Friday, May 14th, 8:00 P. M.—Graduating Exercises. Literary Address by Hon. T. W. Bickett of Raleigh.

The class of 1915, numbers eighteen, fourteen girls and four boys. The class roll is as follows:

Samuel Murphy Bason, Frank McD. Bain, Ellen Gladys Brown, Mary Sue Browning, Una Elder, Minnie Mary Ellis, Dorothy L. Faucette, Mary E. Garrison, Georgia F. Hatch, Margaret Hayes, Julia Hornaday, Sallie H. Patterson, Clara M. Purcell, Kathleen G. Strickler, Esther D. Taylor, Verdie G. Trollingier, James Ira White, and Rufus D. Wilson.

The class officers are: Samuel Murphy Bason, President; Gladys Brown, Vice-President; James Ira White, Secretary; Julian Hornaday, Treasurer.

The marshals are: James Heritage, Chief; Carl Barrette, Glenn Holt, Harvey Horne, Ava Heritage, Elizabeth Faucette, and Kathleen Elder.

### HEENAN HUGHES ELECTED MAYOR OF GRAHAM.

In the municipal election held at Graham last Tuesday, Mr. Heenan Hughes was elected mayor of Graham by a majority of ten votes over his Democratic opponent, Mr. J. S. Cook.

The five town commissioners elected are all Democrats. They are: R. L. Holmes, R. B. Tate, J. D. Long, R. H. Farrel and Don E. Scott.

### WEEKLY WEATHER FORECAST.

Issued by the U. S. Weather Bureau, Washington, D. C., for the Week Beginning, Wednesday, May 5, 1915.

For South Atlantic and East Gulf States:—The weather will be fair and the greater portion of the time somewhat lower temperatures for a day or two over the interior districts. There is some prospect of showers in a day or so over the East Gulf States.

### THE HEALTH EXHIBIT.

Never in the history of Burlington has there been such an interesting and instructive exhibit on health and its kindred subjects afforded the people of the city as the present health exhibit being conducted by Dr. Eugene Holt and the Red Cross Seal Committee, in the building formerly occupied by the J. B. Jones Clothing Co., next door to the Grotto.

The exhibit was arranged and opened for the public on Tuesday afternoon and the attendance has been very good. People from the rural districts have come in large numbers, and the business men of the city and many mothers have visited the place and gone away greatly enlightened on some of the ways by which to promote good health in their homes.

A representative of the Dispatch was shown over the exhibit yesterday, in order to give our readers an idea of what the exhibit is. An attempt to give a complete description of the exhibit would be in vain. Therefore, we will merely mention a few of the things that are to be seen by those visiting the place.

Upon entering the building the visitor is first shown the large Fly Chart, which measures about eight feet in height. On this chart is shown paintings representing the different stages of fly breeding and facts concerning the rapid growth of the fly. Also how to prevent the breeding of flies. On this chart were some statistics showing how wonderfully and rapidly one female fly will multiply. The figures are as follows:

Dates	Flies
April 15.....	1
May 1.....	120
May 18.....	7,200
June 20.....	432,000
July 10.....	25,920,000
July 29.....	1,555,200,000
Aug. 18.....	93,312,000,000
Sept. 10.....	5,598,720,000,000

These flies placed end to end would circle 880 times around the world. To see this chart alone is worth the time and trouble to visit the exhibit.

Next the visitor is shown a large display of patent medicines, with their demerits and poisonous contents clearly pointed out, thus convincing the observer of the dangerous habit of using such false remedies.

Another interesting and very instructive feature of the exhibit is the numerous placards with information on how to properly feed and care for the baby. With this feature is a small box furnished in the form of a room in the home, and by means of an electric light and reflecting mirror, the scene is changed from an unsanitary condition to a clean, healthy condition, thereby illustrating the vast difference of the two.

A great variety of placards and pictures are shown treating on the subject of tuberculosis, or consumption. In connection with this feature of the exhibit is a clock and bell apparatus, the operation of which is very impressive to the visitor. The bell rings every thirty seconds, which means that, according to statistics of the world, one person dies of tuberculosis.

Words are inadequate to convey to our readers an even faint description of this great educational exhibit. It is educational in many respects, because it brings to the attention of those who visit the place many things and discloses facts and figures pertaining to the prevention of diseases and promotion of the health conditions of our people.

The exhibit will be on until Tuesday evening, May 11th. The last day of the exhibit will be for colored people. We urge all of our people who have not yet seen the exhibit to do so, as it is a rare opportunity to gain a store of knowledge on the various health subjects with which the exhibit treats.

### BURLINGTON TO HAVE GAS PLANT.

Board of Aldermen Grant Franchise to New York Firm—Work of Establishing Plant to Begin Within Thirty Days.

Through the efforts of the Chamber of Commerce, Burlington is to have a gas plant. The proposition has been under consideration since the first of January, and we are glad to know that the Board of Alderman of the City of Burlington in their meeting last Monday night granted a franchise to Joseph B. Rider and William H. Fritchman, of New York City.

The franchise carries with it the provision to the effect that the grantees shall have the right to construct, maintain, and operate a gas plant and pipe system for the distribution of gas for lighting, heating, cooking and mechanical and power purposes. The franchise is granted for a period of forty years.

It is provided in the franchise that work shall begin on the new plant within thirty days after the acceptance of the franchise, thus giving the grantees ample time in which to organize and charter the corporation under the laws of the State.

We feel that the establishment of a gas plant in Burlington will mean much toward the industrial as well as the commercial development of our city, and we believe the new enterprise will supply a need that has long been felt by our citizenship and business enterprises.

We welcome the coming of this enterprise which will greatly aid in the making of a BIGGER, BETTER BURLINGTON.

### FUNERAL OF MR. JOSEPH NEWLIN.

The funeral of Mr. Joseph Newlin was held last Saturday at the Christian church at 5 o'clock, by Rev. A. B. Kendall assisted by Rev. Flemings of Greensboro, the families' former pastor.

A large number of relatives and friends were present to pay their last respect to him who was much beloved. The floral offerings were many and beautiful. Interment was held at Pine Hill cemetery.

The fire of the allied fleet may not be terribly effective, but still one can imagine that life isn't very comfortable in Turkey just now.

### A NONAGENARIAN PASSES AWAY.

In the 91st year of her age, Mrs. Sallie Albright Foust died April 16th, at the home of her daughter, Mrs. O. N. Hornaday, near Oakdale in Southwestern Alamance. She was the widow of Mr. William Foust who preceded her to the better world about thirty-three years ago. Her exact age was ninety years, eight months and two days.

Her funeral was conducted by Rev. Geo. W. Holmes, who was assisted by Rev. J. A. Ledbetter, her pastor and in the presence of a large gathering of people. Her body was laid to rest in Bethel cemetery on Sunday, April 17th. Six of her grandsons were pall bearers, which made the occasion solemnly impressive.

She was a member of Bethel Methodist Protestant church for seventy-five years, having joined that church when only fifteen years old, and I am inclined to think she was one of the charter members at Bethel. She had only two children, both of whom survive her, Mr. John A. Foust who lives near Bethel church and Mrs. Elizabeth Hornaday whose home is near Oakdale. Of her twelve grandchildren, ten are living. She has twelve great grandchildren, all of whom are living. She leaves one sister, Mrs. Margaret Shaw, who is the only surviving member of a once large family.

Mrs. Foust was a niece of Capt. John R. Stockard who is prominently known in this county, although she was more than three years older than he. If I am not mistaken, she was also a relative of Rev. Alexander Albright, who was one of the pioneer Methodist preachers in this county, which was then a part of Orange and who together with Rev. Alson Grey of Guilford county, organized the first Methodist Protestant churches in Alamance and Orange counties eighty-five or ninety years ago.

