SCHOOL NEWS.

The readers of this paper may expect to find in its columns each week, under the caption "School News," some of the activities of the public schools of the county.

The first teachers meeting for the year will be held in the Court House in Graham on next Saturday at 11 A. M. This is a very important meeting, not alone on account of the splendid addresses in store, but because announcements, plans and explanations will be given concerning the year's work.

The superintendent has just mailed from his office a twenty-four-page Handbook for Teachers. This book was made by the Superintendent and Supervisor for the teachers of the county and it gives specific information concerning the various departments of school work, and answers a number of questions that the teacher needs to know. Every teacher in the county who will read this school work the coming year and who has not read a copy of the Handbook should read one immediately.

The county schools have already opened. Fairground, Woodlawn, Elmira, and the other school departments at Friendship and Hammer-Memorial are open.

It is hoped that each and every school in the county will have its floors tiled this year. Fairground, Hamner-Memorial, Ossipee and Woodlawn schools have tiled their floors.

Let every school in the county have a cleaning-up day for setting the house and grounds in order for opening. Put the house in good order for the teacher's coming. Woodlawn, Fairground, Eldermont and Elmira have already had such meetings. Let each and every school do likewise.

Teachers Examination.

The second and last examination of the year for Public School teachers will be held in the Court House in Graham on Thursday and Friday October 9 and 10. The first day is set apart for the white teachers and the second day for the colored teachers.

J. B. Robertson,
Supt. of Schools.

Colored Supervisor for County Colored Schools.

Bertha Graves, of Mebane, has been appointed Rural Supervisor for colored schools of the county. The County Superintendent of Schools means from the Deans Fund to pay the salary of such Supervisor. The Supervisor's work will be to supervise the colored schools and try to make them better in every sense of the word, and also to build up community life of the colored people by working through the schools. The Supervisor will look first after the school equipment and literary work, and then introduce industrial work, — cooking, sewing, etc. — as time and conditions will permit.

The newly appointed Supervisor is a graduate of Scotia Seminary, where she received her training in literary and Domestic Science and Industrial Arts. She was a teacher in the Primary Department of the Oxford school for several years. In the past two years she has been successfully a one-room school in this county. She will enter actively upon her duties as Supervisor to-day — Oct. 1.

Bert Leigh in "The Little Millionaire."

Bert Leigh is to be one of the highlights of the theatrical season. He will be the occasion of a party with his score of songs comes to the Grand House Friday night. Geo. M. Cohan's new play "The Little Millionaire" will be given here Friday, Oct. 1.

Conduct Chapel Service at Graded School.

At the last regular meeting of the Burlington Pastors Association Dr. Fleming, Superintendent of the City Graded Schools requested that the Ministers of the Association take turns in conducting a Chapel service each week at the opening of the Schools. The suggestion was unanimously adopted and the following schedule was arranged:

- Monday, October 6. Rev. T. S. Brown.
- Monday, October 13. Rev. Martain W. Buck.
- Monday, October 20. Rev. T. E. Davis.
- Monday, October 27. Rev. J. B. Gible.
- Monday, November 3. Rev. A. B. Kendall.
- Monday, November 10. Rev. Donald McIver.
- Monday, November 17. Rev. T. A. Sikes.
- Monday, November 24. Rev. J. W. Holt.

It occurred to me that this might be of general interest.

Respectfully, M. W. Buck.

Death at Altamahaw

Died at Altamahaw N. C. August 23rd 1913, Robert McIntyre age 59 years 8 months and 4 days. He leaves a wife and five children to mourn their loss, 3 brothers and one aged sister, Mrs. Lemmie Murray, Dr. D. R. McIntyre and P. G. McIntyre of Altamahaw and one brother at Burlington N. C., C. F. McIntyre. He was only sick a short time, taken at 4 o'clock and died at 6 the same morning and was buried at Bethlehem, the 29th. The funeral was conducted by the Rev. L. L. Cox of Elon College. Truly a good husband and a kind neighbor has been taken away, but the Lord doeth all things well. May the Lord be with the wife and children and may they all be prepared to meet him in Heaven where all will be well with them is my prayer. Blessed are the dead who die in the Lord.

OUR FATHER.

O how sad and lonely we are
A grief upon us has come,
For father dear has left us
And gone to his happy home.
In two short hours the change
Was wrought
Our hearts are plunged in
Sorrow,
His soul passed away in the
Silent night
To awaken on the glad
tomorrow.

The precious one who guided us
Along childhood changing way
Whose wise council ever taught
us
Industry path to stay
His tender sympathy upheld us
When trouble and sorrow come
Twas fathers hand that soothed
us
When we were racked with pain.
Oh mother dear you too are sad
For now you walk alone
The companion that you loved
so well
Has gone to his Heavenly home
The treasure that was lent to you
He awaits you now an angel
bright
Upon the other side.
We stood around that bedside
And did all in our power
To stay the awful hand of
death,
O twas a trying hour,
When he closed his loving eyes
We folded the waxen hands
For we knew the precious soul
has gone
To join the angel bands.
A brother.

