HIGH INTEREST RATES HAVE BEEN CHARGED BY NATIONAL BANKS.

In Instances the Rate Went as High as 120 Per Cent.—100 Per Cent in Texas.

High Rates, However, Not Confined to South, for in the East and North and Far West as High as 50 Per Cent is Charged.

Raleigh, Sept. 20.—Facts concerning high interest rates being charged by national banks throughout the country...

"The comptroller of the currency," he said, "has information from sworn reports to his officers regarding the maximum and average interest rates charged by national banks throughout the United States."

"From the report of June 23, 1915, it appears that there are five national banks in Alabama whose maximum rates of interest averaged 26 per cent, and in another 34 per cent. In Arkansas one national bank admitted making a loan at a rate as high as 120 per cent, another one at 50 per cent, another at 60 per cent, and another at 25 per cent."

cent, another at 60 per cent, and another at 25 per cent.

"In Georgia there were 11 banks where the average maximum rate of interest was about 30 per cent. No bank in South Carolina admitted charging more than 15 per cent. In Texas a number of banks reported rates in excess of 100 per cent and many of them stated that their average rates on all loans were one per cent per month or more."

"These high rates, however, are not confined exclusively to the south for the reports show occasional rates of 50 per cent in the east and north as well as in the far west and south. Owing either to the rigid usury laws of North Carolina, or to the natural shrewdness of your citizens, the average interest rates in your state are lower than elsewhere in the south. While one bank in North Carolina admitted making a loan as high as 50 per cent its average rate on all loans was less than 6 1-2 per cent and the average for loans by all national banks in your state were slightly over 6 per cent."

GERMANY TURNS HER GUNS AGAINST SERBIA.

London, Sept. 20.—Although presumably Germany has her hands full in driving the Russians back, she has found men and guns to go to her allies' assistance against Serbia, and the German official communication announces that German guns have taken up the fight against the Serbian artillery across the Danube, and claims to have silenced it.

ROOSEVELT WILL BE IN 1916 RACE.

G. O. P. Men in Many States Are to Put Him in Primaries, Declares Chicago Tribune.

Chicago, Sept. 22.—The Tribune prints the following dispatch from its Washington bureau:

"Col. Theodore Roosevelt is a candidate for the republican nomination for president."

"While the colonel is having a bully time hunting up in Canada his lieutenants have perfected arrangements to place his name on the republican ballots in nearly every state possessing the direct primary system."

"The information reached Washington today from three sources not friendly to Roosevelt. The first news came from an organizer who has been scouring the west in the interest of the Weeks of Massachusetts boomlet. He came directly from Minnesota to Washington and sought a conference with the Burton of Ohio supporters. He says he has found indisputable evidence that Roosevelt's name is to go upon the republican primary ticket in Minnesota."

"Quickly following this a Burton emissary arrived from Montana. In that state, Burton has the support of the ablest of the old-time republicans. They are openly for him. But the Burton man, like the Weeks man, had discovered a movement to place Roosevelt's name on the primary ticket."

"The third report arrived in the shape of a letter stating that Roosevelt's name was to go upon the republican primary ballot in Washington and quoting Senator Wesley L. Jones of that state as saying the colonel would carry the Washington primary. With these reports came rumors that there is a revolt brewing among the young republicans of Indiana, who say they are tired of voting for Fairbanks and who threaten to back Roosevelt."

"In addition to all this, republican headquarters here has received word from New Hampshire to the effect that Roosevelt also is to have a place on the primary ticket in that state."

"The significance of all this lies in the fact that Minnesota, Indiana and New Hampshire are the first three states to hold a presidential primary next year."

"The Weeks traveling emissary, who brought the news from Minnesota, said there need be no hope that it is a false alarm. He was reminded that Col. Roosevelt is not a republican but a bull mooser."

"Say," he reported, "that doesn't cut any more ice among the republicans who are out to nominate him."

NINETY AND NINETY-ONE.