Aunt Sallie was one of the best women this writer has ever known. She was indeed a "mother in Israel," a saintly character whose life is worthy of emulation. Her life was a "living epistle," read and known by all who became acquainted with her. She was very modest and unassuming but was always ready and gladly willing to express her faith in Christ as her personal Saviour and to manifest her unchanging loyalty to the church of her choice.

As a faithful church member and a model christian whose daily life was one powerful silent influence for good, she will be greatly missed by the church, and by all the people of the community in which she lived, and especially by all of her immediate family connections who will never be able to fully realize what they have lost in regard to her Godly influence over their lives. She lived a good life, used her influence in trying to get others to live a good life, died a triumphant death and won the crown of eternal life. Thus in such a life the climax of human effort has been reached, save perhaps in degree.

No grander victory nor greater honor can be found inscribed upon any memorial tablet in the

temple of fame. Doubtless the Christian's triumphant victory over sin and death, stands as a pre-eminent honor in Heaven over the Angelic host who never knew sin. The career of this good woman proves the power of Christ to save not only the soul but a long eventful life. For three quarters of a century, Aunt Sallie held high the banner of her King whose cause she responded when only a little girl. She unfurled it to the world, waved it triumphantly in defiance of her spiritual enemies, and never allowed it to trail in the dust and mire of sin. The last conversation I had with Aunt Sallie was last September during the special meeting at Bethel. She spoke words of cheer and comfort and gave every evidence that she possessed a well grounded hope as an anchor to the soul, sure and steadfast; and could with strong faith and abiding trust, say in substance, "I know whom I have believed and am persuaded that He is able to keep that which I have committed unto Him against that day."

In meditating you such a life we are forced to ask the question, "how can any sane man or woman in the light of human reason and divine revelation, say by word or act that Christianity is not worth while? Once a little girl in studying about Enoch walking with God expressed her childish ideas to her mother in these words: "Enoch walked and walked with God a long time and late one evening God said to him: 'Enoch, it is night, you have walked a long distance, and you are tired; come in and stay with me and rest,' and he went." So I imagine God said to Aunt Sallie, "It is night, you have walked a long distance, seventy-five years on the journey, and you are tired. Come in and stay with me and rest," and she went, with her mind clear to the last without a physical struggle.

"Blessed are they that do His commandments, that they may have right to the tree of life, and may enter in through the gates into the city." They rest from their labors and their works do follow them."

J. A. W. THOMPSON.

### MRS. BARBARA ANN COBLE DEAD.

Mrs. Barbara Ann Coble, wife of Mr. Wesley Coble died last Tuesday at her home at Harts-horn and was buried on Sunday at Low's Lutheran church of which she had been a member for a number of years. Funeral services were conducted by her pastor, Rev. H. W. Jeffcoat. She leaves two sons, Mr. John Wesley Coble and ex-Judge Coble of Stateville, and one daughter, Mrs. Fannie Reitzelle.

CHAS. D. JOHNSTON, Clerk to the Board of County Commissioners.

MILLER IS NAMED VICE PRESIDENT OF SOUTHERN.

Office Force of Late A. B. Andrews Will be Moved to Atlanta.

The appointment Tuesday by Southern railway directors meeting in New York of Henry W. Miller to a newly created vice-presidency, is not only extremely gratifying to all of Mr. Miller's friends in Atlanta but means much to the city.

In the executive order confirming the appointment issued by President Fairfax Harrison it is stated that Mr. Miller will have his headquarters in Atlanta, where he will perform such duties as may be assigned to him from time to time by the President.

This means, it is understood, that the office force of the late Colonel A. B. Andrews, first vice-president to the time of his death, will be removed to Atlanta and its business, which formerly went through Raleigh, will center here. Atlanta will be the only city in the South to have a vice-president of the Southern road, the others, J. M. Culp, H. B. Spencer and E. H. Coapman, who is also general manager, being located in Washington.

At its meeting the board of directors abolished, as a mark of respect to Colonel Andrews' memory, the office of first vice-president, of which he was the only incumbent since the organization of the company.

The board's action in creating Mr. Miller's position was a recognition of his long and valued service to the corporation. He has been in the employ of the road for over thirty years, starting as a telegraph messenger; and by sheer pluck and native ability has risen to his present high position. For many years he was assistant to Vice-President Andrews. Five years ago he was transferred to Atlanta as assistant to the president. He has made many friends here since then, all of whom are highly pleased that his promotion will not take him from the city.

AT POLLS AND HOME.

A suffragist leader boasts that in addition to going to the polls one election day she got breakfast, luncheon and dinner for the family, testified in a lawsuit, went to the bank read the papers, organized a Bible class and performed numerous minor duties at home and abroad. This is as good evidence as has been presented of a woman's ability to vote without neglecting her household duties. Yet it is open to the fatal objection that the schedule of the day's activities makes absolutely no allowance of time for a bridge party, a tango tea or any of the other of the normal interests of the sex.

LOVE'S CALL WAS LOUDER.

Love had his way, after all. The call given Miss Ethel Sowell in a vision to consecrate her life to the heathen as a missionary was weaker than the pleading of her betrothed, Ernest Byars, and the young persons were quietly married.

A month ago the congregation of the Baptist church one Sunday morning was thrown into amazement when Miss Sowell at the pulpit renounced her love and told of a vision "received during a dream." That morning they were to be married, and the church was filled with friends who had come to witness the ceremony, announced to take place directly after the service.

"I shall go to Waco, to Baylor College, to study for mission work," said the bride-to-be. "There lies my duty. I shall not marry."

At first Mr. Byars was dumfounded, then took his dismissal as a direct rebuke from the Almighty, because he, too, once had made up his mind to enter the church, but had given up the idea of becoming a clergyman.

Miss Sowell went to Waco. One morning young Byars told his friends he was not going to sit calmly by and see two lives "go to smash." He followed her. Evidently his pleading was effective. They both returned to Elgin. The Rev. W. H. Horton, their pastor, performed the ceremony.

A well known vicar gives a curious experience which is well worth relating. It was this custom to point his sermons with either "Dearly beloved brethren" or "Now, my brothers," until one day a lady member of the congregation took exception to this, and asked him why he always preached to the gentlemen and never to the ladies.

"My dear lady," said the beaming vicar, "one embraces the other."

Proof that there are terrible times for the human mind is offered by the following:

"Gosh, life is getting strenuous."

"How so?"

"It was a heavy strain to follow four or five serial stories in the magazines. Now, you've got to follow 'em in the moving pictures as well."

An old and experienced lawyer decided to turn over part of his large practice to his son in order to start him in life. Everything went smoothly until on one occasion the son came in his father's office with a beaming smile upon his face.

"I say, dad," he said joyously. "You know that Wright case that you've been engaged in for the last twelve years?"

"Yes," admitted the old lawyer. "Well, what about it?"

"I've settled it!" exclaimed the son.

"Settled it!" shouted his father. "You great, lumbering fool! Why, I gave you that case as an annuity!"

At a recent social affair the subject of marriage came up for discussion.

"Speaking of marriages," remarked one of the women guests, "I could never quite understand one of the Biblical references to it."

"To which one do you particularly refer, Mrs. Jones?" asked another of the guests.

"About marrying in heaven," answered Mrs. Jones, thoughtfully. "Why do you suppose there is no marrying nor giving in marriage in heaven?"

"That's an easy one!" promptly chipped in a sarcastic patron. "I don't suppose there is a man in the place."

SENSE AND SENSIBILITY. A young lady was visiting her New York cousin and was being entertained gayly at dinner at one of the restaurants, says The New York Evening Post. She had taken a cocktail with the rest of the party and a little later her relative noticed that she was sitting rather limply back in her chair. "Why, Marion," she exclaimed, "do you feel that cocktail?" "Yes, cousin Emma," she replied languidly, "I feel it, but it doesn't annoy me."

**WHAT IS A CHRISTIAN?**

(By Dr. Frank Crane.)

