

THE TWICE-A-WEEK DISPATCH

A PROGRESSIVE REPUBLICAN NEWSPAPER DEVOTED TO THE UPBUILDING OF AMERICAN HOMES AND AMERICAN INDUSTRIES.

BURLINGTON, ALAMANCE COUNTY, NORTH CAROLINA, TUESDAY, JULY 13, 1915.

REPUBLICANS SCORE HEAVILY IN ELECTION HEARING AT ASHBORO

Compromise Effects Relative To the Offices.

REPUBLICANS TO GET TWO

They Annex Clerk of the Court And Chairman of Board of County Commissioners.

THEY GET NO BACK PAY

Elements of Humor Not Lacking at the Hearing—Amendment Votes Found and Actually Counted, but Were Put in Spittoon.

Asheboro, July 9.—An agreement was reached at 10:30 o'clock tonight between the Republicans and the Democrats in the famous Randolph county election contest case...

Each party by the terms of the agreement are to pay their witnesses and their part of the referee's and stenographer's expenses.

There is to be no disturbance of the emoluments of the offices which are to change hands. The Democrats will retain what fees have accrued to date and the incoming Republicans will take the fees and salaries from now on to the end of the terms.

It is understood that the offer of compromise came from the Democrats it being understood that the Democratic clerk did not particularly care for the salary and the Democratic incumbent of the chairmanship of the board did not care for the office...

Republican plaintiffs in the Randolph county election contest, designed to establish the title to three county offices, today presented witnesses who swore to ballot-box stuffing and to a preconceived plan to pilfer the county office from them.

Of course the Republican sympathizers are delighted with their showing the last two days. They think their attack daily grows stronger and that they may be able to conclude their testimony in the fine climax.

Just a little more asperity among the fraternity has come out yesterday and today. Both sides have filed their bill of particulars and had been ordered by the court to adhere to them.

Referee Guthrie was ill last night and called a doctor. There was nothing serious and he sought medical service in the superabundance of caution.

In the testimony today the elements of humor have not been absent. One box has been found in which amendment votes were cast and actually counted. But these ballots, when counted, were stuffed into a spittoon.

The Republicans pay tribute to the ingenuity and originality of the Democrats, but today they are presenting a new phase of compliment. The minority, if indeed it admits minority, now declares that the Randolph Democracy has become so arrogant and untimely that it not only robs the Republicans openly but announces its plans ahead.

The hearing opened today on continued cases of alleged fraud not confined to New Market or Cedar Grove townships.

J. T. Powers, Republican pollholder of Pleasant Grove, gave evidence as to Moses Welch's voting the Democratic ticket. Welch had been challenged.

J. R. Freeman, challenged for not having paid poll tax, presented his

birth record and claimed majority, after listing time.

W. G. Kinney, a Republican pollholder in Cedar Grove, told how Charley Kerns, a pollholder, tampered with a ballot which the witness was sure he identified as a Republican paper.

J. T. Cooper, a Cedar Grove voter, made one of the most entertaining witnesses during the whole week. No testifier yet introduced has been able to put such theatricalism in his narrative.

B. L. Kerns, the pollholder, he said, sat astride the ballot box and when the count was made, Kerns took out the ballots and handed them to the witness. "The first 19 votes were Republicans," he said, "and somebody said 'it's a Republican mud slide.'"

The witnesses did not offer to tell what appeared to be the purpose of Kerns in opening Republican ballots and holding them in his hand while the count went on. They could not tell that but the inference, of course, is that this was just another of the devices for the practice of fraud which the Democrats were using.

Several witnesses related substantially the same evidence as to this phase of the election and the testimony was then carried to some of the alleged fraudulent voters of the Democracy.

W. A. Cox, R. H. Freeman and John C. Pool gave some testimony as to Ben Kerns. Mr. Pool said Kerns told him "we are going to have this election if we have to steal it."

Mr. Guthrie asked the witness if it did not strike him as strange that any man who was preparing to steal an election should be telling everybody about it. The witness said he did but all agreed that Kerns was not joking.

O. B. Thornburg testified that George Briles, a Democrat who voted in this election, had told Thornburg that Briles had not paid his poll tax and would not be allowed to vote.

C. T. Younts, of Tabernacle township, a Democrat who says he did not vote in the 1914 election started a hubbub among the faithful when he related an alleged conversation with Democratic Chairman T. J. Finch.

