

# THE STATE DISPATCH.

A PROGRESSIVE NEWSPAPER DEVOTED TO THE UPBUILDING OF AMERICAN HOMES AND AMERICAN INDUSTRIES.

BURLINGTON, N. C., APR. 30, 1913.

NO. 47

## And Observer Building Burns.

High, April 24. — Fire completely gutted the handsome story building of the News-Observer this evening, the loss and contents valued at \$100,000, being almost a loss with something like 50 percent protection. Hon. Joseph Daniels Secretary of the United States Navy, is the principal owner of the plant. The News-Observer moved into the well equipped building in

the loss in equipment includes a four-deck Howe press, color equipment, five typing machines, complete stereotyping plant. About all that was saved from the flames was the principal part of the mailing books of the business office, which was chucked into the street before the business office force had to almost for their lives. The big loss, which has been in service scarcely a year, may not be as bad as the flames may not have gotten into the press room with enough force to warp or otherwise wreck it.

The origin of the fire is a mystery. The alarm was given at 6 o'clock. The flames were then bursting through the third-floor windows, and opening of doors leading into second-story front turned flames in that direction and near catching the business force. Business Manager Harry Bagley and a number of ladies and other employees were in the basement and working way up the rear elevator shaft to the upper floors.

It was just before the night of the plant came on duty, accounting for all the reason of the building being gutted, except for the janitor, and earlier in the day laid out on a section of the third floor that needed repairs. He was the flames burst through the shaft, all in a few seconds from the basement, and during the time it took him to get to the business office to give the alarm and then the stairs back to the floor again smoke and flames had so increased that he was barely able to make his way through the smoke back again to the first floor.

The fire department was called in fighting the flames. Soon after the high pressure was turned on at the water plant, the big water main running into the city and leading the tower burst, and the department was thereafter dependent on the water stored in the tower to combat the flames. Proceeding alongside The News-Observer building is the E. J. Small Printing House of five stories and for one while great flames played upon the wall of this, being kept inside only by the metal shutters of the doors.

It is already had the flames been before Business Manager Bagley had a temporary office open two doors down the street in the apartment building, and the Times plant, and the other printing presses were utilized in getting the issue of The News and Observer for Friday morning. It will tell its own story of the day and carry full news ser-

## Aldermen Nominated.

In accordance with the call the aldermen met last Thursday and nominated the following who will be placed before the people May 6th to be chosen for the office of Alderman for the city of Burlington for the ensuing two years. First ward, W. P. Ireland and Dr. T. J. Faucett, were nominated to succeed themselves, second ward, C. C. Walton and Ed. J. King, third ward, Prof. Stout and G. King were nominated to succeed themselves, fourth ward, W. Montgomery and H. J. Moore. Several other names were mentioned before the various committees at their meetings but were unsuccessful.

## Contest At Graded School.

A contest was held at the Graded School Friday night to determine who shall be the successful ones to enter the contest for commencement. The following recited and declaimed: Jacob H. Durham, Paul Davis, Emogene McCullock, Ruth Browning, Mary Sue Browning, Sallie Patterson, Nina Ingle, Dorothy Faucett, Elizabeth Faucett, Mary Dameron, Minnie Mary Ellis, Miriam Workman. Only four are to speak commencement, those are Mary Sue Browning, Minnie Mary Ellis, Nina Ingle and Emogene McCullock. Five of the teachers acted as judges. The recitations were all fine.

## Championship Game, Va. Vs. N. C.

Danville vs Burlington will meet Saturday at the Piedmont Park and play what may naturally be expected a good game. Danville having won the championship last year in the high school circles of Va. and Burlington being the winners in the "Old Tar Heel State," much interest is centered for this game which will necessarily attract a large crowd. Go out and root for the boys.

## Burlington Lumber Company Bankrupt.

The Burlington Lumber Company was announced bankrupt last week and Mr. W. K. Holt appointed receiver. The corporation has been in business for about seven years and during this time has had many rough places to pass over, financially speaking. It has been largely through the untiring efforts of Mr. W. E. Hay that has kept it in existence. We are sorry to have this firm fail as this first failure of any importance in our town for some time.

## An Old Fashion Score.

The game of ball which was played at The Piedmont Park last Thursday evening was one of the old fashion kind in the way of score, which was thirteen to nothing in favor of Burlington. The game was played between Burlington and Elon College and was from beginning to finish a complete victory for the home team. Evan took the box in the beginning for the home team but it was soon found that any body could pitch so four or five of the other players did some stunts.

## Sharpe—Garner.

Mr. C. Sam Sharpe of Mebane and Mrs. Lillie May Garrison Garner were married Wednesday evening at the home of her sister Mrs. W. A. Mebane on Front Street at 8:30 o'clock. The wedding was a beautiful quiet home wedding only a few relatives and friends being present to witness the ceremony which was pronounced by Rev. D. McIver. Mr. and Mrs. Sharpe are spending some time visiting Washington and other Northern cities and on their return will make their home at Mebane.

## Little Negro Boy Shoots Girl.

Thursday evening while playing at the home of Weldon Walker, colored, the little negro boy Odus Shavers son of Ben Shavers of the Sugar Hill district shot and killed Agnes Bane. The boy picked up a rifle that he supposed was not loaded and told the girl he was going to shoot her pointing at her and pulling the trigger the supposed unloaded weapon fired the load taking effect just above the eye. Death was instantly. The boy was twelve years old and the girl eight.

## Sam Thomas Breaks Collar Bone.

Sam Thomas one evening last week while returning from Oxford stepped from the train that passes here at 9:17 and fell breaking his collar bone. Medical assistance was rendered and Sam is able to be at his post of duty.

## Debate At Elmira.

Friday night at the Elmira school house a debate which was listened to by a well packed house was much enjoyed when the query, Resolved "that we should have woman suffrage" was discussed by A. A. Apple and Geo. D. Smith of the affirmative and E. C. Rumbley and Ed. Hanford for the negative. The argument for both sides was fine, this was occasionally intermingled with burlesque humor and figurative language. Our friend Hanford weaving some sun bonnet boques in telling how the woman of fashion and style has left and forgotten the home training. Prof. Rumbley gave numerous statistical facts, while Mr. Apple upheld the pure true good and noble in woman claiming if we had her assistance in politics our elections would not be so corrupt. Geo. Smith was the "Star" of the occasion for humor, getting off some excellent points for the affirmative. The judges were: Miss Mary Walton, Rev. Libby, Mr. Wilbur Clapp, Geo. Smith and Mr. McIntyre. The affirmative unanimously won the query.

## Burlington Defeated Winston.

Burlington High School defeated Winston-Salem in a close game of ball at the Piedmont Park Saturday afternoon by a score of one to two. Up to the ninth inning the game was steady and except one score made by Winston in the first neither side marked. A two banger by Meador caused a bit of excitement but not until the last inning did either side become wild when two scores were made by the home team. At this time the spectators mounted their seats in the grandstand and the cheers applause and rooting was exciting even to those on the diamond. What looked to be a pitchers battle royal with the score in the balance of the visitor was changed.

## A Snake Story from R. F. D. No. 7.

One day last week a cow which lives at her home on R. F. D. No. 7, was hitched out to graze. After the good woman of the house had finished her morning tasks around the house she went to the field to move the cow. Upon arriving where the animal was hitched she saw a monstrous black snake near the cow, her husband was summoned from the nearby field and with weapon in hand proceeded to kill the reptile who attempted a fight having raised more than twenty inches from the ground in front of the man. By the time the first was killed a second snake was also seen and likewise killed. The object of the snakes being near the cow is not known unless it wanted to milk the cow.

## An Expression of Appreciation.

The strength and beauty of a united effect in a common cause were handsomely manifested in our county commencement on last Saturday. The people in every relation to the schools and school work responded readily to the movement and gave us the great good and glorious day. To one and all, teachers and committeemen, patrons and pupils, friend and helpers, who bore any part whatsoever, I wish to express to you my grateful appreciation. Your cooperative was beautiful, your demonstration was grand and we are most grateful and glad. We are especially thankful to the Street Car Co. for a division of its proceeds of the day with the enterprise and to the Graham Graded School for the use of its splendid building and grounds. Most sincerely, J. B. Robertson, Supt. of Co. Schools.

