

Not 'Bald' Jack Rose Now: He Acquires Hair.

New York. — "Bald Jack" Rose, author of "My Life in the Underworld" and chief witness against Lieutenant Becker is no longer "Bald Jack."

No, sir, Jack must hereafter be addressed as just plain "Jack" without any frills or attachments relative to his shortcomings in the line of hisute adornments. He has purchased a coal-black, glossy wig, and is wearing it around with care-free abandon.

It's a dream, too, according to the stories of Jack's fellow residents at Arverne, Rockaway Beach, who have had the pleasure of seeing the budding author practicing with his new acquisition along the avenues and boulevards near his home and "literary headquarters."

How Greensboro Does' It.

(From the Daily Record.)

Greensboro's commissioners played in good luck with the street paving. It was all finished up the day before Christmas and the only kick one hears now is that every street in town—and outside—is not likewise paved. Under what is known as the Hunter ordinance, it is up to property owners when it comes to paving. When 60 per cent of these petitions the city to pave a street, the city goes at it. These property owners paying a goodly share of the expense.

Governor Kitchin's Pardons

Raleigh Times

Governor Kitchin during his term granted 1,200 pardons, a slight increase over his predecessors, but the percentage is practically the same. There have been more prisoners and consequently more petitions. Governor Kitchin has never given out the names of the convicts refused clemency, but there have been thousands of them.

Babies By Parcel Post Latest Problem Yet.

Washington, Jan. 16.—The mailing of babies by parcel post is a real infant industry, which Postmaster General Hitchcock is asked to foster. In the circumstances of his bachelorhood, Mr. Hitchcock has considered seriously the calling into consultation of experts in the transportation of babies, as a letter, which he received today, presents to him a problem with which he is quite unfamiliar. To add to his embarrassment, the letter contains a note of genuine pathos—Postmaster General. This is the letter, identically as it was phrased and punctuated.

F. T. McPherson, Ga. Postmaster General, Washington, D. C.

"Sir, I have been corresponding with a party in Pennsylvania about getting a baby to raise (our home being without one). May I ask you what specifications to use in wrapping so it (baby) would comply with regulations and be allowed shipment by parcel post as the express company is too rough in handling Yours

The name signed to the letter is withheld at the request of Mr. Hitchcock.

As babies in the opinion of Postmaster General do not fall within the category of bees and bugs, the only live things that may be transported by mail the Postmaster General is apprehensive that he may not be of assistance to his correspondent.

Keen for the Parcel Post

From the Lexington Dispatch

One carrier on a rural route leading out of Lexington took 70 pounds of merchandise bearing parcel post stamps with him one day last week. The people are seizing on the innovation with an avidity nothing short of marvelous and the merchant who disregards their enthusiasm is not wise; the local merchants have a great field opened up before them by the new arrangement but if they refuse to reap its harvest they may rest assured that the mail order houses will. The man who advertises is the man who will get the parcel post trade.

Knew There Was Snake In The Room

An Englishman in traveling through Ceylon was the guest of a dockyard official at Trincomalee.

"The dinner was excellent," he says, "but when about half over I was startled to hear the wife of my host tell the native servant to place a bowl of milk on the deerskin near her chair.

"Although she spoke as calmly as giving an ordinary order, I knew that there was a snake somewhere in the room, for they prefer milk to anything else. As a hasty movement might have meant certain death, we all sat like statues; but for all that, my eyes were inspecting every nook and corner, with a peep under the table. However, it was not until the milk was placed on the deerskin that the snake appeared. Then to our amazement, a large cobra uncoiled itself from my hostess' ankle and glided toward the bowl, when of course it was killed.

Nickel Brought Girl \$3,500.

New York, Jan. 18.—Miss

Mira Dobbs dropped a nickel by mistake into a ticket chopper's box of the Interborough Rapid Transit company a year ago and is \$3,500 richer as a result. Today she was awarded that sum as damages for false arrest which occurred when, upon refusal of the ticket agent to return her coin, she took another nickel from his window. Haled to court, the young woman was honorably discharged. Then she sued the company.

Is Peruna a Laxative?

