#### PRESIDENT OF PORTUGAL RESIGNS.

Libson, via Paris, May 28.—The president of Portugal, Manuel de Azevedo, has resigned.

#### MEBANE NEWS ITEMS.

Great Meeting Began Thursday—Baseball Team a Huge Success.

Mebane, May 28.—The union evangelistic meeting, under the leadership of Rev. Victor Lightbourne and Thos. Pender, began in the Piedmont warehouse Thursday. In spite of unfavorable weather the initial meetings have been well attended. The outlook for a great meeting is bright, except for the possible continued rain. Mr. Lightbourne has apparently gotten the ear of the people already, and Mr. Pender has gotten his chorus choir, of some 50 voices, under good control. The four churches of the village are co-operating.

Mebane's latest venture in baseball has proven a success, so far. Three games have been played on the home grounds, two of which were won. The scores in each game have been small. The gate receipts have been entirely satisfactory. The park has been enclosed within a high board fence; a grandstand has been erected; and the grounds have been put in creditable condition. If the attendance keeps up and it has been increasing—the venture will not be a failure financially.

#### REVIVAL AT M. P. CHURCH.

Special series of revival services began at the Methodist Protestant church last Sunday morning. Rev. J. H. Stowe of Asheville, who is here on a visit to his daughter, Mrs. G. L. Curry, preached two excellent sermons to a large congregation Sunday morning and night.

Rev. A. G. Dixon of High Point, who has been secured to do the preaching during the meeting, arrived yesterday afternoon. Rev. Dixon is a man with ability in evangelistic work and has a reputation as a successful evangelist.

The public and church-going people of the city are cordially invited to attend the services. The evening services are held at eight o'clock and the morning services at half past nine.

### Germany Will Play For Time With U. S.

Note Will Be handed To Ambassador Gerrard Today In Berlin—Will Embody Proposal That Definite Consideration Of Germany's Submarine Policy Be Deferred Until It Can Be Known If Lusitania Was Cruiser.

#### WHITSETT ITEMS.

Numbers of Old Students of Institute Visit the Town.

Whitsett, May 29.—Miss Maggie Grimeson, who graduated last week at the Danville Training School for Nurses, is spending some time here with her parents.

Miss Kate McLean is at home for the vacation from Flora McDonald college, at Red Springs.

Quite a crowd will go from here to the University commencement next week. Among them are: Dr. and Mrs. W. T. Whitsett, Mr. and Mrs. R. K. Davenport, Mr. and Mrs. T. L. Fitzgerald, Mr. and Mrs. J. W. Summers and Mr. and Mrs. G. W. Davenport. Most of them will go down in automobiles.

G. W. Sexton, of Nash county, who has been here with Prof. and Mrs. J. H. Joyner for a few days, has returned home.

Dr. and Mrs. C. F. Phillips and Mr. and Mrs. A. W. Fuller, of Randolph county, have been pleasant visitors this week.

Mrs. C. T. Clapp has gone to Whitakers for a visit to her daughter.

Mr. and Mrs. Robert Buck, of Charlotte have returned home after a pleasant visit here and amid the scenes of the school life. Both are graduates of the school here.

J. S. Cox, of Raleigh, now with the Norfolk Southern railway in a responsible position and Samuel Davis of Clarksville, Va., a leading hardware merchant, have just left after a stay of some days with friends.

Miss Eunice Britton, of Seaboard and Miss Laura Ellington, of Sandy Ridge, are here visiting friends. J. M. Ramseur, of Palatka, Fla., left here this morning for a visit with relatives at Lincolnton, after which he will return to Florida.

Mrs. Lizzie Smith and Mrs. J. H. Joyner spent yesterday in Greensboro visiting.

#### NINETY-FOUR PASS EXAMINATIONS AND ARE TRAINED NURSES.

Wilmington, May 27.—The 94 trained nurses who took examination before the State Board of Examiners here last week made a record that is probably not duplicated in any profession in State, all passing the examination, each with creditable marks.

In addition to the 94 who passed the State board a number were received by reciprocity. In the examination Miss Pauline Robinson of Charlotte made best percentage, 98.75, while Miss Ruth Wicker of High Point won second honor with an average of 96.25.

We note the name of Miss Cora Isley of this city among the 94 successful ones who stood the examination. Miss Isley is well known in Burlington, and her many friends here will be glad to learn of her achievement.—Editor.

#### BASE BALL

##### HOPE DALE DEFEATED.

Gibsonville Defeated Visitors in an Exciting Contest.

Gibsonville, May 29.—The local second team defeated Hope Dale today by a score of 3 to 1. The contest was an intensely exciting one and was witnessed by a large crowd. The all around playing of the locals was the feature.

Batteries: Allred and Pettigrew, Poole and Long.

##### PRZEMYSL IS THREATENED.

Germans Have Driven Wedge Thru Central Galicia and by Double Flanking Movement Hope to Surround Fort.

London, May 28.—Przemysl, garrisoned this time by Russians, once more is threatened with investment.

Just as the Russians, after surrounding Przemysl and starving out its Austrian defenders, forced the surrender of the fortress late in March, so Austro-German troops who have driven a wedge through Central Galicia, now are attempting a double flanking movement and with an attack growing in intensity are seeking to encircle the forts from the south and the east.

This situation in Galicia unquestionably is of great strategic importance and even the British press concedes that the position of Przemysl is serious. It is described as the key to the whole Russian position in Galicia.

##### ROUTE No. 8.

J. C. McCulloch of Route 8, passed through yesterday evening going to Chapel Hill to attend the commencement.

Mr. and Mrs. L. E. Gatty of Mebane, Route 1, spent Saturday and Sunday visiting Mrs. Gatty's brother, Mr. Burns. Mrs. Gatty will remain several days.

Robert Bramrock, R. L. C. of Route 2, of Altamahaw and Bud May of Elon College attended the Carriers' meeting in Burlington Monday evening.

##### A CARD OF THANKS.

I wish to extend to the good people of Alamance, Chatham and Burlington especially, my sincere thanks for the many kindnesses shown me during my long period of sickness. I feel like saying "Thanks be unto God for His mercy endureth forever." At present the writer is able to be up some.

Sincerely,

LENA D. JOHNSON,

#### ALAMANCE COUNTY RURAL CARRIERS MEET.

The Rural Letter Carriers of Alamance county held a meeting in the Junior Hall Monday and elected the following officers for the ensuing year: President, J. M. Hayes; Vice-President, J. E. Foust; Secretary & Treasurer, J. A. Lowe.

After other routine business was transacted the following delegates were elected to the state convention which meets at Charlotte, July 4th: Cheek of Burlington, Brannock of Altamahaw, May of Elon College and Foust of Mebane.

Plans were discussed for a picnic to be held by the carriers of the county on the first Monday in September which is Labor Day, the following committee were appointed to make arrangements: Messrs. J. M. Hayes, W. J. Brooks, J. A. Lowe and E. M. Cheek.

#### MAIL FACILITIES WILL BE EXTENDED.

Rural Routes to Have Parcel Post Insurance From the Carriers.

All rural free delivery carriers operating out of offices maintained by the postoffice department will be required to have parcel post scales, maps and guides, insurance and C. O. D. tags and they will be required to accept from the patrons of rural routes parcels for insurance or collection on delivery just as these are accepted from patrons at the postoffice. Furthermore it is the duty of the various postmasters to see that their R. F. D. carriers operating out of their offices shall always be properly equipped in order that they may carry out these instructions. Coupon receipts will be issued directly to senders at the time when the parcels are accepted.