Confusion arises in finding an answer to this question when we do not keep in mind that Christianity is an ideal, and its practice, at the present stage of development, can only be approximate. If we could literally practice an ideal, it would be an ideal no longer. The ideal floats before us as a guiding star. The ideal is set for us as the perfect copy in the copy book, toward which, by constant practice, we are to work nearer and nearer.

A great deal of conscience-lashing and misery would be spared honest people if they realized this. Love is the fulfilling of the law, which means that the earnest desire and effort to do right is all that is expected of human beings.

Christianity consists of that body of ideas and emotions taught and exemplified by Jesus. These constitute distinct force in human progress. They are drawing individuals and the whole world onward in a development toward better things constantly.

While the principles of Jesus are simple, few and easy to be understood, it must not be forgotten that they are based on absolute justice.

Absolute justice cannot be maintained by anybody except under social conditions that are absolutely just. The only way he can be a Christian under such conditions is to go out and be crucified. The social structure cannot endure him. When we speak of a man being a Christian, therefore, it is an accommodated sense of the world.

To be a Christian, implies that one should change the world.

Louis F. Post in, a letter to Everybody's Magazine, expresses this thought. He says: "An actual Christian is one who in individual concerns sincerely tries to practice the Christian ideal and in common affairs sincerely tries to convert to the Christian ideal the social organism of which he is a part."

In the last half of this statement lies the gist of the matter. Christianity is a social ideal. Every man in the United States, and in measure in every country,

is more than an individual. He is a maker of laws and government. He is responsible for the whole social organism.

We can no longer shift responsibility for work conditions to rulers. We are rulers. At first Christianity expressed itself in terms of individual salvation, because all countries were autocratic. The growth of Democracy has rolled the burden of government upon the shoulders of the citizen.

We are awakening to the fact that no man can save his own soul without saving all souls. I share the crime of every criminal because I help create or perpetuate the conditions that make criminals. I am guilty along with my country, if it makes war, because I stand for those things in government that make war possible.

The day is past when the Christian conscience can be satisfied with being "plucked as a brand from the burning." Nothing can satisfy the conscience of a man who accepts the leadership of Jesus but to put out the fire.

**CAT COMES BACK 300 MILES.**

**Goes Away in Crate on Train. But Her Return Trip is Mystery.**

"Susie," the family cat of Mrs. C. T. Banks, has completed a hike of almost 300 miles, returning home after more than a year's absence in Broadhead, Wis., fat and sleek and showing no signs of travel fatigue.

Mrs. Banks sent the cat in October, 1913, to her mother, J. A. Broughton, of Broadhead. Pussy went in a crate by day-an express. She did not seem contented and often wandered away for a day or two. Last May she disappeared and neither family had seen her since until she walked in the Banks' back door, purred her greetings, and made herself at home again.

"I wish we knew where Susie has been and how she got here looking so well," said Mrs. Banks. "Mr. Banks is a railroad man and some think maybe she got a pass, but how did she know which train to take?"

**ANOTHER CREAMERY IN NORTH CAROLINA.**

During the last two years there has been considerable interest and substantial growth in the creamery business in the South and especially in North Carolina. All of the creameries in North Carolina are located in the western half of the State and the interest is so large that often there is demand for more creameries than there is cream to supply them.

The operation of cream routes has been so successful that many are being put into operation where a creamery would not possibly exist now. The cream route serves to collect the small amount of surplus cream in communities where previously dairying was not considered seriously. The cream routes soon doubled their output and others who would not join the movement at first, soon hear the jingle of coin that comes regularly and surely and everybody goes to milking cows. The cream separator agents say that North Carolina is their idea of the promised land. Even the cotton farmer says better days are coming if cotton never gets any higher for with a creamery check coming in every month he does not mind the separator agents or the supply man and the cow makes better fertilizer than he can buy so he is just saving the cotton and is living on cream.

Most of the farmers in the central and eastern parts of the State have not had the privilege of cream routes because the creameries were in the western part of the State and railroad facilities were not convenient for extensive shipping.

Raleigh is a good central point and would serve a large territory if a good creamery were located there. Viewing the lack of creamery development in this section of the State and the good location at Raleigh for a creamery, the authorities representing the Agricultural and Mechanical College, the Agricultural Experiment Station and the State Department of Agriculture have organized the Experiment Station Creamery.

The creamery will be operated in the Agricultural Building, West Raleigh, where the College has granted the use of the laboratories and equipment. Extra supplies and equipment have been ordered and the creamery will soon be ready to receive cream by May 1st.

It will be under the direct management of the Dairy Farming Office and they already have two extra men in the territory organizing cream routes and arranging for cream shipments.

The creamery will be operated on a co-operative basis, receiving the butter fat from the farmers, charging the necessary manufacturing and marketing expense, and turning all that is left back to the producer, the same as any other co-operative creamery.

Prices paid for butter fat will equal that paid in other North Carolina creameries. It is not the purpose of the Experiment Station Creamery to enter any other territory now occupied by a creamery or to build up a large central factory, but to act only as a local market to develop the dairy business within easy shipping distance of Raleigh and as soon as communities develop by cream shipping sufficiently to support a factory other independent creameries will be built.

There are going to be some splendid opportunities at this creamery for young men to get training and experience in creameries that will soon be organized in the South.

Individuals who are interested should write the Dairy Farming Office, West Raleigh, for information about organizing cream routes and securing shipping

cans, etc. Correspondence is solicited from local Chambers of Commerce, Boards of Trade, and Farmers' Unions who wish to push dairy farming in their communities. Literature will be supplied and some special features in local boosting are on hand for those who ask for them.

**CHARLOTTE DRUG STORE IS RAIDED.**

Charlotte, April 29.—Following the trial and conviction of two well known white men of the city yesterday and their sentence of four months each to the county roads on the charge of selling liquor, the police department this afternoon arrested four more men charged with the same offense and raided Bowen's drug store in the heart of the city, where they found about forty quarts of whiskey of different kinds and a barrel with a small quantity in it that apparently had been used for some time as a storage tank for the goods.

The four men arrested, one of whom is a clerk in the store, will be tried tomorrow morning before Recorder Jones. The clerk is S. C. Jordan. The other men are L. O. Wilson, Robert Johnson, white and Charlie Lindsay, colored. The case against the drug store, charging it with keeping liquor for sale, will be tried next Monday.

They say that when Senator Beveridge was abroad he granted interviews to several crowned heads. And we'll bet that he told them how to run their bloomin' countries.

**SALE OF REAL ESTATE.**

By virtue of the power contained in a certain mortgage executed by Henry Rogers to the undersigned on the 22nd day of

September, 1914, and duly registered in the office of the Register of Deeds for Alamance county, North Carolina, in book No. 66 of Mortgage Deeds, pages 314-317, to secure the payment of a certain bond, conveyed a certain real estate, and whereas default having been made in the payment of said bond and interest, I will expose to public sale to the highest bidder for cash at the courthouse door of the county of Alamance, on Monday, May 10, 1915, at twelve o'clock P. M., the land conveyed in said Mortgage Deed to-wit:

A certain tract or parcel of land in Thompson township, Alamance county, State of North Carolina, adjoining the lands of William Bason and others and bounded as follows:

BEGINNING at a stone, corner with Bason and Newlin's line running North 45 deg. East with Bason's line 19 poles to a stone; thence 45 deg. West 24 poles to a stone; thence South 34 deg. West 4 poles to a stone, corner of Church lot; thence South 12 deg. East with said line to first starting, containing one and one-half acres, more or less, upon which is situate a three room frame dwelling.

This 31st day of March, 1915.  
G. W. HOFFMAN,  
Mortgagee.