I am in receipt of a letter from a mechanic who is at the head of a prosperous household. Peruna has been used in his family for a good many years. He writes as follows:

"As you know, we have used Peruna in our home for a number of years. We find it a reliable household medicine in catarrhal conditions, coughs, colds and grip, and many other ailments to which the family is subject. But since the change in the formula of Peruna I do not find it quite as useful to myself. My bowels are naturally very active. I cannot take a cathartic of any sort. It does me injury to do so. The old Peruna contained no cathartic ingredient and was therefore a very useful medicine to me. But I notice that the new Peruna has a slight laxative action, which almost makes it prohibitory for me to use. I was wondering if there was not some way in which I could obtain the old Peruna as you used to make it."

To this letter I made the following reply: "Yes, the new Peruna does contain a laxative element. You should therefore take the old Peruna (Ka-tar-no) which has no laxative quality. While prescribing the old Peruna I found it quite necessary frequently to prescribe the laxative Manalin in connection with it. Therefore Manalin was combined with Peruna in order to meet those cases that require a laxative. But in case no laxative is required the objection to the new Peruna you speak of arises. Many of the people who used to take the old Peruna found difficulty in taking the new Peruna. To meet those cases I am having manufactured the old Peruna under the name of Katarno, and if you are anxious to get the old Peruna exactly as it used to be made you can do so."

PERUNA IS FOR SALE AT ALL DRUG STORES. SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

Man In Horses Harness

Our Dumb Animals

The Massachusetts society for the Prevention of Cruelty to animals has been carrying on a somewhat unusual campaign in the state to educate the people in a more humane treatment of horses.

As a result not only are a thousand horses in the streets of Boston wearing the open checkpieces given them by the society but the influence of the movement has spread to many who on their own accord have taken off the stupid blinder.

One harnessmaker has told us that he has recently made over 200 pairs of open checkpieces for his customers. If one goes about the streets with his eyes open he will be surprised to see

how many horses are wearing open bridles.

In the various towns he visits he hires some man to wear a coat on the front of which are the words "Mass. S. P. C. A. campaign against blinders and tight checkreins;" on the back the words, "Join the Society and help its work. Mass. S. P. C. A. Boston"

In addition to wearing the man wears a bridle, with prominent blinders, and for a few minutes at a time submits to the torture of tight overdraw check.

Of course he does this of his own free will and not because he has to. It is an object lesson that needs no explanation and one that the observer does not soon forget.

For Compulsory Education

Mr. Dillinger, of Gaston County, has introduced in the House a bill for compulsory attendance on the public schools throughout the State. The age limits are 7 to 12. Parents wilfully failing or refusing to comply will be guilty of a misdemeanor and fined fifty dollars or imprisoned thirty days. The County Superintendent is constituted educational inspector for the enforcement of the act. He shall receive reports from local school authorities as to children out of school and can demand pay rolls of factories to verify any reports made to him. He can prosecute in magistrates court any parents, teacher, committeemen, officer of factory or other person wilfully violating the act. The same punishment is prescribed for County Superintendent failing to perform their duties.

No Turkey Trotting.

Washington, Jan. 17—Should there be an inaugural ball despite President-elect Wilson's wishes to the contrary, there may be no turkey trotting or grizzly bearing if the function takes place in the pension building.

Representative Rodenberry today offered an amendment to the resolution authorizing the use of the pension office which is worded as follows:

Essay On Pants.

Pants are made for men.

Pants are like molasses—they are thinner in hot weather and thicker in cold. Men are often mistaken in pants; such mistakes are breaches of promise. There has been much discussion whether pants is singular or plural. Seems to me when men wear pants it is plural, and when men dont it is singular. Men go on a tear in there pants and it is all right, but when the pants go on a tear it is all wrong. If you want to make the pants last, make the coat first. Exchange

Poor Evelyn Thaw Hasn't Got A Cent.

New York, Jan. 16—Evelyn Nesbit Thaw, wife of Harry Kendall Thaw, though her attorney, John Reillo, confessed in the City Court today that she is penniless, and, therefore is unable to stand the expenses of a second trial of the suit of Gorham & Company, jewelers, to recover from her \$2,041.80 worth of jewels purchased by the defendant while her husband was in the Tombs awaiting his second trial for the killing of Stanford White.

Really agreed to an inquest for his client, which means that a judgement will be granted against Mrs. Thaw, to be followed by an examination in supplementary proceedings, when the sources and amounts of Mrs. Thaw's income will be inquired into minutely.

