WRITE TO SANTA CLAUS.

The columns of this paper are open to the little boys and girls under ten years of age to make known their wants to Dear Old Santa Claus. Just write as nice a letter as you can, telling Santa what all you want for Christmas and mail the letter to The Dispatch, Burlington, N. C.

Dear Santa Claus:

I am a little boy 7 years old, and live out upon Route No. 2, near Glencoe Mills. I have no brothers or sisters. I try to be good but Mama says I am bad. I wish you would bring me for Christmas, some candy, nuts, and toys. I would like to have a little drum and a horn. Now if you do not think this is too much for one little boy, please bring it, dear, sweet, Santa.

Johnny Jumpup.

Dear Santa Claus:

I am a little girl 5 years old, and live in West Burlington, near Smith & Qualls Store. I would like for you to bring me a doll and some candy and raisins, but, Dear Santa, if you think the little Belgium girls need

these things worse than I do, please give these things to them and I will do without. I know you are a dear, and I will be satisfied with what you think I deserve.

Fanny Azlegrease.

The Burlington Fire Company No. 1 held their business meeting Tuesday night in the Armory, and transacted their regular routine business. The company has done good work during the year and with the careful consideration of the people a number of fires could be eliminated.

The following officers were elected: J. T. Love, chief; Charles O. Walker, assistant chief; Grover Moore, foreman; J. C. Freeman, assistant foreman; C. V. Heritage, superintendent of fire alarm; P. E. Morrison, secretary and treasurer; J. Zel-Waller, W. R. Sellars, C. R. Love and J. T. Love, insurance committee.

The District Meeting of the Masonic Order, is in session here today and has an interesting program for this evening and tonight. Mr. R. L. Brown and Hon. S. M. Gattis are on the bill for tonight, which will be a rare treat for those who are fortunate enough to hear them.

THE MOVIE GIRL.

"The Movie Girl," a breezy musical comedy, was played last Tuesday night at the Casino to the largest and most appreciative audience that has attended the Casino this year.

The musical number of the program were very very good, containing 18 of the latest and most popular songs of the day.

HOUSE ROBBED WHILE FAMILY WAS ABSENT.

Elizabeth City, Nov. 30.--The home of Cliff Harris, Walnut and Second streets, was entered last night by a burglar in the absence of the family and robbed. The thief carried off a lady's gold watch with the letter "M" engraved on the case; an ablong lock-et and a dollar in buffalo nickles. Bloodhounds trailed the burglar to the railroad where a freight train had just left. It is supposed that he took passage on the freight.

RETRIBUTIVE JUSTICE HAS NOT DEPARTED FROM THE EARTH.

A press item recites that the wife of the Ben Davis who originated the apple of that name has borne him triplets.

TIMES ARE GETTING BETTER

Each day you see in the newspapers telling of orders from abroad or of mills starting up.

Each day the debt we owe to Europe is diminishing and Europe's demand for our goods grows greater.

The seas are open--trade is expanding. Now is the time to go after business not tomorrow but NOW.

We don't have to go to foreign shores to seek it. There is plenty of trade to be had right here at our own door steps.

Now is the time to be aggressive.

NOW IS THE TIME TO ADVERTISE.

Place an ad in The Dispatch, it will bring sure results.

GREATER N. Y. MINSTRELS.

James Bonelli, of Price and Bonelli, is very well known here in our city through his annual visits in former days in the white face version of Dickson and Mustard's "Humpty-Dumpty." He has amused both old and young in many seasons gone by, but last night he appeared at his topmost success in the grand after piece following the Minstrel Olio--Humpty-Dumpty in black face with an entire setting of special scenery from Sosman & Landis. Truly Bonelli is a world beater for clean cut comedy.

We welcome his return at the head of his own Minstrels or in any other production.

Price & Bonelli, Greater New York Minstrels is a winner and will make good before any audience.--Evansville (Ind.) Democrat.

Price & Bonelli will exhibit here at The Piedmont Opera House soon.

VEGGMEN GET \$15 FOR HARD JOB.