**INJUSTICE TO RAILROADS.**

Unfair! The glaring injustice of the government's treatment of the railroads in the matter of carrying the mails is brought out in a comparison of what Uncle Sam pays his own road and what he pays others. The government-owned Panama railroad received last year, according to a statement by the committee on railway mail pay, \$2.77 for each ton of mail carried a mile, while the private roads in

the United States, according to estimates of the Post Office Department, received about 10 cents per ton for each mile. If this is the kind of extravagance the government ownership of railroads stand for, it will be a long while before the voters of this country will give it serious consideration. Had the privately owned railroads of the United States been paid on the same basis as the Panama Railroad, instead of receiving \$56,000,000 or about one-fifth of the Post Office Department's revenues, they would have received \$1,557,000,000, or more than five times the total revenues of the Department. The railroads have not asked Congress to advance mail pay rates. All they have asked for is to be paid all the mail they carry and for all the special facilities and services they furnish and the Post Office Department. Why not, Uncle Sam?—Leslie's.

**ONE ON TAFT.**

Former President Taft tells this one on himself:

"There is a lad of my acquaintance in New Haven," said Mr. Taft, "who used to bite his nails. 'See here,' said his nurse to him one day, 'if you keep biting your nails like that, do you know what will happen to you?'"

"No," said the youngster, "What?"

"You'll swell up like a balloon and burst."

"The boy believed his nurse. He stopped biting his nails at once. About a month after the discontinuance of his habit he encountered me at luncheon. He surveyed me with stern disapproval. Then he walked over and said to me accusingly: 'You bite your nails!'"

Alamance county must have a  
good fair association. Let the  
young wide awake progressive  
business men of the county get  
together and organize another  
association and be ready by  
next fall for the best fair ever  
held and this is saying a great  
deal. Several real goods fairs  
have been pulled off and it can  
be done again, so get busy you  
progressive men of Alamance.

We have several communica-

sue and will appear in the next.  
What are your views concern-

in West Burlington for the ben-  
efit of the little folks? This is  
an important matter, better give  
it some thought before it is  
too late. Do you favor spending  
all the money at the present  
school site? If so, let's hear  
your arguments through the  
columns of the Dispatch. You  
may be able to convince some  
one else who is in doubt upon  
this point.

**ALAMANCE FAIR NO MORE.**

The Alamance Fair Associa-  
tion gives up the ghost and will  
fair no more at least under the  
present management, our citi-  
zens will regret to learn that the  
managers have taken this  
course. Alamance county is a  
live, progressive county and  
should be able to support a good  
fair. It is hoped that new blood  
will take the matter up and or-  
ganize a new association and be  
ready by next fall. Just why  
this association did not quit  
without any further expense we  
cannot see, but everything and

everybody nowadays must have  
a receiver appointed to wind up  
its affairs. The managers can-  
not wind up a business any  
more. It must be done by a as-  
signee, receiver, or trustee and  
by the time the fees and court  
cost are paid, the stockholders  
get it in the neck, and this is  
what will happen in this case,  
but cheer up and let us hope  
that the worst is over.

Mr. Editor.—

I read in your valuable pa-  
per a few weeks ago an article  
asking about the increase in the  
salaries of our county officers,  
and also the increase in our  
taxes of 12 1-2 cents, signed by  
"An Humble Citizen". Now Mr.  
Editor, I have seen nothing  
whatever about these increases  
in the "Burlington News,"  
"Cleaner, or "Leader" and have  
seen nothing about these in-  
creases in any paper except  
"The Burlington Dispatch." I  
have heard that it is true that  
the last Legislature increased  
the salaries or allowances for  
the county officers the amount  
of \$2000.00 per year, also in-  
creased our tax rate. I have  
heard it denied that there is not  
a word of truth in it, that it is  
one of Zeb Waller's campaign  
lies. Now, Mr. Editor, the people  
or the taxpayers of our county  
would like to know the facts. It  
is true that our Legislature will  
not take us into their confidence  
and I ask that you give us the  
facts. We want to know them.  
When the "Dispatch" during  
the last campaign said that if  
the Democrats carried the elec-  
tion, they would increase the  
salaries of our county officers  
and raise our taxes. Our Demo-  
crats said it was a "lie". Now  
we want to know who "lied"—  
give us the facts.

A CITIZEN.

**VIENNA CLAIMS THIRTY  
THOUSAND RUSSIANS  
CAPTURED.**

Vienna, May 4.—Thirty thou-  
sand Russian soldiers, 22 can-  
non and 64 machine guns were  
captured in the battle of West  
Galicia, according to an official  
statement given out in Vienna  
this afternoon.

The statement is as follows:  
"German and Austro-Hungar-  
ian troops in true comradeship  
of arms, gained a new victory.  
During the retreat of the Rus-  
sians after our victorious battle  
at Limanovia, Western Galicia,  
we captured the strongly forti-  
fied front of the enemy, between  
the Vistula and the main ridge  
of the Carpathians.

"In a continued attack the al-  
lied troops under the eyes of  
Commander-in-chief Archduke  
Frederick, gained new success  
yesterday and advancing ir-  
resistibly in an Easterly direc-  
tion, forced the Russians to  
make a hasty retreat.

"The importance of the total  
success cannot yet be approxi-  
mately estimated. The number  
of prisoners taken so far is 30,  
000. It is increasing hourly. A

great quantity of war material  
has been captured in numerous  
Russian positions, including 22  
cannon and 64 machine guns.  
"On the remainder of the  
front the situation is generally  
unchanged."

**HIS RECORD FAST 54 DAYS.**

After Losing 100 Pounds, Man  
Finds Butter-milk "Tastes  
Good."

After establishing a record for  
continuous fasting, Jim Robin-  
son asked for a glass of butter-  
milk and as he slowly swallowed  
it admitted that it tasted good.  
This is the first nourishment tak-  
en by Robinson, who is an in-  
mate of the county infirmary for  
eight weeks.

His long fast was due to lack  
of appetite and the fact that  
the taste and smell of food nau-  
seated him.

Physicians here declare his  
case has no parallel in medical  
history. Fifty-five days was  
held to be the limit of man's  
endurance, yet Robinson passed  
that mark by more than a day  
and is still alive.

During that period he lost  
nearly 100 pounds. Except for  
being weakened, his general  
physical condition was not af-  
fected.

SNOW TO CURE DISEASE.**

Buffalo, N. Y., April 29.—Dr.  
Joshua H. Pryor, of this city,  
was today receiving many in-  
quiries from physicians concern-  
ing the first experiments made  
in America of the Rollier sun-  
treatment as a substitute for  
surgery in cases of tuberculosis  
of bone and glands. Describing  
the treatment for children, at a  
banquet of the medical society  
of the state of New York last  
night, Dr. Pryor said:

"The child becomes a barbari-  
an once more. He goes prac-  
tically naked. In the winter  
some of them are permitted  
games such as snowshoeing, to-  
bogganing and skiing. One day  
in February they played un-  
dressed for an hour in the snow.  
It was a bright sunshiny day.  
This freedom is only allowed af-  
ter months of exposure and con-  
siderable pigmentation and grad-  
ual toughening."

**IN MEMORIUM.**

One of the saddest and most  
shocking deaths occurred near  
Oakdale, April 12, 1915, when  
our beloved friend and worthy  
neighbor, John Franklin Briston  
was suddenly called to answer  
the final summons, to which all  
must answer soon or late. He  
retired seemingly in very good  
health, though he had been com-  
plaining for some time with cold  
and suffered severe attacks of  
headache. Heart failure is sup-  
posed to be the cause of his  
death.

Near the hours of midnight,  
his wife was aroused by his hard  
and unusual breathing. And oh!  
how sad for her to find him dy-  
ing. Before all the members of  
his family could reach his bed-  
side, he breathed his last.

We feel that if it had not been  
so sudden, it would not be so  
hard but God in his wisdom doth  
all things for our good. His  
ways are best. May we feel  
that our loss is heaven's gain,  
though the voice we loved so  
much is stilled and a vacant  
place in the hearts of his loved  
ones no other can ever fill.

