Prof. Futrall Visits Alamance.

Prof. Thomas A. Futrall of Marianna, Lee County Arkansas Supt. of Public Schools, is visiting his sister Mrs. L. L. Kerrod, at Graham.

Prof. Futrall was born and reared in Randolph County, N. C. and was the last commander of "G," 46 N. C. Regiment, Gen. John R. Cook's Brigade.

This company was made up of Randolph boys many of whom were Professors and students from Trinity College and the first captain was the later Prof. O. W. Carr.

At the battle of Rean's station Capt. Preston Troy was badly wounded after which Prof. Futrall was promoted for gallantry under fire and commanded the company until the end of the war surrendering the company at Appomattox on Sunday, April 9, 1865.

Prof. John Lee Davis of this place was a member of Prof. Futrall's company, and was severely wounded at Rean's station losing his left foot. He and his old commander met last Saturday for the first time in 50 years.

Prof. Futrall has been engaged in educational work continually since the surrender and ranks as one of the most distinguished national educators.

After an absence of half a century, he has returned to the home of his boyhood to visit for a few days the loved ones from whom he has been so long separated.

The Professor is preserved and thinks he could take part in another war if an opportunity should offer.

Burlington People Give Credit Where Credit is Due.

People of Burlington who suffer with weak kidneys and bad backs want a kidney remedy that can be depended upon. Doan's Kidney Pills is a medicine for the kidneys only, and one that is backed by willing testimony of Burlington people. Here's a case:

Mrs. R. L. Wheeler, Lakeside Ave., R. F. D. No. 2, Burlington, N. C., says: "I am a very strong believer in Doan's Kidney Pills. They cured me of backache and other kidney troubles after everything else failed. My back was certainly wretched. I could hardly climb a flight of stairs and it was impossible for me to bend. I was bothered by dizziness and headaches. A relative told me to try Doan's Kidney Pills and I did so. My health began to mend at once and I soon felt like a different woman."

Took To The River.

Hickory, N. C., April 28.—Late Saturday afternoon Deputy Sheriff J. P. Burns and Revenue Officers Jones and Bandy, raided a still near Wright Brothers store 17 miles southwest of this city, and captured and destroyed a 50-gallon copper still and 1,500 gallons of beer, together with fixtures. The still had been in operation for about two weeks and from appearances had been running day and night.

As the officers stole upon the outfit, two men were seen working at the place. At about the same time the men saw the officers and as the still was in such a place that the only way to reach it was by the path in which the officers were coming upon them on one side and South Fork River on the other, the moonshiners chose the only place left for them to vacate—by the river. It is said that they did some powerful swimming to reach the other side, where they disappeared over the hill. There names are not known.

Converse Girls Thrown Into A State Of Panic.

Spartanburg, S. C., May 15.—Two hundred young ladies were thrown into a state of panic and 30 negroes waitresses in the kitchen at Converse college were scattered in a moment to the four corners of the campus early today during the breakfast hour at the college when C. J. Cheshire, of Atlanta, the new steward at the college and John Mayes, a discharged cook, engaged in a pistol duel in the kitchen. Nine shots were fired during the engagement and seven of them took effect.

In all Mayes fired four shots, two of which took effect—one in the left hand of Cheshire and the other striking his breast bone and deflecting. Cheshire fired five times, each bullet taking effect in the negro's body, three entering Mayes' left arm above the elbow and shattering the limb one bullet entering the left shoulder and the remaining one striking the breast and ranging downward. It is the latter ball that may prove fatal.

Cheshire was arrested and gave bond. The negro is in a local hospital and physicians say his chance for recovery is slight.

Raeford, N. C., May 16.—The trial of John Cameron for killing Chief of Police P. C. Oakes last August, came to an end early today, when Judge Ferguson sentenced the defendant to twenty years in the State penitentiary.

Through his counsel Cameron yesterday pleaded guilty of murder in the second degree, but undertook to show as a mitigating circumstance that he was insane at the time of the killing. For the purpose of the leading witness for the defense was Dr. J. Allison Hodges of Richmond.

The night session of the court last night completed the expert testimony of Dr. Hodges, who despite the severe cross-examination by Attorney E. J. Justice, of Greensboro for the defendant stuck closely to the theory that Cameron was mentally unbalanced at the time of the homicide last August.