Another Titanic Sinks.

Winston, Jan. 16.—A boat plying on Bear Creek, which empties into Neuse river near Seven Springs, sank at 2 o'clock in the morning in ten feet of water. A disarrangement of the craft's machinery caused her to list, fill and sink, the crew scrambling ashore just in time. The boat was in the cut known as "Bear Creek Canal," and those on board of her had little difficulty in reaching the shore, the artificial stream being very narrow. The expense of raising the vessel will be \$1,000. Calamity had been predicted because of the name of the boat, "Titanic," and her misfortune was attributed to the ill omen.

BANKING PLANS GIVEN TO HOUSE COMMITTEE

Washington, Jan. 16.—Two widely different plans for banking and currency legislation were recommended to the House Currency Reform Committee by prominent bankers. George M. Reynolds, president of the Chicago Continental and Commercial National Bank and a member of the National Monetary Commission, insisted that some central power similar to the Central Reserve Association proposed in the monetary commission's plan, was essential to any sound banking system.

W. A. Nash, chairman of the board of directors of the New York Corn Exchange Bank and a former president of the New York Clearing House Association, declared that a central power was unnecessary and proposed an association of 26 geographically located clearing houses, with power to issue loan certificates convertible upon demand to government currency.

Both bankers told the committee that it was not necessary for America to copy foreign banking methods. When Chairman Glass asked for an opinion regional reserve banks or associations, with a supervising treasury board, Mr. Reynolds said thought such a plan would give sufficient power and absolute control over the issue of notes.

Small Optimistic.

Raleigh, Jan. 16.—Congman J. H. Small says that February 15 the Government will take over the old Alben & Chesapeake Canal, pay \$500,000 for it, and having \$100 additional to expend in opening it in connection with great inland waterway. He the sale of the bonds for Mattamuskeet Lake drainage being closed and this work to be well underway before great while.

Women Win.

The New York Legislature has passed a bill to amend the constitution of the state of New York, permitting women to vote.

City Fathers.

We believe it is the duty of the board of Aldermen to pass an ordinance requiring all property owners to keep the mud off the sidewalks in front of their property or build a wall or turf the abutting exposed washing embankment where cuts were made. This would give value to the sidewalks, as it is they are almost worthless.

Gov. Blease.

Gov. Blease refuses to let the South Carolina troops attend the inauguration, altho they have their quarters secured and paid for. He has no invitation for the occasion. And he has informed the troops that he is commander in chief and it will be necessary for them to obey orders.

Bull Do's.

The city fathers passed an ordinance Monday night requiring all bull dogs that are permitted on the streets to be muzzled, or the owner pay a fine of two dollars a day for each violation? After so many offenses the police are to kill all unmuzzled bull dogs. That's doing good-boys do it again.

Sell Or Not Sell.

Several years ago the voters of Burlington said by a majority vote that they wanted electric lights for the streets and our homes.

The necessary bonds were voted, issued and sold. The plant built and we are now receiving the fruits of that planting, let it be good or bad.

Therefore we believe it's not within the province of the Board of Aldermen to dispose of this plant. We know it's been very poorly managed, and it may be that its in worse condition under the present management than before, but its pleasant to have water twenty-four hours each day and at the same time to know the coal consumption reduced one ton a day and other savings make a total of \$200. per month.

Many of our citizens were at the Mayor's Hall Friday night last when Mr. E. S. Parker, Jr., and others made a proposition to the city to buy our lighting equipment. To the casual observer at first glance their offer looks good, but a little investigation will disclose the fact that the rate offered for street lights are three times as high as Charlotte now pays. And if you will figure a little you will learn that the rate offered to pump the water supply for the first two years is good, but the after contract is entirely too high and further you must not forget that you are making a contract for the future as well

as for the present. We are not opposed to selling the plant, but this contract is not on the proper basis for acceptance as presented. Don't be in a hurry to sell there are others that have an eye on this field. Burlington holds the key to the situation and it must be turned at the proper time and in the right way, or we will lose not only in the present but more in the future. Therefore let us act as individuals and not as the Board of Aldermen and the various commissions have acted on various questions heretofore.

Compulsory Education.