Instructions as follows have been given the postmasters in regard to this extension of the postal facilities to rural routes patrons:

"(1) Each carrier shall be assigned the same series of numbers as provided by section 1072 of the postal laws and regulations for registered mail and when it is desired by a patron to insure a parcel or mail it C. O. D. the carrier shall provide a tag and require the sender to fill out the tag in ink or with indelible pencil. The carrier shall assign a number to the parcel, indorsing the wrapper and the tag therewith in the proper manner. The sender's receipt coupon of the tag shall be dated, indorsed with the carrier's initials and the route number detached by the carrier and delivered to the patron as a receipt for the parcel.

# R. J. REYNOLDS ON NEWSPAPER ADVERTISING.

Mr. R. J. Reynolds, of Winston-Salem, is recognized as being one of the most successful business men in the South today. He is known far and wide as the tobacco king of the Twin City. Mr. Reynolds recently made the statement that the newspapers are the standard forms of advertising, and correct mediums through which to reach the people. Mr. Reynolds had this to say about newspaper advertising:

"I believe that a manufacturer who has a good product with which he can make a popular appeal, and will tell the truth about it in the daily papers, backed with a good selling organization, will make an unqualified success. I have had ample experience with this form of advertising to prove, beyond any doubt, that newspapers are, unquestionably the standard form of advertising.

"When you consider the number of newspapers that daily go into the millions of homes and how dependent we all are upon them for the world's news, it would be hard to depreciate their value as an advertising medium. After all, it is a simple matter of manufacturing a good article—and letting the people know the truth about it.

"Yes, newspapers are good advertising mediums, or this company would have found it out before it began investing hundreds of thousands of dollars in their columns annually.

"This company thought enough of advertising as a selling medium not to retrench on expenses in this division of the business when the European war broke out. As a matter of fact, more was appropriated of advertising than we would have otherwise expended. As a result, we are doing the largest business in our history."

**CATAWBA COLLEGE FINALS.**  
Rev. W. R. Ware, of Salisbury, Speaks—Diplomas Presented; Play and Alumni Banquet.

Newton, May 26.—Finals at Catawba College were held today and tonight. This morning the graduating exercises were held and diplomas and certificates conferred. The full graduates are Herbert Ingle and Aaron Tosh and certificates were bestowed on Miss Mattie Reinhardt, department of voices; and Misses Mary Field Lowrance and Mamie Lee Miller, department of art.

This afternoon Rev. W. R. Ware of Salisbury, presiding elder of the Salisbury district, Methodist church, and an old student in Catawba, delivered the annual literary address. Tonight the senior class presented "Miss Bob White," a play that was well executed and well received by a large audience.

The alumni held a banquet last night and heard Rev. C. W. Warlick deliver the alumni address. Clarence Clapp presided at the banquet as toastmaster, and short, enjoyable talks were delivered by President J. D. Andrew, Aaron Tosh, of the senior class; Erman Plott, of the alumni, and Rev. W. R. Ware. A strong, optimistic note was sounded and the prospects of the college declared to be bright with promise for the new year. Many visitors, have been here this week and the weather, has been ideal for commencement.

# PRESBYTERIAN BODY ENDS ANNUAL SESSION.

Last Day Devoted Mainly to Reports From Committees—Committees Appointed.

Newport News, Va., May 27.—The fifty-fifth General Assembly of the Presbyterian church of the South ended here today, the final session being devoted largely to the presentation of committee reports. The next General Assembly of the Church will be held at Orlando, Fla., May 18, 1916.

The Assembly today adopted a resolution for the creation on November 9, 1916, at the First Presbyterian Church, Bristol, Va.-Tenn., of the Synod of Appalachia. The Synod will embrace the contiguous mountainous sections of North Carolina, Tennessee, Virginia and Kentucky.

One of the reports presented today showed contributions for foreign missions amounted to \$544,162 during the past year. The number of missionaries supported by the assembly is 339. It was stated that in the last 10 years contributions to foreign missions had increased 157 per cent.

A total of \$442,982 was contributed by the Woman's Auxiliary to the various activities of the Church in the past 12 months, a gain of \$32,559 over the total received last year. The largest single appropriation from the fund for any one activity was \$105,570 for foreign missions.

The report of the committee on answers to overtures was received and precipitated animated discussions. Its recommendation that the overtures requesting a change in the Book of Church Order by which the office of elder shall become rotary be answered in the negative met with strong opposition and a substitute was offered recommending the answer be in the affirmative. The committee's recommendations, however, finally were upheld. A protest against the action of the assembly in the case of the Rev. L. B. Field against the Synod of Arkansas was presented by the Rev. A. S. Bradshaw and was signed by 15 commissioners. It charged illegality in the judicial commissioner's proceedings and protested against the judgment rendered by the commission and the Assembly's approval of the judgment. The protest was admitted to record without answer and Mr. Field will remain silenced from preaching.

Reports of the following committees were submitted, considered and adopted:

Committee on Church Societies; Committee on Bible Cause; Committee on Sabbath and Family Religion; Committee on Theological Seminaries; Committee on Mileage; Committee on Audits and Committee on Leave of Absence.

The moderator appointed the ad interim committees on educational institutions and on program for the next assembly and named 11 delegates to the Federal Council of the Churches of Christ in America.

## THE POPPY FIELD.

Once on a time, I know not where, I know not when. A dream, maybe, Out of a pine wood, unaware, I stepped upon a quiet sea.

And on the quiet meadow I Saw all around a carpet spread, Far as the line where land meets sky, Of motionless blown noppies red.

And on the blood-red carpet lay, Regarded of a thousand flowers, A lovely, tired summer day In first sleep of the sunset hours.

No breath, No sound, A bird in flight The air of evening scarce does cleave, I scarcely see his stretched wings smite,

A black line in the fragrant eve. Once on a time, I know not when, Long, long ago, A dream, maybe, But I can see it now as then, The silent, purple poppy-sea.

Invigorating to the Pale and Sickly. The Old Standard general strengthening tonic, BROWN'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

# BOYS, DON'T GAMBLE.

Young Men Can Find No Surer Method of Crushing Their Manhood.

There are said to be throughout the country a large per cent of our young people engaged in gambling in many of its different forms. Some of those said to be connected with it, are from good families. Young men can find no surer method of crushing their manhood than to become a victim of the spirit. It is worse than idleness, worse than drinking and worse than many other crimes. It is father to almost every vice and crime known to civilized man. It leads down—down—down. It saps moral courage from the promising; makes cowards of the brave; it breeds discontentment; destroys confidence. It will transform an honest boy, with a future, into a sneak, a liar, a rogue. It is a terrible thing, and every one who has followed gambling knows these words are true. We plead with the young men everywhere who may chance to read these lines, for the sake of their country, their family, their friends and themselves, to quit it, short off. If they must dance to the music of the devil, let it be to some other tune than that of gambling.

It grieves us to hear of bright young men with promising future going after this delusive, something that makes sure of its victims. They have the stuff in them to make men; they have the intelligence, the manhood and the energy, and they can make real men if they will only exercise their will power and become masters of themselves.—Ex.

## ICE CREAM CONES.

Asheville May Stop Selling of Cones on the Street.

Asheville, May 24.—Following the receipt of numerous complaints by the commissioner of public safety as to the selling of ice cream on the streets of this city, one of which came from a man whose five children have contracted ptomaine poison from eating ice cream from cones, bought on the curb, the city board of commissioners has withdrawn one license and has ordered that a close watch be kept over the operations of others who are engaged in this business. The licenses of the vendors expire Monday of next week and it was intimated at Sunday's meeting of the commissioners that no more will be granted for the approaching fiscal year. Complaint has been made not so much because of the conditions under which the cream is made, as the health department sends regular inspectors to the factories, but because of the manner under which the product is sold. It is contended that it is impossible for street salesmen to open and close their cans to fill the cones without allowing the cream to collect filth and germs. The health officer has recommended that no license be granted upon the expiration of those which are in force at the present time.

## QUIPS AND QUIDDITIES.

Two young girls were drinking tea at a fashionable restaurant when a young man raised his hat and passed on. As he passed the first girl blushed, displayed a beautiful ring on her white hand, and murmured, "Well, Jack and I are to be married in another month."

