HOW ! SHOW YOU WILL

If you have ideas—if you can THINK—we will show you the secrets of this facinating new profession. Positively no experience or literary excellence necesscry. No "flowery language" is wanted.

The demand for photo plays is practically unlimited. The big film manufacturers are "moving heaven and carth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100, and more, for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near New York City. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our Sales Department has a tremendous advantage over agencies sit sated in distant cities.

We have received many letters from the big film manufacturers, such as Vitagraph, Edison, Essanay, Lubin Solax, Imp, Rex, Reliance, Champion, Comet, Melies. etc., urging us to send photoplays to them. We want more writers and we will gladly teach you the secrets of success.

We Are Selling Photo Plays Written by People Who "Never Before Wrote a Line for Publication"

Pernaps we can do the same for you. If you can think only one good idea every week, and will write it out as directed by us, and it sells for only \$25, a low figure,

What is News?

(From The Yale Review.)

If news is that which is up. usual, thena newspaper is justified in publishing the fact that a cow has given birth to a 1woheaded calf, writes Maurice Law. To determine what interests to general public and therefore, 18 to be regarded as news, is more difficult and will be determined by the character and the mind of the man in authority. Every person reads a newspaper for the things he is most interested in; he may skim an issue of the newspaper, but he will read only those things that really make their appeal. The man who is more interested in the prize ring than he is in the proceedings of Congress will think his newspaper very dull and very un. interesting if it puts a great debate on the first page and buries the doings of the latest white hope in one of the inside