Mr. J. Frank Ray of Macon has introduced a bill in the Legislature to compel all children between the ages of eight and fourteen years to attend school for three months in each year, unless they are given the same training at home or in a private school. It will be well for you to read this bill, for it is probable that it will become a law at this session of the Legislature.

Mr. Chas. M. Schwab has bought the Tofo Iron Mines in Chile which contains 100,000,000 tons of developed ore. This ore will be added to the output of the Bethlehem Companies product.

The Parcel Post has so greatly reduced the business of the express company in Meadville, Pa. that the Adams Express Company has withdrawn from the field.

Congress is again asked to make reading a requirement of entrance for all immigrants. Its likely to pass both houses of Congress. If it does it will reduce migration from fifteen to twenty per cent.

The weather man says that this is the warmest January we have had in forty-two years, and he adds that grim winter is on his way down the hill.

We admire Gov. Elect Wilson's good Presbyterian qualities and if he cuts out the inaugural ball with its "Bunny Hug" Turkey Trot" "Hoochee-Coochee" dances and many other disgraceful acts of life that lower the morals of a nation we will praise him still more.

Cabells Report.

Royal Cabell of the Internal Revenue Department at Washington D. C. opened the doors of his personal feelings on Judges Boyd and Pritchard of the Federal Bench, a few days ago when he charged Judge Boyd with defending Nick Williams in his own court. We think it's high time that the revenue department be renovated and such men as Mr. Cabell be removed without further ceremony. Think, if you will of an inferior officer reproving in such a manner, The Judiciary of the nation, with or without cause.

The Senate is the court of impeachment for Federal Judges and it is still sincere enough to perform its duty, as evidenced by the recent trial and conviction of Judge Archibald of the commerce Court.

Every man to his duty and not to the function of a higher body. Mr. Taft has formerly accepted the Kent Professorship of Yale University.

Truck Farm.

We have for sale the G. H. and D. A. Hinton farm, one mile of Burlington on macadam road leading to Alamance Mills. This farm contains 55 acres red and gray soil, 7 room residence, large feed and stock barn, 1 tobacco barn, 15 acres in pasture (wire fence), good orchard, 40 acres incultivation, clear of stumps, rocks and gulleys. This is the best truck and grain farm in our county for sale. If you are interested in a farm this near town, we can make you a price that will surely be satisfactory. Central Loan & Trust Co., W. W. Brown, Manager.

By the way does any body know whether Tom Marshall of Indiana is still living?

Meeting of Medical Society

At a meeting of the Alamance County Medical Society held on Jan. 20, 1913. Among others, the following resolutions which were passed were requested to be published in our County papers. 1st. That the Board of Health is requested by this society to take the necessary steps to prevent patients afflicted with Tuberculosis from working in cotton mills. As such patients are a menace to the health of others, and by so working preclude the chances of their own recovery.

2nd That the Alamance County Medical Society endorse the action of the Board of Health for said County, in employing a Superintendent of Health for all his time, at a salary of two thousand dollars, per annum. Dr. L. A. Walker Pres. Dr. W. O. Moser Sec.

Placing the Blame.

Norway, South Carolina, has paid Gov. Blease the complement of carrying out his own ideas. A few days ago a negro accused of a minor offense was taken from jail and lynched. On his breast was pinned a card bearing the inscription, "Friends of Governor Blease"

If further comment on this circumstance is necessary it is made only for the benefit of those who may have overlooked this executive's recent inflammatory attack on the constitution and the recognized methods of administration of justice.

Gov. Blease may or not accept the incident as a complement. Whether he does or not the responsibility for it must be placed squarely before his own doors. His influence played a great part in the taking of that life as though he himself had a hand on the rope that choked it out. —Philadelphia Inquirer.

New Death Method.

Salt Lake City, Utah., Jan. 19.—The method to be used hereafter in the execution of criminals in the state of Utah has become a topic widely discussed since the legislature convened two weeks ago. The latest idea expressed is that condemned criminals be allowed to take their own lives, after they have exhausted every means to have the death sentence set aside.

The state law provides that condemned criminals be executed either by shooting or hanging, the choice to be made by the person to be executed. Governor Spry in his message to the legislature has recommended that the state adopt the electric chair. Judge Thomas Marioneux, an attorney of this city, has issued a statement in which he set forth the agitation of the Chinese customs permitting a condemned criminal to commit suicide.