"But," said the other girl, "I thought you had thrown Jack over."

"Oh, so I did," the first replied, blushing again and hiding her face, "but—but you know how badly a girl throws."

She—Mercy! Didn't you call the police?

He—Certainly not. It's no crime for a man to light his cigar.

# INDUSTRIAL PEACE IS W. B. WILSON'S THEME.

Cabinet Officer Wins Applause in Address Before A. and M. College Seniors.

## PUT PUNCH INTO SUBJECT.

Raleigh, May 24.—William B. Wilson, secretary of labor in the Wilson cabinet, preached industrial peace before the Agricultural and Mechanical college tonight and put punch enough into his subject to win applause in a score of places.

The Pennsylvania Scotchman does advocate compulsory concession of one's rights in the labor quarrels. He made that plain, but he champions arbitration in the interest of the innocent by-standers—the badly wronged public—which must undergo paralysis while the contentious seek each others throats.

The secretary was introduced by Bryan Grimes, secretary of state. On all sides the senior exercises in Pullen hall were best—music at Meredith and at St. Mary's and class exercises on the two campuses.

Secretary Wilson spoke to a splendid audience which found in the sweltering heat energy enough to travel with the secretary in a strong exposition of his theme.

Immediately following a reception at the Y. M. C. A. at which Mrs. Joseph Daniels was guest was attended by several hundred and the Rotarians gave a dinner at the hotel.

## CLEANING STAINED HANDS.

To remove stains from the hands use citric acid. Dissolve one ounce of acid crystals in two ounces of water. Rub the stained places with a clean piece of cotton dipped in the solution. Apply twice if necessary. This acid is particularly useful in removing stains caused by canning and pickling.

## DYE PROBLEM IS NOW SOLVED.

Hosiery Mill Signs Contract With Buffalo Concern for a Year's Supply.

## NO DANGER OF SHORTAGE.

Company Has Been Experimenting With This Dye For Several Months.

Durham, May 28.—That the Durham hosiery mills have closed a contract for dye stuff that will run them at least twelve months and probably longer than that time, will come as welcome news to Durham people and also to the business men in general,

for it is an assurance that there will no longer be any possible danger of having to close down a part of the mills because of the lack of dye stuff.

As a matter of fact the Durham hosiery mill through the most energetic kind of work on the part of its buyers managed to keep a pretty good supply of dye on hand all of the time and there never was any great danger of getting out of dye as some reports had indicated. However, the contract to furnish dye for the coming twelve months which has been signed between the mills and a Buffalo concern, lifts the burden of the dye problem from the shoulders of the officers.

Mr. Julian S. Carr, Jr., president of the company, was asked by a reporter yesterday if the quality of the dye that was secured from the American concern came up to the standard of the German made dye. He replied that it did. The company has been experimenting with the Buffalo dye for the past several months. The dye experts of the mill have been testing the new dye out to see if it came up to the demands of the mill and they have found through these series of experiments extending over several months that the American dye will fill the bill in every respect.

At the present time it is costing some more than did the dye from Germany, but that was not unexpected in view of the fact that making dye for the manufacturing plants is practically a new industry in America.

The Durham hosiery mills have not been alone in their troubles about the dye stuff. Since the war broke out and the shipment of the products of Germany ceased, every textile or hosiery manufacturing concern in the country has been strictly up against it for the lack of dye. Many of the mills have been forced to cut off some of their employees or turn out bleached products because of this. Fortunately the Durham hosiery mills have managed to keep their supply ahead of their needs from month to month. Since the war American concerns have been experimenting on the dye proposition. American ingenuity has been brought face to face with the problem of supplying a very important product which the Germans had been supplying. The success of their experiments is furnished in the fact that a Buffalo concern has signed a contract with the Durham hosiery mills to furnish them with sufficient dye stuff for the next twelve months or longer.

In connection with the hosiery mills it is interesting to know that a further indication of the fine condition of business in this city is evidenced by the fact that during the past two weeks about two thirds of the new mill, Durham Hosiery Mill No. 6, has been put into operation. Something like seventy-five new people have been added to the payroll of the Durham hosiery mill, and incidentally the payroll of the city of Durham. It is expected that the machinery man will be in the city this week to start the machinery for the remainder of the mill.

## TEUTONIC ALLIES ARE USING ASPHYXIATING GAS IN EAST.

Petrograd, May 27, via London, May 28.—Use by the Teutonic allies of asphyxiating gas to cover their offensive in the Ossowetz region is reported in an official statement issued last night by the Russian general staff.

Austro-German attacks all along the line between the upper Vistula and the left bank of the San are reported to have been repulsed with heavy losses to the attackers.

A stubborn battle is reported to be continuing on both banks of the San between Przemyśl and the Lubaczowka river, as well as between Przemyśl and the great marshes of the Denister.

The Russians claim to have inflicted enormous losses upon their antagonists on the 25th on the entire front from the Dnister marshes to Dolina. The capture is claimed of many prisoners during the counter-attacks.

# HYMN OF PEACE.

Father, to Thee we look in all our sorrow,  
Thou art the fountain whence our healing flows;  
Dark though the night, joy cometh with the morrow;  
Safely they rest, who on Thy love repose.

When fond hopes fail, and skies are before us,  
When the vain cares that vex our life increase,  
Comes with its calm thought that Thou art o'er us,  
And we grow quiet, folded in Thy peace.

Naught shall affright, on Thy goodness leaning,  
Low in the heart faith sinbeth still her song;  
Chastened by pains, we learn life's deeper meaning,  
And in our weakness, Thou dost make us strong.

Patience, O heart, though heavy be thy sorrows,  
Be not cast down, disquieted in vain!  
Yet shalt thou praise him, when these darkened furrows,  
Where now He ploweth, wave golden grain.

# COL. THEODORE ROOSEVELT SUSTAINS A BROKEN RIB.

New York, May 27.—It became known tonight that Col. Theodore Roosevelt met with an accident last Monday at his home at Sagamore Hill, when, as he was trying to mount a horse, he fell and broke a rib. The discovery of the broken bone was made by the colonel's physician, summoned when the twinges the former President felt after the fall convinced him that something more than a wrench was the trouble.

The colonel was bandaged tightly about the body and except for the inconvenience and trifling pain the accident has caused him no trouble. The interference with his activities has been with his daily horseback ride.

Colonel Roosevelt met with the accident as he was about to throw his leg over the saddle of his favorite mount. His foot slipped and he came down heavily on his side.

Manchester, May 27.—The labor trouble in the cotton mills is approaching a crisis. Union operatives, angered by the employers' threat to declare a lockout, today presented demands for an immediate 10 per cent wage increase. They say the threat of the mill owners to lock them out constitutes a breach of their agreement.

### DEMOCRACY AND DEFEAT.

The time is drawing near when the  
Democratic party will have to should-  
er its unpopular and broken record  
of misrule and take a rear seat in  
American politics. It has been on  
trial before the people of the United  
States since March the 4th, 1913 to  
prove its ability for running the gov-  
ernment; but the people have found  
it wanting. Facts are Democracy  
must retire up the branch to salt-  
river junction, and go in dry docks.  
It stayed in almost continuous session  
for two years spending public coin  
and making foolish laws.

Its chief object has been to get pie-  
hungry Democrats in office, and give  
the workingmen the grips by putting  
untried laws on the statute books. Its  
politicians are working over time try-  
ing to make the people believe there  
is no depression in business. But  
the working people who have been  
out of work and suffering for the  
past under Wilson cannot be filled  
any longer with promises, and de-  
mand some proof. Wilson's tariff bill  
and other pet laws enacted has ground  
the life out of American labor, and  
the workers all know it.