## Mr. Brooks Takes First Ride.

Mr. W. J. Brooks the successful winner of the Indian Motorcycle in the great voting contest of The State Dispatch received his prize Monday and was carried out that evening for his first ride. The machine was driven by Wade Huffman Mr.

Brooks doing the holding on stunt. His many patrons on R. F. D. No. 7 who he has been serving so faithful for these many years will doubtless see Mr. Brooks spinning around on his new machine.

## Miss Carrie Collins Entertains.

Miss Carrie Collins delightfully entertained the members of Miss Blanche Aldred's Sunday School Class last Friday evening at her home on Railroad street after the arrival of the guests numerous games were played and some delightful music rendered.

Then came a delicious course of refreshments, consisting of cream, cake and lemonade. All present enjoyed the occasion very much and only hoped that a similar occasion may occur. These present were Misses Beulah Lea, Pattie Hunter, Bertie Tate, Susie Copeland, Thelma Fowler, Mabel Cates, Carrie Collins, Verla Wilburn, Stella Cates, Blanche Alred among the visitors were Misses Gladys Copeland, Virgie Garrett, Ruth King, Kathleen Collins.

## Chapter Eastern Star Organized.

Mrs. Dildine and Miss Blanche Johnson of Greensboro were in our town Friday evening and organized Elizabeth chapter No. 41 of Eastern Stars. Rev. Patton of Elon College was also present and took part in this organization. The following officers were elected. Mrs. Lena Hall Isley, W. M. Rev. Patton W. P. Mrs. R. H. Whitehead A. M. Miss Bertha Cates and Miss Willie Patterson. C. A. George Isley Sec. and C. A. Walker, Treas.

The organization was full of enthusiasm which insures that the Chapter will do well and add new members readily.

Thursday evening at 7:30 a meeting of the newly organized chapter will be held for the installation of officers.

## Choral Society Rehearsing.

The Burlington Choral Society which for the past year has been under the direction of Prof. Wade Brown of Greensboro will give its annual concert at the Graded School Auditorium on the night of May the 9th. Much preparation is being made for this concert. It will consist of a large number of voices besides solos and other music. All music lovers should come and spend a pleasant evening.

## Chinese Laundry to Move.

The Sing Lea Laundry are arranging to move into the brick building on Spring street owned by Mr. C. F. Rauhut. Arrangements to put water into this building are being perfected. The laundry will probably move in within the next two weeks. This is an ideal place for a laundry being a slight improvement over the present location.

## Crowson Gets Job.

O. F. Crowson, editor of the Burlington News and professional job hunter landed a plum the other day, being appointed to a clerkship of the rules of the committee. He was a candidate for the Burlington Postoffice. —Asheboro Bulletin.

## Mule 40 Years Old.

James T. Terrell of Mebane, N. C. No. 2, owned a mule that died Apr. 25th, 1913. This mule was forty years old this Spring, and was never sick a day in his life this animal was probably the oldest in the State, and was a good faithful animal and had been well taken care of.

## Bob Bennett Hit With Rock.

Bob Bennett was hit on the head with a rock by some unknown party who immediately ran and has not been apprehended. A gash of several inches was cut requires the attention of a physician who took several stitches. No reward has been offered for his arrest. The party is under suspicion and will doubtless be caught.

## The Great Educational Rally.

Last Saturday, April 26th, was the greatest day educationally that Alamance County has seen for the past year. It was the occasion of the second annual commencement of the public schools of the county.

The day was an ideal one, and on the trains and street cars and from the roads in every direction people came to take part in the exercises which were held at Graham, N. C.

At eleven o'clock the parade formed at the graded school building, headed by the Onida Band. A large Alamance banner lead and this was followed by the schools under their respective township banners. Each school had its own banner and was accompanied by its teachers. There were 1500 children in the parade, representing 50 schools and it was a most inspiring sight. The graduates headed the pupils, and were followed by the Tomato Club girls in their charming costumes, the Corn Club boys, and the Domestic Science girls in their dainty caps. The line of march, was to the Court house, around it, and back to the graded school grove, where the exercises were held.

County Superintendent, J. B. Robertson made a short speech introducing State Superintendent J. Y. Joyner, who made the address of the day. Mr. Joyner's address lasted an hour and a half and was intensely interesting throughout. He said that this is his seventh county commencement this year, and nowhere has he seen a larger, more inspiring attendance. He said that he has a large family than any other man in the State, having 730,000 children of which 450,000 are white and the rest black. He said he has been a native of North Carolina for 200 years, his residence beginning with the German-Swiss settlements here that long ago. He spoke chiefly on what education means and the importance of childhood. He said the civilization of any country can be measured by the place it gives to childhood. He said education of the right sort means money, manhood, mastery. The only way to make money out of matter is to mix brains with the matter. He gave as an example Massachusetts, which has ten times as much wealth as our State, although she has such small resources, and showed that her supremacy is due to her realization of the aforementioned fact. The entire speech was a gem, and was listened to with a just interest by all who could get near enough to hear.

This was followed by the presentation of diplomas to the seventy graduates from the various public schools of the county and the certificates of honor to the 180 pupils who have made a perfect record of attendance for the year. Supt. Robertson presented these in fitting words. The Altamahaw school lead in this, receiving 18 certificates, Green coming second with 15. Mr. Charlie Newlin, a teacher, had six in his school last year who received these certificates, and had but five this year. On being asked why he fell behind replied that the sixth one is in college this year.

Dinner was eaten picnic style on the grounds. Immediately after two contests in recitation were held by the graduates, one in the Court house and the other in the opera house. The prizes, Histories of American and English Literature, were presented to Elsie Hadley and Lorraine Green winners of the Center and Sylvan schools, respectively. After this Field Day exercises were held by boys from the three High schools on the graded school campus. These were especially good and resulted as follows: 100 yard dash, Perry of Graham, 1st; L. Isley of Friend; 2nd. Mile run, Moser of Friendship, 1st; Homewood, Friends; 2nd. High jump, B. Isley, Friendship, 1st, 5-1-2 ft.; Homewood, Friendship, 2nd, 220 yard dash, Coy Williams, Graham. Shot put, L. Isley, Friendship, 1st Carr Scott, Hawfields; 2nd. Run and Broad jump, L. Isley, Friendship, 1st; Perry, Graham, 2nd.

In points, the schools were as follows: Friendship 35, Graham 14, Hawfields 5, and Sylvan 4.

Following this the president of the Senior class of the State University, Mr. Stokes, presented the cups and medals to the winners of them at the State district Athletic meeting, held in Chapel Hill recently, at which Friendship won first place. Several were given to Alamance boys and the formal presentation produced great applause.

The exhibit of school floats around the Court house was the final event of the day. These showed great originality and individuality, and reflected great credit upon the schools represented. Worthy of special mention were those of the following schools: Glenwood, Belmont, Mountain, Hawfields, Woodlawn, Spring and McCray.

During the whole day the graded school building was open to the public and in it was the exhibit of the various schools. Three rooms were filled with specimens of drawing and composition, and these were fine. The halls were lined with photographs of different schools and school houses. The Tomato Club has a creditable exhibit in the hall. The lists of the graduates and of the honor pupils of the entire County were mounted. There were lists also of the private donations for improvements of the various schools and these amounted to \$1800.00 for the County.

To the efficient superintendent, Mr. J. B. Robertson, is due the credit for the great success of the day. He has been working for it ever since the first commencement a year ago, when he made such a success in starting the movement in this County.

## White Child Accidentally Shot.

Dee Moore colored shot the seven year old child of Mr. Jim Norton who lives back of the old railroad shops. The shot was fired quite a distance away from the child and was not intended to hit the child who happened to be in range of the bullet. The bullet passed thru the child, entering the back and was taken out of the breast by physicians. The bullet was fired from the same gun that killed the little negro girl last week.

## Cantanta at Presbyterian Church.

Quite a crowd attended the Cantanta at the Presbyterian Church Tuesday night which was given under the direction of Professor Blythe, assisted by Mrs. Blythe and the choir. For some time the choir has been under the training of Mr. Blythe. The selection of the evening was "Pentecost Pardon and Peace" No admission was charged but a silver offering amounting to \$32.00 was presented to Prof. Blythe. The music loving people of our town seldom have the pleasure of witnessing such a treat.