"We had been to a funeral," he said, "and he asked me how things were. I told him that if Hughes ran everywhere like he is going to do in my township, he would beat Birkhead. He said that if three-fourths of the Randolph county voters voted for him, Hughes wouldn't get the office and you know he wouldn't."

Mr. Hammer asked if Finch was not joking. The witness did not know. "Mr. Hughes is an uncle of my wife," the witness continued, "and Mr. Finch knows that?" Mr. Hammer put in.

"Mr. Finch has admitted saying it," the witness went on. "He asked me what I came here to testify and I told him about what he said. He said, 'I guess I said it.'"

D. J. Kamp, W. R. Brown and R. C. Craven then told how they took down their receivers and heard "Doc" Pugh and D. B. McCrary discussing the election the night of the election.

McCrary was at Democratic headquarters and Pugh called him up to inquire into the result of the election. "Mr. McCrary said the Republicans are a little ahead now," the witness said, "and I told him I reckoned they would be a little ahead at the close."

Mr. Pugh and Mr. McCrary "is that the way you do it?" and Mr. McCrary said, "that's the way we do it." District Attorney Hammer could not repress his capacious smile and in the general laugh the courtroom now greatly diminished in its occupants.

The former solicitor later had his spat with G. I. McPherson. This witness was not a star for the plaintiffs but was good at getting information out despite the prohibition of the records. He had been a Democrat "and hope Mr. Hammer a good deal," he said. He had been in trouble. Mr. Hammer a good deal," he said. He had been in trouble. Mr. Hammer was cross-examining him about a challenged voter now in controversy and asked him if he had not been intimidating Democrats, McPherson said not.

"Well, you have been indicted for it and convicted?" he asked the witness. "I was and am fined \$50," McPherson said. Mr. Hammer asked him about other troubles, difficulty of staying on good terms with Republicans or Democrats, all parties aschewing him.

"Well, me and several others was charged with fighting with knives and sticks and you was solicitor, and because we were Democrats you wouldn't prosecute us," the fellow said.

Judge Guthrie had this and all other similar testimony stricken out, Mr. Hammer charging the witness with wilful falsehood.

The afternoon session began with the examination of some witnesses who told how certain Republican and Democratic challenged voters did vote. C. W. Brown, a Republican pollholder in Richland township, was next examined. He told how all of the men voted but said he watched the Republicans a little more closely than he did the Democrats.

His cross-examination won the Democrats smile. The defense charges that at this box bribery was practiced, or attempted, and that Mr. Brown gave the sign to Republicans on the outside. The witness repeatedly declared that he did not know whether he had any agreement or understanding on the outside with anybody. "They had me so I couldn't make any sign if I tried," he said. "Witness," Mr. Hammer said "you know what I am after. You

know there were attempts at bribery out there, and that you were a party to them."

Judge Bynum came up in a warm reply. "There ought not to be permitted in a court of justice," the judge said, and Mr. Hammer insisted that the judge misquoted him. The Greensboro lawyer made his manners to the Asheboro man. The Democrats were trying to get into the record the evidence that witnesses were bought and upon Mr. Brown's "sign" they were to depend for knowledge as to whether they had remained "bought."

**CALOMEL IS MERCURY! IT SICKENS!
ACTS ON LIVER LIKE DYNAMITE**

**"Dodson's Liver Tone" Sinks Your Liver
Better Than Calomel and Quinine
Salubrious of Make You Sick.**

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crumbles into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated, if you have headache, dizziness, coated tongue, if breath is bad or stomach sour, use take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful to-night and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the bile of calomel because it is real liver medicine; entirely vegetable, therefore it can not siltivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

SIGHT OF LOVED ONE BRINGS LIFE.

**Girl Dying of Broken Heart at Lover's
Coldness Leaves Hospital When
He Appears.**

Three days ago Miss Josephine McIntyre was brought to the Methodist hospital, from her home at Howard, Pa., suffering from a nervous breakdown. Her father, Dr. O. W. McIntyre, said her trouble was caused by a broken heart, and that he had asked the man who once loved her, but who since has forsaken her for another, to visit her in the sick room. Yesterday, it was said at the hospital, the young man came there, and an affecting scene took place at the bedside. Several hours later, according to officials at the institution, the patient, who was declared by her father to be dying, left the hospital with the man for whom she had pined.