Atlanta, Dec. 1.--The safe at the store of Alexander Bros., 274 Marietta Street, was robbed either Saturday or Sunday night by yeggs, who reached the cash by boring and cutting a hole through the bottom of the safe.

There was only \$15 in the safe, and this is the amount of the loot of the robbers.

The plan of boring through the bottom of a safe was first conceived and executed by a gang of yeggs who have operated successfully for several months in Memphis, Tenn., and the local police are of the opinion that this gang has transferred its attention to Atlanta.

Detectives Starnes and Campbell are working on the case.

JAPAN AND CHINA ARE BUYING MUCH COTTON

San Francisco, Nov. 26.--Japanese and Chinese manufacturers are buying cotton here as never before and they seem willing to purchase all they can find vessel space for. Germany is understood to be bidding from 18 to 20 cents, with virtually no orders being filled and her own stock on the vanishing point.

Cotton acreage in California only recently has been developed and it is generally believed it will be reduced next year.

VICTIMS ABOUT HIM, HE PICKS HIS BANJO.

Lowie Daniels, Slayer of Three, Unconcernedly Awaits Arrest--Shoots Down Four--Cooon Daniels, Ethel Luther and Edgar Varner Killed Instantly; Wife Shot Fatally.

Asheboro, Nov. 28.--Lowie Daniels of the Pisgah section of Randolph County, was today taken from the jail here back to his home for a preliminary hearing on the charge of the murder of his sister, Cooon Daniels, his sister-in-law, Ethel Luther, and Edgar Varner, all three of whom he is said to have shot through the head at his home last evening. Daniels' wife, who with a crushed shoulder, is thought to be fatally wounded, was shot at the same time as the others.

When officers, in response to messages stating that Daniels had made his home a shambles, arrived at his home near the Montgomery County line Daniels was found sitting in the house, around him the dead bodies, unconcernedly picking a banjo and singing foolish songs. In jail here, it is stated Daniels laughed and talked incoherently, and denied having drunk anything but some "still beer," a beverage not noted for its alcoholic intensity.

He is said to be a "moon-shiner," and has been before the courts more than once, having at one time served a sentence for the illegal manufacture of liquor. Details of the tragedy are meagre, but information received here is to the effect that Daniels, who had been away from home for three days, supposedly in Davidson County, returned Saturday evening and found Varner and the two women in the house with his wife. When he began shooting his aim was in three instances deadly--Cooon Daniels, Ethel Luther and Edgar Varner, receiving fatal wounds. Daniels' wife with a crushed shoulder, was shot first, then the wife of the late Wm. S. Hester in turn.

He made no statement here, where it is supposed that he will be returned as soon as the preliminary hearing has been held.

Lowie Daniels is the son of Will Daniels, who lives in Stanly County. His wife is a member of a family well known in Randolph and Montgomery Counties.

That Grotto Picturesho Is "Some Show."

GRAHAM MUST PAY HIGHER TELEPHONE RATES.

The Graham telephone matter was settled yesterday by the Corporation Commission when it issued an order approving the new scale which the Southern Bell Telephone Co. proposes to put into effect in that town. The matter has been before the commission for so long time and both sides have been given a number of hearings.

A business house on a single line will be charged \$4 per month, duplex line, \$3.50, single residence line, \$2.50 and duplex line \$2 per month. These rates are considerably higher than those now in effect.

The central exchange is in Burlington where the telephone people claim they have recently spent \$26,000 in improvements. They also claim to have spent \$7,000 in Graham for improvements.

Subscribers in both Burlington and Graham are practically in the same exchange and no additional cost will be attached for the service. It is claimed that nearly every point in Alamance county can be reached under the new arrangement without additional cost.

Are you going to see "Zudora" next Tuesday at The Grotto? Of course I am.

BURLESON AND SANTA CLAUS.