## Miss Elizabeth Garvin Entertained Her Friends.

Miss Elizabeth Garvin was hostess to a large number of her friends last Friday night in honor of her Miss Wiggs of Salisbury. Progressive Rock was the chief game of the evening the score being a tie between Ralph Holt and Herbert Coble and pardoner Miss Ruth Lea Holt. A very delightful course of refreshments were served. Those present were: Misses Lorraine Isley, May P. Ruth Browning, Ruth Kate Meadors, May Kerr, Sally.

There is only one "BROMO QUININE" that is LAXATIVE BROMO QUININE. Buy for signature of E. W. GROVE on every box. Cures a Cold in One Day. 25c.

### South Carolina Intercollegiate Contest Lasts Past Midnight.

Rock Hill, S. C., April 26.—The University of South Carolina won first place in the Intercollegiate Oratorical Contest here last night through her speaker, Mr. M. A. Wright. Mr. J. C. Hyer, of Wofford took second place and Mr. W. L. Feaster of Furman third. The judges were Messrs. John Gary Evans, Spartanburg; J. M. Spears, Darlington; P. A. Bonham, Greenville; A. L. Gaston, Chester; J. M. Douglas, Davidson College. Rock Hill has been alive today with college girls and gay colors and a great audience assembled this evening to hear the contest. Mr. W. H. Scott, chairman of the executive committee, presided and the Rev. H. W. Bays made the opening prayer. Songs by the College Chorus and Glee Club were a feature of the evening. Although it was after midnight when the speaking was concluded a brief reception was held in the college. A dance in honor of the visitors is being given in Friedheims Hall.

### May Put in New Phone System.

Mr. Spears of the Southern Bell Telephone Company was here last Friday in response to many requests and complaints made in regard to the Southern Bell System at this place. Mr. Spears saw many of the business men and went over in detail with the Chamber of Commerce a proposition whereby Burlington can have a central battery telephone system, instead of the present magnet system. Mr. Spears says the battery system will be the same system that they are now using in Greensboro, Greenville and other towns.

The placing of this system will mean that all you have to do to call central is to take the receiver from the hook and the operator very politely asks for the number. It will also mean that on duplex lines A can central without B's notice and that central can ring B without ringing A.

Mr. Spears proposition is that resident rates will remain the same as they now are until 750 stations have been secured for Burlington there now begin 520 and the increase being at the rate of about 40 new stations a year. Therefore, it would be four or five years before the increase resident rate would be affected and then the increase will be 50c a month. As soon as the battery system is installed the business stations will be increased from \$3 to \$3.50 a month and this rate cannot be increased until 750 stations have been secured for Burlington. When this number of stations have been placed the rate will be increased from \$3.50 to \$4 on special lines, and from \$3 to \$3.50 on duplex lines. This is the only opportunity that Burlington has ever had to secure a central battery system. This will give to Burlington, Graham, Haw River and Alamance County the very best of telephone service and it is very important that an effect be made to close this contract with the Board of Aldermen at once, as the Southern Bell state that it will take from twelve to eighteen months in which to install this equipment.

### Notice To The Public.

I have four head of cattle in my possession. Took them up roving over my place Sunday April 20th. The owner can get same by coming to my house in Albrights Township and proving ownership and paying my charges.

Unless they are claimed on or before May 20. I will sell them for cash on my premises at 12 o'clock Sat 20 day of May 1913. A. A. Sharpe, Burlington, N. C.

### 88 Removed.

Pittsburg, April 25.—The work of removing bodies from the Cincinnati mine of the Monongahela River Consolidated Coal & Coke Co., wrecked Wednesday by an explosion, progressed rapidly today. When darkness fell tonight 88 bodies had been taken out.

Officials of the coal companies stated tonight that it is their belief few other bodies will be found. It is possible, however, that the dead may number 116.

Most of the bodies recovered are in good condition. Until great masses of wreckage in a number of sections of the mine have been examined the total death list will remain a secret.

### "A Heart and Head the Size of a Hickory-Nut."

(Waynesville Enterprise.)

Secretary Josephus Daniels seems to be taking a rather high hand in the matter of pie dispensing—a pastime for which he expressed the most extreme contempt when indulged in by those of an opposing party.

Somehow it does not strike us as seemingly for a secretary of the Navy to be messing in matters of this kind. However, those who know Mr. Daniels. When it comes to politics it simply impossible for him to leave any part of the bossing to others of his party. It would be no surprise to us were he to roll up his sleeves and dive vigorously into Wake County matters. And, too, he would feel more at home there othere, for the littleness of the maneuver exceeds his ability. The bitterness and the narrowness which our Naval Secretary has displayed in the past could not by any possibility spring from a head and heart larger than a hickory-nut.

### Minors Under 17 Not Allowed Cigarettes.

The last Legislature passed a law which requires minors who are seen smoking cigarettes to talk to the police officers and tell where they got the "coffin tacks." The law makes it the duty of every police officer of the State upon knowledge or information that any minor under the age of seventeen years is or been smoked any cigarette, to inquire of such minor the name of the persons who gave or sold such cigarettes or aided or abetted such person or persons in giving or selling such cigarette, or the substance from which cigarette was made, to such minor as forbidden by law. Upon receiving such information from any such minor the officer is required forthwith to cause a warrant to be issued for any person or persons in giving or selling any cigarette, or substance out of which such cigarette is made, and have all such persons dealt with as the law directs. Any minor under the age of seventeen years who shall fail or refuse to give to any officer upon inquiring the name of the person or persons giving or selling him cigarettes shall be guilty of misdemeanor.—Concord Times.

### Mrs. Stedman Not Improving.

Greensboro, April 24.—Representative Charles M. Stedman left today for Washington, after spending last night in town. He came here from Beaufort yesterday, where he has been with Mrs. Stedman for the past several days. The many friends of Mrs. Stedman will learn with regret that she is not improving and that her condition is such as to cause grave concern to her relatives and friends.

Just as soon as possible, Major Stedman will leave Washington and will return to Beaufort, to bring Mrs. Stedman back home.

### ENDS HUNT FOR RICH GIRL.

Often the hunt for a rich wife ends when the man meets a woman that uses Electric Bitters. Her strong nerves tell in a bright brain and even temper. Her peach bloom, complexion and ruby lips result from her pure blood; her bright eyes from restful sleep; her elastic step from firm, free muscles, all telling of the health and strength Electric Bitters give a woman, and the freedom from indigestion, backache, headache, fainting and dizzy spells they promote. Everywhere they are woman's favorite remedy. If they weak or ailing try them. 50 cents at Freeman Drug Store.

The moral yard stick neighbor uses on you is usually a short one—that the same length as the one you use on him.

Take Hall's Family Pills for constipation.

### NOTICE!

#### Road Tax For 1913. Due.

The special road poll tax for the year 1913 is now due and payable until the first day of April.

Under the old the Treasurer was paid a small commission for collecting and handling this fund. And heretofore I have given that commission to those who looked after it in the different Townships. But now under the Salary law there is no provision made for any one to be paid anything out of this fund. Therefore, unless some one will volunteer to collect without charge in the townships, I cannot put the books out, as has been my custom. According to instruction from the County Commissioners, the books will be at my office in the court house in Graham, and all persons desiring to pay will pay to me, unless they find some one else with the books.

Respectfully,  
 Albert J. Thompson,  
 Treasurer Alamance County  
 This Jan. 7, 1913.

### Luke M'Luke Says

Eugenics means that a man with a face like a cement crusher should not marry a girl with a nap like a dough mixer. But they often do. That is why there are so many little cement crushers and dough mixers in the world.

My idea of a fine job is to be the husband of one of those British suffragettes.

A woman never gets so old, nor so fat, nor so homely that she doesn't like to tell about what a queen she was before she married and how her father had to keep beans away from the house with a shotgun.

Every wife tells every husband that she could have as well a figure as any girl if she could afford expensive corsets like the other women are wearing.

A girl's skirt may be shabby and worn and her waist soiled and faded but if her clothes are clean where you can't see them she is happy.

The girls who can afford silk stockings never holler about the steps on the street cars being too high.