Among those attending the camp-meeting at Wesley's chapel Sunday were Mr. G. M. Yoder, aged 90 years, and Mr. Moses Abernethy, aged 91 years. They were schoolmates in 1833 and both are lively for their ages. Mr. Yoder said he followed the plow a little this year just to see if he could do it. Messrs. Yoder and Abernethy are enjoying life, and their friends say that they have more energy than lots of men thirty years younger.—Hickory Record.

CALOMEL DYNAMITES YOUR LIVER! MAKES YOU SICK AND SALIVATE

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and You Don't Lose a Day's Work

Live up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel craves into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping. Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver

Tone tonight. Your druggist or mail-order house will send you a 50 cent bottle of Dodson's Liver Tone under my personal guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it will make you sick. Dodson's Liver Tone is real medicine. You'll know it next morning because you will wake up feeling better. Your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular. Dodson's Liver Tone is entirely vegetable, therefore harmless and non-salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of Calomel is almost stopped entirely here.

STATE'S FIRST ACCIDENT FROM THE ANKLE WATCH.

Washington, N. C., Sept. 20.—What is probably the first accident in this State caused by the new fad of wearing watches on milady's ankle occurred in this city this morning. Miss Ruth Morrison was the victim. She is today suffering from a sprained ankle.

Miss Morrison left her home at about 9 o'clock this morning to do some shopping in the business section of town. It wasn't long before her fifty ankle adornment, in the shape of a cunning little watch, attracted both attention and comment. Miss Morrison, however, heeded neither.

In front of the Hotel Louise she met Miss Mabel Brown, a friend, and the two stopped on the sidewalk and engaged in conversation. Suddenly Miss Morrison remembered an engagement at the milliner's. "My dear," she exclaimed, "I'll have to go at once. I'm already late. Let me see what time it is."

Without thinking, she looked at her wrist but then remembered that the watch which had at one time adorned her arm was now encircling a different part of her anatomy. She thrust

out a dainty foot to see the time "by her ankle," but was unable to make out the hands. She discreetly raised the foot to see better, lost her balance and fell on the sidewalk. In doing so, the ankle was badly turned and her friend was obliged to carry her into the hotel, where they waited until a carriage could carry them to Miss Morrison's home. The ankle watch was smashed.

**COTTON 11c, ON RALEIGH MARKET.**

Staple Continues to Mount and Farmers and All Interested Are Feeling Good. Cotton reached 11 cents on the Raleigh market yesterday and farmers in this part of the country are in a happy frame of mind. The outlook is decidedly in favor of further advances although some cotton men seem of the opinion that the future is always uncertain and that the top limit has been reached. But calculated from the way the price has been soaring for the last few weeks there is thought to be more chances that the price will go still higher than there is that the reverse will be true. In this connection there is recalled the statement of Mr. W. P. G. Harding, member of the Federal Reserve Board, who in a speech to the annual meeting of the Raleigh Chamber of Commerce, said that 12 cents for cotton in the near future seems more probable than 10 cents did a month ago.

about putting up the machine for bond money, but the Durham county authorities did not take on to this idea very quickly. Agree is the more business-like and shrewder looking of the two. Whether there are any charges other than that of doing a real estate business in North Carolina without the proper credentials was unknown to the local officers. The man vigorously denied that they were engaged in the sale of "blue sky" as when that was suggested to by some. They claimed they were engaged in a legitimate business and their only trouble came through an ignorance of the demands of the North Carolina law regarding real estate agents.—Durham Herald.