The high cost of living has gone  
upward under the new tariff which  
the Democrats claimed would lower  
the cost of living. And the great  
army of unemployed is increasing its-  
self every day. Voting a Democratic  
ticket punches a hole of hungry in  
your own stomach and brings about  
the suffering of your family and  
friends.

Its history of broken promise is  
written with a pen of unemployed in  
the book of hard times, from Jackson  
to Wilson.

It offers the same thing in the fu-  
ture—with a bright chance of worse;  
and to support it shows neither wis-  
dom nor purpose.

When a Democrat approaches you  
in the future with a hankering for  
your vote and defending the record  
of his party—make him come across  
with the proof, or beat him to the tail  
timber.

Point out the fact to him that you've  
never received anything but hungry  
and suffering when his party was in  
power.

Do any piece of agnostic cowardness  
you can think of, but to give him  
your vote. Eat some flies and vomit  
—it won't make you any sicker; and  
you will get over it quicker. A war  
tax put on a nation at peace deserves  
the attention of the people in these  
hard times. Did you hear me?—The  
Rascal Whipper.

There are friends we might have  
loved and songs we might have sung  
and deeds we might have done; but  
these are of yesterday. For tomor-  
row there are friends we may love  
and songs we may sing and deeds we  
may do.

### WHAT GIVING UP TARIFF DUT- IES HAS DONE.

The Democratic party has at last  
come face to face with a real financial  
question, and one of its own making.  
How shall the Treasury obtain new  
and sufficient revenue? Up to the  
present time, there has been a steady  
avoidance of the subject by the lead-  
ers of the party in power. They have  
have proclaimed that there is no lack  
of revenue to meet the expenses of the  
Government and that only a pessimist  
of the darkest hue could see financial  
trouble in the future. They have de-  
nounced as vagaries of the mind all  
prophecies that pointed to the enact-  
ment of emergency measures to fill the  
empty Treasury.

But now the question of whether or  
not such a course must be adopted is  
decided. The facts are such as admit  
of neither concealment nor escape. The  
only question that remains is how to  
secure the revenue that must be pro-  
cured. No reasoning is now clever  
enough to make the black figures ap-  
pear white. The daily statement of  
the Treasury shows that the net bal-  
ance in the general fund has fallen to  
about fourteen million dollars, and the  
tide is flowing steadily onward towards  
a still further reduction. There is one  
inevitable conclusion; there will be a  
large deficit at the end of the present  
fiscal year, even after the income tax  
is collected. This deficit may run from  
twenty millions to fifty millions, de-  
pendent entirely upon the amount  
which may be received from the in-  
come tax.

This apparent balance of fourteen  
millions is very misleading. In order  
to obtain it, there is counted in as  
available for Treasury use all of the  
money now in the Government deposi-  
taries. This amounts to fifty millions.  
This is a new system of bookkeeping  
which came in with the present Ad-  
ministration. It must be remembered  
that the Treasury itself could not well  
withdraw all this money for specific  
use, even if the situation demanded it.  
The national banks that act as deposi-  
taries do a very large amount of work  
for the Treasury Department, in mak-  
ing payments and handling funds, and  
at the same time, pay the Government  
two per cent interest. If the national  
banks are not to be allowed to keep  
a fair balance, it would be obviously  
poor business on their part to under-  
take to do for the Government all the  
work of disbursement which they do,  
pay out two per cent in interest, and  
have practically no funds to use with  
which to reimburse them for their in-  
terest payments and actual services.

In the effort to make this apparent  
balance in the Treasury statement,  
there is also included the amount in  
the Treasury vaults that is in the form  
of subsidiary silver coin, minor coin  
and silver bullion. None of this in the  
form with which to meet Government  
payments. For that reason it has not  
been the habit of counting it in when  
seeking the net Treasury balance. To-  
day the amount represented by this  
type of assets is thirty-five millions,  
and under the present Treasury system  
this is a part of its balance with which  
to do business. Taking out these items  
of the amount in depositaries and the  
amount in such kinds of money, as was  
formerly done, there is no working bal-  
ance of fourteen millions, but a de-  
ficit of over seventy millions.

This situation makes very pertinent  
the tariff figures which we published  
yesterday. One item in that list shows  
well how Democratic policy has re-  
duced legitimate revenue. In the first  
quarter of 1913, under the protective  
tariff law, the customs receipts from  
the importation of raw wool were three  
and a half million dollars. In the first  
quarter of 1914, there was no money  
from imported wool, merely a few  
thousand dollars from Angora wool.  
There are a host of similar cases. They  
show how the Democrats have thrown  
away revenue that the Government  
needs by their tariff law. If a proper  
and a protective tariff law was on the  
statute book today, there would be  
little, if any additional revenue to be  
hunted for.

### MEXICAN SECRECY.

Another special envoy of the Presi-  
dent has returned from Mexico after  
a visit of inspection to the districts  
controlled by the various warring fac-  
tions in that desolated land. Another

special report on the condition of  
Mexican affairs has been perused by  
the President and duly filed away  
among the department archives. As  
usual, the purpose of the investigation  
and the information it revealed are  
carefully guarded from public scrutiny.

As far as the public knows the Ad-  
ministration is still committed to its  
fatuus policy of watchful waiting.  
In other words, the Administration  
is pursuing the high-minded purpose  
of keeping hands off in Mexico until  
one or the other of the contending  
brigands has killed off enough of his  
opponents to be supreme, or until by  
the working of some miracle, peace  
and unity shall have been established  
again in Mexico. Meantime, a con-  
tinuous procession of Presidential En-  
voys, Special Representatives and Of-  
ficial Information Gatherers is kept  
moving between Washington and  
Mexico. But except for an occasional  
despatch that gets into the news-  
papers reciting outrages committed upon  
the person or property of Americans,  
Mexicans and aliens, the public is kept  
quite in the dark as to what goes on  
south of the Rio Grande.

What Mexican secrets are there  
that the President must guard as  
fervently? Does he fear that if the  
whole truth were known outraged pub-  
lic opinion would compel him to  
abandon his watchful waiting policy?  
In the Lusitania crisis the President  
was eager to take the public into his  
confidence, careful to ascertain the  
trend of public opinion before he ac-  
ted. And in the Mexican question the  
people have the right to expect the  
same frankness on the part of their  
Chief Executive. No American diplo-  
matic policy was ever successful that  
did not have the assent of a fully in-  
formed public behind it. Diplomacy  
in the dark is distinctly not in Ameri-  
can institution.

### FIRE-DRILLS IN SCHOOLS.

Superintendents and principals of  
schools should consider the matter of  
fire-drills. The drill has been put in-  
to effect in many schools in North  
Carolina, and in one Raleigh school it  
was needed. The children marched out  
of a smoking building without the  
semblance of panic. Captain Sher-  
wood Brockwell of the Insurance De-  
partment has given school protection  
much consideration, and his help may  
be secured for the asking.

There is going to be a big war and  
it's a good idea to have plenty of  
figures handy. For instance, there's  
Secretary Redfield's estimate that the  
American export trade will reach the  
sum of \$2,500,000,000.

### MAD AT PAINT.

25c a gallon for paint is about \$2.50  
on the average job, and lots of men  
waited last year for that; but they  
didn't reckon; they got mad; wouldn't  
pay it.

There are times to get mad and re-  
fuse to pay; but when one's property  
needs protecting is no time to get  
mad and not paint.

Besides it costs more to get mad  
and wait than to paint.

Getting mad doesn't do any good to  
your property; paint does it good by  
keeping-out water; no water; no rot;  
no paint, some water and rot; and a  
little rot is more than enough to make  
a man liberal towards his painter and  
paint.

Paint costs not a cent. All the paint  
in the world, so long as it keeps-out  
water, costs not a cent.

### THE DEAD DOLLAR.

It is buried by you in some out-of-the-way place. It's a daily worry to you. It's a temptation to others. The very birds of the air carry the news. It's a constant menace to your life.