New Box Factory Will Be in Operation in Thirty Days.

A permanent organization was completed last Friday by naming J. W. Murray, President; J. H. Clapp Secretary and T. P. Bacon of Tryon, Treasurer. This new organization has placed an order for machinery and will begin the making of boxes within the next thirty days. The capacity of the factory will be one thousand boxes each day. Messrs Murray and Clapp are two of our most enterprising business men. We gladly welcome Mr. Bacon to our midst.

Stricken After Making Speech.

New York N. Y. Sept. 29. — Timothy Woodruff, former lieutenant governor of New York, tonight was stricken in Carnegie hall just as he concluded an address at the Fusion notification meeting. Physicians who attended Mr. Woodruff announced that he had suffered a stroke of paralysis and said his condition was serious.

Mr. Woodruff was carried to an ante room where he was attended by two physicians. Later he was removed to his apartments in an uptown hotel, accompanied by Mrs Woodruff, who had attended the meeting with him.

Timothy L. Woodruff, who is 55 years old, has been a political figure in New York State for nearly thirty years. For years Mr. Woodruff was chairman of the Republican State committee and a dominant advisor in his party's politics of the State.

When Theodore Roosevelt organized the Progressive party, Mr. Woodruff left the Republicans and aligned himself with the cononel, subsequently assuming leadership in Brooklin.

Goes to Attend Convention.

Reverend John Benners Gible, the Rector of the Church of the Holy Comforter left Monday to attend the Annual Convention of the Brotherhood of St. Andrew New York City. This Brotherhood is composed of men whose only rule of government is "To pray daily for the spread of Christ's Kingdom among men and to make at least one effort each week to bring some man to Christ through His Church." There will be about five thousand delegates present not including the Clergy. Mr. Gible will also spend one week at the General Convention of the Episcopal Church which will convene in the same city on Oct 8th, and remain in session three weeks. At both Conventions there will be delegates, both Clergy and Lay from all parts of the world. The delegates to the General Convention will represent one million communicants of the Episcopal Church in the United States.

Chapter 310.

An act to amend Chapter 204 of the Private Laws of 1903, which Chapter is entitled, "An Act to Consolidate and Amend this Charter of The City of Burlington," so as to provide for discounts for the prompt payment of taxes and penalties for delinquent Payment of Taxes in said city of Burlington.

The General Assembly of North Carolina do enact:

Section 1. That chapter two hundred and four of the Private Laws of one thousand nine hundred and three be amended by inserting immediately following section twenty thereof, and immediately preceding section twenty-one thereof, the following: That all taxes levied by proper authorities of the city of Burlington for any and all purposes shall be due and owing on September first of each year. That to those parties paying taxes during the month of September there shall be allowed a discount of two per cent; to those parties paying during the month of October there shall be allowed a discount of one per cent; to those parties paying during the month of November there shall be allowed a discount of one-half of one per cent. Parties should fail to pay taxes on or before January first following the year they are levied, then they shall pay a penalty of one per cent if they fail to pay on or before February first, they shall be charged a penalty of two per cent; and one per cent additional for each and every month or fractional part thereof during which they shall fail to pay said taxes; and these penalties shall be in all respects collectible as are the taxes so levied and assessed.

Sec. 2. That all laws and parts of laws in conflict with the provisions of this act be and the same are hereby repealed.

Sec. 3. That this act shall be in force from and after its ratification.

Ratified this the 5th day of March, A. D. 1913.

TEDDY SAILS ON SATURDAY

New York, Sept. 30. — For more than three months from about the middle of December to the end of March, Theodore Roosevelt will be buried in the wilds of South America. Arrangements for this end of the colonel's South American trip were described but the announcement did not tell much about times and places because the colonel himself is not sure just where he will go or when he will emerge into civilized country. Col. Roosevelt will sail from New York October 4, and will spend about two months visiting various cities in Brazil, Argentina, Chile and Paraguay. In these countries he will be the government's guest, and he will deliver several addresses.

Mt Zion Baptist Association.

The forty-fourth annual meeting of the Mt. Zion Baptist Association will be held with the Mebane Baptist Church October 7, 8 and 9th. This is one of the leading Association of the sixty-four into which the state is divided being third in point of numbers ranking third also in contribution for Missionary and Benevolent purposes and standing eight in the matter of per capital contributions. The Association is composed of fifty-one churches which last year reported a membership of 7, 8 and 9 and accessions to the number of 981, with property valued at over two hundred thousand dollars (\$200,292.25).