What excuse is there for a girl wearing one of these thin white waists? All you can see is pink open work, pink baby ribbon and pink skin.

The world is growing better, but we are still purchasing too much talcum powder and too little soap.

When a girl has her own hair she wants to take it down and comb it every time she sees a mirror.

Married men are not as ornery as women think they are. They wouldn't lie half as much as they do if their wives wouldn't ask so many questions.

Why is it that the children will run a mile for one of the neighbors, and won't go across the street for their own mothers?

Another reason for the high cost of living is that father didn't have to buy carbimators and tires for the old family horse.

The reason a woman has to have a corset is that she wants to make the long places look short and the short places look long. — Cincinnati Enquirer.

### International News.

The State of New York and New Jersey are planning to build the tallest bridge piers in the world to support a bridge across the Hudson River to connect New York city. From Bed-rock to Pinnacle the towers will be 750 ft. high being only 255 ft. lower than the Eiffel Tower, and they will be 7,330 ft. long. The floor of the bridge will be 170 ft. above the river with two drive ways, each 33 ft. wide, and two side walks, eight feet wide. In addition two road ways for trolley cars. It will cost \$42,000,000.00 and is to be completed by 1926.

William J. Bryan, Sec. of State has gone to California to assist Gov. Hirman W. Johnston in an effort to satisfactory settle the difficulties that are now existing between the state of California and its Japanese citizens.

Guilford Hotel Company, Greensboro, North Carolina have received and accepted plans for the building of a 63 room building to be used as a hotel during the rebuilding and remodeling of the Guilford Hotel, afterward to be changed into an apartment house. The estimated cost is \$90,000.

The Southern Chair Company, of High Point, North Carolina has just closed a contract of 1,000 dozen chairs to be shipped to firm in Australia.

The town of Norwood, has just voted \$15,000 of building and equipping of Graded School building.

An increase of ten to twelve per cent is guaranteed to the firemen of the Eastern Railroad of arbitration.

Why Editor Laws Gave Up the Postoffice.

Mr. R. Don Laws, the Yellow Jacket man, has resigned as postmaster at Moravian Falls. Mr. Laws has been employing a lady to manage the office but he says all of them get married and for this reason he has decided to give up the office. — Ex.

(The Moravian Falls Postmaster should get a receipt for keeping his girls single from the Burlington Postmaster. At present there are five ladies working in this office and only one of the Postmasters' wife has as yet met with this sad fate.)

### No Future For Boys in Glass Works.

874 boys between 14 and 16 were employed in 23 glass factories visited this winter by H. H. Jones, special agent of the National Child Labor Committee. 38 apprentices had been taken on during the year in these factories and they were without exception boys eighteen or nineteen years old. This means, as Mr. Jones points out, that for every 100 boys under the age of sixteen who are permitted to do night work in glass factories not more than 4 stand any chance of becoming skilled workmen. And in view of the fact that machines are continually replacing skilled workmen in the manufacture of blown ware there will in the future be less and less justification for the employment of young boys on the ground that they are learning a trade.

Mr. Jones found further that although each employer claims that the particular work for which he uses boys can be done only by boys, there is some difference in the use made of boys in different plants. In some places, the small boys are used only for carrying and "warming-in" and older boys or men operate the moulds. In other the "carrying-in" is done by men and the smallest boys are "holding moulds."

The report testifies further that the statements made about the glass industry in the Federal Report on the Condition of Woman and Child Wage-Earners in the United States, in 1907-08, do not exaggerate the conditions that exist in Pennsylvania, except that the old style bottle houses form a very small proportion of the industry in that State. Mr. Jones reviews the bad effects of night work. He quotes, by name, glass workers in different localities who have not allowed their own boys to enter factories where night work was required because they know too well the physical and moral dangers involved. The report enumerates six possible substitutes for boy labor and quotes several glass manufacturers who express themselves as definitely opposed to it. That boy labor is not necessary is proved by the fact that all the large glass producing states except two do not employ children under 16 at night. If the Walnut Child Labor Bill now pending in Pennsylvania passes the Senate without amendment and becomes Law, West Virginia will have the distinction of being the only state where boys under 16 work in glass factories on the night shift.

### Crew Saved By Jumping.

Asheville, April 21 — The members of the crew of the third section Southern freight train No. 172 had a narrow escape from death last night, when the engineer lost control of his engine and the train was thrown on the safety track No. 1, on Saluda Mountain. The momentum of the train was so great that the engine went over the end of safety track and was overturned. Seeing that the overturning of the engine was inevitable, the members of the crew jumped for their lives and escaped with only a few slight bruises. None of the cars left the track.

This is the first time since the safety track was constructed that an engine has gone so fast that the safety appliance failed to stop it. The track down the mountain side has an unusually steep grade and before the installation of the safety tracks accidents on the line occurred frequently.

### Bitten By Mad Cat.

Louisburg, April 25. — Walter Brazwell a prominent young man who lived near Castalia, was scratched on the hand by a mad cat Monday while building a fire in his kitchen. Later the cat which was a stray one attacked him on the leg and then had an encounter with another cat. He shot it and sent its head to the proper officials in Raleigh who returned to Mr. Brazwell Thursday the verdict that the cat was a victim of the rabies. He went at once to take the Pastuer treatment at Raleigh.

All communications in regard to either news items or business matters should be addressed to The State Dispatch and not to any individual connected with the paper.

All news notes and communications of importance must be signed by the writer. We are not responsible for opinions of our correspondents.

Subscribers will take notice that no receipt for subscription for The State Dispatch will be honored at this office unless it is numbered with stamped figures.

Entered as second-class matter May 26, 1908, at the post office at Burlington, N. C., under the Act of Congress of March 3, 1879.

Wednesday, Apr. 30, 1913.

Last Tuesday Davidson County refused by a large popular vote to approve a bond issue for good roads for the good county. We had hoped to see Davidson fall in line in this almost universal movement for better roads. It appears that the campaign was rather bitter at some times. We regret to see the wealthy county of Davidson lose its rightful position among the progressive counties of the state.

Tomorrow is the last day in which you will have to pay your County Poll Tax so that you can vote in the town election next Tuesday. If you have a special friend that is a candidate it is very important that you be in a position to cast your ballot. We do candidates before the citizens of the town asking for your suffrages. Therefore we as well as all our friends are at liberty to vote or not vote as they may see fit.

### Church Conduct.

Last Sunday seven pretty, smart, top-rachels dressed in neat apparel occupied a rear pew in a certain church in the city of Burlington, at the morning hour of service. Instead of listening to what the speaker was presenting as best he could, they spent most of the time conversing with each other about their lovely bonnets and calling to the beautiful dimples that punctured their sweet faces properly prepared with abundance of paint and powder.

These good little sisters were a great annoyance to the entire worshipping audience, because they held the attention of all those who occupied seats in the front and those that were so fortunate to be seated nearer the sacred desk, spent much time in looking back to see what the special attraction of the hour might be.

Such conduct, as this should not be characteristic of a well-trained girl or boy, man or woman regardless of their occupation or vocation in life. It seems however, to attack more strongly to the boy and girl during their first year in college or to the very enthusiastic base ball sport. If the conversation of these good sisters was more important to them than the message from the Lord, they should have withdrawn from the sacred house, so that they would not have humiliated their friends disgraced themselves and offended their maker. But rather than to do this they added many sweet smiles to their loving faces, and it is supposed that they did this to attract the attention of the handsome young men that occupied seats near by. If this supposition be true it may be that our remarks are out of order, however, we will just say what we have written, we have written.

### Not Ours.

We note from the daily press

that the democrat party is daily appealing in a very vigorous manner to our progressive representative in Congress to assist them in passing the Underwood Tariff Bill, by saying that the progressive party declared for a revision of the tariff. We certainly did declare for a revision of the tariff, but we have never placed the seal of our approval on a free trade policy or for a tariff for revenue only, so our democrat brethren we are not like you.

We shall however, live by our platform and pledge and render the best of service possible within our power in our generation to mankind. We declare for a tariff that will equalize the cost of production abroad, with that of the cost of production at home and let quality of the goods and everything else that comes in this class be sold upon its merits. This will give a square deal to every one and special favors to none.