The story of the romance goes back more than five years to the little up-State town, twelve miles above Bellefonte, where the McIntyres live. The physician's daughter was one of the popular belles of Howard. Among those who wooed her was a professor of the Pennsylvania State College. Frequently he would drive over from the college to call upon Miss McIntyre. A news dispatch received here yesterday stated that she returned the love of the young teacher and that they became engaged to marry.

The man was Paul H. Bennitch, Dr. McIntyre said yesterday that Mr. Bennitch had been engaged to his daughter for five years. Then he was appointed to a post as director of the County Farm Board, at Newton, N. J. He moved to Newton, and there, as the story goes, he fell in love with another young woman.

The failure of her lover to continue his former attentions grieved Miss McIntyre. She hoped and hoped that he would return to her, and prolonged grief soon wasted her body. She became thin and pale, and life had apparently lost its interest for her.

At last the doctor decided to bring his daughter here in the hope that she might improve. She was given into the care of Dr. Geo. W. Outerbridge, of 240 Chestnut Street.

Dr. McIntyre then decided to go to Newton, about twenty-five miles northwest of Morristown, to see Mr. Bennitch. A dispatch from Newton yesterday stated that he begged Mr. Bennitch to visit his daughter, and told him that she was dying of a broken heart. The doctor stated that Bennitch replied he would go to see Miss McIntyre if he could find time. In Newton it is rumored that Bennitch is engaged to Miss Elva Straley, an attractive young woman of that place.

Apparently, Bennitch did find time, for it was admitted at the hospital

that he had paid her a visit there, and despite the statement of her father that she was dying, that she was able to walk out of the building with him.

Dr. Outerbridge said yesterday that the girl's father had brought her here to have him determine whether an operation was advisable. Dr. Outerbridge declared that she was suffering from nervousness and anaemia and that there was no need for an operation.

Neither Dr. McIntyre, his daughter nor Mr. Bennitch could be reached in this city yesterday and no information could be had as to their plans.

HOW DOES THIS APPEAL TO YOU?

"You have taken back the promise That you spoke so long ago Taken back the heart you gave me I must even let it go Where love once has breathed, pride dieth

So I struggled, but in vain First to keep the links together Then to piece the broken chain But it might not be so freely All your friendship I restore And the heart that I had taken As my own forever more But I will not have you fancy That I count myself as free I am bound by that old promise What can break the golden chain Not even the words that you have spoken

Or the sharpness of my pain Do you think because you fail me And draw back your hand today That from out the heart I gave you My strong love can fade away It will live no eyes may see it In my soul it will lie deep Hidden from all but I shall feel it Stirring often in its sleep So remember that the friendship Which you now think poor and vain Will endure in hope and patience Till you ask for it again Perhaps in some long twilight hour Like those we have known of old When past shadows gather round you And your present friends grow cold You will stretch your hands out toward me Ah! you will, I know not when I shall reserve my love and keep it Faithfully for you till then!

WELL, HARDLY!

"The train struck the man, did it not?" asked the lawyer of the engineer at the trial. "It did, sir," said the engineer. "Was the man on the track, sir?" thundered the lawyer. "On the track?" asked the engineer. "Of course he was. No engineer worthy of his job would run his train into the woods after a man, sir." Ladies' Home Journal.

RACE IN HIS OWN TONGUE.

A haze on the horizon,
The infinite, tender sky,
The ripe, rich tint of the corn fields,
And the wild geese sailing high;
And all over upland and lowland
The charm of the goldfinch;
Some of us call it Autumn,
And others call it God.

A fire mist and a planet,
A crystal and a cell,
A jellyfish and a nautilus,
And caves where the cave man dwelt;
Then a sense of law and beauty
And a face turned from the clod;
Some call it Evolution,
And others call it God.

Like tides on a crescent sea beach,
When the moon is new and thin,
Into our hearts high yearnings
Come dwelling and surging in;
Come from the mystic ocean,
Whose rim no foot has trod;
Some of us call it Longing,
And others call it God.

A picket frozen on duty,
A mother starved for her brood;
Socrates drinking the hemlock,
And Jesus on the rood,
And millions who humbled and nameless,
The straight, hard pathway trod—
Some call it Consecration,
And others call it God.

A TRIFLE LAZY.

