VALUABLE SUGGESTION

IMPORTANT TO EVERYONE

It is now conceded by physicians that the kidneys should have more attention, as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poison and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich, heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, annoying bladder troubles, smarting or burning, brick-dust sediment, sallow complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

Many physicians claim that an herbal medicine, containing no minerals or opiates, has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by Parcels Post. Address Dr. Kilmer & Co., Birmingham, N. Y., and enclose ten cents; also mention the Burlington Weekly State Dispatch.

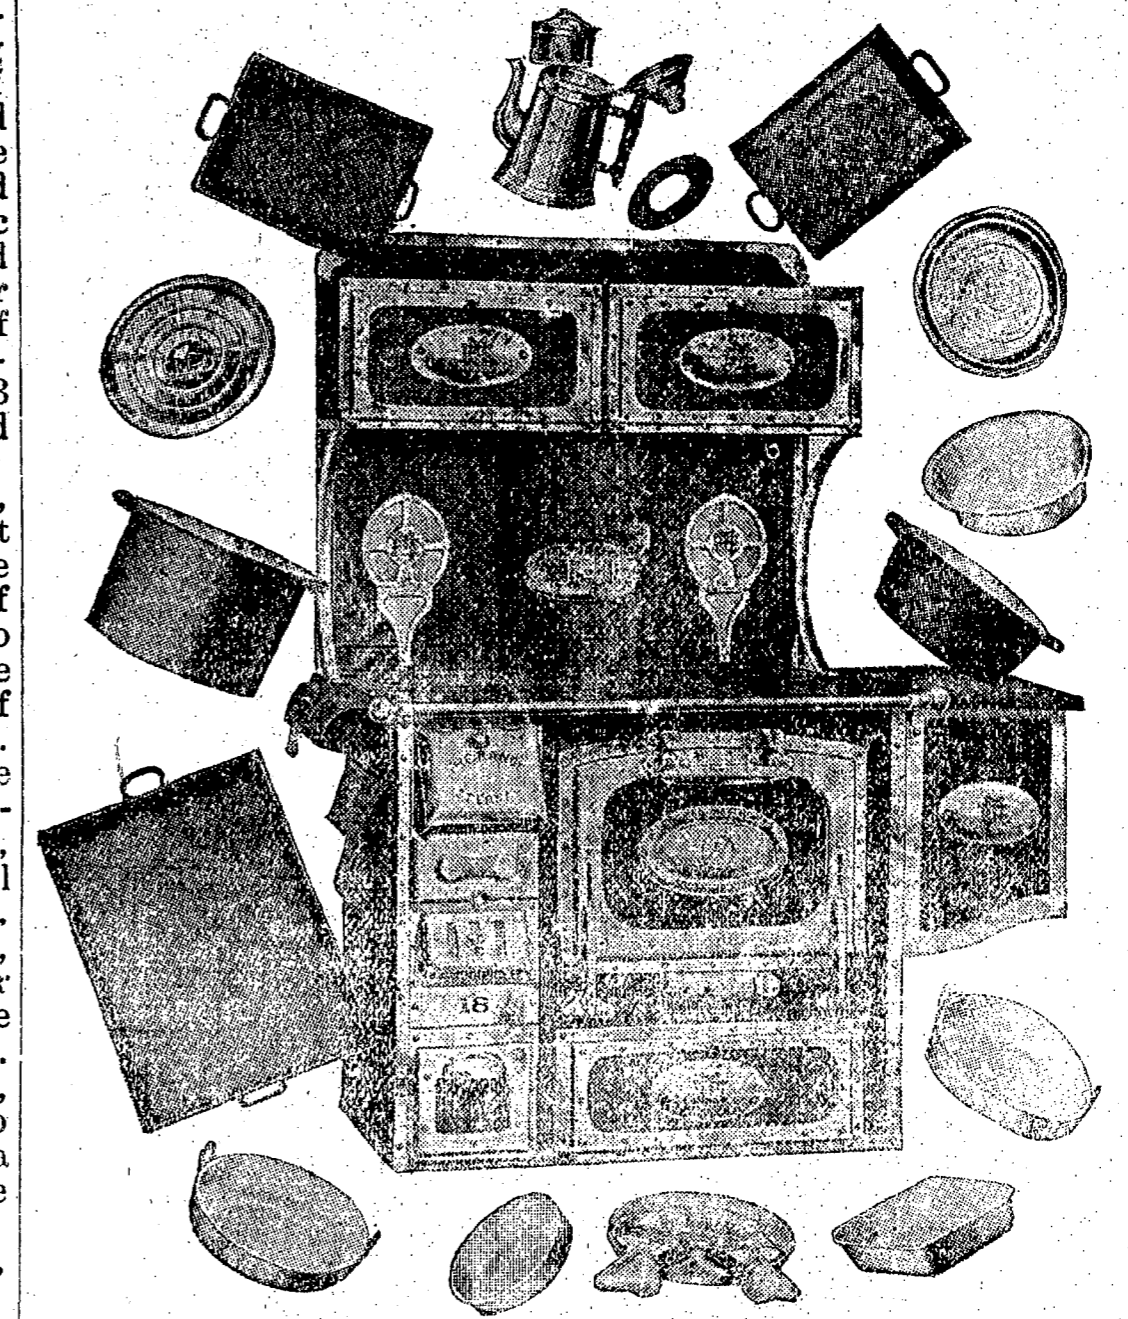

A Consumptive Cough

A cough that bothers you continually is one of the danger signals which warns of consumption. Dr. King's New Discovery stops the cough, loosens the chest, banishes fever and lets you sleep peacefully. The first dose checks the symptoms and gives prompt relief. Mrs. A. F. Mertz, of Glen Ellyn, Iowa, writes: "Dr. King's New Discovery cured a stubborn cough after six weeks' doctoring failed to help." Try it, as it will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Money back if it fails. Price 50c. and \$1.00. All druggists, by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.

Pastor's Wife Nonsuited.

Tarboro, Oct. 30.—The case of Sue W. Alexander against Rev. R. W. Alexander for divorce was late this afternoon upon motion of Attorney T. T. Thorne for the defendant, nonsuited. The only witness was Mrs. Alexander. Rev. Mr. Alexander was at one time pastor of the Presbyterian church of Tarboro. Later he was pastor of a Presbyterian church at Savannah and Dublin Ga., and afterwards pastor of Baptist church at Tarboro. There was much interest in the outcome of this case owing to the prominence of the parties concerned.