Whenever your party reaches this high plain of industrial progress you will not only have our support, but the support of every real progressive in this great country of ours. Therefore we suggest to you that you spend your time in studying the tariff question so that you may speak intelligently upon this great question rather than telling some other party what they should do. When you have reached this high plain of statesmanship you will be a benefactor not only to your party but to all mankind.

### A Division.

The Democrats of the first ward are woefully divided as to their choice for alderman. The steam roller company met last Thursday night and without form or ceremony nominated the present alderman for re-election. Many being dissatisfied, another convention was called for last Monday night, which was more largely attended than the first. At this convention Mr. Jno. Love and Mr. T. D. Fogelman were nominated. But the slimy, blue blooded democrats seeing the division in their own household and fearing the ring might lose its crank, have gone to the candidates nominated by the second democratic convention and told these gentlemen that this was called by the Republicans and Bull Mooses. It is an absolute untruth and any man that circulates such a report is unkind to himself and is as untrue to his neighbor as he is to the God who made him.

A large number of democrats, who were aggrieved, and no doubt justly so came to us in person and asked that we join in a convention and assist in defeating the two ring candidates. This we refused to do. It is a division in their own household and Holy Writ says, "that a household divided against itself shall not stand," and we are prone to believe that if present democratic wisdom continues to be exercised in Burlington and Alamance County in the future as in the present and past, it is only a question of time when Burlington cannot stand although the democrat party may survive. If it does survive and democracy continues its treacherous acts as an organization, may the great God who knows, have mercy upon its subjects. It is a very pathetic story to hear the ringsters telling the opposition what they should do in town elections. We informed them from time to time that we are free moral agents not bound down by the hand of political tyranny or driven to the dungeon by a few political demagogues. We have no candidate in the field for any office in Burlington, therefore, we expect to vote as we please and we accord unto every man that same golden opportunity. If there yet those in Burlington who are steeped in ignorance, bound by superstition and blindfolded by political tradition, we pray that the day may soon come when civil light in all its power to light their pathway to know the right, and have the will to do it.

Democracy will slash their own family with an erroneous political statement until two of their best men will be forced to decline to be candidates for the suffrages of their own people in the first ward. If this was a citizens convention it was conceived in democracy and called by its followers.

### Suizer No Sport

Albany, N. Y., April 28.—A new sheriff of Suffolk County was named by Governor Suizer today because the Executive does not believe that a man who allows his prisoners to attend race meets and ball games, is fit to hold such an office. He so announced in removing Melville E. Brush and appointing D. Henry Brown as his successor.

Investigation of charges against Brush, the Governor declared showed that the escape from jail of a woman prisoner on the day set for her trial was due to "careless management." The same woman, he says, was entertained at Thanksgiving dinner in the sheriff's apartments, while jewelry of hers was redeemed from a pawnshop.

Continuing the Governor's statement adds: "It is simply proved by the testimony that prisoners serving time were permitted the freedom of the streets outside the jail walls. They cared for a horse, the private property of the sheriff in a stable some distance from the jail; and also for the horse of a warden or turkey. These horses were used for racing at the fairs and these prisoners, acting as stable men and other prisoners attended these fairs; took care of the horses at the race meet; were spectators at baseball games, dressed up in their Sunday clothes, so that it was impossible to distinguish such prisoners from reputable citizens."

### Break In The Main Mississippi Levees.

Natchez, Miss., April 27.—The long threatened break in the Main lower Mississippi river levees along the west bank in upper Louisiana came at an early hour this morning, when the Lake St. John levee, 12 miles north of Ferriday, La., went out, turning the flood waters loose upon the fine farming lands and villages of lower Tensa and Concordia parishes.

Approximately 20,000 persons will be driven from their homes as a result of this crevasse, which will flood a territory embracing about 900 square miles. The property damage will total several hundred thousand dollars. The break in the levee at Lake St. John developed at 3:20 o'clock this morning. People living in the immediate vicinity of the crevasse and in nearby towns were advised to flee fully two hours before the crash came. It is not believed any loss of life has resulted from the break.

Six river steamers and a score of mortar boats were dispatched to the scene of the crevasse from boats were Natchez and Vicksburg early this morning for use in rescuing people from the flooded district.

### No Marriage Without Medical Certificates.

Cleveland, April 29.—No medical certificate, no marriage license, is the edict which Cleveland ministers soon will announce if plans of the Cleveland federated churches do not fail. Couples bent on being spliced will not have to hustle for a marriage license, but will have to put down in the expense account fees for examinations by physicians.

The executive committee of the federation, which includes all the Protestant churches in the city, has decided to obtain pledges from Cleveland pastors that they will not tie nuptial knots without the accompanying clean health bills. Rev. Dr. T. S. McWilliams, of Calvary Presbyterian church will introduce a resolution at the next meeting of the federation exacting this pledge from ministers.

"We are impelled to this course because we believe it is time that the seriousness of the present situation be realized," said the Rev. C. E. Burton, of the Euclid Avenue Congregational church, who is active in the movement.

"The danger of a marked deterioration of the race is imminent unless some method can be devised to protect the community from the marriages of the physically unfit."

## Religion and Medicine

S. B. HARTMAN, M. D.

Is there any intimate relation between religion and medicine?

Yes, there is. The old-time healer was also the priest. Theology and medicine have not maintained a separate existence very long. They used to be one. Yes, there is an intimate relation between religion and medicine.

It is well known of a person who eats with unthankfulness and ill-natured spirit, that his food will not have the same effect as if he were in a kindly mood. The same is true of medicine. If a person swallows a medicine with suspicion, has no faith in its action, is more or less afraid of the one who gives him the medicine, it cannot do him as much good as if he had unwavering faith in it.

The mind has a wonderful influence over the body. Those who believe that

a loving Father controls the destiny of mankind are a great deal better prepared to meet the vicissitudes of life and to overcome disease than the one who has no such faith. A truly religious man makes a better patient than an irreligious man.

In referring to any particular kind of religion, The Jew and the Gentile, the Catholic and the Protestant, each have a religion in which they believe. They also agree in the essentials.

A religious man may believe that it is necessary for him to use every means in his power to get well. He may believe that it is perfectly proper for him to employ doctors and take medicines. But he also believes that when he has done the best he can there is a higher power that has charge of his affairs, that absolute justice will be done him, that no evil thing can befall a good man. He goes forward with confidence, sick or well, rich or poor, and gets a great deal more comfort out of life than the man who has no religion.

I have found myself saying many times to people who have a chronic ailment, "You need religion as well as medicine. You need faith in an overruling providence that guides everything to wise ends; that the affliction of disease teaches a lesson that every one should strive to learn."

"This does not mean that sick people are to sit down and trust that an overruling providence will do everything. Nothing of the sort. He is to use remedies guided by his best judgment, but in the use of them he can believe that all things are well and that in the end all things will come out right. Any medicine has a better chance to cure a man who holds such a faith."

Some men are so faithless and unbelieving, so restless and desperate, their minds so unsettled, that even the best of medicine has little chance to do them any good. Therefore I say that religion is often quite as neces-

sary as medicine, that the want of religion frequently defeats the action of the best medicine.

Many a chronic invalid has seen in vain for a physical remedy, because he has lost his grip on religion, the religion that not only provides salvation in the world to come, but soundness of body and mind in this world that is.

Yes, there is a most intimate relation between medicine and religion. Other things being equal, the irreligious man stands a poor chance of getting well when he is sick, while the religious man frequently gets well in most astonishing way after the doctor have all given him up to die. With firm faith in a rational religion and an obedient use of the right remedy, great many hopeless invalids could be restored to perfect health.

Well, you have made it clear as to what you mean by religion. But it is the remedy you would recommend. Of course I would recommend different remedies for different conditions. But the particular remedy that I am interested in at this time, the one that meets more chronic ailments than any other remedy I know of, is Peruna. Peruna is a remedy for that multitudinous group of ailments that depend upon catarrhal diseases of the men.

I am furnishing a book on catarrhal diseases which I send to any person free. In this book I explain quite fully the uses of Peruna. Those who do not care to wait to send for the book at this time will find information and instruction as to the general uses of Peruna explained within the wrapper of each bottle. PERUNA IS FOR SALE AT ALL DRUG STORES.

