COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

AN INCESSANT COUGH.

Continued Dropping of Mucus into my Throat.

A severe cough is always a grave symptom. It may not indicate organic disease of the lungs. Even though the cough is a functional disturbance it is of sufficient gravity to demand prompt attention.

The dropping of mucus from the back part of the nose into the throat indicates nasal catarrh. Sometimes this goes on a long time before the patient pays any attention to it. It is stated on good authority that mucus dropping into the throat in this way is apt to excite catarrh of the stomach. At any rate, the condition ought to be corrected as soon as possible.

Mrs. Bourland, of Frankston, Texas, found after using Peruna that not only did the incessant cough disappear, but the dropping of mucus into the throat had also ceased. Read what she says:

"For twenty-three years I was a constant sufferer from chronic catarrh. I had a severe misery and burning in the top of my head. There was almost a continual dropping of mucus into my throat, which caused frequent expectoration. My entire system gradually became involved, and my condition grew worse. I had an incessant cough and frequent attacks of bilious colic, from which it seemed I could not recover. My bowels also became affected, causing alarming attacks of hemorrhages. I tried many remedies, which gave only temporary relief, or no relief at all. I at last tried Peruna, and in three days I was relieved of the bowel derangement. After using five bottles I was entirely cured."

"I most cheerfully recommend the use of Peruna to any one similarly afflicted."

People who object to liquid medicines can now obtain Peruna Tablets.

Dinner For Mr. and Mrs. Gantt.

Below we copy an article from Friday's Charlotte Observer:

Mr. and Mrs. J. B. Ivey entertained at an elegant eight-course dinner party last evening at 6:30 o'clock at their home in Piedmont Park in honor of Mrs. Ivey's brother, Mr. Samuel Gantt and bride who arrived in the city yesterday. Mrs. Gantt before her marriage Wednesday evening was Miss Mabel Isley of Burlington. Mr. and Mrs. Gantt are en route to their future home in Beaumont, Cal., where Mr. Gantt is engaged in the mercantile business. Mrs. Ivey attended her brother's wedding. A color-note of yellow and white was observed and the place cards were handpainted in yellow. During the evening orchestral music was furnished. Mr. and Mrs. Ivey's guests were Mr. and Mrs. Samuel Gantt, Miss Lina Ivey of Lenoir and Mr. W. Sinclair Stewart, Miss Ruth Lillard and Mr. George Lee of Monroe, Miss Katherine Claywell, of Morganton and Mr. R. N. Gantt of Bryson City.

Wilmington, Nov. 16.—George W. Beaman, 40 years old, a carpenter, shot and killed his wife in a field near their home, three miles from this city this afternoon at 3:30 o'clock and then took an ounce of strychnine with suicidal intent. At a hospital tonight it was stated he would recover having taken an overdose which acted as an antidote. He used a 32 calibre rifle and fired twice both bullets taking effect, the first entering the back at the waist line and the other penetrating the left temple. She died instantly.

Beaman left a note stating that he had killed the woman because she had left him three times. He makes a voluntary statement to a notary public that he alone was responsible for the death of the woman.

Coroner Fowler who is investigating the case, stated tonight that he understood that the woman who was about 25 years old, had served a term in the penitentiary for conspiring with another man to kill her first husband who was murdered. Soon after leaving the penitentiary, he married Beaman, the coroner stated. Recently the man who went to the prison with her on the conspiracy charge returned to Wilmington and this, he was informed led to the tragedy this afternoon.

Four men believed to be members of the Black Hand jumped on the running board of an automobile owned and driven by Jas. Chicachee of Tarry Town, N. Y., one night last week and at pistol point relieved him and his companion of \$13.30. At first Mr. Chicachee refused to give up but was sent sprawling on the jaw.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous For Burlington People to Neglect.

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel, and Bright's disease may follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in Burlington.

C. F. Oakley, Davis street, Burlington, N. C., says: "I suffered from kidney complaint for two or three years, brought on by hard work and heavy lifting. The trouble began with sharp twinges in my right side, extending into my limbs. At times I became so lame and sore across my loins that I could not sleep. My kidneys were also disordered and I was miserable in every way. As soon as I began taking Doan's Kidney Pills I felt better and before long they cured me." For sale by all dealers. Price 50 cents. Early Christmas Shopping.