Dr. Peter Monroe, of the North Carolina Medical College of Charlotte, was called to the stand and only responded with a corroboration of the testimony of Dr. Hodges. Court then adjourned until 9:30 today.

The only expert witness placed on the stand today was Dr. G. W. Brown, of Raeford who testified that he examined Cameron on the day of the homicide and that there was no symptom of insanity then.

Dr. Brown testified that he had known Cameron for several years and that he had never believed him to be mentally unbalanced that he was often crazed with alcoholic drink.

Wife Shoots Husband.

Jacksonville, Fla., May 14.—H. P. McNeil, a nephew of United States Judge Emory Spear, of Georgia, was shot and probably fatally wounded in a scuffle with his wife today at Pablo Beach. Mrs. McNeil and Patsy Lee, the McNeil's negro chauffeur, both were placed under arrest pending an investigation by the county officials.

The McNeil left Jacksonville early this morning for Pablo Beach in their automobile. According to statements attributed to Mrs. McNeil and the chauffeur the former was attacked by McNeil. After the woman was knocked down she grappled with McNeil, who, according to the statements, had drawn a revolver and was attempting to shoot her. In the scuffle which followed the pistol was discharged, the bullet entering McNeil's head just behind the ear. The wounded man was rushed to a hospital where physicians state that he cannot recover.

Entered as second-class matter May
26, 1908, at the post office at Burling-
ton, North Carolina, under the Act of
Congress of March 3, 1879.

Wednesday, May 21, 1913.

The business men and citizens
of Siler City have organized a
local freight rate association to
assist the state association in
remedying the trying discrimi-
nations that now exist through-
out our state.

Pres. Wilson says that he is
absolutely opposed to any kind
of compromise on the tariff
question, and that the Senate
must pass the bill as presented
by the house unamended. Giv-
ing as his reason that it is nec-
essary to fulfill the pledges
made by the democrat plat-
form. So get in line you little
weak kneed democrats for Wood-
row is on your track.

The Democrat party has gone
very democratic. The Senate
last Friday by a substantial ma-
jority composed of the democrat
members refused a public hear-
ing of the important tariff sched-
ules as they are considered by
the finance committee. In the
division, however, two senators
from Louisiana voted against the
majority thus wisely protesting
against steam roller tactics and
gag rule. We are not forecasting
evil, destruction or distress, and
we certainly hope that it will not
come, but if there is the same
results from this tariff bill as
have resulted from all former
democratic measures. You may
count your chickens for next
years hatching. If the people
are supreme they should be given
a hearing before this most
important committee. If the
democrat party is the final mea-
sure in all matters it is useless
for the manufacturer the distribu-
ter and the consumer to speak.
The facts are being placed before
you from day to day by the
witnesses on the stand, and it is
only a short time until the jury
shall again take the case.
Where the verdict will be already
easy to answer.

A representative delegation
of Burlington people
went to Greensboro last
Friday upon invitation of
the Southern Bell Telephone
Company to inspect the Greens-
boro and High Point
Telephone plants. A large
number of Burlington
and Alamance County people
have asked the Southern Bell to
install the Central battery sys-
tem in the Burlington office in
place of the present magneto
system. Everyone that have
examined the two systems are
very anxious that the new sys-
tem be installed, because
it will give so much more satis-
factory service than we are able
to receive at the present time.
It is a matter that must be settled
by the Board of Aldermen and
the State corporation commis-
sion. We trust that they may
take favorable action in regard
to the same.

THE STATE DISPATCH.

Democratic Inconsistency.

The Saturday Evening Post in
commenting upon the tariff says,
that it is so amazing complex
that no one expert can really
understand all of it. A system
so imbedded in American busi-
ness that the democrats while
lowering the duties are forced to
retain it. A genuine tariff-re-
venue bill could be written on
three pages, but it will be a good
while before we get around to
that. It seems strange that the
Saturday Evening Post should so
severely criticize the present
Congress for its inconsistent acts.
The democrats promised us, last
fall, a tariff for reveue only.
Now, all of them with one or
two exceptions, are making a
bitter fight against their own
pledges.

The Solution.