**AERIAL LAMONTS.**

Ever anxious to offer the most newest and novel acts, regardless of cost or trouble, the management this season presents among the grand profusion of awe-inspiring marvels of the Robinson Famous Shows the incomparable Aerial Lamonts. Each and every member of this matchless troupe seemingly controls the law of gravitation in each of their many death-defying deeds of daring. Of them it may be truthfully said that they begin where all other aerialists stop, working on apparatus at the uppermost top of the huge canvas dome, and without a net or safeguard of any kind to meet them, those venturesome men and women execute their hair-raising stunts with the same unconcern the average person partakes of a dinner. Wherever seen they are proclaimed by press and public premiers of their dangerous profession. The Robinson Famous Shows will exhibit Saturday, September 25th, afternoon and evening, in Burlington, N. C., at which time show-goers of this vicinity will be afforded an opportunity of seeing this wonderful troupe. It is, however, only one of the several mighty feature acts to be placed on view by these shows, which do not now have nor never have had room for threadbare and worn-out numbers; imitators are never tolerated, and, as a result, every name upon the program of these shows is that of an originator in his or her respective line. It is because of all this that the Robinson Famous shows are today alone and unrivaled. It is evident that Russia intends to do some more shooting. It reported that capitalists at Cleveland and Canton, Ohio, have closed an \$80,000,000 contract to supply the Russian army with 3,000,000 rifles.

**SISTER FINDS BROTHER AFTER 55 YEARS ABSENCE.**

Toledo, O., Sept. 22.—After a separation of 55 years, Mrs. Helen McCullough, a widow, has located her brother, J. D. Bingham, at Kalamazoo, Mich., and has gone there to see him. The two became separated at the death of their parents, 55 years ago. Bingham was adopted by a Toledo family and his sister went to live with an uncle residing in Chicago. Both began a diligent hunt more than forty years ago to find the other. While riding in a street car here recently Mrs. McCullough met an old acquaintance who knew the family that adopted her brother.

**SENATOR OVERMAN ADVOCATE OF U. S. PREPAREDNESS AGAINST WAR.**

Salisbury Congressman Favors More Aeroplanes, Submarines, Fast Cruisers and Coast Defenses, But Not Many Battleships for Navy, Against Big Standing Army.

Washington, Sept. 2.—Senator and Mrs. Lee S. Overman came to Washington on a house-hunting mission today, and after inspecting a number of homes, are undecided whether to keep house or stay at a hotel during the next session of Congress.

Senator Overman expressed decided views on the question of national defense. He is in favor of an increase in aeroplanes, submarines, fast cruisers and coast defenses but is opposed to an increase in battleships or to a large standing army.

"I do not see any likelihood of any nation attacking the United States," he declared. "The European countries are carrying on all the warfare now that they are likely to desire for some time. However, I believe in a reasonable amount of preparedness at all times.

"I should like to see young men trained for military service to be kept on call in case they should be needed. I think this is the best possible sort of army defense."

**A NEW DRINK—"OLD HEN."**

Another concoction now being made for the thirsty inclined is called "Old Hen." It is not distilled like liquor but is made of corn meal, the same as corn liquor. The ingredients are one peck of meal, six pounds of brown sugar, four ounces of cayenne pepper and ten gallons of water. This is mixed together in a wash tub and set in the sun. It takes three weeks of "setting" before it is ripe enough to raise old scratch, but it will do it.—Chatham Record.

**LAND SELLERS WERE ARRESTED**

Had No License to Do Business in the State of North Carolina—Sold Florida Land—They Were Arrested on Warrants Sworn Out in Alamance County.

On a warrant that was sworn out by the Alamance county authorities J. C. Tibbetts and Howard Agee, two men of good appearance, were arrested by Sheriff Harward last night and sent back to Burlington to answer charges of selling real estate in the state without the proper state authority. The local officers understood that the land that was being sold was somewhere in Florida.

It seems that the two men have been working in Burlington for the past few weeks and had just left there, when they were tracked down by Mr. Scott, of the insurance department, which has supervision over this kind of business or at least furnishes the men to look into the official qualifications for doing the land office business in the state. The warrants were sworn out by Sheriff

Cook at the instance of Commissioner Young.