Although it is more than a month until Christmas now is the best time to do your early Christmas shopping. It is better for all concerned as choosing Christmas gifts from the most expensive to the less expensive involves considerable time. Most of the stores are getting in new Christmas gifts and now is the time to keep in touch and do your holiday shopping. Early shopping has many advantages which should not be overlooked, it means having the first choice from which to select, it means a saving labor in avoiding the distracting rush, it means much to the patient clerk with whom you do your shopping. There can be no doubt that the American people who are the most generous Christmas buyers are

accepting the early shopping idea as a good one.

Heretofore Burlington has not been behind in this movement, and we are sure this year will not be an exception to the rule.

A National Progressive Republican Convention.

Judging from the trend of thought of the most wide a wake political leaders a National Progressive Convention will be held next spring. This convention will be a convention of great importance. Upon its action depend the immediate future of a great party. Today thousands of folks are hanging in the balance and a convention rightly held with the right view and the right action taken would mean a decision for this large of undecided voters. If this convention is held and it should be it will not be held for the purpose of nominating a political candidate, but for the purpose of viewing the present situation.

It should be more than a mere assembling of men to do certain specified things. It should in its make up typify what it is and what it expects to do. From such a gathering can come and should come an irresistible appeal to the man with a stake in his country's prosperity. From it should come the call to arms for the restoration to power of a party of constructive statesmanship. To a convention holding such important views should come the party leaders both of the battle field and the council chamber.

Too Much Talk.

If President Wilson possesses the quality of wisdom to which we have thus far attributed him

he will do both wisely and well if he will cause the members of the cabinet to keep silent and not produce so much talk. It is but natural the pie seeker will cause himself to be heard. But the dignity of a cabinet officer should be kept more reserve.

The latest offender is the gentleman who occupies the post of Secretary of Labor. He journeyed across the continent to attend a labor convention at Seattle and to bring the greetings of the Administration to the men there gathered, whom he took particular pains to address as "Fellow unionists." All that he said was calculated to widen the gulf between capital and labor, and to make worse a situation that is now sufficient to cause both employer and worker to fear for the future.

The Department of labor is supposed to maintain a judicial attitude, and to treat with justice and fairness the rights and interest of all men and all industries. But Secretary Wilson spoke to that convention as a special counsel for labor would speak, and he gave them fair notice that under him the Department would regard labor as right, no matter what was the controversy and what the merits. It was a public avowal of the narrowest and bitterest type of class prejudice, with the added weight of being the utterance of a member of the Cabinet.

It was only a short time before that in the same city of Seattle the Secretary of the Navy unburdened himself of a banquet speech, the immediate and direct result of which was to make the sailors of the ships gathered there to greet him start a serious riot and destroy property and endanger lives. If the members of the Wilson Cabinet must be

permitted to indulge themselves in the wander lust and spend in touring the country the time and money of the Government they are supposed to serve they should at least be compelled to refrain from speeches of agitation and unrest. The Cabinet of the President of the United States is a place for counsellors and administrators. It should not be turned into a pulpit from which to deliver harangues and appeals to class prejudice.

VALUABLE SUGGESTION IMPORTANT TO EVERYONE

It is now conceded by physicians that the kidneys should have more attention, as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poison and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich, heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, annoying bladder troubles, smarting or burning, brick-dust sediment, sallow complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

Many physicians claim that an herbal medicine, containing no minerals or opiates, has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by Parcels Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Burlington Weekly State Dispatch.

A Consumptive Cough

A cough that bothers you continually is one of the danger signals which warns of consumption. Dr. King's New Discovery stops the cough, loosens the chest, banishes fever and lets you sleep peacefully. The first dose checks the symptoms and gives prompt relief. Mrs. A. F. Mertz, of Glen Ellyn, Iowa, writes: "Dr. King's New Discovery cured a stubborn cough after six weeks' doctoring failed to help." Try it, as it will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Money back if it fails. Price 50c. and \$1.00. All druggists, by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.

Holiday November 28th to the Teachers of the State.

The teachers of the State will be granted holiday without pay, November 28th, Friday of Thanksgiving week, in order to enable them to attend the North Carolina Teachers' Assembly, which holds session in Raleigh November 26th-29th, if the request of State Superintendent J. Y. Joyner and that of Secretary E. E. Sams, of the Teachers' Assembly is granted by the city and county boards of education.