Sportmen Ready For Deer Hunting in Jersey.

May's Landing, N. J., Oct. 31.—The season for killing deer in New Jersey opens tomorrow and every incoming train at this place brought hunting parties from all sections of South Jersey. Automobiles containing sportmen have passed through the town by the scores en route for the deer woods and every farm house in the vicinity of the haunts of the deer is filled with hunters and even the woodchoppers' cabins in the forests are being used for quarters many sleeping on the floor.

In some instances the hunters have pitched tents and will camp out during the season of five days. At Weymouth fully one hundred sportmen have arrived during the past two days and like reports come from every section where deer are found. State and county game wardens line the forests and are keeping a close watch to see that the law is not violated. Rabbit and quail are very scarce.

Tree 976 Years Old.

Kinston, Nov. 1.—After towering many feet above its neighbors in dismal Tuckahoe Swamp near here for nearly 1,000 years it is estimated what is believed to be the biggest tree in eastern Carolina of the species, a giant cypress, has been removed through the enterprise of a local lumber manufacturing concern. A section of this patriarch of the section's primeval forests was today placed on the lawn at the court house here, with a copper plate nailed upon it bearing the inscription.

"This cypress stump stood for 976 years in Tuckahoe Swamp, Lenoir County." It had registered a ring about its heart yearly throughout four and a half centuries before the coming of Columbus and gnarled and many-limbed, would doubtless have seen centuries longer of life had not the despoiling lumbermen come.