The reports for last year showed that the contributions for Missionary and Benevolent purposes amounted to \$11,684.51 while the support of local interest involved an expenditure of \$31,44.80, making a total of \$43,125.31 contributed for all purposes. The Sunday Schools reported an enrollment of officers teachers and pupils numbering 7-226, and that all but two of the churches supported Sunday Schools open all the year. The sessions of the association to be held in our sister City promise to be of unusual interest and the indications point to a large attendance. The Baptist Church of Burlington will be represented by duly accredited delegates. Those from the Hocutt Memorial Church are Messrs. Jesse Holt, W. M. Williams, W. V. Wingham and Mr. Knott, those from the First Church are the pastors H. P. Smith, R. C. Hawkins, J. C. Lloyd, with J. M. Tisdale, R. L. Spoon and Claud H. Cates as alternates. The program deals with vital problems and speakers note and power will address the meetings and participate in the discussions.

"The Little Millionaire."

"The Little Millionaire," Geo. M. Cohan's most fascinating musical farce will be the attraction at Piedmont Opera House Friday Oct 3rd.

"The Little Millionaire" will be given here with Bert Leigh as chief fun maker and a fine cast and chorus. Cohan's fame as an originator of novel entertainment already world-wide has been materially enhanced by "The Little Millionaire" which for good clean, wholesome fun, interpreted with a speed that makes the laughs it inspires a continuous explosion of merriment from curtain to curtain, has not been equalled in recent years.

LEGISLATORS WHO RIDE ON PASSES

House Of Representatives Get Names Of Those Who Do Not Pay Fare.

Railroads Promises Fair Deal In Rate Matter.

Raleigh, N. C., Sept. 29th. — There came to the house of representatives today from the corporation commission the statement of members of the legislature and state officers as far as the commissioners could ascertain them who ride on railroad passes. The list follows:

Senators—A. D. Ivie, J. P. Cook, A. T. Gant, O. F. Mason, George B. McLeod, J. H. Bridgers and H. W. Stubbs. Representatives—R. L. Phillips, J. Frank Ray, J. T. Foy, B. F. McMillian, H. A. Page, C. R. Coffield, D. P. Delinger, A. F. Sewell, W. H. Weatherspoon, Mark Majette, W. C. Dowd. State Officers—Dr. Joseph Hyde Pratt, W. P. Wood, M. L. Shipman, T. G. Cobb, Hugh McRae and the corporation commissioners. The commission explained that numbers of these passes were on newspaper advertising basis or as directors of railroad companies and others as attorneys and for other relations.

Death of Mrs. Workman.

Mrs. Luzada Workman who has made her home with her son, J. M. Workman on Tarpley street, since the death of her husband, Calvin Workman about five years ago, died last Sunday Sept. 28 and the remains taken to Cane Creek, southern part of the county, Monday and laid beside her husband. She was aged 76 years, 10 months and 11 days and leaves one son, with whom she lived and one daughter Mrs. R. O. Holliday of Snow Camp neighborhood and many other relatives to mourn her departure.

Brief funeral services were conducted by the Rev. A. B. Kendall of the Christian church Burlington, N. C., in the church at Cane Creek.

Young Woman Died of Effects of Drug.

Greensboro N. C. Sept. 25. — Following a lethargic condition of several hours, Miss Mary Shoe, an attractive appearing young girl of about 19 years of age, died last night a few minutes after the hour of 12 o'clock at her room in the Guilford hotel. Death was due apparently to some drug which might have been laudanum or morphine. Whether the drug was taken purposely or by accident is not known.

Miss Shoe, who has been a waitress at the Zinzendorf hotel in Winston-Salem, arrived yesterday evening a little after 6 o'clock to take up similar duties in the Guilford hotel. Going to her room, apparently in good health, except for a headache of which she complained, she sat down on her bed and soon thereafter fell into a deep sleep from which she never regained consciousness.

Failing to respond to efforts to arouse her a physician was called and shortly thereafter a trained nurse. Everything possible was done to revive her and a careful examination made to ascertain, if possible, the cause of her death. It was thought she had a chance of recovery, and did appear to be growing better until near the hour of midnight when she became worse suddenly and died before a physician could reach her.

It was stated that she might have been taking something to relieve her headache either while on the train or after arriving here. If the drug was an opium poison it might have been taken two hours, said the physician, before she succumbed and fell asleep, her movements keeping her awake until she arrived at her room.

Anti-Hog Cholera Serum; Preventative For Hog Cholera.

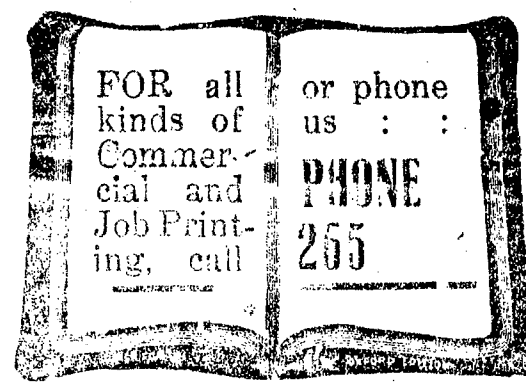

The North Carolina Department of Agriculture has for the past three years prepared and distributed to the farmers of this State anti-hog cholera serum at cost of production.