Little could be learned of the scheme of the men other than that they represented to North Carolina people that they had land to sell, showed the blue prints of the property and proceeded to sell when that could be done. Both men are very nice looking. They went to the Malbourne hotel and registered after arriving here in an automobile, which it was said belonged to Agee. They drove down in the big machine from Burlington and were followed pretty quickly by the warrants. The men were arrested pretty soon after they reached Durham.

Gibbins, according to some, has worked this in Durham. Before going into the business in which he is engaged at present he sold some kind of disinfectant. It was said he could have given bond in Durham, but Sheriff Harward did not want the bond money. That was up to the Alamance authorities, and the men were carried back on the 8 o'clock train. A bond of \$500 was fixed for each of the two men. Something was said

**JAMES BRADSHAW.**

Mebane, Sept. 25.—Special. Mr. James Bradshaw died suddenly Thursday afternoon near the home of his son on the Latham farm. He was in the tobacco field helping with the work, apparently as well as usual, when he fell. Death was due to heart failure, possibly brought on by taking too much exercise and getting too warm. He was 77 years old, a Confederate veteran and had been a member of Salem Methodist Protestant Church for many years. Several months ago he sold his farm near Salem Church, and came to live with his son, who is manager of the Latham farm. The funeral services

were conducted by Rev. W. E. Swain, and the interment was in the Salem Cemetery, Friday afternoon.  
 Best man, Jesse, with whom he lived, Mr. Bradshaw's only son, Charles of Greensboro, a single daughter, and another daughter, now Mrs. Jennings of Gibsonville.

CHEAP PAINT.

There are 1000 "cheap" paints and a dozen really cheap ones. That double word "cheap" is the cause of wasting more money than good paint costs, two or three times

over. Cheap paint is good paint; there is no other; no other is cheap. The two words sound alike but their meanings are opposite. "Cheap" costs double. Cheap is DEVOLVE.

MRS. ANDERSON PASSES.

Mrs. Virginia A. Anderson, of Alamance county, died Friday night at 12 o'clock at St. Leo's hospital, where she had been for seven weeks. The deceased was about ready to leave the hospital where she had received attention for a fractured hip when an attack of paralysis occurred, from which she never regained consciousness. The remains were carried to Burlington yesterday morning and from there through the country to the old home near Concord church. Funeral services will be held from Concord church this afternoon. A son, R. W. Anderson, of Altamahaw, accompanied the remains. Mrs. Anderson was slightly over 65 years of age. —Greensboro News.

PLACE OF H. S. HUFFINES ENTERED AND ROBBED IN EARLY HOUR SUNDAY.

POSTOFFICE SAFE BLOWN.

Sheriff D. B. Stafford received notification yesterday of a robbery in Gibsonville between 4 and 5 o'clock yesterday morning, when the store of H. S. Huffines, a general merchant, was entered, the safe blown and \$556 in money secured. It was also stated that the robber entered the building occupied by the postoffice, but he found no safe and nothing was bothered. Officers searched diligently yesterday for some clue as to the robber, or robbers, but without success. Greensboro Daily News.

If this money had been deposited in this STRONG BANK, Mr. Huffines would not have lost his money.

MANY KILLED IN SUBWAY SNOW HILL WOMAN DIES OF BURNS SAVING CHILD.

Dynamite Explosion Started Trouble—More Than Fifty Persons Were Seriously Injured.

New York, Sept. 22.—Two persons are known to be dead as the result of injuries received in a cave-in in Seventh avenue this morning. Fire Chief Kenyon said there might be twenty or more dead, but rescuers had not reached them.

New York, Sept. 22.—Seven persons were reported by police to have been killed and more than fifty others seriously injured today when a dynamite explosion in the new Seventh avenue subway caused a cave-in which engulfed a surface car.

The accident occurred shortly before 8 o'clock and more than half of the injured were women and girls on their way to work.

There were more than 78 passengers on the car when it dropped over fifty feet. Although the car remained upright it was partly buried under concrete, rails and earth.

GERMAN NOTE ON "ARABIC"

Washington, Sept. 22. (Special correspondence)—The complete text of the German note on the "Arabic" incident has reached here, and the "great diplomatic victory" which the Wilson administration has been claiming may now be seen in its real proportions.