Having been permitted to so-  
journ in his home for sometime,  
the writer experienced the pleas-  
ure of enjoying his sunny dis-  
position. He was a kind, gen-  
erous and affectionate man, al-  
ways having a word of cheer for  
all who came in contact with  
him.

A sympathetic neighbor, ever  
ready and willing to help those  
in need as far as possible. To  
my mind, he was an ideal citizen  
and father, fond of his children  
and devoted to his wife. Now-  
where did I ever see more devo-  
tion displayed than existed in  
his home.

His loved ones will not mourn  
alone for the entire community  
have lost a worthy friend and  
are saddened by his untimely  
death.

Mr. Briston was born Novem-  
ber 12, 1856, being aged 58 years  
and 5 months. In his early man-  
hood he was first united in the  
bonds of matrimony with Rode-  
ma Wray, who preceded him  
years ago. Later he was mar-  
ried to Eliza Varner, who with  
six children, two sons and four  
daughters still survive him.  
His remains were laid to rest in  
Mt. Zion cemetery, there to  
await the resurrection morn.  
Funeral services were conducted  
by Rev. R. S. Troxler in a most  
solemn and impressive manner.  
The abundance of flowers and  
large crowd present are evidence  
of the high esteem in which he  
was held.

To his family as consolation I  
will say, they weep not as those  
who have no hope. May they  
ever look to Him who gave and  
who taketh away, for comfort  
and guidance which none other  
can give. May the Lord bless  
and keep them under the shelter  
of his protecting wing is my  
prayer. Deepest heartfelt sym-  
pathy is extended to them in  
their bereavement.

Gone is the fleeting breath,  
Dimmed is the bright eyes  
splendor,  
Cold is his form in death.

Sweetly he sleeps in Jesus,  
Never to wake or weep,  
Mourners, think of your loved  
one,  
Sleeping his last long sleep."

A FRIEND.

Still, with all its officers in  
jail, we presume Terre Haute is  
running along about as well as  
before.

tion list to five thousand by July  
1st. Therefore we are going to  
offer one of the biggest induc-  
ements ever offered by any twice-  
a-week paper. For every dollar  
paid upon subscription between  
now and June 1st, we will give  
free a hundred potato slips, either  
Nancy Hall or Norton Yam  
variety. This applies to old as  
well as new subscribers, but you  
must pay before June the 1st to  
get the benefit of this offer.  
Seed sweet potatoes of these  
varieties have been scarce and  
high and this is the chance of a  
life time. Remember for every  
dollar you pay, entitles you to a  
hundred plants, two dollars get  
two hundred and so on. Get  
busy, tell your neighbor and take  
advantage of this generous offer.  
This offer will positively be with-  
drawn June 1st. Now is the  
time, act quick, do it now.

Don't fail to see the health exhibit.  
Mr. Ernest Gross spent several days this week in Norfolk on business.  
Mrs. Belle Fuqua, who has been confined with sickness for a few days, is improving.  
Mr. W. A. Braxton is spending the week with relatives in the Snow Camp neighborhood.  
Mr. A. W. Haywood of Haw River was in the city Wednesday.

Visit the health exhibit and learn how to swat the fly.  
Miss Anna Maude Mebane left this week for High Point.  
Mr. Jacob M. Hoffman of near Alamance Mills was a business visitor in the city yesterday.  
Dr. Bradley, government inspector, spent a short while in the city yesterday.  
Miss Bettie Coble has accepted a position in I. J. Mazur's clothing store.  
Monday is the last day on which you have to see the health exhibit.  
Mr. John Evans and family of Hopedale moved to Burlington this week.

Have you seen the health exhibit? If not, you should visit the place at once.  
Miss Bertha Tatum spent Tuesday with friends at Mebane.  
Miss Minnie Davis of Haw River was the guest of friends in town the first of the week.  
Miss Irma Coble of Liberty was the guest of Mrs. George Coble first of the week.  
Mr. Barker of the firm of Barker Brothers of Greensboro was a business visitor in the city Wednesday.

Mrs. Maggie Whitakers of Petersburg, Va., is spending this week the guest of her sister, Mrs. John Pickard.  
Mr. and Mrs. T. N. Marshall of near Southfork, are visiting their daughter, Mrs. Thomas A. Smith this week.  
We are glad to learn that Mrs. George W. Coble, who has been confined to her room for several weeks, is very much improved.  
Mr. J. W. Wright of Chapel Hill is spending a few days with his daughter, Mrs. Wade Carden.

Mrs. Mary Moser is spending this week with her grandmother, Mrs. George Florence, at Elon College.  
Miss Berlie Garner visited friends at Haw River yesterday. Born unto Mr. and Mrs. W. U. Hinshaw Wednesday night, a fine baby boy.  
Miss Nonie Straughn returned yesterday from Greensboro where she spent several days the guest of her brother, Mr. Lon Straughn.

Mrs. J. M. Rimmer, one of Mebane's progressive merchants, was in town yesterday on business.  
Mr. J. W. Way and daughter, Miss Bertha, of Swepsonville spent Wednesday and Thursday the guests of his sister, Mrs. O. E. Garner.  
Mr. C. B. Amick, who suffered a light attack of pneumonia several days ago, is very much improved and will soon be able to resume his work with the Standard Grocery Co.

The meeting at the Baptist church is still in progress. Dr. Claxon is delivering some splendid and touching sermons to a large and attentive congregation.  
Mr. W. Levi Burke returned Wednesday night from Henderson where he attended the annual state meeting of the North Carolina Funeral Directors and Embalmers Association which was held at that city this week.

What might have been a serious accident occurred Tuesday while Mr. George Garrison and a colored man were cleaning out a well. The walls gave away, crushing the colored man beneath the dirt.  
Mr. J. M. Browning of the Keystone Finishing Mill and Mr. L. C. Chrisman of the Southern Hosiery Mill are in the Northern cities this week on business. Each of these mills is doing a rushing business. They are unable to fill all orders that they receive.  
W. W. Brown and family visited W. T. Ingle of Randolph county Sunday and enjoyed a most sumptuous dinner. Mr. Ingle owns a beautiful farm between Randleman and Asheboro on the public road. We have also learned that Mr. Ingle has purchased the Randolph Hotel building at Randleman, which we understand is a handsome building.

Little Johnnie Terrell, son of Mrs. B. B. Terrell, was taken to St. Leo's Hospital at Greensboro Tuesday morning and underwent an operation for throat trouble. The operation was very successful and he returned Wednesday evening, accompanied by his brother, Mr. James Terrell.  
Mr. T. R. Stockard returned to his home at Montreal, Canada, this week, leaving Tuesday morning. He and Mrs. Stockard have been visiting relatives in the county for several days. Mrs. Stockard will remain here for some time yet.

**"CAN A WORKING MAN OPEN AN ACCOUNT?"**

At The ALAMANCE LOAN & TRUST CO?—yes. Most of our successful business men were originally ambitious working men. Most working men who carry Commercial Accounts graduate into business men. And, as a matter of fact, we know of no successful business man who is without a commercial account.

Working people seeking to better themselves will find an account here a great help to that end.

**MILL MEN SUSPECT DEMOCRATIC TARIFF.**

(Observer Bureau.)

Washington, May 1.—Southern cotton mill men still complain of bad business. Many of them do not feel the improvement in trade indicated by the reports received by the Department of Commerce.

"There is considerable unrest among cotton manufacturers," said a young North Carolina mill man who has made considerable money during the last two decades manufacturing cotton goods. "Mill men are saying very little, but they fear the Democratic Administration is partially responsible for the condition existing in cotton milling centers. Many of us have weathered the worst of the storm and will be able to keep on. Personally I have lost nearly \$100,000. That was a hard blow to me. I never voted anything but the Democratic ticket and I don't believe that I will change although I have a suspicion that the tariff has been lowered too much, and throws us into close competition with cheap foreign labor.