This serum is used for hog cholera, and if injected before the hogs show any signs of cholera, it will prevent them from developing a case of cholera even if they are exposed. It is not claimed for this serum that it will cure a case of cholera, as it is a preventative and not a curative measure.

We began the preparation of this serum in a very limited way and have found that it has met with uniformly good results. The demand for it has continued until it was impossible to meet the demands at the plant where we first began the work. In order to be in position to meet all demands made by the farmers of this State for the Serum, we have built and equipped a large new serum plant which will be used exclusively for preparing anti-hog cholera serum.

For full information and direction for using this serum, apply to the North Carolina Department of Agriculture; Raleigh, N. C.

NERVOUS HEADACHES

Heavy Feeling, as if My Brain Was Pressing Down

Mrs. Hill says: "I cannot tell you how much I have suffered during the past twelve years. Twelve years is a long time for any one to suffer. A great multitude of women in this country know exactly what Mrs. Hill means when she says, 'Heavy feeling, as if my brain was pressing down.' So nervous I could not get my rest at night. Would have sinking spells and then so weak that I could not do my work." A great many women in the United States will recognize in this description their own experience.

Mrs. Hill found a remedy. After taking four bottles of Peruna she gained in strength and flesh and wrote us that she was a well woman again. She says, "I cannot thank you enough for my recovery."

This is no ordinary incident. Twelve years suffering. Four bottles of Peruna. Restored to perfect health. If Peruna can do this for one woman why can it not for another? Is it not worth your attention? Is it not worth trying?

Those who object to liquid medicines can now obtain Peruna Tablets.

Business Man Praises Dr. Miles' Heart Remedy

Successful Merchant After Investigation Found a Remedy That Restored His Health.

"This is Thanksgiving day in the state of Pennsylvania, and I want to devote a part of it in writing a letter to you. On the 28th day of November, 1910, I was stricken with heart trouble. My family physician called it Angina Pectoris. I had from one to five attacks in 24 hours. In the latter part of December, 1910, I wrote to the Miles Medical Co. for information concerning their Heart Remedy. I received a very kind and instructive letter, which I handed to my family doctor, and he told me to use your Remedies in connection with the medicine he gave me. So I did. I had five bottles of Dr. Miles' Heart Remedy and seven bottles of Dr. Miles' Nervine. I was able to get to bed about four minutes. The action of my heart is now, and has been normal for the last six months. I can truly recommend Dr. Miles' Nervine and Heart Remedy to do what they are intended for. If used according to directions. I thank you kindly for your advice in answer to my monthly requests. I am now sixty-seven years of age, have been in the mercantile business for thirty-five years and lived retired for the last thirteen years."

Midnight Intruder Killed Grocery- man In His Storeroom.

Greensboro, Sept 26 — A mys-
 tery which seems to be compos-
 ed of a bunch of hopeless tangles,
 becoming more elusive of solution
 as it is investigated, attends the
 death of J. H. Taylor, the West
 street groceryman, whose body
 lay with two bullet holes in it
 found stretched cold on the
 floor of his store yesterday
 morning. The circumstances are
 so strange and confusing that
 the coroner's jury, after sitting
 on the case all day, submitted a
 verdict that death was due to
 bullet wounds fired by an un-
 known hand or hands, then be-
 ing dismissed.
 There were no eye witness so
 far as is known and there is no
 certain information as to the
 time Mr. Taylor was killed Wed-
 nesday night, although from
 piecemeal reports it is believed
 the death occurred during the
 midnight hour, or sometime be-
 tween 10 o'clock and midnight.
 The indications in the store yesterday
 morning showed there had been
 a fierce struggle and that the
 muzzle of the pistol was close to
 the body of the dead man when
 one of the shots was fired, for
 there were powder marks on his
 hand, his clothing was burned,
 the right sleeve of his shirt was
 torn, and a strip of moulding had
 been pulled loose from the side
 of one of the counters, while ar-
 ticles packed in the store were
 scattered about the store near
 the body of the dead man.
 That Mr. Taylor had been sur-
 prised during the night by some
 intruder seemed evident, for in
 his hurry from his bed room
 into the store he over-
 turned a chair, scattered some
 articles about the room and rush-
 ed out in his underclothes
 and top shirt, clad in which was
 the body when discovered. It
 would seem too, that he met his
 death from his own pistol, al-
 though this is not positively
 known. The pistol which was
 the calibre, cannot be found, and
 always kept it by him in his
 bed room. Presumably the in-
 truder snatched this gun from
 Taylor's hand and after fir-
 ing the two shots, took the gun
 away with him.
 The main theory as to his
 being aroused and of his sub-
 sequent death is that a burglar
 had broken into the store through
 the rear door, which was stand-
 ing open yesterday morning
 with the wooden button lying
 on the floor and the lock torn
 loose, and that the burglar, sur-
 prised by the lights and the ap-