Germany makes no disavowal of the deed, contends that the ship was sunk in self-defense, expresses regret that American lives were lost, emphatically refuses reparation, and finally tells Mr. Wilson that he may take his grievances and go to the Hague.

There is no expectation here that this sardonic communication will be rejected. The Administration has strenuously hailed the German position as a "diplomatic triumph" that it can hardly repudiate itself now. The fact is that America has gained nothing whatever from Germany despite the flowing rhetoric which has been streaming from the White House to Berlin. The Germans have not modified their undersea warfare to any appreciable extent; they have merely formulated a set of excuses which the Wilson Administration will have to accept, no matter how hollow they may be.

The truth is that the Administration got off on the wrong foot in these negotiations with Germany. The President did not know it. The now realizing their diplomatic import led him to employ what jurists have always regarded as the "fighting words" in international communications. "Strict accountability" and "deliberately unfriendly act" are phrases of this character—but the President did not know it. The now famous, or rather, notorious, "M. P." interview made that plain. A nation using such phrases must stand ready to make them good in action—by war, if necessary—or must eat humble pie.

Now the President has never dreamed of going to war. He is afraid of Germany and he thinks the country is afraid of Germany, too. He will accept anything that will enable him to claim even a show of success. His motto is: "Any port in a storm." Accordingly, some formula will be devised to help him to swallow the latest German note and he will hope that the people will forget the incident—or at least that they will come to regard it in the light of fictitious glory which the Administration press will seek to cast upon it.

But the people will not forget. They will remember that this President lectured the Germans as if they were a lot of college freshmen and that his bluff was called.

300,000 GERMANS PLAN TO PRESS INTO SERBIA.

Nish, Serbia, via Paris, Sept. 23.—The best information obtainable here is that there are 800,000 German troops available for an attempt to force a passage through Serbia. It is felt in Nish that this movement will be undertaken, although when it is not known.

The operations thus far indicates that the Teutons are feeling out the Serbian positions.

Snow Hill, Sept. 23.—Attempting to extinguish a blaze started when her 5-year-old son emptied a can of kerosene oil on the kitchen range, Mrs. Sam Cobb, of Maury, near here, received burns from which she died several hours later. The child also was burned slightly, but is expected to recover.

LUMBERTON YOUTH DIES AFTER EATING DINNER.

Lumberton, Sept. 23.—Guy Blake, sixteen years old, died very suddenly here this evening about 4 o'clock. He had returned from school in apparent good health, ate hearty dinner and went to work in the garden. Soon his mother heard him scream and upon going to the door saw him lying upon the ground. Upon going to him found life extinct.

The Allies are still hard at work trying to get the key out of Turkey with which to unlock the Dardanelles.

BOBBITT GIRL AND BASS FOUND GUILTY.

Jury in its Verdict Asks Mercy of Court on the Former.

We find both guilty and the jury asks the mercy of the court as to the girl," was the verdict returned last night about 9:4 o'clock against Bedie Bobbitt, a young white girl of Rougemont, and Sidney Bass, colored, arrested some time ago on the ground of alleged illicit relations. Deputy Clerk Vitruvius Royster received the verdict of the jury and the matter of judgment will be taken up when court convenes this morning.

The case against this girl and negro was perhaps, the most sensational tried in Wake Superior court in some time. Its trial yesterday afternoon, which began shortly after 2 o'clock and ended after dark with the speech by Attorney W. R. Jones, who defended the girl, was heard by a crowded court room.

In presenting the State's evidence to the jury, Solicitor Norris examined about 10 witnesses including Mayor M. J. Boling, Deputy Sheriff I. H. Wall, Policeman Miller and J. W. Lassiter of Apex; Mrs. Mattie Scoggins and Mr. Bun Goodwin, who live near Carpenter. The two defendants offered no evidence and neither took the stand, the State relying upon circumstantial evidence. Part of this testimony included a statement made by the negro, which was in the nature of an admission of certain charges.—News & Observer.