**SPECIAL NOTICE**—Many persons are making inquiries for the time Peruna. To such persons this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

## ANNOUNCEMENT.

I hereby announce that I am an Independent candidate to succeed myself as Mayor for the next term. I will discharge the duties of the office without fear or favor of any party, clique or faction, to the credit of the City and myself.

I ask my friends for their support and VOTES.

Respectfully,  
**J. H. FREELAND.**

Among those who were present at the house party recently given by Mr. and Mrs. F. L. Williamson were: Mr. and Mrs. Clem Manley of Winston Salem, Mrs. Ben Moore of Raleigh, Miss Barbara Station of Norfolk, Mrs. Will Williamson of Danville, Va., Mrs. Russell Wiggins of Boston Mass., Mrs. Julian Baker of Tarboro and the Misses. Williamson of Saxapahaw.

Individual Drinking Cups

Washington, April 27.—Arrangements have been made by the Southern railway to furnish sanitary individual drinking cups to passengers on all trains and a large supply of cups of the collapsible paper type has been ordered. As soon as the cup have been received each conductor will be furnished with a supply, and any passenger desiring a cup will receive one free of charge on application to the conductor. Notices to this effect will be posted in each coach.

Furnishing drinking cups to passengers on the large number of trains operated by the Southern railway will involve a substantial expenditure for the convenience of patrons of the railway. Hereafter passengers on Southern railway trains will be put to inconvenience or expense in regard to drinking water and at the same time will not be subject to any possible infection through the use of the common drinking cup.

 Sunday School every Sunday morning at 10 a. m.  
 John F. Idol, Supt.  
 Everybody Welcome.

## W. C. Walters Known In Robertson Co.

Lumberton, April 24.—The report in this morning's paper from Columbus, Miss., regarding the Dunbar created some comment here. The story as told by Walters in the dispatch seems to be true.

Walter is said to have left this county about fifteen years ago, locating in Mississippi. Three or four years ago his brother, D. B. Walters and a woman, Julia Anderson by name, were indicted in this county for living as man and wife without being married.

When an officer went to arrest them Walters made his escape, but the woman and her infant were brought here and placed in jail. Being unable to capture Walters the woman was released and is said to have followed him to Georgia.

It is not known by people here who know the couple, whether or not they are still in Georgia or moved to Mississippi.

J. P. Walters, father of W. C. and D. B. Walters, now very old, resides near Barnesville, in the southern part of this county. No explanation is given as to how W. C. Walters came to have the child in his possession. A lawyer came to Barnesville this evening to investigate the matter.

## SECRETARY OF STATE BRYAN IS ON HIS WAY

Washington, April 24.—William Jennings Bryan, secretary of state, left Washington at 6:45 o'clock tonight over the Pennsylvania railroad for Sacramento, where on Monday he will begin consultations with Governor Johnson and members of the legislature in an effort to frame an anti-alien bill and law that will not be in conflict with treaty obligations of the United States with Japan.

"I go hopefully, yet with a realization of the responsibility involved," said the secretary as he left the White House after a final conference with President Wilson.

The President had explained early in the day during his conference with the newspaper men that the purpose of Mr. Bryan's visit was to take counsel with the California authorities as to the best way to avoid international difficulty. The President let it be known that he considered the attitude of the Japanese government in arguing its case proper and friendly and that there had been no note of antagonism, despite reports to the contrary, the position of the Tokio government having been one of respectful urgency that no discrimination be made against their people. Inquiries as to just what Japan would consider a discrimination brought forth the intimation from the President that, with the eligibility of Japanese to citizenship still a debatable question, it would be difficult to define just what would be construed as a discrimination.

Mr. Bryan himself declared later that he went with no specific instructions, but simply with the general idea that discrimination aimed directly at the Japanese should, if possible, be avoided.

The secretary will keep in touch with the President by telegraph, and until his arrival in Sacramento the administration is in hopes that no action will be taken in California.

## A WAY OUT

### A Residence of Burlington Shows the Way.

There's one effective way to relieve kidney backache.

Liniment and plasters may relieve it;

But they seldom reach the cause.

Backache is cause to suspect the kidneys.

Doan's Kidney Pills are for disordered kidneys.

Burlington people back them up.

Read a case of it.  
 Mrs. Sarah Andrews, Webb Ave. & Anthony St., Burlington, N. C., says: "I suffered a great deal from pains in the small of my back. I had such bad headaches at times that I could not get about. I was dizzy, too. Finally, I decided to try Doan's Kidney Pills and got some from the Freeman Drug Co. They relieved me."

### RE-ENDORSEMENT.

When Mrs. Andrews was interviewed by our representative on March 15, 1912, she said, "All I have ever said about Doan's Kidney Pills holds good. I know that they are the best of all kidney medicines."

For sale by all dealers. Price 75 cents. Foster-Wilburn Co., Buffalo, New York, sole agents for the United States.  
 Remember the name—Doan's—and take no other.

### 232 Cars Strawberries Shipped.

Wilmington, April 25.—A total of 232 cars of strawberries have been shipped from this section since the season opened some days ago. Conflicting reports come in relative to the damage by frost. The day after the big frost, Tuesday, it was stated that no damage to speak of had been sustained. Wednesday it was said that it would reach 10 per cent and yesterday there were reports that it would go beyond that. There is no doubt about the loss around Norfolk being all of 23 per cent to all trucking crops.

### He Hugged Too Hard

Passionately embracing his sweetheart on his return from China, a young French officer, of powerful build, clasped her too tightly and broke her neck. The girl was anxiously awaiting her lover on the quay, at Genoa, Italy, April 10th, and the moment the liner was moored, the equally eager officer sprang ashore and clasped her in his arms.

### Nothing at All Doing

A crusty tenant of a Scotch landlord pressing him to complete some piece of work which had long stood over, the landlord craved further delay, adding that he would give his word of honor—nay, his written bond to have the thing done before a certain day.  
 "Your word!" exclaimed the tenant. "It's well known that that will do me little good; and as for you writing nobody a read it."

### 40,000 Children At Work In Cotton Industry.

1 in 10 of all the wage-earners employed in the manufacture of cotton is under 16 years of age, according to the Bulletin of Manufactures just issued by the Census Bureau. The National Child Labor Committee points out that the textile industries are still the largest employers of children in factories; for this Bulletin based on the Census of 1910 shows 221 employers in the manufacture of cotton goods, 11,111 in livery and knitting mills, 9,912 in the woolen and felt industry and 8,143 in silk factories. The Bulletin shows also 11,035 workers under 16 engaged in canning and preserving and 78,951 scattered among seventy-seven other manufacturing industries.

The largest percentages of factory workers under 16 are found in the South Atlantic States and Alabama; the next largest Rhode Island and Massachusetts. It should be noted that these figures do not include the great child employing occupations such as merchantile establishments, messenger service, home-workers and street-trading.

### Thanks Be.

The reason he loves her? E'en he cannot tell.  
 But with her is Heaven, without her is Hell.  
 To us she looks stupid and ugly and old,  
 While buties about him in numbers untold!  
 Then why did he choose her?  
 The mystery is grate,  
 But lovers are lovers by curious Fate!  
 And why does she take him?  
 Sure nobody knows!  
 Her path has been crowded by lovers and beaux  
 And here—she's adoring the worst of the lot!  
 He's minus a fortune—his talk's "tommy rot."  
 His figure's atrocious—and yet she is his!  
 This loving of lovers is sure a "queer biz!"  
 But that is the way it always will be—  
 Why lovers are lovers—we others can't see;  
 But you know and I know it's only too true  
 That one who thrills me doesn't often thrill you.  
 One gives me heart transports, while you she gives chill;  
 It always has been so—and "thanks be" it will.

# YOU CAN AFFORD A FORD

Yes you can no longer afford to be without one of these matchless cars. Why not connect up with the city or anywhers you want to go? The new 1913 Ford has been greatly improved in design and otherwise, and on account of the greatly increased output the price has been lowered and is now within easy reach.

## Bad Spells

"I suffered, during girlhood, from womanly weakness," writes Mrs. Mollie Navy, of Walnut, N. C. "At last, I was almost bed-ridden, and had to give up. We had three doctors. All the time, I was getting worse. I had bad spells, that lasted from 7 to 28 days. In one week, after I gave Cardui a trial, I could eat, sleep, and joke, as well as anybody. In 8 weeks, I was well. I had been an invalid for 5 weary years! Cardui relieved me, when everything else failed."