There is a place where that dollar will be a living joy to you—where you can always get it—where it is safe and will be at work for you twenty-four hours every day.

That place is here.

"I HAVE LOST FAITH IN GOD AND IN MAN."

These Were the Words of Charles Becker When Seen Yesterday.

SEEMS TO BE CRAZY.

New York, May 29.—Having abandoned all hope of escaping death in the electric chair in the week of July 12 for the murder of Herman Rosenthal, Charles Becker, ex-police lieutenant, gave defiance to any effort on the part of his wife or attorneys to save him through an effort to the governor.

Neither does he want his counsel to carry his case to the United States supreme court on a writ of error stating that he is resigned to his fate and that he will go into eternity with the belief that the persons responsible for sending him there will feel the full weight of that responsibility.

"I am through. I don't want anything done. I have lost faith in God and in man," he said.

The above statements and the information therein can be taken as real. It comes from one in authority in connection with the prison. He talked for a full hour this afternoon after discussing the situation with Becker in the death house.

According to this person Becker's entire attitude has been since he received the news that the state court of appeals had decided he was not entitled to a new trial, which he fully expected. So great was the shock that it is the belief of the International news service's informant that Becker has become mentally unbalanced.

There will be a conference between Mrs. Becker and the attorney and it will be determined finally whether there shall be an appeal to the United States supreme court. Becker has thrown down religion which till last Monday he had ardently embraced.

Speaking of color schemes. Blackberries, you know, are red when they are green.

Down in Florida they are going to pass a law requiring publication of the tax assessments. But of course we don't need such a law in North Carolina, where every man gives in all he is worth!

### Wife Wanted.

A good looking bachelor, age 43, desires to correspond with good honest trustworthy North Carolina girls, born between 21 of June and the 23rd of September or between the 16th of March and 21st of March, or November 21st and December 22nd. Girls that have been raised on farms preferred. Those with dark brown, or black hair. May write. Will tell you more about myself when I receive an answer.

## NOTICE.

The citizens and qualified voters in the city of Burlington will take notice of the new registration and election in the city of Burlington.

You are hereby notified that pursuant to the provisions of an act of the General Assembly entitled "AN ACT, TO AUTHORIZE AND EMPOWER THE CITY OF BURLINGTON TO ISSUE BONDS TO OBTAIN FUNDS FOR THE PURPOSE OF ERECTING AND EQUIPPING PUBLIC SCHOOL BUILDINGS IN SAID CITY," an election will be held at the several voting places in the above named city on the 8th day of June, 1915 upon the proposition of the adoption of said act and determining whether said act shall become law applicable to said city. You will further take notice that an application in writing of sixty qualified voters of said city has been made to the Mayor and Board of Alderman, the said application requesting the order of a special election in said city upon the question of issuing bond of said city in the sum of \$40,000.00 for the purpose of erecting and equipping public school buildings in said city. That pursuant to said act and petition a special election has been ordered to be held on said 8th day of June, 1915 upon the question of the issuance of \$40,000.00 in bonds for the purpose of erecting and equipping public school buildings in said city, the said bonds, (provided the majority of the qualified voters of the said city shall have voted for the public school building bonds), shall be issued in the denominations of \$1,000.00 each carrying interest at the rate of five per cent. per annum, payable semi-annually, all of which bonds shall run for a term of thirty years. When said bonds shall have been issued they shall be sold by the Board of Alderman at the best price which they can obtain, not to be sold for less, however, than the par value of said bonds, and they shall use the proceeds of said bonds for the sole and only purpose of erecting and equipping buildings to be used as public school buildings in said city of Burlington, and said Board of Alderman shall keep accurate account showing the amount received for said bonds and the manner in which the same is expended.

This the 22nd day of April, 1915.

JAS. P. MONTGOMERY,  
Secretary & Treasurer.

Whereas, the General Assembly of North Carolina of the year of our Lord One Thousand, Nine Hundred and Thirteen enacted "AN ACT TO AUTHORIZE AND EMPOWER THE CITY OF BURLINGTON TO ISSUE BONDS TO OBTAIN FUNDS FOR THE PURPOSE OF ERECTING AND EQUIPPING PUBLIC SCHOOL BUILDINGS IN SAID CITY," and whereas, said act thereof provides that an election shall be held for the purpose of determining whether said act shall become law; and whereas, on the 22nd day of April, 1915, a petition was presented to the Mayor and Board of Alderman, at a regular meeting of said Board, by sixty and a great many more than sixty, qualified citizens, taxpayers and free holders of the city of Burlington, asking that the said Mayor and Board of Alderman order an election on the question of issuance of bonds for forty thousand (\$40,000.00) dollars for the purpose of erecting and equipping public school buildings in said city.

Now, therefore, it is ordered that on the 8th day of June, 1915, there shall be held in the city of Burlington an election which shall be held in all respects as provided by law for the holding of elections for Mayor and Alderman of said

city and at which time all the voters who are then registered and qualified to vote, shall be entitled to vote for the purpose of determining whether it is the will of such voters that the aforesaid act shall become law and applicable to the said city of Burlington. Voters desiring to vote for the adoption of said act favoring the issuing of said bonds shall vote a ballot of white paper on which shall be written or printed the words "For School Bonds" and those opposed to issuing said bonds shall vote a ballot of white paper on which shall be written or printed the words "Against School bonds."

It is further ordered that a new registration of the qualified voters of said city be had and to this end the registrars herein-after named shall open registration books for this purpose in their respective wards on the 3rd day of May, 1915, the same to remain open for the registration of voters on each day in the week, Sundays excepted, from 9 o'clock A. M. to 6 o'clock P. M., until 12 o'clock noon on Saturday, the 5th day of June, 1915.

It is further ordered that notice of said new registration and election be published thirty days prior to the holding of said election and once a week thereafter until said election is held, and that said notice be published in some newspaper of general circulation in the city of which notice shall state the date on which said election shall be held, the amount for which it is proposed to issue bonds, how long said bonds shall run, the rate of interest to carry and the purpose to which the proceeds of bonds shall be applied.

It is further ordered that the said bonds shall be issued in denominations of \$1,000.00 each and shall carry interest at the rate of 5 per cent. per annum, payable semi-annually, all of which bonds shall run for thirty years.

It is further ordered that B. M. WALKER be, and he is hereby appointed registrar for the First Ward, and that S. G. MOORE and H. K. HALL be and are hereby appointed inspectors for the First Ward; that L. J. FONVILLE be, and he is hereby appointed registrar for the Second Ward, and that GEO. SMITH and F. W. HAWKINS be, and they are hereby appointed inspectors for the Second Ward; that RICHARD SEYMOUR be, and he is hereby appointed registrar for the Third Ward, and that J. A. IRELAND and Y. S. MILES be, and they are hereby appointed inspectors for the Third Ward; and that J. T. WELCH be, and he is hereby appointed registrar for the Fourth Ward, and that R. A. FREEMAN and C. B. WAY be, and they are hereby appointed inspectors for the Fourth Ward. This the 22nd day of April, 1915.

JAS. P. MONTGOMERY,  
Secretary & Treasurer.

## BUSINESS AND POLITICS.

Confidence in Republican success next year is based largely on the belief that business, big and little, is against the Democracy, and will improve the opportunity to declare itself at the polls. The depression of the past two years has created a longing for a change.

Business did not elect Mr. Wilson. It was not in favor of his election. But it was powerless in the face of the Republican division. As it could not heal that, it was obliged to accept the result at the polls, which brought in the minority party by a minority vote. The wrangling Republican politicians, and not the business men, were responsible for what took place in November, 1912.

Since then business has had "a time of it." Hence the assertion that at the polls next year business of all kinds and degrees will register itself in favor of a change.—Washington Star.