pearance of the proprietor, crou-
 ched on the floor and grabbed
 him, upon which the struggle
 ensued. Another theory is that
 some enemy of Mr. Taylor's al-
 though it is not known that he
 had any, could have entered the
 store and slayed his man, al-
 though there are few facts or cir-
 cumstances to show this, while
 no one knows of any cause that
 anybody in the world would have
 for killing Mr. Taylor.

His death was first discovered
 between 5:30 and 6 o'clock by
 Robert King who passed by the
 store to get a package of cigar-
 ettes while on his way to work.
 Trying the front door he was
 unable to make an entry, and
 noticing the side door was open
 he went around there and walk-
 ed in. He was dumfounded to
 find the body of the proprietor
 stretched before him between
 the two counters at the rear of
 store, rushed out and gave the
 alarm.

He first informed Policeman J.
 M. Pugh, who had just gone off
 night duty and was at his home
 nearby, 1009 West Lee street.
 Mr. Pugh telephoned to the police
 station, and Chief Isley,
 Sheriff Stafford and Coroner
 Wood were soon on the scene.
 The store was still in the con-
 dition, supposedly, in which it was
 left after the murderer made his
 escape. The body was cold and
 stiff.

The feet were toward the ad-
 joining bed room where Mr. Taylor
 slept while the head was to-
 ward the front door, the body
 lying on its left side. The bleed-
 ing had been mostly internally,
 as there was but little blood on
 the floor.

The inquest by the coroner
 was secret, none being present
 except the jury and the witness-
 es, whose names the coroner
 withheld pending further develop-
 ments. The members of the
 jury were: G. F. Paschal, C. C.
 Buchanan, J. C. Ferguson, Wil-
 liam Earl, J. R. Pitts, and J. W.
 Snow. The verdict delivered
 about 5 o'clock was that the
 jury was not able to locate guilty
 party. "Party came to his death
 by a gun shot fired in the body
 by some person or persons whose
 identity we have been unable to
 discover."