(Pittsburgh Chronicle Telegraph).
A lawsuit was recently in full swing, and during its progress a witness was cross-examined as to the habits and conduct of the defendant.

"Has Mr. March a reputation for being abnormally lazy" asked counsel briskly.

"Well, sir, it's this way—"
"Will you kindly answer the question asked?" struck in the irascible lawyer.

"Well, sir, I was going to say it's this way. I don't want to do the gentleman in question any injustice, and I won't go so far as to say, sir, that he's lazy, exactly, but if it required any voluntary work on his part to digest his food—why, he'd die from lack of nourishment, sir."

**Constipation, if Neglected,
Causes Serious Illness**

Constipation, if neglected, leads to almost innumerable complications affecting the general health. Many cases of typhoid fever, appendicitis and other severe diseases are traceable to prolonged clogging of the bowels. Regarding the effects of constipation, C. E. Ayers, 6 Sebin St., Montpelier, Vt., says: "I was afflicted with constipation and biliousness for years, and at times became so bad I would become unconscious. I have been found in that condition many times. Physicians did not seem to be able to do me any good. I would become weak and for days at a time could do no work. Not long ago I got a box of Dr. Miles' Laxative Tablets, and after using them found I had never tried anything that acted in such a mild and effective manner. I believe I have at last found the remedy that cures my case."

Thousands of people are sufferers from habitual constipation and while possibly reaching something of the danger of this condition, yet neglect too long to employ proper curative measures until serious illness often results. The advice of all physicians is, "Keep your bowels clean," and it's good advice. Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory, your money is returned. MILES MEDICAL CO., Elkhart, Ind.

TERRIBLE THREAT.

(Pittsburgh Chronicle Telegraph)
In a little Tennessee town lived a justice of peace who had been re-elected for many terms, although he was the only Republican in the district. At last, one campaign when political excitement was high, it was determined to oust him and put in a Democrat.

The Republican was frightened. Then he received upon a bold plan. The election was held in an old distillery, and before a vote was cast the justice of the peace announced his intention of making a speech. "Fellow citizens," he said from the top of a barrel "I've been justice of the peace here goin' on 20 years, an' a good many times I've saved many of you from goin' to the penitentiary, an' now you're tryin' to put me out of office. But I just want to tell you something. I've got the constitution and the laws of the state of Tennessee in my pocket, and just as sure as you turn me out of office I'll burn 'em up—blame me, if I don't—and you may all go to ruin together."

LEAVES BRIDE OF A DAY. GOES TO LAND OF SERBIA.

(Philadelphia North American.)
Dr. Ralph H. Luikart, of this city, and Miss Marie Ryon, daughter of W. M. W. Ryon, a lawyer in Shamokin, Pa., were married in New York yesterday. Today Doctor Luikart, who was graduated a few days ago from the University of Pennsylvania, will sail for Serbia, to enlist in the fight against typhus fever.

The two had been engaged two years, and when Doctor Luikart volunteered for hospital work in Serbia, they decided to wed before he sailed. Only a few friends were let into the secret.

HE WANTED MONEY.

The magnate looked up impatiently from his work, relates the Cleveland Plain Dealer.

"Well, my good man," he snapped at the different and rural looking visitor who stood twirling his rusty hat; "what can I do for you? Talk fast, please—my time is valuable."

"I guess you don't remember me, Hank," faltered the caller.

The money king frowned as he heard the old name, by which none had dared to address him for years. "You an' me useter go swimmin' together in the ol' town," went on the rustic. "We was boys together, an' in putty much the same circumstances. Your dad an' my dad—"

"Yes, yes," interrupted the Crossus, impatiently.

"Well, you got a job in th' bank, an' I got a job in th' grocery store. That made all the difference."

"This is all very—or—interesting, but get to the point. I seem to remember your face, but—"

"Yes, Hank. You got a better start, an' left the old village. But I kep' a pluggin' along in th' grocery store. It was purty hard to make both ends meet, an'—"

"Well—well? I see—same old story. You want money, I suppose, and—"

"You always was a smart one, Hank. When you left the village, you owed \$87.62 on a grocery bill. Here's where you come across, you durned old skindint."

**DAY'S DEVELOPMENTS IN
THAW SANITY TRIAL.**

State wants commission to examine Charles W. Elliot, President emeritus of Harvard, on Thaw's dismissal from that university.