## ADEQUATE COMPENSATION FOR TRANSPORTING MAIL.

Atlanta, Ga., May 27.—Railroad executives representing ninety per cent of the entire mileage of the country, among them officials of leading Southern roads, at a recent meeting approved the course of the Committee on Railway Mail Pay in its efforts to secure from the United States Government adequate compensation for transporting the mails and urged that Congress enact a law giving the Interstate Commerce Commission over the same jurisdiction over mail traffic that it now has over other classes of traffic.

Unanimous approval was given the following reforms of the present law which the Committee has urged.

1. That the mails be weighed, and the pay readjusted, at least once a year on every railway mail route, instead of once in four years, as at present.

2. That the railroads be paid for, or relieved from, the duty of carrying the mails between railroad stations and post offices.

3. That the railroads be paid for apartment post office cars—for which the present law allows no pay—on a pro-rata basis with the compensation for full railway post office cars.

Among the lines operating in the South represented at the meeting were: Southern Railway, Norfolk & Western, Chesapeake & Ohio, Illinois Central, Louisville and Nashville, N. C., & St. L., R. F. & P., Atlantic Coast Line, and Seaboard Air Line. The General Managers Association of the Southwest and the Short Lines Railroad Association were also represented.

## Henry Johnson Deals Tom Ricket Blow on the Head With Pick Crushing His Victim's Skull.

Statesville, May 26. This morning at 7:30 o'clock just after the railway section force, with W. A. Hamlet as foreman, had gone to their work, two negroes, members of the force, became involved in a difficulty in front of Turner's shops, 100 yards below the Southern depot, and Henry Johnson struck Tom Ricket on the head with a pick, crushing his skull and injuring him so badly that he died a few hours later.

It seems that the two negroes had had a previous disagreement; and this morning the section foreman says he sent the two down the track after a cross-tie, and as they came back Johnson stumbled when, it is alleged, Ricket cursed him. A few minutes later the two were working near by when Johnson struck Ricket with his pick. Johnson then fled up the railroad. Officers and doctors were telephoned for and the injured man removed to his home close by. Drs. Sherill and Davis soon arrived, and it was discovered that Ricket's skull was crushed. It was found that the injured man's chance of recovery was scant.

Chief Policeman Kerr, Assistant Policeman Wasson and Jailor Gilbert caught Johnson a mile from the station up the western railroad. He submitted to arrest, and declared that he struck Ricket by accident.

Johnson, whose home is at Mount Ulla, has heretofore had a good reputation.

## RESULT IN GOOD TO THE ENTIRE COUNTRY.

Caesar Cone, of Greensboro, Sees Much Good in Pan-American Conference.

## MR. VANDERLIP OPTIMISTIC.

Washington, May 24.—Through the medium of the federal reserve law, one of the really big constructive acts of the present administration, the United States is now ready to take its place as a financial world.

This fact was impressed upon the delegates from the Latin American countries, as well as upon American business men and financiers in attendance at the opening of the Pan-American conference here today. Such men as Frank Vanderlip, president of the National City bank of New York, the greatest financial institution of the country outside of the treasury department, and Caesar Cone, of Greensboro, head of the greatest cotton mills in the south, believes that the conference which began today will result in great good to the entire country.

Mr. Cone and H. C. McQueen, of Wilmington, are among the North Carolina financiers and business men who were honored by being appointed delegates to the great gathering.

In speaking to the convention Mr. Vanderlip voiced the view of many bankers when he dwelt upon the benefits that are to accrue from the federal reserve act.

"The United States is in a happy position to develop foreign banking following the enactment of the federal reserve act," he said. "This act has made fundamental differences in our banking, has permitted national banks to have branches in foreign countries and has done things that will be of great advantage in branch banking."

Mr. Cone said in answer to a question, that the tariff on some of the fine grade of cotton goods had been placed too low. He did not think, however, that the tariff law had injured his business materially, except upon the higher grades of goods.

The director of the census, Samuel

L. Rogers, has ordered that Clifton C. Jermaine, special agent, be sent June 1 to North Carolina to inspect the operation of death registration in that state, with a view to the state's admission to the registration area for deaths. Upon its being admitted, the census bureau will give federal character to the statistics from that state.

## YEGGMEN CRACK SAFE FOR SUM OF 55 CENTS.

Experts Give Time to Difficult and Are Disgusted With Their Find.

Greensboro, May 27.—The safe in the establishment of Balance and company, wholesale confectionary dealers, located on South Davis street in the heart of the wholesale district, was blown open about 2:30 o'clock yesterday morning but the burglars got absolutely nothing, other than practice and excitement, for their pains. The safe, a very small one, was within three feet of a large plate glass window and so expert in the use of nitroglycerine were the cracksmen that the window was left intact and nothing about the safe except the door, which was peeled upward as though cut with a can opener, was damaged by the explosion.

When the proprietors arrived to open the establishment yesterday morning, the front door was standing ajar and there was a hole in the glass in the door, the intruder or intruders evidently breaking this in order to gain entrance to the store. Just 55 cents had been left in the safe over night, together with some papers that were practically worthless. An alarm clock placed on a desk about three feet from the safe had stopped at 2:30 o'clock and it was wound up it is presumed that the shock from the explosion caused it to stop.

There was one locked compartment in the safe, in which were the papers. The burglars never stopped to open this box in the store. It was pried out and taken about 100 yards away, where it was found badly battered yesterday morning and with the papers missing. The 55 cents, all the money in the safe, was left in the office. The burglars, not knowing that Balance and company never leave money in the safe, wasted quite a bit of "soup" and soap, and some time. The cracks around the door of the safe had been soaped and the explosive poured in. From the manner in which the door was blown off and by the way in which the nitroglycerine had been used, it was apparently the work of experts.

## INVIOABILITY OF THE AMERICANS.

Delegate Wants Two Continents Free From Enroachment.

Washington, May 25.—"Americans! Hands off, Europe!"

Those were the watch words of Dr. Santiano Triana, delegate from Columbia, in an address which stirred the Pan-American conference in session here today into a burst of patriotic frenzy.

"We Americans must be prepared to make the inviolability of our continent stronger each day," said Dr. Triana. "Let this nation make it manifest that none of them covet territory and that the borders of each must be considered sacred."

"We should say to territory nations you may come to us as citizens in equal multitudes, but not as conquerors."

Dr. Triana's suggestion that the United States and the Americans join in a union extending the Monroe doctrine was cheered for several minutes. The question accorded Dr. Triana rivalled that given President Wilson yesterday. Continuing, Dr. Triana declared that Columbia felt no ill will toward the United States because of the Panama incident.

"The past is dead. Let us live for

the future," he cried amid thunderous applause.

Mortimer Schiff, of the Schiff banking house of New York city, gave the delegates a keen insight into the banking and business methods of the United States and warned that this country was not yet in position to finance the world or even the hemisphere except to a limited extent.

He said that investors in this country were always hesitant about financing governments and suggested that when any South American government for business interests desired loans that they send a representative with full power to negotiate rather than trust the transaction to be mailed.

## PULLING THROUGH AT HOME.

The mighty dangers of the Deep—the air with foes alive;  
You almost hear the battle-blast and see the deadly "drive";  
The terror of the trenches—the peril of the foam;

But blessed is the peace we know: we're "pulling through" at Home.

Fields that feed the famished,  
Storehouse of a state,  
The loyal Land of Plenty  
And Love to keep the gate.The winds bear messages of woe and lessons grim impart,  
The world is sorrow-stricken, with wild and wounded heart;And shaken are the thrones of kings from sea to mountain dome,  
But here we dwell where all is well: we're "pulling through" at Home.They load the rumbling wagons,  
And whistle to the teams;  
In the violet meadows  
Shine the Maytime dreams.We're "pulling through" from hilltops to shimmering leagues of sea;  
Above the Land of Promise the old flag's waving free:The wine of life is sparkling—the honey's in the comb,  
The freedom of the bright light! We're "pulling through" at Home.Joy O life to bless us,  
Ever hope in view,  
And faith to preach Love's heaven  
When our dreams come true,  
—Frank L. Stanton.