SAYS HIGHER INTEREST WILL RESULT FROM WAR.

Denver, Col., Sept. 22.—Higher average of rates of interest in the United States will be one of the inevitable results of the European war, in the opinion of former United States Senator Theodore E. Burton, of Ohio, principal speaker at the annual banquet of the Investment Bankers Association of America here tonight.

Senator Burton said the following results may be expected from the present war:

- "An enormous decrease in capital available for investment.
"Temporary shrinkage in the aggregate volume of commercial and industrial activities.
"Higher rates of interest and a greater degree of discrimination on the part of the investing public.
"Interest on high grade bonds probably will decline.
"Certain classes of domestic enterprises, including the building of electric railways and probably the building of steam railroads will experience a material decline."

Inasmuch as there are no federal officers in the way the Republicans ought to sweep the State next year. The people are now getting anxious for a change.

If the Republicans will get together and quit quarreling and fighting each other they can carry North Carolina next year. But it will take a united party.—Not a divided one.

ENROLLMENT AT SALEM COLLEGE OVER 500.

Completion of \$300,000 Endowment Fund is Announced.

Winston-Salem, N. C., Sept. 22.—The 114th annual session of Salem College, one of the South's oldest and best known female colleges, began here this morning with over 500 students enrolled. The occasion was featured by the announcement of the completion of the \$300,000 endowment fund. Immediately after the brief but appropriate exercises the students were assigned to their classrooms, and actual work for the new year began.

The freshman class this session is the largest in the history of the school. Every state south of Massachusetts, with the exception of Delaware, is represented in the 68 members of this class.

Tonight the student body met and put into operation the new students' self-government system, which was organized at the close of the last school year.

WHY THIS SILENCE?