The tree was 100 feet in height and 11 feet one inch in diameter at the base. A cutting from its largest part was sent to the State Museum at Raleigh and that at the court house cut 20 feet from the bottom is five feet, one inch in diameter.

The transportation of the big stick from the swamp to the mills here was a tedious undertaking and was accompanied at much expense. From one 16-foot cut was secured 3,900 feet of lumber and the entire tree will yield about 16,000 feet or 80,000 shingles. It required three men at the mills a day and a half to make two cuts of the monster for the thin sections on exhibition in Raleigh and Kinston.

She Saved To Lives.

New York, Oct. 31.—Mrs. John Lind, wife of President Wilson's special envoy to Mexico, saved the lives of two Mexican deputies when an attempt was made to arrest them a week ago Thursday at Verna Cruz on board the steamer Morro Castle which arrived here today.

Mrs. Lind gave up her state room to the deputies Miguel Angel Cordera and Antonio Diaz, who were sought by officials of the Mexican government.

"The ship was held up," said Mrs. Lind today, "because the Mexican government wanted to get hold of the Mexican deputies. A Mexican had appealed to me to save his two friends from being taken ashore and put to death. When he appealed to my Americanism I let him have the key to my state room."

Fatal Accident in Vance

Wake Forest, Oct. 31.—One person killed and another seriously injured is the result of a runaway today near Louisburg. Jim Sledge, a prosperous farmer and wife were driving in a buggy when the horse suddenly became frightened and dashed away, throwing them from the buggy, killing Mrs. Sledge instantly and seriously injuring Mr. Sledge. Further details are lacking.

"I had a remarkable ride into the city with his new automobile this morning."

"How was it remarkable?" "Three times on the way we passed heavy trucks where the road was narrow and the drivers didn't try to crowd us into the ditch."—Chicago Record Herald.

The State's Call.

(Written Especially for the
"Good Roads Days," November
5th and 6th 1913, by C. S. M.)
(Air: Tramp, Tramp, Tramp the
Boys Are Marching)

In the days of storm and
strife, spread dismay;
When the fear of war was
rife,
And the foes of Right and
Justice

From the homes of rich
and poor,
From the mountains to
the shore,
Rushed the sons of Carolina to
the fray.

Chorus:

Tramp, tramp, tramp, the boys
are marching,
'Roused by patriotism's fires;
Duty calls; they will obey;
Win the fight of peace today;
Adding honor to the glory
of their sires.

Not afraid of honest toil,
Be the labor for the sail;
Famed in story, fixed in glory,
evermore;

Carolina needs you all:
East and West will heed
the heed,
Man the lines and build the
roads from hill to shore.

(Chorus.)

When the loyal task is done,
When the fight is made
and won
Then with progress, shall we
welcome a new day;

Carolina to the fore,
Truly now as of yore,
Sing her praises, all of you,
for aye and aye.

(Chorus.)

Found Dead in Room When

Call Was Made.

Greensboro, Nov. 4.—Yester-
day afternoon about 2 o'clock in
his room in the McAdoo Hotel
Dr. R. L. Morris, a traveling
man out from Norfolk, Va., was
found dead, and the evidence in-
dicated that he had committed
suicide. On the table was an
emptied ounce bottle market hy-
drocyanic and also morphine
tables and several needles.

That Dr. Morris might have
taken the hydrocyanic acid as a
relief for an overdose of mor-
phine, it being said that the two
drops of the acid acts as a relief,
yet this is regarded as hardly
probable, the ounce bottle being
emptied with the stopper off.
There was no indication where
the bottle could have been se-
cured from. Dr. Morris was
lying on the floor with his head
under the dresser.

It is supposed he died some-
time on Sunday as he was not
seen that day and as his door
was found locked yesterday
morning. He was found after
an inquiry by the man in charge
of his territory. Mr. Bishop of
Raleigh who came here yester-
day. The key was in the lock
on the inside and entry was
made to the room by pushing
the key out in order to unlock
the door.