Many of our friends have asked
us in person our opinion as to
the amalgamation of the Repub-
lican party, the Progressive-Re-
publicans, and the Progressives.
This is a very simple matter to
settle, provided the present
policies of the present administra-
tion are carried into force as
promised by Mr. Wilson and the
Democrat party. Its true that
there will be some discord in the
convention that marshal the
forces to form the common de-
fense against the radical measure
that are now being introduced
by the most radical political
leaders of all time.

Necessity, it has been said, is
the mother of invention; and we
verily believe it. Necessity will
cause the harmonizing of the
great majority that has already
opposed the democratic views of
national government. After
twenty long years of quadrenial
blunders the republican party
now admits that the representa-
tion of the national convention
should be in proportion to the
number of ballots cast in the
preceding election for the elect-
ors. It will be very unfortunate
for the opposition of democracy
to ever attempt to march its
forces in the name and under the
banner of the republican party,
because it has a sting akin to
that of death to every confeder-
ate soldier, and many of their
lenial descendants, but in Yankee
land it is the call to arms and
banner under which our country
was saved and our industries
made great and lasting and our
homes successful and happy.
We would suggest to the brethren
that they unite the platforms
and of the progressive and re-
publican party by eliminating
from the progressive platform,
Woman Suffrage and by eliminat-
ing the high protective tariff
feature of the present republican
party, and adopt the plank of
the progressive platform on the
tariff question. Read just con-
vention representation in propor-
tion to the ballots cast and un-
fold to the breeze a new banner
of gold with a border of liberty
in letters of pure white. The
word "Conservative." This
may be a premature suggestion
but mark the words of this writ-
ing that three years hence the
democrat party will see a solid
line of opposition, not because
the opposition all agree, but be-
cause its forced upon them.

The Post Said.

"Of all sad words of tongue or
pen the saddest of these it might
have been." We presume that
this is so, but of all sad words
that we have ever heard fell from
the lips of a prominent Burling-
ton citizen a few days ago when
he spoke without hesitation or
mental reservation and said,
"Dam the hospital, to hell with
the Chamber of Commerce, and
destroy as far as he was concern-
ed, the Graded School". We
thought often and of many a
circumstance, but we are unable
to extend our imagination to that
point where a human being can
fall so low and become so vile

and an impious wretch as to for-
get his duty to himself, his
neighbor, his country and his
God.

We cannot conceive of a man
so poor for the want of this
worlds possession or a man so
blessed with all the necessities
of life as to forget that the same
God created the street Arab, that
breathed into the millionaire's
nostrils the breath of life, al-
though living in a palace sur-
rounded by luxury, who has never
known or felt the pang of want.
Is it possible that a few of our
citizens have so forgot that from
the humblest homes and the low-
est walks of life there often come
men and women that bless the
day and generation in which
they lived and crown themselves
and mankind with the choicest
diadems of life.

Such was the case of Gold-
smith, Moody, Garfield, Lincoln
and many more men, if space
would permit, will live in the
hearts and minds of unborn gen-
erations, when the would be king
on his throne in Burlington is
dead and turned to clay, and is
not even worthy of closing a
crack to keep the wind away.

Conceive, if you can of a man
or a soul so wretched not to
have enough of the greatest
spirit in it, to lift up the fallen,
rescue the perishing and aid the
distressed. If such there be go
mark him well for there certain-
ly can be no city, not made by
hands where the Supreme Archi-
tect of the Universe presides,
for such a vile wretch as he may
be in not doing what little way
be within his power to encourage
the child of our land and their
educational captains, to aid the
business interests of our com-
munity as far as the cases are
legitimate, and to render aid to
the distressed at all times.

In the words of the immortal
Tennyson, "Rise happy day rise
holy morn draw forth cheerful
day from night, and light the
light that shone when hope was
born."

Crops Ruined By Hail.

Newton, May 16.—Reports
from the southwestern part of
the county and the upper edge of
Lincoln tell of a terrific hail
storm that visited that section
during the good rains here.
Much damage was done to grow-
ing crops. Wheat and oats were
practically destroyed in some
places. The hail on level ground
was two or three inches deep,
while in many places it drifted
to the depth of 12 inches. Many
farmers are planting corn and
cotton over. The trees in places
were totally stripped of their
leaves.