The strike of dress and shirt-waist makers, one of seven trades involved in the walkout, was settled at noon today and most of the 37,000 workers will return to the shops next Monday.

The difficulty had threatened a serious shortage in the supply of spring garments. The term of the agreement includes a general increase in wages, shorter hours and a permanent system of arbitration.

These terms did not satisfy some of the workers, however and a big meeting called to ratify the agreement, broke up in confusion. When the strikers learned that the advance of wages amounted to a maximum 10 percent., many declared they would not return to work and rushed from the hall, while the leaders pleaded with them to remain.

The garment workers' strike proper continues with about 150,000 workers involved.

LARGEST CROWD EVER GATHERED AT AN INAUGURATION WELCOMED STATE'S NEW GOVERNOR WEDNESDAY

Raleigh, N. C. Jan. 15.—Hon. Locke Craig, of Asheville was inducted into the office of governor of North Carolina in a manner that eclipsed all former inaugurations in point of interest attendance and display. No less than 12 companies of militia, three bands, 75 carriages and automobiles and 1,500 persons took part in the great parade that preceded the imposing ceremonies of the inauguration. What added spice to the spectacle was the presence of a motion picture photographer whose camera snapped at the pageant as it passed certain vantage points. In the parade were the governor, the governor-elect, house and senate and Raleigh inaugural committee, the state officers and scores of visitors.

The parade's march [was from Nash square to the Parborough and from there to the masonic and return. In the auditorium was the most magnificent spectacle. The great building, gaily decorated, was packed from front to rear and from side to side, reservations having been made for the members of the general assembly and their friend. On the great platform the inaugural party sat: back of them the Raleigh Choral society, the women being dressed in white. On the right hand side of the stage the Third regiment band dispensed music at intervals, Patriotic airs were sung and played.

When the gubernatorial party entered the building the audience rose en masse and cheered, and there was frequent applause from then on. The next genuine outburst came when Governor Kitchin rose to introduce his successor, a wave of applause rolling throughout the large auditorium. Then when Mr. Craig rose the audience jumped to its feet and cheered. The oath of office was administered by Chief Justice Walter Clark. The oaths were administered to the other state officers, the only new one being Judge George P. Pell, on the corporation commission, by Associate Justices Hoke and Allen.

Governor Kitchin smilingly presented Mr. Craig to the general assembly and the audience and the oath of office was then given. The crowd here today for the inauguration exceeded that of any similar occasion in the history of the state. Not even when the great Vance, who likewise hailed from Asheville, was inducted into office was there such a crowd here. It is estimated that there were at least 20,000 visitors in town, only a fourth of whom were able to witness the ceremonies.

Governor Craig, Private Secretary Kerr and Executive Clerk Thomason found everything in readiness for them at the executive office. Governor Kitchin, Private Secretary Field and Executive Clerk Warlick had prepared all matters ready to be turned over to the successors. This afternoon a luncheon was given at the masonic. Tonight a public reception was held, hundreds of persons calling on Governor and Mrs. Craig. Tomorrow Governor Craig will make three welcome addresses in his new office, and day after tomorrow he will begin to feel at home in the swinging chair that so many executives have occupied with credit to themselves and their state.

The military feature of the parade today was the most notable part of the procession, the civil section coming second to it in importance, though there was a notable number of dignitaries in carriage and automobiles. Maj. J. J. Bernard, of Raleigh, was in charge of militia and Col. Thos. L. Craig was in command of the regiment.

The infantry of the national guard was formed into a provisional regiment of 12 companies composed of three battalions as follows:

First battalion, Maj. Lawrence Young, of Asheville commanding; Co. B. Raleigh captain W. F. Moody; Co. D. Lenoir, Capt. Turner; Co. C. F. Anderson, Captain Jones; Co. E. Asheville, Captain Farris.
Second battalion, R. M. Kearney, Co. H. Warren; Co. I. Burlington; Captain Freeman, Co.

M. Durham, Captain Chambers. Third battalion, Maj. C. M. Faircloth, of Clinton, commanding—Co. F. Fayetteville, Captain Watson; Co. D. Goldsboro, Simpkins; Co. E. Goldsboro, Captain Clements; Co. H. Clinton, Captain Hobbs; Hospital corps, Lieut. W. C. Horton.