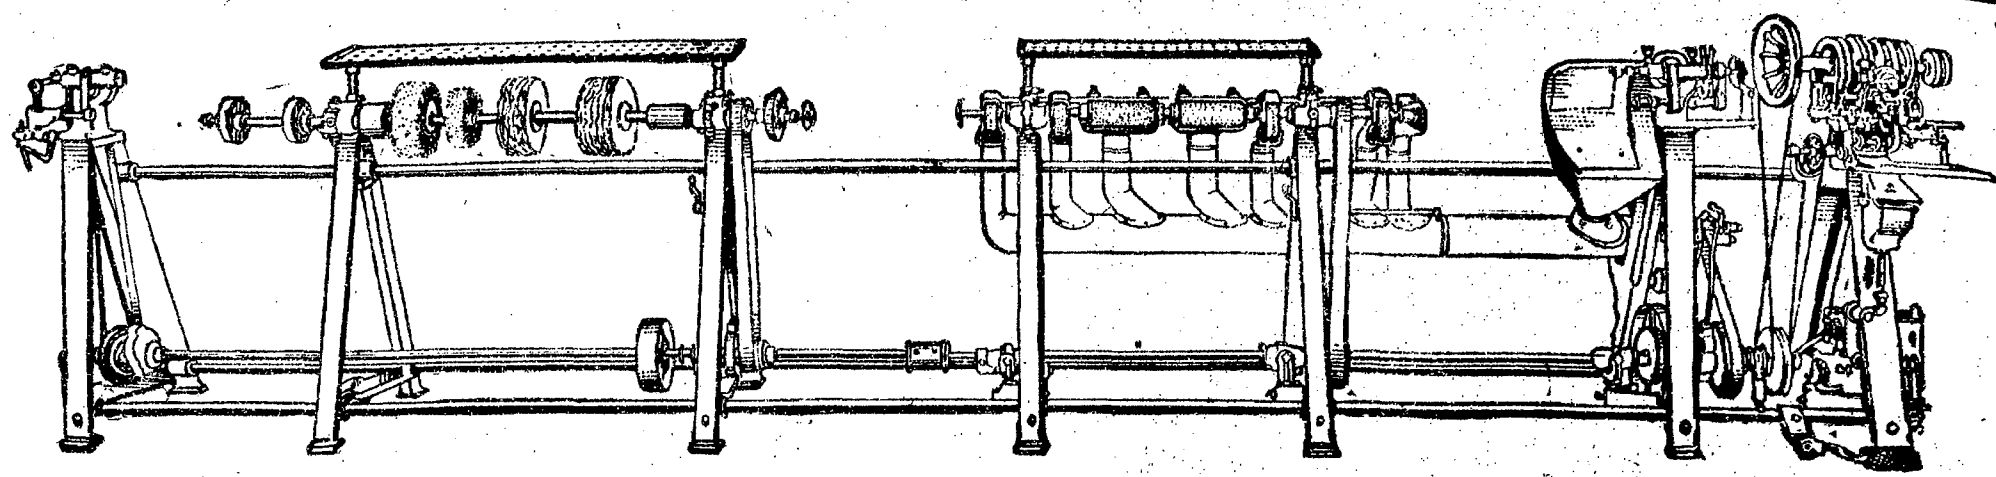

Mr. Taylor was 50 years of
 age.

Beautiful Millinery Openings.

The various millinery opening
 last Friday and Saturday were
 very beautiful and elaborate.
 Not only did the ladies of Burling-
 ington come out in great num-
 bers to see the picturesque head-
 wear, but Graham, Elon College,
 Haw River and Mebane were re-
 presented by many of the fair
 ones who thronged the streets
 with buggies, automobiles and
 many came on the train. All
 the openings were elaborate and
 we must confess we have
 puzzled to try to decide which of
 the hats are the prettiest, but
 have been unsuccessful in render-
 ing a decision.

Aeroplane Went Wrong.

North Wilkesboro, Sept. 23. —
 An ovation of Paris, Eugene
 Sodat, drove his machine
 a Curtis type, through
 two fences, over or
 through a number of buggies
 and against the stalls before it
 could be stopped today. It was
 his first attempt at the fair
 grounds. Strange to say, he es-
 caped with only a few bruises,
 but his machine was damaged to
 the amount of \$300 or \$400.
 His last flight was a success, but
 he had been in four accidents,
 one of them at Fayetteville.

NEW SHOE REPAIRING SHOP

Foster Shoe Company announce the opening of their
 new shoe repairing shop in the rear of the second floor of
 the Foster Building Thursday October 9th, 1913.

For quite a while we have realized the need of an up-to-
 date shoe repairing department in connection with our shoe
 business which is growing at a rapid rate.

We believe that the best is none too good for the many
 friends of the Foster Shoe Company and in looking over the
 different makes of machinery, it did not require but a few
 minutes of our time to decide that the Goodyear Shoe Repairing
 Outfit was the only machine. So we have just installed
 a Goodyear Shoe Repairing Outfit, that almost human-like
 machine, the greatest shoe machinery in the world, the
 same machine as used in all the leading shoe factories. We
 have secured the services of one of the best shoe makers
 and shoe builders in the state to have charge of the shop.

We feel that we can appeal to the friends of Foster
 Shoe Co., to give us their entire business in this line feeling
 that if you do this all will be benefited.

In putting in the New Department, we have spared no
 pains in giving the good people of Burlington, Graham and
 surrounding vicinity, one of the best equipped shoe repair-
 ing shops in the South.

We shall operate this new shop in connection with our
 shoe store and you shall have that same kind and courteous
 treatment that has always characterized the Foster Shoe
 Store.

We will be fully equipped to rebuild your shoes, attach
 rubber heels or any other repairing that your shoes may
 need. We will use only the best grade of sole leather,
 rubber heels and findings coupled with the highest grade
 workmanship. Our prices will be just as reasonable as
 conditions will permit. Don't fail to attend our opening on
 Oct. 9th, and see this wonderful machine in operation.

Bring your work with you, if you cannot come or send
 us your work, phone 16, and we will have our boy call at
 your home for it.

Your friends,

Automatic Electric Rock System.

Washington, D. C.,--The Southern Railway Company is now installing an automatic electric block signal system on the main line between Seminary, Va., a distance of 80 miles, all double track. This system will be similar to the type which has given splendid results on the double track stretches between Demm, N. C., and Charlotte, N. C., and between Monroe Va., through Lynchburg to Montview Va., and when completed will provide continuous automatic signal protection for trains from Orange into Washington Terminal Station, giving in all a total of 198 miles of double track protected by this system on important stretches of the Washington-Atlanta main line.

106 automatic signals will be erected at intervals of about two miles, each interval constituting a "block," and the system will include 13 interlocking plants controlling switches.

and for lighting all stations, switch and signal lights between Seminary and Orange, will be supplied, by high tension 4,400 volt, 3 phase transmission line, from a sub-station to be built near Alexandria, using power from the Alexandria County Light and Power Company's plant. To provide for an emergency supply, a power plant will be built at Orange equipped with a gasoline engine and an alternating generator of sufficient capacity to operate the entire system.