Washington, Nov. 28.--Postmaster Burleson has made himself Santa Claus' chief assistant. By a recently promulgated fiat postmasters are informed that Christmas goodies, if properly packed may be sent by parcel post. Nuts and raisins, cakes and candies and all the other sweet things so dear to the infantile heart--and bad for the stomach--are to be received at all postoffices in the United States as fourth class matter. The recent order goes further still. Dealers and manufacturers of proprietary articles of merchandise, as well as those of articles, fruits and candies, will be permitted to put up their goods in sealed parcels, if sealed to show the nature of contents, quantity and name of producer, manufacturer or dealer. This new parcel order will prove a boon to those desiring to utilize the parcel post at Christmas time. The Postoffice Department also reports that extensive preparations are being made to handle all holiday mail most expeditiously. Every possible convenience will be arranged to simplify and expedite the sending and receiving the matter sent by parcel post.

DURHAM RAISES \$900 FOR THE BELGIANS.

Mr. Erwin was a former resident of this city and was noted for his liberality to worthy causes.--Ed.

FIFTY-MILE CONFERENCE OF BARACAS AND PHILATHEAS.

The Fifty-Mile Conference of Baraca and Philathea Classes located within fifty miles of Burlington, which convened here last Friday evening, came to a close Sunday afternoon.

The first session of the conference was held at the Front Street M. E. Church Friday evening at 8 o'clock. This was a welcome meeting, presided over by Mr. W. C. Douglass. Addresses of Welcome were delivered as follows: For the City, Mr. John M. Cook; for the Churches, Rev. G. L. Curry; for the City Baraca-Philathea Union by Miss Bertha Cates. The response to these addresses was made by Mr. M. E. Andrews, of Cary. A social hour followed, in which the visiting delegates were entertained with orchestra music and refreshments in the Baraca Room of the Church.

Three sessions of the Conference were held in the Christian Church Saturday. Addresses on Baraca and Philathea work were delivered by visiting delegates. Among the speakers were: Prof. J. E. Allen, of Warrenton; Miss Christine Thomas, of Henderson; Mr. W. E. Sharpe, of Burlington; Miss Flossie A. Byrd, of Greensboro; Mr. M. B. Andrews, of Cary; Miss Lola Long, of Greensboro; Mr. Claud M. Pritchett, of Greensboro; Mr. E. S. W. Dameron, of Burlington; Mr. J. M. Stone, of Greensboro; Rev. B. B. Slaughter, of Burlington, and Miss Marguerite Halliday, of Greensboro. One minute reports on "What we are doing and how we are doing it," were made by most of the delegates in attendance. At four o'clock a complimentary car ride was given the Conference by the Chamber of Commerce, two crowded cars being run over the company's lines to Haw River and return.

There was no session of the Conference on Sunday morning. The delegates were given the opportunity of attending Sunday School and preaching service at the church of their own selection. The last and most interesting and helpful session was held in Front Street M. E. Church Sunday afternoon at 2:30 o'clock. Rev. F. T. Collins, of Clinton, delivered a very forceful and inspiring sermon on "Loyalty to Christ. This address was considered by many as one of the best of its kind ever heard in Burlington. The Rev. Mr. Collins is a comparatively young minister, but he showed great ability in the delivery of his discourse. The main auditorium of the church was completely filled, every available space being occupied with eager and attentive listeners. At the conclusion of the address the audience was delighted with a beautiful selection rendered by the Baraca Quartette.

This conference was the second of its kind ever held in North Carolina. While the attendance was not as good as was expected the conference was a success.

PROF MARTIN HOLT DIED LAST THURSDAY.

Greensboro, Nov. 27.—Martin Hix Holt, one of the principals of Oak Ridge Institute, died yesterday afternoon at his home at Oak Ridge at the age of 59.

Professor Holt had been ill many months with chronic heart trouble and Bright's disease. He is survived by his widow, Mrs. Mary Lambeth Holt, and daughter, Mrs. J. T. Bennett, of San Diego, Cal., and son, John Harvey Holt, of Oak Ridge.

Professor Holt was one of the most brilliant educators the State has produced in the last half century and with his brother, J. Allen Holt, had built of the institute a powerful influence in the educational life of the State. The fame of the institute has been wide cast. At one time he was a member of the State Legislature from Guilford.

At the time of his death he was president of the board of directors of the State Institution for the Deaf, at Morganton, on which board he served more than a quarter of a century.

He was a member of the Methodist Protestant Church. The funeral will be held Saturday morning at 10:00 o'clock in the Oak Ridge chapel.