## HE WOULD BE MODERATE.

"Well, Uncle Si," said the Podunk postmaster to old Si Snyder, who had just sold a piece of coal land for \$40,000 and had also received an inheritance of \$25,000 from a brother in the West. "I reckon that you will be flying pretty high now, huh? Prob'ly be going off to Europe with your wife or building you a modern mansion, huh?"

"No, I ain't callatin' on anything o' that sort, Joel," said Uncle Si. "I allus was one o' the mod'rate kind an' you can't learn an old dog new tricks, so I lot on bein' mod'rate still. O' course I shall feel a little more free to spend money, an' I mean to git me one o' those pocket knives with six kinds of tools all in one; I've allus wanted one an' now I mean to have it. Then I callate on throwin' a bay-winder cut in the settin'-room o' my house, an' my wife an' me count on going down to Boston first time there's another excursion with the round-trip tickets down to two dollars. I mean to be mod'rate, Joel, no matter if I am right well fixed now."

That "contemptuous little British army" that the Kaiser was going to blow off the earth, has a way of multiplying itself.

## AN AFFIDAVIT FROM MRS. FRANK IS READY.

She Details Husband's Movements on Day of Mary Phagan's Murder.

Atlanta, Ga., May 26.—An affidavit by Mrs. Leo M. Frank, detailing what she knows of her husband's movements and actions on the day of Mary Phagan's murder, will be presented before the state prison commission at the hearing here next Monday on Frank's application for commutation of the death sentence to life imprisonment. Mrs. Frank was not permitted under the state law to testify at the trial. Frank also will be tendered as a witness by his counsel, but whether he will be heard or not, will depend upon the commission's ruling.

This information was given out today by former Congressman W. M. Howard, who will have charge of Frank's petition.

While the state law does not permit a person on trial for murder to be examined under oath, it provides that he may make a statement to the jury. Before the case closed Frank made a detailed statement to the court in which he declared his innocence. When asked today if the prisoner would be heard a member of the commission stated that no applicant for a pardon or commutation ever had been allowed to appear in such proceedings and he was not prepared to say whether the precedent would be broken in Frank's case.

Efforts are being made on behalf of Frank to induce a majority of the jurors who convicted him to sign a clemency petition. Another movement urging clemency is under way among the ministers of Atlanta.

Another development in connection with the Frank case which attracted interest today was a report submitted to Governor Slaton and the prison commission by Albert S. Osborn, a handwriting expert of New York, in which Osborn declared his belief that

Frank had nothing to do with the "murder notes" found beside the body of the Phagan girl. James Conley, a negro, testified at the trial that he wrote these notes at Frank's dictation.

## EASY!

Some time ago a party named Jones was rambling along the boulevard when he met a friend. Immediately he clutched the friend's hand in a cordial grasp and patted him on the back.

"Just the man I wanted to see!" he effusively exclaimed, "I am a little short and want to propound to you a sum in mental arithmetic."

"All right, old fellow," good naturedly smiled the friend. "Let her slide."

"Well, then," responded the other, suggestively, "suppose you had \$10 in your pocket and I asked you for \$5, how much would you have left?" "That's an easy one," was the quick rejoinder of the friend. "I would have \$10."—Philadelphia Telegraph.

## YOUNG MAN ATTEMPTS LIFE.

Illness And Despondency Cause Attempt at Death—Wounds Not Serious—Taken to Mercy Hospital.

Durham, May 28.—Despondent from continued illness from pellagra, Mr. Dock Warren, a young man of No. 206 Lyon street, yesterday evening about 7 o'clock attempted suicide by cutting his throat with a knife. He was foiled in the attempt by members of his family who were near, although the self-inflicted injuries were not serious.

## PRISON BOARD DOESN'T ACT.

Florence, Ariz., May 27.—Without taking action in the case of the five men condemned to die tomorrow the state board of pardons and paroles at a meeting here tonight adjourned until tomorrow. Attorneys representing the opponents of capital punishment left immediately for Tucson to file habeas corpus petitions in the United States district court.

Austin, Texas, May 24.—The lower house of the Texas Legislature today adopted by unanimous vote a resolution asking the Governor of Georgia to commute the sentence of Leo M. Frank.

## CONDITIONS MUST CEASE IN MEXICO.

President Wilson to Serve Notice That Hostilities are Intolerable.

Demand Will Be Made That Warring Elements Held Responsible for Afflictions: Fed Starving Population or Else Cease Hostilities; Military Fairs as They Are.

Washington, D. C., May 28.—President Wilson has decided to serve notice on the warring factions in Mexico that conditions in that country have become intolerable and that unless they themselves compose the situation soon, some other means may have to be employed to accomplish the result.

The first intimation of the President taking this step came in an appeal issued from the head of the American Red Cross setting forth that "due to several years of internal disturbances in many parts of Mexico, have reduced the people to the verge of starvation," and urging contributions to relief funds.

## WAS THERE WITH THE CROWD.

Mill Manager's Condemnation of Game of Football Was evidently Largely for Effect.

A deputation waited upon a typical Lancashire mill manager with a request that he should "shut down" on the afternoon of the match. They did not come twiddling their caps in the old-fashioned way, but walked boldly into his office and laid the case straight before him. He was mightily indignant.

"What! Close the mill for a football match? Whatever the world coming to?" he queried, in the curt way of Lancashire mill managers. "What'll happen if I refuse?"

It seemed that the only thing that wouldn't happen was the postponement of the match. The manager embarked upon a vigorous denunciation of the game, and its dangerous trend in the direction of interfering with business, empire, universe. But he gave in. When the deputation had gone he turned to his clerk.

"I'll have to be mighty careful none of 'em sees me there," he observed. "But I'm hanged if I'm going to waste my ticket for anybody. Who d'ye think'll win?"—London Tit-Bits.

## REVENUE OFFICERS CAPTURE "APPLES."

Box Labelled "Beer" Found to Contain Liquor; Barrel of "Apples" in Durham Also Hid Liquor.

Duties in connection with Federal court did not keep Deputy Collectors H. G. Gulley and R. B. Lienster and W. A. Smith from raiding for liquor yesterday and as a result of their activities in Raleigh and Durham these officers captured about 108 point bottles of liquor.

The first raid was made in Raleigh at the Southern Express warehouse and there they seized a box marked beer. Upon opening it the officers found 48 bottles of good old booze. The shipment was consigned a "cemetery" person.

Later in the day the officers took a journey to Durham having received information that there was something doing in the Bull City, and upon visiting the Seaboard freight depot found a barrel labelled "apples". An investigation of the contents found about a bushel of the fruit and 60 bottles of liquor.

The liquor will be destroyed by the United States Government.

## LEND NAMES TO BOOZE BUYERS.

Ladies of Durham Will Make War on Practice by Which the Provisions of The Grier Law Are Evaded.

If you are a gentleman, a man with responsibilities and a sense of right and wrong, you don't let the blind tigers or liquor dealers of the city use your name for the purpose of ordering intoxicating spirits.

At any rate this is the way several ladies organizations of the city intend putting it up of the men and it is very possible that the ladies will shun any man who is known to allow his name to be used. It is a known fact that if a man is reported as lending his name, the ladies will ostracise him and so far as they are concerned make him an outcast.

Seeing the good of the Grier quart law, the ladies organizations have become active and intend seeing if they can't do something to make it more effective. To begin with, they wish to warn men of the city against giving their consent to some person to order beer or liquor in their names every fifteen days. Also to ask citizens to investigate and ascertain if their names have been used in the past.

The good ladies of the city are out in a campaign against any kind of liquor traffic, and there is no doubt but that they will do much toward relieving the blind tigers of their supplies.—Durham Sun.