Another division of the military parade was composed of the Third company, coast artillery, of Greensboro, Capt. F. L. Page commanding, and the fourth division of naval militia of Plymouth, Lieut. W. B. Clifton commanding, this division being headed by the band of the corps of coast artillery of Salisbury.

The third division was composed of the staff, band and six companies of the cadet battalion of the A. and M. college, commanded by Maj. T. J. Huiett, of New Bern.

The fifth division was composed of the Raleigh boy scouts, commanded by Ernest R. Carroll.

There were nearly 1,200 guardsmen, cadets and boy scouts in the line. The officers were mounted.

The line of carriages and automobiles were occupied in the following order:

First, Governor-elect Craig, Senator Zebulon Weaver, Representative J. W. Bunn. At the governor's mansion Governor Kitchin entered this carriage.

Second, Lieutenant-Governor W. C. Newland, Lieutenant-Governor-elect E. L. Daughtridge, Senator Geo. B. McLeod, General Chairman Alexander Webb.

Third, Secretary of State J. Bryan Grimes, Speaker of the House Geo. W. Connor, Senator J. P. Cook, Chairman Reception Committee J. F. Sprague.

Fourth, State Auditor W. P. Wood, State Treasurer B. R. Lacy, Representative R. R. Williams, Chairman Finance Committee J. G. Ball.

Fifth, Superintendent Public Instruction, J. Y. Joyner, Attorney General T. W. Bickett, Representative Z. J. Young, E. C. Duncan.

Sixth, Insurance Commissioner J. R. Young, Commissioner of Agriculture W. A. Graham, Senator T. T. Thorne, Chairman Decorative Committee J. W. Bailey.

Seventh, Commissioner of Labor and Printing M. L. Shipman, Corporation Commissioner Geo. P. Pell, Senator W. T. Woody, Chairman Press Committee John A. Park.

Eighth, Corporation Commissioner W. T. Lee, Corporation Commissioner E. L. Travis, Representative Rufus E. Austin, Representative J. K. Dixon.

Ninth, Chief Justice Walter Clark, Associate Justice W. A. Hoke, Representative H. P. Grier, Representative Henry A. Page.

Tenth, Associate Justice George H. Brown, Associate Justice Platt D. Walker, Clerk Supreme Court J. L. Seawell.

Eleventh, Democratic National Committeeman Joseph Daniels, Democratic State Chairman Charles A. Webb, Secretary Democratic Committee Walter E. Brock, J. P. Kerr.

Twelfth, B. S. Jerman, John W. Hinsdale, Jr., J. O. Ellington, Albert L. Cox.

Thirteenth, B. F. Ellis, J. S. Upchurch, D. K. Wright, E. R. Pace.

Fourteenth, Henry E. Litchford, R. H. Merritt, Virgil J. Lee, W. S. Wilson.

Following these were automobiles for the escort committee, Edwards E. Britton, chairman; Percy J. Olive and mayor's committee, James I. Johnson, chairman; the press committee, John A. Park, chairman.

Governor W. W. Kitchin, who joins the company of ex-governors today, was the recipient yesterday of a beautiful silver salad set, the gift of the council of state. It was a small token of the love of the members of the council for the retiring governor, and as such will be treasured by Governor and Mrs. Kitchin. The presentation was made by Attorney General T. W. Bickett in his best style, and was accepted simply and feelingly by the governor. One term of four years is long enough, Governor Kitchin said, in response to questions as to his opinion in the matter of lengthening the term of chief executive to six years.

The retirement of Hon. Franklin McNeil, as member and chairman of the North Carolina corporation commission, after 14 years of distinguished service, was signaled at 10 o'clock today by the presentation of a handsome silver watch. Quite a number of former members and employees of the commission, including Hon. S. L. Rogers, a

(From The Popular Magazine.)
The gentleman with a concave front and a large watch chain alighted from the train at a junction in a Western State and rapidly made his way to the dinner room of the only hotel in the place.
"What kinds of pies have you here?" he asked eagerly of the kitchin old lady who stood at his elbow.
"All four kinds she replied with an air of disdain.
"What are they?"
"Open faced cross-bar, kivered up and the kind mother used to make," was the catalog she gave.