## TAKE The CARDUI Woman's Tonic

If you are weak and ailing, think what it would mean to you, to recover as quickly as Mrs. Navy did. For more than 50 years, this purely vegetable, tonic remedy, for women, has been used by thousands of weak and ailing sufferers. They found it of real value in relieving their aches and pains. Why suffer longer? A remedy that has relieved and helped so many, is ready, at the nearest drug store, for use, at once, by you. Try it, today.

## Letter from Gimlet Head.

Mr. Editor:—

I expected to write you a little notice last week, but for reasons that I can't explain in this letter. So I got my son in law, that lives in Burlington to write you his own mind. I stayed in Washington longer than I expected two, for I hadn't never seen before or since such a delightful place as our National Capitol. You know, I wish I had you by the paw and looking right strait into your block, I would just tell you a few things that I have just seen in this city, but I am so far away and I am afraid that I will never get home any more that I must tell you about it write now. I did not eat any grub at the New Willard or the Raleigh Hotel, but I just dropped into two that calf and wherever I was, when feed time kum upon me, but I got me a room away down on Delaware Avenue, so I could see the onward march of the pie brigade.

If you ever wuz in Washington you will remember that Delaware Avenue is a street that runs direct from the Union Station to the Capitol. Whenever I got real lonely at night and wanted to see some of the folks from down home all I had to do-wuz to stick my block out of the window and I kude see more Burlington folks and lots of Greensboro folks rushing right up to the Capitol than you ever that about. I can't tell the names of them all for it would take two long a tyme, but I does remember that as soon as one Burlington man wuz gone another would come in on the first Southern train from the South. I asked a beer jerker how business wuz and he said it shore was good, for it seemed to him that all of us Tar Heels must be on fire on the inside from our toes up, from the amount of ice cold beer, it took to quench our thirst, and refresh our anatomy. He said of course we did not drink anything stronger for us wuz all Southern gentlemen.

I tell you if I hadn't bin a good runner there would have been a powerfully fight on Pennsylvania Avenue. It wuz this way; I met a good old college mate of mine and I spoke to him as usual. Saying good morning Charlie, How are you my Royal Blue Woodrow Friend? His hair raised up, his eyes twinkled and glared, and his body became very rigid and his voice extremely strong and heart rending. I did not know what I had done to so offend my friend. He says, "I'll have you to understand that I am no Wilson fow. I am a Bleese Democrat from the Palmetto State." I shore did lit a rag. Off came my hat and I jerked my feet up, and the next time I was observed I was turning the corner at the navy yard and going South towards the Putomick River and I certainly will be kerful how I spoke to another gentlemen friend from the dispensary state hereafter.

Oh my! I was about to forget to tell you about the Tar Heel Camp. This company has just been organized since the beginning of Mr. Wilson's administration, and I would not have gotten mixed up with that crowd if it had not been for a confound newspaper reporter, I went to college with. He knows that I am a tar heel and as soon as he saw me slide out of the Union Station he met me at the capitol and said, "Hello Gimlet, are you looking for the Tar Heel Company?" and I said, not as I know off. What do you mean? He said, "that there wuz so many pie hunters in Washington that the hotel could not accommodate them so they had took possession of a section of Pennsylvania Ave. just opposite the Botanical Gardens under the right so Squatter Sovereignty and therf they wait until the wheel turns round, whether their little grist is ground or not. I went down and mixed with the crowd, for there shore was a lot of them, some were fine looking fellows, but lots of them looked long, lean, lank, and powerful hungry. Some singing for past, time, some shouting over victory, Some hollering to keep the police close by, and the rest cussing over defeat. At first I thought North Carolina was the only state that was so represented, but upon investigation I found that all the states were represented from a company in number up to a regiment, looking for the juicy plums that may some time fall by the way side into the unused block door.

Of all sad pictures that I have ever beheld is this large number of little pie scrappers, that are now tending along Pennsylvania Avenue, although I have a tender feeling for them and especial-

ly for those who have not got any of the juicy sweetness coming their way, for I remember you and me in former times visited the capitol city while the lamented William McKinley was dispensing the great fruits for my native land, and O, I remember how sad it was that I was turned away without nothing to quench my thirst, or even a little plum to satisfy my longing, aching never satisfied appetite.

My good friend Col. Watts has been delayed in receiving a piece of pie, because he is a conservative and a gentleman and scholar of the first waters, I also no how to sympathize with him.

I certainly was glad to get the letters that you forwarded me, that spoke so complimentary of my first letter, but you sent me a few letters that were unsigned and I did not know who the writer wuz, and I wish I had never received them for they talk mean and bad and they talk like that my days may end soon and like those of the Carmick tragedy of Tennessee, or become a Gobelite of the Blue Grass State. I can't help it that my spelling is poor, my diction bad and that it is necessary to express myself very forcibly at times that, I used a little slang. I have those precious little mementoes laid away in the archives of my memory so that I may know in eternity that I have made glad some, and to my sorrow wounded the feelings of others.

I would like to do everything just right so that I would not have an enemy in awl the world and be so popular among the ladies, so that all the pretty ones would want to hold my hand by day as well as by night, but such a time has never come in my life and I fear never will, because I have never seen anybody else that looks like Sal, and I suppose that if I had not have loved her she would have gone unloved all the rest of her days. Be shore to come over and see me just as soon as I get home because I am starting with a bundle of blue ribbon and a sample of Milwaukee and a bottle or two from Slitz's laboratory, so if you should feel the least bit indisposed I can surely drench you at once.

With best wishes and lots of love to all of the youngens and to your many readers, I am as ever,

Your faithful friend,  
Gimlet Head.

## Prize Awarded for the Best Prayer.

Lumberton Robesonian.

Mr. Fred Brown tells of a recent meeting at a negro church in Lee County, in which two of Ham's sons, ministers, contested for a prize, the prize being offered to the negro who could make the best prayer. This contest was decided by judges and one of course was awarded second place.

## For Sale.

55 acre farm, one mile of Burlington, N. C., located on Macadam road, good buildings, at a bargain. Central Loan & Trust Co., W. W. Brown, manager, Burlington, N. C.

## The Climax of Efficiency

in the billing and tabulating typewriter is attained through the latest Remington development—

the Tabulator  
Set Key

This single key sets the Decimal Tabulator Stops for every variety of billing, form, and tabular work. You simply move the carriage to the desired points on the paper and at each point strike the set key—that is all. Hand settings are avoided; all complications are eliminated. The setting of the stops is

as quick and simple as the operation of the Tabulator itself.

The Set Key completes the work of bringing every act in the operation of the Tabulator within the compass of the keyboard. It makes the operation of the Billing and Tabulating Remington as easy and as simple as ordinary typewriting.

Send for our illustrated booklet describing the new and exclusive features of the

**Dr. W. G. Sargent, Providence, R. I., To Lecture, Secretary For Education.**

Elon College, N. C., April 26. —The third institute for ministerial students for the present session will begin on May the eighth and the speaker will be the Rev. W. G. Sargent, whose theme will be the Revelation. The other speakers have been Dr. J. J. Summerbell, Dayton, Ohio, who has since deceased, and Dr. W. S. Long, Chapel Hill, N. C. Dr. Summerbell discussed during the three days of his institute. The Effects of Campbellism. Dr. Long's theme was Systematic Theology, and Dr. Sargent will conclude the series with two days of institute work, three sessions of two and one-half hours each day, treating the difficult problems of the Revelation, in which he is a specialist.

Dr. Sargent is pastor of the largest and most influential churches of Providence, Rhode Island, and is also Secretary for Education of the American Christian Convention. Before emigrating this country, he held responsible charges in Canada, being pastor of one of the oldest churches of Toronto just before coming to Providence.

Dr. Sargent besides lecturing to the ministerial students on the Revelation will preach twice and speak to the entire student body on one of his recent pilgrimages into the realm of Belles Lettres, his subject for that occasion being: The Teaching spiritual of Tennyson.