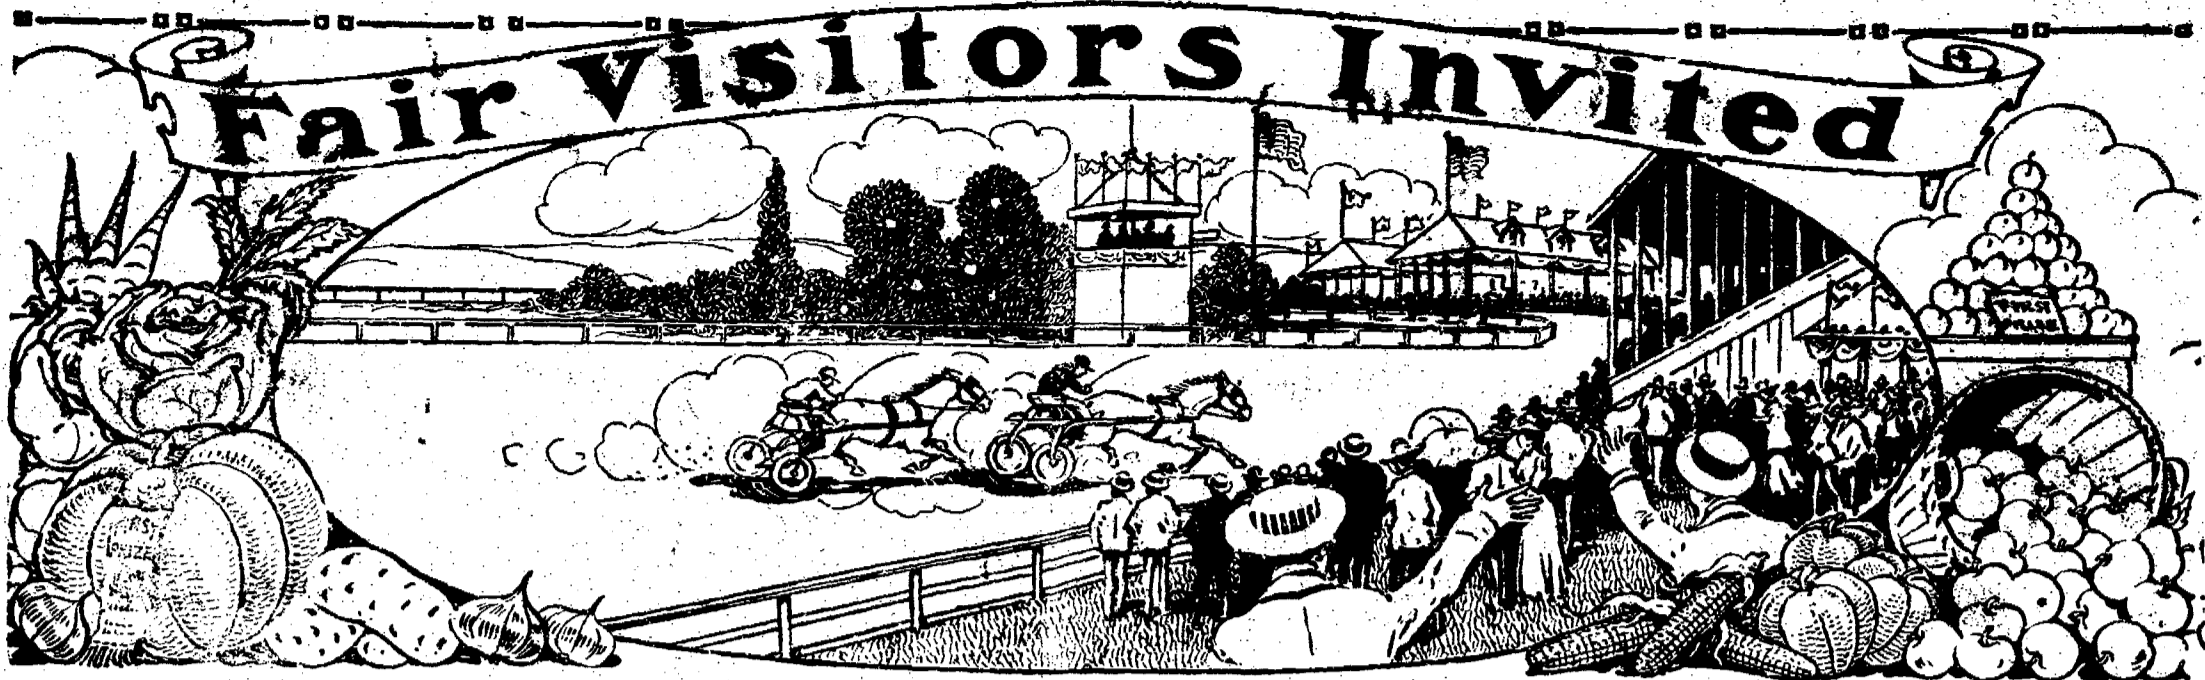

The silence of the Democratic press of this State on taxation is painful. Evidently some will try to make it appear that it is psychological. Let us glance at the reality. New taxes have been imposed by the national government in the way of an income and a war tax, and the latter in time of peace, while the State administration, after having instructed Tax Assessors in the various counties to increase valuations, and finding this not sufficient, to fill up the empty State coffers, made another increase through the Corporation Commission in some 79 or 80 counties of the State of from 2 to 20 per cent. And yet, we are told by this same party that the "war in Europe" is playing the devil with business and that times are close and the coat of living, by the way, has not been reduced as was promised when the Democratic party got into power. Truly, great is Democracy.—The Union Republican.

HASN'T MISSED IN FIVE YEARS.

For the first time in five years Mr. L. E. Whaley missed being present at the first Baptist Sunday School on the 6th inst. Mr. Whaley was at Hendersonville on that day, but went to the Baptist Sunday School at that place, so the First Baptist School voted yesterday that he had not really been absent from school. This is a record of which Mr. Whaley may feel justly proud.—Lumberman Robesonian.