Dr. Morris had been in Greens-
boro about one week and was a
representative of a publishing
house. A five cent piece was
found in his pocket.

His wife is said to be living
in Sanford, Fla., and she was in-
formed yesterday of the death.
The body was carried to Wil-
son's undertaking establishment
where it will be held pending
order for its disposition.

Mrs. Woodrow Wilson And Social Welfare Movement

Washington, Nov. 2.—Mrs. Woodrow Wilson has accepted the position of honorary vice chairman of the woman's department of the National Civic Federation, whose chief work in the District of Columbia has been to improve the conditions under which government employees work. In associating herself with this work Mrs. Wilson informed Miss Maud Wetmore, National chairman of the woman's department of organization that she was acting not as the president's wife, but as a woman whose heart was in the social welfare movement.

Mrs. Wilson already has been identified prominently with the effort to rid the city of ailey swans. She also recently toured the Government Printing Office and visited the mail bag repair establishment of postoffice, pointing out the need of sanitary precautions in handling the bags.

Some Rain and Snow May Come This Week.

Washington, Nov. 2.—Clear skies and moderate temperatures are promised by the weather bureau to practically the entire country for the next few days.

"With the exception of a little rain and snow early in the week over the extreme northwest, and the middle and southern districts from the Rocky Mountains westward," said the weekly bulletin tonight, "generally fair weather will prevail over the country until the middle of the week, when another disturbance will appear over the far northwest, bringing with it some rain and snow that will probably extend eastward over the Missouri and upper Mississippi valleys and the greater portion of the lake region by the end of the week mostly as rain."

"In the Atlantic and gulf states the Ohio valley and the southwest fair weather will continue and fair weather is also indicated in the northwest and extreme west after the middle of the week."

Whitsett.

A very large crowd attended the Halloween exercises last Friday evening. Ghosts, spooks, and witches were on every side. Two of the witches gave short talks explaining the various customs of the Halloween season, the origin of the custom &c. All the witches joined in a Halloween song that was never equalled before for creepy effect. Grinning pumpkins stood on convenient tables in corners, and Black Cat and Owl lanterns swung from every convenient point. The band was on hand and had caught the spirit of the occasion and translated it into some most unusual music for the occasion. Halloween of 1913 will not soon be forgotten.

The lumber has been placed upon the grounds, and the carpenters will begin work this week upon the Presbyterian manse. Work will be rushed and it is and it is hoped to have it ready by the close of the year.

C. W. Carriek a graduate of two years ago is making a fine record at Wake Forest College. He is poet for his class and a member of the student council. H. J. Langston another Whitsett student is manager of the track team at Wake Forest this year. Students have entered school in the past week from Stokes and Jones counties.

The protracted services held here in the M. E. Church closed on Thursday night. The preaching was done by Rev. W. S. Hales and Rev. R. E. Redding. Good crowds attended all the services.

Ira. P. DeLoache a former student was married on Oct. 27th to Miss Nellie Swope daughter of Col. W. S. Swope of Dallas, Texas. They will reside in Dallas, Texas.

Mr. Thos. L. Fitzgerald of Linwood, Davidson county are preparing to move here within a few weeks. They have purchased a home here and will make this their future home.

The Sunday evening lectures continue to attract large crowds for each occasion. The different speakers and their different topics keep up interest.

Attacked by Negro.

Spartanburg, S. C., Nov. 1.—Word was received here today of a mysterious attack made on Guerry Sherbert, a farmer living near Inman, by an unidentified negro, whose motive is supposed to have been robbery.

Mr. Sherbert had attended a meeting at Center Point Church and had just returned home and was taking horse out of the harness when he had the encounter. The assailant slipped up by stealth and before Mr. Sherbert was aware of his approach made a wicked lunge at him with a knife or razor.

Mr. Sherbert backed off and reached to his hip pocket for his revolver. The negro who was silent, pressed his closely slashing at him.