The complete roster of the lectures, which are known as the American Christian Convention lectures shapes itself thus:

May 8, Y. M. C. A. Hall  
9:00 A. M. The Apocalypse as Religious Literature.  
2:00 P. M. The Purpose and Method of the Writer.  
7:30 P. M. The Messages to the Churches.

May 9, Y. M. C. A. Hall  
9:00 A. M. The Chief Actors in the Drama.  
2:00 P. M. Revelation and Judgement.  
7:30 P. M. The Perfected Kingdom of God.

May 11, College Auditorium  
11:00 A. M. The Culture of the Spirit.  
8:00 P. M. The New Vision.

**Epidemic of Measles.**

Asheboro, April 27. —The towns of Seagrave and Why Not south of Asheboro have an epidemic of measles. Quite a number of people at both places have died from the disease during the last few weeks and many others are now in a critical condition. School has been suspended at Why Not Academy on account of the epidemic.

Mr. A. A. Spencer has sold the Central Hotel property, consisting of a 28-room building and one and one-half acres of land, to Mr. W. J. Scarborough. The consideration was \$3,000. There will be no change in the hotel management which is now conducted by Mr. A. Auman.

**LIST OF UNCLAIMED LETTERS**

Remaining in Post office at Burlington, N. C. April 26, 1913.

**DEATH RESULTED FROM ROLLER SKATING ACCIDENT.**

New Bern, April 28. —The roller skate claimed its first victim here yesterday when Ellis Meekins, the 17-year-old son of Mr. and Mrs. Isaac Meekins, who reside at No. 312 New South Front street, died from injuries received from a fall sustained while he was skating on Pollock street last Sunday night. The young man, in company with several companions, was skating on Pollock street and some playful threw a small strip of wood across the sidewalk. Not seeing this obstruction Meekins

went down the sidewalk at a pretty fast clip and when his skates struck the stick he was thrown to the pavement with great force and his hip and three ribs were broken. He was taken to his home and medical attention rendered, but he did not rally and Saturday congestion of the brain set in and death occurred a few hours later.

**Protest Against Washed Money.**

Washington, April 28. —Lettres from 587 bank presidents and cahiers through the country protesting against washed money and proclaiming it the counterfeiter's delight" were offered for printing.

During the discussion Senator Marktine said a bank president in Tennessee had writtend him that the man should be tarred and feathered who put pantaloons on the American eagle adorning our currency."

Senator Gallinger suggested that the Treasury's money laundering process might "wash the pants off."

**Oakdale Items.**

We have been so very busy attending to our own business we have not had time do any writing but hope we will not be turned down.

Several of our people attended the T. P. Sunday school convention at Mt. Zion the 13: inst they all pronounced it the best they ever attended. Quite a number of good talks were made by the Pastor Messrs. June Hornaday and Blake Isley of Sylvan.

Just before the class two banners were awarded one to the Baraca class the other to the Phalathill both classes of Pleasant Hill school. We would be unjust to the leaders if we did not say the singing was fine led in the morning by F. L. Spoon in the evening by T. C. Carter.

Officers elected for the next year were for Pres. June Hornaday, Vice Pres. T. C. Carter Sec. and Tres. Miss Larene Green. It was quite a treat to us to attend the closing exercises of Sylvan Grad school the children and all did well showing the careful training they had this winter.

In spite of the cold weather wheat rye and oats are looking fine. Corn planting is making good headway the weather has been ideal for farm work this month.

The cemetery at Mt. Zion is getting so near full that it was necessary to buy another lot so the trustees have secured a very suitable and valuable lot at the back of the old one. And all wishing to help to pay for same are requested to send a contribution to the trustees soon. So we are informed by one of them.

**TRAGEDY OF ONE LIFE**  
Man Trails Betrayer of His Sister—A Genuine Case of "Unwritten Law" Money Did Not Save the Object of His Hate.

W. Temple Linson is dying in a Kansas City hospital. Before he dies he wants to tell his story (one) more to the world. It will relieve his mind and put him right before his fellow-men He

I was dining at the Yosemite hotel at Stockton, Calif. He came in. I shot him five times and killed him.

"I spent the rest of my fortune, \$140,000, for my trial. The trial lasted six years. Four juries hung and the fifth acquitted in 1902."  
—The Union Republican.

Cures Did Sores, Other Remedies Won't Cure

**COME AND SEE THEM**

**The HOLT-CATES CO.**  
On the Corner Burlington

is 65 years old and is suffering from tuberculosis. Physicians at the hospital say he will live less than a month. Here is his story as he tells it:

"It was May 10, 1869 he has told the story so many times to the nurses at the hospital that he remembers the dates perfectly) when I ran the first locomotive of the Union Pacific out of Denver. The road had just been completed that far west. I had been in the employ of the Union Pacific longer than any other employe. They trusted me with their first big engine. I worked for them 40 years.

"I was engaged to marry a young woman who lived in Centralia, Ill. My home was in Macon, Mo., where I lived with my sister Frances. By speculation I made a lot of money and determined to give my sister the education my parents had been unable to afford her. So I sent her to a private school in Maryland.

"After my sister Frances went to school she would write me every week. One day the letters stopped. I wondered but thinking she was busy with her school work, waited patiently. Two years passed and I did not hear from her. I decided to go to the school and find my sister.

"When I arrived at the school the instructor told me that Frances had married a rich young man and had left school two years before.

"I began to search for her. I finally found her in Atlanta Ga. But her husband had left her. Frances confessed to me that he had led her into a mock marriage with the usual result. I took my sister to the home of my fiancé at Centralia. Because of the disgrace she committed suicide two days later.

"Then I began another search one which lasted 26 years. This time for the rich young man. I took up the trail at Washington, D. C., and followed him to England. There I saw him, but he dodged me. Down through Germany, France, Spain and Italy he went but I was never able to get hold of him. He was always a week ahead me. He knew I was following him.

He fled to Canada. I lost track of him for two months, but I picked up the trail again in New Orleans. He shipped over to Mexico and down thru Central America into South America. I had a little money and I was determined to spend it all, if necessary to catch him.

"He went to Johannesburg, Africa. But I was right after him. He came back to the states So did I. He was three weeks ahead of me now. Down to New Zealand and Australia I trailed him. He was gaining all the while. Then I lost him. I came back to California with half my fortune spent.

"It was Christmas night, 1897. I was dining at the Yosemite hotel at Stockton, Calif. He came in. I shot him five times and killed him.

"I spent the rest of my fortune, \$140,000, for my trial. The trial lasted six years. Four juries hung and the fifth acquitted in 1902."  
—The Union Republican.

**STRIKE ON ASHEVILLE STREET CAR SYSTEM**

Asheville, N. C., April 26. — Nearly 100 employes of the Asheville Power & Light Co., comprising the entire force of motormen and conductors operating the street railway system of this city, went out on a strike at noon today after taking their cars to the barns.

The strikers who are being advised and counselled by George Keenan of Rochester, N. Y., fourth vice president of the Amalgamated Association of Street Car Men of the United States and Canada, demand an increase in pay at a rate of from 21 to 25 cents an hour, instead of the old rate, 18 to 21 cents an hour.

The demands of the men were first presented to the company April 19, and various meetings have since been held. Negotiations terminated at noon today when the company was informed by telephone that the cars were "on the way to the barns." The company, the strikers say, refuse to submit the claims of the men to arbitration.

Officer employes and street workers of the company operated about half the usual number of cars today but all were withdrawn about 8:30 tonight. This action followed successful attempts on the part of a mob of boys and young men to cut the trolley ropes of the cars. The company announced tonight that no cars will be operated tomorrow but it is expected that sufficient men to operate the entire system will arrive here for work on Monday.

**Wreck on Virginia and Southwest-ern.**

Bristol, Tenn.-Va., April 26. — Two cars were demolished and the passengers severely shaken up when a moving freight car crushed into a Virginia and Bristol yards of the Norfolk and Western railway at 6:30 o'clock this evening. The train had just arrived over the Virginia division and was bound for the union station.

**Piles Cured in 6 to 14 Days**  
Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. The first application gives Ease and Rest. 50c.

**FINE WEATHER**

Should be an inspiration to every man and boy to dress well, and in order to do this have your suit tailored by H. Goldstein, who does the measuring, cutting and fitting. By having you present Goldstein makes the fit perfect.