It is a good plan to advertise. But it is no reason why a girl should dream when she is being kissed.

COTTON THROUGH THE CANAL.

One of the few bright spots in the very dark cotton situation is connected with the Panama Canal. A steamship loaded 3,279 tons of cotton at Galveston, consigned to Yokohama, and one day in the last week of October made the passage through the Panama Canal—the first time a cargo of cotton had passed that way.

By using the Panama Canal, the steamer will save at least 5,280 miles of sea travel. The distance from Galveston to Yokohama by way of Panama and Francisco and the great circle is 9,294 miles; the next shortest route is by the Suez Canal and by the most direct sailing is 14,575 miles long. This means a saving of twenty-two days time and a very great deal of money.

Cotton shipped to Japan in 1913 was valued at \$32,500,000, and there is already reason to believe that this year's export to Japan will be increased rather than diminished by the war.

Now what do you think of this? Our Democratic friends tell us that no cotton can go abroad.

Conference Closes With Benediction by Bishop Kilgo.

"Give my love to your wives and children," his farewell to delegates. Resolutions approved praising President. Methodist membership in Virginia now 119,654, report shows.

Collector Watts, of Statesville, and Collector Bailey, of Raleigh, and Senator Simmons had a meeting in Raleigh, entirely void of any politics says the Raleigh correspondent. CASHIER MISSING BANK IS CLOSED.

The Corporation Commission was advised last week that the Bank of Caswell, at Milton, Caswell County, had been closed and was in charge of State Bank Examiner Hubbard, who went to that place last week to make an examination of the bank.

In Mr. Hubbard's telegram to the commission it was stated that the cashier, E. Hines, Jr., was missing and that he had left a note acknowledging that he was short in his accounts and naming the amount he was short. The commission however did not give out the amount of the shortage and will not do so until it can be verified by Examiner Hubbard after a full inspection of the books of the institution.

The last report made to the Corporation Commission showed that the bank had a capital stock of \$5,000, assets and liabilities, \$19,513, with deposits of \$3,931. F. B. Jones is president, and E. Hines, Jr., cashier of the bank. Hines, the cashier, was bonded in a security company for \$5,000, and as the stockholders are liable to an assessment to the amount of their stock, the depositors do not stand to lose anything by the smash. The bank was organized in 1905.

Mr. Phillips had Stomach Trouble for More than Five Years.

Mr. W. R. Phillips, Jr., 139 Moreland Ave., Atlanta, Georgia, writes: "I had the catarrh and stomach trouble for more than five years, and I faithfully tried all the medicines I saw advertised, and found they all failed to cure me. I then heard of Peruna. I purchased six bottles, and after their use I soon discovered that I was well, safe and sound. I now weigh two hundred and ten pounds, and have never been sick since I took Peruna. It surely is the best medicine for colds, stomach trouble and catarrh that I ever heard of."

PARTY ENJOYS POSSUM HUNT.
Haw River, Nov. 28.—The first of a series of 'possum hunts was enjoyed last Friday night by a party of gentlemen, accompanied by several young ladies, who had never before enjoyed such sport, and, to the surprise of the men, after carrying them over hills, through mud and briars, across creeks and barbed wire fences, for at least 12 miles, the young ladies were on hand at the finish when the 'possum was treed and caught.

The party stopped at the home of Henry Bason, in the "wee sma' hours of the night," and enjoyed apples and other refreshments, before an old-fashioned log fire, discussing the capture of one 'possum and treeing several more. It was a thrilling and exciting experience to the amateur hunters, to see the dogs trailing and barking up the trees after the possums.

The hunters were so enthused over the 'possum hunt, and catch, that it was followed, on the following Monday night by a barbecue, given by J. E. McGee, at the hospitable country home of Mr. and Mrs. Henry Bason and Joe Basch. In addition to the barbecue, the company enjoyed sweet potatoes, hot coffee, corn bread, biscuit, pickles, etc., and again gathered around the old-fashioned log fires, telling ghost tales till the clock told the tale that it was time to depart for home.

CONFIRMED PROOF.
Residents of Burlington Cannot Doubt What Has Been Twice Proved.