The offices of the Assembly have sent out a circular letter to all the school boards and committees, with the earnest request that this holiday be granted. They call attention to the splendid session of the Assembly last year, held the same time which was attended by over 1,200 teachers of the State and proved of great inspiration and practical benefit to them in the work of their profession and at which time a majority of the boards of trustees allowed the teachers to attend without loss of pay.

The opening session of the Assembly is Wednesday evening, November 26th. A great majority of the teachers of the State can reach Raleigh Wednesday in time for this session, leaving their homes after the close of school that day. The next day is Thanksgiving Day and a national holiday. Thus by the granting of only one holiday the boards will enable the teachers to attend the full session of the Assembly, leaving Raleigh after the last meeting Saturday morning and arriving home before Sunday.

The circular letter continues: "That not only the teachers but the schools in which they work will receive direct benefit from the attendance of teachers on these sessions must be evident to any one who considers the character of the program that has been prepared. It will be one that will appeal to all classes and grades of teachers. Many of the most prominent teachers in North Carolina, both public and private, will take part in the discussions. Besides these, whose names are familiar to all of us, the Assembly has secured the services of several men and women of national reputation. They are as follows: President J. D. Eggleston, of the Virginia Polytechnic Institute and former State Superintendent of Virginia; Dr. William Herald Kilpatrick, of the Teachers' College, Columbia University; Hon. E. C. Branson, formerly President of the State Normal School at Athens, Georgia now Teacher of Rural Economics and Sociology; Miss Ella V. Dobbs, head of the Department of Manual Training in the University of Missouri and Mr. Richard T. Wyche, President of the National Story-tellers' League and Editor of the Story-tellers' Magazine."

Superintendent Joyner sends out of the following letter in the same connection: To the County and City School Boards:

Believing that the inspiration, information, encouragement and pleasure that teachers will receive from association with hundreds of their fellow teachers and with some of the masters of their profession, and from the discussions and exchanges of views and experience at the coming session of The North Carolina Teachers' Assembly at Raleigh, November 26-29, will more than compensate in benefits to teachers and their pupils for the loss of one day from school especially immediately following a holiday, I heartily and earnestly endorse the request of the officials of the Assembly that the school authorities grant to teachers who desire to attend the next session of the Teachers' Assembly leave of absence from school for Friday, November 28, without loss of salary and recommend that school boards grant this permission.

Very truly,
J. Y. JOYNER,
State Superintendent of Public Instruction.

Held Up Train.

Okland, Cal., Nov. 14. — A lone bandit about thirty-five years old held up the rear Pullman of the California Overland mail train between San Pablo and Richmond shortly before 8 o'clock tonight. He secured \$650 in cash and about an equal amount in jewelry. The bandit compelled Conductor Watson to stop the train at Pullman, a few miles south of Richmond. Here he left the car and disappeared in the vicinity of the Pullman car shops at that point.

Chapel Hill, N. C., Nov.—The suggestion advanced by Acting President Edward K. Graham of the University that the good roads proclamation of Governor Craig of this year be changed to an annual observance of a Civic Service Week is gaining widespread attention, and the press of the State is accorded the idea a hearty recognition. The original suggestion, as offered by Acting President Graham in the course of an address at the Rural Life Meetings in Charlotte, proposed that November 3 to 7 be set by the Governor for the holding of conferences in each county in the state for the common good. The exhibition of the product of the county the discussion of the facts of county life and otherwise some definite civic service be undertaken, is included by the proposal for the Civic Service Week in the general scheme of the program. The direct taxation of the negroes of North Carolina do not pay their proportional part of the levy for educational purposes was the conclusion reached by Dr. H. W. Chase, professor of the philosophy of education, in the course of a lecture to the student body of the University on the topic, "Negro Life in the South." The University professor based his conclusion on figures contained in the report of the State superintendent of Public Instruction. It is only through the sources of penal ties, fines, and taxes of a similar nature imposed by the towns and counties that the negro approximately pays his share of the levy for educational funds.

The North Carolina geological and economical survey issues a bulletin calling attention to the growth of work of draining swamps and overflowed lands in the State within the past few years. The statistics gathered indicate that forty-six drainage districts have been organized to drain swamp lands in eastern North Carolina, embracing an acre of 553,139.