## HAVE PLENTY DYE STUFF.

Durham Hosiery Mill Contracts With Buffalo Company For Supply of Dyes to Last Twelve Months—Pays Little Higher Price.

It was announced late yesterday afternoon that the Durham Hosiery Mill Company had given a contract to a Buffalo concern for dyestuff enough to last at least twelve months. The contract calls for the delivery of the dyes right along and there is now no further danger of the hosiery mills in this city closing on account of scarcity of dye stuffs.

The new dye stuff will cost the local mill some little more than the supply formerly secured from Germany, but this was expected on account of the industry being new in the United States. The local company officials are greatly pleased over the contract and believe that aware of manufacturing prosperity is sure to come.

During the scarcity of dye stuff the Durham Hosiery Mill Company has managed to keep a little dye on hand and has never had to close down on account of not having any. It is thought, however, that if the present contract had not been made the mill would have found itself embarrassed in this particular.—Durham Sun.

The sinking of British ships and the advance of the Italians into Austria seem to have been the standard items of war news the past few days.

## THE CONVERTED DANCER.

A faithful pastor of a small flock once met a young lady, an acquaintance of his, on the street, as she was on her way to have a dress made for a ball. He frankly asked her her mission, and she frankly told him.

"I wish," he said, "you were a Christian, that you would forsake all these frivolities and learn to live as a child of God."

With a scornful turn of the head, the reply came: "I wish you would attend to your business, sir. Good-day."

The young lady went to the ball and danced all night. She went home, and when her head was at rest upon her pillow, conscience began to do its work. She thought of how she had insulted the worthy pastor, who had spoken such kind words of warning to her, and who was perhaps the best friend she had on earth. This torment of conscience was kept up for three days, until at last she could endure it no longer. Going to the pastor's study she told him how sorry she was that she had said words that caused his heart to ache. "I have been the most miserable girl in the world," she said, "for the past three days, and now I want to be a Christian; what must I do to be saved?"

The old pastor, his heart full of sympathy and love for the poor sinner, pointed her to the Lamb of God, and told her that she must come to Jesus just as she was. "What!" said the girl, "just as I am; and I am one of the most wicked and sinful creatures in all the world? You surely do not mean to say that Jesus will accept me just as I am?" "I mean just that," was the pastor's reply. "Jesus wants you to come to Him just as you are. He himself says, 'Him that cometh to Me, I will in no wise cast out.'"

The young lady was Charlotte Elliot. She went home and retired to the solitude of her room. Kneeling beside her bed, she prayed to Jesus to take her, just as she was. Reaching to the chair that stood by the bed she took a piece of paper and a pencil, which happened to be there, and wrote the verses of that hymn so dear to the heart of every true Christian: Just as I am, without one plea, But that Thy blood was shed for me, And that Thou bidst me come to Thee, O Lamb of God, I come, I come.

## WILL TAKE NO CHANCES.

Tax Listers Busy and Indications Are That Thousand Names Will Be Added to the Tax Duplicate.

The Durham county tax listers continue to keep busy and it is expected that there will be a rush for the listing table Saturday and next Monday. There are only three more days left for listing and already the number of new names on the books amounts to several hundred. The indications are that before the conclusion of the listing more than one thousand new names will have been added.

The only reason for the rush advanced by the officials and listers is that the indicted citizens of last week do not care to take the same chances in 1916 that they did in 1915.

## MAJESTIC ANNOUNCED.

London, May 27.—The torpedoing and sinking of the British battleship Majestic is announced by the admiralty in the following statement:

"An enemy submarine torpedoes and sank H. M. S. Majestic, Capt. H. F. G. Talbot, this morning while it was supporting the army on the Gallipoli peninsula.

Nearly all of the officers and men were saved."

## FRENCH LINER IS ASHORE.

Nantes, France, May 28.—The steamer Champagne of the French Trans-Atlantic line is ashore near Nazanre. She is badly damaged. The nine hundred persons who were aboard have been taken off.

This is a pretty good time to throw a monkey wrench into these German submarines.

## DATES SET FOR TWO TO DIE.

Governor Craig Fixes July 2 For Execution of Charles Trull and July 9 For Abe Allison.

Governor Craig has set the dates for two electrocutions, Charles Trull, the Mecklenburg murderer, is to be executed July 2, and Abe Allison, the Iredell county burglar, is sentenced to die on July 9.

Both cases were recently argued and although each conviction was the result of purely circumstantial evidence neither court nor the governor could find anything upon which there could have been any doubt.

Trull's case is one of the most notable ones tried in the state courts in years. He was an employee of a well known Charlotte business concern and lost his position. Having no money he was a frequent borrower and became so much in need that he could not pay his board. From this extreme poverty he jumped in a few hours to the possession of \$417.50.

In the meantime an old merchant named Swain had been found dead. Blood on Trull's clothes and an overheard conversation between him and another young fellow led to Trull's arrest. He was not able to give any sort of explanation of his money.

The new trial was sought on the ground of Trull's being asleep during the charge of Judge Shaw, but the court found that he had smuggled "dope" or had taken it voluntarily. Then the jury was said to have read the newspapers but the court held this no prejudice to the defendant's privileges.

Allison is a negro who is charged with committing the burglary in an effort to gain admission to a home to perpetrate another felony.

## CALOMEL DYNAMITES YOUR LIVER! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tonic" Starts Your Liver Better Than Calomel and You Don't Lose a Day's Work

Liven up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work.

Calomel is mercury, or quicksilver, which causes necrosis of the bones. Calomel craters into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver

Tonic tonight. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tonic under my personal money-back guarantee that each spoonful will cleanse your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine; your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tonic is entirely vegetable, therefore harmless and can be salivated. Give it to your children. Millions of people are using Dodson's Liver Tonic instead of dangerous calomel now. Your druggist will tell you that the sale of Calomel is almost stopped entirely here.

## WEST DURHAM VISITED AGAIN.

Robbers Visit Suburb Second Time in Two Weeks and Get Away With Goods and Small Amount of Cash.

Robbers for the second time in the last two weeks last night entered the grocery store of the Baxter-Jones Company in West Durham and made a haul. The proprietors of the store were this morning unable to ascertain the exact loss, but believe that a large amount of goods was stolen. There was only a small amount of change in the cash register and the cash loss was small.

The robbers entered by breaking out the front door glass and evidently made their exit in the same manner. This is the third time recently that the store, which is centrally located in West Durham, has been entered. No clues were left and the officers have been unable to make any arrests.

## GUN FIRE SINKS BRITISH SHIP.

Penzance, Eng., May 28.—The British steamer Cadeby was sunk off the Scilly Isles yesterday by gun fire from a German submarine. Her crew of eighteen and her four passengers took to the boats and later were rescued by a fishing boat and brought to Newlyn.

## CONSTIPATION CURED OVERNIGHT.

A small dose of Po-Do-Lax tonight and you enjoy a full, free, easy bowel movement in the morning. No griping, for Po-Do-Lax is Podophyllin (May Apple) without the gripe. Po-Do-Lax corrects the cause of Constipation by arousing the Liver, increasing the flow of bile. Bile is Nature's antiseptic in the bowels. With proper amount of bile, digestion in bowels is perfect. No gas, no fermentation, no Constipation. Don't be sick, nervous, irritable. Get a bottle of Po-Do-Lax from your Druggist now and cure your Constipation overnight.

## FROST IN THE LAKE REGIONS.

Washington, May 27.—Killing frost throughout the lake region and the Middle Atlantic states broke May weather records of many years last night.

Reports to the weather bureau indicate heavy damage to fruits and vegetables. While frost is probable again tonight in the lower lake region, for New England and the Middle Atlantic states warmer weather is promised Friday.

We'd be glad to have Doc Cook climb to the top of Mt. Everest if he would only stay there.