"Some of my associates in the mill business think, as I do, but are saying nothing, hoping that something will come to convince us that we are wrong in our apprehensions. We are waiting and watching and hoping.

"Cotton manufacturers are concerned about a bill that would regulate the employment of 14 and 16-year-old boys and girls in their mills, which is now pending in Congress, would become a law then we would have to quit mill business."

These statements were thrown out in a hurried motel lobby conversation between the mill owner and The Observer correspondent, but they are typical of what one hears here several times a week from Southern mill men.

The manufacturers as well as other clear-thinking men, do not criticize the President. The truth is, President Wilson is becoming more popular every day; the people realize that he is pure gold, and rings clear whenever and wherever counted. The suspicion is against the Democratic tariff—the tariff for revenue only—many business men doubt the wisdom of a low tariff so long as the United States pays high wages, has short hours, and demands more luxuries than other countries.

The protest against the child labor bill is directed at the Palmer bill which passed the House last Congress and is absolutely certain to become a law within the next two years. The bill would have passed the Senate last March had it ever come to a vote. It may be modified but in some form it will pass. The mill men if they would change it had better get together and agree upon amendments. The measure may be amended but never killed outright, for Democrats as well as Republicans are supporting it, and it will hit the South harder than any other section. Some of its friends support it because it strikes the South. There is a paid lobby here for the bill.

**Divorced Husband Kills Four of Wife's Family.**

Little Rock, Ark., April 28.—Samuel Bell, alleged slayer of four members of his wife's family, near Morrilton last night, surrendered to Conway county officials early today and was rushed to the state penitentiary here for safe keeping, the officers fearing mob violence. The victim was Dick Fryer and Amos Fryer, Bell's father-in-law and brother-in-law, respectively; Mrs. Earl Bearden, his sister-in-law, and the latter's husband. Bell is said to have blamed the family for the estrangement of his wife, from whom he is divorced.

**JOHN HICE IS KILLED IN CALDWELL COUNTY.****He Was Murdered in His Home And Robbed of Several Hundred Dollars.**

Lenoir, April 30.—John Hice, a white man about 50 years old, was found dead in his home near the Catawba river, in the southwestern part of the county on Wednesday afternoon about 4 o'clock. The evidence points to the fact that he was unmistakably robbed and murdered sometime Tuesday night.

The murdered man was last seen Monday afternoon, when he was at the home of a neighbor, Mr. Whisnant, who lives about one mile from him, and made arrangements with the latter to help him plant corn on Wednesday. As he did not show up on the day appointed, Mr. Whisnant went to his home about 4 o'clock that afternoon and made the horrible and gruesome discovery recited above. The door of the home was partly ajar and on the inside lay the body of Hice, cold and stiff, with the face and head disfigured and clogged with blood.

Several ugly wounds, upon examination, were found on the right side of the head above the eye while the back of the head was badly crushed in by the blows from some blunt instrument. Nearby the body were an old-fashioned stove shovel and a heavy rough chair with hair and blood on them, leaving no doubt even in the mind of the most casual observer as to the instruments used in delivering the death blows.

When discovered the body was dressed in a rough skirt and overalls, and the bare feet, indicating that Hice had retired or was fixing to retire for the night when attacked. There were many blood stains on the floor and wall of the room, which tended to show that the murdered man put up a game and valiant fight for his life before he was finally overcome and received his death blow.

Hice lived alone, his wife having died about one year ago, in a small two-room house, and is believed to have had on his person some \$400 or \$500 when he was sent to his doom by the fiendish robber and murderer. It was known that he usually carried his money around with him, and the fact that he lived alone in a rather secluded place made him an easy mark. His pocket book, empty and blood stained, was found near his body, testifying silently but unmistakably as to the cause of the deed.

**MOTHER AND WIFE DISAGREED; HE DRANK CARBOLIC ACID.**

Hickory, May 1.—Adolphus McGuire, aged about 35 died at his home in Highland late last evening just 18 minutes after a self-administered dose of carbolic acid, about two tablespoonful of the deadly drug being swallowed. Physicians who were summoned reached him just after he had passed away.

The deceased was a hard-working man with a family, holding a position with the Martin Furniture Company. He quit work there last evening, telling his superintendent that he would be back the next morning to finish up a small job, the shop not running on Saturday. On going home it seems that he found his mother and wife having some trouble about the children, which according to reports has been going on for some time. He ate supper and then rushed to the state penitentiary.

Talking freely to a friend after having committed the deed, he expressed himself as being tired of the trouble, which he had stood as long as he could; that he was prepared to die and willing to do so. He then gave his watch to one of his children and lapsed into unconsciousness. He and his wife were always on the best of terms.

**MORTONS TOWNSHIP ENTHUSIASTIC OVER THE OPPORTUNITY TO SECURE THE INTERURBAN RAILWAY.**

These wide awake citizens have appointed a committee of six of their most active business men, who have gone actively to work to see that all poll taxes are paid, and that all of her voters are qualified to vote on this great question.

They realize the importance of securing trolley car connection, both freight and passenger, to the larger trading centers. The farmers realize the advantage of being able to market, every morning, the small perishable things that now go to waste because there is no now cheap, prompt and frequent means of getting these things to market. The merchants and manufacturers appreciate the opportunity to eliminate their present significant drayage accounts, and their opportunity to take their supplies more frequently from the wholesale and larger retail establishments of Burlington. These people are enthusiastically alive to their opportunity and are going to take advantage of it by a large majority "for subscription" on the first Tuesday in June.

**SALE OF REAL ESTATE.**

By virtue of the power contained in a certain Mortgage executed by Will Burton and wife, Catherine Burton to the undersigned on the 16th day of May, 1914, and duly registered in the office of the Register of Deeds for Alamance county, State of North Carolina, in book No. 64 of Mortgage Deeds, pages 493-495 to secure the payment of a certain bond, conveyed certain real estate, and whereas default having been made in the payment of said bond and interest, I will expose to public sale to the highest bidder for cash at the courthouse door of the county of Alamance, on Monday, May 10, 1915, at twelve o'clock P. M., the land conveyed in said mortgage deed to-wit:

A certain tract or parcel of land lying and being in Alamance county, State of North Carolina, in Graham township, and defined and described as follows:

It being lot No. 133 in plat recorded in the office of Register of Deeds of Alamance county, in deed book No. 35, page 455, reference to which is hereby made for a more complete description. This deed conveys all of said lot except a front of 25 feet extending back the full length of the lot and adjoining lot No. 132, upon which is situated a three room new cottage dwelling.

This the 31st day of March, 1915.

M. E. HOFFMAN,  
Mortgagee.

**JAIL YAWNS FOR LAWYER.**

Wilmington, April 29.—K. C. Sidbury, Esq., member of local bar was today sentenced by Recorder Emple to thirty days in jail with such provisions, however, as will enable the lawyer to remain at liberty if he choose to abide by the judgment.

The lawyer was found guilty of violating terms of a previous judgment by returning to a parcel of land in dispute and entering upon it. The land is in Pembroke Park, Wrightsville sound. Sidbury represents the plaintiffs in land suit and his actions are part of his plan to retain possession of the property.

A NEW YORK LETTER.

Coatees Now In Fashion.

Nowhere is the American idea of directness more strongly felt than in clothes. Paris offers a wealth of ideas and America selects one. After weeks of hesitation, while the popularity of one style or another in the priceless collection received after a perilous trip across the Atlantic, quakes in the balance, the American public, at last, places emphasis on one chosen feature and the coatee dress becomes universal; not a tailored creation as the name implies, but a sheer confection of lace, net or batiste, topped with a gay silk or lingerie jacket.

So cavalier have fashions become, they carry us back to the Cromwellian era. Like spirits of the old French empire, society in lingerie dresses trips across the velvety lawns or loiters in old rose gardens. The other day, I chanced upon a party enjoying tea in the far corner of a green lawn under the shade of a mulberry tree; the black wicker furniture, upholstered in broad stripes, strewn with apple blossoms, was as striking in effect as the frocks of the girls wore.