In gratitude for relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Burlington, who so testified years ago, now say the results were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Burlington kidney sufferers.

Mrs. Bertha Stanfield, 1015 Dixie Street, Burlington, N. C., says: "I was in bad shape with backache and had trouble in straightening after stooping. I was also bothered by nervous spells. I saw Doan's Kidney Pills advertised and got some. They helped me in every way. The pains left and my kidneys became normal. The endorsement I gave Doan's Kidney Pills before, was true. I am glad to confirm it now."

Mrs. Stanfield is only one of many Burlington people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills—the same that Mrs. Stanfield had—the remedy backed by home testimony. 50c. all stores. THE MERCHANT WHO ANTICIPATES.

To anticipate is to think and to act ahead. It is not only looking to the future—it is acting before the future happens. The clever retailer is the one who anticipates the wants of the consumer. In this city are thousands of consumer wants created by advertising in these columns. On the shelves of every store are products that will fill these wants. To bring the consumer and his wants together, the merchant who anticipates new business keeps a special eye on the products advertised in the news papers. He keeps these articles out in the light where the consumer who has been influenced by the advertising will see them.

WELL, HARDLY NOT.

An English colonel, at kit inspection, said to Private Pishigshur: "Ha! Yes, shirts, socks, flannels, all very good. Now, can you assure me that all the articles of your kit have buttons on them?" "No, sir," said Private Pishigshur, hesitating. "How's that, sir?" "Ain't no buttons on the towels, sir."—London Tit-Bits

DREAMS OF SNAKES; AWAKES TO FIND ONE.

Macon, Mo., Nov. 7.—Mrs. Ralph Talbot, of Ten Mile township was in bed with her baby and her husband sleeping in an adjoining room when she dreamed of snakes, and the dream was so disturbing that she awoke. The lamp on the table threw a dim ray on the bed and lying near her and the baby on the cover was just such a reptile as she had seen in her dreams. But she was a nery little woman, and assuring herself that it was only a dream, she reached over and touch the ugly thing. It moved! So did she; but she didn't cry out, and she had the presence of mind to seize the baby and take it with her. Mr. Talbot awoke and heard her story. He walked into his wife's bedroom and turned up the light. There was no snake to be seen. "It must have been a dream," he said. "Maybe," admitted Mrs. Talbot, "but I felt sure it moved when I touched it." Something was said about eating certain heavy food before retiring, when Mr. Talbot detected a slight movement of the cover. He pulled it off the bed and there lay a snake.

ROY PRICE SHOOT HIS FATHER TO SAVE MOTHER.

Goldsboro, Nov. 28.—Coroner C. E. Stanley was summoned to the neighborhood of Seven Springs this morning to investigate the shooting and killing last night of Robert A. Price, a well-to-do white farmer of this section, by his young son, Roy. The coroner summoned a jury and thoroughly sifted the evidence. The verdict of the jury was one of acquittal on justifiable grounds, as the evidence showed conclusively that the boy had to shoot to save his mother from great bodily harm and probably death, as the father was beating her in a drunken rage. The dead man was a heavy drinker and had been on a protracted spree leading up to the incident last night that resulted in his death.

A COMPROMISE.

The following story relative to compromises is credited to Champ Clark, who told it to a reporter when the deadlock was on at the Baltimore convention in 1912, according to the New York Evening Post: "Compromises," said he, "always strike one as unpleasant and unsatisfactory. There was once in the Ozarks a boy who on reaching the age of 15, insisted on having a watch to wear. But his father refused him the watch. 'Can't afford no such foolishness,' he said. 'Then, by heck, I'll leave home,' said the lad, and he went up to the attic and began to pack his carpet-bag. 'At this point the mother in her desperation came out with compromise. 'Willie,' she called up the ladder—'Willie, stay to hum with us, and ye kin wear the clock!'"

CHOOSING A PIANO.

Pianos individually differ in touch and tone, but pianos as a class are highly standardized as to quality for price. No person of judgment buys a nondescript instrument. Rather, selection is made from a name that stands for high ideals of manufacture. If the thought of a piano is in your mind let us give you this caution. Choose carefully—and if you are not familiar with the points of leading instruments and the best dealers, let the advertising columns of this newspaper help you. The advertising in the first guide to the pathway of piano satisfaction. And ELLIS is "The Man."