The signals will be the usual three position upper quadrant type, using red green, and white lights at night for the "stop," "caution," and "proceed" indications. The interlocking plants controlling switches will be equipped with power signals and electric lights in the towers and on the signals. Annunciators will be provided to announce the approach of trains in both directions at each of these towers. This protective system reerects the latest product of engineering science the safety of train operation in this territory.

It is strange and almost past belief that a County like Alamance in many ways the most progressive in the State of North Carolina values her citizenship at such a low rate, and that she must remain backward in the subject that is important to man above all others the prevention of disease and death: How long must such conditions exist?

Information as to how the examination was made. Each mill owner furnished us a man acquainted with the mill people and their homes. This man made a circuit of the village, leaving at each house a letter, a pamphlet on Hookworm Disease, and the number of containers needed. On the following day he made a second round and gathered up the specimens. This method was especially successful at the Saxapahaw, the Aurora, the Lakeside, the Oneida, and the Travora cotton mills. Mr. Eugene Holt and Mr. George T. Williamson were particularly interested and stopped their mills in order that the operatives might have an opportunity to hear the lecture and see the exhibit. During our work in the upper part of the county we were greatly aided by Mr. Joseph Gant at Altamahaw and Mr. Williamson at Glenco. On our first dispensary day at Hub we were awaited by Mr. Gant who used every effort to have the people of his mill examined. It was due to his influence that 154 were examined at Altamahaw in one day. Mr. Williamson invited us to come to Glenco, as did Mr. McNeely of the Elmira Mills. These gentlemen then had the specimens collected and sent to us at our nearest dispensary points. Mr. Baker, of Swepsonville, was very enthusiastic regarding our work and it was due to his influence that we were enabled to do such good work the two days we were at the Virginia Cotton Mills.

These are only a few examples of what an individual, by his personal efforts, may do for the cause of public health and sanitation. We are sorry to state, however, that the cooperation we received from the majority of the leading citizens of the county was very meagre. Many of the intellectual people of the county were indifferent and in some instances prejudiced against our work. The lack of interest and cooperation on the part of the medical profession and on the part of the school authorities was surprising! During the entire six weeks only nine physicians visited the dispensaries and very few of these took an active part in our work. If I remember rightly, the dispensaries at Burlington were not visited by a single physician. When these men were interviewed they said they were interested and hoped we would meet with success, but went no further. To accomplish anything positive in public health, as in any other movement for the upbuilding of humanity, interest to be effective must be positive and must be expressed in work. The truth of the Apostle that "Faith without works is dead" is seen here with much force. Naturally, the greatest aid in campaign of this kind is from the leaders, for when the leaders become interested the people follow. It was a great opportunity for those in charge of education and the health of the people to promote sanitation and health among the people. "The physicians are guardians of the public health" and the time is not far distant when the work of the medical profession will be, not to cure people of disease but to prevent the people from having disease.

Why Take Less When You Can Get More? You Deserve All You Can Get

You do not pay more when you can buy for less, do you? Certainly not if you have an eye to business. We put these questions to the tobacco growers (in the Old Bright Belt) of Virginia and North Carolina. They are live, pertinent questions and we ask you to answer them for yourselves. You have just finished the harvesting of your tobacco crop and it is now "up to you" to realize the full reward of almost a year's labor. Why take less when you can get more?

You can get More Money for your tobacco on the Danville market than on any other market in the world. This is a fact that cannot be gainsaid. Others may claim to "do as well." We know they cannot. We have been in business for ten years and we have devoted our large capital and the time, energy and best thought of the very best men ever in the business (for the past 25 years) to the aim and end of growth and facilities knowledge and ability, of what is best and what is necessary to obtain for our patrons not only highest market prices but the highest prices on the highest market. We fully believe that we have attained this aim and end and we solicit your patronage on these high grounds of an impersonal nature and on this statement of facts.

Our market has more buyers this season than ever before in its history. Of course this means greater competition. No use for the smaller markets to claim the "Equal Competition." Such is not a fact and anyone making such statement is either very ignorant or knows that it is not a fact.

Our force is the strongest and ablest ever associated in the warehouse business, a fact just as our other facilities are the biggest and best.

Answer the foregoing questions for yourself, pick out the facts just as stated and we believe you will sell your entire crop on the Danville market and with one of the branches of our Company composed of ACREE'S BANNER CENTRAL HOLLAND'S PLANTERS and UNION WAREHOUSE.

"We verify our claims."
Yours in FACT for FACTS and for business.

Helps With the Lessons

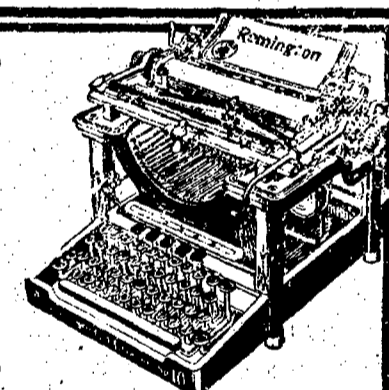

At night when the children gather around the sitting-room table studying their lessons for the next day, the telephone often rings. A little neighbor a mile down the road wants help from his school-mates. Children as well as grown-ups get pleasure and profit from the farm telephone. Do you know how little this service costs and how valuable it is?