A vivacious dark-eyed Miss, who served tea at the glass-topped table, carried off well the style of the smart coatee in a frock that bespoke the couturier Jenny. The bodice of allover embroidery, nipped in at the waist as fashion approves, showed from beneath the jaunty jacket of dark blue taffeta silk. The Quakerish collar and cuffs of white organdy made a connecting link with the billowing folds of organdy, laid in deep crosswise folds, paneled with embroidery and trimmed with Valenciennes lace, which formed the skirt.

That she was a devotee to the fad of fancy shoes, one could easily guess, for her pumps were the last word in style; the heel, back and vamp was of patent leather and the uppers of white kid to match the silk stockings. Beside the low chair, a garden hat carelessly dropped, glistened in the sun, for it was one of the new dark blue shiny straws. The crown was circled with tulle with pond lilies beneath and, like all other broad-brimmed garden hats, it had black velvet streamers attached to the back.

One of the New Lingerie Frocks Made With a Dark Blue Silk Coatee.

So diverse are the effects gained with these jackets, it is hard to believe so many frocks have the same feature. Here, is a coatee of robin's egg blue taffeta, fitted through the body, having flaring tails, and "leg o' mutton" sleeves set in with narrow frills revived from Victorian styles. This is worn with a voluminous skirt of net. There is a frock of cotton crepe, embroidered and hemstitched in pink with coatee of pink linen;

while a model of voile and fillet lace has a jacket of black faille cut on the bolero order. Indeed, there is no end to the materials. Dolly Varden taffetas, deep old-world pink and brilliant blue taffetas, failles and moire silks make quaint coatees for crinoline frocks and not a few of the bolero effects are fashioned of lace or fine embroidery. There is also a lace material, lately launched on the market, for dresses of this type, the texture like a fine voile embroidered with garlands in pastel shades.

Aside from the fabrics, accessories are so attractive, they in no small measure account for the success of the lingerie dress, for there is many a maiden who buys a frock that she may have the girdle that goes with it. Although, it is an acknowledged fact, waists are gradually growing smaller, the girdle still follows straight lines. Loose crush girdles of taffeta, moire silk or primly-flowered belts of narrow grosgrain are pretty finishes for filmy frocks.

The handkerchief bag is another fancy, demure as the daguerreotype from which it is taken. Usually, the bag is made of material the same as the dress, cut in a half-circle, shirred an inch down from the top and hung from the belt with cords or ribbon. The hand-bag, too, takes on a new beauty. Soft gathered models of flowered, moire and striped silk, have silver tops, that stretch like a bracelet; white leather bags, flat purses and gold kid skin cases are lined with gorgeous flowered and striped silks. Madam La Mode, not content with these features alone, insists that milady be up to the ears in style this season and introduces the feather and tulle boas to wear with the new lingerie dresses.

THE FIRST DAILY PAPER.

The first daily newspaper printed in the English language was founded two hundred and two years ago. The Chinese claim to have issued a daily court paper hundreds of years before this, but if they did it was not a newspaper in the strict sense of the word as it gave only court orders, etc.

The English paper was the Daily Courant, published in London. There were two columns of matter printed on only one side of the paper in black letter type. A line across the paper announced that it was printed by "E. Mallett, against the Ditch at Fleet street." It stated further along that it would carry only foreign news, with no comment whatever.

The publisher was a sort of philosopher, for in announcing that it would carry no comment, he said that he was "supposing other people to have sense enough to make reflections for themselves." While it has been two hundred years since that first daily newspaper was started, it was not until long years after the venture was launched that anything comparable with the modern daily paper came into existence.

Now every American city of 3,000 or more has a daily paper, with special editions, news of the preceding twenty-four hours from all over the world reading matter enough to fill a small volume, and all the home news, for the small sum of ten cents a week, or sometimes, only six.

QUIPS AND QUIDDITIES.

The dealer in antiquities was showing an old violin to a probable buyer.

"Yes," he said, "this is of historical interest; that is the identical fiddle negro played while Rome was burning."

"Oh, that is a myth".

The dealer agreed, saying: "Yes, it is; and Myth's name was on it, but it has got worn

off." A certain broker went to a horse dealer and tried to pick up a general utility nag. He explained that he wanted a nice, quiet, good looking animal for himself, which could be driven by his wife in a dogcart, and would not on occasion object to being hitched up to a lawn mower.

The dealer listened with rapt attention and finally asked in dulcet tones: "Would you like him to wait at table at all, sir?"

A man had been haled before a magistrate for not supporting his wife, or some offense. "But let me see," the justice said: "aren't you the man who was married in a cage of wild man eating tigers and leopards?"

"Yes, your honor, I'm the man," was the reply. "Exciting, wasn't it?" said the justice.

"Well, your honor," said the man, "it seemed so then. It wouldn't now."

MORE STYLE.

Her tilted hat Joanna tries Before the mirror, till I turn away my weary eyes, Though I admire her skill.

"Over the left's the style," she pants, "But this looks best on me." Her right eye's gone! I seize the chance To ask: "How can you see?"

Then suddenly she tilts her head And smiles. "My neck would break

At such an angle," then I said, "You're game—for fashion's sake!"

Indeed I simply must express Opinions. I'd prefer, To spare her. Her me, then, confess The dreadful truth to her!

She waits upon my words and sees Me fidget in my chair. "My dear," I stammer by degrees, "I really do not dare.

"To tell you what I think, and yet I simply cannot lie; I never thought in you to get A girl with but one eye!"

She scorns to listen to advice, And starts to leave in haste—"You might, at least, say, something nice; But, then, you have no taste!"

FIRE-ESCAPES.

The Public Laws of 1909, chapter 637, provide for fire-escapes in theaters, hotels, dormitories, school buildings and other public buildings of more than two stories in height. The law as to factories where many persons are employed is also explicit. Over 900 fire-escapes have been installed by order of the Insurance Department.

SWALLOWED STICK PIN.

There was some excitement in a West Durham family last evening when it was learned that the infant of Mr. and Mrs. Will Ferguson, of Eleventh street, had swallowed a stick pin. The pin was about two inches in length and had a glass head. A physician was called, but as yet the pin has not been extracted.

The little child had not suffered any serious pain from the pin, although a surgical operation may be necessary. The attending physician does not think the pin will cause any serious harm, unless it pierces the child's intestines.

In the meantime the child seems as well and happy as it was before the pin was swallowed.

Italy is disgusting the word with the spectacle of neutrality until knocked down to the highest bidder.—Florida Times-Union. Yes; and probably she will be knocked down by the highest bidder later.

Senator Helen Robinson of

Colorado, says that her success is due to her ability to keep quiet. Now what woman wants fame at that price?—Florida Times-Union.

But Mrs. Robinson was a newspaper woman, and therefore totally unlike all others.

The Telephone Operator Says:

Answer your telephone promptly, otherwise the calling party may tire of waiting and hang up.

When holding a line never replace the receiver on the hook, as this will give the operator the disconnect signal.

In answering a call do not say "Hello." State your number or name, as "John Smith and Company," or "Mr. Smith's residence."

Courtesy over the telephone is a wonderful incentive to good service.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of successful success, and it will do the same for you. You can't make a mistake in taking

CARDUI The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

### NOTICE.

The citizens and qualified voters in the city of Burlington will take notice of the new registration and election in the city of Burlington.