STOPS TOBACCO HABIT IN ONE DAY.

Sanitarium Publishes Free Book Showing How Tobacco Habit Can Be Banished in From One to Five Days at Home. The Elders Sanitarium located at 1071 Main St., St. Joseph, Mo., has published a free book showing the deadly effect of the tobacco habit, and how it can be banished in from one to five days at home. Men who have used tobacco for more than fifty years have tried this method and said it is entirely successful, and in addition to banishing the desire for tobacco has improved their health wonderfully. This method banishes the desire for tobacco, no matter whether it is smoking, chewing, cigarettes or snuff-dipping. As this book is being distributed free, anyone wanting a copy should send their name and address at once. Some years ago when Penrose was one of the pillars of Roosevelt's administration, the Colonel, then being a "regular" of the strictest sort, was overjoyed at the Republican majority rolled up in Pennsylvania under the leadership of the Senator. He wrote him a letter of congratulation characteristically beginning "Upon my word, a phenomenal victory." It is safe to assume that no such epistle has been sent to Penrose anent the result of last Tuesday's election in the Keystone State. ORDERS FOR COTTON, SHORT ON SHIPS. Washington, Nov. 24.—Reports to President Wilson show that orders for cotton in the United States are greatly in excess to the number of ships available for carrying cotton. He said today that everything possible was being done by the government to remedy the situation. The old-fashioned man who used to paddle his own canoe now has a son who owns a motor boat named "Isk-kalibblle."

SHALL WE ISSUE BONDS OR USE ECONOMY?

The Legislature that meets in January, 1915, will find a hole in the State Treasury made by the last legislature. It is the same old, old story that is told the people of this good State every two years, to wit: that the income from the revenue bill did not produce as much money as was expected and therefore did not meet all the expenditures of the State. Shall we go on forever at this poor business rate, and issue bonds, or shall we call a halt and stop spending more money than we have as an income from our taxes for State purposes? It does not take long to decide what will happen to a man that spends more than his income. It will not take long to decide where we will be as a State unless we stop spending more than our income is. Shall we call a halt and begin to think about some economy or shall we go on issuing bonds and piling up debt against North Carolina—Catawba County News. Issue bonds of course, this is Democratic good government. HOCUTT MEMORIAL BAPTIST CHURCH. James W. Rose, Pastor. Preaching Second and Fourth Sunday nights. ELUSIVE PROFITS.

"I make fine profit on these goods—ONLY I DON'T SELL any of them," said the retailer, wistfully. The only profits that count are those which ring the cash register. Dealers would rather make a small profit in practice and a big one in theory. Goods that sell over the counter and are favored by the retailer are meritorious national products advertised in newspapers. Retailers know that newspaper advertising sends purchasers to their stores. They know it is easier to sell the goods the public wants than to waste effort on nondescripts for which there is no demand. Place an ad in The Dispatch and watch your business grow. POOR

TURBULENCE OF MEXICO EXPLAINED BY JOHN LIND.

Chicago, Nov. 20.—Fighting in Mexico never will cease until the land has been redistributed and workers can own their homes, in the opinion of John Lind, President Wilson's personal representative in the southern republic during Huerta's administration. Addressing the industrial club here Thursday, Mr. Lind sketched the development of the landlord system under the Spanish conquerors and then declared:

"As a whole the nation was made homeless and has so continued to this day. This is and will be the cause of revolutions in Mexico until the question is settled. The State of Morelos, for example, is owned by 27 men."

Nominal freedom, Mr. Lind said, was accorded the peons, but they are poorly paid and practically compelled to remain in the service of the great land owners. Laws for bidding employes to leave the landlord's service while in debt have aided in keeping the workers in subjection.

Careful study of the Mexicans, the speaker continued, convinced him that the differences between them and the citizens of the United States were not racial nor psychological. The turbulence of the Mexicans, he said, could be attributed to years of oppression.