Simple Services in The Funeral Of Mrs. Stedman.

A very simple services con-
ducted by Rev. Thomas G. Paul-
kner, was held over the remains
of Mrs. Charles M. Stedman at
the Stedman residence yester-
day morning at 11:45. A num-
ber of friends of Major and Mrs.
Stedman gathered at the home
to pay the last tribute to the
deceased. The floral offerings
were numerous and beautiful
testifying to the high regard in
which Mrs. Stedman was held
in Greensboro. The body was
carried to Wilmington on the 12:50
train, and the funeral will be
held in that city in St. James'
Episcopal church today being
conducted by Rt. Rev. Robert
Strange, bishop of the diocese of
eastern North Carolina.

"A CHILD IN HEAVEN."

A child in Heaven! Oh, can it be?
A blessing thus conferred on me!
Though lost to us her precious
face,
Yet found in Christ a child of
grace.
A child in Heaven! the blissful
thought
E'en to a mother's heart 'tis
fraught
With peace and joy that none
can tell
For one doth now in glory dwell.
A child in Heaven! pain no more;
Her hours of suffering are all
over.
An angel-song is her employ!
And would I rob her of her joy.
A child in Heaven! Oh, sure
twill be.

That I my darling there shall see,
For who can tell when death
doth come,
But she may waft my spirit
home.

A child in Heaven! attraction
rare;
One of my loved ones garnered
there,
A sinless robe, her raiment now,
A seraph's crown is on her brow.
A child in Heaven! I murmur not,
But bless God for her blissful lot,
Early to be released from earth,
Early to gain her heavenly birth.
A child in Heaven! not an heir,
But gone to take possession there,
Of that bright mansions of the
blest,
Who pass from earth to Heaven's
rest.
A child in Heaven! my savior's
arm
Shelters my babe from every
harm,
And though I long her face to
see,
Yet Jesus will her mother be.
A child in Heaven! not in the
tomb
The root on earth on high the
bloom,
Her spirit is the fragrance given,
To him who for us purchased
Heaven.

Graded School Commencement

The Burlington Graded School commencement began Sunday night with the Annual Literary Address preached at Front Street Methodist Church by Rev. Mr. Buck of the Baptist Church. The church and Sunday school room was filled to overflowing. Quite a number of those who went failed to be admitted.

The senior class which is composed of 21 girls and 3 boys met in the basement of the church and marched in two by two. The costumes of these dignified seniors were simply lovely. Music was rendered by a select number of boys and girls assisted by the choir singers of some of the various churches. Rev. Buck delivered a sermon full of high ideals and great determination from "Philippians 2:13-14". He held his audience for more than a hour attentively. The scriptures were read by Revs. D. McIver and T. S. Brown followed by prayer by Rev. A. B. Kendall. Monday night was contest night in which the following girls contested for a gold medal, Imogene McCuller Scott, Mary Sue Browning Nina Ingle and Minnie Mary Ellis. The contest was very much enjoyed the medal being won by Imogene McCuller Scott. The judges were Mrs. W. H. Carroll, Lilla Bull, Revs. Kendall and Gibble and E. S. W. Dameron.

On this same night a spirited debate was held by Sam Bason and Walker Love against David Curtiss and Catherine Elder. The query resolved that Burlington should have commission form of government like Des Moines. The affirmative being represented by Bason and Walker who won the query. Bason winning the medal as the best speaker. Tuesday night was a musical concert, Wednesday night the seniors and juniors and their invited friends will be invited at the senior reception Thursday night will be class night and Friday night the annual Literary Service by the Hon. Clarence Poe, Editor of The Progressive Farmer. A complete write up of Tuesday, Wednesday, Thursday and Friday night will appear next week.

Elion Receives Two Gifts.

Elion College, N. C., May 17, 1913.—Word has just reached the College that the Francis Asbury Palmer Board, of which Dr. Martyn Summerbell is president and Dr. Frank S. Child, Secretary, has granted \$1,500 to the College for current expenses this spring. This same Board last fall voted the College \$2,000.

The President is also glad to announce that the late Dr. J. J. Summerbell, Dayton, Ohio, left a bequest of \$1,500 to the College to be used in its own discretion to the best advantage of the College. It has been decided to create out of this bequest the J. J. Summerbell Fund, the income of which shall be used as the Board of Trustee shall from time to time direct.

