., and this season the displays really excel all former attempts.

Great Assortment of Ladies, Misses and Children's Coat Suits and Cloaks.