"I don't care what the prosecutor asks me, he can go as far as he likes," Thaw says.

Hotelman swears that in ten months Thaw lived at his place he never entered the bar nor had a drink served in his room.

Insurance man testifies Thaw showed on fishing trip he had no "yellow streak."

Reporter declares Thaw of today is much different man from Thaw of 9 years ago—"absolutely rational."

Many others testify Thaw is sane. Sheriff of Coos County, N. H., declares he "lived, ate and slept with" Thaw 16 months and never saw anything that indicated he was not rational.

"FLANDERS."

Under the lee of the little wood
I'm sitting in the sun;
What will be done in Flanders
Before the day be done?

Under my feet the springing blades
Are green as green can be;
It's the bloody clay of Flanders
That keeps them green for me.

Above beyond the larches,
The sky is very blue;
"It's the smoke of hell in Flanders
That leaves the sun for you."

By nests in the blossoming elm tree
The wise rooks rock on bough,
What blasts of hell in Flanders
Rive the bare branches now?

ELON COLLEGE NOTES.

The Commencement Number of the College Bulletin appeared a week ago. Five thousand copies have been mailed to interested friends and young people. This bulletin is noteworthy as containing the full-text of President Fairfax Harrison's great literary address given at the commencement just closed. President Harrison in this address makes solid argument for thorough general education and deplors too early specialization as hurtful. He regards the South's greatest asset as her sons and daughters properly educated.

There is a prospect that the Piedmont Railway and Electric Company will come to Elon College, the College agreeing to sell its town lighting system to them. This will be a distinct gain for the town, because power can be had for manufacturing. The College lighting plant is already taxed to its full capacity. This will eventually mean the extension of the inter-urban electric car lines to Elon.

The Sunday School and Christian Endeavor Convention of the North Carolina and Virginia Conference is to meet in 89th session her July 13-15. A full array of fine addresses is promised.

First & Only Submarine Motion Pictures.

SPECIAL ANNOUNCEMENT TO SCHOOL TEACHERS

Indorsed by All Colleges and Public School Superintendents.

We take pleasure in invitation you to be our guest of the Theatre mentioned below, to see the most wonderful motion photographs which have ever been taken—THE WILLIAM SUBMARINE MOTION PICTURES. We invite you to attend and let us take you to an amazing trip on the bottom of the ocean, nearly one hundred miles from Nassau to Old Salvador, where Columbus first set foot on this continent.

In this film you will see the beautiful and startling wonders of the deep—most of which no human eye—not even those of the deep-sea diver have ever seen before. The beautiful coral formations, the famous marine gardens; sponge fishing, divers exploring wrecks of sunken ships, the habits of fish, sharks fighting and a thrilling fight between a shark and a man are some of the hitherto unseen secrets of the ocean which will be flashed on the screen.

We want you to see these first and only submarine pictures because of their supreme educational value and because we believe that you will not hesitate, after you have seen them, to recommend them to the pupils and students under your charge. These pictures have been indorsed by the Smithsonian Institution at Washington, the American Philosophical Society of Philadelphia, the Museum of Natural History of New York and Prof. W. H. Maxwell, the head of the public schools of New York, who broke a rigid rule at his office, in allowing this wonderful film to receive publicity through the schools of that city.

This travelogue of adventure and discoveries at the bottom of the ocean is one that stirs the imagination and stimulates the mind as well as educating the brain.

Messrs. J. N. Aldridge and W. L. Miles of Union Ridge, are the fortunate possessors of an International Harvester 8-16 Mogul tractor recently purchased from the Coble-Bradshaw Company, the popular Burlington dealers.

This useful little machine has become widely known as the "small-farm tractor for all farm work." It is a tractor of the 4-wheel, general purpose type, which can be used for all plowing, seeding, harvesting, hauling, and for the running of all such machines as ensilage cutters, huskers and shredders, feed grinders, and other power machines in general use on North Carolina farms.

The owners expect to use it for all these purposes and to do with it, in the course of a year, a great deal of the work for which at present they are using horses.

While quite a number of our good people were at Church at Bethel a few Sundays ago, eight of them had their homes broken in to during services and quite a sum of money stolen.

If these good people had deposited their money in this Strong Bank, they would not have lost and it would have been drawing them interest besides. It is a dangerous thing to have money laying around the house. Better deposit it with us.