One of the great questions which the Board of Trustees will be called upon to decide this June will be provision for a building for the Young Ladies Hall, the organization which provides board and living expenses to young women at cost. It is hoped that a nice building will be provided for this purpose on the Southwest Corner of the campus.

Young Women

Read what Cardui did for Miss Myria Engler, of Summit, Minn. She says: "Let me tell you how much Cardui has done me. As a young girl, I always had suffer so much with all kind of pain. Sometimes, I was so weak, that I could hardly stand on my feet. I got a bottle of Cardui, at the drug store, and as soon as I had taken a few doses, I began to feel better. Today, I feel as well as anyone can."

Just Freight Rate Association.

Three hundred and sixty-one business men of the state of North Carolina met at Raleigh Thursday with the view of having the Freight Rate of the state adjusted. All of the towns of any importance in the state were represented. Burlington being represented in person by Col. Eugene Holt and J. W. Cates.

The assembly made an appeal to Gov. Craig to call the general assembly into special session to remedy the rate injustice in North Carolina. "The Just Freight Association" the most militantly named of all the organizations resisting the rail-road was what this body composed.

Fred N. Tate of High Point was elected president of the association. The meeting was held in the house of the representatives and tax both floors and galleries, nothing but business was in order during the day.

In speaking of the present situation Gov. Craig said "We don't want war but peace. And yet I would rather have war than an ignominious peace, and I tell you it would be ignominious peace to accept the terms that have been offered us by the rail-roads. We are going to have justice and nothing short of justice will satisfy the people of North Carolina." Gov. Craig spoke at length on this cause.

Quite a number of other speeches were made by prominent speakers of the state, all being of one accord that we should have Just Freight Rates.

The Parcel Post Stamps.

The parcel post stamps do not bear the pictures of statesmen or warriors like the ordinary letter stamps, but the new stamps have pictures of men at work. The one cent parcel post stamp has the picture of an office mail clerk busy before a frame holding a large number of mail bags. The two-cent stamp has on it a city mail carrier delivering mail at the door. The four-cent stamp represents a rural letter carrier with his wagon out on the road. The five cent stamp bears the cut of a mail train under full steam. The ten-cent stamp shows a mail steamer tender out at sea. The 20 cent stamp shows the most up-to-date way of delivering mail by automobile. The 25 cent stamp shows an American manufacturer plant with all parts busy and trains with steam up ready to transport the output. Every thing show on the parcel post stamps takes you away from the pictures of men who are dead long ago and bring you face to face with men at work. — Monroe Esquier.

Around the World in A Barrel.

New York, May 14.—There seems to be no limit to the foolish things some people will do for the sake of a wager. Early in 1910 two Venetian brothers named Vanelio, blacksmiths by trade, made a bet that they would travel around the world in a barrel. During the month of June they duly set out from Venice and arrived at Berlin, where they received an enthusiastic reception. The barrel was a special construction, open at the end and having a "perch" inside so constructed as to remain always upright on this one brother sits while the other trundles the barrel along. Food is stored along the sides, and at night, if no other shelter is available, both brothers sleep in their queer rolling home. They estimate that around the world will occupy at least 12 years, so that they have some nine year of barrel-trundling to do before they can claim their bet.

Luke McLuke Says.

From The Cincinnati Enquirer.

The only curves the average reformer can see are those in the dollar mark.

It is all right with a woman. But when a man persists in walking in his sleep he should wear pajamas every night.

When a girl goes down town wearing a tight sweater and no corset she usually has a couple of good reasons for her costume.

When hubby comes home with two dollars gone out of his pay, wife conjures up visions of large blenders and handsomely furnished flats.

When a girl is wearing a high skirt and a \$3 pair of silk hose it doesn't care a hang if her hat is on straight or not.

Modesty is modesty. In Africa a jungle maiden would think of going out unless her gee string was on straight.

TO ACCO INQUIRY.

Washington, April 28.—Investigation of foreign tobacco companies which buy tobacco in the United States will be begun tomorrow by the joint congressional committee named at the last session. Senator Martin is chairman of the commission and Senators Lodge and Brandgee, Representatives Flood and Stedman and former Representative McKinley, are members.