See the nearest Bell Telephone Manager or write for our free booklet. A postal will do.

Landmarks of Typewriter Progress

Remington

(Visible Models 10 and 11)

Among these developments are:
The Built-in Decimal Tabulator--which makes the decimal tabulating mechanism an integral part of the typewriter.
The Tabulator Set Key--which eliminates all hand setting of the tabulator stops.
The Column Selector--which determines, by the stroke of a single key, the exact point on each line where the writing is to begin.
The Adding and Subtracting-Remington (Wahl Mechanism)--which combines in one typewriter, and in one operation, the functions of the writing machine and the adding machine.

Every one of these new developments is an evidence of the perpetual leadership of the Remington Typewriter. Illustrated booklet descriptive of all recent Remington improvements, sent on request.

The opening days of the Aycock Graded school was characterized by the largest enrollment the first day of its history. The faculty has been added to by the valuable assistance of Miss Davis, a former student of Elon College.

The opening day of school was made entertaining by an hour talk on education by Carl Jansen. He gave an entertainment the first day, it was largely for the benefit of the students.

The hot day of September are well passed and the pleasant days of October are near by and the cool nights make bed cover very pleasant.

On last Thursday evening the death angel came and took their little darling from their embrace and bore it away to Him who said "Suffer little children to come unto Him." Weep not fond parents your little Mary is transplanted into the garden above where she will be waiting for you when the work of your life is done. Rev. J. W. Rose conducted the burial services.

The cool nights are bringing coal into demand at the different homes.

Mrs. G. P. Cates left Monday for Altamahaw where she will spend a few days with her children Mr. and Mrs. C. P. Cates. We hope she will have a pleasant stay.

Mr. and Mrs. W. L. Terrell are rejoicing over the arrival of a 14 pound little girl who came to their home one day last week.

We are glad to note that Geo. Terrell who has been confined to his room with typhoid fever is getting on nicely. We hope he will soon be out.

The M. P. Church has just closed a series of meetings which we think was a good one, and the church was revived greatly. Many Backsliders were reclaimed and several conversions and we do not know how many additions to the church.

Rev. S. W. Taylor of Winston-Salem did most of the preaching and he preached the plain simple truth of the gospel.

Dr. W. C. Wiker preached two

most interesting and instructive sermons at the Christian church Sunday morning and evening.

Mr. H. E. McPherson has moved from the B. S. Robertson house to the home of the late Dr. J. W. McPherson.

Mr. W. H. Childney has been making some changes in the Hostery mill.

H. W. Gilspie has well high completed a handsome dwelling on his lot near the Baptist church which he will move in it.

Whitsett.

Rev. W. S. Hales preached an interesting sermon at the M. E. Church Sunday afternoon based upon the Sunday lesson for the day. He announced that he had been meeting with success in his recent efforts to liquidate the debt upon one of his churches.

A well is now being dug upon the lot recently selected as the location of the new Presbyterian Manse. Work will begin upon the Manse at an early date.

The teacher's association in Greensboro last Saturday was attended by Misses Mary Wilson, Aurelia Barnhardt, Dr. Whitsett and others from this part of the county. All report a most excellent meeting.

A large crowd attended the lecture Sunday night. The subject was the Arthurian Legend, and after a short historical sketch of King Arthur and his Knights of the Round Table a number of interesting lessons in Christian manhood were drawn from the various legends. Much interest was taken in the subject under discussion and The Idyle of the King has been much in demand since.

Several important changes in text-books recently made greatly strengthen the course of study. Constant effort is made to keep the work fully abreast of the demands of the times.

New students continue to enter school one of near Charlottesville, Va., and two from near Atlanta, Georgia arrived this week.

Whitsett and Burlington played a friendly game of ball Saturday in Piedmont Park, at Burlington. The score closed four

to three in favor of Whitsett.

The Y. M. C. A. on last Sunday elected officers for this year and appointed committees to fully organize the work.

M. F. Dixon is here for a visit with his daughter, Mrs. W. J. Thompson. He has recently spent several months in travel in the Pacific states, spending quite a while in Washington, Dakota, California and other places of interest.

D. T. Long of Person County who completed his course of study here last year spent a few days here the last of last week, leaving Monday for Atlanta, Ga. where he goes to take up his medical course. He was accompanied by M. B. Neal of last year's class who also enters upon a medical course.

Mr. and Mrs. R. K. Davenport of Greensboro spent Sunday here with relatives returning to town Monday.