Mr. Sherbert attempted to shoot the negro but the latter grasped his arm and threw it up into the air as the pistol went off. The negro then started to run and was 15 or 20 feet away before Mr. Sherbert fired again. In the darkness the negro escaped.

Serious Auto Accidents.

Raleigh, Oct. 30.—Master Thomas Nelson, the seven-year old son of Prof. Thomas Nelson, of the textile department of the A. and M. College had his skull fractured this afternoon by being run over by an automobile occupied by negroes coming from the negro fair. The driver was a negro. The boy's condition is very serious.

Walte White, a well known negro, was run down by an automobile of the Raleigh Motor Car Company and had both legs broken and other severe injuries. This car was also driven by a negro and was carrying negroes to their state fair.

Snowstorm in Strike Zone.

Trinidad, Col., Nov. 3.—Continued activity by union leaders in an effort to collect all arms and ammunition in possession of the strikes, or an immediate orderly to the state troops to surround and search the tents at Ludlow was the ultimatum delivered by Adjutant General Chase to John R. Lawson, of the United Mine Workers of America today.

Lawson turned over a few more guns today but stated he was experiencing much difficulty in including the miners to surrender the weapons.

A driving snowstorm kept militiamen strikers and mine guards in their tents today.

Alumni Active For Elon Preparations For Thanksgiving Inter-Scholastic Declamers' Contest.

The Elon College Alumni in Business Session last June passed a resolution calling upon the Alumni of the College to raise a fund of \$26,000 to pay for the Men's Gymnasium erected during the College year 1912-1913. A committee was appointed to adopt a plan to raise these funds consisting of Rev. W. T. Walters, Winchester, Va., Rev. A. T. Banks, Henderson, N. C., and D. R. Fonville, Esq., Burlington, N. C., from the Alumni Association and of Dr. P. H. Fleming, Burlington, N. C., Mr. K. E. Johnson, Cardenas, N. C., and President Harper of the College from the Board of Trustees. The Class of 1913 were the first subscribers to this fund, every one of them giving liberally. The classes are now all of them very active after their roster of members and the movement seems assured of speedy success. The Alumni have previously shown their deep concern in Alma Mater by enowing the Alumni scholarships and in contributing to the \$50,000 Special Fund of two years ago.

Jessie Wilson's Fiance Visiting White House.

Washington, Oct. 31.—Francis Bowes Sayre, who is to marry Miss Jessie Woodrow Wilson, the President's second daughter, is a guest at the White House for a few days. The young couple took a long ride to-day in one of the White House motors and to-night attended the theater.

It is expected that before Mr. Sayre leaves final plans for the wedding, on November 25, will be arranged. Except for work on the invitation list, there has been no apparent preparation for the event thus far. Expert penmen, whose script resembles the engraved style of the body of the invitations have been employed and are filling in the names of the guest and addressing envelopes. The number on the guest list has not been announced.

Miss Margaret Wilson left Washington this morning for a visit of several days in New York and Philadelphia. Miss Lucie Smith and Miss Mary Smith, of New Orleans, arrived in Washington this afternoon for a visit of several days at the White House. They are relatives and were also guests at Windsor this summer.

Fire Breaks out in University Building

Chapel Hill, Nov. 8.—Fire which was discovered about 8:30 tonight in the physics room of the alumni building at the University of North Carolina destroyed an x-ray machine, burned the wainscoting along one side of the wall, ruined a blackboard and generally played havoc in the room. The loss amounts to about \$1,000. But for prompt work by students who discovered the blaze accidentally the fire might have been serious, the alumni building is the administrative office and contains data that cannot be replaced. The fire is thought to have started in some of the electrical connection of the x-ray machine, which in itself is worth over \$250. All the windows and doors were closed. With no doubt draught the fire progressed slowly. When the alarm was given students swarmed around the building and formed a bucket brigade, which quickly stopped the blaze. The loss is completely covered by insurance.