Charges were made before the Senate last year that foreign concerns fixed prices of tobacco abroad and refused to pay more in this country. The Imperial Tobacco Company of Great Britain, one of those interested in the inquiry, is now under indictment in Kentucky for violation of the Sherman law.

A Snake Story.

This being the time of year when all reputable newspaper print snake stories one is now forthcoming.

Last Sunday a big black snake crawled into the bed where Mrs. L. P. Sorrell, wife of Dr. Sorrell of the Leesville section of Wake county, Mrs. Sorrell discovered the snake soon after he got into the bed, and while very much excited and frightened by the strange and incongruous bed-fellow, she did not suffer nervous prostration as some reports had in Durham.

Wonderful Skin Salve.

Buclen's Arnica Salve is known everywhere as the best remedy made for all diseases of the skin, and also for burns, bruises and boils. Reduces inflammation and is soothing and healing. J. T. Sossaman, publisher of NEWS, of Cornelius, N. C., writes that the first box helped his serious skin ailment after other remedies had failed. Only 25c. Recommended by FREEMAN DRUG CO.

For Moving Picture Shows.

Chattanooga, Tenn., May 15.—For the first time in history every important event of a confederate reunion will find its way into the moving picture shows of the world. Arrangements have been made with a leading firm to make these pictures at the Chattanooga reunion. The several parades will, of course, be of paramount interest, but other events will be pictured. As soon as the films can be made, they will be offered in all of the better class moving picture shows in the United States and Europe.

Landmarks of Typewriter Progress

Such are all the recent developments of the

Remington

(Visible Models 10 and 11)

Among these developments are:

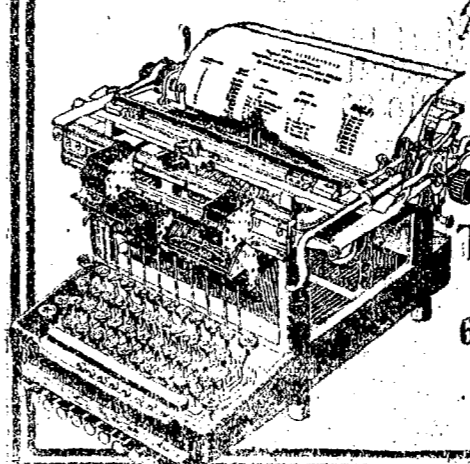

The Built-in Decimal Tabulator—which makes the decimal tabulating mechanism an integral part of the typewriter.

The Tabulator Set Key—which eliminates all hand setting of the tabulator stops.

The Column Selector—which determines, by the stroke of a single key, the exact point on each line where the writing is to begin.

The Adding and Subtracting Remington (Wahl Mechanism)—which combines in one typewriter, and in one operation, the functions of the writing machine and the adding machine.

Every one of these new developments is an evidence of the perpetual leadership of the Remington Typewriter. Illustrated booklet descriptive of all recent Remington improvements, sent on request.

GOVERNMENT RECORDS
DESTROYED IN FLAMES

Washington, May 18.—Fire Chief Wagner and 20 firemen were overcome, several of them being seriously injured by smoke and illuminating gas from a broken pipe today, while fighting a fire in an F street building occupied by the Geological Survey. The blaze destroyed valuable Government records and did considerable damage to the building, but unpublished data valued at \$5,000,000 according to George O. Smith, director of the survey escaped damage. It is estimated that the loss to the survey alone will amount to upwards of \$10,000,000. The American Express Company a leather store and Japanese bazaar which occupied the ground floor also were considerably damaged.

Fire Chief Wagner was overcome shortly after the fire began but soon recovered sufficiently to return to his work. Eleven of the firemen, however, were so seriously affected that they were removed to a hospital where several of them were in a serious condition tonight.

The fire started in some unexplained manner in the basement late today and burned for five hours before the firemen succeeded in subduing it, although it was confined entirely to the basement. This was the fifth fire that has occurred in the building in the past six years each time thousands of priceless Government documents having been destroyed. Most of the loss today was confined to maps and records, many of which cannot be restored.

Thousands of people gathered to witness the fire which threatened the center of Washington's shopping district. Secretary Lane of the Interior Department of which the survey is a branch stood for hours watching the fight of the firemen.