Senator F. M. Simmons Unanimous Choice

Raleigh, Jan. 17.—Hon. F. M. Simmons was tonight acclaimed the choice of North Carolina Democrats for United States Senator, to succeed himself for a third term, by a caucus of the Democratic members of the General Assembly. This is preliminary to balloting for United States Senator and House separately next Tuesday and declared the Senator in joint session the following day, Wednesday.

Governor Craig attended the caucus and was loudly cheered when he entered the hall. Hon. J. A. Broughton was made president of the caucus. Senator

William Bellamy of New Hanover made the speech nominating Senator Simmons to succeed himself. He paid tribute to the Senator's service to the party as a political leader and to the State and the Nation as a statesman. He recounted service rendered his City of Wilmington to eastern Carolina and the State at large in the Congress.

Following speeches were by Speaker Connor, Representative H. Williams of Guilford and W. C. Clement of Halifax. On motion of Senator Bryant of Johnston, the selection of Senator Simmons was by acclamation.

Senator A. D. Watts announced that Democratic State Chairman Webb was in the hall with a message from the State Executive Committee. This was found to be the senatorial primary returns. Chairman Webb assured the members, amid laughter, that the action was in accord with the primary returns.

Damage Suit Settled.

Raleigh, Jan. 17.—The Clerk of Superior Court received a check this week for \$3,698.05 from the Thornton Light and Power Company, of Hickory, N. C., in full for costs and interest awarded against the company at the last term of court for the death of Edward Bumgarner who was killed while in the employ of this company. Bumgarner was electrocuted while repairing a street lamp in Hickory last summer.

Women Fought With Deadly Hatpin

New York, Jan. 18.—with umbrellas, several

hundred women fought the police today in one of the fiercest riots since the beginning of the garment workers' strike. A lone policeman who tried to protect male strikebreakers was severely beaten.

The policeman arrested one woman, but had to summon 12 more bluecoats before he could get his prisoner to the station house. The police accomplished this by forming a hollow square which was beset on all sides by battling garment workers.

Five women were arrested in another riot which started when the women assaulted a truck driver delivering mattresses for the use of strikebreaker.

The Two Sinners.

She was a woman, old and thin, whom the world condemned for a single sin. They cast her out on the kings highway, and passed her by as they went to pray. He was a man and more to blame, but the world spared a breath of shame. Beneath his feet he saw her lie, but he raised his head and passed her by. They were the people that went to pray, at the temple of God on the holy day. They scorned the woman, forgave the man; twas ever thus since the world began.

Time passed on and the woman died; on cross of shame she was crucified. The world was stern and would not yield, and they buried her in the potter's field. The man died too, and they buried him in a casket of cloth, with a silver brim, and as they turned from the grave said, "we buried a noble man to-day."

Two mortals knocked at Heaven's gate—stood face to face to inquire their fate. He carried a passport with an earthly sign, but she a pardon from love divine. O ye who judge 'twix love and vice which, think ye, entered Paradise? Not he whom the world has said would win but the woman alone was ushered in.

Exchange.

President-elect Wilson says the tasks ahead of him of making appointments to office is "wholly hateful". Don't you know that sounds ungrateful to the million or more office seekers who feel that they helped Mr. Wilson get his job.

Write Ideas For Moving Picture Plays!

YOU

Can Write Photo Plays and Earn \$25.00 or More Weekly

WE WILL SHOW YOU HOW!

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photo plays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100, and more, for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photo-plays, are located in or near New York City. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our Sales Department has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as Vitagraph, Edison, Essanay, Lubin Solax, Imp, Rex, Reliance, Champion, Comet, Melies, etc., urging us to send photoplays to them. We want more writers and we will gladly teach you the secrets of success.

We Are Selling Photo Plays Written by People Who "Never Before Wrote a Line for Publication"

Perhaps we can do the same for you. If you can think only one good idea every week, and will write it out as directed by us, and it sells for only \$25, a low figure.

You Will Earn \$100 Per Month For Spare Time Work

Free Send your name and address at once for free copy of **Free** our illustrated book, "Moving Picture Playwriting."

Don't hesitate. Don't argue. Write NOW and learn just what this new profession may mean for you and your future.