"The hard experience of the Mexican has made him wary and suspicious," said Mr. Lind. "It has been difficult for the Mexican people to believe our President did not have some ulterior motive in his proffered good offices. I think, however, they now are about convinced, and when once convinced, are loyal friends are not to be found."

The speaker closed with a plea "for a warmer and kinder interest in these, our neighbors."

"They bear us no ill will," he declared. "They need our good will. We need theirs. We must be friends in peace and allies in trouble. The people of Mexico dwell in a rich and beautiful land. I feel they are a people of great promise. They have suffered vicissitudes which we have escaped. I believe they are emerging into the light of a new and better day."

MUNICIPAL GOVERNMENT QUESTIONS DISCUSSED.

Baltimore, Nov. 20.—Subjects relating mainly to municipal government were features of today's program at the annual conference of the National Municipal League here. Among these was an address on "The Commission Manager Plan of Government in the Light of Experience," and the report of the committee on political methods.

The committee on municipal program, which has been drafting a new model charter and home rule constitutional amendments, presented a partial report in the form of sections dealing with the council, the city manager, the civil service and efficiency board.

JACK JOHNSON'S CAR.

Jack Johnson's racing car, which two years ago was the talk of the country, has been purchased by R. C. Rosecrans, of the Old Sanitarium, at Prairie du Chien, Wis. This mon-

ster racing car was built by the Thomas Flyer Co. The solid aluminum body was cast in one piece in England, no manufacturer in this country being able to make it at the time. Its mechanism has a six-cylinder engine, each of the cylinders being 5 1/2 by 7 inches which has a capacity of 105 horse-power and will send the machine over the ground at a speed of 90 miles an hour. All the parts of this wonderful speed demon were especially made for Jack Johnson and cost \$14,000. However, the reckless career run by Johnson in connection with his famous restaurant in Chicago brought about the loss of his rights in this country as well as his wonderful machine, which was attached for a debt by the Heileman Brewing Company, of La Crosse.

THE RIVER.

Little lad, little lad, that played along the shore,
I hear your mother calling you, do you you hear her no more?

There flows a little river through a Catskill town,
And there the little fishing boats go slooply up and down.

I can hear the windless where the wet ropes run,
And can see the dripping nets shining in the sun.

Slow and heavy barges, with their freight for human needs
Follow where the guide rope of the little tugboat leads.

Silver, iridescent, the little river lies,
Never asking anything, making no replies.

Green bank and ragged dock, bridged from shore to shore,
And a mother calling for a child that comes no more.

Little lad, little lad, still the river flows,
Still upon its shining tide the ferry comes and goes.

There's a glint of little pleasure craft, and, as the night comes down,
I can see the window lights gleaming in the town.

And the night wind, come from afar, is whispering to me:
"There's always toll of weeping where streams run to the sea!"
—Louis Driscoll, in Harper's Weekly.

HOW CITIES ARE MADE.

A Station is a point on any railroad where there is a cinder platform on one side of the track and an elevator on the other. The Inhabitant of station operates the platform twice a day and the elevator three months in the year. The remainder of his time is spent in an effort to make a living for his family. It requires only two generations and continued good crops to attract a general store, newspaper and a cemetery. The opera house, church, school and politician follow in their order, after which the station has only to await the next census enumeration to get on the map in lower case letters and be referred to in the marginal index as a village. The village stage in municipal life is that era in which the post office box numbers do not run higher than 275, and while the residents point out a telephone pole with more than one cross-arm as evidence of their right to recognition in the commercial world. There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. I AM ZUDORA

The Mystic Detective You've Heard So Much About

I'm just eighteen. By some stroke of fortune, I have been endowed with supernatural powers of deduction, hypnotism and scientific analysis. I've come here to show you, in motion pictures, twenty episodes of my life--twenty baffling mysteries.

These episodes are full of thrills and excitement. They have been idealized by Daniel Carson Goodman and Harold MacGrath--two of America's foremost authors. They depict many of the tense situations into which a young American Girl may fall. They illustrate the strength and daring of girlhood when opposed by powerful forces. You are invited to see these baffling, scientific and instructive motion picture episodes of my life, at the **GROTTO STARTING NEXT TUESDAY.**