You are hereby notified that pursuant to the provisions of an act of the General Assembly entitled "AN ACT TO AUTHORIZE AND EMPOWER THE CITY OF BURLINGTON TO ISSUE BONDS TO OBTAIN FUNDS FOR THE PURPOSE OF ERECTING AND EQUIPPING PUBLIC SCHOOL BUILDINGS IN SAID CITY," an election will be held at the several voting places in the above named city on the 8th day of June, 1915 upon the proposition of the adoption of said act and determining whether said act shall become law applicable to said city. You will further take notice that an application in writing of sixty qualified voters of said city has been made to the Mayor and Board of Alderman, the said application requesting the order of a special election in said city upon the question of issuing bond of said city in the sum of \$40,000.00 for the purpose of erecting and equipping public school buildings in said city. That pursuant to said act and petition a special election has been ordered to be held on said 8th day of June, 1915 upon the question of the issuance of \$40,000.00 in bonds for the purpose of erecting and equipping public school buildings in said city, the said bonds, (provided the majority of the qualified voters of the said city shall have voted for the public school building bonds), shall be issued in the denominations of \$1,000.00 each carrying interest at the rate of five per cent. per annum, payable semi-annually, all of which bonds shall run for a term of thirty years. When said bonds shall have been issued they shall be sold by the Board of Alder-

man at the best price which they can obtain, not to be sold for less, however, than the par value of said bonds, and they shall use the proceeds of said bonds for the sole and only purpose of erecting and equipping buildings to be used as public school buildings in said city of Burlington, and said Board of Alderman shall keep accurate account showing the amount received for said bonds and the manner in which the same is expended. This the 22nd day of April, 1915.

JAS. P. MONTGOMERY,  
 Secretary & Treasurer.

Whereas, the General Assembly of North Carolina of the year of our Lord One Thousand, Nine Hundred and Thirteen enacted "AN ACT TO AUTHORIZE AND EMPOWER THE CITY OF BURLINGTON TO ISSUE BONDS TO OBTAIN FUNDS FOR THE PURPOSE OF ERECTING AND EQUIPPING PUBLIC SCHOOL BUILDINGS IN SAID CITY," and whereas, said act thereof provides that an election shall be held for the purpose of determining whether said act shall become law; and whereas, on the 22nd day of April, 1915, a petition was presented to the Mayor and Board of Alderman, at a regular meeting of said Board, by sixty and a great many more than sixty, qualified citizens, taxpayers and free holders of the city of Burlington, asking that the said Mayor and Board of Alderman order an election on the question of issuance of bonds for forty thousand (\$40,000.00) dollars for the purpose of erecting and equipping public school buildings in said city.

Now, therefore, it is ordered that on the 8th day of June, 1915, there shall be held in the city of Burlington an election which shall be held in all respects as provided by law for the holding of elections for Mayor and Alderman of said

city and at which time all the voters who are then registered and qualified to vote, shall be entitled to vote for the purpose of determining whether it is the will of such voters that the aforesaid act shall become law and applicable to the said city of Burlington. Voters desiring to vote for the adoption of said act favoring the issuing of said bonds shall vote a ballot of white paper on which shall be written or printed the words "For School Bonds" and those opposed to issuing said bonds shall vote a ballot of white paper on which shall be written or printed the words "Against School bonds."

It is further ordered that a new registration of the qualified voters of said city be had and to this end the registrars hereinafter named shall open registration books for this purpose in their respective wards on the 3rd day of May, 1915, the same to remain open for the registration of voters on each day in the week, Sundays excepted, from 9 o'clock A. M. to 6 o'clock P. M., until 12 o'clock noon on Saturday, the 5th day of June, 1915.

It is further ordered that notice of said new registration and election be published thirty days prior to the holding of said election and once a week thereafter until said election is held, and that said notice be published in some newspaper of general circulation in the city of which notice shall state the date on which said election shall be held, the amount for which it is proposed to issue bonds, how long said bonds shall run, the rate of interest to carry and the purpose to which the proceeds of bonds shall be applied.

It is further ordered that the said bonds shall be issued in denominations of \$1,000.00 each and shall carry interest at the rate of 5 per cent. per annum, payable semi-annually, all of which bonds shall run for thirty years.

It is further ordered that B. M. WALKER be, and he is hereby appointed registrar for the First Ward, and that S. G. MOORE and H. K. HALL be and are hereby appointed inspectors for the First Ward; that L. J. FONVILLE be, and he is hereby appointed registrar for the Second Ward, and that GEO. SMITH AND F. W. HAWKINS be, and they are hereby appointed inspectors for the Second Ward; that RICHARD SEYMOUR be, and he is hereby appointed registrar for the Third Ward, and that J. A. IRELAND and Y. S. MILES be, and they are hereby appointed inspectors for the Third Ward; and that J. T. WELCH be, and he is hereby appointed registrar for the Fourth Ward, and that R. A. FREEMAN and C. B. WAY be, and they are hereby appointed inspectors for the Fourth Ward. This the 22nd day of April, 1915.

### SODA FOUNTAIN EXPLODES TWO MEN INJURED.

Wilmington, May 4.—George Lyons, white, was so badly injured that he is not expected to live through the night, and Jim Carr, colored, was probably fatally injured, this morning at 7:30 o'clock, when a carbonator at the soda fountain of Crescent Cigar Store exploded.

The 150 pound steel carbonator was hurled to the ceiling of the store and, rebounding, struck the men who were preparing the fountain for the day's work, on the head, rendering both unconscious. Lyons has not regained consciousness, and no hope is held for his recovery.

If Hobson runs for president on the prohibition ticket, wonder if he will consent to let W. J. B. run for vice-president with him?

### STUDENT DROPPED DEAD WHILE PLAYING BALL.

Chapel Hill, May 5.—Augustus Tompkins Graydon, of Greenwood, S. C., a law student in the University of North Carolina, dropped dead from heart trouble at 3:20 o'clock this afternoon. He was participating in a light form of base ball practice for exercise on the plot between the library and the row of fraternity halls when he suddenly sank to the ground. He was removed to a near-by fraternity hall and within five minutes breathed his last. The efforts of three physicians who arrived in two minutes after the stroke failed to revive him.

### Nabbed on Charge of Trying to Force Girl to Attend Ball Game.

Talbotton, Ga., May 4.—Robt. Beverly, a young man living in Woodland, Ga., was arrested at that place Saturday afternoon, charged with trying to compel Miss Mary Burt, a young lady of that place, to attend a ball game with him. It was charged that young Beverly asked her to attend the ball game at Manchester, and that she told him she could not go, when he drew a pistol, using an oath, and told her she would go.

At the depot where he had bought a ticket for himself, Miss Burt and his two sisters, he was placed under arrest by the marshal of Woodland. He was tried at Woodland Monday morning and bound over to the superior court under a \$250 bond.

Beverly claims that he was only joking with the girl, and that she finally agreed to go with him willingly.

It's a safe bet that from now on politicians will do very little letter writing.

### NEW PROVIDENCE RALLY DAY SERVICE.

On next Sunday afternoon, May 9th, at 2:30 there will be a special New Providence Rally Day Service. Every member of New Providence church is expected to be present but all who have ever been members of this great historical church, all-friends of this church are invited to be present. We want to make this go-to-church Sunday for New Providence. The members of New Providence at present will be supposed to wear a white flower, and those that have been members but for some reason, have moved their membership, will wear a red flower.

We give below a tentative program:

2:30—Song, "All Hail the Power of Jesus' Name."

Scripture reading and prayer.

2:35—Words of welcome by Mr. J. A. Bailiff, Supt. S. S.

Quartet, "The church in the Wildwood."

2:45—New Providence in other years, by Dr. W. S. Long, Chapel Hill, N. C.

Song, "In the Sweet by and by."

3:15—New Providence since 1911, by Rev. J. F. Morgan of Graham, N. C.

Song, "Take the name of Jesus with you."

3:30—What the church has meant to me, member of the church and congregation, (two minutes speeches.)

Song, "God be with you till we meet again."

Benediction.

If Italy should wake up some fine morning and find the war over, the government would face a revolution for its short sightedness in not getting in at the eleventh hour and fifty-ninth minute.
